## Criminal's Official Valentine Is Notice Of Day To Die

By Marilyn Rhinehart

"Happy Valentine To Condemned Killer" was a headline in a recent paper that attracted my attention. The story told of one of California's record number of 33 condemned killers awaiting execution who was to receive an "official Valentine—notice of the date he is to die."

Perhaps it was the irony that on a day specifically set aside for love we send men to die, that struck me with a stinging sense of guilt and horror.

Seven of the 33 condemned men in San Quentin await execution as a punishment from their society for killing policemen. Do we pretend to restore justice for their acts by committing legalized murder?

Instead of attempting, at least, to help these obviously sick men, we consider ourselves justified in refusing to allow them redemption or even life.

Criminals are the evidences of the mistakes and weaknesses of a society and execution of criminals is the absolute failing of society. Capital punishment is the murder of victims of misunderstanding, lack of love, or mental illness.

Humans!—How cruel, how animal our behaviour!

Certainly, as we approach brotherhood week, it is time for us to contemplate this supreme social injustice and concentrate on ways to combat it.

## Need A Problem-Solver? You Can't Hire A Pro!

Problem-solving is an art in itself, and I am not referring to mathematical puzzles found in a textbook. Meeting life's variety of headaches and difficulties successfully is a job for a pro and yet no individual can be anything but an amateur when new problems arise.

College students face the major decisions and problems of a life-time — What Shall I do with my life? Whom shall I marry? Where shall I live? What do I really believe?

These are the big questions of one's life, but there are countless more minor problems that face everyone everyday.

Small and yet important things come up that are often somehow unanticipated — Where can I find a part-time job? Should I ask her for a date? Which term paper should I start first? What do I really think about the beat generation?

No proficient problem-solver myself, I feel that there should be a set of rules to follow for an easy way to make decisions. My searching for a simple method has been in vain but at least I think there are some points to remember which can help any potential problem-solver.

First of all figure out exactly what your problem is and what it is you must decide. Second, think it through and talk it over with someone you can trust. Third, once you arrive at a decision be confident and willing to accept the consequences no matter what they turn out to be.

## Nation Begins Brotherhood Week Sunday

Nationwide observance of Brotherhood Week, sponsored by the National Conference of Christians and Jews, will be held Feb. 19-26. The theme is Brotherhood: Believe it! — Live it! — Support it!

Special events in more than 10,000 communities throughout the United States will mark Brotherhood Week. Programs will extend the work of the National Conference, which stimulates year-round projects in schools, colleges, churches, community organizations, newspapers, radio, and television.

The purpose of Brotherhood Week is to give people an opportunity to re-dedicate themselves as individuals to the ideals of respect for people and human rights.

Dr. Lewis Webster Jones, President of the National Conference, says: "Brotherhood Week is essentially a campaign against the prejudice and bigotry that dis-

figure and distort religious, business, social and political relations."

The principal aim of Brotherhood Week, according to Dr. Jones is to urge people to do more than give mere lip service to the principles of brotherhood. During the week he hopes that people will begin to get to know and appreciate each other and make Brotherhood a year-round practice.

Bob Hope, television and motion picture comedian, is Chairman of National Brotherhood Week. He asserts, "No one has a corner on the laugh market, throughout the world, people share the pleasure of enjoying a good joke, story, of being entertained. People the world over also share the desire for Peace, Freedom and Brotherhood which is no laughing matter."

## Today The World Prays

By D. W. Bittinger

No group of people, even those in the remotest jungles of South America, or those who existed in caves and passed from existence many centuries ago, has ever been found who did not worship and pray.

When prayer fades and man feels sufficient unto himself, he is usually in the latter stages of a period of decline. Usually he does not recognize this decline or know he is in it.

On Toma island this morning near the international date line, as the sun came up, the people prayed. And as the light of day swept aside the darkness all the way around the globe, people prayed. We prayed at McPherson; they prayed in Honolulu; they prayed under cover in China and in Russia.

We have many things to ask for. Among these are that we might understand each other better and that our voices might be more united, even though our languages differ. We should pray that we might learn how to distribute the products which God has put in the earth for us.

We should pray that we might learn how to distribute the productivities of the earth so that hunger need no longer exist anywhere. We should pray that we achieve a better understanding of the Creator who made us and who loves us.

Let us pray.

## Earn And Serve Opportunities Available

Why not make your summer serve a double purpose? If you care to, you can earn some money and serve the church at the same time.

Earn and Serve is an opportunity for college-age youth to work in part-time church work in the local parishes while holding a full-time job in the com-

munty. Work in the church may be in youth work, visitation, or secretarial aspects of the church program. This will be determined by the church's local needs. Outside employment will depend upon the community and the abilities of the worker. Those who go out on project will live and work in the church community to which they are assigned. Possible projects for this summer are in Eldora, Ia., Waterloo, Ia., and Beatrice, Neb. Not more than two volunteers are needed in each project. Applications can be made to Edwin Mohler. More information will be available in the near future. Patronize our advertisers.

## Bulldogs To Battle Wildcats Tomorrow, Coyotes Monday

Coming contests for the Maccollege Cagers will see the Bulldogs battling the Baker Wildcats tomorrow night and the Kansas Wesleyan Coyotes at Salina Monday night.

Coch Sid Smith's team will be meeting the Baker Wildcats at McPherson, tomorrow evening at 6:15 for the B-Team and 8 for the Varsity game. The Wildcats are presently in last place in the conference.

In their last meeting the Bulldogs lost to the Baker team 65-78. Although Mac played a good game the fact that they didn't get off as many shots as the Wildcats proved to be the limiting factor in their defeat.

In their last meeting Baker's top man was Neal with 20 points. However, Mac had four men in double figures, and the Bulldogs have shown that they can do this consistently, often with the threat of two men scoring over 20 points.

Maccollege cagers will be traveling to Salina on Monday, Feb. 20, to meet the Kansas Wesleyan ball club. In the last meeting of these two teams, the Bulldogs defeated the Coyotes 75-74 after putting down a late rally in the last half.

## Mac Suffers Defeat, 58-56 Against Friends University

McPherson College's basketball team met defeat for the third time in the past week when they were nosed out by two points against Friends University Tuesday night, Feb. 14, at Wichita.

Coming from behind, the Friends Falcons won out over the Maccollege Bulldogs in the final minute of play by the score of 58-56.

Although the Bulldogs led most of the way, a 22-point spree in the last ten minutes of play by the Falcons gave them a two-point margin as the game ended.

Hampered by a cold night from the floor, the Bulldogs could find the target on only 32.7 per cent of their shots while their opponents hit only 32.3 per cent. However, the Falcons put the ball up seven more times.

From the charity stripe, the Maccollege team outscored Friends 12-16 although they hit only 66.7 per cent to Friends' 72.7 per cent.

**Elmore Leads Scoring**  
Leading the game's scorers was Deryl Elmore, with 17 points. He was followed by Hay from Friends who had 13 points. Following Elmore for the Bulldogs was Garth

## Girls' Team Wins Over Central, Bethany

Girls' basketball team stacked up two wins last week. Mac beat the Central team 43-35 last Wednesday, Feb. 8. The game was played on Mac's home court. Gail Fillmore, who has a National Official's rating in girls' basketball, officiated the game.

Mac's high scorer was Delores Lahman with 17 points, followed by Wilma Miller, 14 pts.; Connie Andes, 12 pts.; Delores Edmonds and Diane Patton.

Mac downed Bethany with a 20-point lead, 52-32, Saturday, Feb. 11 in Mac's gym.

Wilma Miller was high scorer this game with 19 points, Delores Lahman, 13 pts.; Connie Andes 10 pts.; Delores Edmonds 7 pts.; Charlotte Erritt, 3 pts.; and V. J. York.

## C Of E Leads Conference

As the basketball season nears its end, three teams, Emporia, Southwestern, and Bethany, are all that remain in contention for the conference title. Sterling and Ottawa dropped out of the running last week.

Upset of the week came as Sterling tripped up Bethany on Monday, Feb. 13, when they squeezed out a 50-46 victory over the Swedes. The defeat was the first Bethany had suffered on their home court in two seasons.

As a result of last week's games, four teams dropped in the conference standings. Sterling dropped from fifth to sixth and Kansas Wesleyan dropped from sixth to seventh. McPherson and Bethany, who were involved in a four-way tie for fourth last week, dropped into a two-way tie for eighth.

As of Feb. 13 the Conference standings are:

	W	L
College of Emporia	13	1
Southwestern	12	2
Bethany	11	4
Ottawa	7	7
Friends	6	8
Sterling	6	9
Kansas Wesleyan	5	9
McPherson	4	10
Bethel	4	10
Baker	3	11

## Race Continues In Intramurals

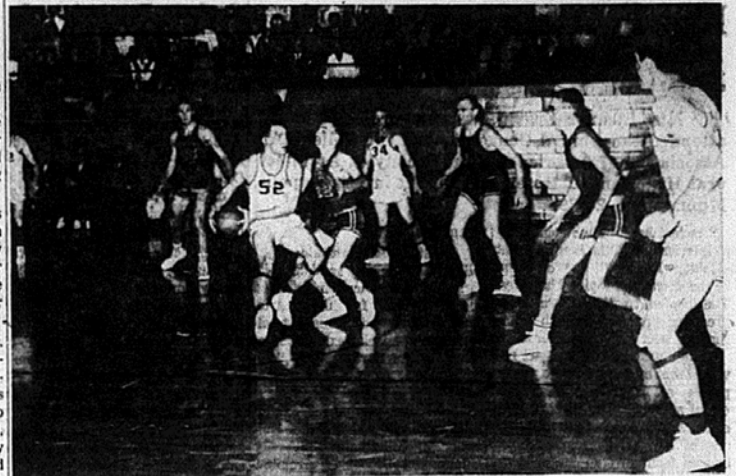

Gooding's team continues to lead the race in the boys' intramural basketball competition. Standings as of Monday, Feb. 13 are as follows:

	W	L
Elmer Gooding	3	0
Merlin Dresher	2	1
Tim Wesselowski	2	1

## Ikenberry Hospitalized

Larry Ikenberry, freshman from Olympia, Wash., was hospitalized at McPherson County Hospital Monday, Feb. 13. The temporary diagnosis is infectious hepatitis. He is now awaiting results from tests.

At present Larry is not allowed to have visitors, but students are remembering him with cards.

With the Bethany Swedes offering a strong defense, Garth Werner, senior from Winona, works the ball toward the basket at Elmore, Richards, and Prochaska assist. The Bulldogs were nosed out by three points, despite a seasonal high of shooting accuracy in the game against Bethany Saturday night, Feb. 11.

## Presbies, Swedes Edge Bulldogs By Narrow Margins

By JOHN HARRISON

Maccollege Bulldogs lost two contests to Emporia and Bethany by narrow margins last week.

Meeting the top team in the conference, Mac lost to the Emporia Presbies by the score of 83-75 at Emporia, Wednesday, Feb. 8.

Having a hot night on their home court, the Presbies connected with 47.9 per cent of their attempts from the field while holding the Bulldogs below their seasonal average to 41.3 per cent of their shots.

Both teams had a relatively cold night from the free throw line. Mac outscored the Emporia team 23-15 on the one-pointers, but hit only 57.5 per cent of their tries as compared to the Presbies' 62.5 per cent.

**Elmore Leads Scorers**  
Leading the game's scorers was Deryl Elmore with 25 points. Art Nichols of Emporia hit 20 points for the Presbie cause. Following

has faced this season.

**Low Rebounds**  
Confronted with a team with a good deal more height than their own, the Bulldogs had a rough night on the boards as they reached the season low in rebounding.

Top scorer for the game was Bethany's Ahlstedt, who dumped in 29 points. He was followed closely by Deryl Elmore with 23. Mac had four men in double figures. The others were Stuart Frazier with 21, Garth Werner with 14, and Tom Richards with 13 points.

Leading the Maccollege rebounders was Stuart Frazier with four. He was followed by Dave Priddy and Ivan Prochaska with three apiece.

## Beaten By Three Points

Tackling the third-ranked ball club in the conference, Mac's cagers were barely beaten out by the Bethany Swedes here Saturday, Feb. 11, by the score of 91-88.

For the second time this season, the Bulldogs hit better than half their shots and were beaten. Although they scored on 51.7 per cent of their shots, Bethany found the range on 59.6 per cent of their attempts, the best shooting Mac

# Kravig Attends Convention Jan. 26-29 In Minnesota

Miss Eleanor Kravig, assistant professor of art, attended the Annual Conventions of the College Art Association of America and the Society of Architectural Historians at Hotel Leamington in Minneapolis, Minn., Jan. 26-29.

"Ancient Art," "The Architectural Interior," and "Is There A Print-Making Revival?" were some of the discussion topics Thursday. The contention that there is a great art produced through print-making was given consideration.

Time devoted to modern art revealed that by going back to pagan people, art is given a fresh and direct approach. Dr. Richard Helmsbeck, a practicing psychiatrist, showed how art goes into reality beyond form to trap the subconscious and put a spiritual element into art.

"Medieval Art," "Expressionism, Abstraction, and the New Image," and "Oriental Art" were topics discussed by speakers and panel members on Friday. Distorted realism to show emotion was expressed in classical and

## Macollege Hosts Five Faculty Conference

Faculty members of six colleges attended the annual Five Faculty Conference held at McPherson College, Saturday, Feb. 11.

Of the 108 people present, 18 were from Kansas Wesleyan University, Salina; 15 from Bethel College, Newton; 13 from Bethany College, Lindsborg; 12 from Friends University, Wichita; 9 from Sterling College, Sterling; and 41 from McPherson College.

Because Sterling became a regular member, the conference will now be called Six Faculty Conference.

Meeting began at 9 a.m. with registration at Friendship Hall in Brown Auditorium. In the general session at 10:15 led by Dean W. F. Geisert, a welcome speech was given by President D. W. Bittinger and two talks were given one by Dr. R. L. Flory entitled "The State Survey and the Private College," and the other by President Arthur Zook, Kansas Wesleyan University, entitled "Legislation and Its Effect on Private Colleges."

A buffet luncheon was served at 12:15 by the Slater Food Service at Arnold Hall.

From 1:30-3 p.m. group sessions were held. "These groups were for the purpose of getting acquainted with others and discussing common problems," explained Dr. Flory.

Members of the McCollege faculty headed these groups.

Next year's conference will be held at Kansas Wesleyan University.

Besides attending sessions, visitors to the convention attended The Minneapolis Institute of Arts. There they viewed permanent collections and special exhibitions of "The Work of Berthe Morisot," an impressionist painter, and "Japanese Prints and Drawings."

Special and permanent exhibitions were studied at the University of Minnesota University Gallery and School of Architecture.

Of the various museums, The Walker Art Center contained the most valuable collections. Paintings and sculptures by masters of the 16-20th centuries were on permanent collection.

**Special Exhibits**  
Special exhibits were "Construction and Geometry in Painting" and "Purist Painting" which showed optical illusions by big areas of color. Exhibits of architectural drawings were also on display.

Guests who participated in the bus tour of Twin-Cities Architectural sites visited domestic, civic, and industrial structures, including works by Wright, Breuer, Johnson, and others.

Other social events were concerts by the Minneapolis Symphony and the Budapest Quartet several receptions, and the Winter Carnival in St. Paul.
