

Seniors Guests Here Tomorrow

Central Kansas High School Seniors Gather For Festival

Two Major Features

Tennis and Music Contests To Be Day's Highlights

Central Kansas high school seniors will gather in McPherson Saturday for the annual Senior festival at McPherson college, and college officials this morning said everything was in readiness for the big event.

Two of the highlights of the day will be a music contest in the college chapel and a tennis tournament. In the evening a banquet will be given in the basement of the First Church of the Brethren and an interesting program has been arranged.

Miss Jessie Brown, dean of music of the college, is in charge of the music contest, which will be held for juveniles and adults. Many entries have been received and many more are expected by the time of the deadline tomorrow evening. Tuitions in the college music department will be given the first, second and third place winners in piano, voice and violin. The music faculty of the college will act as the judges.

Coach "Buck" Astle is in charge of the tennis tournament, which each year has attracted many high school tennis players. The tournament will begin early Saturday morning and continue until completed sometime in the afternoon. Not many entries have yet been received and the coach fears that the list might be cut this year because of the fact that various big track meets and tennis tournaments are being held elsewhere over the state. Seniors as well as boys in the other three classes of high school are eligible for the tournament.

An interesting program has been arranged for the senior banquet Saturday evening. "Guides" have been selected to conduct student tours over the campus Saturday for the visiting seniors.

Flory Twins In Duo-Recital

Miss Vena Flory, violinist, and Miss Vena Flory, pianist, will present a public recital under the auspices of the Fine Arts Department of McPherson College, Friday evening, May 6.

An interesting repertoire has been planned and its interpretation will be given in the college chapel, at eight o'clock.

A bill which would ban "round dances" including the "big apple" and "truckin'" at Mississippi schools of higher learning has students at the University of Mississippi all riled up. Comment from rank and file students as well as student-body leaders heaped denunciation upon the bill.

W. A. A. Annual Formal Banquet Brings Successful Year To Close

The annual formal banquet of the Women's Athletic Association, which was held at the Hawley Roof Garden Wednesday night, brought the events of the year of this organization to a fitting climax. It is an old W. A. A. custom at this time of year for members, new members, and former members to meet on this occasion and celebrate together the passing of another successful year.

The basketball game (program) was started when Referee Marjory Flory blew her whistle and gave "The Tip Off." But the ball went out of bounds and Mrs. Becky Morrison, former member of the W. A. A., had to "throw in." Then from the rosters that were looking fit on this game, Mark Porter burst forth in a "Side Line Yell." The girls had been playing hard so "Time Out" was called while the Varsity Male Quartet entertained.

Little Dan Cupid Making Big Hits

Little Dan Cupid has been at work again—or is it still! At any rate McPherson College is living up to its name of a match factory.

The first to make public their intentions to wed were Betty Ruth and Fred who announced their engagement the day after Betty Ruth returned from the choir trip—maybe it was an instance of absence making the heart grow fonder!

Lacie and Ira Milton's engagement came as a pleasant surprise to most of the campus. Now Lacie will have an extra special reason for returning to M. C. frequently next year.

Another victory for cupid occurred Sunday morning when Charlotte Wolfe, sister of Mamie and Leland Miller, both former McPherson College students were married at the home of J. J. Yoder.

Here's health, wealth, and happiness to each of the above mentioned and here's to a bigger and better McPherson College match factory.

Last Rites Given Former Instructor

Dr. Elmer Craik Succumbs To Illness; J. J. Yoder In Charge of Services

Last rites were given Dr. Elmer LeRoy Craik, graduate and former instructor of history and language at McPherson College, at the Washington Creek church near Lawrence, Monday afternoon.

Craik entered college in the year 1907, and graduated in 1910. In the following September, he took charge of the department of Latin and German. A few years later he dropped the Greek and taught Latin and German.

Desiring further preparation, in 1915 Dr. Craik secured a leave of absence from McPherson College and entered the University of Kansas for two years of graduate study. By June, 1917, he had completed the requirements for the degree of Doctor of Philosophy.

Returning to McPherson in September 1917, he devoted himself solely to teaching History and political science. Later he did further graduate study at the University of Chicago, University of Edinburgh, Scotland, and at Cambridge University. In the fall of 1924 he went to Juniata College, Huntingdon, Pennsylvania, where he taught until two years ago when he resigned because of ill health. He died April 28th and services were in charge of Dr. J. J. Yoder.

Choral Club Gives Concert

The Choral Club presented its first concert, Sunday evening. This organization was under the direction of Prof. Loren B. Crawford.

This was the opening event in a series of musical programs given in observance of national music week.

S. C. M. Installs Elected Cabinet

Dr. Burton Metzler In Charge of Services; Chairman Appointed

Installation services for next year's S. C. M. cabinet members were conducted Tuesday morning during the S. C. M. period, in the Student Union Room.

Dr. Burton Metzler gave the charge of the S. C. M. to the new cabinet members who were seated in a semi-circle at the front of the room. As a pledge of their loyalty and service to the Student Christian Movement, the new cabinet members stood while they accepted the charge. Dr. Metzler gave the benediction and the entire assembly sang "Follow the Gleam" as a conclusion of the installation service.

The following people will compose the S. C. M. cabinet for the coming school year: Co-presidents, Luther Harshbarger and Vera Heckman; treasurer, Elmer Daddiman; secretary, Mary Elizabeth Hoover; co-program chairman, Gladys Shank and Raymond Flory; co-chairman of the Reinterpretation of Religion commission, Mary Elizabeth Hoover and Dwight Horner; Rural Life chairman, Don Newkirk and Esther Shery; World Cooperation chairman, Rosalie Fields and Addison Saathoff; co-chairmen of the Creative Leisure commission, LaVena High and Phil Myers; Personal and Family Relations co-chairmen, Opal Hoffman and Steven Stover. The social committee will be composed of Elma Minnick and Delbert Barley and the publicity committee will include Autumn Fields and Ira Milton Hoover.

Four Students To College Play Day

Three Schools Participate At Washburn College In Recreational Games

Four McPherson college co-ed recreational students, accompanied by Miss Warner, attended the Washburn college play day last Saturday. Those attending were Mary Richards, Marjorie Washler, Marjorie Flory, and Richard Van Vleet.

Kansas University, Wichita University, Washburn college, and McPherson college was represented in the various events, which included group sports in volleyball, deck tennis, and baseball and individual competition in ping-pong, tennis, and badminton.

This was the first co-educational recreation play day in the state and all the directors hope it will become a larger affair, next year.

Competition was by color teams. The color teams were red, blue, yellow, brown orange and purple. As each student registered he was given a color streamer indicating his team.

From 10:30 to 12:15 the teams competed in volleyball, deck tennis, and baseball. Golf was also in program but not a group sport. At 1:00 a picnic lunch was served in the Field House followed by introduction of schools represented, and sponsors. A small negro boy from the colored recreation group of Topeka rendered a musical number.

130 to 245 participants had their choice of individual sports as tennis, ping-pong, badminton, shuffleboard. Short round robin tournaments were conducted. Badminton was the most popular of these sports.

A Cappella Choir Concert

The A Cappella choir appeared in concert at the State Sunday School convention at Lyons the past evening. A large audience attended the program. Enthusiastic applauding assured the choir of another successful concert. Sunday evening this same organization presents a full evening's entertainment at Monitor church. This will be the last out-of-town performance.

Ballyhoosers In Great Form

In a sharp battle of words, three speakers yesterday morning went on the "stump" for their favorite candidates for the primary nomination of treasurer of the student council. Don Barngrover and Dan Zook, members of the "M" club, were the official paddler and time, respectively. John Bower, interspersing his speech with many quotations and handing "Barney" a cigar, extolled the virtues of an outstanding accounting student and understudy of Prof. Fries, Joelle Letkeman.

Dale Stucky, believing 19 hours of commerce and previous administrative experience were necessary qualifications of the candidate, submitted the name of Raymond Flory for the voters' consideration.

Dave McGill, with no hand-shaking or baby-kissing, presented a classmate, Stephen Stover, as a candidate for the office. As business manager of the Quadrangle and leader in high school and college, he believed Stover possessed ability for the position.

Eleven Teachers Placed By Bureau

Placement Of Teachers Moves Forward Under Guidance of Prof. Mohler

Through the McPherson college Placement Bureau eleven college teachers and graduates have been placed in positions, according to Dean R. E. Mohler.

Herbert Ikenberry obtained a music teaching position at Durham, Miss. Faitha Ketterman will teach English at Lorraine, Miss. Etta Nickel will teach the fifth and sixth grades at Alexander.

Don Barngrover will coach and teach manual training at Kipp, where Miss Estelle Baile will also teach English. Kurtis Naylor will coach and teach social sciences at Hollywood.

Miss Wanda Hoover, a graduate of last year who has been working on her master's degree in Iowa this year, will go to Bridgewater college as professor of home economics. Miss Genevieve Crist will teach English and dramatics at Gove, Miss Mildred Oberst will teach in McPherson county rural schools, and Miss Glee Goughnour will teach the fifth and sixth grades at Windom.

A Cappella Parades

Wednesday morning the McPherson College A Cappella Choir, directed by Nevin W. Fisher, presented a few of the songs they used on their recent tour. They were dressed as they appeared during the tour.

Juniors Brave Heat of Sun and Chilly Waters on Annual Retreat

"Pile in, and let's be gone" was the yell of we eager juniors last Thursday afternoon as we retreated from classes and school activities for the rest of that day and the next. And pile in we did. Oh, if the cops could have seen us then—'twould have been bad. But off we sped to our destination, Bennington Lake, where we played soft ball until eleven time. A few, including bathing beauty Larsen, took a plunge in the chilly waters of the lake. Larsen looked quite stunning in Miriam's green swimming suit, but lacked some of the necessary curves.

After a sumptuous supper some of us went a-boating across the calm waters of the peaceful lake. Ah, romance, but shucks—no moon. Ho, there Mr. Pelican, how about a ride? We took him back to camp, and had Phil give him a physical exam. Poor bird—a bad man with a gun had shot him. But Yoder got the bright idea that the pelican would look fine in the college museum.

The rest of the evening was spent

Visiting Choir Final Program

Hutchinson String Choir-To Be Presented At Brethren Church, Sunday

A. Watrous Conducts

Director Of Instrumental Music In Charge Of Program

Appearing in the final program on the National Music Week Celebration, the Hutchinson String Choir, under the direction of Alan Watrous, will present a concert of high class music at the First Church of the Brethren next Sunday night at 7:30. There will be no admission charge to this concert and the public is invited.

The Hutchinson String Choir is one of the finest organizations of its kind in the midwest. It has appeared in concert in McPherson before, having opened the Chamber Music Festival given in McPherson College last year. Its members are composed of students of the Hutchinson high school and junior college and a few others who are interested in playing in the group. The personnel, consisting of twenty-five violins, violas, and cellos, boasts of players who have gained considerable success in various contests throughout the state. Most of the members of the ensemble are also members of the Hutchinson high school orchestra which was given on a rating of Highly Superior at the Regional contest at Wichita.

As a special feature, the Hutchinson High School Horn Quartet will appear in one hour. This ensemble was rated as highly superior at the regional contest at Wichita and is a very fine musical group. As another attraction, Miss Ruth Yerkes, cellist, will appear as soloist. Miss Yerkes will be remembered by McPherson musicians for her outstanding work in the "Creation" accompanying orchestra last month. She received a rating of highly superior in the contest at Wichita.

The conductor of the choir, Alan Watrous, needs no introduction to McPherson. His ability as a conductor and musician of high rank was established when he appeared with the choir last year. Mr. Watrous is the Director of Instrumental Music in the city school of Hutchinson.

The program will consist of numbers by Handel, Vivaldi, Beethoven, and a very lovely arrangement of Stephen Foster melodies by W. B. Coburn. The choir will be entertained at the McPherson College girls dormitory for supper Sunday night.

Thirty-two students at the University of Nebraska are working their way through school by scraping bones of prehistoric animals for the university museum.

Very early next morning, cramped, cold, and bedraggled, the sleepers sought the camp fire and began to yell for breakfast. After bacon and eggs, a toad was made over to see the wonders of Rock City. Believe it or not, there are rocks in Kansas. Various other activities, including an exciting game of volleyball, filled the morning hours.

Immediately after dinner, most of the group returned to the college, but a few lingered on to go boating, swim and play some more ball.

Saturday—"There goes a junior. Look at that sunburn!"

The Senior and his Memories

Helen Eugenia Hogan. . . She is a member of the A Cappella Choir, the Pop Club, S. C. M., World Service, and several other organizations on the campus. Her major is in Home Economics and she is planning on teaching. Her home is in Missouri.

Herbert Alvin Ikenberry. . . "Ike" has been a member of the A Cappella Choir all four years, being one of three who have that distinction. His major is in Biology and he plans on teaching. He is a native Kansan.

Chester Johnson. . . "Chet" is another of our outstanding athletes. He has participated in football, basketball, and track but due to a knee injury gotten in football he has had to drop football and track the last two years. "Chet" has done great work in athletics in spite of this injury. His major is Industrial Arts and he is planning on teaching. His home is in McPherson.

Edward Samuel Jones. . . "Jonnie" is that brilliant red-headed lad known as the "King of Canton". His major is Chemistry and he is a member of the Chemistry Club, the Pop Club, and this year was Treasurer of the class. This is only Eddie's third year but by taking summer school he is going to graduate. He is going to continue his education next year at the Northwestern University Medical School and some day Edward is going to be a great doctor.

Alberta Keller. . . "Bertie" is about the fastest talker in the class of '38. Besides being an excellent debater she is one of the outstanding female athletes. Her major is History and she is going to teach. Alberta has been Dr. Bright's assistant in grading papers and keeping roll in his classes.

Lewellen D. Lloyd. . . "Lew" majored in Chemistry and is interested in chemical research. He is a member of the Chemistry Club and the S. C. M.

Edgar L. Mikow. . . Edgar's ma-

The Republican Daily & Weekly

Campus Chatter

by BETTY GAY

Between me and the printer it's no wonder my news is sometimes a little belated. However, I still must mention the grand recital given by the High sisters. It proved to be a most interesting one with such a combination. Evelyn, we still marveled at the rapidity of your fingers running over the Ivories.

The storm of Tuesday night provided a lot of excitement. The library students were worried as to the best way of getting home. Bob Frantz and Dwight fared quite well with the exception of the lights from a car that had been halted by the mud. Well, we're glad they are so economical and have such a high value attached to their trousers. Herbert Ikenberry sat on the library table when it began to rain so hard. I guess he wanted to keep his feet dry. Lamar and Marian had been

unable to secure seats at the same table earlier in the evening. However when the lightning flashed and the thunder roared he moved much closer. It hasn't been revealed which one of the two was scared.

The W. A. A. banquet was a snappy little affair. The program went off in tip-top speed and the whole thing was just long enough to be most enjoyable. LaVena, that reading was hard on you and us, too. Bertie and Rilla certainly furnished the proper audience inspiration. It was a delightful little after-dinner reading.

We're happy for Lucille and Ira Milton. It won't be long until such announcements will become a fad. Are there any speculations as to the next in line to follow the other ten happy and mutual promises?

Edith Gertrude Meyers. . . Gertrude has taken work at Bethany Biblical Seminary in Chicago. Her major is in Commerce and he is at present a salesman with the Equitable Life Assurance Society of the U. S. (how's that for a plug, Edgar?). He has taken some work at Kansas State and he plans to continue with the Equitable.

Taking Inventory of Candidates

It may take courage to say one still believes in democracy but we as students have the privilege of making it work on our campus. It's time for elections, and every student should exercise his right in choosing candidates capable and worthy of filling the student positions.

A humorist once remarked that a peculiarity of Mexican politics was that the candidates had to run both before and after the election. We place our faith in the intelligence, integrity, and good judgment of those we elect, without thought that they will betray the trust and be forced

to run after the election.

Now is the time for us to take an inventory of the possible candidates, weigh their qualities and make our choices. The success of the next school year depends in part upon the wisdom of our choices. It seems only logical that we should consult with those whom we nominate and obtain their consent to be a candidate. It is always one's right to say, "I do not choose to run."

Of course, we have our bally-hoo and fun before the primary, but it's to be forgotten at the polls.

Heavy Spending To Be Significant

Wichita, Kan.—One course in the everyday curricula of college students that is not neglected is sleep—and the average collegian sleeps 56 hours every week.

At least those are the facts determined by the University of Wichita education class of Dean L. Hekhuis.

"The tabulation showed," the survey report said, "that the persons working the most hours study the

most. One student who works 50 hours in a local dry goods store spends 26 hours in studying. On the other hand a girl sleeping 60 hours, does no outside work and studies but 16 hours.

Another conclusion drawn from the compilation was that the student who sleeps the least spends the most time studying.

Harold Ira Mohler. . . "Molly" is well designated as the "King of the campus". He has been outstanding in almost every activity of the College, and is one of those few in the class who have been in the A Cappella Choir all four years. He is also in "Who's Who". Besides A Cappella his main activities have been in dramatic and in S. C. M. As its president he has very capably led the class through a very successful year. We wish to congratulate "Molly". His major is History and he is planning on teaching.

Glen Merle McGonigle. . . "Mac" is a member of the A Cappella Choir and thearsity Men's Quartette. He

is one of the outstanding soloists in the school and has done much singing on deputation work. Glen's major is biology and he is planning on teaching.

Lloyd Donald Mochlman. . . Lloyd is a member of the S. C. M. and has participated in oratory. His major is in Biology. His home is near McPherson.

Horner says Amos Miller is studying to be a bachelor of divinity, but suggests it is useless activity for after he gets it he will not be one. Perhaps Amos hopes to become a master of "Divinity"—If so, I can tell him that too is a forlorn hope, for when he gets his degree he will find it to be the third degree. These engagements and announcements are coming so thick and fast it takes your breath away; apparently with the coming of the recession people have given up hope of becoming rich and have decided to try becoming happy instead. We are beginning to wonder who will be the next—I am looking for Billy Thompson to be sporting a diamond almost any day now. Yes, the bug seems to have bitten a good many, until it seems likely even Dr. Schwalm's suggested quarantine will not stop the epidemic. But there is one consoling thought, at least—very few of the afflicted will die from the attack, though they may die without having recovered from its effects, while quite a number will find themselves immunized against further attacks.

Small wonder we could not get into the North Central, for some of our profs are so veneered with culture they could not wait for the A Cappella singers to finish the last beautiful strains of their eulogues, but had to jump up and make a run for it to get out of the chapel first. But Prof. Metzler, at least, has some respect for his students, for the other day when he made an assignment he requested that someone inform Mr. Lloyd of it when he awoke. We are going right along in Philosophy of religion; I just solved the problem of evil, and now we are getting deeply into Heagen and/or Holl.

Yes, and we had quite a time in Roman History the other morning, too, with a little bit of Hebrew history brought in, which is perhaps

enough to say about that! We can say a little more, however, about the dinner at Dr. Bright's, where everyone's true nature was revealed, from his besetting sins to his political faith—Charley Nettleton being a man without a party. It was an occasion to be remembered long after Greece and Rome are decently forgotten.

I wasted two or three hours perusing Congressional Record about the mature deliberations of Congress on the momentous days when we were entering the war against Germany. For example, we find this bit of wisdom:

"Mr. Mann. Mr. Speaker, I ask unanimous consent to address the House for three minutes on a matter to which no one will take exception."

"The Speaker. The gentleman from Illinois asks unanimous consent to address the House on a matter that no one will take exception to. (Laughter.) Is there objection?"

"There was no objection." If all the words that are wasted in the record could be placed end to end in a straight line you would have to have the new 200 inch telescope to see half-way to the end of it. Those boys would not think of sinking a fifty dollar sew in a PWA lake without holding a congressional investigation and spending thirty thousand dollars, but they can send one hundred million people into war with only an afternoon's academic debate and two hundred pages of the Congressional Record. I guess I'll go to Congress, where you can say all you wish and someone else pays the bill.

The Choral Club concert was a big success, except for the announcement by Mr. Harshbarger. If his voice does not carry any better, than that at home, I'll bet I know who his boss is. Ho, Hum! How tempus fugit!

Canines Defeat Juco Trackmen

Hutchinson Junior College Bows Again To Red and White

Coach "Buck" Astle's college track team last week again defeated the Hutchinson Junior college track team 67.5 to 54.5 at Hutchinson. McPherson collected 7 firsts and the rivals 6, however, both teams had two men in a tie for first place in the pole vault.

Scoring heavily in all field events, except the javelin, as the Blue Dragons proved superior on the track, the Bulldogs were hard-pressed for the victory. The pole quarter-mile track was in fast condition, but the pits and runways were soft, preventing better marks in those events.

Highlight of the meet was Rollin Wanamaker's new school record high jump at 5 feet, 11 inches. The old record, one inch lower, was held jointly by Leonard Wiggins and Gerald Custer in 1933. Funk and Stauffer swept away Juco competitors to give McPherson a clear field in the high jump and Van Vleet, McGill and Voshell took charge of the broad jump.

Good marks were turned in by Tony Meyer on the discs at 121 feet, 1 inch; Caldwell on the high hurdles at 15.9 (New Juco record); Hargadine on the javelin at 181 feet, 11 inches (New Juco record); and Dickerson on the 440 at 53.

With firsts in the dashes and a lap in the mile relay for 11 1/4 points, Dickerson was high point man of the meet, closely followed by Porter, who accumulated 10 points in the mile and 850.

Install New Officers

Dean Ida Shockley Addresses Group At College Church

Installation for the new officers of the B. Y. P. D. was held at the church, Sunday evening. Vena Flory played an organ prelude, after which Elma Munnick read, "Be Strong," Frances Campbell sang, "Teach Us to Pray."

Miss Shockley, sponsor, challenged the group in a short talk, looking back over this year's accomplishments, and stressing the value of making plans for next year. She read a group of questions formulated by Dr. Kurtz, which were helpful for an individual check-up. The installation service, itself, was in the form of candle-lighting for the officers, after which the entire group formed a circle and sang "Follow the Glean." Dr. Metzler gave the closing consecration prayer.

The offering which was taken was sent to the General Conference Budget Fund. Announcement was made of the Southwest District B. Y. P. D. Conference at the East Wichita Church of the Brethren, May 7 and 8. Several students will be speakers of the conference.

Brass Choir Concert

Prof. Crawford Conducts Group; Crabb, Bandmaster

The McPherson department of music presented the Brass Choir under the direction of Professor Loren Crawford as conductor and Eugene Crabb as bandmaster, Sunday afternoon.

An appreciative audience listened to a varied program including solos, a number by the brass quartet and numbers by the entire choir.

This program was given as a part of the celebration of National Music Week which continues from May first to the eighth.

Bulldogs' Win From Bethel

McPherson College Wins By Score of 72 to 58 In Dual Meet

McPherson college defeated Bethel college Tuesday afternoon in a dual track meet at the local college field. High wind, showers and sickness among the athletes prevented any outstanding records on the part of either team.

The Bethel team accumulated eight firsts to seven for McPherson, however, the Bulldogs accounted for 72 points to 58 for the visitors from Newton.

Eric Frosen, Bethel, was high scorer of the meet with 16 1/4 points. He scored first in the high jump, javelin and broad jump. Mark Porter, McPherson, won firsts in the mile and 2-mile, and Joe Leikeman, also of McPherson, won firsts in the two hurdle events.

Good records were turned in by Russell, Bethel, who ran the 440-yard dash in 53 seconds. Porter, of the local team, ran the 2-mile in 10:22.9. Dan Zook, McPherson field entry, tossed the shot 39 feet three and one-fourth inches to capture first in the event.

Coach "Buck" Astle of the Bulldogs found a new discuss whirler in Dave McGill. The "Tennessee Terrier" tossed the plate 132 feet five inches. Meyer, Zook and McGill, all of McPherson, swept the field in this event.

Ratcliff, McPherson, was nosed out by Potter, Newton, in the century dash, which was timed at 10.7. Russell was very fast in the 220 and 440 and this fast had with the smooth stride brought much admiration from the track fans. Bower and Stover ran a very close finish in the 2-mile with Stover, McPherson, getting an edge for third place.

"Raw Materials In Peace and War" by Eugene Staley, discusses more in detail the problem of the accessibility of raw materials. It is a basic analysis and worth study and concentration. "Not a shift in boundaries but a lessening of the economic significance of boundaries is called for" says the author.

Tracksters To Sterling Relays

Coach "Buck" Astle Selects Nineteen Men To Uphold College Honors

On May 17 the McPherson college track team will enter the Sterling denominational Relays. Nineteen men are definitely on the list to make the trip and coach "Buck" Astle may add more entrants this morning.

A new feature of the relays this year is the 5000 meter steeple chase, in which Mark Porter is the Bulldog representative. Porter placed third in this event in the K. U. relays and is expected to make a good showing today.

The Sterling Chamber of Commerce is awarding special medals and trophies to victors in individual events and to winning college teams in the relays. Southwestern, McPherson, Kansas Wesleyan, Ottawa, Baker, College of Emporia, Bethany, Friends, Bethel and Sterling are the participating schools.

The following men will probably make the trip: Vernon Beckwith, 100 and 880 relay; George Toland, 100 and 880 relay; Elmer Ratzlaff, 100 and 880 relay; Joelle Letkeman, high hurdles and 880 relay; LeCoursne York, mile relay; Wesley DeCorney, mile relay; Rollin Wanamaker, high hurdles, high jump, mile relay, broad jump; Mark Porter, mile relay and steeple chase; Roy Robertson, sprint relay; Olan Nincehiser, mile relay and pole vault; Gordon Bower, 2-mile relay and distance medley; Bob Seldel, 2-mile relay and distance medley.

Glen Funk, pole vault, high jump, and javelin; Phil Davis, high jump; Herb Stauffer, high jump; Richard "Buckshot" Van Vleet, broad jump; Tony Voshell, broad jump, javelin, and discus; Dave "Tennessee Terrier" McGill, broad jump and discus; Dan Zook, shot and discus; Tony Meyer, shot and discus.

All broad jumpers will also enter the hop-step-and-jump event. Football men will enter the 440 relay and more 880 men will be used in the 2-mile and distance medley relays. The sprint relay includes the 440, 220, 250, and 880 while the distance medley is composed of the 400, 850, 1320, and mile runs.

Sterling Relays Forecast—
"Take it or leave it, here is our 'lineup' on the Sterling relays this afternoon.

Southwestern—Coach George Parker has a few dash men such as Bob Brown, who ran the 100 in 9.9, but the team lacks balance such as smaller schools have. May win a few points, but won't take too many events.

Ottawa—Our selection to win the meet. Well-balanced, especially on the track. O'Neal, Mattis, and Ramsey are the chief point-makers. Also strong on seconds and thirds.

C. of E.—With Marshall and George, distance men; Newland, shot put; Cliff Rock, broad jump; and Johnson, javelin, as the outstanding performers, the Presbys may spring several surprises.

Baker—K. Smith on the 440, Hersh on the high jump, and Bonebrake on pole vault will carry the Wildcat burden of the scoring.

Friends—Fairly good in the field, but rugged on the track. Like Southwestern, they may make a few points, but won't take too many events. McAdams, a negro, is the Quaker leader.

Bethel—Plenty of push with this lad Friesen leading, but they will be up against stiffer competition.

Sterling—May win their own meet with such men as Dill, Harris, Robinson, and Dunn. Coach Chrouser's spiked shoe artists will be on familiar ground and probably will pile up points.

Kansas Wesleyan—Not even considered, except for Watson, Chartier, and Morris (the coach). The Coyotes

Three Captains Picked By Club

Porter, McGill, and Wiegand Honored By Selection of Athletes.

Members of the McPherson College "M" club elected Dave "Tennessee Terrier" McGill, football captain; Bob Wiegand, basketball captain; and Mark Porter, track captain, at their annual banquet Saturday night, April 30. The "M" club is composed of college men who earn an athletic letter.

McGill, a sophomore, has earned two letters in football and basketball. As a regular end, he gained a position on the second all-conference team. Although bothered with many injuries, "Tennessee Terrier" was famous throughout the conference for vicious tackling and spectacular pass-snatching.

Wiegand, a junior, has earned three letters in football and two in basketball. He was an outstanding center early in the cage season, but he willingly shared his position with Tony Meyer, a more experienced cager, the last semester. Bob is one of the most popular athletes and he is an ardent enthusiast of the famous Bulldog "swing system".

Porter, a senior, has earned two McPherson letters in track and was unanimously elected captain for the past season. Mark holds the school record on the mile and 2-mile runs and he attended Independence Junior college before coming to McPherson.

With Dr. J. D. Bright, dean of the college, as the capable toastmaster, the banquet included speeches by retiring president Don Barngrover, Leonard Wiggins, president-elect Bob Wiegand, Bob Puckett, and Coach "Buck" Astle. A gridiron theme was used throughout the affair, in which special numbers were given by Rollin Wanamaker, cornet, Gladys Shank, and the McPherson college male quartet.

are too concerned about their next coach.

C. of E. Netmen Repeat

McPherson college's tennis team again dropped a 4 to 2 decision here yesterday afternoon to the visiting College of Emporia netters. Last month the Bulldogs were defeated by the same margin on the Presbys court.

In the singles matches, Don Barngrover was the sole McPherson victor, defeating Deputy 8-6, 5-7, 6-3. King, C. of E., trounced Crouse 6-2, 6-1; Gordon, C. of E., trimmed Rothrock 2-6, 6-0, 6-2; and Roy Maze, C. of E., defeated Yoder 9-7, 0-6, 6-3.

Rothrock and Barngrover won over King and Gordon 6-2, 8-6, and then Crouse and Yoder, McPherson, lost to Bumgartner and Deputy, 6-3, 6-0.

This afternoon on the local courts, the Bulldogs are playing the Bethel college racket swingers in the first competition between these two teams this season.

Three Presidents Elected

Minneapolis, Minn.—Three presidents elected in one year and still no president in office is the unique record of the University of Minnesota's Ringers Club. Elections have been held each quarter since last spring, and each time the new president failed to return to classes for the quarter that he was supposed to head the organization.

Junco Netmen Win

Avenging an earlier 5-2 defeat, the Hutchinson Junior college netsters swung through a 6 to 1 victory over the Bulldog racket swingers last week at Hutchinson. Ernest Reed, freshman, was the single McPherson victory by trouncing Bradley, 5-7, 6-2, 6-1.

Results of other matches: Sechler trimmed Barngrover, 6-3, 6-3; 6-1; Gordon, C. of E., 6-1, 6-1. Gormley triumphed over Stauffer, 6-4, 6-2; Barngrover and Yoder lost to Gormley and Atkinson, 4-6, 4-6; Sechler and Ferrell defeated Stauffer and Reed, 6-4, 6-1.
