

Early-Riser Christy Maintains Facilities

Long before most campus alarm clocks have even thought of ringing, Melvin Christy, Macollege's newest member of the maintenance department, has checked the buildings and equipment in preparation for another school day.

Mr. Christy, the mechanical engineer for Macampus, is responsible for electrical, heating, air conditioning and kitchen equipment. In addition, his 5 a.m. to 3 p.m. job finds him doing mechanical repairs and plumbing.

A native of Iowa, Mr. Christy was in the infantry in Italy during World War II and came to McPherson College following the war. Upon graduation in 1949 with a degree in industrial arts, Mr. Christy and his wife, the former Mary Jo Dell, entered Brethren Volunteer Service.

Their experience took the Christys to Castaner, Puerto Rico, for a year. With the desire to be of constructive help, Melvin taught English and mathematics in the secondary school there.

Since his return to McPherson, Mr. Christy has been in business for himself for seven years, as well as working for several firms in the area of electrical, air conditioning and heating equipment.

Spare time finds Mr. Christy devoting energy to the Church of the Brethren, Kiwanis International and the Refrigeration Service Engineers Society.

A licensed pilot, Mr. Christy uses leisure time to fly, read flying magazines or pursue his interest in foreign languages. Fluent in Spanish, he has spent three years studying Russian.

The Christys' family includes three daughters: Vicky, Lori, and Trudy.

As a member of the Electrical Examining Board for the city of McPherson, a factory authorized repairman for several national heating and air conditioning firms and a master electrician, Mr. Christy holds the high respect of those in his field.

Seeking to put the trades at which he works on a professional level rather than mechanical, Mr. Christy has gained the greatest share of his knowledge from reading textbooks, trade journals, and technical magazines.

Debaters Take 7 of 12 Rounds

In competition with 72 schools from all over the United States, two McPherson College debate teams won seven of 12 rounds. The tournament took place at Kansas State Teacher's College, Pittsburg, Jan. 29.

Doug Rapp, jr., Wichita, and Ken Van Blaricum, jr., Meade, won four out of six rounds, while Cliff Lambert, soph., Inman, and Dean Hammond, fr., Salisbury, Conn., scored three wins in six rounds.

Dr. Wayne L. Miller, associate professor of speech, philosophy and religion, accompanied the four to Pittsburg.

Melhorn's Activities Vary During February, March

Dr. J. Jack Melhorn, president, was guest speaker at the Annual Sweetheart Banquet, sponsored by the Men's Fellowship of the Community Church of the Brethren in Hutchinson last Saturday, Feb. 5.

The President's schedule for February also includes a luncheon meeting Feb. 12 at Southwestern College, Winfield, for the presidents and deans of Bethel, Southwestern and McPherson to discuss personnel needs for next year and to share the names of students who are pursuing graduate work.

In addition, a two-day meeting will be held Feb. 18-19 with the Alumni Campaign Committee to plan alumni solicitation for the \$5 million development program.

McPherson will host five other college presidents and deans of the central Kansas region Feb. 23 to discuss areas of cooperation and to determine certain specifics which can be implemented for the coming academic year.

President Melhorn will deliver the President's annual report after the Faculty-Trustee dinner, which begins at 7:15 p.m. Thursday, March 3, in the Student Union.

In his speech, he will report on and point out the future development plans and projections

Enrollment Jumps

Enrollment at McPherson College for the second semester has jumped to a total of 693 students, including specials, according to recent statistics released by Dean Reynolds, Registrar.

New enrollees number 101, compared with second semester of 1965, then 68 full time and 11 special students enrolled. Enrollment for the 1965 academic year stood at 588.

for McPherson College.

On the following day, the Board of Trustees will meet. Several new trustees will be seated during the meeting. Consideration will be given to persons worthy for action to the college for outstanding service.

Also on Friday the trustees plan to discuss administration and faculty reports. Other topics to be discussed will be progress on the new men's residence hall and thinking and planning for other new buildings.

Discussion of costs and charges of Macollege and a discussion of revision of faculty salaries and schedules are on the agenda.

Other discussions will include the general goals and aims of Macollege for the next five-year period, as well as beginning ideas for the following ten-year period.

Cat Canyon Singers

Cancel Feb. 12 Show

Notification from the Cat Canyon Singers that they would not be able to make the performance scheduled for Sat., Feb. 12 has caused the Social Committee to cancel the evening activity.

The letter from the singers was received by the Social Committee early this week.

Coeds Anticipate Secrecy Of Heart Sister Week

Valentine's Day Feb. 14 marks the beginning of Heart Sister Week, five days of kind deeds, special gifts and secrecy among Macollege coeds, traditionally sponsored by Women's Council.

This year the men will also have a taste of suspense, with

Plans are now underway for the Fine Arts Festival to be held May 1-8. The Festival is a week of varied activities involving the English, drama and art departments, to be climaxed with the publication of "Sturm und Drang," campus literary magazine.

The week's activities will involve the evenings of the week as well as chapel and assembly programs. In the evenings will be art and literary symposiums, dramatic productions, and a seminar on folklore. The convocations will feature a film about art and a talk on aspects of play production.

At the close of the week "Sturm und Drang" will be distributed at nominal cost. This will be the second edition of the magazine.

Original plans for "Sturm und Drang" were put into effect during the 1964-65 academic year by 1965 graduate Carolyn Lehman. The title of the magazine, meaning storm and stress, was named after an 18th century youthful literary revolt in Germany.

The Festival committee is in the process of selecting a staff for the magazine, and according to Modena Hoover, jr., Rocky Ford, Colo., chairman of the committee, will welcome any applicants for positions.

Deadlines for entries being considered for the Festival are April 1, for drama and items to be considered for publication in the magazine and April 18 for other entries. A faculty panel

will then judge these student efforts.

In addition to Modena Hoover, members of the committee are Gary Wilson, sr., New Orleans; Jeanne Williams, soph., Polo, Ill.; Glen Roub, soph., Martinsburg, Pa.; and Ron Achilles, sr., McPherson.

Other members are Dave Weimer, sr., Haxtun, Colo.; Guy Ward, sr., Hutchinson; Ann Rodabaugh, sr., Claypool, Ind.; Russ Merrifield, fr., Champaign, Ill.; and Kathy Andrews, jr., Rocky Ford, Colo.

Also on the committee are Jim Guenther, sr., Piqua, Ohio, and Linda Kurtz, jr., Billings, Mont. Faculty advisers are Robert Jones, assistant professor in music, and Dr. Wayne Miller, associate professor of speech, philosophy and religion.

Slater Gives Chicago-Style Free Lunch

Slater Food Service will feature a "Gay Nineties Free Lunch, Chicago Style" from 5-6 p.m. in the Student Union dining hall, this Sunday, Feb. 13.

Patterned after the free lunches originating in Chicago in the early 1890s the menu will include plates of cold meat assortments and ice cream cones for everyone.

A Dixieland band, headed by Charlie Dadsianin, sr., Nevada, Iowa, will add a spirited note to the lunch. A songleader will lead the diners in a sing-along of "gay nineties" tunes.

To add to the atmosphere, men can sport bow ties, double breasted blazers and Continental trousers, and can part their hair in the middle.

Women can appear in long skirts, preferably with a bustle, close-fitting bodices with puffed shoulders or with a frilly parasol, according to Ross Woodard, Slater manager. Woodard went on to state, however, the meal is not a dress-up occasion.

For Sunday's free lunch, Woodard hopes to create an institution that grew to such proportions that in 1896 the New York Daily Times reported, "Millions of dollars are expended in this seeming gratuity, and over 50,000 regulars depend upon what they can gather from our counters for their daily subsistence."

Throughout the week disheveled beds will be mysteriously made, desks straightened and little gifts found, accompanied by tantalizing clues.

The final event of the week will be an informal dance Feb. 18, 9 p.m.-11:30 p.m., in the Student Union Basement, when the identity of each Heart Sister will be revealed.

Pearl Fruth, jr., Sabetha, co-chairman of the dance committee, encourages couples to make plans to attend the dance.

High School Seniors On Campus Saturday

High school seniors from Kansas will be on the Macollege campus as guests of the college from 10 a.m. to 3:45 p.m. Saturday, Feb. 12.

During the day the students will take competitive scholarship tests and will be interviewed by the faculty.

Completing the last phase of the College Days program, the students will tour the Macampus and lunch in the Student Union.

Mr. Melvin Christy

90 Attend SNEA

Ninety people attended the annual SNEA banquet sponsored by the McPherson SNEA last Monday evening. Representatives from KWU and Bethany attended the meeting along with the department heads from all three schools.

Jim Lambert, jr., Inman was the emcee for the program. The guest speaker, Gwen Daily, president of the students KSTA from Pittsburg addressed the group on the "SNEA family of McPherson," pointing out the true importance of the SNEA organization from the local level up to the state and national organizations.

WSU Seizes First In Debate Tournament

Ron Cassidente, jr., Denver, captured first place in the men's extempore division of the Kansas Peace Contest Friday, Feb. 4, but on the following night, two Wichita State University debate teams finished the annual Intercollegiate Debate Tournament undefeated, winning all five rounds.

Gaining 16 and 20 speaker points respectively, the W.S.U. teams technically took both first and second place in the tournament.

Since only one trophy is awarded to a school, however, a debate team representing Kansas State Teachers College, earning four wins, one loss and 19 speaker points received the second place trophy.

The morning session included three rounds of randomly matched debates contesting the national debate topic for this year.

In the afternoon the last two rounds were power matched:

winners debated winners, and losers competed against losers. The final winners were announced late in the afternoon.

Macollege professors, members of the McPherson community and debate coaches accompanying the teams judged the rounds and awarded speaker points to each participant. Students served as timekeepers.

Registered for the tournament this year were 11 schools while last year's tournament saw 18 schools participating.

Dr. Wayne L. Miller, associate professor of speech, stated: "There were many fine comments on the efficiency of the debate proceedings.

"Much of the success of the tournament was due to the fine co-operation of the McPherson faculty and students who acted both in the capacity of timekeepers and judges."

With the assistance of Dr. Miller, debate coach, the tournament

was arranged and organized by five debaters who form the McPherson Chapter of Pi Kappa Delta.

Doug Rapp, jr., Wichita, served as general chairman for the tournament; Gary Flory, soph., McPherson, was in charge of scheduling, and Ken Van Blaricum, jr., Meade, took care of hospitality. Cliff Lambert, soph., Inman, contacted the judges, and Dean Hammond, fr., Salisbury, Conn., arranged for the timekeepers.

Other results of the Peace Contest saw Norman Schnegleberger, St. John College, take first place in the men's oratory.

Carolyn Holderread, Hesston College, captured first in the women's oratory, with Betsy Perry, St. John College, second. In first place in the women's extempore contest was Marilyn Likens, St. John College.

First and second prizes were \$7.50 and \$5.

Social Life Is Student Affair

Personal initiative on the part of each individual student is the best insurance that a student body has of maintaining a stimulating, worthwhile, varied social life.

Every activity that is planned takes leaders to initiate the plans and followers to carry them through.

This campus, like all others, depends on its student leadership, and hard work from all the students for any campus social and extra-curricular life.

The present Social Committee, Student Council and interested students work diligently to provide many of the activities the students want.

If student participants are not satisfied with

the present level of social activities on campus, it is up to them to change it.

Potential for excellent social life is always around if more students will take the responsibility to do something about it. Improvements will only come when onlookers and grippers share the work load and become leaders and workers.

Complainers and malcontents should look at the situation and themselves. If something is wrong here, what are you doing about it? If the answer is nothing, maybe that is half the problem.

Give some active support to Stuco, The Social Committee or any organization you are interested in. Present committee members and leaders can only do so much, the rest is up to you.

"Did He Say A Four-Year Term Or A Four-Year Session?"

Compendium

Bat Crowd Acts In Defense Of Batman

By Jerry Lasater

It is time someone championed the most watched and probably the most ridiculed program on TV. This could be none other than the glorious "Batman."

Every Wednesday and Thursday nights upwards to 50 students and adults watch the caped crusader and the Boy Wonder grapple with villains which stagger the imagination.

It seems there is a hard core group of supporters standing off the downgrading and ridicule of hundreds of irate students who think "Batman" is a bunch of bunk.

Let us look at the pros and cons of the show. For it is those who claim the show is stupid and trite; but "holy fly paper," the plot is stupendous.

The chief of police is smart and courageous; the butler, humorous and stately; and Angie is a fantastic person full of vim and vigor. The villains and thugs are of such high intelligence only the atomic powered car of Batman and Robin can take care of them.

Against it are those who claim it is corny but again Batman and Robin always catch the villains and good conquer evil. Granted, the fight scenes are a bit odd, but the "Biff" and "Crunch" additions are different.

If by chance you have not watched it or have not been brainwashed by the anti-crowd, watch "Batman" and see for yourself the high quality of acting and humor which breaks up a dull evening of doing nothing.

Stand up and be counted. Laugh with the Bat Crowd.

Class Analyzes Child Problems

Mr. Harry Buller, associated with Prairie View Hospital, Newton, is teaching a night course on emotional problems of children. The class began Tuesday Jan. 25.

Buller is using the case study approach by reporting on day-to-day activity and time spent percentage wise determining the child's reactions.

The prerequisites of students taking the course are that students have had teaching experience or that they plan to become teachers.

Course is held from 6-8:30 p.m. in Mohler, room 218.

We Get Letters

Student Enumerates Activity Problems

Dear Editor,

Each semester over 600 students are required to pay a "general fee of \$40" which totals to about \$24,000. From this sum the social committee receives \$600 to entertain the students as best as possible.

During the first semester the social committee spent \$530 on bands alone, leaving \$70 left to pay for homecoming ceremonies, sponsor the winter formal and, in general, keep the natives from becoming restless.

Quite obviously it would have been impossible to sponsor such things as the winter formal without additional income. The sixteen movies shown on campus have brought in \$75 or \$4.50 per movie in profits. Perhaps the "donation" should be made less burdensome.

Our only other income came when admission was charged on the winter formal. \$117 was

laken in while \$236.44 was paid out for the formal.

Social Committee now has a deficit of about \$50 for first semester.

Let it also be understood that wanting to do something and actually getting it done are two different things. For instance, if you want to have a "big name" group on campus such as the New Christy Minstrels, there are certain requirements.

First of all money, which we haven't got, and secondly permission to get the money, sign the contract, rent the auditorium, print tickets, sell tickets, allow an audience, get permission and on and on it goes.

The social committee has been trying to bring first rate talent to campus to augment the so-called cultural series for three years and due to one, thing or another has not been able to.

Jerry Barrows

Students Demand Voice In Rating Instructors

(ACP - University students throughout the country are demanding a voice in rating their instructors, says the New Record, University of Cincinnati. While these evaluations are both controversial and complex, they have been well received by the campuses which have undertaken such projects.

At the University of Cincinnati, there have been comments both pro and con from the professors. Some are completely opposed to the plan as an invasion of their freedoms as instructors while others favor the system if it is operated without administrative control.

It is doubtful these evaluations could be published in the initial stages. Actually, this would not be necessary if the results were submitted to the individual professors for their personal study and if needed, improvement.

The rating scale would demand careful construction by personnel skilled in areas relating to behavior, statistics, and psychology; and the subsequent analysis would also require deep consideration and attention. As the system achieved recognition and success, the faculty should be given a voice in determining the procedures used to inform themselves and their cohorts of the rating they

had received. The students, however, would form the basis for the operation and success of the program.

It is to be hoped that student support for this proposal will gain momentum and that an independent organization will be established in the near future to consider this question and to devise some sort of rating scale beyond those presently provided by the university.

With the increasing emphasis being placed on college degrees, it is essential for each student to receive the best education possible and it is only through constant improvement of the quality of instruction and content of each course that this can be achieved. A rating scale would be a valuable addition if it is carefully designed - by and for the students - with only a minimum of censorship.

Former Editor to Go To India on Grant

Weyland Beeghly, 1963 editor-in-chief of the Spectator, is going to New Delhi, India under a Ford Foundation agricultural program.

Weyland recently completed his studies at Iowa State University, Ames, Iowa, with a major in agricultural journalism.

Social Life Inadequate

Dear Editor:

With the beginning of a new semester at McPherson College, we, the students, are faced with the continuous problem of inadequate social life on this campus.

The social activities are not coming close to the needs of the present number of students on campus. True, the students are offered at a very modest cost, a movie and an occasional dance. This activity should constitute one evening during the week-end, but what about the rest of the week-end?

The Cultural Series is offered but the programs are few and far between; and the basketball games are great to go to, but there is nothing to do on campus after the game.

Oh! One can go to Salina or Hutchinson, but for that one needs transportation. What about those who are unable to obtain a car or double date?

One can walk down town and go to a movie, but that is a little uncomfortable this time of year, and it is much too far to walk to a bowling alley any time of the year.

Mac students are transferring to other institutions because of the lack of social life on this campus. This institution offers a fine scholastic program, but the amount of social activities is a disgrace to an institution that is growing larger.

The facilities in the Student Union can not adequately fit the needs of the energetic Mac students on week-ends.

More students will be coming to this campus next year and to them I say lots of luck!

Student Evinces Concern About Schedule Conflicts

Dear Editor:

I was concerned at Chapel Tuesday, Jan. 25, by two announcements, that of the Quadrangle picture-taking of all new students at 7:15 Wednesday evening, and the subsequent announcement of an MCY meeting at the President's home, with a special invitation to new students, to be held at 6:45 the same evening.

Since I am an employee of the cafeteria, I had also been informed of an important meeting of student employees at 7 p.m. Wednesday evening. As a loyal MCY member, I chose to attend the meeting at the President's home and miss the 7

Mankind's Voice Depends On Rejecting Conformity

By Jerry Lasater

Confronting mankind today is a question: "Must I conform?" It must be answered before the voice of mankind is stifled to a mere whisper.

The question itself is asked only by a few intelligent people who see the problem and are seeking an answer to it. The so-called "Beat Generation" is also trying to find the answer but in a totally different way. What are some of the tools and ideas of this quest?

In the arts, modern jazz is almost exclusively the music of non-conformity. Why is this? Jazz and writers of "out" poetry (Kerouac, Ginsburg, etc.) bring forth the words and music of inner freedom, of improvisation, of a creative individual.

These are the sounds of a submerged people who feel free, and young people feel this way today. For this reason the short, violent lives of alto-saxist Charlie Parker, Dean and Dylan Thomas exert a strong attraction to this generation because all three went their uncompromising way, listening to their inner voices, celebrating whatever they could find to celebrate, and were willing to pay the price, that of self-destruction.

Is this the answer to being free, to being an individual? Whatever else they may be, these are not the words of self pity by the generation, nor are they the words of a generation

full of hatred and fear of a world they never made.

They are the feelings of a generation groping toward faith out of intellectual despair and moral chaos to which they refuse to lose themselves.

p.m. meeting.

No great fuss resulted; however, my roommate is a new student, she works in the cafeteria, and she is interested in the MCY and would have liked to attend that meeting. I am sure others were similarly affected.

This matter may be a trivial one, but a little better planning and scheduling on the part of student leaders could have eliminated an inconvenient and rather annoying situation. I hope that in the future, consideration will be given to avoiding such conflicts.

Sincerely,
Marilyn Smith

Mac to Tussle With 2 Foes

Two of the leading teams in the conference will be the foes of the Macollege Bulldogs in their next outings.

The Bulldogs Feb. 12 try to repeat their earlier performance against the Ottawa Braves at Ottawa, then on Feb. 15 the Bulldogs take on the league leading College of Emporia Presbies in the Roundhouse.

McPherson and Ottawa have met only once previously this season with the Bulldogs pulling out an 80-76 overtime victory.

That first meeting was a tight game all the way, with the Bulldogs able to effectively contain the Braves' all-conference forward, Tony Verdi.

Art Clark, fr., Newton, scored 25 and Dick Welch, sr., Delphi, Ind., 18 for the Bulldogs.

This will be a very important encounter for the Braves, who still stand in a good position to capture second place in the conference.

The Braves feature an experienced squad of eight lettermen returning from a team which won eight and lost 10, good for sixth place in the conference last year.

Lettermen other than Verdi are: Charles Mercer, Gary Harrison, Dick Booth, Wayne Suter, James Carter, Greg Van Ert and Tony Judenis.

In College of Emporia the Bulldogs face the team that has the conference championship all but wrapped up. After winning their first 10 league games, the Presbies finally lost to Bethany, but they now stand at 12-1, including a 95-63 victory over Baker last week.

The Presbies and Bulldogs have met twice this season, with the Bulldogs on the short end of the score both times. In the Macollege Christmas tournament C of E easily outclassed the Bulldogs 84-60.

However, in a conference meeting at Emporia the Bulldogs kept the outcome in doubt until the final minutes before bowing 66-58. The score had been tied at 52-52.

Eight Teams Clash On Intramural Court

In the second week of intramural basketball four games were played, with two Thursday night games being rescheduled due to the changing of the varsity game to Thursday night.

The Aces won their initial start Jan. 31 by the comfortable margin of 46-15 over the Red Warriors. For the Aces, Jamie Oxley, sr., Lamar Colo., scored 12, Gary Flory, soph., McPherson, 11, and Doug Loewen, sr., Canton, eight. Jim Graves led the Warriors with nine.

In the second game of the evening the Cardinals edged the Mets 35-31. Gary Blackwell, fr., Pawnee Rock, hit nine for the Cardinals. Harwick hit 10 and Conwell nine for the Mets.

The Fugitives nipped the Anheisers Feb. 2, 50-47. Junior Hendricks, sr., Kingsley Iowa, hit 12; Roth and Miller each hit nine for the Fugitives. Hoberock hit 27 for the Anheisers.

In the second game Steine's Marauders won over the 10 F's 38-34. Jim Prickett, soph., McPherson, scored 13 and Jim Steine, sr., McPherson, 10 for the Marauders. Bob Blaque, fr., Gerald, Mo., hit 14 and Gary Albright, fr., Circleville, 11 for the 10 F's.

Snooker Buffs Climb Ladder For Prizes

The Macollege snooker ladder began Feb. 1 with 26 participants. Each entrant was set on the ladder by an at-random drawing. During the first week all positions were open to challenge from any other lower position on the ladder.

After Feb. 8 a person could challenge only the persons one or two positions above him on the ladder. Each challenge has to be accepted within 48 hours or it is automatically forfeited.

A challenge match consists of three games, the winner taking two of the games.

The ladder will end at midnight, Feb. 25, at which time the top 12 on the ladder will engage in a tournament to determine the school champion.

Prizes will be awarded the top three places on the ladder, and the top three finishers in the tournament.

As of Feb. 7, Lane O'Neill, fr., Norristown, Pa., was number 1 on the ladder, followed by Gene Czaplinski, jr., McPherson, and Bob DeTour, soph., McPherson.

Mac Records Wins

George Czaplinski, No. 40, s., McPherson, hooks one in over Sterling defenders while Tom Worthing, No. 32, jr., Wamego, looks on.

Cagers Curb Warriors 73-67

McPherson came on strong late in the second half to overcome Sterling and win its sixth conference game, 73-67 in the Roundhouse last Tuesday.

At halftime the score stood knotted at 37-37. As the second half started the Warriors built a quick 5-point lead, but the Bulldogs passed them at 54-53, and built an insurmountable 9-point lead in the latter minutes of the game.

The first half was all John Smith and Art Clark for the Bulldogs, as they combined for 31 of the Bulldogs first 37 points. Smith hit 19 and Clark 13 in that half.

In the second half Clark hit another ten points, while Tom Worthing also hit 10 and Dick Welch 9, as the whole team joined in the scoring.

Clark was high for the Bulldogs with 23, Smith ended up with 20, Worthing hit 11, George Czaplinski scored 10, and Welch hit 9.

This game left McPherson with 6 wins and 7 losses in the conference, and a 7-11 record overall. Sterling now stands 1-13 in the conference and 2-17 overall.

Builders Fall In 76-68 Tilt

McPherson led all the way in defeating the Southwestern Moundbuilders 76-68 Feb. 3 at the Roundhouse.

This victory left the Bulldogs with 5 wins and 7 losses in the conference, and 6-11 overall. The Moundbuilders are now 4-8 in the conference and

5-11 overall. Jumping to an early lead the Bulldogs held a 39-35 advantage at halftime. The biggest bulge was 13 points 65-52.

The margin of victory actually came at the free throw line as the Builders hit one more field goal than McPherson. Each team hit 46 per cent of its field goal attempts.

The Builders hit 75 per cent of their free throw attempts, compared to McPherson's 70 per cent shooting, but the Bulldogs had more opportunities from the charity line.

George Czaplinski, sr., McPherson hit seven field goals and seven of nine free throw attempts to lead the Bulldogs with 21 points. Art Clark, fr., Newton, scored 18, Dick Welch, Sr., Delphi, Ind., 16, and John Smith, soph., Independence, Calif., 10.

Bob Jackson led Southwestern with 19 points.

High School Band To Attend Jay Cee Meet

The McPherson High School Marching 100, directed by Mr. Bryce Luty, has accepted an invitation to represent the state in the National Jay Cee Convention to be held in Detroit, Mich.

Following arrival in Detroit on the 28th, the band will march in a parade through the center of Detroit and make an appearance at the convention on June 29.

Sportscope

By Gene Czaplinski

McPherson Industrial Basketball League was formed for a distinct purpose — to provide an opportunity for boys and men alike to take out their frustrations of life on whomever they play that week. Sound funny? Here are the rules of MIBL:

Each side will begin play with five players out on the field and continue having five men out on the field barring circumstances such as: foul outs, ejections, brawls, dislocations, riots and any other number of similar happenings.

The game will be judged by a referee, who will stand at one end of the court and upon spotting an infraction in his pocket rulebook, will loudly call it on the unfortunate player with the ball at the time.

Other special instances may dictate the use of his keen 20-200 wide-scope vision.

The game is usually decided

Dan Messer, jr., West Chicago, Ill., cuts a close shot while trying for extra points in a match for a place on the current snooker ladder.

by whichever team is fortunate enough to restrain itself the longest and remain on the floor. At other times, the score is the deciding factor.

The score count is one point for a free throw, two for a field shot and there is talk of erecting goal posts, at each end of the court to allow the many ex-footballers a chance for a three-point play.

With the game divided by halves and quarters, players have a chance to breathe, regroup and pat their well-supported bellies, wondering "why did I ever decide to come out here?"

KCSA Plans Talent Trials

Talent competition sponsored by KCSA April 23 will pit the best talent of McPherson College against Bethany, Tabor, C of E, Baker, Ottawa, Southwestern, Bethel, Sterling, and Friends.

Each school will hold a talent contest on its campus to determine representatives for the regional show to be held at Tabor College, Hillsboro.

Two winners from McPherson will be chosen in the local contest, planned for late February. Mac talent groups will audition before the contest to make for

keener competition in the contest.

To enter the contest students should contact Mike Fox, soph., Garfield, Stan Hoffert, fr., Des Moines, Iowa, or me," said Junior Hendricks, sr., Kingsley, Iowa, student body president.

Winners of each regional will then compete in the KCSA finals to be held in Newton at Bethel College. This final contest will be held in conjunction with the KCSA Spring Conference.

In the regional contest, there will be a seven minute time limit on all performances for all contestants. Judging in the regional contest will be done by students chosen by the Student Council. Judging in the Conference contest will be done by the student body presidents from each school.

Bowling

(Continued from Page Three)

figuring total pins.

In the first week the 69ers, Larry Heidebrecht, Terry Rhea, Butch Duske and Pete Kaiser, won three and lost one and recorded the high team series of 2230.

The Thunderballs, Barry Berger, John Drinen, Dick Bowser, and Stan Borowski, won three and lost one, hitting the high team game of 622.

The Markers, Greg Duguid, Jon Warner, Lynn Christy, and John Lade, won three and lost one. The East Coast "4", Ray Landis, Don Stead, Wayne Poland and Steve Korasek, won three and lost one.

Also winning three and losing one were the McHushfu, Gloria Hull, Jane Funk, Helen McKinney and Donna Sharp.

Winning two and losing two was the Stoneage "4", Dan Messer, Jim Guenther, Keith Schradel and Tom McCaman. The Uncalled "4", Bob Thielmann, Merv Penner, Boyd Eby, and Larry Bierwirth also won two and lost two.

Winning one and losing three were the Pinbusters, Ed Myers and Kermit Mishler. The Holy Rollers, Nancy Miller, Beth Brumbaugh, Kathy Shank and Martha Messer won one and lost three.

The Bowl Weevils, Jim Beachell, Charles Lamp, Tom Brubaker and Jamie Oxley won one and lost three. Waltons Wonders, Ron Olson, Don Reinhold, Bill Dickerson and Vernick also won one and lost three.

The Likababes, Linda Andes, Kathie-Kilhefner, Bev Myers and Kathy Shank also won one and lost three.

Dotzur Coeds Invite Men to Open House

Dotzur Hall is holding an open house Sunday, Feb. 13, from 1-4:30 p.m. Refreshments will be served, and all men are invited. Working on the refreshment committee are Kathy Cadman, sr., St. John, chairman, Jeanette Bartel, jr., Hillsboro, and Connie Kay Kitzel, soph., Omaha, Neb.

Mac 'Goes Hawaiian' For Friday Movie

"Gidget Goes Hawaii" is the color movie to be seen in Brown Auditorium this Friday at 7:30 p.m. James Darren, Deborah Walley, Michael Callan, Carl Reiner, and Peggy Cass star.

Filmed in Hawaii, "Gidget" features beach parties, Luau feasts and surf boarding excitement. Gidget quarrels with Jeff, her surfing boarder swain, when she tells him her parents plan to take her on a Waikiki Beach vacation.

Although Jeff reacts happily, Gidget feels he ought to be miserable with the news, instead of welcoming it for her. Once in Hawaii it is Gidget who is miserable despite the exciting goings-on around her.

However, events do take place before long which perk up her spirits and make for one side-splitting situation after another.

Glass Adds Finished Look To New Office

With completion of a glass entry-way, the new quarters of the admissions office begin to have a finished look.

Glass frames have been assembled for the front of the office, which, when finished, will resemble the front of the registrar's office. The false ceiling which is now in the office will be replaced.

Occupying the three office rooms will be Guy-Hayes, director of admissions; Robert Keim, associate in admissions and assistant professor in sociology; and Myrna Hauck, secretary to the director of admissions.

Though minor fixtures will be unfinished, the admissions staff expect to move into their new offices by Feb. 19.

Faculty to Convene In Evening Sessions

Faculty meetings called this month are scheduled for tomorrow at 6 p.m., and Thursday Feb. 17, at 7:30 p.m. Wives of the faculty are invited to attend both meetings.

Tomorrow's meeting, to be held in the Church of the Brethren social room, will follow a faculty dinner. Vernon Kleiwer, campus psychiatrist, will speak on the topic "Psychology of Contemporary Youth."

The quantity cookery class, under supervision of Miss Mildred Siek, professor of home economics, will serve the meal, with a Valentine theme. Mrs. Karen Johnson, sr., McPherson, is student planner of the dinner.

In charge of the program at the second meeting will be the sociology department, with the topic "A Profile of the McPherson College Freshman."

Kleiwer Renews Contract As College Psychiatrist

Dr. Vernon L. Kleiwer, registered psychiatrist at Prairie View Hospital, Newton, has renewed his contract with McPherson College for second semester as college psychiatrist.

Dr. Kleiwer is fulfilling a dual purpose here on campus. Rather than direct psychiatric treatment, his program deals with early and preventive diagnosis.

The first responsibility of Dr. Kleiwer is to meet on a one to one basis with students and faculty. Secondly, he meets with faculty groups and committees to help with professional training.

If there are individual stu-

dents desiring to speak personally with Dr. Kleiwer, they should see Mrs. Barchesky, secretary to the dean of academic affairs. All appointments will be arranged by Mrs. Barchesky.

As a diagnostician, Dr. Kleiwer will meet with students for only one or two sessions but not longer.

If Dr. Kleiwer believes that any student needs further sessions or care, the student will be referred to other professional help or to Prairie View Hospital.

As Dr. Raymond Flory, vice president and dean of student affairs, stated, "Dr. Kleiwer is fulfilling the need on campus to have this type of professional help available to the students with severe emotional problems."

Band Readies Concert

Presenting its winter concert Friday Feb. 18 will be the McPherson College Concert Band. Under direction of Robert Jones, assistant professor of music, the concert will begin at 8 p.m. in Brown Auditorium.

Musical works will include the "Water Music Suite" by Handel; "Somersault," a twelve tone work by Hale Smith; and "Brighton Beach," a concert march by William Latham.

Also part of the program will be Williams' "Castle Gap"; Ward's "Prairie Overture"; and King's march "Iowa Band Law," as well as four Russian folk songs by Liadov.

TV Panel to Examine Americans Abroad

Representatives from McPherson College will appear on the television program, "Community Window," Feb. 18. The topic for discussion will be "Americans Living in Other Cultures." The program will begin at 7 a.m. on channel 12.

Dr. Jan van Asselt, a native of Holland, will lead the discussion along with James Haldeman, fr., Manheim, Pa., who lived in Laos for two years; Dale Neal, jr., Panora, Iowa, who spent two years in Austria and Poland; and Carol Mullen-dore, a new student who has lived in Nigeria.

MCY Schedules Spring Activities

Beginning the second semester with a membership drive bringing its total membership to 100-plus, the McPherson College Y.M.-Y.W.C.A. has various activities on slate for the remainder of the year.

This semester MCY has initiated small discussion groups led by interested students. To avoid conflict with other activities, the meeting time for the discussion groups may be rescheduled from Wednesday to another week night.

In March MCY members will present an exchange chapel at Tabor College and will participate in a weekend service at a mental hospital in Topeka or the Kansas State Industrial Reformatory, Hutchinson.

In anticipation of summer, April's program for the MCY business meeting will deal with evaluating summer job experiences.

Coppock Attends Clinic, Represents Kansas Skiing

Dr. Doris Coppock, professor and director of physical education for women, attended the third National Institute of Girls' and Women's Sports on skiing, with 110 physical education teachers from the U.S. and Canada last Jan. 23-29, at Salt Lake City, Utah.

Dr. Coppock, skiing representative from Kansas, underwent intensive instruction under Olympic skiers as well as an unexpected 100-yard slide down a mountain slope during the national ski clinic.

The students at the clinic spent five to six hours a day on mountain slopes near Salt Lake, learning general skiing skills plus the more difficult art of powder (in unbroken snow) and slalom skiing.

Instruction also included lectures by noted physical education leaders and films demonstrating avalanche safety and the physics of skiing.

Alf Engen, an early Olympic skier who is now an outstanding professional, was one of the prominent instructors at the clinic.

"The most thrilling part of the week was climbing to the crest

of the mountain for our lesson in powder skiing and watching him lead down in the unbroken snow," recalls Dr. Coppock. "Watching him ski is like watching a dancer; all his movements are so beautifully controlled!"

Gretchen Frazier, first American woman skier to win a gold medal in the Olympics, and Jean Saubert, a silver and bronze medal winner in the 1964 competitions, also gave demonstrations.

During a climb up a steeply inclined slope, Dr. Coppock found practical application for avalanche safety methods studied in class.

Turning around to rest for a moment, she began to slide. Immediately thrusting her arms and legs out like an overturned, she finally halted uninjured 100 yards later.
