

## Macollege To Offer Eight Night Classes

Starting next semester McPherson College will offer eight night classes.

Monday evening three classes are planned. From 7 to 9 p.m. there will be a one hour course "Seminar on Religion and Science." This will meet on alternate weeks.

A Seminar on Latin America will be offered from 7 to 9:30 p.m. on Monday nights. It is a three hour course and will be taught by Dr. Raymond Flory, professor of history.

Mr. Robert Keim, assistant professor of sociology, will offer a three hour class on the Family on Monday night from 7:25 to 9:50.

Introduction to, and Advanced, Ceramics will be offered on

Tuesday from 7:00 to 9:00 with credit from one to two hours and will be taught by Mr. Gordon Zahrodnik, instructor in ceramics.

Thursday will start a 4:50 three-hour course in Landscaping Gardening which will be taught by Dr. Ward, professor of agriculture. At 7:45 there will be a three hour course taught by Dr. Wesley DeCoursey, professor of chemistry, on Geology. From 7:25 to 9:05 Miss Mary Ann Robinson, assistant professor of art, will guide a two hour course in Christian Education of Youth and Adults.

These evening classes will depend on how many students enroll. If not enough enroll for a certain class, the class will not materialize.

## Model UN To Begin Sat.

Approximately forty students, representing eleven countries will take part in the first session of the model UN tomorrow beginning at 9:30 a.m.

The topic for the first debate is the admission of Red China to the UN, formally stated as: Restoration of the lawful rights of the people's Republic of China in the United Nations. All interested students and faculty members are invited to attend during the session.

Officers for the General Assembly are: President - Terry

Summers; Secretary - general - Ali Kherbek; Parliamentarian - John Treadwell; Secretary - Kathy Parks.

The agenda of the day's activities follows:

9:30 a.m. - Registration  
10:00 a.m. - Orientation session, election of assembly and steering committee officers for next year.

10:30 a.m. - Opening remarks by the President of the Model United Nations. Speech by guest speaker.

11:30 a.m. - Recess  
1:15 p.m. - Seating of delegations

1:30 p.m. - General Assembly  
3:15 p.m. - Recess

3:30 p.m. - Resume debate  
4:45 p.m. - Adjourn

8:00 p.m. - Reception at the student union basement.

### Convocations Calendar

Tuesday November 24 - Dr. Merlin Frantz will be in charge. No Friday assembly because of Thanksgiving vacation.

### Church Events

Morning Worship (10:05 a.m.)

November 22: "The Art of Being Thankful," Rev. Lorell Weiss, guest-minister

November 29: "Is Smoking Really Worth It?" Pastor Bomberger

Evening Worship (7:30 p.m.)

November 1-22: School of Social Concerns

November 22: "What Should Our Church Be Doing About Local economic and Welfare Problems?" Robert Mohler, Chairman.

### Attractions From Surrounding Colleges

Friday, Nov. 20-21 - The senior play "Our Town" to be presented by Abilene High School in the school auditorium at 8:00 p.m.

Friday, Nov. 20 - "My Three Angels", junior class play to be presented at Topeka High School.

Friday, Nov. 20 - "The Man Who Came to Dinner," 8:00 p.m. Buhler High School.

Friday, Nov. 20-21 - "The Miracle Worker," senior class play to be given at the Dickinson County Community High school in Chapman, Kansas.

Monday, Nov. 23, 24, 25 - "Our Town" will be presented by the junior class of Olathe High School at Olathe, Kansas.

Wednesday, Nov. 25 - Art Exhibit, David Hall, Fort Hays Kansas State College, Hays, Kansas.

Monday, Nov. 30 - "No Mother to Guide Her; or More to be Pitied than Censured," will be presented by the junior and senior classes of Council Grove Rural High School at Council Grove, Kansas.

### DeCoursey Attending Chemistry Conference

Dr. Wesley DeCoursey, professor of chemistry, is attending the Kansas City section of the American Chemical Society's annual Midwest Chemistry Conference in Kansas City, Mo., being held Nov. 19-20.

## Religion And Science Seminar To Be Offered

A new course entitled Seminar on Religion and Science is being offered for the first time next semester. It will meet on alternate Monday evenings for two hour periods, and will carry one semester hour of upper - level credit.

The format for the meetings will consist of discussion among students and faculty of an organized sequence of topics relating to the nature of science and religion and the relationships between them. Preparation for the discussions will consist of reading from selected references.

Addition of this course to the curriculum is an outgrowth of the interest of several professors in providing an opportunity for students and faculty who are concerned with the relationship between religion and science to inquire into the matter together.

Professors who will participate in the seminar and direct it are Dr. Wayne Miller, associate professor of speech, philosophy and religion; Professor David Eller, assistant professor of philosophy and religion; Professor Irven

Stern, assistant professor of philosophy and religion; Dr. Wesley DeCoursey, professor of chemistry; Dr. Gilford Ikenberry, professor of biology; and Dr. John Burkholder, professor of biology.

Students interested in the course must make application for permission to enroll. Application forms may be obtained from the Secretary to the Dean. Selection of participants from among the applicants will be based on (1) the apparent genuineness of their interest in developing or deepening an understanding of the nature of religion and science and the relationships between them (2) a scholastic ability that will make it possible for them to do the readings required and be able to contribute to the discussion of them.

## Spec Editor Applications Due Dec. 4

Anyone interested in becoming campus editor of The Spectator is asked to turn in applications by Friday, Dec. 4.

The final selection will be made by the Student Council from the applicants passed by the Board of Publications. The new campus editor will be named before the Christmas vacation.

He will be involved in editing The Spectator for three semesters. The first semester the student is in charge of the reporters, as campus editor. During the second semester, the editor writes headlines and copy-edits all the stories. The third semester duty is to be responsible for the overall work of the staff. A salary of \$150 is paid to the managing editor, and the editor-in-chief receives a salary of \$100. In addition the editor-in-chief is eligible for a \$100 bonus, if the paper shows a profit.

Applications may be submitted to Mrs. Jackie Raymond, faculty advisor, or to Jerry Barrows, chairman of the Board of Publications.

### Thanksgiving Recess To Begin Tuesday

A five-day recess has been scheduled for this Thanksgiving. The recess will begin at 5:00 P.M. of Tuesday, Nov. 24, and will end the following Monday, Nov. 30, at 7:45 A.M.

### Food Comm. To Hold Preference Survey

Food Committee of the Student Council will conduct a Food Preference Survey on Monday, Nov. 30.

Food Preference Surveys determine, through IBM processing, an acceptability rating for various food items and categories.

The survey will be used by Slater Food service in determining content for future menus.

The food committee has set Dec. 10, as the date for the Christmas Buffet. Off campus students and faculty members are invited to attend. The price will be \$1.00 for adults and \$.50 for children under five.

### Coming . . .

Friday, Nov. 20 - Dress-up night for supper. High school presents "Mr. President" in Brown Auditorium.

Saturday, Nov. 21 - Final performance of the high school play, Skating Party.

Tuesday, Nov. 24 - Thanksgiving recess begins at 5:00 p.m.

Thursday, Nov. 26-29 - Brethren Student Christian Conference at Juniata College.

Monday, Nov. 30 - Thanksgiving recess ends 7:45 a.m.

### Choirs To Give Concert Dec. 4

A Cappella and Chapel Choir will present Joseph Haydn's "Third Mass (Lord Nelson)," Dec. 4, at 8:00 p.m. in Brown Auditorium.

Except for the opening "Kyrie eleison," the choirs will perform the Mass in an English translation.

Haydn's "Nelson Mass" consistently reaches a level of inspiration which is perhaps above and beyond that of his best instrumental music.

### WPA Week This Week

This week is W.P.A. week on campus, as every male probably knows by now, and there are two more nights to take advantage of it.

As events have gone so far, Monday night was a study date, Tuesday night, coke date; Wednesday night, the S.U.'s special on snooker; Thursday, Ku Ku night; Friday night, a pizza supper; and tomorrow night the U.N. Dance in the S.U. basement with decorations and refreshments along the international theme.

W.P.A. means "women pay all" but from the looks of things they're not paying too much. Latest statistics show that the whole week's activities amounts to upwards of about 99c, not bad.

All boys who lived on second floor Metzler last year will recognize this huge hunk of Turkey being held by Dick Welch, Walt Miller, and Charlie Horner. That Turkey was one of the four little fowl that followed Dick around every morning for exercise and kept everyone on the floor awake all night with their constant gobbling.

## Pet Turkey Becomes Thanksgiving Feast

By Ron Cassidente

What started out as a paternal project on the part of Dick Welch, Delphi, Ind., and Charlie Horner, Carleton, Neb., has ended up as a cooked goose on the part of Thanksgiving gobblers.

The entire gobbler caper started last year two weeks before Easter when Charlie Horner and other members of a Poultry Husbandry class were given five baby turkeys.

Charlie and Dick were the only two fellows in Metzler who really liked turkeys, so they took on the unending job of playing mother and father to them.

The five little ones took to the Metzler surroundings like old pros, and soon one could see baby turkeys noisily following Dick or Charlie to the showers.

The hectic life of a college dorm proved to be too much for one of the little turkeys, and one morning Dick found it lying beside its box with a broken leg. After many attempts, the two first-aiders found it impossible to properly splint a turkey's leg, and soon it became

necessary to put it away.

Four turkeys remained, and they were promptly shipped off to Carleton, Neb., where Charlie Horner's father took over the job of raising them.

Little was heard from any of the growing turkeys until last weekend when Charlie and Dick went to Carleton to view the crop.

All four of the traveling turkeys were found to be healthy and happy, and one of the biggest ones was again wrapped for shipping (this time in a gunny sack) and brought back to Mac.

Since this turkey was to grace the Welch dinner table on Thanksgiving, Dick decided to have it butchered and cleaned here in Mac before he took it home.

Unhappily, turkeys are not processed in McPherson on weekend, and since the turkey was now too big to stay even one night in Metzler, the boys found they had to dress it themselves.

Since Charlie had become quite attached to his turkey friend, Walt Miller, Scott City, was asked to help Dick with the last rites.

## Mac Crushes Sterling 26-7 To Win Final Game

By Ronnie Murphey

McPherson Bulldogs crushed Sterling 26-7 in the last game of the season. The Mac Bulldogs have ended their season this year with a 4-5 record, the best record that Mac has had for the past two years. Sterling ended their season this year with a 1-8 record.

Scoring first for the Bulldogs was Duane Pope on a pass in the first quarter. Mac scored again in the second quarter to give us 13 points but we couldn't hold Sterling as they traveled towards Mac's goal line for a score. The score at half time was 13-7 in the Bulldogs favor.

McPherson came out the second half with a lot of fire as they marched across Sterling's goal line once in the third and again in the fourth quarters to give Mac their 26 points. They held the Warriors with no touchdowns in the second half with the ending score 26-7.

Duane Pope started the scoring for Mac on a 12 yard pass from Bob DeTour. The extra point was added by DeTour. DeTour then ran 23 yards for

Mac's second touchdown, the extra point was missed. In the third quarter Buddy Taylor went 8 yards for another touchdown with the extra point being kicked by DeTour. John Chance dove through the line from 5 yards out for Mac's last touchdown with the extra point ed.

Scoring for Sterling was Al Spotts on a 5 yard pass from Terry Woodbury. The extra point was added by Parker Smith.

Nick Petrucci lead the Bulldogs in the most tackles with 13. Tom Reazin was next with 11. Tom Brubaker got 7, and Ed Johnson, Dale Prochaska, and Laurel Patrick each had 5 tackles.

Some of the team statistics are as follows:

	Sterling	Mac
First Downs	7	20
Passes Attempted	17	10
Passes Completed	6	5
Passes Intercepted	0	1
Yards gained	70	319
Fumbles	2	1
Fumbles lost	1	1
Penalties	2	6
Yards lost	22	51

## Warner Places Fourth In Cross Country Meet

Three runners from McPherson competed in the KCAC conference cross country meet held on the Friends University campus last week.

Lynn Warner, junior from Union, Ohio, finished in fourth place, high for the MacCollege competitions. Stan Rodabaugh, freshman from Lanark, Ill., finished 14th and Dan Zinn, sophomore from Huston, Texas, finished 26th.

A total of forty runners competed with the five from Southwestern winning with a low score of 34 points. Ottawa captured second place with 39 points, Sterling was third with 78, Friends fourth with 92, Bethel fifth with 118, and Baker sixth with 134 points.

Points are figured with one for first place, two for second place, three for third place and so on down the line.

## Team Elects Taylor Player of the Week

Sly, but quick, Buddy Taylor was selected as player of the week by the Bulldogs. He was chosen for his excellent playing against Sterling as quarterback.

Buddy stands 5 feet 11 inches and rocks the scales up to 175 pounds. He played football at Thomas High School for four years and lettered three years. This is his third year of playing ball for Mac and has lettered twice already. He is a junior from Thomas, Okla.

After graduating, Buddy plans to teach his major, history, and be a coach. He is taking First Aid, History of Kansas, American, Diplomatic History, Football Fundamentals, Methods of Teaching Recreational Sports, and Introduction to Education.

Buddy says, "If all the guys that don't graduate from this year's team come back next year, we should be in the top five teams of the conference in the final standings. The difference in this year's team and last year's team was mainly the desire of the team and more experience for the majority of the players. I thought we

had a real good team effort. The boys that are graduating this year will hurt us some, but there were quite a few boys sitting on the bench that will help take their place.

In Buddy's senior year he was the quarterback on the State Champion-team in his division.

Buddy Taylor

# Reazin Elected Bulldogs to Meet Player of Year Bethel Dec. 3 At Moundridge

Tom Reazin, 6', 190-lb junior from Lyons, was named Player of the Year by the McPherson College football squad. Tom was elected Player of the Week following the Bethany game, and he also won a pair of shoes for making the most tackles in the Bulldogs' opening game.

Reazin made 78 tackles this season, nearly 9 per game. His outstanding defensive ability, his consistent contribution to the team effort, and his great enthusiasm—on and off the playing field—make him a worthy choice for this honor.

Tom's ready wit livened otherwise routine practices, but this same wit was analytical enough for him to call defensive signals throughout the year.

Reazin, however, with all his many attributes, refuses to take himself seriously. True to form, he said he was "really surprised" when his name was announced by Coach Smith as the squad's choice.

McPherson's 45 record and

fifth place finish represent their best season since Reazin has been here, but makes the characteristically optimistic prediction that "We should have a better season next year than we had this year, provided that everybody who does not graduate comes back next year."

Tom Reazin

## Manager Helps Make The Team

By Ronnie Murphey

Playing football is a lot of work but it is not all of the work in making a team. Managing and keeping the statistics are also hard work.

Benny Steward, football manager this year for the Bulldogs, is a sophomore planning to teach industrial arts. Benny stands 6 feet 1 inch and weighs 195 pounds. He is from North Caroline High School in Denton, Md., where he served as the manager for track his senior year and got a letter as manager in one year when it usually takes two.

Last spring Benny was the manager of track; he took the Cramer Correspondence course for student trainers last summer.

Benny says, "A manager just about has to be a doctor, seamstress, shoe smith, mechanic, and most important, he has to be a friend to all of the players."

Benny likes managing because it lets him participate (indirectly) in sports and because he likes sports and being around the players.

Coach Widrig says, "Benny has a lot of hustle and has everything in order for the games. He is around when a person needs him and is always on time for the practices and

the games." "Managing is a thankless job," he continued. Benny has about as many bosses as there are football players. A person has to take a lot when he is the student trainer."

Les Bloom, freshman, Midland, Mich., is one of the kids that keeps the statistics for the Bulldogs. He attended high school at Ridgeley, W.Va., where he was statistician for three years. Les keeps records on the number of tackles each player gets in a game and also the number of quarters that each player plays per game.

Charlie Dadisman, who also helps keep statistics, weighs 165 pounds and stands 5 feet 9 inches. However, Charlie keeps records of every offensive play in a game. A junior from Nevada, Iowa, he attended the Colorado Community High School in Nevada, Iowa.

This is Charlie's first year of keeping statistics. However, he played basketball in high school for four years and lettered three years. Before coming to McPherson, Charlie attended Central College in Pella, Iowa.

By Tim Bomberger

An important date for the members of the basketball team is Dec. 3 when the Bulldogs will travel to Moundridge to play in the annual Moundridge Tournament.

The three teams, besides McPherson, which have been invited are Bethany, Bethel, and Tabor College. This year the McPherson College Pep Band will have the honor of being the official band for the tournament.

On Thursday evening, Dec. 3, McPherson will meet Bethel at 7:00. Tabor and Bethany will then play at 9:00. On Saturday evening, the winners of Thursday's games will meet in the

championship game.

Tickets for the games can be obtained from the cheer-leaders or pep club members. Admission price will be \$1.00.

Coach Smith commented that he expects this to be a very rough tournament for the Bulldogs. Bethel will have its nucleus of last year's team back and Tabor will also be playing with most of last year's team. Bethany will come to the tournament with a very tall and experienced team.

Last year the Bulldogs won the tournament and will be out to do it again this year. For a team to win the coveted trophy, it needs to win the tournament three years in a row.

McPherson has never won the trophy, although in 1952 and 1953, they came close by winning the tournament twice in a row. Bethany and Bethel are the only teams that have been able to win the trophy.

Following is a list of the past tournament winners:

- 1951-Bethany College
- 1952-McPherson College
- 1953-McPherson College
- 1954-Bethel
- 1955-Bethel
- 1956-Bethel
- 1957-Bethany
- 1958-Bethany
- 1959-Bethany
- 1960-McPherson
- 1961-Bethany
- 1962-Bethany
- 1963-McPherson

## Sport News

By Wendell Kuhlman

Ottawa and Southwestern soundly thumped their staunch rivals to share the KCAC championship.

Ottawa scored twice in the final period on long passes from Ed Buzzell to top Baker 20-7, and Southwestern crushed College of Emporia 32-7. The losers finished in a deadlock for third in conference standings.

McPherson's 26 - 7 win over Sterling coupled with Bethel's upset of Bethany 14-7 gave the Bulldogs sole possession of fifth to round out the first division. KWU beat Friends 21-7 to tie the Swedes.

Final Standings in KCAC,

1964:	
Southwestern	8-1
Ottawa	8-1
C of E	7-2
Baker	7-2
McPherson	4-5
KWU	3-6
Bethany	3-6
Friends	2-7
Bethel	2-7
Sterling	1-8

Before You Buy, Give Us A Try

Bryce Ygrk and Dennis Davies work hard at setting up the lighting for productions held in Brown Auditorium.

# Davies, York Light Crew

By Doug Rapp  
If one were to ask sophomores Dennis Davies, Pandora, Iowa and Bryce York, Hope, Kansas, what they had to say about Sabrina Fair, they might be heard to remark, "It was a 28,000 watt hour production from \$10,000 worth of equipment." Translated this would mean "A lot of work."

Dennis and Bryce are the lighting crew for all McPherson College drama productions. They also see some service on cultural series concerts and other miscellaneous programs.

In the Sabrina Fair Production alone they each spent 36 hours working out the lighting system in the week prior to curtain night. That works out to over 7 hours a day.

Commenting on the job Bryce said, "Most people think of lighting as flipping on a switch when you want it and flipping it off when you don't, but there's a lot more to it than that!"

Both boys worked with lighting systems in their high schools and are in their second year of service here at McPherson.

"I've always been interested in this sort of stuff," Dennis said; Bryce added, "The only

real reward is the personal satisfaction we get from it".

When the Burke family was at Mac, Mr. Burke was very enthusiastic about the lighting techniques used here saying, "They are better than we've gotten from many professional theaters, excluding of course New York's Radio City Music Hall."

"We're always looking for recruits to help us out," the boys said, "there's plenty of current action around here that needs to be turned on."

**Bittinger Returns To McPherson Nov. 17**  
Dr. Desmond W. Bittinger, President of McPherson College, who underwent major surgery on Oct. 9, returned to McPherson Nov. 17. He is expected to be on campus shortly.

**Arnold Hall to Hold Open House Nov. 22**  
Arnold Hall will hold open house Sunday, Nov. 22, from 2:00 to 3:30.  
All students and visitors are invited to attend. Refreshments will be served with Boyd Eby, freshman from Dayton, Ohio, in charge.

## Reading Course To Be Offered

Starting second semester, a special Reading Improvement Course will be offered to all Freshmen and Sophomores on a trial basis. This course is designed to help students overcome difficulties and problems they have in reading.

This elective course will be taught by Dayton Rothrock, professor of education and psychology, and will meet two hours a week, on Monday and Wednesday at 10:30 a.m. Since this is a special course, no credit will be offered and the fee will be \$15.

Since the biggest per cent of drop outs in college is caused by reading difficulties, the value of good reading habits can not be overemphasized. Good reading ability is also the best single predictor of success in college.

This reading improvement course will emphasize improving reading comprehension and speed, the most important skills needed in doing college work.

A reading test will be given to all freshmen in their English classes to determine if they should enroll in this course.

## Science Professors At Topeka Nov. 14

Three Maccollege science professors, Dr. Wesley DeCoursey, professor of chemistry, Dr. Gilford Ikenberry, professor of biology, and Dr. John Burkholder, professor of biology, attended the conference sponsored by the Kansas State Teachers Association and National Science Foundation in Topeka on Saturday Nov. 14.

Principle speaker at the conference was Dr. Lee A. DuBridge, president of California Institute of Technology.

## Knights Adopt Girl

Mr. and Mrs. James Knight adopted a daughter, Alice Nan, born Saturday, Oct. 31.

Mrs. Knight, the former Pauline Hess, graduated from Maccollege in 1953. She is the daughter of Maurice A. Hess, former professor of English at Maccollege from 1919-1957.
