### JUST ONE, PLEASE

It is necessary that a few words be said regarding the distribution of the Spectorator. Several complaints have come to us already that persons entitled to a paper have not been able to secure their copy because some other person had taken more than his share. Even one person was known to take as high as five copies at a single time and thus there were four persons deprived of a paper. A copy is printed for every subscriber as well as every student who has paid his tuition at the general office. Consequently when some student takes more than one some other person is robbed of his. So we use this opportunity to kindly ask you to take only one copy. If you wish to send a copy to your friend, send him yours after you have finished reading it, but do not take more than the one to which you are entitled, please.

The friendly rivalry which was prevalent at the County Tournament games was far above the type that is ordinarily seen at such events. Equally great was the splendid support given the teams by the rooters.

### TWO AMERICAN STATESMEN

During this month America celebrates the birthdays of two of her greatest statesmen—George Washington and Abraham Lincoln—the one the father of his country, the other the savior of his country. These two great patriots whose services to their country stand out in bold relief were advocates of the democracy which we are privileged to enjoy today and as long as this republic lasts their names will always be adored and revered.

### OUR FELLOW STUDENTS

As we go about our school activities I wonder how many of us think of our fellow students in Europe, who are in very dire need of our assistance?

The great financial crisis which has spread over many of the countries of Europe has caused such an impoverished condition among the students that many of them have to live in quarters that are decidedly detrimental to health. Many an earnest seeker after knowledge subsists on a few dry crusts of bread each day. Students living in such a hampered state of affairs cannot become future leaders of their countries without foreign aid.

It is up to the American students to help their comrades across the Atlantic. Perhaps the distance between Europe and America enables us to dismiss the need from our minds, but nevertheless, the need still exists and is worthy of much sacrifice on our part. Will we go by on the other side or will we be "Good Samaritans?"

Don't buy that hershey—donate it dime-day.

Matthews Millinery Shop will open on Tuesday, Feb. 21.—Adv.

### WE SEZ 'THIM SETTIN' NEXT T'US

I have decided to have loquacious St. Whiffletree's funeral tomorrow. Any one wishing to assist may send bricks, rocks, and other similar bouquets.

Speaking of rooms in the dormitory, it's perfectly all right to live in a house by the side of the road but it's rather inconvenient to be bothered by so many people that run out of gasoline.

We notice at so many public affairs. Quotations are present so often accompanied by Miss Quotations. Hear ye! Hear ye!

It's all right in conversation, but in recitations and reports in class "don'ts" with singular third person pronouns seem to jump out quite frequently. We do not bridle the tongue with a strong harness of an active mind!

### OURSELVES VI As To Humor

So many times as one crosses the campus, enters a class room or gets buffeted about in the halls after chapel, one hears things said that are intended to be humorous. Sometimes the intentions are realized and other times they are not. One might add that if they are not they are disgusting.

But by what right do we throw stones at other peoples' sense of humor? No rights. We do not mean to do such a thing. That is not our purpose. Go ahead! Crack your jokes and spill your wit—and we will do the same. It will do us both good. We do like to see others develop, don't we? Only this—do not be offended or hurt if we (publicly speaking) do not laugh at your humor.—X. Y. Z.

### NEW YORK MARVELS AT ART OF BIRGER SANDZEN

McPherson College Students have shown some interest in the art of Birger Sandzen who is now coming into his own. We have, through the interest and appreciation of two of the out going senior classes (one academy and one college) acquired two very fine oils and a few lithographs by this artist and some of us at least appreciate this beginning of a collection which should be added to each year through some definite plan.

Prof. Sandzen has only exhibited outside of his immediate community for about five years so that due to his now wide recognition, the local people will not much longer be able to purchase his masterpieces at the very low figures he has accepted in the past. For those who may wish to possess one or more of these works of art it would be well to purchase them before the advance in price that must follow wide recognition of a genius.

The following is from American Art Notes.

"All the reports of the brilliant qualities of the art of Sven Birger Sandzen that have come to us from the west, where he has been living and working since 1894, are more than justified by the first comprehensive exhibition of his works now in New York, at the Babcock Galleries. To those who know Sandzen only through an occasional canvas, a surprise is in store. His work in water color, wood-cuts and lithograph, groups in each of these mediums being included, makes him stand out as a bigger and more rounded personality than even report has made him.

"This painter has ranged pretty much all over the desert and mountain country in Colorado, New Mexico and Kansas. He has seen that land in a big way, both as to form and color, and has painted it in a manner as broad as his themes are big. The appeal of these elements of breadth of space and brilliancy of hue is irresistible, and they lift the spectator up and out into a world austere empty of human life but filled with warm airs and vivid sunshine."

Ten dimes—One pair of shoes in Russia.

Uncle Abe says: "If a thing ought to be done, somebody will do it; but it's discouraging sometimes to see how long the doing is delayed."

Send the Spectorator home.

### SYMPHONY ORCHESTRA COMMIT TO BE PRESENTED BY LADIES FEDERATION OF CLABS

Program Will Be Given At Opera House Friday Night.

The McPherson College Symphony Orchestra, assisted by Mrs. Forrest Gaw, soprano, Miss Alma G. Anderson, reader, and Mr. Leslie Scoville, violinist, will give a concert at the Opera House Friday night, under the direction of the Ladies Federation of Clabs. The entire program is of standard grade and the orchestra has been rehearsing four hours a week to prepare for the rendition of these numbers. No one should miss the opportunity of hearing this high-class concert.

The representatives of the orchestra from the city call attention to the fact that McPherson College now has an orchestra equipped as well as any in the state. They have given it their support. Now the Ladies Federation asks your hearty co-operation in putting over something which they consider worth while. Tickets will be on sale at 35, 50, and 75 cents.

Below is printed a copy of the program that will be rendered:

(a) Nation Emblem March Bagley  
(b) Norma Overture Bellini

II  
(a) Sextette from Lucia Verdi  
(b) Melody Priml  
(c) Anvil Chorus Verdi

III  
(a) Berceuse Brahms  
(b) Kiss Waltz Arditli  
Mrs. Gaw.

IV  
(a) Reading (Selected) Miss Anderson

V  
(a) Adagio Elegique Uhe  
(b) Caprice Venouse Kreisler  
Mr. Scoville.

VI  
(a) Waltz Danche Waves Ivanonoff  
(b) Call of Bagdad Overture Boldieu

### Exchanges

Oklahoma Agricultural and Mechanical College is offering a short course of six weeks in cleaning and dyeing.

The Bethany chorus which gave concerts in Oklahoma City, Feb. 8-9 met an enthusiastic audience and a full house. Many people were turned away from the final concert.

LaVerne College is building a new gymnasium. It is not finished yet, but a big double-header basket ball game was played on the floor the second week in February.

Dr. F. C. Allen, coach at K. U. is recommending some changes in basket ball rules. There is much sentiment now in favor of the abolition of the free throw but Dr. Allen does not favor this change.

Missouri holds first place in the Missouri Valley Conference with Kansas running a close second.

Three hundred students attended the State Student Volunteer Conference held at Ottawa, Feb. 10, 11, and 12. Washburn with thirty-four delegates had the largest representation.

The Kansas University wrestlers met a rather decisive defeat at the hands of the Oklahoma "Aggies" Feb. 2. The Jayhawkers failed to gain a single decision in the 54-6 score.

Baker University celebrated its 64th anniversary on Saturday, Feb. 11. Dr. Kirk, President of Southwestern College, gave an address. An interesting program and banquet helped to make the occasion enjoyable.

Adams-Buell, celebrated American pianist, gave an interesting program at Baker, February 10.

The Trustees of Kansas Wesleyan are contemplating the construction of a new administration building.

Kansas Wesleyan won a double victory from Sterling last Monday evening. The Wesleyan negative team won at Sterling by a 2-1 vote while the affirmative won a unanimous decision on their home floor. In the dual debate between Fairmount and Friends both negative teams were victorious.

The highest score made in the psychological examination given to 549 K. U. freshmen last fall was 217 points out of a possible total of 230. The average score was 159.2 points.

Ten dimes given on dime day will give a breakfast to fifty students.

### "MARY JANE'S PA" PRESENTED BY GILSON PLAYERS IN A CREDITABLE MANNER

Wednesday night the Gilson Players of Emporia presented Edith Ellis' three-act comedy, "Mary Jane's Pa" at the Opera House. The Players gave the delightful play in an admirable fashion. Mr. Gilson's acting as the respectable and verbose tramp was exceptional. His daughter, Miriam Gilson, was certainly worthy of special mention for her acting was so natural and devoid of self-consciousness. Miss Graves was a calm and sedate Portia. Mr. McClure did good work as the talkative Watkins. Mr. Wilhite looked and talked more like a high school junior than a barnstorming actor. Mr. Briggs, the handsome candidate, reminded us of the days when Francis X. Bushman was so popular.

The Players kept a good "balanced" stage. They were careful to speak distinctly—except Miss Carroll as Lucille. There were some very wonderful moments that were excellently played, particularly the scenes of Mr. Gilson and his daughter, and Mr. Gilson and Miss Graves.

Mr. Gilson is at the head of the Expression Department at the Kansas State Normal School with Miss Graves as his assistant.

Paul Kurtz recently had the unique experience of eating his first waffles. When questioned as to how he liked them he replied: "Oh, they are alright for civilized folks but not for Dutchmen."

Don't dodge dime day!

### Have Faith in Folks

When the road ahead looks gloomy  
And the skies have lost their blue,  
When problems grow more knotty  
And you feel gum-through and through.

Brace up and square your shoulders  
Don't lose your store of cheer;  
Just know you've friends about you—  
Have faith in folks, my dear!

Don't let your courage weaken  
Don't let the worries come  
There's a heap of sunshine hiding  
Behind the clouds of gloom.

There are heaps of cheery people  
You'll find them always near—  
And they're always there to help you,  
Have faith in folks, my dear!

You don't know what you are missing  
When you think the world's gone wrong;

For then you get so gloomy  
And there's discord in life's song.  
So be a bit of rainbow  
And reflect a ray of cheer,  
Don't forget the friends about you—  
Have faith in folks, my dear!

Variety—

### Personal Items

Don't dodge dime day!

A quartet composed of John Mohler, Samuel Merkey, Samuel Maus, and Jacob Yoder sang at the city hospital Sunday morning.

Mr. and Mrs. H. C. Long and Vivian Long were dinner guests of the Spurgeon sisters Sunday.

Iva Curtis gave a dinner to Misses Ekblad, McGaffey, and a friend from Lindsborg Sunday evening.

The girls' gymnasium classes are the recipients of a fine new volley ball which is the gift of Rev. and Mrs. Oliver H. Austin. Many thanks.

Mr. and Mrs. Sam Ebbert and little son, William Kurtz spent Saturday visiting friends on the Hill. Mr. Ebbert is teaching at Kinsley, Kansas.

Misses Edith McGaffey, Olive Holmes, Winona McGaffey, and Maxine McGaffey, Mr. and Mrs. Vilain Betts, Mr. and Mrs. Henry R. Stover, Foster Hoover and John Daggett breakfasted at the Sand Pit Sunday morning.

Miss Naomi Fasnacht is ill with the grippe.

Roy P. Hylton filled the pulpit at Monitor Sunday morning and evening.

Rev. and Mrs. O. H. Austin were Hill visitors last week.

Miss Ruth Kilmer has been unable to attend classes because of illness.

Miss Helen Garst was hostess to Miss Mabel Fleming Saturday night and Sunday.

Misses Vinita Hawthorne, Marguerite Barker and Evelyn Roberts were campus visitors Thursday. Miss Barker attended M. C. last winter.

Mrs. O. H. Feiler from Navarre visited her daughter, Carrie, last week.

Cele McAvoy, Ruth Miller, and Nellie Derrick were hostesses to the grippe last week. We are glad to report them greatly improved.

Mr. and Mrs. Wiggins from Little River visited their son, Dorwin, Thursday and were dinner guests with Matron Trostle Thursday evening.

Mr. and Mrs. Enoch Derrick of Abilene motored to McPherson Thursday to take care of their daughter, Nellie, who has been ill. They are guests in the Hershey home.

The following announcement written by Sam Merkey appears on the bulletin board: "The Family is Here" Might there be a reason.

The Southwestern Basket Ball girls were dormitory guests at dinner and supper Friday. The Windom High School boys were guests of Ruth King and Olin Ellwood at the dormitory dining hall Friday evening.

Misses Olive Howard, Alice Olsen, Mayme King, Marietta Byerly and Maxine McGaffey and Messrs. Foster Hoover, Jesse Carney, Edgar Stauffer and Dorsey Hoover were entertained at dinner last Tuesday evening in the H. D. Michael home.

Prof. Chas. Dean from Kamona and Prof. and Mrs. Ray Cullen from Windom were McPherson College visitors Friday.

Ira, Roy and Everett Brammell were called to their home at Oswego last Friday on account of the death of an uncle, Earl Fisher on his way to Missouri to visit relatives accompanied them most of the way.

"Walk Over" to town—give the dime on dime day.

Matthews Millinery Shop will open on Tuesday, Feb. 21.—Adv.

### DEBATE CLUB DISCUSSES MOVIE QUESTION.

The College Debate Club last week argued that the modern movie is more beneficial than detrimental. The benefits were discussed by Irvin Ibrig and W. W. Gish. The detrimental influences were presented by Roy Terflinger and Henry Stover.

The question hinged upon the movie not as it can be made or even the present exceptional uses in schools and churches but upon the average of the sum-total of all uses. The affirmative based its case upon the educational and industrial uses and upon the supposition that no movies would result in worse forms of evil. However, the question was not one of abolition but actual present status. The negative presented the physical evils, immoral influences, and criminal suggestions leading to crime.

The audience voted for the negative as well as the three judges. The movie question is one not of abolition but one of eliminating wrong influences by censorship and making it what is possible in achievement as entertainment and instruction.

### Socials

Saturday night, February 18, Professor and Mrs. J. W. Deeter opened their home on East Euclid Street for a party to a number of M. C. people whose birthdays all happen to fall in March and all of whom were born in the same year. (Year deleted by the censor.) An elegant seven o'clock supper was served, after which the evening was spent in pleasant conversation. The celebration was held in February because Rev. and Mrs. Austin are soon to leave McPherson to be gone some time. Those present were Professor and Mrs. J. W. Deeter, Dr. and Mrs. D. H. Hoover, Rev. and Mrs. O. H. Austin, Professor and Mrs. R. E. Mohler, and Professor and Mrs. E. L. Craik. It was voted to send greetings to Professor and Mrs. C. L. Rowland of Huntington, Pa., since Professor Rowland is of the same age.

### FACULTY DOINGS

Prof. Maurice A. Hess went to Dodge City Thursday to act as judge on debate between Dodge City and St. John High Schools. The question related to granting independence to the Philippine Islands. The decision resulted in two to one for Dodge City.

Prof. J. A. Blair acted as judge of a high school debate between Buhler and Walton at Buhler Thursday evening. The question debated was the same as that at Dodge City. The decision was unanimous for Buhler, whose team debated the affirmative side of the question. It is interesting to note that Professors Blair and Hess have never once been on the losing side in any debate they have judged. Superintendent Martin of Newton was also one of the judges at Dodge City. He holds the remarkable record of being on the winning side every time for eighteen years.

Dr. Kurtz delivered his lecture "The Meaning of Culture" to the Kansas City Bankers' Association Friday evening. He reports eating half of a gulinea himself. Monday evening he delivered his lecture: "The Human Problem" to the Knife and Fork Club of Kansas City. This Club secures the biggest men of the country to lecture to them at their monthly banquets. Among those preceding Dr. Kurtz were the late Viscount Bryce, Woodrow Wilson, William H. Taft, David Starr Jordan, and Lord Northcliffe.

Prof. Yoder went to Navarre, Kansas Saturday evening where he appeared on the regular lecture course of that town Saturday evening. Sunday forenoon he preached in the Church of the Brethren there on, "The Missions of the Church of the Brethren in Foreign Fields"; in the evening on "The Influence of Missions on World Progress."

Dr. Harnly, Prof. Hershey, and Prof. Nininger attended the annual meeting of the Kansas Academy of Science Friday and Saturday at Manhattan. Dr. Harnly appeared on the program in a lecture on "The Banyan Tree."

The old believe  
The middle aged suspect  
And the young know  
Everything.

Heavenly Hash vs. Helping Humanity.

### Y. W. C. A.

In Y. W. Wednesday morning Winona McGaffey, who was the delegate of the McPherson organization to the Student Volunteer Convention, which convened at Ottawa last week, gave us a very good report of the meetings that were held there. Ada Correll followed this with a brief report of our financial standing and then officers were elected for the new year.

### JUST A HINT

"Three rooms in the new dormitory for girls to be built at Washburn College will be given to the College Y. W. C. A. for use, and will be fitted up at the expense of the student association. The rooms will be an office or cabinet room, an assembly hall, and a kitchenette. The association will have three years to pay for the furnishing of the rooms."—This seems like a fine idea. I wonder what McPherson College can do for her local Y. W. C. A. when the New Science Hall is built and there are vacant rooms in Sharp Hall?

### Y. M. C. A.

There are three requisites to a successful "Y" program, or any program for that matter, viz.: a speaker, an audience, and reciprocity. I mean by the last quality a mutual reaction between the first two. Wednesday morning we had 'em all. Elucidating upon the second I might explain, in plain English, a full house. But as to the first quality let me expand a little. You have observed that where there are one or more gathered together there is a center of attraction. The exponent of this last phrase was in the personage of Mr. W. J. Krebbel, Editor of The McPherson Daily and Weekly Republican.

Mr. Krebbel gave a very illuminating paper upon the subject of "The Press." We were made to see the great power of the Press in moulding public sentiment. He showed us how the failure of the League of Nations was caused by the Press.

He gave in a very interesting manner what news should be published and what should not. With him the Court is made the test. If you are willing to testify to your story in court then it may usually safely be published. This, however, is not a rigid test.

Perhaps one of the most practical thoughts given was the idea of the great possibility of the editor of a country newspaper.

Mr. Krebbel gave a very unique formula setting forth vividly the qualifications of a successful Editor. If you think you might possibly be called to the "Press" business I suggest you read the following several times daily and ponder over it carefully.

"It takes a peculiar mixture of man to make a real newspaper man—a lot of enthusiasm, a lot of energy, a generous dash of brain with good training, a heart big enough to sympathize with every interest of his community and patient enough to endure its eccentricities, a big dose of courage without braggadocho, a pinch of the instinct of the preacher, a little of the missionary—all these, well-mixed and set over a slow but intense fire of idealism for several years, then set out to cool in the halls of adversity and criticism—then you have the stuff to make a real newspaper man. If you have these ingredients in proper proportions and have kept them over the fire long enough to cook into a homogeneous mass, then you may go into the world to conquer, then you are ready to engage in the newspaper business."

### Forum Discusses Moving Pictures.

The opening number of the College Forum Saturday evening was a vocal solo by Clarence Showalter. Two short addresses by Ralph Holsinger and Henry Stover on moving pictures and their influence upon the public were followed by the expression of opinions on the subject, both pro and con. Some of the good as well as the bad features were pointed out. The general sentiment seemed to be in favor of moving pictures but it was unanimously agreed that most of the pictures shown at the present time are morally unfit and that a reform, under the leadership of the churches, is necessary.

The attendance was not as large as was expected on account of the basket ball game between McPherson and Marquette High Schools.

**BULLDOGS WIN ANOTHER VICTORY FROM BETHEL**

(Continued from Page 1.)

utes before the game was over. From then on the two teams fought the best they knew how, but two free throws by Rump gave the lead, necessary for a win, to McPherson.

Rump played a fine game at guard, and was successful in making a total of 13 points for his team. L. Crumpacker, although he did not add to the M. C. score, did fine work in keeping down the tally of his opponents. Both of these guards played a good clean game, indicated by the fact that neither one had a personal mark against them. Sargent located the basket twice in the first half, but had fewer chances, being more closely guarded, the last period. The forwards, S. Crumpacker and Daggett, seemed to meet with a streak of bad luck, and were able to make only one goal each. The Newton team profited by their experience a week before and put up a better defense, and this, together with the fact that our boys were playing on a larger court than they are accustomed to, explains the small margin in the score. Ends, guard, was the outstanding player on the Bethel five; he succeeded in caging three baskets from the field.

Leslie Edmonds again handled the referee's whistle in a most capable manner, and the team was sorry to hear it was the last basket ball game that he officiates for them this year.

The score follows:

BETHEL—19.		F. G. P. T. F. P. F.		
Goetz, f.	2	0	0	1
Schmidt, f.	1	0	0	2
Johnson, c.	0	0	0	2
Becker, g.	1	0	1	1
Enns, g.	3	0	1	2

**McPHERSON HIGH SCHOOL WINS COUNTY TOURNAMENT**

McPherson won the County High School Basketball Championship last Saturday evening when they defeated the Marquette quintet 19 to 6 in the tournament finals. Marquette had won over Canton 31 to 19 in the forenoon, thus giving them a place in the finals.

The preliminaries were staged Friday afternoon, beginning at 2 o'clock. In the first game Roxbury nosed out Windom by a one-point margin in a 14 to 13 score. One of the big surprises came, however, when Galva swamped Lindsborg 12 to 3. In the third game, Inman, last year's champion, was eliminated by the local five 11 to 16. Moundridge lost to Canton, in the last game of the preliminaries, 11 to 17. Marquette played no game in the preliminaries. At 7:30 that evening two games of the semi-finals were played. Marquette won a decisive victory of 35 to 5 over Roxbury, and McPherson eliminated Galva by a 36 to 21 score.

All games were played at the College gym and were officiated by Cronin and Mohler, each alternately refereeing and umpiring.

An Ideal Newspaper.  
An advertisement from a Stamos newspaper: "The news of English, we tell the latest. Writ in perfectly style and most earliest. Do a murder get commit we hear and tell of it. Do a mighty chief die, we publish it, and in borders of sombre. Staff has each one been college, and writ like the Kipling and the Dickens. We circulate every town and extortionate not for advertisements. Buy it."  
—Exchange.

**BULLDOGS HAVE SOME HARD BATTLES AHEAD**

Next Thursday the Bull Dogs leave McPherson again for a two-game series at Hays to be played Friday and Saturday. Although they won over the Normals here by a margin of 12 points, Lonsborg's crew expects two real games on the exceptionally large court at Hays.

A week from tonight, Fairmount, M. C.'s closest rival for the second round of the conference ladder, invades McPherson territory. This will complete the schedule of home games, and it is expected that a large crowd will witness the contest, which will largely determine M. C.'s final standing.

**CONFERENCE RESULTS**

College of Emporia, 35; Kansas State Normal, 24; at Emporia.  
Friends, 46; Sterling, 27; at Sterling.

**SCIENCE IN THE AIR**

Supercharger Made Record Breaking Airplane Flight Possible.  
The recent record breaking airplane flight of Lieut. J. A. MacGoody to a height of over 40,000 feet, was made possible through the use of special turbine supercharger. This is a device which takes the scant supply of oxygen from the rarefied atmosphere at these tremendous heights and compresses it to sea level density, supplying it at this density to the carburetor of the airplane engine.

The supercharger does the same thing for the engine that oxygen flasks do for the pilot—prevents suffocation. Beyond altitudes of 15,000 feet, the aviator must begin to take oxygen.  
As the aviator approaches 20,000 feet, the gas engine of his airplane begins to struggle, also for want of oxygen; for at that level there is only half as much oxygen in the atmosphere as there is at sea level. The speed of the engine slows down because there is not enough oxygen for combustion.

Aided by the supercharger, however, the airplane can now master heights unattainable without it. The supercharger has given the gas engine of the airplane actually more vitality than the man who rides in the airplane.  
Dr. Sanford A. Moss, research engineer, who designed the supercharger, has made the apparatus work by means of a complete cycle of operations. The red-hot exhaust gases from the airplane engine which formerly passed off into the air as wasted energy, are now made to discharge against a small turbine wheel, causing it to revolve at between 20,000 and 30,000 revolutions per minute. The turbine drives a centrifugal air compressor, which compresses the small percentage of oxygen in the rarefied air to sea level density and feeds it into the carburetors of the engine. That enables the engine to continue running at full power; to continue driving the propeller of the airship; and to continue discharging exhaust gases, which, in turn, continue to operate the turbine wheel.

**Uncertain**  
Tommy had been playing truant from school, and had spent a long, beautiful day fishing. On his way back he met one of his young cronies, who accosted him with the usual question. "Catch anything?"  
At this, Tommy, in all the consciousness of guilt, quickly replied: "Ain't been home yet."
