

**ZEAL**

Somebody said that it couldn't be done,  
But he, with a chuckle, replied,  
That maybe it couldn't, but he would be one  
Who wouldn't say so till he tried.  
So he buckled right in with the brace  
Of a grin  
On his face. If we worried he hid it.  
He started to sing as he tackled the thing  
That couldn't be done—and he did it!

Somebody scoffed: "Oh, you'll never do that;  
At least, no one has ever done it."  
But he took off his coat and took off his hat,  
And the first thing we knew he'd begun it;  
With a lift of his chin, and a bit of a grin,  
Without any doubting or quiddit,  
He started to sing as he tackled the thing  
That couldn't be done—and he did it!

There are thousands to tell you it can not be done,

There are thousands to prophesy failure;  
There are thousands to point out to you, one by one,  
The dangers that wait to assail you;  
But just buckle in with a bit of a grin,  
Then take off your coat and go to it;  
Just start in to sing as you tackle the thing  
That "can not be done," and you'll do it!  
—Union Central Advocate.

**FOOTBALL SCHEDULE**

Sept. 22—Baker at McPherson.  
Sept. 30—Fairmount at Wichita.  
Oct. 6—Open.  
Oct. 13—Hays at McPherson.  
Oct. 20—Open.  
Oct. 27—Kansas Wesleyan at Salina.  
Nov. 2—St. Mary's at St. Marya.  
Nov. 11—Swedes at McPherson.  
Nov. 17—Open.  
Nov. 23—Sterling at Sterling.  
Nov. 30—Southwestern at McPherson.  
Leslie Edmonds will work at least two games.

**WITH THE CLASS OF '22**

Elmer Bathura, Fellow in History, Iowa University.  
Harold Beam, teacher, Beatrice Nebraska.  
Leslie Blackman, assistant chemist, K. S. A. C.  
Crawford Brubaker, English teacher, Emmett, Idaho.  
Mrs. Crawford Brubaker, Home Economics teacher, Emmett, Idaho.  
Lloyd Crumpacker, McPherson, Kansas.  
Nellie Cullen, teacher, Haven, Kansas.  
Clarence Eshelman, pastor, Bloom, Kansas.  
Homer S. Foutz, superintendent of schools, Ramona, Kansas.  
Marguerite Mohler Foutz, principal, Ramona, Kansas.  
Bertha A. Frantz, teacher, Conway Springs, Kansas.  
Bertha M. Frantz, Hastings St. Mission, Chicago.  
Letha Heckman, teacher, Garden City, Kansas.  
Fritz J. Hjelm, pastor, McPherson.  
Ralph Holsinger, teacher, Sedgwick, Kansas.  
Bernice John, at home, Springdale, Ark.  
Josephine Johnson, Modern Language teacher, Clay Center, Kansas.  
Mayme King, teacher, Miami, New Mexico.  
Alviah Ray Laver, Violin instructor, M. C.  
Gerhardt Lundeen, farmer, McPherson.  
Rodney C. Martin, Bethany Bible School, Chicago.  
Scott Martin, Bethany Bible School, Chicago.  
Grace Miller, Manual Training teacher, Inman, Kansas.  
Dorothy Miller Akerson, housewife, Galva, Kansas.  
Mary Miller, teacher, Marquette, Kansas.  
Ruth Miller, Domestic Science teacher, Marquette, Kansas.  
Catharyne Mohler, teacher, Minneapolis, Kansas.  
Mrs. Charles S. Morris, housewife, McPherson.  
Marguerite Mues, Physical Education instructor, McPherson.  
Marguerite Meyer, teacher, Horton, Kansas.  
Arthur Myers, Mathematics teacher, Evansville, Wis.  
Roy Neher, teacher, Enterprise, Kansas.  
Saylor Neher, farmer, Leeton, Mo.  
Paul Pair, History teacher, St. John, Kansas.  
August Rump, Manual Training teacher, St. John, Kansas.  
Elmer Rupp, Manual Training teacher, Clay Center, Kansas.  
DeWitt Sager, Mathematics and Science teacher, Coldwater, Kansas.  
Galen Saylor, teacher, Holton, Kansas.  
Lloyd Saylor, teacher, Garfield, Kansas.  
Fahney Slifer, graduate student of History, K. U.  
Ira Stiles, teacher, Republic, Kansas.  
Henry R. Stover, post graduate, M. C.  
Glenn Strickler, in business, Ramona, Kansas.  
Ralph Strohm, student Northwestern University Chicago.  
Roy Terrlinger, English teacher, McCune, Kansas.  
Emma Touseley, post graduate Cook Co. hospital, Chicago.  
Galen Tice, superintendent of schools, Windom, Kansas.  
Ruth Kilmer Tice, principal, Windom, Kansas.  
Jay W. Tracey, Fellow to K. U.  
Oliver W. Trapp, principal, Hillsboro, Kansas.  
Ethel Whitmer, English teacher, Zenda, Kansas.  
Irma Witmore, teacher, Plevna, Kansas.  
Emery Wine, teacher, Zenda, Kansas.  
Dayton Yoder, Fellow in Soils, University of Michigan.  
Nothing could be learned of three members of the class: Maude Crist, Olive Holmes, and Iva Studabaker.

The water carts of Lowell used to be decorated with patent-medicine advertisements. An innocent Irishman from the rural districts looked at one the other day and remarked, "Faith, it's no wonder Lowell is healthy when they water the streets with sarsaparilla."  
Are you going to miss chapel the 25th? I should say not!

## Personal Paragraphs

Willis Neff of Redfield, Kansas, visited on the Hill Friday and Saturday.

The senior college class bids fair to outnumber the class of last year. Already there are 52 seniors enrolled and there are a number of others who have not arrived yet.

William Bishop was an M. C. visitor a few days last week. He intends to come back for school work later on.

Talking of novel ways of coming to college Herbert Martin and Cecil Holloway have the latest. They drove thru from Fruitland, Idaho on a motorcycle, covering 1,800 miles in ten days. One look at them was sufficient to prove that they did not keep out of Old Sol's sight.

Dr. A. J. Callier, formerly of the M. C. faculty but now Dean of Hiram College, Ohio, reports that the enrollment there is about the same as here. There are 160, however, in the freshman class.

Ralph Strohm, A. B. '22, has been a campus visitor for a few days. He left Friday evening for Cordell, Oklahoma, where he delivered a temperance lecture.

John Daggett and father were passing visitors last week.

Frank Porney is greatly indebted to Isaac Dirks for the luscious watermelon which he received last Thursday.

The din of tin pans rent the air Thursday night when the girls of Kline Hall charivariated Foster Hoov-

ers' and Prof. E. J. Unruhs', Fudge and Hersheys were the rewards that quieted the noise.

Golda Ebbert spent the week-end on the Hill.

Mabel Fleming visited the girls of Kline Hall Saturday night and Sunday.

Grace Entriken and Golda Zook, who are teaching at Lehigh, visited College friends over Sunday.

Mr. and Mrs. Homer Foutz, Glenn Strickler, Ruth Pentecost, and Miss Cristoff motored down from Ramona Sunday.

Mr. and Mrs. Paul Pair of St. John, Kansas, were Hill visitors Saturday and Sunday.

Mary Whiteneck enjoyed a visit from her sister, Sylvia, over Sunday. Marquette seemed to have an invincible attraction for Harold Correll during the week's vacation.

Eunice Wray was a dorm visitor over the week-end.

## WHO'S WHO IN THE Y. M. C. A.

President, Harold Correll.  
Vice President, John Daggett.  
Secretary, LeRoy Doty.  
Treasurer, Clyde Rupp.  
Chairman of Committees, Social, Roy Brammell.  
Advertising, Paul Kurtz.  
Athletics, Clarence Showalter.  
Program, David Brubaker.  
Employment, Jay Eller.  
Music, Jess Garvey.  
Extension, W. T. Luckett.

You bet you can count on me being in chapel the 28th.

## Social Events

From The Daily Republican of Sept. 9.

A large number of members of the Church of the Brethren met in the college chapel last night to tender a reception to the new pastor of the church, the Reverend H. F. Richards, late of Wiley, Colo. The program was in charge of Professor C. S. Morris, Rev. E. E. John, elder in charge, delivered a short address of welcome. Rev. Richards responded in a very gracious manner. The Misses Lingle favored the audience with a piano number. Dr. Kurtz was at his best in expressing the gratitude of the college in the coming of Rev. Richards and pledging the support of the college constituency to his endeavors. Miss Alma Anderson charmed the audience with two excellent readings. The closing number was rendered by a quartette composed of Mrs. Morris, Miss Cullen, Miss Engle, and Messrs. Studebaker and W. F. Vaniman. Refreshments were served to some two hundred people.

## Y. W. C. A. Holds Social.

The Y. W. C. A. has a beautiful custom at the beginning of each year of entertaining the new girls with a watermelon feed. This was carried out Saturday evening by a get-acquainted party and frolic on the college campus. The old girls brot their little sisters and they were made to feel welcome by the prevailing spirit of friendliness.

After the girls were each given a chance to meet everybody, they were divided according to their birth months. Each group gave a charade, which was significant of the month which it represented.

The remainder of the time was spent in playing various games and in eating watermelon.

The boys arrived from their feed at the sand-pit a little early so a joint social hour was enjoyed by both organizations.

## Y. M. Holds Social.

Nearly 200 men including most of the faculty members jaunted to the sandpit southeast of the college Saturday evening for the annual watermelon feed. The first part of the program consisted of four boxing matches and a wrestling match. Harry Bowers then gave a humorous reading taken from a selection written by Irvin Cobb. Clarence Showalter gave a few words of welcome to all. LeRoy Doty, treasurer of the Y. M., gave some plans regarding this year's budget.

Dr. Kurtz in his talk impressed the men of the significance and importance of the Y. M. C. A. He said, "One thing the Y. M. did for me was that Jesus Christ appeared to me as a hero for the first time." All of our big men have taken an active part in Y. M. work and have boosted its cause. The Y. M. C. A. stands for the four square man which allows men to develop into the best possible life physically, intellectually, socially, and spiritually. McPherson College has the habit of having a membership from 95 to 100 per cent strong. Every man present was given a half watermelon ice cold and sweet which aided greatly in promoting the spirit of brotherhood.

## Spice

Ralph Himes (playing Three Deen): "You lost something."  
Margaret Mikewell: "Oh, I just lost my balance."

Dirks decided he would take football for his health but after watching the boys practice one evening he decided he would have better health without going out.

Big Bill—The freight passed us to-night when we were going down the railroad track.

Fisher—Geo, you must have been going slow, Bill.

Contributor: "Do you think this joke will get by?"  
Editor: "I should say so. It'll get by without being seen."

## Difference of Opinion.

Girl watching aeronaut: "Oh, I'd hate to be coming down with that parachute."

Mere man: "I'd hate to be coming down without it."

Roy Brammell (in the bookstore): "I want the last word in dictionaries."  
Estella Engle: "Yes, sir. Zythum."

Stage Manager: "All ready, run up the curtain."

Stage Hand: "What do you think I am, a squirrel?"

A starving tramp stopped at a kitchen in California and asked for food.

"You like fish?" asked the Chinese cook.

"Yes," replied the tramp, eagerly.

"All lte, come around Friday."—Ex.

Watch the fur fly Friday when the Bulldogs scrap the Wildcats.

Careful Mother: "Johnny, if you eat any more cake, you'll bust."  
Johnny: "Well, pass th' cake and get outa the way."—Ex.

Waitress: "Will you have pie?"  
Customer: "Is it compulsory?"  
Waitress: "Huh?"  
Customer: "I say is it compulsory?"

Waitress: "Why-ah-we're just out of compulsory, but we've got some good raspberry."—Ex.

"My brother takes up Spanish, French, Italian, Hebrew, German, and Scotch!"

"Goodness where does he study?"  
"Study? He doesn't study. He runs an elevator."—Ex.

### FACULTY ADVISERS

Prof. McGaffey Dr. Craik

Address all correspondence to The Spectator, McPherson, Kansas.

### LEND A HAND

Co-operation on the part of all students is necessary in order to put out a successful school paper. In view of that fact The Spectator extends a cordial invitation to every student to contribute articles to the paper. This is your paper so if you have a good joke, an item of interest about a friend, or a bit of news send it in—it will be considered at least.

A "Student Opinion" column will be maintained this year and will be open to the students who have opinions they wish to get before the student body.

Hand your contributions to some member of the Staff or place them in the Spectator box in the hall of the Administration building. All articles sent in, however, MUST be signed the name of the author, need not be published.

If you have occasion to find fault call on us and we will try to settle the difficulty. On the other hand if you have a bright idea that would make the paper better let us know about it. Your help will certainly be appreciated.

### THE SCIENCE HALL

The Science Hall, altho once a dream, now adorns the scenery of the campus at M. C., and will soon be ready to welcome all students who are eager to continue the search for truth. This beautiful and stately structure is an invaluable asset to the city of McPherson. It means greater and better educational facilities for the students who are attending college now as well as those who will come in later years. May M. C. continue to prosper and grow as the years come and go.

### "LITTLE DABS OF PAINT"

"Little dabs of paint" (on some occasions) have a wonderful transforming effect. At least Fahnstock Hall and the Administration building look ten years younger since being subjected to the painter's brush. The library also appears more inviting. The north entrance on the Administration building helps out wonderfully. The management of the college is to be congratulated for making such a marked improvement in the appearance of the buildings on the campus.

### "Little copper pennies,

Little dabs of paint,

Make M. C.'s buildings

Look like what they ain't."

### PROF. SANDZEN TO GIVE SERIES OF ART LECTURES

Prof. Birger Sandzen of Bethany College, Lindsborg will give a series of six Art lectures at the Smalley Art Shop on Wednesday evenings beginning the first of October. Season ticket \$2.50. Get your tickets early at Smalley's Shop.

"There goes a second Shakespeare."

"That fellow? He's a dumb classical scholar."

"Exactly. He knows little Latin and less Greek."

### THE COLLEGE SONG

By Nellie V. Derrick.

Arise now ye sons of old M. C.  
Stand firm with true courage and strong;  
Our college inspires our allegiance  
Now raise high her colors with song.  
Faithful now to our dear alma mater  
We must stand brave and true for her fame  
Till all through the world shall be lauded  
With glory and honor, her name.

CHORUS:  
M. C. M. C.  
Follow her standard of truth, life,  
and light!  
M. C. M. C.  
Wave proudly her colors the dear red  
and white!  
Now onward and upward M. C. we  
support thee  
Go forward to victory.

Press on heart to heart for McPherson  
Let her light shine abroad through  
the land;  
Let the work of her sons and her  
daughters  
Be noble and pure and grand  
Let no blot mar her name on our  
annals  
But contend for her honor—Be  
strong!  
Press on—let no foe ever vanquish  
For to her doth victory belong.

### "ABRACADABRA"

No, that is not some new soup or some new style of clothes. It was once (and maybe still is) the name of a god worshipped by the Syrians. Sammonicus used the word written in the form of an inverted triangle as a secret formula or incantation against diseases. So it has come to mean rather meaningless language or jargon. There you have it. A mixture of "Sense and Sensibility" (apologies to Jane Austen) and senselessness.

Now that all these new students have come in it makes the older students feel almost like total strangers. In that case, get acquainted. A very common question around here nowadays is "What have you been doing during the summer?" Well, you know we get only part of the truth at that.

We have long heard that we should "Say it with Flowers," but apparently SI prefers to say it with cherries—sweet ones at that.

Harry Bowers seems to think that he has been teaching music in Galva so long that he is well nigh Galvanized.

By the looks of the Campus and buildings one would be lead to think that someone had been brightening the corner where he was this summer.

Bill Bishop seems to have dropped in to see that we all start the school year correctly.

Gazinkus.

### HAD YOU THOT OF THIS?

As you view the new Science Hall do you realize that since the breaking of the ground on March 8 until last Thursday evening, 36,992 hours of actual labor had been expended on it? That doesn't seem so large but suppose you were working eight hours a day and three hundred days in the year, how long would it take you to build it? Oh, just fifteen and four-tenths years, that's all.

Did it occur to you that there are 3,540,000 pounds of material in the building excluding 2,400,000 pounds of sand? The total weight is approximately 6,000,000 pounds or 3,000 tons. Quite heavy isn't it?

Or if you are good at figures how would you like to count the number of brick that were used? There are only 129,000 of which 59,000 are face brick.

The above statistics, which were contributed by Mr. H. O. Latham, architect for Mann and Gerow, architects at Hutchinson, only give you a faint idea of the time and material it takes to erect a four-story building.

"Grocery butter is so unsatisfactory, dear!" said Mrs. Hoover, "so I decided today we would make our own."

"Oh did you?" remarked Foster.

"Yes, I bought a churn and ordered buttermilk to be left here regularly. Won't it be nice to have really fresh butter?"

### PROF. SWOPE GOES TO PURDUE UNIVERSITY

To Be Head Of The Department Of Manual Training.

Prof. Ammon Swope, who in 1916 organized the department of Industrial Education in McPherson College and has been head of that department ever since, has assumed the duties as head of the department of Manual Training in Purdue University at Lafayette, Indiana. This

Prof. Ammon Swope.

new position carries with it an increase of some \$700 in salary and besides, places Prof. Swope in the very front ranks of his profession in the state of Indiana.

Prof. Swope's resignation from the faculty of McPherson College, tendered last spring, was accepted by the trustees and took effect September first. During the six years that Prof. Swope has been with M. C. he has built up a splendid department in Industrial Education. From the beginning it has been overcrowded. The furniture for the new Science Hall was made this summer by Prof. Swope and several well trained young men who have specialized in Manual Training at M. C.

Prof. Swope will be greatly missed as he was vitally connected with a great many of the activities on the Hill. He was quite prominent in Sunday School work and for the past two years has been superintendent of the Sunday School of the Brethren Church at McPherson.

### CUPID'S HARVEST

It is a Pair indeed since Pauline Vaniman became Mrs. Paul Pair on August 3. The Pair's are now located at St. John, where Mr. Pair teaches history in the high school.

Galen Tice outdid Ruth Kilmer to be a Tice also, so the Tice's will impart knowledge to the younger generation in Windom.

Is it Gladys was Edwards or Gladys Waas? Bennie Waas says Gladys was Edwards until July 26 and then Gladys Edwards Waas.

Maxine McGaffey made a solemn vow that she would Hooverize for the rest of her life. Poster will assist her in carrying out her pledge. The Hoover's are inmates of the Kline Home.

Kline Home shelters other victims of Cupid's darts. Prof. Unruh, having rushing prospects, hastened to Wichita in June and now returns with Mrs. Ada Rush Unruh.

Added to the list are Ralph Lehman and Olive Boone Lehman, who testify that marriage is very romantic. Take heed, ye scoffers! Olive is a Lehman, but she believes that Ralph is a Boone.

Prof. Lauer has succumbed to the matrimonial epidemic. His bride was formerly Miss Margaret Harper from near Grinell, Iowa. May their heart beats be harmonious!

From far New Mexico comes the peal of wedding bells. Cecil B. Hayes took unto himself as wife Miss Anna M. Lapp of Maxwell, New Mexico. Mr. and Mrs. Hayes will teach in the high school there, Mr. Hayes acting as principal.

The chummy superintendent and principal at Ramona are Homer Foutz and Marguerite Mohler Foutz, who, it will be remembered were friends in college days.

Men who want work watch the bulletin board in the Y. M. C. A. lobby.—Employment Bureau.

Paul Sargent (at the bookstore): "I want The Beginnings of Christ."

Oh boy! The 28th! Let's be in chapel.

Watch the fur fly Friday when the Bulldogs scrap the Wildcats.

### PALMER LAKE SUMMER SCHOOL WAS A SUCCESS

Enrollment Numbered 45—Seven States Represented—Many M. C. Students There.

The extension summer school held at Palmer Lake, Colorado this past summer from June 19 to August 24 was a success beyond expectations. There were forty-five in attendance. This came up to the number which was expected but the real success came thru the enthusiasm shown by educators who visited the school and by students.

Of the many educators of importance from various parts of the United States who visited at Palmer Lake there was no criticism given by any, but instead everyone highly commended the project. Many of the students were teachers and superintendents of schools.

New Mexico, Oklahoma, Kansas, Illinois, Ohio, Colorado, and Missouri were the states represented. The faculty members were Professors Nininger, Ebel, and Mohler. Mrs. J. W. Deeter was there during the first part of the term but could not remain all of the time because of illness.

McPherson students who were in attendance were: Irene Miller, Mable Griffin, Mary Mohler, Elmer McGonigle, Emalleg Maxwell, Grace Brubaker, Ida Bowman, Wilbur Vaniman, Ada Kurtz, Ruth Talhelm, and Mr. and Mrs. Herman Jones.

Next year instead of nine weeks' work there will be two terms of six weeks each. Palmer Lake is backing the work financially with \$1,000 donation. Also there is a possibility of having a new building for next year in addition to the old. Prof. Nininger says the location is ideal for the teaching of botany, geology, and birds. The climate is good, the warmest day during the school being

86 F. Next year at least 150 students are expected. Many of this year's students plan to return, having already engaged cottages for next year.

### THREE NEW MEMBERS ARE ADDED TO M. C. FACULTY

There are three new members on the M. C. faculty this fall—Prof. Howard V. Patterson who succeeds Prof. Ammon Swope as head of the department of Industrial Education, Miss Elsie Klinkerman who succeeds Miss Pauline Vaniman as instructor in Piano, and C. Ray Keim.

Prof. Patterson received his high school training at the Emporia High School. After spending two years in the Kansas State Normal at Emporia he taught manual training at Smith Center, Kansas for one year. He served a short term in the army and then returned to the State Normal, graduating with the Class of 1920. The two past years Prof. Patterson has spent teaching manual training and mathematics in the Wellington High School.

Miss Elsie Klinkerman spent three years at M. C., receiving the Teacher's certificate in 1919, the diploma in 1920, and the Bachelor of Music degree in 1921. Last spring she graduated from the Artia's course after spending two years of study in the Bethany Conservatory at Lindsborg.

Mr. C. Ray Keim spent three years teaching in the grades after completing the high school course at Louisville, Ohio. In 1917 he received the degree Master of Accounts from North Manchester College, Indiana and the following year took his A. B. degree from the same institution. During his stay at North Manchester he taught several commercial subjects. After one year of army service Mr. Keim became head of the commercial department in the high school at Nampa, Idaho. Just before coming here he held a position in the Northwest Nazarene College at Nampa. Mr. Keim will do graduate work and also teach two courses in the academy.

### IT'S NOT EASY—

To apologize.  
To begin again.  
To take advice.  
To admit mistakes.  
To be mistaken.  
To endure success.  
To obey conscience.  
To think, and then act.  
To be content with little.  
To accept just rebukes gracefully.  
To value character above mere reputation.  
But it pays.—Selected.

## ENROLLMENT SHOWS SLIGHT GAIN OVER THAT OF LAST YEAR

Total Registration Numbers 365—  
280 In College Department  
76 In Academy.

### EXPECTED TO REACH 400 MARK

Senior College Class Has Member-  
ship Of 52—Freshmen Take  
Lead With 96 Entries.

McPherson College has for the thirty-fifth time opened her doors to welcome some of America's best youth. After a rest of three months, her campus became suddenly alive and there were many happy greetings among her students, old and new. The football boys were first to arrive on September 4, and other students followed a few days later.

#### 96 In Freshman Class.

Monday and Tuesday were registration days and the faculty was busy with the important work of enrollment. At present the total enrollment is 365 students, 289 in the college and 76 in the academy, which is an increase of 35 students over last year's enrollment at this time. The number of students in the various classes follows: College—Senior 52, Junior 46, Sophomore 75, Freshman 96, Specials 20; academy—Senior 17, Junior 15, Sophomore 13, Freshman 14, Special 17. Besides this there are a number of music students who have not been fully enrolled and scheduled.

It is unknown as yet how many of the 365 students are boys and how many are girls, but it is that the number of each is about the same. The number of married people is as great as usual.

#### Enrollment Of 400 Expected.

By September 20 all students should have enrolled and at that time the records will no doubt show an enrollment of 400. There is great pep and enthusiasm and activities of the school year are well begun. Although the enrollment is not as large as anticipated, the results are gratifying and there is every promise of a banner year for McPherson College.

### RAYMOND C. FLORY RECEIVES MASTER OF ARTS DEGREE

Upon Mr. Raymond C. Flory, A. B. 1912, was conferred, in absentia, the Master of Arts degree during chapel service last Wednesday. Mr. Flory completed his requirements for this degree by writing a thesis on Religious Education.

After receiving his A. B. degree in 1912 Mr. Flory attended the Bethany Bible School for one year after which he spent a year at the North China Language School. He served a term of seven years as a missionary in Ping Ting, China. Last year he returned from China and spent the first part of the school year at M. C. after which he attended Yale University. Mr. Flory has just returned to China.

### CAMPUS BUILDINGS PAINTED

The covering of paint which has been applied to Fahnestock Hall, the Administration building, and the Library during this past summer has done much to improve the general appearance of the campus. To the students of last year that which is especially noticeable is the change in the appearance of Fahnestock Hall. The boys who are to make this their home for this coming school year should doubly appreciate this improvement and show the same by being careful not to mar in any way the neat appearance of the building.

Come to the fair grounds Friday and see the Bulldogs in action.

Coach "Dutch" Lomborg.

## LONBORG'S SQUAD TO BATTLE BAKER FRIDAY

PROSPECTS ARE FAVORABLE  
FOR A WINNING TEAM—  
MANY LETTER MEN  
BACK

With the beginning of a new scholastic year one of the foremost things in the mind of every student is football, and prospects for a winning football team are heard discussed on every side. There seems to exist on the M. C. campus this year a football atmosphere that reaches all classes and types of students. Every student seems to be storing up so much pep that on Friday afternoon at the fair grounds there should be an explosion of pep and school spirit that can be heard clear over to Baldwin, the home of the Bakerites.

#### Squad Is Working Out Well.

In "Dutch" Lomborg we have a coach that has proved himself one of the best in the conference and we can depend on him for the best team that is possible to be produced. In an interview with Coach Lomborg he said that it was too early for dope but that the squad was working out well and prospects were favorable. Although he has had only about two weeks to whip a team into shape he hopes to have them ready to tangle with the Baker team with true Bulldog spirit.

#### Many Letter Men Back.

As a foundation for this year's team, Coach Lomborg has out most of last year's letter men. The backfield is built around Captain "Tok" Carter, Arnold Thornton, and Ray Clark. These are all old men and will be in line for their old berths. Among the many new men who are making a bid for backfield are: Hal Barton of Redmond, Ore.; Gordon Heaton and Earnest Tipton of a song by the congregation, prayer by Rev. H. F. Richards, the new pastor of the College Church, and a piano solo by Miss Jessie Brown of the Music Department. Following the address a vocal solo was rendered by Professor Gaw of the Voice Department.

#### Many Seeking Positions In Line.

The line material is being built up with "Dick" and Stan Kelm, Elmer Brunk, Ervin Crofoot, and William Mudra of last year's team as a foundation. New men fighting for line positions are: "Fat" Colburn and "Dick" Hill of McPherson High School last year, E. R. Enns from Inman, Abe Kliever of Inman, F. H. Cotton of Cambridge, Neb., Smith of Canton, Coell Holloway of Redmond, Ore., and Vivian Long, Glade Fisher, Carl Schneider, Jay Eller, Olin Ellwood, and Earl Morris of last year's squad. We do not hesitate in saying that the football prospects are good this year but the team alone cannot win without the whole support of the student body.

### MEETING CALLED OF STUDENTS INTERESTED IN WIRELESS

Those students who are interested in wireless telegraphy and telephony and in the formation of an amateur Radio Club are requested to meet in Prof. Morris' recitation room, Wednesday, September 20, at 7:30 p. m.

## RIGHT EDUCATION IS THE WORLD'S SUPREME THING SAYS DR. KURTZ

Opening Address Is Heard By a Large  
Audience Of Students  
and Visitors.

### MARKS 32TH YEAR FOR M. C.

A College Training Has No Meaning  
Only As It Fits One For The  
Best Possible Life.

"Education of the right kind is the greatest thing in the world," said Dr. D. W. Kurtz in his address Wednesday morning which marked the thirty-fifth opening of McPherson College.

The chapel was crowded with students and visitors of this city. All present were deeply impressed with the need of a proper education. Education has no meaning only as it fits one for the best possible life. According to Dr. Kurtz the only thing worth while in life is personality. Our parents give us life while our teachers give us ideals.

#### Butler's Six Elements of Education.

Dr. Kurtz gave the summary of the six elements of education, according to Nicholas Murray Butler. First, make good use of the mother tongue—master the language. Second, cultivate kind and gentle manners for the business of education is to grow a soul. Third, have a true standard of appreciation. Acquaint yourself with the best and learn to appreciate it. Those who love the lower ideals have never known the higher. Fourth, acquire the power to think. Thinking ought to be the greatest joy of life for the world depends on thinkers. Fifth, possess the power to grow. Be scholars—set for yourself great tasks. Sixth, have the power to do. Contribute something to human life.

#### Real Power Of Life Is Feeling.

Dr. Kurtz declared that if a student prepares a lesson less than his best it is immoral. Students must master facts, interpret facts in the light of truth and finally translate this truth into their personality. The real power of life is not will but enthusiasm, feeling, or passion. Dr. Kurtz emphasized the importance of having the vision of a destiny and the sense of responsibility. Strive for that social personality like unto that which was lived by Jesus Christ.

The address was preceded by a song by the congregation, prayer by Rev. H. F. Richards, the new pastor of the College Church, and a piano solo by Miss Jessie Brown of the Music Department. Following the address a vocal solo was rendered by Professor Gaw of the Voice Department.

### STUDENT COUNCIL MEETS FOR BUSINESS SESSION

Maude Gish Elected Temporary Girls  
Cheer Leader—Committee To  
Make Final Arrangements For  
Sale of Activity Ticket.

The Student Council met Wednesday evening for its first business session of the school year. Ira Brammell, the new president, was in charge.

Inasmuch as Norma Smith, who was elected girls cheer leader last spring, cannot be back in school this year, the Council felt it necessary that the vacancy should be filled at once. It was that unwise to hold a general election so early in the school year so the Council elected Maude Gish, as temporary cheer leader.

The report of the committee on the Activity ticket was accepted and the committee was authorized to make the final arrangements for the sale of the ticket this week.

Rev. H. F. Richards.

## REV. RICHARDS TO BE NEW PASTOR AT M. C.

SERVED CHURCHES IN ILLINOIS  
MINNESOTA AND COLORADO  
BEFORE COMING HERE

Rev. H. F. Richards of Wiley, Colo., has been secured to serve as pastor of the First Church of the Brethren on College Hill. Rev. Richards arrived with his family a few days before the opening of school and now occupies the Beckner property on North Maxwell Street. Students who were at M. C. last year will remember that he was one of the lecturers at the Bible Institute, Alumnus of Manchester College. Rev. Richards began his early education in his native state of Ohio. He took his college training, however, at Manchester College, Indiana, graduating with the Class of '17. A year later he received the B. D. degree from Bethany Bible School in Chicago.

#### Experience In Three States.

As a pastor Rev. Richards has had considerable experience. He was pastor at Winona, Minn., from 1912 to 1915. From 1916 to 1920 he served the congregation at Bethany Bible School. The last two years he has been pastor of the church at Wiley, Colo., where he did able service. He has also had a great deal of success as an evangelist.

McPherson College extends a hearty welcome to Rev. Richards as he enters upon his work here.

### MISS MARGARET WALTERS IS M. C.'S NEW LIBRARIAN

Miss Margaret Walters of Stillwater, Oklahoma, has been employed as College Librarian to fill the vacancy left by Miss Marguerite Mohler who graduated with the Class of '22. Miss Walters is a sister to Miss Minnie Walters, head of the department of Home Economics. They both graduated from the Oklahoma State College at Stillwater with the Class of 1919.

Miss Walters comes here with considerable experience. For six years she was librarian at her Alma Mater. Later she served several months as Librarian in the public library at Riverside, California. Just before coming to McPherson Miss Walters was in charge of the order department in the county library at Visalia, California.

Miss Grace Crumpacker is assistant Librarian.

### FORUM WILL HOLD BUSINESS MEETING SATURDAY EVENING

The College Forum will hold a business meeting Saturday evening at 7:30 in Room 6 of the Administration building. All members will please take note. Any students not yet members but interested are cordially invited to attend.

### TO PREPARE FOR DOCTORATE

Ray Frantz, A. B. 1920, is planning to enter the University of Chicago this fall for three years of graduate work which will lead to the doctor's degree. After leaving M. C. Mr. Frantz first tried his hand at business, but later decided to enter the educational field looking toward the lecture platform as his final goal.

## NEW SCIENCE HALL TO BE READY FOR CLASSES ABOUT OCTOBER FIRST

Inside Finishing Is All That Remains  
To Be Done—Best  
Of Material Used.

### WORK DELAYED FOUR WEEKS

Building Equipped With Furniture  
Made By Manual Training  
Department.

The new Science Hall is nearing completion and will be ready for use about October first, thus relieving the crowded condition which has existed for the past few years. The building would be ready for occupancy now if work had not been delayed three weeks on account of rain and one week on account of steel not arriving. Work has progressed very rapidly in spite of the delays and all that remains to be done is some of the inside finishing. Nothing has been spared in the erection of the structure. The inside finish is of the best.

#### Departments Anxious to Move.

The departments which are to use the new building are very anxious to move into their new quarters, for there they will be much more adequately prepared to render a more satisfactory service to the students.

The first floor of the building will be occupied by the department of Chemistry; there is also one recitation room provided. The second floor will harbor the Home Economics and Physics departments. The north part of the third floor will be given to the departments of Biology and Physiology. There are also splendid laboratories provided, the lack of which has been a handicap to these departments in former years. The department of Agriculture is also on this same floor, having the south rooms. The Music and Art department will have the fourth floor of the building together with some other classrooms.

#### Furniture Made In M. C. Shop.

The Manual Training department has made it possible for the new Science Hall to be equipped with the best oak furniture. This department, under the supervision of Prof. Swope, former head of the department, has made the furniture with which the new building will be equipped. This department deserves much credit for the work which it has done.

### CHINESE STUDENTS PRESENT BEAUTIFUL BANNER TO M. C.

To show their gratitude to the American colleges for the help given them, the students in the Chinese schools at Shou Yang, Ping Ting, and Liao Chou sent a beautiful silk banner to America to be presented to McPherson College. This banner with its curious looking characters which when translated mean: "Nothing surpasses Christianity" was presented in chapel Friday morning. Miss Bessie Rider, who is a nurse in the ladies hospital at Ping Ting, brot the gift with her to America when she came on furlough.

#### Course In Taxidermy Offered.

Prof. H. H. Nininger of the Biology department is offering a course in Taxidermy this semester which will be open to students of both college and academy rank. This is a very interesting course dealing with the preparation, skinning, and mounting of animals. Classes will begin in a few weeks and will be held from 2:30 to 5:30 on Monday afternoons. One and one-half hours of credit will be given.

Where? In chapel. When? The 28th. Why? Come and find out.
