# BMOC Strives For 200 Pints

Vol. 51

McPherson College, McPherson, Kansas September 22, 1966

No. 3

## Tragedy Strikes Campus In Fatal Auto Crash

One McPherson College student was killed and six others were injured in a one-car accident during a rainstorm in the northern part of Harvey County last Saturday evening.

Killed was Gregory M. Hoberock, soph, Hicksville, N. Y., who was celebrating his nineteenth birthday.

Injured in the accident were Reginald W. Morales, soph, San Juan, Puerto Rico, fractures, lacerations; Pamela Long, soph, Prairie Village, fractured jaw. Pam was taken to K. U. Medical Center in Kansas City;

Richard Kohn, soph, Pessaic, N. J., serious head lacerations, McPherson Hospital; Hobart Terhune, soph, Lakeville, Conn., lacerations, broken teeth, and jaw injury;

Nicholai A. North, McPherson, severe shock, McPherson Hospital, and Robert Ritter, jr, Pittsburgh, Pa., treated and released from McPherson Hospital.

The accident occurred at 7:30 p.m. Saturday during a heavy rainstorm. Hoberock was driving a 1960 Ford north on a county road six miles east and

1.3 miles north of Buhler in the northern edge of Harvey County, about 15 miles south of McPherson.

Highway Patrolman Jack Adams said Hoberock was driving north and ran off the right side of the road. The car continued on the edge of the road for 190 feet, Adams said, before it struck the concrete railing of a bridge.

An ambulance took Hoberock, Morales and Long to Mercy Hospital at Moundridge. Hoberock was dead upon arrival at the hospital.

A memorial service open to the public for Hoberock was held Tuesday, Sept. 20, in Brown Auditorium. Officiating at the service were Dr. Wayne Miller, director of religious life, and Dr. Lewis Young, associate professor of psychology.

## AAUP Chapter Holds Meeting Lab Theater Launches New Season

Details of membership and plans for the year were discussed Tuesday at the first meeting of the year of the local chapter of the American Association of University Professors.

Dr. Doris E. Coppock, professor of physical education for women and chapter secretary, said the AAUP has "come to be recognized as the authoritative voice of the academic profession."

"Since 1960," she continues, "some 45,000 new or former members have joined the national association, and current membership is estimated at nearly 75,000."

Recently the AAUP has embarked on new programs to advance faculty salaries, to promote faculty self-government and to recruit qualified graduate students into the profession.

## Lab Theater Launches New Season

Brown Auditorium will be the setting for the opening of laboratory theater's third season Tuesday, Oct. 18.

Cuttings from Paddy Chayefsky's "Gideon" will be the first offering of the theater in the round, with Ron Cassidente, sr, Denver, directing.

Future plays will be directed by members of the play production for teachers class. Members of Player's Club, Alpha Psi Omega and other interested students will hold cast and production positions.

"In essence, lab theater is a training ground for aspiring actresses and actors," said Loren D. Reyher, assistant professor in English and theater.

BMOC, Bloodmobile on Campus, is the theme of the Circle K service organization as they go into an intensive drive in an effort to surpass their quota of 180 pints of blood for the American Red Cross.

Circle K is striving for 200 pints in an effort to regain the Red Cross Bloodmobile trophy which has been won twice by McPherson College, but is now held by Kansas Wesleyan University.

Bethany College also competes for the trophy, and Circle K is contacting other Kansas colleges for this competition.

Ron Cassidente, sr, Denver, president of Circle K, believes that this project is especially

suited to McPherson College. He says, "The student body and college have always had a purpose and have been interested in other people and projects outside the narrow life we live on campus."

"Blood donation expresses this interest. What more can a person give of himself than a pint of blood?"

Several organizations will cooperate with the Circle K in this project. The local chapter of the Red Cross provides all materials and literature.

The women's dorm council will assist in donor solicitation, and the Home Economics chapter will supply a meal for each donor.

The Circle K project committee is Kent Noffsinger, soph, Tipp City, Ohio; Rick Racine, soph, Hennicker, N. J.; Walt Miller, sr, Scott City; Tim Granger, sr, Munster, Ind.; and Alan Cable, sr, Syracuse, Ind.

Committee plans got into action on Sept. 13 with person-to-person contact with on-campus students.

Future plans include: permit permission card mailing for students under 21 years of age on Sept. 17; contact with off-campus students and faculty on Sept. 19; Scheduling donors for preferred times on Sept. 24.

Appointment cards will be sent to donors and final solicitation will begin on Oct. 1. The Bloodmobile will arrive on campus on Oct. 11 and is expected to process 10 donors every 15 minutes.

Blood donors must be 18-59 years old and must weigh at least 110 lbs. They must have no infectious diseases at donation time and must not be carriers of other diseases. Other requirements will be explained by solicitors.

## Hughbanks Teaches Ground Aviation Class

The necessary 25 have enrolled in the ground school aviation class sponsored by the McPherson Chamber of Commerce. The class meets each Monday night at room 212 Mohler Hall. Monroe Hughbanks, assistant professor in education and licensed pilot, is the instructor.

## Fahnestock Hall Men Extend Invitation to Open House

Fahnestock Hall men welcome faculty, students, family and friends to their open house Sunday Sept. 25, from 2-5 p.m. Ed Shapley, president, sr, Sparta, N. J., and Mrs. Elizabeth Russell, house mother, will be the host and hostess at the reception.

Refreshments, prepared by the college Home Economics class, will be served in the dorm which houses 60 men. Fall colors will be used in decorating the residence.

"Fanny's" house mother for the sixth year, Mrs. Elizabeth Russell, stated, "We're going all out this year to make this the best open house we've ever had."

Officers of Fahnestock Hall are Ed Shapley, president; Stephen Melillo, vice-president, jr, Medway, Mass.; Ron Mick, secretary, soph, Omaha; and

Terry Bouse, treasurer, sr, Silver Lake, Ind.

Ron Cassidente, sr, Denver; Keith Schradel, jr, Elmhurst, Ill.; and Arnold Groff, sr, Sacramento, Calif., are proctors for the dorm.

Fahnestock Hall is very well represented in the McPherson College student government. Student Council president, George Snavelly, sr, Lebanon, Pa. and Student Court president, Roger Schrock, sr, Harmony, Minn., live in "Fanny."

Representatives at large, Bill Duryea, jr, Changewater, N. J. and Terry Bouse; and sophomore representative, Stan Hoffert, Des Moines, Iowa, also are residents in Fahnestock.

"With those guys here, you couldn't miss," stated Mrs. Russell.

Mrs. Elizabeth Russell said

that she was honored to sit with 16 of her men and their dates at the first home football game, with College of Emporia. She wore a corsage, given to her by the "Fanny" boys.

Mrs. Russell thinks that there is more of a group spirit than individualism in the dorm.

For example, when an engagement of one of the men in Fahnestock is announced, the fellow is thrown into the showers that night and his fiancée is given a dozen roses—compliments of the "Fanny" men—the next morning.

"I've always been proud of the boys who have lived here, but the boys this year are the best I've ever had," said Mrs. Russell.

## Fund to Provide Hoberock Memorial

A fund in memory of Gregory Hoberock has been established by students on campus, according to Dr. Lewis Young, acting dean of men.

The fund will be used to purchase a memorial in Hoberock's name, said Dr. Young. Students wishing to donate to the fund will be able to do so at both Metzler and Bittinger halls.

## Convocation To Feature Church Satire

"For Heaven's Sake," a two-act musical, will be presented for convocations Thursday, Oct. 6, and again Sunday, Oct. 9, at 7:30 p.m., in Brown Auditorium for students and the public.

The play, a satire on the church, was written for the North American Ecumenical Youth Assembly where 2000 young people met to discover what God was calling them to be and do within the North American setting.

The satire is an effort to express "how things are" with us in the world and in the church. The book and lyrics were written by Helen Kromer and the music was written by Frederick Silver.

Dr. Doris E. Coppock, professor of physical education for women, and Loren D. Reyher, assistant professor in English and theater, are directing the musical.

Singing roles will be played by Larry Banks, Ken Dilling, Roger Ditzler, Mike Fox, Susan Frederick, Maslin Hoover, Carol Klotz, Mary Ann Miller, Gene Roth and Delores Taylor.

Speaking parts will be played by Russ Merrifield, Merv Penner, Jane Funk and Mary Nell Alhright.

Lorene Pauls will be the pianist.

## Auditions Continue Today For 'Campus Talent '66'

Five acts have already signed up for auditions for "Campus Talent '66," Larry Marcellus, director of publicity, has announced.

Auditions will be conducted from 3:30 - 5:30 p.m. today in Brown Auditorium.

Acts indicating interest in auditioning are the Grannies, women's trio; a folk singer; two pop singers; and a trombone quartet specializing in classical music.

Marcellus hopes that more performers will sign up for the auditions so that the College will be well represented in the hour-long entertainment special which will be seen on television this fall.

The program is not a talent contest or amateur show, said Marcellus. Rather it is a representative selection of outstanding student performers in the variety arts.

Acts in the show may in-

clude vocalists, comedy acts, dancers and instrumentalists. Although the program may occasionally feature an unusually talented serious music student, the format is designed along popular musical and variety tastes.

Outdoor locations, featuring college landmarks, will be used as background for each performance.

Background music for all acts is individually arranged and recorded by a professional orchestra. The vocalist or group performance is then "mixed" with the pre-recorded special orchestration styled for the particular act. However, music for the auditions must be provided by the individual or individuals concerned.

Southwestern Bell, who sponsors "Campus Talent '66," plans to produce another program featuring campus talent in the spring, for broadcast in May, 1967.

## New Budget Channels Funds to 10 Areas

The Student Council has released its budget for the first semester of the 1966-67 academic year, according to George Jones, sr, Canton, student council treasurer.

## Collegians Use ID's As Pass for Events

Student identification cards are admission tickets to most McPherson College events for which admission is charged. The ticket also entitles the student to a reduced price at conference athletic contests away from home. Students who show their identification cards will be admitted to away from home games for 75 cents.

The identification card is not transferable.

Changes in bookkeeping procedures have affected Stuco books considerably said Jones. "We now have a controlling account and nine subsidiary ledgers," he said, "and all cash receipts and disbursements are handled directly through this office."

Jones indicated financial reports will be made quarterly to the student body.

The total income for the fall semester will be \$5025, a combination of the activity fees and the balance brought forward from last year.

The expenses are grouped in ten categories in addition to the grant to the board of publications, giving the Quadrangle \$1900 and the Spectator \$1000. The men's and women's coun-

cils each received \$100, the cheerleaders received \$75, and the Growl, \$230, while \$50 was given to the Poster Booster Committee and \$855 for the Social Committee.

The Special Social Committee Fund, being saved for a big name group on campus in the future, was given \$563.

The Honorary Quadrangle and Spectator Fund was given \$70 for publications sent to former staff and faculty members. Miscellaneous Expenses, such as a Spectator telephone, rent on typewriters and pencils, was given \$50.

A balance of \$32 will be left over at the end of the semester, which, combined with the expenses mentioned above, will total \$5025, the complete income.

# Era Closes for McPherson

An era has closed in the history of McPherson College. For the first time this year, attendance at chapel is not required for graduation.

## Annual Tug-O'-War

Sophomores Look at Fresh . . .

. . . And at Themselves

## Clinical Psychiatrist Counsels Student Leaders

Dr. Vernon Kliever, a clinical psychiatrist on the staff of Prairie View Clinic at Newton, is available for counseling for students or faculty each Tuesday from 1:30 p.m. to 4:30 p.m. in Mohler 209.

Dr. Kliever works with individuals or groups, and one of his most important functions is to counsel with campus leaders so that they may more effectively work in areas where there are difficulties.

This is Dr. Kliever's second year at McPherson College. During that time, he has met with an average of four to

six students each week at no expense to the students.

Dr. Merlin L. Frantz, dean of academic affairs, explained that if a student was in need of prolonged psychological treatment, he would be referred to his own physician or requested to contact the McPherson County-Community Health Center.

Students who would like to make appointments with Dr. Kliever may do so by contacting Betty Barchesky, secretary to the dean of academic affairs.

## Danforth Offers Grants To Graduate Students

Inquiries about the Danforth Graduate Fellowships, to be awarded in March, 1967, are invited, according to Merlin L. Frantz, dean of academic affairs and local campus representative.

The fellowships, offered by the Danforth Foundation of St. Louis, Mo., are open to men and women who are seniors or recent graduates of accredited colleges in the United States, who have serious interest in college teaching as a career, and who plan to study for a Ph. D. in a field common to the undergraduate

college. Applicants may be single or married, must be less than thirty years of age at the time of application and may not have undertaken any graduate or professional study beyond the baccalaureate.

Approximately 120 fellowships will be awarded in March, 1967. Candidates must be nominated by Liaison Officers of their undergraduate institutions by Nov. 1, 1966.

The Foundation does not accept direct applications for the fellowships.

The significance of the change-over, which was made with little fanfare and which has been quietly accepted by students, is monumental.

McPherson College is growing up. The administration is no longer assuming, at least in the area of religion, that students must be forcibly confronted with controversial issues in order to be aware of them.

Students need no longer feel compelled, in the words of a former Spectator editor "to worship the same God—or feel mighty uncomfortable if they don't at least go through the motions."

Chapel was becoming less an educational experience than an unpleasant hour in which to sleep, talk or to bother other students who may have wanted to participate in the program.

It is a credit to the administration that changes in students' needs—certainly different from needs when the tradition was established—are being recognized and that modifications are being made to accommodate the new needs.

Elimination of compulsory chapel attendance is a step toward progress. It is part of the quiet revolution. ldk

## College Adds Regier, Birkbeck to Faculty

Two new professors have joined the McPherson College faculty as replacements for professors on leave.

Arlie J. Regier has joined the McPherson College faculty as assistant professor of industrial arts.

Regier, who has been at Nallwood Jr. High School the past five years, previously taught at Wamego Rural High School. Prior to going to Wamego, he was with the Menninger Foundation at Topeka, in the department of child psychiatry.

A native of Burrton, Regier received his bachelor's degree at Bethel College, Newton, and his master's degree at Colorado State University, Fort Collins.

Regier replaces Dennis Dirksen, who is on a leave of absence. Dirksen is conducting research on his doctorate at Utah State University, Logan and Cedar City, Utah. He is expected to return to the McPherson College faculty after graduation.

Dr. John Ward, professor of agriculture and rural life, is on sabbatical leave for the first semester. Ward is doing post-doctorate work at the University of Nebraska, Lincoln.

In his stead is Jim Birkbeck, assistant vice president and farm representative at a local bank. He is instructing the farm management class which convenes on Monday and Thursday evenings.

## 42 Percent Pass Proficiency Test

Numerous disgusted groans and a few happy squeaks were heard recently as students who took the English Proficiency Test checked their results.

Out of the 137 students who attempted the test, 57 passed and 80 failed.

Any student not meeting the passing requirements is required to take English Review, which is affectionately called "Bonehead."

Because of the large number of students compelled to take "Bonehead" this year, three sections have been set up.

Mrs. Sarah May Brunk, associate professor of English and journalism, is teaching a section at 12 noon on Tuesday and Thursday.

Mrs. Elizabeth Jaderborg, instructor in English, is teaching two sections on Monday and Wednesday. The first being at 12:30 p.m. and the other at 1:30 p.m.

English Review will concentrate on English mechanics as well as effective study habits for college students.

Students who satisfactorily complete the requirements of English Review will take the English Proficiency Test again at the end of the course.

Once a student fails the test,

he is not entitled to take it again until he has completed English Review.

Passing the English Proficiency Test is required for admittance into the education block and for graduation from McPherson College.

## Psychologist Takes Post on Faculty

Serving in the psychology department this year is a new member of the faculty, Dr. Lewis Young, dean of men.

Dr. Young received his Bachelor of Science degree at Carroll College, Waukesha, Wis. At Oberlin, Young received his Bachelor of Divinity degree and then continued his education at Andover Theological School in Newton, Mass., where he earned his S.M.T. Boston University was the institution where Young received his Ph. D. in psychology.

After completing his education, Young served as a pastor near Troy, Ohio. Later

## Cass's Comments

### Old Time Football Is

### Nothing without Band

By RON CASSIDATE  
... And the Band played on... even though the reeds froze to the mouthpieces, and fingers stuck to brass slides. No one seemed to notice the goings on, except for a few irate fans sitting nearby, who seemed disturbed by the noise. But it was the first home

football game of the season, and the loyal McPherson College Band was present in all their regal red splendor.

And despite what some fans thought about their appearance, the band was really playing some of the old peppy march and swing standards that have added to lively football atmospheres everywhere.

Enjoy the band whether it looks like the band is enjoying it or not. Remember—protocol demands musical sound—and demands it takes a lot of nerve to suit up in all that equipment and face the opposing forces—as part of a pep band.

So here we are back to the McPherson College Pep Band. Dressed in the characteristic outdated costumes that could have passed for red altar garb at Ba-alistic sacrifice rights, the band sits grouped together to provide the necessary invocation and possible benediction along with intermittent phrases and tunes designed to wake the sleeping spectators at exciting points during the service game.

Now that the true significance of the pep band has been outlined, it is up to the loyal spectators to give them the support and understanding they deserve.

Man has always seemed to appreciate the values music has upon the heart, mind and soul when played at the many varied functions within our gregarious society.

And taking its place among the worshipful settings comes man's incessant homage to the god of the bloody football.

Staying true to form, the fanatic organizers saw to it that suitable music was provided to boost the spectators into the proper frenzied state.

## What Is Man?

### Ideals, Reality Cause Schism In Personalities

By JERRY LASATER

There is deep tension between the student's attempts to become a genuine person in his own right and the guilt he feels as he breaks away from some of the ideals and expectations he has been influenced by mostly from parents.

Especially in this group are freshmen who encounter vocal expectations as well as moral standards different from their peers.

The student's genuine attitude or experimentation on issues like smoking, drinking, or sex often begin to deviate from standards at home and feelings of guilt emerge. Such guilt faced by rigidity on the parents part leads all too often to concealment by the student.

This concealment or hiding of true feeling often leads to complete breaks with parents, which if discussed openly with a blending of college and home could establish relevant and responsible solution to the problems.

If students keep concealing this from parents, it may lead to behaviors which break with devastating power upon both students and parents such as pregnancy.

## Quad Staff Attends Workshop in Wichita

Members of the McPherson College Quadrangle staff attended a workshop in Wichita, Sept. 17.

Attending the workshop were Jean Yoder, sr., McPherson, editor; Peggy Kuehl, soph, Wauke, Iowa, assistant editor; Ken Van Blaricum, sr, Meade and Stan Wollard, jr, McPherson.

Mrs. Homer Brunk, associate professor of English and journalism, accompanied the students.

# Bulldogs Clash With Coyotes

By CHRIS LEVI

The McPherson College Bulldogs will be hosted by the Kansas Wesleyan University Coyotes Saturday Sept. 24 at 7:30 p.m. in Salina.

The Bulldogs will be trying to avenge a 28-13 defeat handed to them last year by the Coyotes. As Head Coach Sid Smith stated, "We're going to win."

The Coyotes are in a rebuilding year, but still have some experienced talent by the likes of Stapp the all-conference quarterback who, "is extremely fast and likes to run the option," stated Coach Smith.

The Bulldogs' mentor also said that the 190 lb. fullback, Robert Dickman, and 225 lb. tackle, Montgomery could give the Bulldogs trouble along with

the experienced ends.

Smith stated that the Coyotes are a "good passing team, and run a slot formation with a split end." On defense the Coyotes run a basic 5-3-3.

Smith said that the team needs a good amount of student participation and support for Saturday's game.

## Sportscope

### Bulldogs Exhibit Poise

### In Game with C of E

By GENE CZAPLINSKI  
In their season debut, the Bulldogs were equally impressive and disappointing last Friday night.

On the plus side was a varied offense; a good job at QB by Junior Smith; an alert and effective pass game; and an unusual poise which was evident in spite of numerous fumbles and penalties.

On the minus side arose the understandable first game errors, principally due to the many inexperienced players in the lineup.

C of E, it must be said, was not the equal of past Presby teams which have played here. Missing were the huge, aggressive lines the Presbies have been noted for.

One factor did help them immeasurably in the game, however—experience.

It is going to be a learning year, but there are bright flickers in the fire. The pace in which they learn is the key to this year's season.

After a 5-0 effort last week to open the year, we will go after ten straight this week—with a vengeance!!

Mac At KWU .....  
KWU is in a rebuilding year too. We pick McPherson to squeeze 'em by a touchdown.  
Sterling at Baker .....

### Millers Awards Shoes to Teeter

Millers Shoe store has a 15 year tradition of awarding a pair of shoes to the football player who makes the most tackles in the first game.

Fred Teeter, Jr., Oakley, won the shoes for the opening game this year with C of E by compiling 13 unassisted tackles and 4 assists.

Roy Parsons, Jr., McPherson, was second with 10 unassisted and 1 assisted tackle. In third place was Tom Brubaker, Jr., Rocky Ford, Colo., with 9 unassisted tackles and 3 assists.

### M-Club Sells Pins To Boost Bulldogs

Homecoming booster pins will be available to students, faculty and anyone else who is interested in backing the Bulldogs in their clash with the Baker Wildcats.

A thousand pins have been ordered by the McPherson College M Club. Pins will be sold on campus and downtown by the M Club members for 25 cents. Sales will begin the week before homecoming.

### Smith Wins Title As Player of Week

Junior Smith

Junior Smith, Jr., Chase, quarterback and defensive safety for the McPherson College Bulldogs, has been named player of the week for his performance in the McPherson C of E clash last Friday.

Junior, a Chase High School quarterback demonstrated poise as he threw for two touchdowns and completed 14 of 27 passes for 164 yards. He is an excellent runner and a good defensive tackler.

While in high school, Junior was active in football, lettering four years, and captain his senior year. He also lettered three

### College Makes Showing In Yardage over C of E

Freshman quarterback Junior Smith sparked McPherson College to a reputable showing against College of Emporia last Friday night although McPherson lost 35-12.

McPherson's two touchdowns came when Smith threw for 35 yards to Tom Worthing and

a five yard toss to Fred Teeter. Both attempts for extra points failed.

Halfback Dennis Brown of C of E scored three touchdowns, the most exciting being a kickoff return of 32 yards to open the second half.

Fumbles and pass interceptions plagued the Bulldogs during crucial points of the game. The Presbies capitalized on the Bulldog's mistakes by turning fumbles and intercepted passes into scores.

Kansas Wesleyan University will host McPherson on September 24, at 7:30 p.m. in Salina.

Concerning last week's game with C of E, Junior stated, "The team did a pretty good job, but bad breaks hurt us." He was optimistic about the rest of the Bulldog's games and said, "we should do all right through the rest of the season."

Statistics—	MC	E
First downs	21	19
Net yards rushing	192	219
Passes attempted	27	12
Passes completed	14	5
Yards passing	164	78
Passes intercepted by	1	4
Times punting	3	4
Average punt	32	35
Times penalized	7	6
Yards penalized	66	65
Fumbles lost	2	1
Emporia	7	7
McPherson	6	0

### Ray Runs 7 At Winfield

Art Ray, head cross country coach, has seven members currently running in preparation for tomorrow's meet with Southwestern at Winfield.

McPherson met with Central College and Hesston College at a triangular meet held last Tuesday. The results of this cross-country meet were not available at press time.

Only one returning letterman, Wayne Heskett, soph, Oakley. Others participating in cross country are John Zinn, Dave Smith, Dave Shepherd, John Mummert, John Lane and Rick Gingrich.

### Pep Club To Sponsor SU Dances

The Pep Club will be sponsoring dances after all the home football and basketball games in the Student Union and will run the concessions stand at the basketball games. For all the away games, the Pep Club will post a sign-up sheet in the Student Union for volunteers to drive.

The membership drive will take place before homecoming along with a pep assembly to encourage more spirit directly before the game.

**What's Cookin'**

"Wilson, I'M Sure Glad The **KU KU** Habit Has Caught On With You. Their Cheeseburgers Are Out Of This World!"

### Bethany at C of E

Best game of the week. The Presbies are extra tough at home while the Swedes seem to get cold feet on foreign fields. Maybe it's the lasagna—or lack of it. We pick C of E in a squeaker.

Friends at Southwestern ... Friends was bombed 33-0 by Ottawa last week. Southwestern creamed KWU. Doesn't take much of a crystal ball to predict this outcome.

### Ottawa at Bethel

One conclusion was reached after last weeks games about these two teams. Ottawa is loaded, and the Threshers are improved. Therefore, we come to another conclusion about this encounter—the Threshers may need some junior help to clean up after the Braves get through.

# Collegians Elect Council

Student Council elections will be held Sept. 29 in Friendship Hall. One representative at large, two freshmen representatives and the B-team cheerleaders will be elected.

The Council is the governing agent of the student body and is comprised as follows: a president, elected by the student body from the senior class of the following year;

A treasurer, elected by the student body from the junior class of the following year; two representatives from each of the four classes, elected by the members of the class to be represented;

Eight representatives elected at large by the student body; the Dean of Academic Affairs; the Dean of Women; the Dean of Men; and the Dean of Student Affairs.

One of the main bodies of the Student Council is the Student Court, which is the guid-

## Dr. Melhorn Attends ACCK, Regional Meets

Activities of the McPherson College president, Dr. J. Jack Melhorn, for the past week include three out-of-town meetings and a McPherson meeting of Associated Colleges of Central Kansas member presidents and their wives.

Dr. Melhorn attended a meeting of the Kansas Association of Colleges and a meeting of the Kansas Council of Church Related Colleges in Manhattan Sept. 14.

He went to the Kansas District Meeting of the Church of the Brethren at Independence on the weekend of Sept. 16-18, and a trip to the University of Kansas Sept. 19 to learn more about the Fulbright program.

Dr. and Mrs. Melhorn were scheduled to entertain the presidents of ACCK member colleges and their wives on Sept. 21 at 8 p.m. An applicant for the position of director of ACCK was to be present to meet them.

# 160 Young Men Become Family to Mrs. Markham

Mrs. Mabel Markham

"I really enjoy being house-mother to 160 young men," commented Mrs. Mabel Markham, housemother in Bittlinger Hall.

Having lived in McPherson for 23 years, Mrs. Markham stated that she had never been a housemother before but had raised four boys and two girls of her own.

Mrs. Markham remarked that she had found no bad points in being housemother. The only time she found it hectic was during enrollment week, but then she said that she had expected staying up day and night during enrollment week.

"Being a housemother is quite a new experience for me, and I especially like the company of the fellows," said Mrs. Markham.

ance and disciplinary agency of the student body. Roger Schroek, sr, Harmony, Minn., is the president of the Court.

The council also issues three publications The Growl, a student handbook; The Spectator, a campus newspaper; and The Quadrangle, a student yearbook.

The Student Council meets every Wednesday evening at 6 o'clock in the room in the basement of the Student Union.

Meetings are open to the student body and members indicate they would like to hear criticisms—good and bad—about the meeting.

## Debaters to Resolve Foreign Policy Question

Four debate teams have been organized at McPherson College to debate the question, "resolved that the U. S. should substantially reduce its foreign policy commitments." This question is debated by all U. S. colleges throughout the year.

Only one of the debate teams, that of Gary Flory, jr, McPherson, and Kenneth Van Blaricum, sr, Meade, has had col-

lege debate experience, but a forensics building program is underway with the formation of three novice teams.

Alma Moore, assistant professor in speech and English, reports that the forensics program "is off the ground, but we need more people. Students are welcome to come and begin at any time."

She continues, "I firmly believe that a good forensics team is one of the best advertisements that any college can have. Forensics needs to be emphasized."

The three newly-organized novice teams are Bonnie Harris, fr, McPherson and Frederick Hines, fr, Wamego; Gene Czaplinski, sr, McPherson and Laurie Onstott, fr, Valley Center.

Patricia Greenwood, jr, New Augusta, Ind.; Evan Ruff, jr, Lawrence; and Don Flory, sr, Marion, Iowa compose the third team.

Harris and Ruff are working on extemporaneous speaking for tournaments, while Mills and Greenwood specialize in interpretation. Orations are planned by Smith and Czaplinski. Flory will represent the speech fraternity, Phi Kappa Delta, in McPherson College until other debaters qualify for membership.

## Greenwood, Waltner

Mr. and Mrs. Lee Roy Greenwood of Wichita, announce the engagement of their daughter, Lila, to Alan Waltner, son of Mr. and Mrs. Harvey Waltner of Pretty Prairie.

Lila will be a junior next semester at McPherson College and will major in elementary education.

Alan is a junior majoring in agriculture.

The couple is planning a December wedding.

## Van Asselt Hosts German Club Meeting

The first meeting of the German Club will be held in the home of Dr. Jan van Asselt, associate professor of German and linguistics, on Thursday, Sept. 22, at 7:45 p.m.

## SNEA Closes Drive Friday

The Maurice Hess chapter of the Student National Education Association will close its membership drive tomorrow, after an intensified campaign to enlist students planning careers as teachers.

SNEA members and officers will be stationed in the Student Union during dining hours to accept names of interested students.

**Hintz, Goczkowski**  
Mr. and Mrs. Reynold Hintz of Canton announce the engagement of their daughter, Margaret, to Stanley G. Goczkowski, son of Mr. and Mrs. Stanley F. Goczkowski, Jersey City, N. J.

Margret, 1965 McPherson College graduate, is teaching at Lorraine Elementary School.

Stanley is a second semester junior majoring in history. A June wedding is planned.

## Frosh Swim At Tug-of-war

Fifteen McPherson College freshmen were pulled into the lagoon Sept. 16, at the annual freshman-sophomore tug-of-war.

The 15 sophomores at the other end of the rope had little trouble in giving the "frosh" their dunking.

About ten seconds after the starter's gun had been fired, the freshmen were neck deep in water.

Watching the floundering freshmen were about 250 other freshmen and upper classmen.

Following the tug-of-war, the students moved to the football field where the McPherson College Bulldogs met with the College of Emporia Presbies.

Initiation officially ended during the half-time of the game.
