Hall Will Lecture For Cultural Series

By Robert Crab

McPherson College will present Gordon D. Hall in Brown Auditorium as one in a series of programs as part of the Cultural Series. The program will begin at 8 p.m. Feb. 10.

Mr. Hall is a veteran of thirty-one months in the Pacific theater and the Aleutian Islands Campaign during World War II. Since 1946, Hall has been a research student and a consultant in the field of international relations and extremist groups in the United States.

Hall has been a free lance writer with many of his works appearing in such publications as the Harvard Business Review, and the Christian Register. He has written the book, "The Hate Campaign Against the United Nations," which was published by the Beacon Press Inc.

Mr. Hall is also a consultant to the constituent bodies of the National Council of the Churches of Christ and to the National Council which is the official Protestant Church Council in the

United States.

Mr. Hall has been a recent guest on the "Today" show on television and has been featured in several articles of the Saturday Evening Post.

In an article by Roul Tunley published in the Dec. 8, 1962 issue of the Saturday Evening Post, Mr. Hall is described as "A crusader who names names, Hall lectures sidely about the danger from groups that have lost faith in democracy."

Roul Tunley also calls Mr. Hall "A one-man task force, who fails the 'hate boys' with their worst scourge-exposure."

As speaker of national repute, his audiences have included men's and women's clubs, Rotary and Kiwanis, high school, college, and universities, church groups and appearances on national radio and television.

The International Affairs Department of the General Federation of Women's Clubs has said this of Mr. Hall: "Mr. Hall's direct and precise presentation, his ability to capture the undivided attention of his

audience, and to hold them is impressive."

Mr. Hall's topic will be entitled "The Extremist Groups in America" and an exhibition of current propaganda will be on display before and during, as well as after his presentation.

It is also his practice to allow time for question period.

Students who do not have a season Cultural Series ticket will be able to purchase tickets for \$1.25 instead of the regular \$2, by getting them through Paul Wagoner's office.

Scholarships Available For Future Freshmen

A competitive honor scholarship program is again being offered to future members of the 1964-65 freshman class of McPherson College. This marks the fifth year of the program.

"We know that competitive scholarships have helped raise the academic standards here at MacCollege," said Guy Hayes, director of admissions. "Forty-eight per cent of our current freshman class ranked in the upper quartile on the ACT scores."

Competitive honor scholarships with values of \$1000, \$800, and \$600 are available to members of the entering freshman class. The number of scholarships given will be determined by the quality of the applicants.

The amount of the scholarship is spread over the four year college period. To qualify for the total maximum value of the scholarship the student must maintain a "B" average each semester.

Tryouts for the scholarships will be held Friday, March 6, at 1:30 p.m., and Saturday,

March 14, at 8 a.m. The tryout procedure includes taking a series of tests and having a personal interview.

Students who have not previously taken the ACT tests will also take these. In case of extreme hardship or impossibility of attending the assigned tryout times, special arrangements can be made.

Basis for selection of scholarship winners will be high school grades, ACT scores, other tests and scholastic achievement, and the personal interview.

High school merit awards of \$400 each and junior college merit awards of \$200 each are granted to deserving incoming students.

A limited number of music scholarships with a top value of \$400 each are also available. Auditions for these will be held at the same time as those for the competitive honor scholarships.

Musical contestants are to prepare a selection for audition, bring their own instrument unless it is too large to carry, and submit a recommendation from a qualified person.

If circumstances prevent a

student from attending the auditions, other arrangements can be made for talented students.

To retain music and merit award scholarships, a student must maintain a 1.5 grade point the first two years and 2.0 the last two years. Junior college awards require a 2.0 average.
