

Let's Require Attendance

After reading the various ideas presented about required class attendance, I would like to present an idea in favor of class attendance.

I have observed some of the grades and feel that those who seem are at the bottom of the grade list have most absences. They are unable to pick up the material from reading and would, therefore, profit by class discussion.

I also feel a greater variety of ideas and philosophies could be attained by attending class.

If we were to pattern after the

progressive school, there would be no second chance. When you fail in a progressive school, you are gently but firmly removed.

I feel also that it is a great challenge to discipline ourselves to required ideas by accepting required class attendance.

I, for one, feel that only when I have attended every class and received all the class discussion possible have I got the full value.

If we are not going to have required attendance, let's set all schools up on a correspondence course basis.

Freedom Of Press?

By Don Faules

"If an enemy wants to know anything about the United States, all that's necessary is the buying of a five-cent newspaper at the newsstand." Do you believe such a statement? On the surface it might seem that way, but let's take a look at some facts.

In 1953, Congressional Committees held 1,357 secret meetings from which both press and public were barred. This was 44 percent of the 3,105 Congressional Committee meetings held in 1953. The secret meetings dealt with business of the American people. Some of the things discussed were appropriations, expenditures, taxes, aid, surplus products, financing the Korean war, government waste, tariffs, and many other matters. Very few of these secret meetings were concerned with national security.

In view of the facts, the question is whether the public of the United States should know what the government is doing, or should politics remain supreme without public opinion. Should the press tell the taxpayer how his money is being spent? In some areas the answer is apparently "no." One illustrative example is an incident in North Carolina. In this state the Legislature threw newsmen out of a meeting and then rushed through a bill permitting secret Legislative Committee meetings.

It seems that Congress has set the precedent of secret government for the state level. However, there have been scores of protests against secret meetings of school boards, boards of public health, tax commissions, city councils, and county commissions. Some states have been persuaded by the press

to adopt state laws barring public officials from holding secret meetings.

Some of the forces fighting for the right to know more about public affairs include several states and a national journalistic fraternity. The fraternity contains 22,000 newsmen, editors, and publishers as members.

It was President Woodrow Wilson who said that legislation was not debated openly but was concluded in committee rooms. Wilson said, "It is in the committee rooms that legislation desired by the interests is framed and brought forth. There is not enough debate on it in the open house, in most cases, to disclose the real meaning of the proposals made."

I am not from Texas, but my feeling stands with their legislative resolution. "That citizens everywhere be alerted to the ever present danger that free government may be subverted by secret proceedings that throughout the history of the world have been the refuge of corrupt, wicked and reactionary governments."

Revival Features Coffee

The Rev. Harry K. Zeller, Jr., was the evangelist for the Garden City Church of the Brethren this week. Pastor of the Garden City Church is the Rev. Archie Patrick.

An unusual feature of the meetings, Reverend Zeller stated, was coffee and doughnut hours in the mornings.

"Rev. Zeller" came to McPherson Tuesday to vote in the city election but returned to Garden City to continue the meetings through Sunday.

Student Ministers Speak . . . Receive An Hundredfold

By Galen Siffer

"And everyone that hath left houses, or brethren, or sisters, or father, or mother, or children, or lands, for my name's sake, shall receive a hundredfold, and shall inherit eternal life." (Matt 19:29).

The Lord calls you today for service for Him, wherever you go, in whatever you do. There may, in addition, be special services which you are called upon to perform after hours, in the church society, at your sick neighbor's bedside, or in the important committee meeting.

The thought may arise within our minds, "but I will not be able to do this. I have other plans." Having said this, we will have to make a choice between making a sacrifice in the interests of God's kingdom or not.

Our verse from the Scriptures for today urges us to make the sacrifice, whatever it may be. It holds before us the mighty encouragement that for every sacrifice made

in the interest of kingdom service, there will be a manifold reward in heaven. "Everyone that hath left houses, or brethren . . . for my name's sake, shall receive a hundredfold . . ."

In an age of materialism, the interests of self gain priority. Whatever else we fit into our life program is well and good, provided that these things do not obstruct our advancement to personal gain and comfort. We want to squeeze that last drop of satisfaction out of an economy that drops fatness! And all the while the Lord cries out for workers in His Service.

It is so easy for us to reason ourselves out of making sacrifices, and there are certainly some sacrifices which we are not called upon to make. This is sure, however, that any sacrifice made for His sake will not go unnoticed. He will bestow out of His grace a manifold reward.

Letter To The Editor

Dear Editor,

I have often wondered, is this a Christian College. If it is, is our behavior in accordance with Christian principles? There are times when we can "let down our hair" and not be out of place. But Chapel is definitely not one of those appropriate times.

This is the Lenten Season. We have had some wonderful and inspiring programs in Chapel, but there are many who would be unable to relate what occurred during these programs. The reason for this seems to be that they can not find any other time to converse about whom they were with last night, etc. Also, they take this opportunity to make fun of the Chapel program.

Such sacrilegious behavior as has been carried on by some of the students literally burns me up. Leaving our gasping laughter, and "remarks" until some time other than during a religious program would be better for ourselves and others.

Ken Brown Heads Pi Kappa Delta

"Pi Kappa Delta" officers were elected for the coming year last Tuesday at a meeting of both old and new members. Kenney Brown was elected president of the honorary fraternity. The new vice president of the organization is Don Ullom. Marlene Evans was the choice for secretary - treasurer. Irene Shull.

The initiation of new members will take place Friday, April 23, at 7 p.m. The new members are Marlene Evans, Anita McSpadden, Irene Shull, Phil Spohn, Don Ullom, and Don Faules.

"Pi Kappa Delta," is a honorary forensic society which stimulates progress in intercollegiate oratory, debate, and public speaking.

To be eligible and become a member the candidates must represent their college in speech performances or debates. Each candidate to become a member must make application in writing on the official blank. The local chapter then votes on the membership of applicants.

When a man thinks he is important, he should ask what the world would miss if he were gone.

YIPPEE---OUR GOOD OLD COLLEGE NEWSY PAPER, THE "CLUTCHMOR CRUTCH" IS ON THE STREETS AGAIN.

AHH, I MUST EDUCATE MYSELF ON CURRENT EVENTS. BIG THINGS ARE HAPPENING IN OUR WORLD.

OHO---I SEE BIG "CRUTCH" HEADLINES: "CLUTCH PROOF TO HEAD STATE BIRD-FEED LEAGUE." AND ANOTHER: "CLUTCH COUNCIL OK'S MONDAY CALENDAR IN FORM."

AND THIS IS A BIG STORY: "CLUTCH QUEEN SAYS 'NON-T DUN FOR MISS UNIVERSE.' (BET WE SCOPED THE NATION ON THAT ONE).

OOO---A NEAT EDITORIAL ON THE NEED FOR COLLEGE STUDENTS TO STOP AND THINK SOMETIMES ABOUT SPEAKING??

WELL, THAT PUTS ME RIGHT ON THE BALL WITH WOOLLY NEWS. (THINGS OF IMPORTANCE ARE WELL-DEALT WITH IN THE "CRUTCH.")

Thinking With The President

Education on Wheels

It has occurred to me that McPherson College may be doing more of its education on wheels than is common in other colleges. At least, the amount of education on wheels greatly surpasses that which was common in an earlier day.

Almost every week class groups travel to nearby cities or dip into wider intervals longer trips are taken, such as sociological trips to Chicago, or to Missouri, or Arkansas.

At still greater intervals trips are taken which seek to have the classes learn about government where government headquarters are located--Washington, D. C. and the United Nations in New York. Or class trips may even dip into Mexico.

Not only do classes travel as such, however, there are also groups of students who travel under religious group sponsorship and get as far as the Washington Seminar, the Manchester Conference, and various other trips. Smaller groups of this kind also get away to weekend religious retreats in the various states.

Still others travel as deputation groups and choirs. These occasionally get as far away as Idaho, Iowa, Louisiana, North Dakota. During the course of a year thousands of miles are covered by groups of this kind. This, likewise, is educational. They learn and they teach.

Finally, our students as individuals seem to be on wheels. The number of cars parked around McPherson College is tremendous. The distances they travel cumulatively to come to the college is an enormous figure.

McPherson College seems to be on wheels. It is a good thing if it is really "education on wheels." If it is simply an escape from education in order to have adventures in travel, then our purpose is being missed. But if in all of our travel, whether as individual students, as religious groups, as deputation teams, or as organized academic classes we are open to education and are learning, then travel and first-hand observation is a very up-to-date and highly recommended learning process.

When they come downstairs from their Ivory Towers, Idealist are apt to walk straight into the gutter.

Swedes Slaughter Canine Netmen In Tennis Tourney

A powerful Swede tennis team badly battered the rathier inexperienced but plucky Bulldog netmen in a tennis tourney held between the two colleges last Tuesday afternoon at Lindsborg, Kans. The Swedes dominated the courts and won every set of the 10 games played in the singles matches, and four in the doubles matches for a 9-0 count over the Bulldogs.

The powerful Swedes aggregation was made up of returning lettermen and experienced players who were at the top or near the top in conference competition last year.

The closest game in the matches was in round one of the singles played by the two colleges. Vinaya Likhite gave Herb Benson a tremendous battle in that round only to be defeated 8-10 by the agile Swede. In the second game, Benson outscored Vinaya 6-1.

In the other singles, George Eiselle lost to Gilbert Dyck, 2-6; 2-6; Dick Wickert lost to Bob Sellberg, 1-6, 2-6; Eddie Wolf lost to Dennis Schmidt 3-6, 1-6, while Doyle Smith was loser to Herb Newcomer 0-6, 0-6.

In the doubles matches, the Bulldogs again came out on the short end of the counts as Vinaya Likhite and Dick Wickert lost to Herb Benson and Gil Dyck 1-6, 2-6, and George Eiselle and Eddie Wolf lost to Bob Sellberg and Dennis Schmidt 0-6, 3-6.

Team-manager Kenneth Bechtel accompanied the team to Lindsborg, and although the Canines did not win a single game, the manager still thinks that with a little more experience and little more patience, the Canine netmen will begin winning matches.

According to team-manager Kenneth Bechtel, the squad has yet six more games to play and will take part in the conference playoffs.

The remainder of the games on the schedule for the Bulldogs are briefly as follows:

- April 9: Fri.—At Salina (KWU)
- April 21: Wed.—At Sterling (Sterling Coll.)
- April 23: Fri.—At McPherson (KWU)
- April 26: Mon.—At Wichita (Friends)
- April 29: Thurs.—At McPherson (Sterling Coll.)
- April 30: Fri.—Western Conf. Playoffs at Wichita
- May 5: Wed.—At Hillsboro (Taber Coll.)
- May 7: Fri.—Conference Finals at Emporia.

The Bulldogs won with six runs to one from six hits, while the Presbies salvaged a lone run from two hits.

Jack Richardson, the Bulldogs' veteran hurler, pitched the whole distance for the Canines, and he gave up two hits, one run, walked three, and struck-out five. This is Jack's first win of the season. Regional Cabinet Holds Two-Day Retreat

Marion Lake was the scene of a Western Region Youth Cabinet retreat Monday and Tuesday, April 5-6.

The officers: with Glenn C. Swinger, youth advisor; went to Marion on Monday evening and were there discussing regional youth work until Tuesday evening when they returned to McPherson.

Those who attended were: Eula Mae Murray, Norran Royer, Don Fike, Bob Powell, Gary Jones, Norman Long, Betty Lou Hershberger, and Glenn Swinger.

Classes Plan Play-Day

The various classes at MacCollege are beginning to have meetings to discuss play-day plans.

Play day will be either May 4 or May 6 this year. The definite date is not certain.

Committees are being appointed to line up participants in the athletic events and students are also working up their play-day kits.

Social Committee Cooks In Primitive Manner

Taking advantage of a very warm spring day, the Social Committee and their guests went on a cook-out picnic Monday evening, April 5.

Attending the occasion which took place at a rustic location south east of McPherson were Elsie and Von Hall, Velva Wagner, Don Butler, Leon Albert, Kathy Albig, Ruth Grossnickle, Ronnie Miller, Dwight Blough, Miss Sarah May Vancill, Miss Mary Fee, Prof. Dick Wareham and his wife Cosette, and their son, "Scotty."

They baked cookies and gingerbread in reflector ovens. While the main course was cooked in the fire, the group played games, led by Dick Wareham.

Playday Is Coming

Looking at it from almost any angle—psychologically, physically especially in camp songs and had a short worship service.

It serves as a relief from the ordinary routine of day to day living; it helps to keep the body fit; it helps people to live with one another; and it stimulates the individual to a better attitude towards life.

There is a proper time and place for nearly everything and play is no exception. The best time for play will be on Play Day and the place will be right here on the MacCollege campus. This event is to take place on either one of two days: May 4 or 6.

Plans for Play Day are now under way and it is announced that there will be somewhat of a change from previous years. Each member of every class is urged by the Rec Leadership Class to take part in the days activities since there will be more of an emphasis on individual participation than there has been before.

For a time of fun, friendly competition, and wholehearted activity, plan now to take part in Play Day. Remember, play is good for you. Rec. Leadership class.

Bulldog Thinclads Win Over Swedes In Dual Meet

Sid Smith's McPherson College Bulldog thinclads swept on to another victory over the Bethany College Swedes in a dual track meet held with the college at Lindsborg, Kans., last Tuesday afternoon. The Bulldogs out-scored the Swedes 81-50.

Students Observe Rural, Farm Life

Members of the Rural Sociology class and Prof. Kenneth Bechtel, instructor of sociology at MacCollege, were in Southern Missouri April 3, 5, observing rural life in that vicinity.

Leaving McPherson on Saturday, the group was at Essex, Mo., for church, Sunday morning, April 4. Professor Bechtel spoke, Larry Brooks led singing, Dale DeLaurier sang a solo, and Esther Merkey was in charge of devotions.

Following church services a basket dinner was served at the church. Sunday afternoon was spent touring through parts of Tennessee, Kentucky, Illinois, and Missouri, observing rural and farming communities.

The students returned to Essex Sunday evening where another basket dinner was served by the ladies of the church.

At the evening church service, Larry Brooks led in a hymn song, and Wilbur Davisson, Martin Gauby, and Laddie Breen spoke.

On Monday morning, the group toured the Caruther plantation in Southeastern Missouri for the purpose of learning about the management, crops, and daily life of plantation people. Most of the plantation work is done by sharecroppers and renters, and the principal crop is cotton.

Following the tour, they started back to Mac. Besides Professor Bechtel, the group included Larry Brooks, Nancy Dayton, Martin Gauby, Dale DeLaurier, Bennie Schnorr, Richard Spitzer, Robert Spitzer, Keith Richardson, Mary Elizabeth Swinger, Esther Merkey, Shirley Deardorff, Wilbur Davisson, and Laddie Breen.

The victory over the Swedes is the third for the Canine trackmen this season. Previous wins were over Friends and Swedes in a triangular meet, and over the Tabor Bluejays in a dual meet held here last week.

The Swedes gave the Bulldogs more competition this time than they did at their first showing here two weeks ago, and were able to capture six first places while the Bulldogs snatched nine primes.

Don Colberg again captured first place in the mile run, and in the two mile run, Gene Smith won both the 120 yard high-and low hurdles, while his brother Bill walked away with the discus and the shot-put. Don Goodfellow won the 800 yards after losing a close one to Bethany's Berg in the quarter. Jim Walker cleared the bar at 11 feet to win the pole vault. The Bulldogs also won the mile relay.

Several outstanding Bulldog trackmen did not compete in this meet because of conflict with other activities which carried over from the beginning of the week. However, the Bulldogs did pretty well in winning this one from the Swedes with Bob Powell, Tommy O'Dell, and a host of others not competing.

The Bulldogs will not be having any more track meets until after Easter vacation. They go to Salina to compete with the Bethel Graymaroons and the Wesleyan Coyotes on Wednesday, April 21.

Sid Smith is not making any entries in either the Emporia State Relays this Saturday, or in the K.U. Relays next Saturday, April 10. The Coach has been satisfied with the times and distances turned out by members of his 1954 squad, but is not too impressed with these records.
