

Campus Bustles with Homecoming Activities

Flaming Wildcat, Cheering Judy Monke, Attendants Will Preside Over Weekend Homecoming Activities

A replica of a Baker Wildcat will go up in flames before falling into the ashes of the McPherson College All-School Bonfire, Friday, Oct. 21.

The A-Team cheerleaders will start things off Friday night in Brown Auditorium with a pep rally at 7:30 p.m.

Hoping to rouse school spirit among the student body, the cheerleaders will lead support-

ers in a host of cheers and yells which, they hope, will show the Bulldogs that everyone is backing them when they meet the Baker Wildcats on the home gridiron on Homecoming Day.

A skit by the Pep Club, school-spirit songs from the Pep Band and speeches by the Bulldog coaches and some of the players will round out the rally.

A procession, including the Pep Band, will proceed to the site of the bonfire—east of the football field, immediately after the pep rally.

At the bonfire site, B-Team cheerleaders will join with A-Team cheerleaders in a series of yells, cheers and chants, while the Wildcat burns at the stake.

B-Team Cheerleaders are in charge of making the stuffed Wildcat to show their school spirit.

Faculty Provide Music

A faculty quartet will provide special music at the Oct. 25 Chapel program in Brown Auditorium.

Members of the quartet are Dr. Wesley DeCoursey, professor of chemistry, Paul Wagoner, associate director of development, Dr. G. J. Ikenberry, professor of biology, and Alvin E. Wilkins, associate professor in industrial arts and mechanics.

HOMEcoming ROYALTY — Queen Judy Monke, Jr., Pierson, Iowa, center, will reign over Homecoming activities this weekend. Her attendants are, left, Paula Sissel, fr., Davenport, Neb., and right Nancy Brown, soph., Concord, Mass.

Judy Monke, a blue-eyed blonde from Pierson, Iowa, has been elected Homecoming Queen and will reign over festivities this weekend.

"I was so shocked and happy, and never dreamed of receiving such an honor. I'm very excited about reigning as your 1966 Homecoming Queen," Judy exclaimed.

The retiring Queen, Modena Hoover, sr., Rocky Ford, Colo., will crown Judy in a pre-game ceremony Saturday at 1:45 p.m. in the College Stadium.

About her reign, Modena stated, "It's been a privilege and delight to reign as McPherson College Homecoming Queen al-

though I have never thought of myself as the queenly type. Being Homecoming Queen is something every girl dreams of, and it still seems like a dream to me."

Brown-haired, brown-eyed sophomore attendant Nancy Brown, Concord, Mass., "was so happy and surprised that I hardly knew what to do. I still can't believe that I received this honor."

The freshman attendant is Paula Jo Sissel, Davenport, Neb., a green-eyed blonde. About being selected, Paula declared, "I am shocked and very, very happy about it. I feel very honored."

Floats Will Decorate Campus Green Saturday

Floats, constructed by each of the residence halls, will be on display Homecoming Day.

The Homecoming floats will be set up by 9:30 Saturday morning, Oct. 22, and must be taken down by 6 that evening.

Each dorm is going to have a float and compete for the \$30, \$20 and \$10 prizes given on a basis of originality, workmanship and theme.

Kline Hall's float committee will be headed by Kerry Giv-

ens, fr., Nickerson. Their theme is "Whip the Wildcats."

The float for Arnold Hall will be organized by John Strom, fr., Worthington, Minn.

Fahnestock Hall has elected Dan Messer, sr., West Chicago, Ill., as chairman. Jim Guenther, soph., Piqua, Ohio, will lead Metzler in their float committee.

Bittinger Hall's float will be organized by Tom DeRico, soph., N. J., and Nancy Gwinn, fr., Wilmette, Ill., is chairman for Dotzour Hall.

Pat Hayes, soph., Geneseo, secretary of the special projects committee is in charge of all floats.

Library Moves Books

The McPherson College library has received so many new books from the Federal Grant of last spring and the regular budget that a new arrangement has been set up for the placement of the books.

The books numbered from 400-700 have been taken from the regular stacks to room 11, the lower level west reading room.

McPherson College, McPherson, Kansas, October 20, 1966

No. 7

Foundation Underwrites Programs for Series

The McPherson County Foundation has given a grant of \$2500 to the three colleges within the county in order to help underwrite one program in each concert or Audubon Series sponsored by the colleges.

The Foundation is also underwriting publicity for the total season series sponsored by the three colleges in the county.

The grant will be used in two ways: \$600 will be used for publicity and \$1900 for assisting in payment for concert or Audubon Series.

Because of the County Foundation underwriting, persons holding season tickets for the 1966-67 series at any one of the colleges in the county, will be given one single admission to

the following programs:

Orchestra Michelangelo Di France, Nov. 6, McPherson College; Kaleidoscope Players, Feb. 9, Bethany College; and "Missouri Northwest" by Roy Coy, March 2, Central College.

McPherson College Cultural Series season tickets for adults are \$7 each; student or children tickets are \$5.

Other Cultural Series programs include David Burge, pianist, Tuesday, Feb. 28; The Augustana College Choir, Sunday, March 12; and Bennett Cerf, publisher, humorist and TV panelist, Monday, April 17.

All Cultural Series programs will be presented in Brown Auditorium.

Candlelight Adds Romance to Ball

The 1966 Homecoming Queen and her court will reign Saturday evening over the traditional Queen's Ball, to be held from 9 p.m. to midnight in the Student Union basement.

"Decorations are being planned around a pastel color scheme featuring pink, blue and gold," reported Pat Drury, soph., Marshalltown, Iowa, and Floralyn Groff, soph., Sacramento, in charge of decorations.

The dancing area will be transformed into a palace ballroom, complete with white pillars, trailing green ivy and "crystal" chandeliers. Candlelight will provide a romantic atmosphere.

Small decorated tables will be

available for those who tire of dancing. The center of attraction, however, will be a magnificent throne from which the Queen will reign.

Refreshments consisting of tiny sandwiches, punch and brownies will be served, according to Sharon Blough, jr., Waterloo, Iowa, chairman of the refreshment committee. A band from Hutchinson will provide music.

Saturday Dinner Will Be Buffet

Dress-up night at the cafeteria will be this Saturday evening. A buffet-type dinner will be served to the 1,000 persons expected to attend, according to Glenn Lindsey, director of Slater Food Service.

On the menu for the evening will be ham, beef, fish, assorted salads and desserts.

Slater Food Service will also serve a noon luncheon at the Church of the Brethren for approximately 250 former A Cappella Choir members. One hundred twenty-five people are expected at each of the three teas that Slater will be serving Saturday.

Admission Tests Set For Med Schools

The Medical Aptitude Test, which is one of the determinants for admission to medical school, will be given Oct. 22 at established testing centers. Applications were to be in by Oct. 8.

Scores on the test are sent directly to the medical schools and not to McPherson College. In addition to the Medical Aptitude Test, a student's college record and a personal interview are the bases for admission to medical school.

Two New Attractions Enliven Homecoming

Two added attractions will be included in the 1966 McPherson College Homecoming scheduled for Saturday, Oct. 22.

Bittinger Hall, new men's residence hall, will be dedicated and former members of the A Cappella Choir will return to campus to observe the 35th anniversary year of the organization.

Homecoming activities began today when Dr. J. W. Van Blaricum, director of the Miss Kansas Pageant and a 1957 graduate of McPherson College, addressed the student body in the annual alumni convocations.

A pep rally will be held in Brown Auditorium, tomorrow at 7:30 p.m. Following the rally will be a procession to the site

of a bonfire where a replica of a Baker Wildcat will be burned at stake.

Also at 7:30 p.m. will be an A Cappella Choir anniversary rehearsal.

There will be a meeting of the Alumni Board in the Private Dining Room in the Student Union at 9:30 a.m. Saturday, Oct. 22.

An A Cappella Choir anniversary rehearsal will be held in Brown Auditorium at 10:30 a.m. and a luncheon for former members will be held in the Church of the Brethren social rooms at 12 noon.

The crowning of the Homecoming Queen and the presentation of attendants will take place in the College Stadium at 1:45 p.m. The Homecoming game be-

tween the McPherson College Bulldogs and the Baker Wildcats will begin at 2 p.m. The Andover High School Band, directed by Larry Blair, '65, will present a half-time band show.

Bittinger Hall will be dedicated at 4:30 p.m. in Brown Auditorium.

College classes of 1951, 1956 and 1961 will hold reunion dinners at specified locations from 5-6:30 p.m.

A buffet dinner will be served from 5:45-6:30 p.m. in the college cafeteria.

An A Cappella Choir program which will include current and former choir members, and ensembles, will be held in Brown Auditorium at 7:30 p.m.

The Queen's Ball and the Alumni Coffee Hour are planned for 9 p.m.

Choir Reunites At Concert

The 35th Anniversary of the McPherson College A Cappella Choir will be observed with a choral concert Saturday, Oct. 22, at 7:30 p.m. No admission will be charged for the performance.

This year's Choir will open the evening with five selections: "Choose Something Like a Star," by Thompson; "Sanctus" from Requiem, by Verdi; and eight-part setting of "The Lord's Prayer," by Mueller; "Pavane," a choral fanfare for double choir by Ravel; and "Sing We Merrily Unto God Our Strength" by Shaw.

A special feature will be the reunion of several former McPherson College ensembles. Two Ladies' Quartettes and a Ladies' Trio will perform, and there is a possibility that a Male Quartette will be reunited.

The finale will be the combination of former choir members singing with this year's Choir. Approximately 100 former members are planning to perform.

Final numbers will be "Sing Unto God," by Handel; two selections from "The Peaceable Kingdom," by Thompson; "The Almighty," by Schubert; and "Dedication," by Franz.

Director Donald R. Frederick, professor of voice and director of choral organizations, said that a rehearsal of this year's Choir will be at 7:30 Friday evening.

On Saturday morning at 10:30, the full choir will rehearse. This will include both present and former members.

A choir luncheon is planned for Saturday noon at the Church of the Brethren. A brief program, perhaps featuring some former ensembles, will highlight the luncheon.

Alumni See Time Merger

Behind the newness of Bittering Hall, the traditions of beanie-wearing and all-school bonfires and the enthusiasm of active organizations on campus lie the spirit and determination of former McPherson College students, many of whom this weekend will return to campus for the 1966 Homecoming activities.

For alumni, even those not attending this year's activities, Homecoming sparks the memories of college life ten, fifteen, twenty years ago.

How the campus and the College have changed! Enrollment has increased. The number of buildings has grown from one, at the inception of the College, to 15. Attitudes toward education and methods have shifted, with more majors, departments and courses being added to the curriculum. And administrative policy has expanded and progressed to meet the challenge of the modern church-related college in a modern setting.

The key word on campus today is "modern." The old traditions are falling in favor of newer and more progressive ideas. Transition of McPherson from a small college to a larger institution has incurred a shift from the conservative to the more liberal.

What the returning alumni see this weekend at McPherson College is present students' heritage, culled from the waxing and dialating of the past into current patterns.

Homecoming 1966 thus becomes a meeting of the past and present, a time when current and former students can glimpse a microcosmic sweep of history; when they can see themselves as they were, as they might have been and as they may be. ldk

Students Speak Out

Student Appreciates College Progress

Dear Editor:

It's Homecoming time again at McPherson College. The students know it because the sprinklers have been catching them off guard on the way to class for the past month.

They know it because the choir has been harmonizing for hours on end, and because hapless students have been recruited to help build bigger and better floats than ever before.

They know it because it's that time of year, when the weather is distinctively "homecomish" and the football team is at its enthusiastic high point, and the loveliest of the lovely young ladies are preparing for the royal moments to come.

Not the least of the homecoming celebrants will be the sizable contingent of alumni who will swarm over the campus, not believing that Mac has changed so much.

Not believing Bittering Hall. Not believing Brown Auditorium, Mohler Hall, the dear old S.U., and Metzler, or not believing Dotzour, if they haven't been here for a few years.

Would they believe a total full-time enrollment of over 750 students, many of whom are here on academic scholarships?

But nobody outside of the immediate family really knows the changes that have quietly taken place this past year on the McPherson campus. The new sociology course that really makes students think. Another librarian and many new books.

The cozier that has been added, or the bigger and better night classes and an improved language department. More grads than ever in grad schools around the country. Voluntary chapel, which has really been a success, despite gloomy predictions of failure and non-attendance.

The intangible but inescapable feeling that somebody — somebody who cares — has really put some effort into beefing up the faculty. And faculty members have individually beefed up

(Continued on Page Three)

Upgrading Of Food Is Required

Dear Editor:

I am tired of going out to buy another supper after I have eaten supper at our cafeteria. After paying my money for food here, I feel that I am entitled to have food that I can eat.

The quality of the food definitely needs to be improved. Since we are forced to eat at the cafeteria, or at least to pay for eating there, I think the College should see to it that our food is edible. Otherwise we should be entitled to choose where we shall eat.

If it means paying more money, I think it should be done. If it means having a faculty committee eat over there regularly, I think it should be done.

It seems to me that the school would be ashamed to bring their guests there to eat. Pat Greenway.

LITTLE MAN ON CAMPUS

"TELL TH' MANAGER THAT WITH THE NEW EQUIPMENT I THINK WE CAN HOLD TH' PRICE ON TH' STUDENT SPECIAL."

Conflict of Man's Life, Religion Needs Resolving

EDITOR'S NOTE—The following, written by a student who prefers to remain unidentified, is a challenge to the campus community to express their opinions on a controversial subject.

The comments in this article do not necessarily reflect the feelings of the editors of The Spectator, the administration or faculty of McPherson College.

Let's revamp religion! Why should Americans continue to live a double standard?

Of course, religion provides the inspirations and goals by which everyone tries to attain perfection. But face it—man is not perfect and can never hope to be. So why should religion continually reprimand and condemn man for acting only as he knows how?

Man makes his own religion, believes what he wants to believe and invents the kind of God he wants to believe in.

As everyone knows who doesn't live in a nutshell or who isn't so narrowminded or overly protected from the "evil, nasty world of reality and the evil—according to religion — things that man commits in the world" will realize that man is living in a radically changing society.

Therefore, man should change his religion to suit his needs in society. Why should sex in love outside of marriage be deemed as adulterous in our society when broadminded people know that sex outside of marriage is a part of life?

Each year thousands of young, innocent girls go to college thoroughly convinced that life is a bed of sweet red roses and that no one will ever taint their rosy ideals.

After three weeks at college, two beer parties and a fraternity party, the innocent young thing wakes up one fall morning realizing that all of her "beautiful ideas" about men's actions have dirtied her white soul.

At the same time, the young coed, inexperienced in life's real situations, will find a conflict between being ostracized from the church and "heaven"

and from her own desires and longings not only to fulfill her role as a woman but also to really love her lover.

If the coed recovers from the initial shock of true life, she can decide two things.

First she can seek redemption for her ungodly acts against religion, swear never to engage in such activities again, denounce all others who do as "the scum of the world," and at the same time, develop an unhealthy attitude toward sex.

Often such a girl becomes known as the campus tease, who will lead the men on to every thing and then call an emphatic halt, fearing the damage of her self respect and denunciation of her religion.

A second choice fits more smoothly with the way things really are in life. She can decide that sex as a part of her life can be very helpful to her. She can develop, discriminate relations with someone she loves and at the same time vindicate her position with the church by asserting that this is the way life is.

President's Home Is Refurnished

A refurnishing project is almost completed at the home of Dr. and Mrs. J. Jack Melhorn, president of the College, due to the generosity of Mr. and Mrs. Nelson Krebbiel, Moundridge.

The President's Home, built in 1938, was donated to the College in memory of Mrs. Susannah Harley Heaston, mother of Mrs. Krebbiel, '20. Mrs. Melhorn and Mrs. Krebbiel, with the help of an interior decorator from Hutchinson, have done many interesting things. Their purpose was to recapture the interior warmth and grace of the stately home.

The color scheme of the living room was drawn from a Robert Wood oil painting which belonged to Mrs. Heaston. Touches of gold, aqua, green and hammersweet were carried

Issue Kindles Stuco Tempers

By LINDA KURTZ

A heated controversy sparked verbal fireworks, tempers flared and the Oct. 12 Student Council meeting came to a sudden climax when one member walked out after a vote was taken on the issue under discussion.

Involving a recommendation in the form of a motion brought by the Board of Publications, the discussion centered on the granting of a monetary reward, from the Board of Publications reserve fund, to two campus men who had served, the motion stated, "above and beyond the call of duty."

Two disturbing elements came to the fore during the discussion. First of all, most Student Council members were completely uninformed about the issue, which received vague and, at times, misleading explanation before votes were cast.

How can any students—even Student Council members—set themselves up as judges in a ticklish situation involving personalities when they know little or nothing of the extenuating circumstances?

How, by any standard, could they feel qualified to vote only on the basis of which appeal was the more overwhelming emotionally?

Second, the behavior of George Jones, sr. Canton, Student Council treasurer, was inappropriate.

After presenting the recommendation from the Board of Publications in a manner apparently biased against approval, Jones cut off discussion of the question by asserting he wanted to vote immediately.

More discussion followed, however, and when the issue came to a vote, the Council was deadlocked, nine for, nine against. George Snively, sr. Lebanon, Pa., president of Stuco, broke the tie in favor of accepting the recommendation.

After Jones's motion to award the same kind of gift to the third party involved in the issue was rejected, Jones walked out of the meeting.

To remedy the ineffectiveness of the Student Council in deal-

ing with such difficult situations, members should be responsible for knowing the background of the issue at stake. They should guard against being swayed by appeals to the emotions.

In addition, individual members should attempt to control their tempers, especially in emotion-charged situations like this one. Unreasonable displays of anger are certainly out of place where mature leadership is needed and expected.

Tie Taker Writes Reply To Notice

The following notice was found on the Student Union bulletin board last week:

"Will the person who found my tie hanging on the clothes hook PLEASE return it to its original place. I would hate to be turned away from Slater Foods service because I didn't abide by the Sunday Dress Standard."

Signed: Tie-less Student

A few days later someone had added something to the notice: "Sorry about that, sir! I'll try to refrain from taking it next time. It was just so pretty though so..."

Signed: A Sinful, Sorriful Student

'Caesar Auditions Slated for Oct. 31

Play Needs Large Cast

Auditions for Shakespeare's "Julius Caesar," will be held on Oct. 31, and many actors are needed. In addition to major and supporting roles, numerous walk-ons and people for crowd scenes are necessary.

"I want to emphasize that a great deal of work and determination will be the key to success in this show," said Loren D. Reyher, assistant professor of English and theater, "because so many people will be involved."

Prof. Reyher believes that the College theater program should be widely varied, and Shakespeare has not been given recently. "Emphasis," according to Prof. Reyher, "will be placed upon the total mood of the play and upon the correct and natural delivery of Shakespeare."

This production will hold closely to the original script, and costumes will be rented from a New York firm. Set designs, by the Stagecraft class, will include a revolving set so that time will not be consumed with scene changes. Small set pieces will be added intermittently to indicate change of place and time.

"Julius Caesar" will be presented on Dec. 9-10 at 8:15 p.m. in Brown Auditorium.

College Progress

(Continued from Page Two)

their own course offerings in many areas.

If Homecoming is a time to sing praises, to admire achievement, then I move we give credit where credit is due. The real heroes of Homecoming are the movers among our administration and faculty, those who have the courage to recognize that the purpose of a college is not to restrict but to enlighten; not just to water the lawn and shine the windows for alumni, but to carry the torch of learning, to search for new and different avenues leading to truth.

And the students have responded, and will continue to respond to the improved academic atmosphere. The school newspaper is looking better than ever. Dress on campus has ceased to be an issue, simply because students are taking it upon themselves to dress more like responsible adults.

The areas of history, forensics and art are more popular than ever in extra-curricular meetings and discussions, and other classes are presenting more appeal than ever to the students.

The students appreciate progress and creativity at the college of life and light, and a cheer at Homecoming time should be more than a cheer for a brief and passing moment of glitter -- it should be for the progress and well-being of McPherson College as a whole. Student (Name withheld on request.)

Light Poetry On Schedule For Choir

The speech choir, conducted by Loren D. Reyher, assistant professor of English and theater, will present a dramatic recital, "Ballads, Baubles and Bombs," on Oct. 23, interpreting selections of ballads and light poetry.

The speech choir performs from a script, under the direction of a conductor; and although the words are spoken instead of sung, music and special lighting effects will be used.

The Stagecraft class plans and executes scene design for the recital. Selections for this recital include: "The Owl and the Pussy Cat," "Gunga Din," "The Man on the Flying Trapeze" and "Noah."

HAWLEY HARDWARE
219 N. MAIN

'Ghost Called Henry' To Continue Lab Season

The laboratory theater production of "A Ghost Called Henry," scheduled for Oct. 25, has been postponed until Nov. 2, according to Mervin Penner, jr., Olathe, the director.

"A Ghost Called Henry" follows "Gideon," which opened this third lab theater season on Oct. 18, under the direction of Ron Cassidente, sr., Denver.

Loren D. Reyher, assistant professor of English and theater, originated the lab theater program at McPherson College in 1964, giving students the freedom to develop their talents in play direction, set design and acting.

"The laboratory theater program is probably one of the most valuable dramatic training tools we have on campus at the present time," Prof. Reyher stated.

"It has been of immense value to the students, not only from a theatrical viewpoint, but from a social viewpoint."

The work of the student directors, drawn from the Play Production for Teachers class and Alpha Psi Omega, is graded by Prof. Reyher upon production. For the first time, the audience will also have an opportunity to fill out critique

Freshmen Name Four To Class Leadership

Rodney Lusk, fr., Rock Ford, Colo., will helm the freshman class this year as president. Names of freshman class officers were announced after a recent election.

Vice-president is Jeff Loucks, Bremen, Ind., Kathie Taylor, McPherson will be serving as secretary, and Stan Bucher, Lebanon, Pa., will act as treasurer.

Dr. Lewis Young, assistant professor of psychology, is freshman class sponsor.

sheets for the performances. "I feel that the productions have generally been of a high quality," said Prof. Reyher. "The success of the productions can be attested to by the attendance we've had."

Other students planning productions this season are Peggy Slater, soph, Denver; Clark Rattliffe, soph, Park Ridge, Ill.; Gene Czaplinski, sr, McPherson; and Marilyn Smith, soph, Cedar-edge, Colo.

Spence's Oratory Enlightens Audience

By LINDA KURTZ

Craig Spence, correspondent who has been covering the Viet Nam war for the Mutual Broadcasting System, stirred the Oct. 13 convocation audience to momentous applause for expert clarification of an issue too often clouded with vague reporting and uncertain information.

Spence's explanation of the

situation in Viet Nam rested on two bases: one, the events which have culminated in the present war; and two, an estimation of what lies ahead for the people of North and South Viet Nam.

Analysis of the background of Viet Nam, with its history of power struggles, numerous political parties and their differing philosophies, led Spence to say emphatically, "The war in Viet Nam is no longer a physical struggle, but a political struggle."

Spence was pessimistic when he discussed the future of the war. "There will be 400,000 U.S. troops in Viet Nam by the end of 1966," he said, "and by the end of 1967 there will be 700,000 men there."

Student reaction to Spence's address was favorable. "For a subject as confusing as Viet Nam, he explained it really well," said Jean Yoder, sr, McPherson.

"He was fabulous," pronounced Jane Newton, soph, McPherson. "He was young enough that students could identify with him," she continued.

"Spence was a dynamic speaker, and he knew his subject well," commented Julie Standifer, sr, Worthington, Minn.

Frantz Announces Hours For Campus Buildings

George Snavely, sr., Lebanon, Pa., president of the Student Council, read a letter from Dr. Frantz, dean of academic affairs, listing the hours the campus buildings would be open.

Harnly Hall will be open to students from 7:30 a.m. - 10:15 p.m., Mondays - Thursdays; 7:30 a.m. - 11 p.m., Fridays and Saturdays; and from 1-6 p.m., Sundays.

Mohler Hall will be open from 7:30 a.m. - 10:30 p.m., Mondays - Thursdays; and from 7:30 a.m. - 1 a.m., Fridays and Saturdays. It will not be open on Sundays.

Friendship Hall will be open from 7:30 a.m. - 10:30 p.m. Mondays - Thursdays; 7:30 a.m. - 1 a.m., Fridays and Saturdays; and from 1 - 6 p.m., Sundays.

The council also discussed the possibility of extending the hours of the bookstore so that it would remain open over the noon hour.

Gridders Practice For Wildcat Clash

As the floats are being constructed, the Bulldogs are working tediously in preparation for their homecoming game with the Wildcats of Baker College Saturday, Oct. 22, in the College stadium at 2 p.m.

Baker is currently tied for third place in the conference with Friends with a record of three wins and two defeats.

Baker defeated Bethel, Sterling and KWU, while losing to C of E and Southwestern.

The Bulldogs are fourth in the standings with two wins and three defeats. McPherson won over KWU and Southwestern and lost to C of E, Friends and Bethany.

According to Coach Sid Smith, the Wildcats are leading the conference in the defensive department, yielding 176 yards

per game. In the second position are the Bulldogs who begrudgingly gave up only 225 yards to their opponents.

Smith also stated that Baker averages a total of 322 yards on offense per game, and they have a good halfback in Lyle Chase who is fourth in the conference in rushing with an average of 80.5 yards a game.

The Wildcats have 17 returning lettermen and run out of a split "T" with a flanker. They also have varied defenses and favor using unexpected plays on opposing teams.

The Bulldogs' mentor indicated that Baker has a good offensive and defensive team. Bill Jerrett, quarterback, has a passing average of 59.5 yards per contest.

Baker's line is heavy, aver-

aging approximately 200 lbs. a man. Smith indicated that offensive guard and defensive end Mike Philpot is one of the best linemen in the conference. While he is on defense, other teams seem to go to the opposite side, only occasionally to his to keep him honest.

Smith stated, "they are a good team, and they are mean. We will be up for them because of our homecoming, and we WILL win."

Coach Smith asserted, "practice has been as usual this week, and I hope that all the injured players will be able to return to action for the Homecoming game."

The starting lineup for the Bulldogs will be:

Worthing	LE
Nilson	RE
Brubaker	LT
Barr	RT
D. Miller	LG
Ediger	C
Harrison	LH
Albin	RH
DeTour	FB
Smith	QB

The position of right guard has been vacated by Roy Parsons, jr., McPherson because of draft status.

Baker's starting lineup is:

Simpson	E
Everly	E
Ledoux	T
Reese	T
Philpot	G
Scags	G
Helsey	C
Chase	H
Turner	H
Hopsin	FB
Jerrett	QB

Bowling Townies Beat Red Bonnets

The Townies were leading the intramural bowling teams, going into the week of Oct. 16.

Close behind were the Red Bonnets. Next were the Super Balls, followed by the Jokers who showed little improvement over the previous week.

The last place teams, the Turn Ons and the No Shows, showed some improvement.

The Townies scored the team high series with 1822 total pins. The Red Bonnets scored the second high series with 1823 total pins.

Butch Duske rolled the high individual series with a total of 504 pins. Lance McGowan and Pete Kaiser followed with 502 and 495, respectively.

Swedes Stomp Bulldogs In Last Four Minutes

By Chris Levi

The Bethany College Swedes climaxed their homecoming events Oct. 15 with a victory over the McPherson College Bulldogs 21-19.

On the opening kickoff the Bulldogs recovered a Swede fumble on the 20 yard line. Quarterback Hal Wright took four plays to put McPherson on the score board with a nine yard toss to fullback Bob DeTour. The extra point failed.

The Bulldogs failed to score in the second quarter, but did tally two touchdowns in the third period, climaxing drives of 80 and 75 yards, with Jerry Harrison on a two yard plunge and Junior Smith firing a strike to Gene Nilson. One extra point

was good.

The Swedes' first scoring strike came on an 11 yard pass from quarterback Ed Biggs to halfback Larry Harless. Harless also scored in the third quarter on a five yard run.

The most crucial touchdown that spelled defeat for the Bulldogs, occurred with approximately four minutes left in the game.

The Swedes, trailing 19-14, sent freshman quarterback Palmgren to fire passes to quarterback Biggs of 12 and 19 yards to score the final touchdown of the game. All extra points were successful for the Swedes.

"We played well, hard and determined, but outside of three plays, we would have won the game," asserted Coach Sid Smith.

He also stated, "There were good and bad breaks, the pass defense was weak. Bethany scored two touchdowns on a fourth down and long yardage. We should have won but we made our own mistakes."

When asked about the controversial quick kick on second down with approximately six and a half minutes left in the game, Smith commented, "I wanted to get the ball out of dangerous territory so that the defense could control the ball. We had the wind at our back, and the defense had been controlling Bethany's ground game."

Statistics	BC	MC
First downs	14	11
Net yards rushing	52	200
Passes attempted	25	20
Passes completed	11	10
Yards passing	190	190
Fumbles lost	2	2
Bethany	0	7
McPherson	6	0

Dwight Ediger

"Baker is a tough team, as are all teams, but I feel certain that the Bulldogs of McPherson College will bring a victory to the homecoming crowd."

Sportscope

Luck, Knowledge Play Role in Forecasting

By Gene Czaplinski

Last week saw us hit our third perfect five for five score in five starts this season. Our record stands at 23 for 25, 92 per cent.

Three essential ingredients make a successful forecaster. In order, they are luck, knowledge of temperament and statistics.

The first item is self-explanatory since no one really knows the ultimate answer until an issue is actually settled on the field.

When we picked Cassius Clay to whip Sonny Liston about three years ago, we felt the odds (7 to 1) were unreasonable, and after the fight, we laughed, as Clay did, all the way to the bank. Luck is what some call "breaks," and this is very unpredictable.

Knowledge of temperament refer to the situation around which the game revolves. Essentially it entails the factors which can get a team "up" for a game. Number one on this list is the result of the previous year's game. The best salve for words in this case is seeing the other team "suck a little sand."

Other factors include Homecoming, parents in the stands, trying to get even with some crazy columnist...

Statistics are a distant third in deciding a winner. However, consistency in statistics is a definite factor. If a team plays a high quality brand of ball all the time, it is more than an even bet to knock off the "sometime glory, sometime goat" type of ball club.

That's secret potion no. 9—want to try it for a while? This week we find:

Baker at McPherson... Mac can make or break their bid for first division honors this week. Parents and a big crowd should win it for us. McPherson 20, Baker 6.

Friends at Bethany... Best match of the week. Bethany has an answer for Friends' Ellis by name of Harless. We'll go out on a limb and pick Friends in a squeaker. Friends 14, Bethany 13.

C of E at Sterling... Bombs away. C of E, 39, Sterling, 12. **KWU at Bethel**... The Coyotes will smack the Theshers and stay out of the cellar. KWU 26, Bethel, 13.

Ottawa at Southwestern... The Braves have the number five small-college team in the nation and would be a two touchdown favorite over K-State and a 30 point favorite over Wichita State. What're they doing in this Conference? Ottawa, 28, Southwestern 0.

Governor Avery To Dedicate City Airport

Students who would like to fly in an airplane will have the opportunity to do so at the McPherson City-County Airport dedication on Oct. 23. Each person must donate two cents for each pound of his weight to the McPherson Retarded Children's Ass'n. in order to qualify for a flight.

Many other activities are planned for the day. Pilots will fly in from all over the state. The governor of the state, William Avery, will speak at 1:30 p.m., and donation flying will begin at 2 p.m.

Bittering Dedication Cites Past President

By KEN STROMQUIST

The dedication of Bittering Hall, the new men's residence, will be conducted in Brown Auditorium at 4:30 p.m. Saturday, Oct. 22.

The trustees of McPherson College deem it fitting to name the newest building on the campus in honor of Dr. Desmond Bittering, the man who was so instrumental in keeping ahead of today's educational demand.

The reception area exemplifies the modern, plush appointments of the new men's dormitory. Completely carpeted, roomy and with comfortable furnishings, this area presents an ideal room for meeting and entertaining guests.

The three-story building houses 164 men and is completely carpeted and air-conditioned throughout. With their rooms arranged in two-room suites, residents of the hall are assured a higher degree of privacy and quiet.

Gone are the echoing sounds of footsteps down a hollow hallway. With a full bath for each floor student, the time-consuming wait for the communal shower has been eliminated.

Construction on the residence

NEW MEN'S RESIDENCE — Bittering Hall, new dormitory for men completed in August will be dedicated Saturday following the football game. The hall has been named in honor of Dr. D. W. Bittering, former McPherson College president. (Don's Studio Photo)

hall started on March 1, 1966, and the dormitory was ready for occupancy by Aug. 30. The hall, which was built at a cost of \$568,000 is the first building to be constructed under the \$4,700,000 development plan.

The building, which was financed through private loan sources, was designed and erected by the O'Meara-Chandler Corporation, Houston, Tex. Landscaping was done by Raymond Buskirk, landscape architect at Prairie Gardens Co. Inc., McPherson.

Three years ago this week Metzler Hall, the second newest building on the campus, was dedicated. It has a student capacity of 158 men and is situated directly west of Bittering Hall.

Council Directs Men's Activities

Men's Council this year is in charge of organizing all intramural activities. Intramural volleyball teams were set up according to the floors of each of the mens dorms this year.

This group of from 10 to 12 representatives, chosen by the dean of men, Dr. Lewis Young, meets with him every other Wednesday morning at 6:45 in the private dining room of the Student Union.

The members discuss and act on such problems as student employment, campus relationships, student loans, cultural development and social adjustment.

Jim Prickett, jr., McPherson, is president and Tom Worthing, sr., Wamego, is secretary-treasurer.

Topics discussed during past meetings include the possibility of pitch, snooker, pool or other similar tournaments.

They also discuss ways to improve the campus and have talked about the possibility of dealing with students who would usually go before the student court for the first time for misconduct.

Volleyball

Metzler Wins Over Fanny In Volleyball

First floor Metzler Hall is still hanging on to the lead in the intramural volleyball standings, with Metzler-3 and Fahnestock-3 close behind.

The team standings before the week of Oct. 16-22, according to Eugene Nilson, sr., Gypsum, are as follows:

Team	Won	Lost
M-1	8	1
M-3	7	1
F-3	7	1
A-1	6	2
B-3	5	3
B-2	4	4
C	3	6
M-2	2	6
F-1	0	7

The schedule for the week of Oct. 23-29 is as follows:

Monday, Oct. 24—6:15 p.m. B-2 vs. A-1 and F-1 vs. M-2; 7:15 p.m. M-3 vs. B-3, C vs. F-3, and M-1 has a bye.

Tuesday, Oct. 25—6:15 p.m. F-1 vs. B-2 and M-3 vs. A-1; 7 p.m. C vs. M-2, M-1 vs. B-3, and F-3 has a bye.

Thursday, Oct. 27—6:15 p.m. M-3 vs. F-1 and C vs. B-2; 7 p.m. M-1 vs. A-1, F-3 vs. M-2, and B-3 has a bye.

M Club Boosts Team By Selling Buttons

Homecoming Booster Buttons are being sold by the McPherson College M Club for 25c each. The M Club ordered 1000 buttons and hopes to have them all sold before the game Saturday.

Buttons may be purchased from any of the M Club members.

Harriers Nab Four Firsts

The McPherson College cross-country team has compiled a record of four first places and one tie for second in meets which they have participated in this fall.

The young team, is composed of six freshmen and one returning sophomore who lettered last year.

The freshmen are John Zinn, Houston, Texas; Dave Smith, McCune; Dave Shepherd, Fort Scott; Rick Gingrich, Pa.; Ed Kreider, Quarryville, Pa.; and John Mummert, Fort Collins, Colo.

The only returning letterman is Wayne Heskett, soph, Oakley, who was on the team which ended the season last year in a tie for third place in the conference.

In the first meet of the season, McPherson ran against Southwestern College and Friends University at Winfield. McPherson had a total of 30 points; Southwestern 38; and Friends University, 58.

The second meet was with Central College, at Central, where McPherson runners outran their opponents, 22-38.

Heskett was the fastest man on the McPherson team, placing second in the meet with a time of 17:23.

In a meet with Sterling at Sterling, Sept. 30, McPherson ended up with a total of 28 points compared to the 27 of Sterling. It was later discovered that one of the Sterling runners

was ineligible, so they had to forfeit the meet, which gave McPherson its third win.

Smith placed second in that meet with a running time of 17:46. Heskett took 4th place and Zinn, 5th, with times of 17:55 and 18:34, respectively.

For the next meet, McPherson runners traveled to Hillsboro, where they ran against teams from Park College, Kansas City, Mo. and Tabor College.

Park College ran away with low score honors with 26 points, while McPherson and Tabor tagged behind with 48 points each.

McPherson runners Tuesday took first place when they met with the Sterling team again, at McPherson. McPherson had 25 points, compared to the 31 that Sterling added up.

Running in cold, rainy weather, Heskett paced the McPherson team with a time of 17:21, which was good for third place.

Smith followed in 4th place with a time of 17:41.

Smith, Worthing Net Place In Conference Standings

According to statistics released Oct. 12 by the College of Emporia, two McPherson College football players have earned places in Kansas College Athletic Conference standings.

Faculty Issues Grades At Nine Weeks' End

The end of the first nine weeks of the semester will be Friday, Oct. 28. Faculty members are to turn grades into the registrar's office on Nov. 1.

Grades will be sent to the students and to their faculty advisers soon afterwards.

This year only the parents of freshmen will receive students' grades. Formerly, all parents received grades.

Junior Smith, fr., Oakley, and Tom Worthing, sr., Wamego, are currently in the top five men in total offense and pass receiving categories, respectively.

Smith holds the second slot in total offense, with 242 yards rushing and 247 yards passing, averaging 163 yards in three games. Bannon of Ottawa is first with an average of 195.6 yards in three games.

In yards rushing, Smith ranks fifth with an average of 80.7 yards in three games; and in passing, Smith holds the second position, with 92.3 yards per game.

Worthing holds down the fifth spot in pass receiving, with an average of 46.3 yards in three games.

Career Spans Many Years

RETURNS FOR DEDICATION — Dr. Desmond W. Bittinger, former McPherson College president, will return this weekend when Bittinger Hall will be dedicated in his honor.

Dr. Desmond W. Bittinger, for whom the soon-to-be-dedicated Bittinger Hall is named, served for 15 years as president of McPherson College. His varied career has covered many locales.

Dr. Bittinger was born Dec. 16, 1906, and received his A.B. degree from Elizabethtown College in 1927. During his college years, he held summer pastorates in New York, Missouri and Virginia. He taught in West Virginia during those years, and in Hagens, Pennsylvania after his graduation.

Following a three-year pastorate in Lima, Ohio, he went to West Africa as teacher and missionary. After serving there for eight years, Dr. Bittinger became ill and was forced to return to the United States.

When Dr. and Mrs. Bittinger returned to Africa a few years ago, they met a superintendent of schools who said, "My name is Bittinger, too." His mother had chosen this way to express her regard for the Bittingers after they left Africa.

Dr. Bittinger first came to McPherson in 1946 and taught here for four years. He went on to teach at Elgin Community College and Bethany Biblical Seminary, but was recalled to McPherson as president in 1950.

During his presidency years, Dr. Bittinger traveled in four continents. He edited the "Gospel Messenger" for six years and wrote for a variety of journals.

His books include "In the Land of the Monkey Bread Tree," "Black and White in Sudan," "Sudan's Second Sun-up," "The Church of the Brethren," and "Snowball Comes to the Early Family."

All proceeds on "Wu Feng, Companion of Headhunters,"

written while he taught at Taiwan University, were donated to that institution.

Dr. Bittinger has been cited in Who's Who; Who's Who in America; Who's Who in Clergy; Who's Who in the Western Hemisphere and many others.

After leaving McPherson, Dr. Bittinger taught on the University of the Seven Seas. He now serves as chancellor of Chapman College, Orange, Calif., which sponsors the University of the Seven Seas.

Frantz, Flory Travel To Lawrence Meeting

Administration officials of McPherson College last week attended meetings in Louisiana, Washington, D.C., and plan to attend Illinois and Kansas meetings this week.

Dr. Merlin L. Frantz, dean of academic affairs, and Dr. Raymond I. Flory, dean of student affairs, will attend the Oct. 22-23 meeting of the National Collegiate Honors Council in Lawrence.

The highlight of this meeting will be an address by Dr. Hans Rosenhaupt, Director, Woodrow Wilson National Fellowship Foundation. Topics to be considered include "Selection of Honors Students," "Selection of Honors Teachers," and Administration of Honors Programs."

Dr. Frantz will go to Elgin, Ill., on Oct. 25-26, for a meeting of the Brethren Colleges Abroad program. This program, through cooperation of six Brethren colleges and others, provides an opportunity for students to spend their junior year abroad.

McPherson College students,

Sherfy Gets Appointment To Position

Paul Sherfy, '34, has been appointed assistant business manager, effective Jan. 2, 1967.

Sherfy has been employed at the Alliance Insurance Company in McPherson for nearly 20 years. He was an underwriter prior to his present position as assistant branch underwriting manager.

As assistant business manager, Sherfy will first learn the general operations and then be assigned specific duties.

He is secretary of the Trustee Board, chairman of the Commission of Stewards and a deacon of the Church of the Brethren and a member of Kiwanis.

Cooperation Is Goal of ACCK

All librarians of member colleges of Associated Colleges of Central Kansas met on the McPherson College campus on Oct. 19 to begin discussions on the ACCK library project.

Cooperation in the use of library resources is one of the fundamental goals of ACCK, and librarians must now consider ways of working together and methods that might be used to set up combined library facilities.

Marilyn Wood, Panora, Iowa, and Ron Adkins, Long Beach, Calif., are studying at the University of Marburg, Germany, under this program this year.

Dr. Frantz attended the Oct. 12-14 Associated Organizations for Teacher Education conference in Washington, D.C.

Museum Gains Front Leg Bone of Ancient Elephant

A portion of the front leg of an ancient elephant has been donated to the McPherson College Museum by Thelma Woerz.

The bone, which was found in a gravel pit north of McPherson, is believed to have come from an Imperial elephant which roamed the earth 50-100,000 years ago, according to Dr. Robert Mohler, curator of the museum.

"The Imperial elephant," said Dr. Mohler, "was about four

times as heavy as a modern elephant."

The McPherson College Museum is located on the top floor of Harnly Hall and may be visited from 1-5 p.m. weekdays, and from 9 a.m.-12 noon and 1-5 p.m. on Saturdays.

Some of the more interesting exhibits in the museum, according to Dr. Wesley DeCoursey, professor of chemistry, are the fossil bones of elephants found in McPherson County—teeth, leg bones and tusks.

A collection of African and Chinese articles was donated

by missionaries and other travelers: skeletons of a ground sloth and a sabre-tooth tiger from La Brea Basin in California.

A medical museum has interesting displays which are preserved in formaldehyde—bird and egg exhibits, a Florida sea shell exhibit, a 20 foot long fish which has the skeleton of another fish inside its stomach.

A more recent addition to the museum is located in the lower floor of Harnly Hall. This addition is an exhibit of meteorites and tektites—pieces of the moon which were drawn to earth after the moon was blasted by meteorites, donated by H. S. Nininger, one of the world's foremost authorities on meteorites and one-time professor at McPherson.

Four college women—Lydia Garza, soph, and Maria Garza, Jr, both from Falfurrias, Texas; Lila Matile, soph, Madison; and Donna Nikodim, soph, Ely, Iowa, work in the museum.

These four young women assist the curator by giving tours through the museum, re-labeling articles and by keeping the place clean.

Lila stated that they were planning on having an open-house sometime this fall.

Student Enrollment Reaches Total of 835

In announcing the current enrollment statistics, E. Dean Reynolds, registrar, stated that 835 students are enrolled at McPherson College. This breaks down to 754 full-time students and 81 special students.

The freshman class is the largest with 273 members; 88 are women and 185 are men. There are 69 women and 139 men in the sophomore class, compiling a total of 206.

The junior class is composed of 170 members; 66 are women and 104 are men. The senior class is the smallest with 41 women and 64 men which, totals 105.

The special students are the only case where the women outnumber the men. There is a total of 81 special students; 46 are women and 35 are men.

Of the total enrollment of 835 students, 11,915 hours are being taken to fulfill the academic requirements of McPherson College.

Dean Reynolds indicated that the bulk of the student body was from the midwest. Kansas is first with 281 students with Iowa second at 62. Others are: Pennsylvania-53, Illinois - 49, Colorado-41, New York-36, New Jersey-35 and Ohio-31.

Reynolds indicated that he expects the midwest to continue to dominate McPherson College for the next several years.

Mullendore, Neál

Mr. and Mrs. Donald Mullendore of Hagerstown, Md., announce the engagement of their daughter, Carole Diane, to Dale Neál, son of Mr. and Mrs. Ralph E. Neál of Panora, Iowa.

Carole is a junior majoring in chemistry, and Dale is a senior majoring in history and agriculture.

A Dec. 31 wedding is being planned.
