

## Teacher Placement Bureau Assists Maccollege Students

Maccollege students who plan to enter the teaching profession have the opportunity to receive the benefits of the Teacher Placement Bureau. Dr. Merlin Frantz is the head of this department.

Students who enroll build a credential file. These files include recommendations of college teachers, the home community and the teachers who supervised their student teaching.

It is important to have credentials since the file contains past records and college distribution requirements.

The initial enrollment fee for this life time membership is \$5. The records are kept on permanent file here at Maccollege. Dr. Frantz emphasizes that each person should keep his records up to date.

### Notification Service

Another function of the Teacher Placement Bureau is that of the notification service. When a member contemplates a move from one community to another, the notification service sends a list of vacancies which he may desire to fulfill.

There is an additional \$5 fee for this service.

Each spring the bureau completes its chief function which is making a list of the vacancies available for its members. From 1500 to 2000 positions are available to teachers who take advantage of these services.

More vacancies are available in

## Skate Club Sponsors Skating Party Tonight

Opportunity for roller skating for the entire student body is offered tonight, January 27, at "Roller City" in Hutchinson, beginning at 6:30 p.m.

Anyone who is interested in attending the party but does not have a ride is to meet at Dotzour Hall at 5:45 p.m. where transportation will be provided. If any cars have extra room, they should stop at Dotzour Hall, also.

These skating parties are sponsored by the McPherson College Skate Club. Admission and skate rental is 75¢ total per person. Transportation costs are arranged with each driver.

Kansas than in any other state. However, 20-25 other states are represented on this list.

### Interviews Arranged

Interviews are arranged by the Teacher Placement Bureau with school personnel and prospective teachers. Although March is the busiest month for the bureau, several schools have already taken advantage of its services.

Emporia, Denver, Wichita, and Hayesville have arranged for interviews this year.

### Rogge, Dellel Placed

Jim Rogge and Pat Albright Dellel have already been placed by the Teacher Placement Bureau. Jim, who completed his college work at the semester, started teaching in Lincoln, Neb. last Mon., Jan. 23.

Pat will begin teaching this fall in Jefferson County, which is near Denver, Colo.

Whenever it is possible, the bureau attempts to place members in a Church of the Brethren community if this is preferred.

## Dan West Will Speak At Youth Conf.

Dan West, a well-known brotherhood worker for the Church of the Brethren, will be the featured speaker during this spring's Regional Youth Conference.

"To Serve the Present Age" is the theme of the four-day meeting which will be held from Thursday evening, March 9, through Sunday noon, March 12.

Other items of interest will be a speech contest on Friday afternoon, a concert by the A Cappella choir on Friday evening, and a banquet on Saturday evening.

High school sophomores, juniors, and seniors from throughout the entire Western Region will be guests at the conference.

All Maccollege students will be asked to share their rooms with conference guests. Those students having a preference as to whom they entertain must contact Judy Miller, lodging chairman.

## Coming . . .

Tonight, Jan. 27—Skating party at Hutchinson. Leave Dotzour at 5:45 p.m.

Saturday, Jan. 28—Basketball, McPherson at Southwestern.

Sunday, Jan. 29—School of Missions continues at Church of the Brethren. Supper at 5:30, study groups at 6:30, and church hour at 7:30.

Sunday, Jan. 29 to Friday, Feb. 3—Brethren Youth Seminar in Washington, D. C. and New York City.

Monday, Jan. 30—Basketball, McPherson at Sterling.

Friday, Feb. 3—Basketball, Ottawa at McPherson. B game at 6:15 and A game at 8 p.m.

## In Chapel Next Week

Tuesday Rev. E. B. Stevenson, the Presbyterian pastor from New Zealand who traded pulpits with the McPherson Presbyterian pastor, will show slides.

Friday-Dean Wayne Geisert will speak on the surplus problem.

## Counselors Have Grades On Friday, Jan. 24

Deadline for semester grades was Tuesday Jan. 24 at 5 p.m. Grades will be available to students through counselors on Friday, Jan. 27.

A copy of the grades will be sent to the parent or guardian of the students.

## Prof. Coulson Selects Cast For 'Hamlet'

Prof. Peter Coulson selected the following people for the cast of "Hamlet": Bernardo (& Player Villian), Ray Harner; Francisco (& Osric), Edwin Mohler; Marcellus, Orville Neufeld; Horatio, Mike Begole; Ghost of Hamlet's Father (& Player King), Richard Reinke. Also selected were: Claudius, Terrell Phenice; Hamlet, Vernard Foley; Gertrude, Karen York; Polonius, Melvin Longmire; Laertes, Donald Hollenbeck; Ophelia, Carolyn Fillmore; Rosencrantz, Kenneth Smucker; Guildenstern, (& Player Queen), Beth Kinzie.

Rehearsal for the cast will start Jan. 24, at 7 p.m. in Mohler Hall, room 212.

Posters, which have already been printed, and form letters will be sent to other schools as a part of a more extensive promotion program to encourage attendance at Maurice Evans' two and one-half hour version of Hamlet.

Stage manager of the March 17-18 production is Bill Winter. Any students interested in technical assistance should contact Prof. Coulson.

## A Cappella And Quartet Go On Tours In February

A Cappella Choir and the college varsity male quartet will go on tours during February in Kansas, Nebraska, Iowa, Oklahoma, and Texas.

College varsity male quartet, Okla.

Known as the Songsmen, will be on tour Feb. 5-12. This group is made up of Nelson Stump, first tenor; Robert Hess, second tenor; Dohn Kruschwitz, baritone; Marvin Weddle, bass; and Joe Funderburk, accompanist. Their programs will be given to various high schools and communities in Oklahoma and Texas and the following Churches of the Brethren:

First Church, Bartlesville, Okla.; Highland Park, Bartlesville; Big Creek, Cushing, Okla.; Nocona, Texas; Washita, Cordell, Okla.; Thomas, Okla.; Pampa, Texas; Waka, Texas; Enid, Okla.; and Antelope Valley, Billings, Wyo.

(Continued on Page Three)

## Dr. Ikenberry Is Appointed To Maccollege Faculty

Dr. Gilford J. Ikenberry, Jr. has been appointed to the McPherson faculty for the 1961-62 academic year. Dr. Wayne Geisert, McPherson dean, announced his appointment as associate professor of biology.

Dr. Ikenberry has been assistant professor at Michigan State University since 1959. He received his Ph. D. in June, 1959 from Iowa State University in the area of plant morphology. His dissertation concerned the "developmental vegetative morphology of the cultivated oak plant."

Dr. Ikenberry has been a science instructor in the high school at McLouth, Kans. for two years.

Dr. Ikenberry's teaching duties at Michigan State have included under-graduate and graduate courses. He has served as academic advisor to master's degree candidates also. He has also served on a committee of three at Michigan State in developing a new biology course for elementary teachers.

Mrs. Ikenberry is the former Nelda Baldwin, a '52 McPherson graduate. Dr. and Mrs. Ikenberry have three children.

"Dr. Ikenberry comes to McPherson with the very highest recommendations from his graduate school teachers and his colleagues," comments Dean Geisert.

"We believe that his addition to our excellent science faculty will further strengthen and broaden our science offerings. Dr. Ikenberry's coming will make it possible to expand and improve our offerings in botanical courses; he has a very special interest in plant morphology."

Members of the English Department and two English majors will comprise a panel which will be on KTVH television, Hutchinson, channel 12, at 7:15 a.m., Feb. 10.

Prof. Peter Coulson, Prof. Guy Hayes, Mrs. Homer Brunk, Mrs. Einar Jaderberg, Carolyn Cotton and Don Hollenbeck, are on the panel.

"The panel will discuss common grammatical errors and incorrect pronunciation," explained Paul Wagoner, chairman of the committee in charge of the television programs.

On the second Friday of each month Maccollege is featured in the daily morning television program, "Community Widow." The last program, held Jan. 20, featured Prof. Paul Sollenberger, playing the violin and the college flute trio, make up of Mary Ida Baile, freshman; Dorothy Brown, and Judy Miller, both sophomores.

On January 22 the program was presented by Bob Cain a former B.V.S. worker who lived with the Latin Americans in Fallurrias, Tex. Richard Frazier completed the program by talking on the American Indians in Richfield, Utah.

College students are urged to attend the classes and programs and are welcome to come to the meal which costs 35 cents. College students will be integrated with the adult classes.

A banquet is being planned for the last meeting on Feb. 12.

Construction of the new Student Union and the addition to Dotzour is proceeding well ahead of schedule according to Mr. Rusher. The new College Apartments have also been completed.

Two-thirds of the damage inflicted upon the trees of the campus following December's ice storm has been cleared away.

## Construction Proceeds Ahead Of Schedule

Construction of the new Student Union and the addition to Dotzour is proceeding well ahead of schedule according to Mr. Rusher. The new College Apartments have also been completed.

Two-thirds of the damage inflicted upon the trees of the campus following December's ice storm has been cleared away.

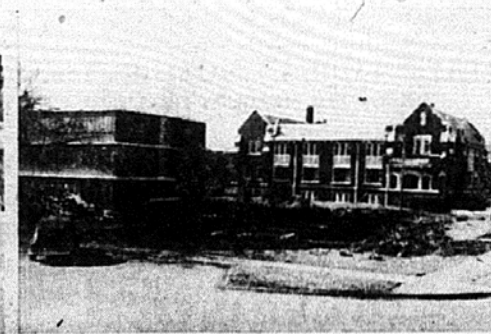

## Position Is Now Open On Spectator Staff

Due to the resignation of Roger Brammell the position of assistant business manager of the Spectator is now open.

Anyone who wishes to apply for this position should contact DeLores Lahman, Eleanor Draper, or Mrs. Homer Brunk.

Excavation work has been completed and concrete footings are being poured for the new student union-cafeteria, on the left, and the addition to Dotzour Hall, girls dormitory. Johnson Builders, Inc., Salina, began work on the new buildings before Christmas. The excavated area for the student union will house student recreational facilities, student organizations offices, a large lounge area, a TV room and cafeteria storage area. The

main floor of the student union will house the cafeteria, a large lounge area, a snack bar, a small-group dining room, and other facilities. The new dormitory wing will house 72 girls. It will be connected on each floor level with the main dormitory. The connecting area will be attached at the glass-walled area and at the first floor shown at the end of the main building.

## New Editor Examines Purposes Of Spectator

By Marilyn Rhinehart

As I take my position behind the editor's desk, which will become increasingly familiar during this semester, with a deadline pressing closer and closer, I am forced to think about this new job of mine very seriously.

The Spectator—What is it really? What am I trying to make it be? A piece of ink-splattered paper to line the drawers and wastebaskets of those who receive it? A handy wrapper for Saturday's garbage?

It is my sincere desire to make the Spectator more than this. I hope that to you students the Spec will be your paper for your information, your entertainment, and a means of voicing your opinions.

To you parents, friends, and relatives all over the United States and in foreign countries who receive our paper, I hope that it can help you know about and enjoy the happenings on our campus.

And to the high schools and other colleges, we hope the Spectator gives you an accurate and favorable picture of our campus activities and McPherson College.

To everyone who receives a copy of the 1000 Specs printed each week, I want to welcome you to express yourself through the Spectator. We will be happy to receive comments, criticisms, or suggestions to make the Spec a better paper to serve you.

## Follow These Simple Rules For A Successful Semester

For a successful semester of college life, I have devised a few simple do's and don'ts for conscientious McPherson College students.

1. Do make a sincere effort to be the first one in line in the cafeteria, no matter what obstacles you have to get around to do so—fellow students, teachers, guests, etc.
2. Don't pick up any waste-paper you might find lying around the campus; the grounds crew likes to do this.
3. Do carry on animated conversations in the library; no one wants to study anyway.
4. Don't bother to hand in assignments with the rest of the class; wait a few days and take them to the prof personally. This will make you a favorite in all your classes.
5. Don't wait for the chimes to start assembling your books to leave class. Start at least ten minutes ahead of time to show the prof. your eagerness.
6. Do carry lots of books to all your classes. It makes a nice impression.
7. Don't start to class until the last chime sounds so you are at least three minutes late. It will give the prof a real thrill to mark you present after having marked you absent.
8. Do pull as many pranks as you can in the dormitory rather than waste your time studying. This is a sure-fire method for making everyone notice you.
9. Don't take this list seriously.
10. Do make your own list for a really successful semester!

## LITTLE MAN ON CAMPUS

"WELL—THAT'S ONE FLUNK ALREADY."

### Letters To The Editor

### Student Opposes Objective Type Of Testing

Dear Editor,

I strongly object to the true and false, completion, short answer, etc., type of tests that McPherson College teachers tend to use in their humanity courses. I object because they often stress facts and details rather than ideas and general knowledge.

I can see the rationality of a true-false or short-answer test in a technical science course, but not in any subject that is on the other side of the fence. Here is my reasoning:

Knowledge of a subject, or testing for knowledge of a subject, demands self-expression. I think essay tests are worth the time and effort because they teach us to organize and to express our thoughts.

True-false tests make me feel like an echoing robot or some mechanical machine. They in-

volve little analysis or expression. If you question this statement, just stop and think how often you have heard someone say that he does best when he answers the questions quickly, practically by impulse.

We suffer from the time-saving true and false tests in other ways. They have a very adverse effect on our reading habits. Unless the reading is involved and technical, we should read for general ideas.

Instead, if we are thinking about the next exam, we find ourselves looking for details and we may miss the point entirely.

Nor does classroom discussion escape the influence of the time savers. Even though the instructor may try to create some more intellectual thinking, we students have that test score in mind and we begin discussing the irrelevant.

Of course I sympathize with the teacher who would have to grade the scribbles from a large class. But surely there are efficient upper classmen around who could use extra cash.

Actually, I think we students

### Pondering With The President

## Robert Bruce Learns A Lesson From A Spider

By D. W. Bittinger

The story is circulated in Scotland that the freedom of their country goes back to a lesson taught to Robert Bruce by a spider.

Robert Bruce had fled, defeated, without an army, and wounded, to the depths of a cave to save his life. As he lay there utterly discouraged, he saw a spider descend across the mouth of the cave and begin to swing back and forth, so that it might find an anchoring point for its key thread from which it would build a web. It tried again and again, but always a gust of wind, or something which the spider did not anticipate, deflected this until Bruce thought it would give up from sheer weariness. Finally he said to himself, "If this spider keeps on swinging until it succeeds, I, too, will try again."

The spider did succeed and built a beautiful web. Robert Bruce formed a new resolve, gathered together the remnants of his wounded people and freed Scotland.

It is good to be able to begin again; to begin a new year, to begin a new semester. If anyone of us has not done as well as he expected in his first semester's work and feels some sense of discouragement, let him remember Robert Bruce and read also the lesson of the spider.

would be better off taking essay tests even if the papers went directly from our hands to the waste basket.

If anyone is interested in a professional pro and con discussion of this subject, I suggest he take a look at "Effects of Widespread Objective Testing," in the Oct. 1960 edition of Education. Joe Funderburk

### Readers Resent Special Tuition

Dear Editor,

After struggling to find acceptable payment plans for the coming semester's tuition, we have come to the conclusion that it would be financially advantageous for us to enter the ministry or to adopt professors for parents.

Not as a matter of any personal prejudice, but as a matter of principle, we object to the exemptions in tuition made to ministerial students and to children of ministers and McPherson College professors.

Sons and daughters of ministers and professors are no more important to the college than sons and daughters of farmers, business men, or industry workers.

One argument is that ministers and professors are underpaid. We do not feel that the majority of our parents are any different. Students whose parents are contractors are not exempted from student union fees, those whose parents are farmers do not get free cafeteria tickets, nor do those students whose parents are teachers in high school get free tuition, even though these people also may be underpaid.

This places an added burden upon the rest of us when so many exemptions are being made. Should these "special" students have privileges at the expense of others? Neither is it fair to professors or ministers who do not have children.

We would appreciate an answer in defense of this matter or a reply supporting our cause.

Tuition Tormented

# Bulldogs Bow To Baker, Snatch Victory From KWU

By John Harrison

Mac's Cagers took a loss from Baker University, 77-85, and then matched it with a hard-fought, one-point win over Kansas Wesleyan University.

In spite of top-notch shooting, the Macollege Bulldogs fell prey to the Baker Wildcats by the score of 77-85 Saturday night, Jan. 14, at Baldwin. The game provided Baker with its first conference victory.

The contest proved to be a battle of accuracy as both teams showed their shooting to be well above average. The Bulldogs hit 50.8 per cent for the game and the Wildcats dropped in 48.6 per cent in the second half.

Although Mac outscored the victors at the free throw line to the tune of 17-13, they hit only 68 per cent of their attempts as compared to a phenomenal 93 per cent which the Wildcats displayed.

### Elmore High Scorer

High point man for the game was Mac's Deryl Elmore who made 27 points. Baker was lead in a well-rounded scoring attack by Neal, who provided 20 points for the cause.

Ivan Prochaska led the Bulldogs in clearing the boards with nine rebounds. Also strong under the baskets was Ralph Rindt who pulled down eight rebounds.

Tom Richards followed Elmore in the attack from the field with six field goals, while Garth Werner proved to be the big gun at the free throw line dropping in six points in six attempts.

### B Team Loses

Mac's B team lost to the Baker club by 53-61, although they were tied at 43-43 with ten minutes remaining in the game. Larry Crumrine lead the Bulldogs with 15 points, followed by Cal Unruh's 14 points.

Thwarting a last-half surge by the KWU Coyotes, the Macollege Bulldogs picked up their second conference win of the season here at McPherson Thursday, Jan. 19, by the score of 75-74.

Both teams had a cold start, but warmed up to provide an unusually good display of shooting in the second half. Mac dropped in 54.2 per cent and KWU, 44.4 per cent in the second period of play.

### Free Throws

Although the Bulldogs' shooting at the charity stripe was better than average, the Coyotes outshot them by 20-17. Their accuracy, 74.8 per cent, was also better than Mac's 68 per cent.

Playing one of his best games, Deryl Elmore hit the cords with 34 points to lead the game's scorers. Wesleyan's Ray Thome scored

16 points in the last half to lead the Coyotes with 22 points.

### Werner Top Rebounder

Garth Werner put on a fine show of board control in clearing off 15 rebounds. Stuart Frazier, six foot junior, out-fought taller opponents for seven rebounds to join in the honors.

Ivan Prochaska was hot at the free throw line, putting in five points in five attempts to lead the squad. Tom Richards followed Elmore in connecting from the field by spotting five field goals.

### B Team Wins

The B team won their second game in nine starts by the score of 77-70. In a strong attack, the Bulldogs were lead by Larry Crumrine with 22 points, and Don Kuhlman and Cal Unruh with 18 points each.

## Boys Begin Intramurals

Intramural basketball has started at Macollege. In the first game played, Tim Wesselowski's team defeated Bill Miller's, 33 to 26; Elmer Gooding's team beat Larry Ikenberry's, 48 to 18; Larry Dresher's team beat Maurice Moeckly's 58 to 35; and Ernest Vance's team defeated Dave Christenson's, 30 to 22.

Four highest scoring men were Melvin Roberts, 34 points; Elmer Gooding, 16 points; Ed Murray, 15 points; and Henry Esquino, 15 points.

Other teams which played on Wednesday of this week were Bill Miller vs. Larry Dresher and Tim Wesselowski vs. Elmer Gooding.

## M Club Initiates

### Eight Football Players

Eight members of the 1960 Macollege football team were initiated into the M Club Monday, Jan. 23. An athlete must receive a sports letter to be eligible for membership in the club.

Those initiated were: John Fillmore, John Harrison, Art Hoch, Don Kuhlman, Joe Looker, Steve Mohler, Dennis Wallace, and LeRoy Weddle.

## Thirty-two Girls Participate In Intramurals

Thirty-two girls are participating in girls' intramurals second semester. They are divided into four teams and the captains are: Gail Fillmore, Frances Hutchison, Delores Lahman, and Sue Warrick.

In the second round of games, Hutchison's team defeated Warrick's by a score of 30-17. Tues. Jan. 24 at 6:30. Wilma Miller was high scorer of the game with 25 points for the winners.

In the 7:30 game, Fillmore's team won over Lahman's sextette, 17-14. Delores Edmonds copped 13 points for the victors to be high scorer.

Officiating the first game were Diane Browning and Delores Lahman. Frances Hutchison and Sue Warrick officiated the second game.

## Girls' Varsity Begins Season

The girls' varsity basketball team's season is in full swing with a 35-23 win over Bethany on Saturday, Jan. 7.

Thirteen girls and the team coach, Doris Coppock, went to Lindsborg Saturday afternoon. The girls on the team were: Gail Fillmore, Frances Hutchison, Do-

# Mac To Meet Strong Foes At Southwestern, Sterling

Macollege Bulldogs will be up against two tough opponents in the coming week when they meet Southwestern and Sterling. Southwestern has lost only one game thus far.

Moundbuilders have lost their only game this season to College of Emporia, and will be out to maintain this fine record. The loss of C of E to Friends Monday night should put added spirit behind the Winfield squad.

In their only encounter with Southwestern this season, Sid Smith's charges found their downfall in a sluggish night of shooting, hitting only 34.5 per cent from the field. However, a much improved Bulldog squad will be taking the floor at Winfield tomorrow night.

In next Monday's contest, Mac will be battling a team that has seemed to be unusually sharp against the Bulldogs in their last two meetings. Sterling's Warriors, topped Mac on both occasions.

### Hot Warrior Scorers

Three Warriors, John Armstrong and Kenneth Becker, sophomores, and Larry Marker, junior, all have shown that they are capable of dropping in over twenty points against the Mac team.

## Friends Upsets C. of E. In KCAC

One of the biggest upsets of the season came last Monday night when seventh place Friends defeated league leading C of E at Wichita, 89-42, to give the Presbies their first conference loss.

As of January 24, Mac's 2-win 6-loss record was good enough for a two-way tie with Bethel for eighth place in the conference.

Conference standings for that date were as follows:

	W	L
College of Emporia	3	1
Southwestern	7	1
Bethany	6	2
Ottawa	5	4
Sterling	4	4
Kansas Wesleyan	3	5
Friends	3	6
Bethel	2	6
McPherson	2	6
Baker	2	7

## Continental Classroom Offers TV Courses

"Probability and Statistics" is the three-hour TV course being offered in cooperation with the Continental Classroom services. Also offered in conjunction with this is a two-hour course in "Methods of Probability and Statistics."

Channel 3 offers the class at 6:30-7:00 a.m. with the three-hour course meeting on Monday, Wednesday, and Friday. Dr. Frederick Mosteller, Professor of Mathematical Statistics at Harvard University will instruct the TV class.

This class will be presented from January 30-May 26. The prerequisite is to have three years of high school mathematics, including a second course in algebra.

Included in the course will be counting problems, random numbers, variances, hypothesis testing, law of large numbers, and central limit theorem.

### Fullerton Assists

Prof. Fullerton will meet five times with the students enrolled in the class. He will conduct

three-hour workshops. During these sessions students will take the mid-term and final examinations upon which the grade of the student will depend.

## De Coursey Announces Lab Changes

Some changes will be made in personnel in the chemistry lab for the second semester. Prof. DeCoursey reports. These changes have been made for several reasons.

John Brand, who has been full-time assistant, will be working in this capacity half-time during the second semester so he will have time to do research work.

Kenton Harris, who has been working half-time, will become full-time assistant and Garth Wood will start working in this capacity as a half-time assistant.

## Maccollege Hosts Debate Tourney

The high school district debate tournament was held at Maccollege on Friday and Saturday, Jan. 20-21. First, second, and third place winners were Inman, Burton, and Lehigh. Noel Grove, a Maccollege graduate, coached the Inman debate team.

Trophies were given to the first and second place winners. The top three teams will advance to the state.

Mrs. Homer Brunk, Prof. Peter Coulson, Prof. O. A. Olson, Dean Wayne Geisert, and Mr. John Goering, the principal of McPherson High School, were the judges from McPherson.

Other judges were from Manhattan, Emporia and Haven. These were assigned by the High School Activity Association.

Prof. Guy Hayes was the tournament manager.

Harvey Pauls and John Brand, senior chemistry majors, work with Dr. Wesley DeCoursey, center, professor of chemistry. They are the first two Mac students to participate in research which Dr. DeCoursey will conduct as a result of recently receiving a grant from the Petroleum Research Fund.

## January Is Busy Month For Bittingers

Dr. and Mrs. D. W. Bittinger were in Colorado Springs, Colo., Jan. 6-8, attending a college president's conference on Intellectual Life Study. The three days were spent discussing World Affairs & What Part a College plays. Eighty college presidents and their wives were present for the conference.

While in Colorado, Dr. and Mrs. Bittinger attended the annual meeting of the AAC (Association of American Colleges). Nine-hundred college presidents and their wives, representing colleges from all over the United States, participated in the meeting.

Later that week Dr. Bittinger was the guest leader of a two-day joint Ministers Retreat of Colorado and Nebraska ministers held at Anika, Colo.

### Elgin Meetings

On Jan. 16-17, Dr. and Mrs. Bittinger were in Elgin, Ill. attending several meetings. Dr. Bittinger

met with the Executive Comm. of the General Brotherhood Board, of which he is a member.

Mrs. Bittinger, who is national chairman of the Women's Fellowship of the Church of the Brethren, led a meeting of the group while in Elgin. Church men and women from all the United States attended both meetings.

### Speaks To Chamber

Thursday evening, Jan. 19, Dr. Bittinger was the guest speaker at the local Jr. Chamber of Commerce dinner in McPherson.

This week Dr. Bittinger will be the guest speaker at a banquet given by the UCYM.

### Frantz Moderates Panel For Canton Program

On Thursday, Jan. 19, Dr. Merlin Frantz, head of the Education Placement Bureau, was the moderator of the Canton PTA at Canton, Kan.

The panel discussed Teacher-Student relations.

### Ulrich, Reinke

Mr. and Mrs. W. L. Ulrich, Quinter, announce the engagement of their daughter, Emma Joyce, to Mr. Richard L. Reinke, son of Mr. and Mrs. J. Herman Reinke, Ashland, Ohio.

Joyce is a first semester graduate of McPherson College and plans to teach Mathematics. Dick is a senior at McPherson College majoring in history.

A June wedding is planned.

### Nelson Repeats Vows With Airman On Jan. 21

Laurel Nelson was wed to Airman 2c. Gordon Lee Williams of Punxsutawney, Pa., on Saturday afternoon, Jan. 21. The newly-built chapel on the Schilling Air Base at Salina was the setting for the wedding.

A Maccollege junior, Laurel is the daughter of Mr. and Mrs. Lewis Nelson who reside in McPherson. Laurel and her husband will also be living in McPherson.

### Hironimus, Caldwell Unite In Marriage

Attired in a white velvet floor length gown, Jackie Hironimus became the bride of Jesse M. Caldwell Saturday, Jan. 21. The ceremony took place in the Church of the Brethren at 7:30 p.m.

Jackie, a Maccollege sophomore, and her husband will be at home in Salina, Kan., where he is serving duty at Schilling Air Force Base.

Roberta Varner, a Maccollege sophomore, made Jackie's wedding dress. Lillian Aotaki, did all the flower arrangements for the wedding and reception.

## Quad Staff Continues To Progress

Progress on the Quadrangle is continuing as fifty-six pages have been sent to the publishers at this time. Twenty-eight more pages will be due on Feb. 11.

Individual pictures of students were sent in before Christmas vacation. A group picture of the new students will be taken soon.

Pictures of clubs and organizations are now being taken by the staff. Students are asked to watch closely for the announcement of when the different pictures will be taken.

Students who are enrolled for the second semester only may purchase a copy of the Quadrangle for \$2.50, according to Donelda Arick, editor.

Plastic covers will be available again for this year's annual. These may be purchased for 25 cents.

Plans are being made by the staff for a trip to Topeka. They will tour the Myers' plant, publishers of the Quadrangle.

Anyone interested in visiting the Myers' plant with the staff should contact Donelda Arick.

### Exchange Teacher To Speak At IRC

International Relations Club will meet Monday, Jan. 30, at 7 p.m. in Room 227 of Mohler Hall. President Ed Khaw has invited Mr. Carbojal, a native of Peru who is an exchange teacher at the McPherson High School, to be guest speaker.

### Dobson To Be Licensed At Church Sunday

This Sunday licensing ceremonies will take place for Lyle Dobson at the McPherson Church of the Brethren. Lyle was called to the ministry by his home church in Idaho.

"My Calling to Fulfill" will be the sermon topic to be presented during the worship hour.

### Mrs. Martin To Speak At MCA

Mrs. Alice Martin, Registrar, will be the speaker for the regular meeting of the MCA on Thursday evening, Feb. 2 at 6:45 in the SUR.

She will speak on Albert Schweitzer, and she will discuss a paper she wrote about him. Last January Mrs. Martin received Honorable Mention on her 8,000 word essay on "The Challenge of Albert Schweitzer."

During the fall of 1959, Mrs. Martin entered the essay contest in honor of Dr. Schweitzer's eighty-fifth birthday. The contest was nation-wide between college and university faculty members.

Because Mrs. Martin received an Honorable Mention she was invited to attend a celebration in Chicago for the eighty-fifth birthday of Albert Schweitzer from May 9-15, 1960.
