Students Should Apply For Selective Service Test

According to J. E. Terral, director of the administration, all eligible students who intend to take the Selective Service College Qualification Test in 1952 should file applications at once for the April 24 administration. Selective Service National Headquarters advised today.

An application and a bulletin of information may be obtained at any Selective Service local board. Following instructions in the bulletin, the student should fill out his application immediately and mail it in the special envelope provided. Applications must be postmarked no later than midnight, March 10, 1952. Early filing will be greatly to the student's advantage.

Results will be reported to the student's Selective Service local board of jurisdiction for use in considering his deferment as a student, according to Educational Testing Service, which prepares and administers the College Qualification Test.

Keim Speaks In Chapel

Richard Keim, MacCollege trustee from Nampa, Idaho, spoke in chapel Feb. 20. He stated that people move in one direction or another at a time but they must choose what their destination will be. He used the illustration of Lot who chose the fertile valley and was later destroyed.

"It is better to fall in a cause that will succeed rather than to succeed in a cause that will fail," he quoted.

International Observance For Gideons Day

Last Sunday, February 17, an International Gideons Day was observed by all of the churches in McPherson. In the Church of the Brethren, the program was presented by seven delegates from Buhler, Kansas. The members of the Henry Pelton of Denver, Colorado. He is an International Trustee of the Gideons.

The Gideons take their name from the Old Testament story of Gideon. The organization was started by two traveling salesmen in 1899. They now are world wide in scope, with members in 58 countries. Their membership in the United States and Canada is 15,000; however as Mr. Pelton pointed out, they are living in the Book of Acts, not in the Book of Numbers.

The Gideons are an organization of Christian businessmen that are interested in spreading the Gospel. They direct their efforts to distributing Testaments and Bibles. They have given over 12 million Testaments including the Psalms to the armed forces. Over 6 million copies of a special youth Testament have been given to youths in the United States and abroad. Over 3 million Bible have been placed in motels and hotels.

They have also given over 12 million copies of a light-weight Testament have been ordered for placing in hospitals. The "Wives of the Gideons", an auxiliary organization, have placed over 475 thousand Testaments in the hands of nurses. Twenty thousand Testaments written in Chinese have been given to the Nationalist army. Forty thousand Testaments in Japanese have been ordered for Japan.

The Gideons are carrying out a broad ministry which no single denomination could undertake. Being interdenominational gives them the access to all institutions. They give freely of their time and money. They are the largest buyers of Bibles and Testaments in the world. Scriptures are bought with their own free-will contributions together with the free-will contributions of Christian people of many different churches.

Hershey Clarifies Draft Law

According to the information received from the Associated College Press, Major General Lewis B. Hershey, director of selective service, last week issued a statement clarifying the draft law, complete with 1951 amendments, as it pertains to college students. Here, briefly, is how things stand: There will be no more postponements, only deferments. That is, students who get called for induction will be deferred until the end of the academic year. But students in this situation are granted only one deferment—after that they must enter the service.

General Hershey says a student who gets his induction orders should not get panicky. All he has to do is to ask his dean to tell him the local board that he (the student) is doing satisfactory work, and that this work began before he got his induction notice. One thing that should be remembered is that enrollment, acceptance and registration do not count. The important thing is actual attendance at classes.

The classification described above is called I-S. There is also a 2-S classification. This deferment may be renewed each year, thus permitting the student to finish college before "going in." A 1-S deferment, on the other hand, is a "one year" deal.

A 2-S deferment may be obtained. Getting a score of 70 or better on the selective service college qualification test helps a lot. So does being in the upper portion of the class. Draft boards take both these points into account when passing out classifications.

General Hershey says students who meet one or both of these qualifications can appeal to their state appeal board, if they do not get a 2-S rating. Furthermore, 1-S deferments may be switched, in some cases, to 2-S at the end of an academic year.

A student may also still enlist as the Army, Navy, and Air Force have agreed not to accept any man for enlistment after he has been called for his pre-induction physical. Most students, says Hershey, completing their academic year in 1952 will have ample opportunity to join the service of their choice.

MacRae Art Is In Library

On display in the library is the art work of the noted Emma Fordyce MacRae. These pictures will remain in the library until Monday, Feb. 25.

The artist is a native of Austria and appeared in Who's Who in 1944. In 1941 she was chosen as one of the ten top women artists.

As stated in the New York Times, Mrs. MacRae's work "testifies to a talent matured and disciplined and rich in reserve. The singleness of her vision becomes a general purpose table, two air hose nozzles and a number of spacers and other miscellaneous items.

In evidence of the fine work that can be turned out of the wood working department, your attention is called to the walnut desk that has been placed in the library. This fine piece of furniture was built by Don Thralls. It is for his sister, he says. Hmmm. I wonder! Professor Dell reports there are many pieces of furniture made for sisters. There seems to be a good supply of sisters in these parts. Or could it be girl friends?

Livestock Judging Class Goes On Field Trip

Prof. Guy Hayes's Livestock Judging Class went on a field trip Monday, Feb. 18.

Those making the trip were Irvin Porter, Don Thralls, Herb Edmonds, Dee Shank, Glen Nicholson, Eldon Coffman, Bill Frantz, Joe Bukey, Jack Kough and Guy Hayes.

Doris Coppock Is Chairman of Party

The program will consist of skits entirely written and dramatized by the faculty. The skits will depict scenes from the observance of leap year from the caveman era up to the present time. Faculty members will assume the roles such as a cavewoman, or a desigining Roman woman.

Doris Coppock is chairman of the party and working with her will be the following committees, as well as the entire faculty: Program—Arlene Kough, chairman, Coach "Woody", Miss Edna Neher, and Paul Sollenberger.

Reverments—Betty Byers, chairman, Virginia Royer, Gordon Yoder, and E. S. Herabberger.

Decorations—Guy Hayes, Dick Wareham, Mrs. Glee Yoder, Alvin Williams, and E. S. Herabberger.

This formal party will be similar to the formal party given last year for the students, in which the faculty "really let their hair down."

Woodworkers Make Desks For Sisters?

GOD'S Living Letters

Abraham Lincoln had the reputation of being the best story-teller of his day. He was never at a loss for an appropriate anecdote and was always ready with a joke. One reason is found in the fact that by nature he was sad and melancholy, and with him humor was a means of release and relaxation.

Once at the Hotel Astor where the bill of fare was printed in French, Lincoln without hesitation called for a sine qua non of beans and an ipsedixit of pork. Concerning a voluminous paper submitted to him, he said: "It's like the lazy preacher that used to write long sermons, and the explanation was, he got to writin' and was too lazy to stop."

He once told of the preacher who in a sermon asserted that while our Savior was the only perfect man, there is no record of a perfect woman, whereupon he was interrupted, "I know a perfect woman." "Who was she?" asked the minister. "My husband's first wife," came the reply. Lincoln once illustrated a point by reference to a boy who was riding a horse for sale and when asked if the horse had splinters answered: "Well, mister, if it's good for him he has got it, but if it ain't good for him he hasn't."

An experience reminded him of the member of a delegation visiting the state penitentiary who got separated from his party and could not find his way out. Seeing a convict in a cell, he asked the prisoner, "Say! How do you get out of this place?"

The burden of his office sometimes seemed unbearable. "Lincoln felt as though 'history had ordered him to straddle a cyclone and ride it if he could.'" He once told a general: "If to be the head of Hell is as hard as what I have to undergo here, I could find it in my heart to pity Satan himself." When reproached because he told a funny story in a time of serious crisis, the President replied: "If I couldn't tell these stories, I would die."

The Scout Says You're Well Off

Says the Feb. 1 edition of The Juniatian, official college paper of Juniatia College, Huntingdon, Pa., "The average JC student can usually find a variety of things to complain about."

"But you really are pretty well off. The following gems were gleaned from the 1924-25 edition of The Scout, Juniatia's hand book."

1. Young men and women may associate after lunch until 1:15 p. m., from 4:15 to 6 p. m., and in the designated season after dinner in the Social Rooms until study hours.

2. Women may be permitted to go auto-riding with men in the afternoon with an authorized chaperone, who must be approved by the President or Dean of Women.

3. If you smoke, chew, dance, or play cards, just cease the habit during your stay here—or it may be a short stay.

Library Buys Fiction With Fines

Fiction was included in the group of recent additions to the college library. Miss Virginia Harris, librarian, stated that these novels were purchased with money collected from fines on overdues. Most additions to the library are purchased with funds from the general college budget.

Miss Harris explained that the college library orders little fiction as the books added are mainly ones recommended by the professors. However, some recreational reading is ordered for the students' enjoyment.

The novels added are by such authors as Louis Bromfield, Sinclair Lewis, Mary Ellen Chase and James Matthew Barrie.

At irregular intervals the college library lists the books which have been added. Fifty-one books, scattered through all ten sections of the Dewey Classification, were on the list compiled Feb. 6.

Thinking With The President

Sportsmanship

The students of McPherson College have brought satisfaction to themselves, to the college faculty and administration, and to the city of McPherson by their sportsmanlike conduct at athletic contests this year.

I believe our players have been able to play better because they knew the student body would not embarrass them by unsportsmanlike booing and yelling even though a mistake seemed to be made by the referees in calling the plays.

The cheerleaders are to be commended for the enthusiasm with which they have led the student body. They kept an eye on the sportsmanship of all of us and if we seemed to deviate from noble behavior they undertook to see us right. They deserve our thanks.

In a certain high school this year a new method was tried to lift up the importance of sportsmanship. A large clock was arranged on the wall and between quarters referees and other officials of the game determined what the sportsmanship of the players had been. They listed it as absent, poor, fair, good, excellent, or 100 percent. The hands of the clock were set so the audience could see the estimation of the referees concerning the sportsmanship of the players.

This would have been even more valid if the clock had represented the behavior of the cheering sections of the two schools involved. The officials or some impartial judge could have rated the schools on sportsmanship manifested by the cheering sections.

Intercollegiate athletics can be lots of fun and can have carry over values if we can learn how to play hard-fought games with even emotions. Thus we can learn how to face hard problems later in life and still keep ourselves under control. This is a valuable lesson. McPherson College is to be congratulated upon the sportsmanship of her players and her student body.

Frantz Speaks In Chapel

Earl Frantz, public relations, spoke in chapel Feb. 18 concerning the lighter side of the life in the parsonage. He stated that people come from all over to see the preacher that someone else told them about. "And they know you will be disappointed if they don't stay and use your beds and eat your food." Then there are the people who come in the middle of the night to get married.

Rev. Frantz stated that one day included a golden wedding anniversary, a funeral, wedding and a young people's party.

ABC Broadcasts Strauss' Elektra

Elektra, with music by Richard Strauss, will be presented by the Metropolitan Opera Company Saturday afternoon, Feb. 23, over the American Broadcasting Company network. Broadcast time is 1 p. m. CST.

Astrid Varnay, soprano from Stockholm, Sweden, will sing the tragic role of Elektra.

The story of the opera is based on the Greek tragedies of the fifth century B. C., which center about the family of Agamemnon, one of the Greek warrior kings in the Trojan war.

Because Elektra's mother, Clytemnestra had been false to her husband, Agamemnon, and had plotted his murder with her paramour, Aegistheus, Elektra swore revenge against Aegistheus. Orestes, the brother of Elektra, assisted her in her plans for revenge.

Current issues of Opera News, published by the Metropolitan Opera Guild, are being donated to the college library. This magazine carries articles about each Saturday's broadcast, the participating artists, the stage settings, and the composers.

School Buys More Dishes; Helps To Relieve Faculty From Party Dishwashing

A new crystal punch bowl and ladle and two large crystal plates have been added to the college's equipment for all-school functions. The Social Committee is in charge of the crystal, silver, china, and glassware for use at socials.

The new punch bowl matches the one which the school has had. It will be used for the first time at the all-school formal Saturday night.

Members of the Women's Council expressed the need for two punch bowls last fall when they were planning the tea for the Big and Little Sisters.

The bowl was purchased with money from the activity fund allocated to the Social Committee by the Student Council.

The Woman's Council is considering purchasing more small glass plates as part of their project again this year.

Members of the faculty pointed out that they have been kept busy washing dishes during the serving at such functions as the faculty reception in fall and the all-school formal in the spring because of the small supply of glass plates.

Members of the Social Committee are Jake Shoaff, chairman, Peggy Sargent, Ina Dittmar, Elsie Kindley, Glendon Button, Dick Wareham, and Sarah May Vanell.

Chorus Will Appear At Community Building

McPherson County Home Demonstration Chorus will appear at 2:30 p. m., Sunday, Feb. 24, at the Community Building.

Bulldogs Split Eastern Games

Lose To Ottawa By Tune Of 71-69

An out-scored but never out-fought McPherson team lost its third conference game last Saturday night against Ottawa 71-69. Both teams made the same number of field goals, but Ottawa converted 19 out of 33 free throws, while the Bulldogs made 17 for 23 to give Ottawa their winning margin.

McPherson had three of its players foul out in the hectic final minutes while trying to steal the ball to tie the game. The pace started fast and furious. Giese controlled the opening tipoff, and Ottawa quickly scored on a long shot by Brandon. Loren made a jump shot to even the score. Harrod, of Ottawa, made a lay up, and then "Chief" tied the score when he sank a long shot.

There had been a total of four shots attempted in this first minute of play, and every shot swished the net. The score was tied four times during the first quarter. The quarter ended with Mac leading 17-15.

The second quarter saw Giese make eight points, but Dale Carpenter kept McPherson in the game by personally accounting for seven points. At one time Ottawa scored eight points while the Bulldogs were scoreless. With two minutes left in the half, McPherson missed its first free throw. Previous to that "Woody's" boys had made eight free throws in a row. The score ended at the half in favor of Ottawa 36-33.

Mac quickly tied the score up at the beginning of the third quarter on a hook shot and a free throw by Bill Moore; however Ottawa then found the range and moved out to the greatest lead of the game, nine points, with five minutes left in the quarter. Mac then started to decrease that lead and to try to pull another game from the brink of defeat. The quarter ended with Ottawa still leading 52-49.

In the fourth quarter, first one player and then another tried to put Mac into the lead. Whitley was the first to try it when he made two of his famous shots in the period of a minute. Then "Red Dog" added two baskets only to have to leave the game on fouls. Lastly Bob Bechtel and Wayne Blickenstaff combined to make five baskets, three of which were Bechtel's, to end the scoring and leave Ottawa in the lead 71-69.

Gene Smith played a superb game under both baskets. Time after time he captured rebounds while surrounded by players 8-10 inches taller than he.

Loren Blickenstaff broke a 21 year old school record when he boosted his season's total points to 258. The previous season's high was made in 1928 by Melvin Miller, who scored 292 points in one season. Loren still has 2 games to go to increase his total. Giese of Ottawa was high scorer for both teams with 21 points. Loren Blickenstaff and Bob Bechtel were tied for McPherson's lead with 13 points apiece.

Win From Baker In Overtime

McPherson valiantly fought back from the brink of defeat in the closing minutes of the game to tie the game at the end of the regular period 46 all. Then the Bulldogs swamped Baker to win in an overtime 58-53.

The lead changed hands 4 times in the first quarter. At no time was either team ahead more than two points in that quarter. Sterns started the scoring with a tip in. Loren countered with a long shot.

Steele, for Baker, scored with second left to put Baker ahead until the closing minutes of the game and made the score 14-12 in favor of Baker at the quarter.

Bechtel scored six points in the second quarter, but it wasn't enough to keep Baker from increasing their lead to 27-22 at the half. One of the reasons for this was that Sterns also made 6 points.

With two minutes gone in the third quarter, "Chief" sank a free throw to make the score 31-25. He then added a shot from the side, and Dale Carpenter made one out front to make the score 31-29; however, Baker again increased the lead, and the third quarter ended 36-31.

Girls Defeat Bethany 33-20

Macollege girls handed a 33-20 defeat to Bethany girls on the local basketball court last Saturday afternoon.

Marilee Grove led Mac scoring with 18 points, all from field goals. Kathy McLeod was held far below her usual scoring ratio by good blocking. Although she scored only 2 points, she made an excellent show at rebounding.

Phyllis Bowman hit the basket for 6 points; Dolores Sigle added

5, and Ann Powell contributed 2. Guards, Rowena Merkey, Eleanor Louthan, Bertha Landis, Adalu Carpenter, and Rowan Keim, held out well against the taller Bethany forwards. Keim held down Bethany's scoring ace despite a distinct disadvantage in height.

Bob Wilson and Florence Hale officiated the game. Score was kept by Barbara Berry.

Mac girls played the Bethany team again Wednesday afternoon preceding the boy's varsity games. Next regular scheduled game is with Tabor on March 1 on the home court.

To his credit, "Red Dog" was high for McPherson with 15.

Bulldogs Defeat Friends 100-50

The Bulldogs overwhelmed an outclassed Friend's team Feb. 13, 100-50. All 14 players on "Woody's" team saw action, and 13 of them scored at least one point. Wayne Blickenstaff was unable to play because the doctor thought he might have had appendicitis. The Bulldogs made 52 percent of their shots from the field the first half and 43 percent for the whole game.

Hapner, of Friends, drew first blood in the game with a free throw. Friend's joy was short-lived as Mac made three quick field goals to put them ahead 6-1 and into a lead that they never relinquished. In the first quarter Loren Blickenstaff made four field goals and two free throws to help give McPherson a 23-12 first quarter lead.

McPherson really started to roll in the second quarter. With three minutes gone in the quarter, and the score 32-13 "Woody" put in his "second five". Spearheaded by Carpenter and Bechtel the score quickly changed from 36-15 to 51-15. The quarter ended with the Bulldogs in the lead 51-16.

In the third quarter the same "second five" again went to work on setting a new scoring record for one game. Whitley, the deadly freshman long shot artist, sunk five baskets from a variety of places on the floor. After Bob Bechtel fouled out, with five minutes left in the quarter, Carl Metsker went in at center and

added three field goals of his own. The score at the end of the quarter was 79-32.

The "third five" played the final quarter and even they outscored Friends. Bob Peel put himself among the scoring leaders of the evening in just one quarter by making five shots from the field and a charity shot to give him 11 points for the evening. If the crowd were to pass out a laurel for their favorite player, after the game, it wouldn't have gone to any of the above mentioned players. Instead all the praise would have to go to Eddie Ball, who sank the basket that gave McPherson 100 points. The game ended with the score 100-50.

The Bulldogs broke at least two records in their victory against Friends and probably broke more. The previous high total that any McPherson team had scored in one game was 88 points in 1913 against Wichita. This was one of the oldest records in the book. The game also broke the record for total points scored by both teams. The previous high was the 140 points scored earlier this year against K. W. U.

One record probably broken was the greatest number of field goals made by McPherson in any game. This isn't for sure because there hasn't been any previous accounting of the number of field goals scored in any game.

Jones of Friends was high scorer for both teams with 23 points
