## Construction Vernon announces Stuco committees

Groundbreaking for the new College library is planned for the end of this year; however, details and government regulations which need to be worked out could delay the groundbreaking until early 1969.

J. Jack Melhorn, president of the College, recently received word from the Honorable Garner E. Shriver, Kansas congressman, that the loan for the library had been approved.

The loan, approved under the Higher Education Facilities Act of 1963, title III, is for the amount of \$415,000.

Last year, the College was awarded a government grant for \$326,013.

Alumni, friends, businesses, industries and foundations will be contacted to raise the remaining funds of \$247,027.

Total cost of the new library is \$688,040.

The architects, Hussman & Hussman of Salina, presently completed drawings and specifications for the library.

The building of two levels will have 45,000 square feet of space and will accommodate 125,000

Student Council committees for next year have been announced by Larry Vernon, jr, Big Pine, Calif., student council president.

The committees were approved by the new student council at their meeting last night.

Academic Affairs Committee will consist of 7 members. This committee's purpose is to make evaluation and constructive criticism of academic affairs on campus and give suggestions to the administration in these areas.

Members are Ted Livingston, chairman; Denny Martin, Betty Persons, Rodney Lusk, Marlin Hoover, Dave Sovchen and Jean Hendricks.

Foods Committee will include 6 students. This committee is

the channel for all student opinion and suggestions concerning campus food service.

Students who will work on this committee are Steve Laprad, chairman; Pat Hayes, Larry Schrock, Kay Troyer, Judy Buckwalter and Hank Keller.

Social Committee will consist of 6 members. They will be responsible for planning and assisting with all-school social functions on campus.

Members are Janie Brubaker, chairman; Vincette Goerl, Esther Bower, Monte Ganshorn, John Swanson and Art Ware.

Special Projects and Evaluation Committee will involve 16 members next year. This committee is responsible for planning Homecoming and other special projects during the year.

Students chosen for this com-

mittee are Howard Reed, Jim Carlson, John Lane, Russ Sheets, Charleen Lowe, Barbara Grasmick, Brian Summerhays, Chris Grove, Sandy Kussart, Nancy Brown;

Roma Rolston, Sally Gibson, Steve Laprad, Marge Barrick, and Frank Falciola. Hal Hayes, jr, Kings, Ill., will be fulfilling his duties as Student Council Vice President in acting as chairman of this committee.

Each committee will plan to meet before the semester ends to begin planning for next year's activities.

All committee chairman are non-voting members of Student Council and make regular reports to the council. Any action taken by the committees must be approved by the council.

## 18 seniors sign teaching contracts

The McPherson College Placement Bureau announces that eighteen more seniors have signed contracts for teaching jobs next fall.

Twelve of the students will begin their teaching careers in Kansas while the others plan to teach in surrounding states.

Markita Blough, Waterloo, Iowa, plans to teach kindergarten at Elkhart, Ind.

Eileen Butler, Eldora, Iowa, will be teaching second or third grade at Hillsboro.

Gary Flory, McPherson, has been hired to teach at Galva, Flory will be teaching high school English and history.

Glee Hoover, Plattsburg, Mo.; will begin teaching first grade at Columbus, Neb.

Linda Moore, Preston, Minn.; plans to teach third grade at Marengo, Iowa.

Kathy Shank, Fayetteville, W. Va., will be teaching third grade at Buhler Grade School.

Lela Weddle, Bloom, has signed a contract to teach at Victor, Iowa. Miss Weddle will be teaching junior high and high school physical education for girls.

Ruth Wiens, Inman, will be teaching at the Plainview School in the Inman Unified School District. Mrs. Wiens will teach third and fourth grade.

Dan Stockstill, Geneseo, will be teaching in Gallup, N. M., with the Bureau of Indian Affairs. Stockstill will teach on the elementary level.

Charles Lamb, Rocky Ford, Colo., plans to teach high school English at Burrton.

Judy Nilson, McPherson, has signed to teach in Anchorage, Alaska. Mrs. Nilson will teach

third grade. Irvin Albin, McPherson, plans to teach sixth grade at Prairie Village.

Marilyn Kauffman, Hutchinson, will be teaching in North Reno County. Mrs. Kauffman will teach kindergarten.

Norma Tucker, McPherson, will teach high school English at Buhler next fall.

Elaine Loganbill, McPherson, will begin her teaching career in fifth grade at Canton.

Horner Krebbiel, Jr., has signed to teach at Galva. Krebbiel will teach seventh and eighth grade mathematics and science.

Ed Rooinson, Garfield, plans to teach high school industrial arts at Brookville.

Erin Sack, Burrton, will be teaching in Leavenworth. Mrs. Sack will teach junior high English and mathematics.

DEAN SHELLER, left, passes the gavel, symbolizing Student Council presidency, to Larry Vernon, the 1968-69 Stuco president.

# Engagements bring dunkings

This is spring, the time for young couples in love to think of becoming engaged.

While this time is so peaceful and serene, the male student shudders to think of what will happen when his peer group finds out that he has just become engaged.

McPherson College men students have an unwritten law — a kind of tradition — for the engaged male.

As this editor sees it, one is sitting in his room when someone knocks on the door. He opens it to see 20 "friends" enter, grab him, tie his feet, carry him outside, put him into the trunk of a car, take him to the lagoon, get him out of the trunk, carry him to the edge of the water, count three and splash! The traditional dunking of an engaged man is complete.

Some shudder at the thought of going into that dirty and mucky lagoon.

But the victim and everyone knows that this tradition is all in fun and in recognition of the first step to marriage.

# Snell is selected for Who's Who

BY CINDY BARCHESKY  
Galen R. Snell, dean of men, has been selected for Who's Who of Outstanding Young Men in America.

Who's Who of Outstanding Young Men in America honors young men in their different communities who have been nominated or selected by the Junior Chamber of Commerce or colleges.

Dr. Snell will receive a certificate of merit "in recognition of his outstanding ability, accomplishments, and service to his community, country, and profession."

A biographical sketch of Dr. Snell will be in the publication along with the other men chosen. Publication date will be May 15, 1968.

The fourth of five boys, Snell was born in LaVerne, Calif., in 1934. Educated in the LaVerne schools, he was active in student government, sports, youth work.

He graduated from LaVerne College in 1955. While in college, he participated in the same activities he had in high school. He married Ruth McClure and they have three children: Linda, David, and Atalaa.

In 1958, he received his Bachelor of Divinity degree from Bethany Biblical Seminary.

After graduation, Snell was director of a Church of the Brethren Navajo Mission in New Mexico for four years. He also worked with alcoholics and helped establish an Alcoholics Anonymous Club.

He then has pastoral work in Glendale, Ariz.

In 1960, he received his MA in psychology and in 1967, his Ph. D. in student personnel and counseling. "Intelligence and Creativity" was the area of his dissertation.

Currently, Snell is in collaboration with a University of Arizona student on an article on creative testing and is planning to submit it for publication.

# Aid is available through Student Defense Loans

A tremendous amount of aid along the financial line is available to college students. Apart from the scholarships and grants are other means for a student to attend a college or university.

One way which many students are not informed about is in connection with the National Student Defense Loans. It has been decided that graduates teaching in an area of high concentration of low income families are eligible for a deduction from their NSLD loans, providing the school has been approved by the government.

A teacher can receive a discount when teaching at any public school, elementary or secondary. This is a 10 per cent deduction until one half of the loan is cancelled; that is, 10 per cent per year for five years.

However, some schools are approved by the government as qualifying for a 15 per cent cancellation per year until the total amount of the loan has been cancelled. This would take approximately seven years of teaching.

Forms are obtained by the teacher, filled out, and sent to the school from which they received the loan so that the school can keep record of the loan.

# Hoover names prom chairmen

Chairmen for the Junior-Senior Prom have been named by Marlin Hoover, sr., McPherson, junior class president.

Pat Hayes, jr., Geneseo, is in charge of the decorations of the dance. Renee Menke, soph, Palatine, Ill., will be in charge of the banquet decorations.

Denny Martin, jr., Pasadena, Calif., will choose the restaurant.

Richard Burger, jr., Perryton, Tex., is general chairman.

# Convocation features Melhorn

Dr. J. Jack Melhorn, president of the College, will speak at the final Convocation of the spring semester. The 9 a.m. Convocation will be May 9.

He plans to speak about the value of a college education, the importance of taking seriously the role of being a student, and the responsibility of the student for his education.

# Major reaction to April 25 Convocation is bewilderment

BY MARILYN SMITH

The April 25 Convocation was quite an experience. It pulled us out of ourselves into a strange dimension so foreign to our daily existence that its meaning was difficult to grasp.

As a result, the major reaction to "A Sleep of Prisoners" was bewilderment. The students that I talked with liked the play, but did not understand it.

I am convinced, however, that this was one of the most educational convocations we have had.

It stretched the minds of those who experienced it and introduced us to an artistic and intellectual level most of us had been completely unaware of.

In addition, the excellence of the cast and settings was unmistakable. The play represented talent, imagination, and long hours of hard work.

I think we should be very proud that this group of students and this dramatic production is representing McPherson College at other schools and communities.

The hilarious improvisations which accompanied the play also deserve applause. The reaction to them, aside from the laughter their humor provoked, was a kind of awed admiration for the actors' spur-of-the-moment inspiration.

Creative and challenging things have been happening on our campus this semester, and this presentation is only one of them. The dramatics department also deserves credit for "The

Fantasticks," which was one of the most beautiful and imaginative dramatic productions we have had.

In addition, student efforts like Project Communications and the forthcoming literary paper and magazine, as well as increased student interest and debate about national and international issues, encourage me a great deal about our campus.

McPherson college is an increasingly exciting place to be!

# Professors go to conference

Dr. and Mrs. John Burkholder and Dr. and Mrs. Wesley DeCoursey attended the eleventh annual Midwest Conference for Danforth Associates at Excelsior Springs, Mo., April 19-21.

The theme of the conference was "Teaching Creatively." The speaker was Dr. James R. Smith of Oswego State College, New York.

One hundred thirty persons attended from Kansas, Missouri, Oklahoma, Iowa, Nebraska, Illinois and Arkansas.

Professor and Mrs. Leland Lengel were recently appointed new Danforth Associates for McPherson College for the next four years.

# MCY to present May 7 Chapel

MCY will be in charge of the May 7 Chapel Service at 9 a.m. Leonard Tinker of the Friends Service Committee was the speaker at the April 30 Chapel.

# 14 students simulate industrial procedures

Fourteen industrial arts students have simulated industrial procedures and processes by the mass production of meat tenderizers.

Dennis Dirksen, assistant professor in industrial arts education, is the instructor of the class, Machine Tool Operations, on Monday from 6 p.m. — 10 p.m.

The management team, chosen by the class, is Lonny Liljegren, jr., Lindsburg, corporation president; Gary Jasper, jr., McPherson, manufacturing head; Allen Stone, sr., Hutchinson, business head; and Leonard Ewell, sr., McPherson, engineering head.

Before setting up the line production, students did research and development on mass production and set up the various jigs and fixtures.

A great stress was placed on accuracy because the parts were

interchangeable and they, the students, had to work together. To finance the operation, the students sold \$100 worth of stock, with each stock being \$2, for the materials needed.

The class will make 50 tenderizers; however, they could make 500 more to show a profit. All of the tenderizers are already sold at \$4 apiece.

Some consumer research will be done according to product appeal since the handles of the tenderizers have different colors of plastic rings.

This mass production is a pilot study for the College for a new course to be offered during interterm next year.

To further acquaint themselves with the mass production, the class took a field trip to Lear Jet in Wichita. Lear officials gave the students a breakdown of their structure and showed them through the plant.

# SNEA cabinets to meet May 8 at Hughbanks'

The old and the new will be joined together when the SNEA cabinets for this year and the coming year meet on May 8. This meeting will be a picnic at the home of Prof. Monroe Hughbanks, the organization's sponsor, in Buhler.

The new cabinet members are: President-Susan Sell, jr., Conway; Vice-President - Judy Rego, soph, New Bedford, Mass.; Treasurer - Mike Traetto, jr., Rockaway, N. J.; Secretary-Pat Drury, jr., Marshalltown, Iowa; Historian-Bev Burger, jr., Carleton, Neb.; and Publicity-Jody Duffy, jr., Abilene. Mrs. Burger is assuming the responsibilities of historian instead of Joyce Shellenberger who was originally elected to that office.

# Track team performs well

**BY MIKE THOMPSON**  
Some good performances were turned in the past week by members of the McPherson College track team.

Competing at the Ottawa relays, Mike Butsch took first place honors with a vault of 13'6". Jim Beathell was first in the javelin while Bob DeTour

took second. Both threw over 200'.  
Dave Shepherd set a new school record in the 5000 meter steeplechase with a time of 16:13. Carl Cook took fifth in the high jump, fifth in the 440 intermediate hurdles and sixth in the triple jump.

At a quadrangular meet held at Bethel April 22, Bob DeTour set a new school record in the javelin of 214'4". Jim Beathell was close behind with a throw of over 211'.

Dave Smith also set a new school record in the 440 intermediate hurdles. He ran them in 58.1, bettering the old mark by 1.9 seconds.

Mike Butsch took first place honors in the pole vault by going 13'6".

At the Southwestern Relays held last Friday, Jim Beathell tied the school record of 214'4" in the javelin. DeTour took third with a throw of over 203'.

The two mile relay team of Larry DeTour, Dave Shepherd, LeWayne Dewild and Dave Smith established a new school record in that event. The new time of 8:17.7 betters the old record of 8:20.6 set in 1952.

Mike Butsch took his third first place of the week, winning the pole vault at 13'2".

Competing in the Freshman-Juco portion of the meet, Norman Schmidt placed third in the broad jump with a jump of 18'8". Don Macklin was fourth in the high jump, clearing 5'10".

Kathy Rogers, running for the Topeka Cosmos Track Club, ran a leg on the girls winning 440 relay team. Her team established a new Southwestern Relays record in the event with a time of 49.6.

# Thinclads set new record

**BY MIKE THOMPSON**  
They're still at it. Bob DeTour, throwing at the quadrangular meet at Bethel April 20 smashed the old record held by teammate Jim Beathell in the javelin.

Earlier this year, Beathell had bettered the old mark which DeTour had set last year. DeTour sailed the spear 214'4" in an effort that bettered Beathell's record of 211'8 1/2".

But he was not to stand alone for long. Throwing at the Southwestern Relays April 26, Beathell uncorked a towering throw. When the measuring was over, it was determined that he had thrown 214'4", exactly the same as DeTour's record.

At the present, we have dual record-holders in the javelin. Both feel, however, that the present record will not stand for very long. Both of them expect to better the mark before the season is over.

With these throws to their credit, both of them move into the top ten javelin throwers in the small colleges of the nation.

They are quite a credit to the track team and to the school. You can see them participate at the A.C.K. Night Relays, held at the McPherson stadium May 10.

# Dr. Baugher dies April 20

Dr. Norman Baugher, executive secretary of the General Brotherhood Board of the Church of the Brethren died April 20. He was the top administrator of the church.

Memorial services for Dr. Baugher were held in the Chapel at Elgin, Ill., Sunday, April 28. His body has been donated to medical science and research.

# Linksmen place 2nd in match

The McPherson College linksmen placed second in a triangular match Monday at the McPherson Country Club course.

Kansas Wesleyan University won the match compiling 22 1/2 points. McPherson was second with 16 and Bethel took third place with 6 1/2 points.

Lance Hungerford, jr., Wilkes Barre, Pa., captured medalist honors for the linksmen with 76. He lost to Bob Giese, KWU, and defeated Steve Unruh, Bethel.

Chris Levi, sr., Berryville, Va., took second medalist with 77. He defeated Mike Huff, KWU, and Dennis Dueck, Bethel.

In third place was Dave Ikenberry, soph, Jacksonville, Fla., with a score of 80. He was defeated by Dave Kitch, KWU, but won the other match with Dave Quiring, Bethel.

Don Woodcock, sr., Washington, took fourth place with a 91. He was defeated by Gene Hansen, KWU, and Jerry Schragg, Bethel.

Phil Grove, sr., Laurens, Iowa, was high medalist with 93. He was defeated by Joe Frantz, KWU, but defeated Mike Kriebel, Bethel.

# 4 science faculty to attend meeting

The 100th anniversary of the annual meeting of the Kansas Academy of Science will meet at Kansas University May 2-4.

Four members of the science faculty will be attending: Dr. John Burkholder, professor of biology; Dr. Wesley DeCoursey, professor of chemistry; Leslie Fraley, assistant professor of physics; and Larry Welch, assistant professor in biology.

# Mac wins first game of doubleheader, 6-2

McPherson College, behind the 2-hit pitching of Steve Putthoff, won the first game of a doubleheader against Baker University in a game held at the McPherson ball diamond April 23.

McPherson won the opener 6-2. The Bulldogs scored two runs in the first inning and four in the fourth. Baker scored both of its runs in the top of the seventh.

Bottomly was the losing pitcher and was relieved by Schany for the final two innings. They gave up only three hits but were guilty of four errors. McPherson played errorless ball.

Baker won the second game 9-0, behind the no-hit pitching of Mills. Baker scored in the first, second, third, fifth and seventh innings.

Stan Borawski was the losing pitcher. Dick Albright pitched the last two and two thirds innings for the Bulldogs.

This leaves McPherson with a

3-5 season record and Baker with a 2-6 record.

# Teacher supply may be shut off in 1969-70

The supply of beginning teachers from Kansas colleges may be shut off in the 1969-70 school year — a year from next fall — for Kansas school districts which do not offer a \$6,500 minimum salary for degree teachers.

Delegates representing more than 4,000 students who now are members of 22 college chapters of the Student Kansas State Teachers Association have resolved to hold this salary line.

Their object is to raise Kansas' 32nd ranking — \$859 below the national average — in instructional staff salaries. They

are serving notice they will leave Kansas — as half of them do now — unless this state's salary level goes up.

The action "requesting" the Student KSTA members "not to sign first year teaching contracts" in 1969-70 for less than \$6,500 was taken almost unanimously by the Delegate Assembly of the student association convened March 30 in Topeka.

The average beginning salary this year in Kansas is \$4,340 for a degree teacher, said David Adams, new Student KSTA president from Washburn University, Topeka.

This would mean districts will have to average a \$380 increase in their beginning minimum for the coming two years to be in competition for the 1969-70 college teacher recruitment season.

The average salary of all Kansas public school instructional staff this year is \$6,723.

Adams said an intensive effort will be made by the Student KSTA during the coming year to attain unity of the students now preparing to be teachers.

# Pi Kappa Delta initiates Ziemann

The Omicron Chapter of Pi Kappa Delta, the chapter at McPherson College, met in the Student Council room Wednesday, April 24.

First on the agenda was the installation of Mike Ziemann, sr, Berlin, Germany, into the chapter. Gary Flory, sr, McPherson, Lilli Ann Wivell, soph, Columbia, Penn., and Mike Loveless, soph, Mt. Rainier, Md., conducted the initiation service.

A report was given of the Province Tournament held at Fort Hays State college on March 23-29. All contestants from McPherson received ratings of good or excellent.

These contestants were Charles Frank, fr, Denville, N. J., Paul Christianson, fr, Hutchinson, Kenneth Stromquist, fr, McPherson, and Loveless.

A motion was moved and carried that all members would be expected to participate in at least one contest during the school year to retain active membership in the local chapter.

A motion was also moved and carried that letters will be written to all prospective students who have indicated an interest in forensics and debate.
