

# The Spectator

Vol. 48

McPherson College, McPherson, Kansas, October 11, 1963,

No. 5

GRACING THE AREA of Sharp Memorial are four junior women, one of whom will be chosen as Homecoming Queen today. The student body will pick Judy Fox, Sandee Hoover, Carol Christy, or Vida Sue Werner to reign with attendants from the freshman and sophomore classes.

## Coeds Reign At Festivities

Candidates for homecoming queen and attendants will be elected today. All candidates will be introduced at the close of assembly and voting by the entire student body will follow.

One of the following junior class girls will be selected to reign over the home coming activities: Carol Christy, Garrison, Iowa, elementary education major; Judy Fox, Garfield, speech-major; Sandee Hoover, Plattsburg, Mo., mathematics major; and Vida Sue Werner, Winona, English major.

Sophomore class attendant will also be chosen from a field of four candidates. They are Karen Andes, Mound City, Mo.; Mary Ann Bryant, Denver; Marty Mohler, Warrensburg, Mo.; and Sue Stouffer, Wadams Grove, Ill.

Also to be elected at assembly today will be the freshman class attendant. Candidates include Kathy Klenberger, Kansas City, Mo.; Sharon Lowe, McPherson; Susan Mohler, Warrensburg, Mo.; and Dorothy Wine, Billings, Okla.

Results of the election will be announced today, according to Steve Mohler, student body president.

The newly elected queen will be crowned by the retiring queen, Sharon Allen Poff, Wichita. Crowning ceremonies start 15 minutes before the game—Saturday afternoon.

Other activities of the week-end include the presentation of "The Solid Gold Cadillac" on both Friday and Saturday nights in Brown Auditorium; the game

## Assembly Meets This Thursday

Tuesday, Oct. 15 — Chapel Rev. Harold Z. Bomberger, pastor of the McPherson Church of the Brethren, will speak.

Thursday, Oct. 17 — Assembly Paul Wagoner, director of alumni affairs and public relations, will be in charge of a Homecoming assembly.

Merwin Haggood, a businessman from McPherson will preside at a special Homecoming assembly next Thursday.

Instead of an assembly on Friday, the assembly will meet Thursday at 9:35 a.m. The 9:35 a.m. Thursday morning classes will meet Friday morning at the same time.

Mrs. Alma Moore, a Newton High School speech teacher, will speak.

between the Bulldogs and the Swedes of Bethany College, with kick-off time at 2 p.m.; and the Queen's Ball held on Saturday night.

Various organizations and dorms will sponsor displays and floats as-part of the traditional home coming festivities.

## Noted Poet At Ottawa U

John Ciardi, noted American poet, will lecture on the topic, "The Longest Walk in the World," at the Ottawa University Auditorium, Ottawa, next week.

As a part of the Ottawa Concert-Lecture Series Ciardi will appear at 8 p.m., Monday, Oct. 15.

Ciardi has been poetry editor of the Saturday Review for the past seven years, and has recently appeared as host of a nation-wide television series.

His topic at Ottawa will be a discussion of Dante's "Divine Comedy."

## Educators to Converge On Campus for Meetings

Several educational associations will be holding conferences on MacCollege campus next week-end, apart from, but during the homecoming festivities.

"The Role of Liberal Arts in Teacher Education," will be the theme of the College Conference on Teacher Education being held at MacCollege on Oct. 18.

The conference, including all public and private colleges, universities, and junior colleges in the state of Kansas, is being held for the first time at a church-related college.

Dr. John R. Rackley, vice president in charge of resident instruction at Pennsylvania State University, will be the main speaker.

Dr. Rackley received his A.B. and his M.A. degrees in history from the University of Oklahoma. He received his Ph.D. from George Peabody College in Nashville, Tenn.

Between 300-400 teachers will be attending this 14th annual education conference sponsored by the Kansas Advisory Council on Education and the State Department of Public Instruction.

## Coming . . .

Tonight—Chamber of Commerce Dinner, 7 p.m.

Saturday, Oct. 12—Football game at Friends, 2 p.m.

Sunday, Oct. 13—Cultural Series, Wichita Symphony, Brown Auditorium, 3 p.m.

Thursday, Oct. 17—Kansas Association of Teachers Placement Office meeting.

Friday, Oct. 18 — Conference on Teacher Education. Play "Solid Gold Cadillac," Brown Auditorium, 8 p.m.

Saturday, Oct. 19 — Pre-game Homecoming Queen Ceremony, 1:45 p.m.

Homecoming Game, Mac vs. Bethany Swedes, 2 p.m.

Dedication Service — New Men's Residence Hall, 4:30 p.m. "Solid Gold Cadillac," 7:30 p.m.

## Officials Will Name Dorm

Following the Homecoming game Oct. 19, the New Men's Dormitory will be dedicated.

The dedication program will be held in Brown Auditorium, with Harold Mohler, president of The Board of Trustees, presiding.

The invocation will be given by Earl Frantz, director of capital gifts and former president of The Board of Trustees. This will be followed by a program by the Music Department.

Naming of the building will be announced by Dr. D. W. Bittinger, president of McPherson College. The selection of the name for the building will be made by the Trustees.

Ernest Peterson, vice president of The Board of Trustees, will present the building and Steve Mohler, president of the Student Body will give the response.

The dorm will be open for open house from 11:30 a.m., until the Homecoming game begins.

## Wagner to Perform In Symphony Sunday

Irvin L. Wagner, assistant professor of music, will be playing second trombone with the Wichita Symphony Orchestra, when it comes to Brown Auditorium, 3 p.m., Sunday, Oct. 13 for the first concert in the 1963-1964 McPherson Cultural Series.

Professor Wagner is one of 87 members in the Orchestra that is now going into its 20th season.

The Symphony is conducted by James P. Robertson, considered by some authorities as one of the finest young American conductors.

Robertson studied conducting for seven summers with Pierre Monteux at the L'Ecole Monteux and in 1953 he was named by Mr. Monteux as one of the six Monteux disciples of the world.

The Symphony has a regular season of seven concerts. The concerts have become so popular that each has to be given twice.

All members in the Orchestra are professional musicians who engage in other full time vocations. Professor Wagner has driven the 100 mile round trip to Wichita every Wednesday for rehearsals, since he joined the orchestra three years ago.

Before joining the orchestra, Professor Wagner graduated from McPherson in 1959. He received his Masters degree from Eastman School of Music, Rochester, N. Y.

While at Eastman, Professor Wagner played in the Philharmonic Orchestra under the direction of Dr. Howard Hanson, a highly respected American composer and conductor. He also studied under Emory Remington, one of the finest trombone instructors in the world.

Some of the numbers that Prof. Wagoner will play along with the Symphony are "Oberon Overture," by Weber; "Symphony Number 95 in C Minor," by Haydn; "Nocturnes," by Debussy; "Concerto for French Horn in E Flat," by Mozart; and "Capriccia Espagnole," by Rimsky-Korsakoff.

PLAYING INTEGRAL ROLES in the appearance of the Wichita Symphony here Sunday are Paul Wagoner, chairman of the Cultural Series Committee, and Irwin Wagner, who plays second trombone with the Symphony.

## Students Devote More Time To Pranks, Less to Studies

"It's getting better," stated Helen Wang, student from Taipei, Taiwan, in regard to American style food. "I like it now, especially hamburgers, with everything, and spaghetti."

Helen, a graduate of Tunghai University, Taichung, Taiwan, has come to the states to continue her education.

She is attending McPherson this semester to become acquainted with the American educational system, then will transfer to a state university and work toward her master's degree in sociology.

For three years Helen has been planning to come to the states. She is the oldest of five children, and her parents wanted her to have the opportunity to further her education in sociology in the states.

The wide open spaces of Kansas are a new thing to Helen, and the weather—"It's dry here." The lack of fences strikes her as unusual. "Almost all the houses in Taiwan, no matter how modest, have fences."

"Clothes are very similar, but the makeup is very different," observed Helen. "Girls wear much more makeup here. In Taiwan girls do not curl their hair until they are out of high school. They wear lipstick, only for special occasions."

"Very few people have cars in Taiwan. Most of the students use bicycles for transportation;

SOUVENIRS FROM TAIWAN are the focus of attention for Helen Wang, center, in the home of Dr. and Mrs. D. W. Bittinger. Helen, a special student from Taiwan, studied under Dr. Bittinger last year in her home country.

also, there are many buses and taxis."

At Tunghai University all the students must stay in the dorm; however, dorm life is a little different here. Helen is finding that the students are noisier, livelier, devote more time to pranks, and less to study.

However, students will be students anywhere. Helen admitted to climbing over their dorm wall to get in after hours at Tunghai.

A lot of old castles are lying around unused, so students take advantage of the opportunity to explore them.

When they tire of castles they play cards, pool, ping

pong, basketball, badminton, and have lots of picnics, since they are among mountains. Twisting is popular in Taiwan too, along with slow dance, waltz, cha-cha, and rumba. Square dances are held frequently for the students.

Helen saw her first football game when McPherson played Wesleyan, Sept. 27. She enjoyed it but "didn't understand it too well." Soccer is Taiwan's football.

Helen had two classes under Dr. Bittinger when he taught at the Tunghai University last year. The classes, Anthropology and Marriage and Family, were taught in English.

# Present Facilities Adequate For Needed Walk-in Store

Most of us agree that there should be a walk-in bookstore on Macampus as soon as possible. The point of divergence comes with the question of when and where such a bookstore should be put into operation.

The fact that a new college library is in the "talking stage" would convince some that a walk-in bookstore should be put off until the time when it can be incorporated into a new structure.

Although the idea of housing a bookstore in the library would have advantages, I feel that in the overall view, the library would be an inappropriate place to sell paperback books.

First, a library is not customarily engaged in selling books; rather, its purpose is to provide a system whereby books—which the individual does not wish to purchase—may be borrowed for a short period of time.

Second, to house the paperback bookstore in the library would mean that the librarian would have additional responsibilities added to her already heavy load.

This, in effect, would necessitate the hiring of another full-time employee in the library to be responsible for ordering, displaying, and selling the books.

Thirdly, it would be economically unsound to increase the amount of floorspace required for the library when a satisfactory walk-in arrangement could be housed in the present bookstore.

Library space should be devoted to study and research; a re-shuffling of the present facilities in Mohler Hall would satisfy the needs.

Fourth, it only seems logical to have paperback books on sale at the same place where other school supplies are sold. Students would be more likely to browse through the selection of books while purchasing school supplies than when going to the library to study.

There is a natural and understandable hesitation to the idea of tearing out partitions or knocking down walls of a new building such as Mohler Hall.

Although I am not majoring in engineering, it does seem to me that the present bookstore window

could be easily converted into a regular size door without weakening the structure.

The advantages of having a walk-in bookstore on Macampus immediately are numerous. Following are what I consider a few of these advantages.

1. Students could browse through good paperback books at their leisure, selecting books they wish to purchase. This, it seems to me, is the purpose of a bookstore.

2. The intellectual aspect of the college student's experience would be stimulated. We are accused of living in a cultural and intellectual wasteland. This is one chance to do something about it.

3. We would eliminate the inevitable congestion of first floor Mohler Hall. (How would you like to have your office in the middle of a dime store?)

We admit that there are numerous details which would need to be ironed out before such an operation could be initiated.

But, as I see it, this does not indicate that we should postpone fulfilling such an obvious and immediate need when we have the proper and necessary facilities at our disposal. BJJ

# Stuco Suggests Guides For Campus Apparel

By Steve Mohler  
Student Council President

Possibly one of the most difficult tasks of the Student Council is the formation of policies and regulations regarding the general student body.

At McPherson College, this task becomes even more difficult because of the vastly different backgrounds and personalities that must be adapted to the close proximity of a college community.

However, due to the close proximity and to a very legitimate and powerful force called social pressure, it is necessary for us as members of society to follow certain general patterns of behavior in order that the individual's rights are not jeopardized.

It is for this reason—respect of the individual—that the Student Council has the responsibility to form guidelines for acceptable behavior; or to be more specific, at this time, we are concerned about attire on campus.

The Student Council, recognizing this responsibility, feels that wearing apparel is largely a matter of personal taste; and consequently, is very reluctant to affix a rigid set of rules and regulations concerning this matter.

Instead the Council is setting forth a general set of guidelines or suggestions which we feel would—if accompanied by serious, considerate thought—make our campus a more pleasant place to live.

It is our hope that social consciousness will prevent our having to draw up a strict set of rules. If we remember that clean, neat, and pleasant clothing does not have to be the most expensive or the newest, then we have a good foundation from which to work.

More specifically, men might:

1. Wear button shirts to classes and for meals, because T-shirts, sleeveless shirts, and cut-up sweat shirts are not really in the best of anyone's taste.
2. Refrain from wearing cut-off shorts; Bermuda, walking, or knee-length shorts can be very presentable, if worn properly.
3. Remember, socks are a rather standard part of dress, except at beach resorts.

The women might keep in mind that:

1. Hair curlers are extremely distasteful at all times in public.
2. Dresses or skirts are much more pleasant in class and at meal times than slacks or shorts, and that if for some reason it is necessary to wear slacks or Bermuda shorts in the cafeteria, they can be worn in an attractive manner.

## McPherson College:

# Retarded or Accelerated?

By D. W. Bittinger

Sociologists tell us that due to "cultural lag" civilization in general usually operates about thirty years behind the times.

They tell us, also, that our "Institutions" are usually further behind the times than the general public; insitutional emphasis is often a century behind the current need.

We are told that education, particularly higher education, usually educates its students to live in the world of a generation ago rather than the world they are making.

In similar manner, the Church more easily talks about keeping the world as it was than it goes about defining how to help make it what it should be.

Government, it is said, is often a century or so behind current needs. For instance, Kansas has more than 100 county governments; Virginia has even more; would not four counties be enough for either state?

I have been asked to spend a week in Philadelphia in December, in a national, interdenominational church meeting. One of my responsibilities will be to chair three sessions on the church and race relations. I have consented to do this; but really should not my great-grandfather have done this? about 1840?

Where does McPherson fit into this "behind the times" pattern? Is our "retardeness" about average? Or more? Or less? In this framework of thought what about our freshman initiation practices?

# The Scholiast

By Christopher R. van de Velde

(Editor's note: The following article reflects the views of Mr. van de Velde and does not necessarily report the consensus of opinion on the Student Council or the Spectator staff. The report of decisions made by the Student Council, however, is factual.)

With all of the Homecoming events just around the corner, the Student Council set up the committees which will handle the planning and coordination of the various events.

The success of the recent Pep Rally may be a significant sign; it may mean that we actually have a student body willing to make this year's Homecoming a real success.

One big event last week was the decision of the Student Council

to issue a statement concerning campus dress. The obviousness of improving campus dress did not make a remedy easy.

The Student Council, however, passed a general statement with the hope that serious thought and a conscious effort will make any further action on its part unnecessary.

A few schools in the Kansas Central Conference want to see the academic inter-school relations improved. C of E, for example, wants to start a College Bowl similar to the television version, but put on by the colleges themselves.

Southwestern has inquired about an assembly exchange, and a committee is already working on the details.

Some other items that were taken care of last week were the authorization for the Spectator and Quadrangle to purchase a camera.

Permission was granted for the same two organizations to install a telephone.

Meeting time for Student Council was changed from 6:30 to 6 p.m., Wednesday.

A suggestion that vending machines be installed in Dotzour Hall and the New Men's Residence Hall must be approved by the faculty before the Student Council can act.

I have always been taught to believe only one half of what I see and none of what I hear, and a little later this year I may just prove this wisdom of this theory.

I have never seen anything that could not stand at least some improvement, and whenever I am told how good something is, I always begin to wonder.

# We Get Letters . . .

Letters to the editor from students, faculty members, or others are welcomed. All letters must be signed, but the name of the writer need not appear in print.

Letters may be submitted to the editor or placed in the campus mail. Contributions do not necessarily reflect the policy or opinion of The Spectator, the administration, or the faculty of McPherson College.

but uses it as a spring board to more pep and spirit.

Larry Morlan

# Reader Praises Display of Spirit

Dear Editor,

Last Friday in assembly, the student body demonstrated an amount of pep and enthusiasm that has been lacking in previous years.

This display of school spirit along with Dr. Bittinger's challenging talk, combined to give the college one of its better assemblies of the year.

Everyone who took part in this program should be complimented on their fine performance.

One final note: I hope the student body does not let this enthusiasm die (as in the past)

# Student States Tuesday Chapel Answer to Need

To the Editor:

I wish to express my feelings, and what should be the feelings of the entire McPherson College community, concerning Tuesday's chapel program.

Mrs. Glee Yoder, Mr. R. Gordon Yoder, Professor Donald Frederick, Professor Robert Edwards, Professor Paul Sollenberger, members of the Chapel committee, and others who helped should be commended for presenting a truly worshipful service.

It is indeed a delightful answer to a vital need on this campus.

Jim Weaver

# Bulldogs, Falcons Seek To Win Coming Clash

**By Jamie Oxley**  
Friends University in Wichita will host the Macollege Bulldogs tomorrow afternoon at 2 p.m. in an attempt to gain their first victory of the year.

The Falcons will also be out to make their alumni happy, as this game is their all-important homecoming contest.

The Falcons will be especially hungry for this win, as they have never defeated the Bulldogs throughout this ten year rivalry. Last year the Bulldogs were especially harsh, as they won by a 39-0 score in McPherson.

Last week both teams suffered identical 32 - 0 losses. Friends lost to Bethel, while the Bulldogs were losing to Southwestern.

Thus far Friends has lost 4 and won 0, while the Bulldogs have lost 3 and won 1. Besides Bethel, the Falcons have lost to Kansas Wesleyan 27-7, Southwestern 28-7, and Ottawa 68-7.

Coach Bob Moore of the Falcons has only 22 gridders to work with, but the boys he has are big and show a lot of hustle. He is working with twelve lettermen, including 5 linemen.

Returning to the line are: Ben Bennett a 230 lb., 2-year, junior letterman, Norman Cabbage, a 200 lb., 1-year junior letterman, Allen Wise, a 185 lb., 3-year, senior letterman, Ray Lansdowne, a 180 lb., 2-year junior letterman, and Mike Schepis, a 175 lb., 2-year, junior letterman.

Returning to the backfield are:

Carl Hershberger, a 155 lb., 3-year, senior letterman, Larry Rowley, a 195 lb., 1-year, junior letterman, and Jerry Bogie, a 190 lb., 3-year senior letterman.

## Harrison Gains Recognition As Player of Week

**By Jamie Oxley**

John Harrison, 5'10", 170 lb. senior center from Beloit has been selected as the outstanding player of the week.

John was selected because of his fine play at offensive center and defensive middle line backer.

John calls all the signals, and is one of the strong, sure tackles on the Bulldog team.

In all games he has been a standout, both offensively and defensively, and he has sat out only a few minutes of all games thus far.

He confided that he played football for the fun of it. While other students have other hobbies, John has football.

During the summer John worked at a gas service company in Beloit. During the school year he lives on the first floor of the new men's dorm. His major is English and he wants to enter graduate school later on; he will probably teach a year before graduate work.

## Pep Club To Sell Homecoming Mums

Macollege Pep Club will sell mums for Homecoming. The club will also handle orders for corsages for anyone who wishes to buy them.

Mums and corsages may be ordered from Pep Club members beginning Monday, Oct. 14, during the lunch hour and during dinner in the Student Union.

# Soccer Players Moundbuilders Roll Past Bulldogs In Easy Victory

McPherson College's soccer club led by its captain, Niggida Gadzama, won its first game of the year by the impressive score of 7 to 1.

The game was played at Central College against their soccer team. Macollege was well represented.

Outstanding players for the McPherson team were Fred Mugobi and Dionysios Philis who both scored three goals. The other goal was scored by Robert Crabb.

Macollege is looking forward to playing several games this year. Tuesday, Oct. 15, the soccer club is planning to play Hesston College either Tuesday evening here, or Tuesday afternoon there.

**By Wendell Kuhlman**  
Mammoth Southwestern Moundbuilders, led by freshman quarterback LeRoy Blackwell, rolled surely and methodically past McPherson's Bulldogs Saturday night 32-0.

Blackwell accounted for the first four Southwestern tallies with three touchdown passes and a 9-yard run. Powell scored the last 'Bulldog TD on a 5-yard jaunt, and Turner added two extra points.

Southwestern scored in the first quarter on a 45-yard aerial from Blackwell to Ron Baerr, who also caught a 11-yard scoring pass in the third period. Dick Morrison also scored on a 49-yard toss from Blackwell.

McPherson never mounted an offensive threat of their own, and they never penetrated the Southwestern 20 - yard mark. Three pass interceptions and the huge Moundbuilder line kept Mac on the defensive most of the time.

The few bright spots for Macollege were the hard running of Eddie Lee Johnson, and the defensive efforts of John Harrison and Buddy Taylor.

**Statistics:**

Mac: first downs, 7; passing, 7 of 19; rushing, 63; punting, 5 for 185; fumbles lost, 0; penalties, 3 for 15.

Southwestern: first downs, 18; passing, 7 of 16; rushing, 298; punting, 2 for 66; fumbles lost, 2; penalties, 4 for 50.

## League Lists MC Bulldogs

Eddie Lee Johnson, McPherson's fleet 170 lb. halfback is tied for third in the Kansas Collegiate Athletic Conference in individual scoring.

Eddie backs up his four touchdowns with a third place position in individual rushing with a total of 249 yards on 44 carries. This is an average of 55 yards per carry and 83 yards per game.

Another player who has brought honors to Mac is 185 lb. fullback-punter, Bob DeTour. Bob is leading the league in individual punting. He has a three game record of 14 kicks averaging 37.5 yards per kick.

# Power Teams Lead League

Running rough-shod over all competition, three power teams—Ottawa, College of Emporia, and Southwestern continue to dominate the Kansas College Athletic Conference title picture.

Ottawa amassed over 600 yards total offensive to crush Sterling 68-7; C of E smashed Baker 52-7 as Jim Switzer scored four TD's and Bruce Upstill passed for 270 yards; Southwestern shut out McPherson 32-0, with LeRoy Blackwell figuring in four touchdown plays.

Bethany College continued as "the best of the rest" by dumping Kansas Wesleyan 23-7. Bethel defeated Friends 32-0 to even their season record.

Headlining this week's action is the Ottawa-C of E game on Friday, October 11, which very possibly could decide the

eventual conference champion. Wesleyan also plays Baker on Friday.

Saturday's games consist of Bethel at Sterling, Southwestern at Bethany for what should be a good ball game on the Swedes' homecoming, and Mac goes to Friends.

Individual conference leaders through Friday, Oct. 4, include Bill Spillman of Baker in rushing, Bruce Upstill of C of E in passing and total offense, Rich Tesky, C of E, in receiving, Jim Switzer, C of E, in scoring, and Mac's Bob DeTour leads the punters.

Southwestern College leads in team rushing, rushing defense, and total defense. Collge of Emporia ranks first in team passing, total offense, and pass defense. Ottawa leads the league in team scoring.

**Foreverness**

We may have coined a brand new word but how else would you express the permanence of love and at the very same time describe the diamond? Both go together. They belong together forever. May we suggest that you choose your diamond at the store that puts Foreverness into every transaction. We want our reputation for reliability to last forever.

## From the Locker Room

**By Larry Moran**

The following article contains my thoughts on the coaching situation at McPherson College. Although they are my words, the thoughts are held by many others on campus as well as around town.

McPherson College's coaching staff is lacking, not in quality, but in quantity. Two men cannot possibly handle the Athletic Department at the college as it should adequately be handled.

Coach Sid Smith and Coach Don Widrig are doing their best under the present situation to perform their jobs as they should be performed.

Two men find it difficult to be head coaches of football, basketball, track, tennis and golf, besides teaching classes. Coach Smith also serves as athletic director.

Leadership, sportsmanship, ambition, and devotion, number just a few of the qualities that may be gained by each person participating in athletics.

Surely with these qualities coming from the department, sports must rate on an even par with the English, history, or any other department on the campus. Thus, at least three men working in the sports field wouldn't be too much to ask.

## Quiring Directs Props For 'Solid Gold Cadillac'

**GOLD CADILLACS** are currently being seen on campus in anticipation of the dramatic production of "Solid Gold Cadillac" next weekend under the direction of Mrs. Wilbur Yoder, left. Mrs. Bette Quiring, senior from McPherson, takes the responsibility of stage manager.

A McPherson housewife, Mrs. Robert Quiring—better known to students as Bette—is currently stage manager of "The Solid Gold Cadillac."

She is the mother of two children, Barbara, 8 and Bradley, 11. Her husband owns Quiring Furniture in McPherson.

Her plans at Mac are to be qualified as teacher of English, speech and French upon graduation this spring.

She is also active in the Ladies Reading Circle and People To People, and other clubs.

Bette, as stage manager of "The Solid Gold Cadillac" is in charge of the 5 changes of scenery used in the play.

She, along with Mrs. Wilbur Yoder, drama director, are to tie the play together with Betty Varner, Kansas City, Mo., as-

### 'Who Is I' Provides CBYF Meeting Topic

"Who Is I" will be the topic for the College CBYF meeting Sunday evening, Oct. 13, at the McPherson Church of the Brethren.

Assistant stage manager, and Nancy West, Medora, working on scenery.

Carolyn Lehman, Lincoln, Neb., Gay Kile, Garden City, and Karen Oltman, Enders, Neb., work on props. Chris Rhodes, Washington, D. C., is on makeup.

Of the five scenes, two will call for only the drapes. Several backdrops are to be used, including a large mock outline of the United States in a General Products scene.

Another backdrop will be a view of the capital which was constructed by most members of the cast, as well as members of the play practice class.

Jim Weaver and Dennis Davies will be in charge of lighting, with everyone helping during the "much scene shifting."

Two students, who work as announcers for KNEX radio, will portray newscasters in the play. They are Carlos Green, Phoenix, Ariz., and Dick Wilmer, McPherson.

# ACP Judge Rates Spectator A First-Class College Paper

"Extremely well done in a sound, workable manner," was the description of last semester's Spectator given by the Associated Collegiate Press in rating the Spectator as a first-class paper.

Weyland Beeghly from Pierston, Iowa, a sophomore at Mac college last year, was editor-

in-chief of the award-winning paper.

Weyland transferred to Iowa State University at Ames this fall.

Managing editor of the paper was Beverly Judge, senior from Marshalltown, Iowa, and David Anders, senior from McPherson, was campus editor.

Rated especially high by the ACP were the quality of news stories, leads, copyediting, sports coverage, and make-up.

This is the second first-class rating in consecutive semesters for the Spectator. Muriel Gibson, senior from Keota, Iowa, received a first class paper from first semester last year.

All of the editors who have received first class ratings in recent years have been residents of Iowa.

Of the college papers in the

classification with the Spectator, four received first class ratings, and none were given All-American ratings.

Papers are judged on the basis of coverage, content, and physical properties.

Concluding the remarks of the judge was "you're on the right track toward having an outstanding college newspaper."

## College Y's Hold Meeting At Emporia

Merlin Dresher, Mac college senior from Canton, presided over the Kansas District YW-YMCA conference, at Emporia, Oct. 4-5.

Students representing Mac college at the conference were Merlin Dresher, Joe Little, Jim Weaver, Ken Landes, Jay Cannon, and Irven Stern, visiting professor of philosophy and religion and faculty advisor to McPherson College Y group.
