Five different one-act plays will be staged in the college chapel three days next week. Four plays will be presented on Tuesday, Feb. 19; three will play Thursday, Feb. 21; and four will be given Friday, Feb. 22, at 8 p. m.

The following plays will be Tuesday night: "Minor Miracle," "Feast of the Holy Innocents," "Fog on the Valley," and "Sisters under the Skin." "Fog on the Valley," "Sisters under the Skin," and "The Twelve-Pound Look" will be given Thursday night.

On Friday night "Minor Miracle," "Feast of the Holy Innocents," "Sisters under the Skin," and "The Twelve-Pound Look" will be presented.

Students may attend the plays any two nights, but they must present their activity tickets to be punched.

The play "Sisters under the Skin" by Mae Howley Barry is a comedy concerning the escapades of the proprietor of "The Sandra Salon for Social Success" and four motley screwwomen who aspire to become ladies.

"The Twelve-Pound Look," a play by J. M. Harrie, shows how a man who is the picture of success is disappointed on his most glorious day, and a woman swaddled in luxury sees something she wants in a workingwoman.

"Fog on the Valley" by Verne Powers is the dramatic story of the bitterness of a woman between a boy and his step mother and the effects of the father's death.

"Minor Miracle" is an intense drama by Verne Powers, which displays the emotions and reactions of four men floundering on a raft in the ocean without food or water.

"The Feast of the Holy Innocents" by P. M. Isley concerns two maiden ladies who want to go to the city but will not admit it because they feel it is morally wrong. However, they receive the necessary excuse to go when they find out the Bishop is to be consecrated.

Summer Vacations

By Maurice Richards

Do you have your plans made for the summer? Have you ever wondered how you could be a great help to your fellow-man? Have you ever dreamed of seeing the world someday?

Now you can do it! Here is your chance of fulfilling your dreams. You will leave the United States at the great giant industrialism, New York City. From here you will travel by ship across that wild and unruly highway of the seas, the Atlantic Ocean, but you will be as safe as a baby in a cradle of man's might and ingenuity.

Landing upon the shores of our neighbor continent, Europe, you will travel by bus to the beautiful country side, at which you will spend five weeks of your vacation. Here you can get close to nature and the people of the other side of the world. Of course you will not spend all of your time in play. Here there is a child to comfort or feed. There is a house to help build. All around there are a thousand things to do, but you will be willing and happy to do them. You are serving your God, your self, and your brethren.

Work camps will have about 30 people, half of them women, with 50 percent between the ages of 15 and 30. If possible, 10 to 15 different nations with a many occupational and religious backgrounds will be represented as possible. In

Students Return From Capital

Returning to Mac campus this week from a trip to the nations capital are Carol Huffman, LaVon Widgren, D. A. Crist, Kenny Brown, and Loren Frantz. Besides these students, Eula Mae Murrey, Marjorie Scott, Harry K. Zeller, Frank McConigle, and five girls from Cottey College at Nevada, Mo., made the return trip home with the McPherson delegation.

The students spent from February 4-7 at the nations capital, and then traveled to United Nations at New York City.

While in Washington their main work was to attend the Political Youth Seminar. In addition to this, they spent much time lobbying the senators and representatives from Kansas, Missouri, and Colorado.

The leaders of the conference were A. Staffer Curry, Ed Crill, Letha Miller, and DeWitt Miller.

The conference had several outstanding sessions. One was the UCMY youth rally where the people were urged to join the call to United Christian Action. Tuesday evening Warren Mullen, who is from the Kiplinger Agency of news gave a speech on "A News Reporter Looks At The Washington Scene." LaVon Widgren was toastmaster for the occasion.

Other speeches of interest were those of Mrs. Staffer Curry, and Dr. Floyd Reddick, who is the assistant parliamentarian to the U. S. Senate.

Some of the interesting places visited were the Indian embassy, and the revival held by Billy Graham.

Other MacCollege graduates who attended the conference were LeRoy Doty, Kent Naylor, and Bill Albright.

Twenty-Six Students Retake English Test

Twenty-six students took the second English Proficiency Test Feb. 8. The test, given in the chemistry lecture room, was supervised by Dr. Maurice A. Hess.

Each examination is given two readings by the English department faculty members, Dr. Hess, Prof. Roy McAuley, Mrs. Una Yoder, and Miss Sarah May Yancil. Students are required to attend a conference with the assigned faculty member following the grading. A list of students may be found on the bulletin board.

The tests are required for graduation and are administered to juniors and seniors.

general one-third of the people will be from the country in which the camp is situated. One-third will be from the United States, with the remaining third from other countries.

Work camps will be held in Germany, Austria, Greece, and Italy. After the termination of the camp all workers will meet in some spot in Europe for a peace institute. After this will be an optional tour of Holland, Germany, Austria, Italy, and Switzerland. Part of the nights will be spent in the homes of the people along the way. When ever possible you will meet with groups of young people, exchanging ideas and worshipping together. Then you may attend the Brethren Annual Conference which will be held in Austria from August 18 to August 24.

Twelve weeks of sight-seeing, play and work, from June 8th to August 31, will cost you only \$750-\$800, including air travel one-way between Europe and America.

This is an excellent way of broadening your knowledge and appreciation of the way other people live and incidentally it may widen your appreciation for American life. For you that are planning to be married before June, the work-camp will make an excellent honeymoon.

'The Flame' To Be Shown Tuesday Night

According to the Christian Business Men's Committee of Hillsboro, McPherson, Kans., has been chosen for the Midwest area, "Premier Showing" of a Great Commission Film Production, "The Flame," Korea's untold story!

The sufferings and triumphs of first century Christians are revived in the 20th century! Whoever the light of the Gospel has penetrated into heathen lands, it has kindled a flame in human hearts which the blackest night of persecution cannot extinguish.

Everywhere one can hear Korean believers voicing Paul's triumphant statement: "But I would ye should understand, brethren, that the things which happen unto the furtherance of the gospel" (Philippians 1:12).

This "premier showing" together with Dr. Bob Pierce in person will appear in the McPherson City Auditorium on Tuesday night, February 19, at 7:30 o'clock under the auspices of Christian Business Men's Committees. Dr. Pierce, a personal friend of President Syman Rhee of Korea and Generalissimo and Madam Chung Ki Shek in Formosa, has spent most of his time the past seven years in missionary work in the Orient and is considered one of the best informed persons on general conditions in the Far East.

Travel Book Is Illustrated By Hershberger

"Middle East Sojourn" a travel book written by Samuel A. Yoder and illustrated by Prof. E. S. Hershberger, head of MacCollege Art Department, has recently been published by the Herald Press of Scottsdale, Pa.

Hershberger's pen and ink drawings are caricatures showing people of different cultures brought together in the eastern world, depicting their humor and their tragedy.

The setting of the book takes the reader from the western world to Calro, Ethiopia, along the Nile and through Europe. Before coming to McPherson College, Professor Hershberger taught six years in India.

The author, Samuel A. Yoder, a professor in the English department of Goshen College, Goshen, Ind., once attended Manchester College.

Since his book is the fruit of his foreign relief endeavors and experience in Egypt and Ethiopia it is a comment on modern history telling of relief work in a realistic light.

Peter J. Dyck of Moundridge, Kansas, wrote the introduction to the book.

How About Camping?

Would you like to have: a profitable experience before school next fall; a refreshing change of activity; a real service where the need is great; a fellowship with others with similar motivations? If so, I would suggest you consider spending next summer in a Brethren International Summer Service Project which is sponsored by the Brethren Service Commission.

These work camps will be held in Germany, Austria, Greece and Italy, and a peace institute will be held in some spot in Europe. The work camps will last only five weeks, but if you spend the full summer, it will take from June 8 to August 31.

The rest of the time will be spent going to and from Europe, a twenty-four day tour through Holland, Germany, Austria, Italy and Switzerland.

Anyone can go who is over age of eighteen if he or she is in good health, and has a desire to work with people.

The camps will be made up of a delegation of approximately thirty people, about half men and half women. Most of the delegation will be students. The thirty people will represent from eight to ten countries.

The cost of the summer will be approximately 750 to 800 dollars. This is a chance to get an education and serve at the same time. G. A. N.

GOD'S Living Letters

By Kirby Page

For sheer joy you can scarcely match the experience of St. Francis of Assisi. He enjoyed God and he enjoyed people. He was so grateful to God for his conversion and transformation that he never ceased from giving praise. He lived on this earth only forty-four years, from 1182 to 1226, but from the moment of his awakening to the drawing of his last breath, his words and his deeds were a continuing stream of thanksgiving.

Francis loved people, all kinds of people. He loved people with self-giving concern for them and with radiant satisfaction at being with them. His tender care of lepers fills one with awe at such deep compassion. Every beggar recognized as a holy temple of God, worthy to be treated with respect and reverence. He really loved his enemies, even when they abused him and pelted him with stones.

His love of nature has rarely been equaled. He entered into companionship with the birds and talked with them as with other friends. He gloried in flowers and in the moon and in the sun. Everywhere he found evidence of the outreaching, immeasurable love of God.

His life is a glowing illustration of the truth later expressed by Ralph Waldo Emerson: "Let me go where'er I will I hear a sky-born music still. It sounds from all things old, it sounds from all things young, from all that's fair, from all that's foul, peals out a cheerful song . . . In the darkest, meanest thing, there always, always something sings."

Because Francis enjoyed God and nature and people, he was extraordinarily free from selfishness. He was a genius of the spirit, a God-intoxicated troubadour, and one of the most Christlike of all followers of our Lord.

Thinking With The President

Student Government

Student Government at McPherson College, in my opinion, it is a must. It is as important as any single curriculum we have and probably much more important than most of them.

I would judge it more important in America, where we are hopeful pioneers in self government, that students learn how to operate a Democracy than that they learn mathematics, chemistry, sociology or any other division of higher learning. One of the last chances for students to learn the processes of Democratic government is in College. If they do not learn it there they cannot well set it in operation in our country when they are through college and become voting citizens in our government.

The only way college students can really learn self government is that they themselves operate the processes of self government. No amount of classroom instruction about Democracy can take the place of experience in Democracy.

We have self government at McPherson College. It is important that we keep it, that we chase from it whatever bugs remain in it and that it grow into the completest expression and fulfillment possible.

Last year was the initial year for our Student Court. It came face to face with some hard problems. They dealt mostly with pranks and thoughtlessness which resulted in property damages. The students accepted with respect the judgments of the court. It earned our respect and we gladly granted it respect.

This year the student court has had to face more difficult problems. Its judgement had to involve patterns of conduct which would not be evaluated the same way by all of the members of the student body or even by all of the members of the student court.

In coming to a decision the court was forced to base its judgement and sentenced not as much upon its own opinion concerning the value of a rule as upon the fact that there was a published rule and that the rule had been violated.

When probation is broken the court must act upon the breaking of probation and the seriousness of that rather than more than upon the manner in which probation is broken through the two of course are tied together. Breaking probation to a court cannot do other than entail serious consequences.

The student court as McPherson must be conscious of the fact that in every one of its acts it establishes a precedent since the court is new. It is my opinion that the court is working conscientiously; that its interests are for the good of the student body which is the college.

The Court has the endorsement and the support of the college administration. The administration wishes to keep hands off so that our government can be really self government.

The Court deserves the interest and the undergirding of all of us. If you feel inclined to be too vocally critical be careful; next year you may be on it!

Genius is only a superior power of seeing.—John Ruskin.

Social Welfare Extends Service To The Blind

The McPherson County Department of Social Welfare will offer a new program to extend their services to all visually handicapped and blind persons in the county.

Mrs. Haleda Kirkpatrick, field consultant for the State Division of Services for the Blind, is in McPherson this week helping this Dept. extend services to the blind. This is a new program in McPherson County, and its primary aim will be to bring services to all visually handicapped persons.

The state program has these legal functions: prevention of blindness, restoration of eyesight, and vocational rehabilitation.

The school children of McPherson County with serious visual difficulties can be aided by employing educational aids which will enable them to function more as children with normal sight.

College students whose vision is less than 20/200 with correction, are eligible to receive a reader's service, plus payment of tuition and fees.

Mrs. Kirkpatrick stated that under the medical care program, the state will pay for treatment and eye care, but they will not buy glasses for a person, unless glasses are part of the treatment.

void of sight to be considered blind."

An individual is considered blind if his vision is less than 20/200 with correction. This means this person would see at twenty feet what a normal person could see at a distance of two hundred feet.

Faculty members, future teachers, and alumni of McPherson College, as well as the entire community should be interested in this vital service. The welfare office needs the cooperation of everyone to locate the visual handicapped. They would like to have their services, which are available, known to the public. The entire area must realize the problems, and know what can be done for school-children and others of this community who are handicapped.

Those people who need services do not need to be financially indigent—the services are available for everyone needing them.

If you are visually handicapped or if you know persons who have restricted vision, you may contact Mr. William Harms, director of social welfare, at the McPherson County court house, phone 395.

Miss Ruth Peckover, former Macollege student has been employed by Mr. Harms in extending these services. She will be working in this field half-time and a social worker at the welfare office the remainder of the time.

At the close of the ceremony, the couple knelt while Mr. Wagoner sang "The Lord's Prayer."

Faculty Studies Attributes Of Christian Colleges

The Lilly Foundation has chosen McPherson College as one of 200 colleges to be studied in determining "What is a Christian College?"

Those to make the study here on Macampus are James Berkebile, chairman, Raymond Flory, Mary Fee, S. M. Dell, R. E. Mohler, and Pres. D. W. Bittinger.

Last year a study was made of 50 American colleges to determine "what is a Christian college?" The research was financed by the Lilly Foundation. Each college was studied thoroughly through careful examination of the curriculum, relationship of students and faculty, relationships between students, and a study of student organizations.

Last summer one person from each of these colleges met to compare notes. That group elected a smaller group to go to Berea College in Kentucky to set up a study to take in 200 more colleges to study this year.

This year Dean Berkebile will represent Maccollege in both the regional and national meetings. Maccollege will then be compared with the rest of the colleges studied to discover if it really is a Christian college and what it can do to improve along that line.

Zeller To Speak Feb. 19 On 'Lent'

Rev. Harry K. Zeller, Jr., will speak and lead a discussion on the subject, "Lent", at the weekly Student Ministers meeting, Tuesday, February 19, at 6:45 p. m.

Fifteen student ministers, two wives, and three guests were present at the Feb. 12 meeting that was held in Room 27 of Sharp Hall. President Desmond W. Bittinger spoke to the group and led a discussion on the problems of a minister in counselling couples before and after marriage.

Bulldogs Down Presbies 78 to 41

McPherson came back from a defeat early in the week to down the C. of E. Presbies 78 to 41. It was McPherson's game and all of the way with all of the 15 players available to "Woody" seeing action and 11 of them scoring.

The Presbies were weakened by the fact that three of their players quit school at the semester to transfer to other institutions. The Bulldogs hit 35 percent of their field goals while C. of E. hit only 26 percent.

Mac jumped to a 4-0 lead in the first two minutes and were never headed in the game. Loren made a free throw to end the scoring in the first and made the score 14-3. McPherson scored 20 points in the second quarter. Dale Carpenter personally scored 8 of those points. Dehlinger did his best to keep C. of E. in the game by also scoring 8 points. The half ended with Mac ahead 34-19.

McPherson had a fast 3 minutes at the start of the third quarter. "Red Dog" contributed two baskets and a free throw. "Chief" added a hook shot and a free throw, and Bill Moore made a tip in to make a total of 10 points in the three minutes. The quarter ended 59-30.

The "second five" started the fourth quarter. A combination of Carpenter, Jamison, and Bechtel added 4 points to the margin the six minutes that they were in. Then, with four minutes left, "Woody" put in the "third five." They made a creditable showing for themselves scoring 8 points in the short time that they were in. The final score was 78-41.

Dehlinger, the speedy little guard with a terrific hook shot, was high man for the game with 18 points. Smith and Carpenter tied for scoring honors for Mac with 13 points apiece.

Girls Beat Tabor

The girls' varsity basketball team remains undefeated after last Saturday's game at Tabor College. In the first game of the season, with the exception of a practice game with McPherson High girls, Macollege girls defeated Tabor to the tune of 32-26.

Macollege scoring was most active in the first quarter. Half-time score was 23-11 in favor of Macollege girls. Tabor girls were closer to their opponents at the close of the game than at any other point in the battle.

High point girl for the Bulldogs was Kathy McLeod, with 13 points. Marilee Grove added 11 points in, and Betty Jo Baker connected for 8 points.

Girls travelling to Tabor were: Rowena Merkey, Margaret Daggett, Eleanor Louthan, Esther Mohler, Ann Powell, Dolores Sigle, Marilee Grove, Betty Jo Baker, and Kathy McLeod. Each of the girls got to play part of the game.

Mac girls displayed a powerful defense. Only one girl received the four disqualifying fouls.

The next game for the girls is Feb. 20, 4:30 p. m., at Bethany the afternoon of the boys' varsity game.

A return game with Tabor will be played here March 1. Second team game will be at 2:30 and first team game at 4:00.

A game may be scheduled with Bethany this weekend.

Intramural Happenings

The league leaders both met their Waterloo during the past week. In the coastal league the Vet Jets outscored the previously undefeated Lazy Eight 39-36 in an overtime game. The game was tied at the end of the second, third, and fourth periods. McSpadden sparked the Vet Jets with 19 points. Neher, of the Lazy Eight was high for the game with 21 points.

The Rajahs handed the Raiders their first defeat last Feb. 6 in the Central League. The final score was 41 to 32. The Rajahs were without Loren Frantz, their leading scorer, but they more than made up for it with good teamwork. Price, of the Rajahs, was high man with 16 points.

The quality of refereeing seems to be a major topic of discussion among the various players of the teams this year. One team doesn't like one set of referees, another team doesn't like another set, and a few teams say that they don't like another set, and a few teams say they don't like any refs. Probably one of the main reasons for this continual and unnecessary griping is that the teams are very evenly matched and the games are won by a small margin. In the last week, for example, there were two overtime games. The refereeing this year actually has been on a high plane. I just wish that the players would remember that it is only a game and if the players made a few mistakes as the refs, there would be a lot better quality of basketball played.

Watch out for the Phys Ed. team. On the surface they don't look too impressive at the present time. They are just tied for third in the Coastal League with a mediocre 4-3 record; however, it needs to be taken into consideration that the Phys. Ed. team lost the first 3 games in a row before they found the formula to win. After these first 3 games, the Phys. Ed. team added two players. "Chuckles" Petefish and Willis Koehn, that has greatly added to their scoring power and all around balance.

Bulldogs Travel East For Games

McPherson's conference hopes are with the Bulldogs tonight and Saturday night on their two-day road trip. The Bulldogs left today for Baldwin where they will meet Baker tonight.

After the game, they will journey to Ottawa for Saturday night's game. These two games will just about determine Mac's chances in the Kansas Conference. At the moment McPherson is in second with a five won two lost record.

A clean sweep for Mac will deadlock them for the lead with Ottawa. A split, losing to Baker and beating Ottawa, would still give them a good chance to finish in first place in the K. C. C. Any other combination is almost sure to place the Bulldogs down in the final standings.

Baker is expected to field the same team that they have all season. Featuring their attack will be All-Conference center Sterns who is the leading scorer in the Kansas Conference.

Ottawa will feature a two-pronged attack that administered one of McPherson's two conference defeats earlier in the season. The players to watch will be Geise and Brandon, who are both in the leading 10 scorers of the conference.

McPherson will still have two conference games after this weekend to help determine the final standings. * Next Wednesday Mac journeys to Swede territory at Lindsay. The Swedes will be out to avenge the 62-44 drubbing that the Bulldogs dished out to them down here.

The night of Feb. 26 ends the '51-'52 cage season for Mac, with a conference game at McPherson's high school gym against Baker.
