### Bernhard M. Johanson

Bernhard M. Johanson entered McPherson College as a senior in the fall of 1945. His educational experience previous to this time has been completely in the realm of theology. North Park College, in Chicago, Illinois, was his first stop on the academic ladder. He graduated from this institution in June, 1941. Following this he entered the North Park Theological Seminary and graduated from that institution in June, 1945.

Mr. Johanson's first pastorate was in the New Gottland Covenant Church. His future plan is to continue in his capacity in that church. Congratulations Mr. Johanson. May you always find happiness in serving others.

### Franklin Hiebert

Lieutenant J. G. Franklin Hiebert, of the United States Coast Guard, returned to our fair campus second semester as a civilian. And to put it in his own words—he prefers civilian life.

Heibert started his college career way back in 1933 when he entered McPherson College as a freshman. His activities at that time included being a member of the A Cappella Choir and the Spectator staff. You'd never guess it by looking, but he also played the violin in the college orchestra. Heibert left his home town of McPherson, and went to Kansas University for further education.

In 1938 he answered the call of the wanderlust and took a trip around the world, with a college buddy. So you see, he led an interesting life.

To make things more interesting he married Elma Minnick, a graduate of McPherson College. This was followed by a venture in business, and enlistment in the US Coast Guard, in which he spent four years.

And here we are back again to his enrollment in McPherson College at the beginning of the present semester. Future plans for Mr. Heibert includes entering Law School in Chicago University. Needless to say, those of us who have heard his witty and quick dissertations in the class room, have no doubt of his ability to politics, if need be.

Congratulations, Heibert! May good fortune and good luck be yours in the years to come.

### Enrollment of Foreign Students Increases In United States

Collegeville, Penna.—(ACP)—The number of students from outside the United States who are enrolled in the higher education institutions of the country in 1945-46 total 10,445, according to the annual census made by the committee on Friendly Relation Among Foreign Students at Ursinus College. There are students found in every state of the Union, registered in 738 different institutions.

The country with the largest number is Canada with a total of 1,613, in contrast to 852 for 1944-45. China is second in rank, with

1,298, in comparison with 823 last year. There are students from a total of 99 different countries. Of the total of 10,341 received in time to separate by men and women there are 6,973 men and 3,368 women.

From Latin America have come 4,638 students, a marked increase over the previous year, and continuing a trend that became sharply evident during the war years. Now, however, with improved travel conditions, students from other parts of the globe are resuming well-beaten paths made by former generations. Many have arrived from Europe during a period too recent to be included in statistics for the current year.

In regard to distribution by states, New York leads with 1,051, California with 907, Michigan with 690, and Pennsylvania with 592.

All indications point to a marked increase of foreign students, subject to limitations of available housing and study facilities in over-crowded universities and colleges.

### Campus Interviews

By Chuck

As the end of the school year it is only natural for the students to turn their attention to the coming year and the plans that they have for that year. In other words they think about their lives, school life, bad life, good life, romance life, lab. life, sad life, glad life, etc. Therefore the question of this week is directed to a few of our number who will be back on the campus next year. "What are your greatest hopes for the next school year?"

An occupant of the third floor of the dormitory, Gordon (Jack) Reist stated that he was looking forward to "a great year in Athletics."

Anita Norlin, a friend of Metzler, stated, "Just to come back next year to 'really study'."

Miss Trowbridge pulled down her specs and said, "I am looking forward to my nurses training which starts next year."

John Sheets, somewhat baffled by the question, said, "I don't know."

"I'm looking forward to a big year next year," were the words of a gentleman, Paul Gerlach, as he spoke in a big, deep, bass voice.

A classic definition was forth coming from the gentleman of Idaho, Mr. Donald Keim, as he replied, "Looking forward to the pleasure of not having to take English over, I hope. Also will be looking forward to our big football season to see that everybody gets on the ball."

Miss Betty Lou Jamison, hurrying to Hess's classroom, laconically replied, "To come back to school."

Well, here are the answers that some give. Beckwith, Markham, Dittmars, and Dumond are looking forward to marriage in a backward sort of a way. Guess it is a good thing to look forward to the next school year with interest and a desire to do better.

Tom, Tom, the Piper's son Stole a pig and away he run. Tom was tall, and the pig was small, And all he got was one meat ball.

### The President's Corner

A major responsibility in the United States is to demonstrate both to ourselves and to other governments that democracy is worth saving and having.

The following is taken from a publication of Democracy In Action, Inc., Chicago, Illinois:

Democracy is more than a form of government. It is an attitude that expresses itself in a definite type of living. The continuation of democracy as a form of government is dependent upon the widespread adoption of the attitudes that develop personalities capable of supporting a democracy as a form of government is dependent upon the widespread adoption of the attitudes that develop personalities capable of supporting a democracy.

To be worthy of my heritage as an American, it is necessary for me to cultivate dynamic good will in every fibre of my being, in every relationship of my life, at home, at work, in my community, my church, my nation, and the world with all of its races and nationalities.

- 1. 'E Pluribus Unum' — Teamwork.
- 2. 'In God We Trust' — Our Source of Power.
- 3. 'Liberty' — Our Security and Happiness.

"The sum of the whole matter is this, that our civilization cannot survive materially unless it is redeemed spiritually. . . Shall we not earnestly cooperate to bring in the new day?" . . . Woodrow Wilson.

It is our firm conviction that every good American should take up the program of rebuilding America as a personal responsibility. It is only as we integrate our own personality with the will of God that our full power is released for constructive purposes.

### Deputation Team Travels In Southeastern Kansas

Two carloads of students left the campus Saturday afternoon enroute to southeastern Kansas where four churches were recipients of deputation programs, planned and presented by members of the SCA. Leaving McPherson about two the group arrived at the home of Reverend and Mrs. Loshbaugh in time for supper.

Saturday evening one group presented their program to the Scott Valley people. Sunday morning the two groups joined forces and traveled to Gravel Hill for the morning services. There they enjoyed a basket dinner before traveling another twenty miles to Verdigris where the evening's program was presented.

Those participating in the programs were the Kline Hall trio composed of Wainnie West, Dorothy Grove, and Margaret Beck-told, accompanied by Ronald

Moyer, Dr. Metzler, Claude and Janice Dadisman, Betty Kimmel, Nina Kagrice and Mary Beth Loshbaugh.

### SCA Program Is Given At Bethany

Students from the college presented a program before the Luther League at Bethany College last Thursday evening. Six students and Dr. Metzler made the trip to Lindsborg. The program was in return for the excellent program that Bethany gave here last winter.

A girls' quartet, composed of Rebecca Spear, Evelyn Metzger, Doris Coppock, and Esther Miller, sang several selections. Albrecht Druer's painting the "Praying Hands" was used as the theme for the worship service. Dr. Metzler spoke on the subject "Love of Friends." Sybil Miller accompanied the quartet on the piano and Robert Keim helped in the worship service.

### We Begin The Last Lap

There appears to be a spring slump on Mac campus. Evidence in support of this statement is to be seen in various activities on the campus. The gym usually a place of considerable activity is only frequented by a few "coke" hungry students. Spectator writers are beginning to cut down the length of their columns. Students are seen wandering around the campus with clear symptoms of spring fever. Ambition and vigorous activity appear to be at a minimum. A glance at the calendar reminds us, however, that the semester is not over. There are still three very important weeks of school left in this school year. We are entering the last lap of the school year; the race is not yet won. This is the most important lap in the race. Let us not falter, but sprint on until we reach the tape. Let us do justice to ourselves these next three weeks of school.

### Needed—An International Relations Club

We have a very attractive extra-curricular program on Mac campus a hurried glance at the program reveals to us the fact that there are organizations centered around music, dramatics, forensics, athletes, religion, recreation, student government, and science. All of these activities play an important part in the development of the individual.

However, we wonder whether the main area of our life today has not been missed. Perhaps it is important to learn to sing, or debate, or play basketball, but certainly in an atomic age it would appear that there should be an International Relations group on the campus. These are days when college students should be learning the technique of international cooperation, as well as being able to think internationally.

We have learned that isolationism is an impossible policy. Experience has taught us that nationalism is a costly policy. And now we turn toward internationalism, and yet we do little to prepare ourselves for this type of living.

### Hope For World Peace

When ACP was getting its start in 1921, young Ray Carey was doing a bang-up job as editor of the Southwestern Collegian, Winfield, Kans. Now, 25 years later as the Collegian celebrates its semicentennial, Dr. Raymond G. Carey, chairman of the division of social sciences at University of Denver, points out the all-impelling urgency of cultivating the science of human relationship through education.

Speaking on the Founders' day program he said, "The people of the United States are no more willing and ready than other people to take the step that alone has any possibility of assuring peace—the creation of a world union under a sovereign federal government."

The former Rhodes scholar explained that inevitably Russia and the other nations will provide themselves with atomic bombs and such bombs will be used if another war occurs.

To cultivate the ability of all people to live and work together in the same world, at peace, and cultivate it in time to avoid disaster, Dr. Carey believes that at least three gigantic programs of public education must be launched at once and carried on with all vigor by agencies of public education and information.

"These programs," said the professor, "are: 1. To merit and gain the confidence of other nations with whom we must live or die and to acquire for ourselves an understanding attitude toward these nations. 2. To inculcate a lively and sustained interest in the UNO . . . the step from which we must move toward a strong, durable world government. 3. To teach the necessity of a world government possessing the sovereign right and necessary police force to prevent any nation or combination of nations from making war on another."

Some of the implications of these programs for those who live and work in college education, he asserted, are: 1. Resignation of "learning for learning's sake"; acceptance of the necessity for education directed toward the understanding of those conditions and forces that make for disunity and between the United States and other countries. 2. The active participation of the college staff, students, publications in community education, through cooperation with the local papers, radio stations, churches, and clubs.

"Never have the college and the Collegian," declared Dr. Carey, "never have all means of publication education, faced a greater challenge or had a greater opportunity than in this present crisis of peace."

—Collegiate Press Review.

### WAA Banquet Is Tomorrow Night

The WAA will highlight the year's program with a banquet to be held tomorrow night. The banquet will climax a very active year for the Women's Athletic Association of McPherson College. The Blue Room of the Warren Hotel will be the setting for the banquet which will be held at seven o'clock.

Only the active members of the organization and their guests will be eligible to attend. To be eligible each girl was required to be active in at least one sport during the three seasons of the school year. This meant a minimum of three clubs for each girl. Most of the girls have done much more than this, being active in several clubs each season.

Annette Ronk, president of WAA this year, will be the toast mistress at the banquet. The highlights of the program will be the announcement of the officers for next year. At the WAA meeting on Tuesday the nominations and voting were held. Revoting was necessary for all offices but vice president. The two receiving the highest number of votes for the position of president were Eula Wolf and Leona Dell.

Those nominated for vice president were Elsie Schnorr, Roberta Mohler, and Eulalia Crist.

Betty Lou Jamison and Theda Flory received the greatest number of votes for the position of secretary so revoting was necessary. Revoting was held for the positions of treasurer and publicity chairman also. Arlene Rolfs and Mary Metzler were high for treasurer and Jane Bell and Ann Oberst for publicity chairman.

The results will be announced tomorrow night at the banquet.

### Piano And Voice Recitals Begin

Piano and voice recitals are taking the spotlight on the calendar for this last several weeks of school.

Lois Kauffman and Jo. B. Brooks will present a combined recital in the McPherson College Chapel Friday evening May 10. Miss Kauffman is piano student. Mrs. Herbert Wilkins will accompany Miss Kauffman in one selection.

Miss Brooks, soprano will be accompanied by her teacher, Professor Nevin W. Fisher.

May 7, is the date set for the Prentice-Murdock recital. Arlene Prentice, piano student is a sophomore as is Dorris Murdock, soprano. The piano-voice recital will be in the college chapel.

Jack DuBois, assistant piano instructor here at McPherson College, will present a piano recital on May 11. Mr. DuBois is also enrolled as a junior.

The Miller-Bailey recital is scheduled for the evening of May 17. Esther Miller, soprano, is a student of Professor Fisher.

Alice Ruth Bailey is a piano student of Miss Jessie Brown.

Miss Bailey and Miss Miller are sophomores.

#### A KISS IS:

- 1.—A noun because it is common and proper.
- 2.—An adverb because it modifies an act.
- 3.—A conjunction because it brings two together.
- 4.—An interjection because it shows feeling.
- 5.—A verb because it acts upon an object.

## LOOK'S RECORD REVIEW

### TOPS IN WAX—Love Me and I've Got The World On A String.

Woody Herman and the Herd, band poll winners of 1945, usher in their first pairing for the year with these titles. The former shows the great Herman trumpet section of Candoli, Berman, Hefti, Lewis, and Rogers in rare and frantic form. Gold Award winning "Flip" Phillips tenors through both sides, Frances Wayne sings *Love Me*, and Woody handles both vocals and the clarinet in the latter (Columbia).

### BOOGIE—Decca features the powerhouse trumpeting of "Little Jazz" by Roy Eldridge in a Buster Harding tune, *Little Jazz Boogie*. Dynamic Roy reaches for his bag of tricks in his trumpet rides and uses punching riffs, trills, and some stratospheric notes. His high ones into the fade-away are always exciting, and an Eldridge trademark. On the reverse he solos to the Gershwin oldie, *Embraceable You*.

### VOCAL STANDOUT—The "Voice" has a pair of winning titles—*Oh! What It Seemed To Be* and *Day By Day*. Both are sugary with sentiment in a strictly wistful vein. Frank Sinatra's handling of the lyrics, and backed on both sides by some truly fine orchestrating by Axel Stordahl, will make his fans shout with glee, and others, fans or not, nod with approval (Columbia).

Frank Sinatra

### Question Box

- Questions:
1. What man who helped the hungry in the last war traveled through war weary, starving countries a few weeks ago to investigate the European food conditions?
  2. How old is Mrs. Gilmer's (Dorothy Dix) famous column?
  3. What is the latest air travel convenience?
  4. What is happening to the weeds on the campus?
  5. On what day is graduation?

Answers:  
1. May 27, Monday.  
2. 50 years.  
3. Sky tel. McPherson will have one of the first in the country with cabins for air-planes.  
4. Going crazy, they have been sprayed with 2 D and are dying.  
5. I. Herbert Hoover.

### Women's Athletics

#### Softball

The softball club met last Thursday afternoon. About thirteen girls were present and all of them got a good share of exercise. We played a game of work-up and everyone got practice at all of the different positions. Sometimes the pitchers were a little wild and the catcher could not catch, but it was fun anyway.

## Bulldog Sportlights

By Bob

In this slack season at Mac College Bulldog sports enthusiasts are focusing their attention on the McPherson entry in the McPherson county baseball league. McPherson has to date played 2 games—last Sunday's game being the opening league game against the Swedes at Lindsborg. Two Bulldogs and an ex-Bulldog did the hurling chores for McPherson as McPherson hung up a 13 to 1 victory. Merle Finrock, the ex-Navy, ex-Castleton flash, set the Swedes down for 5 innings allowing them their only run. Paul Markham took over in the sixth, seventh and eighth frames and held Lindsborg scoreless. In the ninth Tony Voshell, an ex-Bulldog, set Lindsborg down in order to end the ball game. Other Bulldogs who contributed to the 13 to 1 downfall of the Swedes were Bobby Barr on first base, "Weasel" Krehbiel

on second, and Don Smith at the hot corner.

### Homecoming Is Oct. 15

Next year's Homecoming celebration will be held on October 15, according to an announcement made this week by Coach Hayden. Highlight will be a game with Kansas Wesleyan University.

Boy: "My car is out of gas. What'll I do now?"  
Girl: "How should I know, I've never been out with you before."
