# Mac Offers New Courses

Vol. 10

McPherson College, McPherson, Kansas, September 16, 1965

No. 2

## Information Available On Fulbright-Hays Awards

The Institute of International Education reports that the competition for U.S. Government grants for graduate study or research abroad in 1966-67, or for study and professional training in the creative and performing arts under the Fulbright-Hays Act will close shortly.

Application forms and information for students currently enrolled in McPherson College may be obtained from the campus Program Adviser, Dr. Merlin Frantz, Dean of Academic Affairs.

The deadline for filing applications through the Fulbright Program Adviser on this campus is Sept. 30, 1965.

IIE conducts competitions for the U.S. Government scholarships offered under the Fulbright-Hays Act as part of the educational and cultural exchange program of the Department of State. This program which is intended to increase mutual understanding between the people of the United States and other countries, provides more than 900 grants for study in 54 countries.

Applicants must be U.S. citizens, who will hold a bachelor's degree or its equivalent by the beginning date of the grant, and who have language proficiency sufficient to carry out the proposed projects. Exceptions are made in the case of creative and performing artists who need not have a bachelor's degree but must have four years of professional study or equivalent experience.

Social workers, on the other hand, must have at least two years of professional experience after the Master of Social Work degree, and applicants in the field of medicine must have an M.D. at the time of application.

Three types of grants are available:

(1) Full awards which provide tuition, maintenance, round-trip transportation, health and accident insurance and an incidental allowance.

Participating countries are Afghanistan, Argentina, Australia, Austria, Belgium-Luxembourg, Bolivia, Brazil, Ceylon, Chile, China (Republic of), Colombia, Costa Rica, Denmark, Dominican Republic, Ecuador, El Salvador, Finland, France, Germany (Federal Republic of), Greece, Guatemala, Honduras, Iceland, India, Iran, Ireland, Italy, Japan, Korea, Malaysia, Mexico, Nepal, the Netherlands, New Zealand, Nicaragua, Norway, Pakistan, Panama, Paraguay, Peru, the Philippines, Portugal, Spain, Sweden, Thailand, Turkey, the United Arab Republic, the United Kingdom, Uruguay, and Venezuela.

(2) Joint U.S.-Other Govern-

## Jukebox Needs Repair

For students desiring to know what happened to the jukebox located in the student Union last year, the culprit is a part on the lock of the machine, which has required repair.

The part has been late in coming back from the factory, but is expected this week.

## Enrollment Hits 732

"To my knowledge, enrollment is higher this semester than at any other point in the history of the college," stated Dean Reynolds, Registrar. At the completion of enrollment, totals stood at 697 full time students and 35 special students, for a total of 732.

At the same time last year, 602 students had enrolled. Growing along with the mushrooming totals is the ratio between men and women. Although the chasm between senior men and women is not overwhelming—63 men to 36 women—freshmen outnumber the ladies 219 to 94.

The sophomore class boasts 99 men to its 60 women; the junior class, 80 men and 46 women.

## Camp 69 Is For Frosh And 'Peanuts'

On Friday and Saturday, Sept. 24 and 25, the freshmen will be given one of their golden opportunities of the year. These two dates mark this year's Freshman Camp—Camp 69!

Led by Irven Stern, professor of Religion and Psychology, Leland Lengel, Professor of History, and Wayne Miller, Professor of Speech and Religion, the frosh will indulge in two days of creative thought and discussion, all under this year's theme topic of "The Gospel According to Peanuts."

The camp itself is known as Camp Webster and is located on the north edge of Salina. The group will arrive there early Friday afternoon and be back in McPherson Saturday night in time to attend the McPherson-Kansas Wesleyan football game.

"It's a wonderful chance for people to get to know their profs a little better; to take another objective look at college from off the campus, and to get to know themselves a little better in the process," stated Carolyn Pieratt, Jr., Emmetsburg, Iowa.

## Debate Topic Announced

"Resolved: That law enforcement agencies should be given greater freedom in the investigation and prosecution of crime." According to Dr. Wayne Miller, associate professor of speech and McPherson College debate coach, debaters throughout the midwest will be wrestling with this topic, in preparation for the round of tournaments scheduled for colleges in this area.

Dr. Miller hopes to participate in the Province of the Plains tournament, as well as in the tourney sponsored by McPherson College.

Oratorical contests are included on the billing for the debate team this year, Dr. Miller said: the State Peace contest, held in conjunction with the MacCollege tourney; the W.C.T.U. Contest; and the Interstate Oratorical Contest.

Of interest to non-debaters are other areas of participation in forensics contests—oral interpretation, extemporaneous speaking, impromptu speaking and news-casting.

## Reading Conference Planned For Oct. 2

A conference on reading for elementary teachers and college students, who are prospective elementary teachers will be held at McPherson college, Saturday, Oct. 2.

Dr. Sterl Artley, Professor of Education at the University of Missouri will be the featured speaker with the topic "Some Recent Developments in Reading."

Nine interest groups, exhibits, and two demonstrations by children, of individualized reading methods, is scheduled following registration at 9:30 a.m.

ment grants which combine tuition and maintenance from a foreign government, plus travel costs from the U.S. government. These grants are available in Poland, Rumania and Yugoslavia.

(3) Travel-Only grants which supplement maintenance and tuition scholarship granted to American students by universities, private donors and foreign governments. Participating countries are Austria, Brazil, Denmark, France, Germany, Iceland, Israel, Italy, the Netherlands and Sweden.

## Alpha Psi Will Sponsor Lab Theater Productions

The purpose of laboratory theatre this year, according to Loren D. Reyher, assistant professor of English and Drama, is, "To provide training for new acting talent at MacCollege, while projecting quality Broadway productions before the public."

Laboratory theater, as used by many large universities, serves as a launching device for major productions in that it allows the director an assessment of his players.

All lab theater productions will be under the direction of students who either volunteer for the positions or are elected from the various drama classes and organizations.

Lab theater is unique in that each production is staged in the round. The stage is surrounded on all four sides by the audience. This type of staging is difficult for the actors and producer because of the intimate association between audience and actors.

Edna Saint Vincent Millay's "aria da Capo" will be produced by David Heffley, sr. Texarkana, Texas on October 28.

Seating will be on a first come

first served basis with no admission being charged the audience. Seating capacity will be 190 after which there will be standing room only.

## Brethren Church Greets Students

Members of the McPherson Church of the Brethren will join with other local citizens and members of the academic community in welcoming students to McPherson College, at a reception Sunday, Sept. 19.

Beginning at 6:30 p.m., students are asked to assemble at the church, where they will secure invitations to members' homes. Leland Lengel, assistant professor of history, and participant in the student-church member reception is confident that all members are anxious to become acquainted with MacCollege students.

Since the reception is informal, comfortable attire, as one would wear to classes, is encouraged.

## DeCourseys Close To Pakistan War

Recent explosive events in the Indian-Pakistani war have struck closely to Dr. Wesley DeCoursey and his family in Karachi, Pakistan.

Dr. DeCoursey, professor of chemistry, on leave from McPherson, is a Fulbright lecturer in inorganic chemistry at Jinnah College, Karachi. There the latest flare-up between two feuding nations led to a 20-minute bombing raid of the suburbs of the city, by Indian planes.

Indian paratroops had reportedly landed in Karachi the same night.

The feud, now by all indications a hot war, is based on religious hatred between the Indian Hindu and the Pakistani Moslem.

When the British in 1947 divided the Indians and Pakistani

according to religious affiliation, the tiny state of Kashmir was left in the balance with an undecided maharajah—perhaps, as National Observer reports in the Sept. 13 issue, hoping to bolster Kashmiri economy.

Today, India and Pakistan claim heavy losses to the opposing side, and most reports are hardly credible.

So far neither side has been hurt very much; however, according to an Associated Press release, one unidentified American missionary was killed in an Indian bombing raid in East Pakistan.

With the fear of Red Chinese intervention occupying the thoughts of both sides, the war struggles on. The DeCourseys may be preparing for further danger in the city in which they are now making their home.

taught by Mrs. Homer Brunk, professor of English.

The aims of this course are to give the student an understanding and an appreciation for the development of the English language as an element in his cultural equipment, as a tool in the understanding and interpretation of earlier literature, and as the basis of sound judgment in matters concerning language today.

History-majors will find the Contemporary World something new and up to date. It involves a lecture and discussion approach to an analysis of significant areas and problems in today's world.

Several topics will be treated, each semester, and may vary according to the impact of world developments. Professor Raymond L. Flory will instruct the course, keeping the students aware of the day to day news events.

Emotional Problems of Children is a new course for the evening school this Fall. This course is offered in cooperation with the McPherson County Community Health Service. Enrollment will be limited to those presently engaged in teaching or students with teaching experience or concurrent enrollment in student teaching.

The prime objective is to give teachers a better understanding of a child's mental attitude in the public schools. This will undoubtedly give the teachers a better understanding of their pupils, and a closer relationship of student to teacher.

The course will be taught by Mr. Murrill Raber. Mr. Raber is a social worker and is on the staff of the Prairie View Hospital at Newton, Kansas.

He is also heading the newly formed McPherson County Community Health Service. Anyone interested in his service can contact him at the Grand Building on Tuesdays.

## Seniors May Take National Teacher Exams

College seniors preparing to teach school may take the National Teacher Examinations on any of the four different test dates announced by Educational Testing Service.

New dates set for the testing of prospective teachers are: December 11, 1965; and March 19, July 16, and October 8, 1966. The tests will be given at nearly 500 locations throughout the United States, ETS said.

Results of the National Teacher

Examinations are used by many large school districts as one of several factors in the selection of new teachers and by several states for certification or licensing of teachers.

Lists of school systems which use the examination results are distributed to colleges by ETS, a nonprofit, educational organization which prepares and administers the examinations.

On each full day of testing, prospective teachers may take the Common Examinations, which measure the professional and general preparation of teachers, and one of 13 Teaching Area Examinations (formerly called Optional Examinations) which measure mastery of the subject they expect to teach.

Prospective teachers should contact the school systems in which they seek employment, or their colleges, for specific advice on which examinations to take and on which dates they should be taken.

A Bulletin of Information containing a list of test centers, and information about the examinations, as well as a registration form, may be obtained from Dr. Merlin Frantz, Dean of Academic Affairs.

## Faculty Greets New Students

The Faculty Reception and program for new students was held in the Student Union on Friday, Sept. 10 at 8 p.m. During the first half hour there were reception lines in which students were greeted by the faculty.

Then came the entertainment part of the program. Doris Coppock, associate professor and director of physical education for women and instructor in music, sang "Silent Noon" with Robert Edwards, assistant professor of piano and organ, as accompanist.

The faculty quartet, composed of Gilford Ikenberry, associate professor of biology, Paul Wagner, director of public relations and alumni affairs, Alvin E. Willems, associate professor in industrial arts and mechanics, and Donald R. Frederick, professor of voice and choral organization sang "Into the Night" and "Autumn Leaves."

Refreshments were served by the faculty, and students and faculty talked and got better acquainted.

In previous years this affair was conducted for all students at McPherson College. But because of the size of this year's student body, it was held for new students only.

## Seniors May Take National Teacher Exams

College seniors preparing to teach school may take the National Teacher Examinations on any of the four different test dates announced by Educational Testing Service.

New dates set for the testing of prospective teachers are: December 11, 1965; and March 19, July 16, and October 8, 1966. The tests will be given at nearly 500 locations throughout the United States, ETS said.

Results of the National Teacher

## Students Sport New ID Cards

A new student identification card has been put into service for the upcoming year. The card serves the same purpose as the former meal and activity cards. The one card brings more efficiency to the user.

Because of the enlarged student body this year, a small picture of the bearer is pasted on the card to insure proper identification. This also prevents others from benefiting from the cards.

The cards are sealed in plastic to insure against corrosion and tearing.

# Mac Tackles Opener Tonight

By Gene Czaplinski

Tonight, the McPherson College Bulldogs open their 1965-1966 football season at Emporia against the C of E Presbies.

The Presbies are one of the top-ranked teams in the conference this year boasting 18 returning lettermen, 12 of whom were starters last year. They feature a fine passing attack led by quarterback Roger Poerschke. Their defense was unreliable last year, yielding over 20 points a game. Yet, they finished with a 7-2 mark in conference play.

The Bulldogs feature a prototype offense led by senior quarterback Buddy Taylor, sr., Thomas, Okla. They also have a fine outside threat in Jim Steible, McPherson. However, the Bulldog defense will decide the issue, and if the Bulldogs can hold the Presbies, the game may turn out to be a real surprise.

Coach Smith has not settled on a starting lineup for tonight's game. However, these are the men who have been showing up well at their positions.

At the quarterback position will be Buddy Taylor. The other backfield members include Jim Steible, sr. McPherson and Russ Burkholder, sr. Preston, Minn., at the halfbacks and Jerry Harrison, fr. Beloit, in the fullback slot.

The Bulldogs return a couple of lettermen to the starting end positions. They are Charles Wiggins, jr. McPherson and Tom Worthing, jr. Wamego. At center will be Junior Hendricks, sr. Kingsley, Iowa.

In the tackle positions will be Dale Prochaska, jr., Glasco and Jeff Lambert, soph. Inman. The two guards will be Wendell Kuhlman, McPherson and Jon Warner, sr. Union, Ohio.

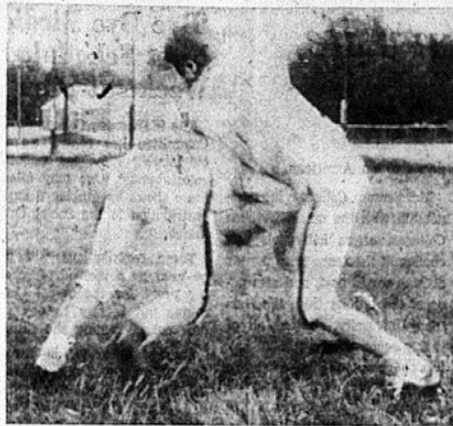

The other squadmen include in the backfield: Irvin Albin, soph. Quinter; James Beachell, fr. Princeton, N. J.; Robert Blaue, fr. Gerald, Mo.; John

Chance, jr. Dekalb, Ill.; Don Crosby, fr. Great Bend; Stanley Dell, fr. Beatrice, Neb.; John Lehman, fr. Wiley, Colo.; Ted Livingston, fr. Macedonia, Ohio.

Laurel Patrick, sr. McPherson; Tom Reazin, sr. Lyons; Ron Schman, soph. Dallas Center, Iowa; Mike Wadiock, soph. Jersey City, N.J.; Glenn Walker, soph. Brookville; Stanley Woolard, fr. McPherson.

The end prospects are Arthur Clark, fr. Newton; Morgan Dickerson, fr. Denver; Ed Gillette, fr. Clayton, Ohio; Gene Nilson, jr. Gypsum; Richard Prochaska, soph. Simpson; John Smith, fr. Dayton, Ohio; and Larry Vernon, fr. Big Pine, Calif.

Linemen include: Ralph Barr, sr. McPherson; Tom Brubaker, soph. Rocky Ford, Colo.; David Coppock, jr. Tipp City, Ohio; Arnold Groff, sr. McPherson; Bill Harper, fr. Moraca, Pa.; Denny Miller, soph. Lanark, Ill.; R. H. Nolen, soph. Canada; Larry O'Keefe, fr. Arlington, Ill.; Wayne Poland, fr. Chantilly, Va.; Ed Shapley, jr. Sparta, N. J.; Dan Stockstill, soph. Genesee; Bill Winkley, jr. Marion; and Don Woodcock, soph. Washington.

Two Bulldogs gridders work on offense and defense in preparation for the season opener at college of Emporia tonight.

## Sportscope

Prediction for the outcome of the Kansas Conference football race was stated concisely by one coach recently: "Pick one of the big three to win and toss the remaining seven in a hat." "The big three" includes Southwestern College of Winfield; Ottawa College; and College of Emporia.

Southwestern returns a squad of 25 lettermen, 18 of whom were starters last year. At quar-

terback, Coach Bud Elliott can count on no less than four experienced men. Jim Lapoint is the best bet to gain the nod, but depth is certainly evident.

The offense lost only one starter from its unit, and when the passing attack falters the Bulldogs boast the finest runner in the conference, halfback Terrill McBride.

Ottawa returns 27 lettermen for Coach Dick Peters. The best returnee is quarterback Ed Buzzell. He threw for 24 touchdowns and 193 yards a game to lead the nation last year. Fifteen of those TD passes were to all-conference end Leonard Schaeffer.

Six returning linemen pack the defense to lead the charge. Of his squad, Coach Peters says simply, "They'll be shooting for the works."

College of Emporia's Presbies have 18 lettermen returning. One is Roger Poerschke, who has taken over the quarterback reins this season. Only a sophomore, he led the team in total offense last year after Rich Tesky was injured.

The weakness here is the defense, which allowed over 20 points a game last season—and will certainly have to improve for top contention.

Baker and Bethany could break into the top three. Baker's

## Two Students Travel To Distant Points Abroad

By Nancy Noyes

"One flew East, one flew West, one flew over the cuckoo's nest", but in the case of two Macollege students, Helen McKinney, Jr., Great Bend, and Clare Swick, Sr., McPherson, one flew to France this summer to study language and one traveled to South America to work and learn in British Guiana.

"Despite my three years of French, I couldn't understand the language in France," said Helen, commenting on her recent seven-week visit to Europe. "The French people are friend-

ly toward Americans I found, and some do not like President DeGaulle any more than we do," Helen also said.

Other highlights of Helen's trip as a member of the Foreign Language League tour group were attending classes at the city university of Reims, getting lost in Geneva, Switzerland, seeing blooming flowers everywhere, eating rich food in Denmark, drinking cocoa from a dish for breakfast in France, eating raw horsemeat in Belgium, and enjoying the clean look of Paris from atop the Eiffel Tower.

"There's so much to learn in every country for the visitor who is really interested in the people and their culture. I would like to go back for another visit someday," concluded Helen.

Although the United States Embassy was bombed a week before Clare's arrival in July in British Guiana, he found the people friendly and hospitable. Poverty and lack of higher educational opportunities are two of the great needs of this country, according to Clare.

"My purpose was to try to build better relationships between our country and British Guiana through youth organizations in church," explained Clare, whose two-month trip was sponsored by the Presbyterian Church of the United States.

"I learned a lot from the people, and I wish I could have stayed longer. The East Indians and the Africans that I met in the church meetings showed great curiosity and interest in Americans."

chances were dampened when Gary Stauffer, last year's conference rushing leader, decided not to return to school.

Bethany, with a new coach, has a tremendous amount of potential. But inexperience makes a high finish improbable.

Sportscope predicts the KCAC outcome in order: Ottawa, Southwestern, C of E, Bethany, Baker, McPherson, KWU, Friends, Bethel.

Since this week inaugurates the new football year, KCAC fans are no doubt picking their favorites in games over the weekend. Sportscope's predictions:

McPherson at C of E... The Bulldogs have very little experience at key positions, especially on defense. That should be the difference. Our pick: C of E.

Friends at Ottawa... Woe to the Quakers as the Buzzelled Braves initiate their new season. Ottawa in a breeze.

Sterling at Bethany... Too many brawny Swedes will make things tough on Sterling's Warriors. Take Bethany.

Bethel at Baker... Even without Stauffer, Baker is very dangerous. Ken Koehn is just not enough for Bethel. We pick Baker.

## Frosh Initiation Ends With Friday Tug-of-War

A tug-of-war at the lagoon Friday at 12:30 p.m. will mark the high point of freshman initiation week. Twenty five of the brawniest freshmen (football players excluded) will attempt to escape a dunking as well as gain class prestige by defeating the sophomore strong men.

Beginning last Monday freshmen have been required to wear their beanies outside their dorm rooms, cater to upperclassmen, and "button" upon command.

In addition freshmen were required Tuesday to name any

building on campus at the request of an upperclassman.

Wednesday freshmen were required to sing the school and/or fight song at the bidding of an upperclassman.

Thursday freshmen are to be able to name five male and five female upperclassmen and will wear a sign stating "Go Bulldogs" or "Beat C of E."

Friday the men of the freshman class shall wear white shirts and ties, and the women heels and good dresses, bringing the initiation to a close.

# Slater Relates German Life Under BCA Year Abroad

By Robert Slater

As a regular part of the McPherson College curriculum last year, two students, Dale Marrs and I, spent the year in Marburg an der Lahn, West Germany, as members of the Brethren Colleges Abroad program.

It is a junior year abroad study program, with full accreditation for students from any of the five participating Brethren Colleges, with the foreign study being either in Marburg, Germany, or in Strasbourg, France.

The program had orientation meetings at Columbia University, in New York, prior to our departure, and then a full shipboard program aboard the M-S Aurelia, a student liner, designed to prepare us for our stay in Europe.

BCA then held a two month language institute in Marburg for students during the months of September and October to try and eliminate some of the basic problems of study in a foreign culture—namely, the language barrier.

## Mac Students Like To Eat

To meet the food requirements at McPherson College, Slater Food Service has to keep its "cupboard" full. To keep up with the fast pace of academic and social life on campus, students weekly consume tremendous amounts of food.

During a week's time Macollege students eat approximately 450 dozen eggs for breakfast, Ross Woodard, Slater's manager, stated. In addition, they consume nearly 1,500 boxes of cereal with 700 gallons of milk.

About 2,500 pounds of meat and 400 loaves of bread become a part of students' weekly diet, and fruit is consumed in 1,100 pound quantities. That small item, Jello, becomes a major part of students' diets, at a rate of 250 gallons a week.

For two months we studied eight hours a day, five days a week, on nothing but German language, grammar and vocabulary, but at the end of the time, as we were ready to enroll in the university, we found that the intensive studying had paid off. We had learned to function in the German language.

The friends we made, the new ideas we received about ourselves, our own country, and about Germany—are things that are impossible to relate to others, and even though they were anticipated, they surpassed our wildest dreams of what it would probably be like.

The chance to study first hand the educational system, language, country-side, and people of another country come seldomly, and usually at great ex-

pense to an American.

McPherson College, in partnership with the other Brethren Colleges, offers individuals this chance at the same price a year at Mac would cost, and also accepts the credits from the German University, so that all of this is accomplished without any loss of time in the student's career.

## Zerger Holds Nursing Post

Along with the new students and freshmen, Macollege has a new nurse, Mrs. Vernon Zerger. Mrs. Zerger came all the way from California to go to school at Bethel Deaconess Hospital School of nurses.

She and her husband moved to McPherson last year and she started work at McPherson County Hospital on the first of May. Before Mrs. Zerger started working here she did some nursing at a small hospital in Goessel, Kansas.

"Mrs. Zerger has never been connected with a college as far as nursing is concerned but she said that she has enjoyed many plays given at Macollege. Mr. Zerger attends all athletic programs here on campus.

Apart from her heavy schedule, Mrs. Zerger finds time to be president of the New Corners in McPherson and secretary of the HDU (Home Demonstration Unit). Along with this she and her husband work actively in the Brethren church.

Mrs. Zerger stated, "I've enjoyed my first few visits here and I'm looking forward to the coming school year. I'm beginning to meet a few of the students. Any one of them is welcome in my home if an emergency happens before or after infirmary hours." Mrs. Zerger lives at 319 N. Carrie.

## Speakers Slated In Convocation

Dr. Merlin L. Frantz opened the first assembly of the new year, Friday, September 10. Carol Klotz, Fredericksburg, Iowa, sang One World as special music for the opening assembly. She was accompanied by Kathie Andrews, Rocky Ford, Colorado.

Raymond L. Flory gave the morning prayer, after which Dr. J. Jacob Melhorn, president of McPherson College, greeted the students both old and new back to a new school year.

He expressed the idea in his speech that every student must secure an education in depth and understanding.

Two speakers will be featured in the assembly, Friday September 17. Oscar T. Moline of the Ministerial Alliance, and Mayor G. G. Dixon of McPherson.

On October 1, Dr. Roy Laird, Professor of Soviet Affairs, from the University of Kansas, will give a lecture on the "Gospel According to St. Marx.

## 'Bye Bye Birdie' First Scheduled Weekend Film

The McPherson College Social Committee has rented some outstanding films for weekend entertainment. One may attend these shows by making a small contribution to the Social Committee.

These contributions will not be used as a method of securing profit for the Social Committee but merely to pay for the cost of renting the film.

Starting Sept. 17, in Brown Auditorium, the Social Committee has rented the film "Bye Bye Birdie". This show stars Ann Margret, Dick Van Dyke, and Bobby Rydell. Ann Margret plays the part of the typical teenage girl who is awestruck with a rock and roll singer; Bobby Rydell is Ann's boyfriend. Dick Van Dyke is Conrad, the singer's, publicity manager.

A most amusing satire on Rock and Roll develops when Dick Van Dyke decides that Conrad should make his last public appearance in the town that Ann Margret and Bobby Rydell live in. Conrad has just been drafted and agrees fully with Dick Van Dyke's plan.

Thus the plot develops and one is entertained by excellent acting and pleasing songs.

Following this show other films will be shown on following weekends: "Diamond Head," "The Mouse that Roared," and "Under the Yum Yum Tree". These are just a few of the 25 films rented by the Social Committee which may be seen.

## Homecoming Date Set

Saturday, October 16, is the date set for Macollege's annual Homecoming festivities.

Some of the annual activities include class reunions; this year with the classes of '50, '55, and '60.

The McPherson Bulldogs will meet the Bethany Swedes in the stadium at 2 p.m., and the Queen's ball is scheduled from 9 to 12 p.m. that night in the Student Union.

## Macollege Yearbook Records 55th Year

For 55 years—since 1911—memories, images of college life and students' faces and personalities have been reflected in McPherson College yearbooks. The year 1911 saw the publication of "The Dandelion," which, according to Dr. J. F. Slifer, president of McPherson and alumnus of the college, was the first annual. "The Dandelion" was a rectangular volume bound with gold cord.

No annual was published again until 1917, when "M. C. Spirit" recorded activities on Macampus.

## Albright, Dalton

Rev. and Mrs. Lyle C. Albright, Dallas Center, Iowa, announce the engagement of their daughter, Sylvia Marie, to Mr. Stanley J. Dalton, son of Mr. and Mrs. LeRoy Dalton, Abilene.

An elementary education major at McPherson, Sylvia is completing her senior year. Mr. Dalton is a McPherson alumnus, presently employed with the State Highway Commission.

## Emmert, Peters

Mr. and Mrs. Robert W. Emmert, Adel, Iowa, announce the engagement of their daughter, Ruth Ann, to Mr. David Peters, son of Mr. and Mrs. F. D. Peters, Des Moines, Iowa.

Ruth Ann is a senior at McPherson, majoring in music education. Mr. Peters, a former student at McPherson, is entering Brethren Volunteer Service.

## Wood, Strickler

Mr. and Mrs. Clyde Wood, Panora, Iowa, have announced the engagement of their daughter, Lois Elaine, to Mr. Gayle V. Strickler, Longmont, Colo. Lois, a senior at McPherson, majors in business education, and Gayle majors in sociology at Pacific University, Forest Grove, Ore.

Following in 1920, "Life and Light," named for the Greek motto in the college seal, appeared, bound in a hard paper cover.

During the fall of 1920, the Student Council appealed to the student body at large to suggest a permanent name for an annual publication. Out of the many names submitted, Dr. J. F. Slifer's "Quadrangle" was the most popular choice, and the first Quadrangle was released in the spring of 1921.

Publication of the Quadrangle became a controversial issue the next fall, because students complained of the exorbitant price. After an appeal in the Oct. 11 issue of The Spectator, which favored the continuation of the Quadrangle because of future sentimental value, it was decided to publish a volume which could be purchased for the nominal cost of \$3.00.

Today the Quadrangle for the school year 1965-66 is on the drawing board, with editor Barbara Bollinger, jr., Seattle, Wash., planning layout for 152 pages, within a budget of \$5,500.

Although most plans and deadlines are to remain dark secrets, Barbara emphasizes the dates to keep in mind, that definitely are not secret: Student pictures will be taken Sept. 20-23. Schedules will be posted on bulletin boards on campus.

Barbara extends an invitation to all interested students who wish to participate in some way on the "Quad" staff. Copy writers, photographers, and typists will be most welcome, said Barbara.
