JOLLY TIME ENJOYED AT ELABORATE PARTY ON ALL SAINTS NIGHT

Journey Through Lower Regions Is Marked By Real Hair-Raising Thrills And Surprises.

MANY WEIRD COSTUMES WORN

Variety Of Interesting Stunts Given After Merry-Makers Are Unmasked.

Ghosts, spooks, and goblins, together with other costumed characters, were much in evidence in the gymnasium on Hallowe'en. For those masked, the entrance to the main part of the gymnasium was through the lower regions which created many hair-raising experiences of real thrills and surprises.

Fun For Everyone.

Even excitement reigned above, for there one had the chance to find out what the fates of the future held in store for him, to see the largest woman in captivity with the smallest feet, and for five cents was allowed the privilege of coon-shooting. Three successful shots entitled one to a toy balloon. Rastus, the coon, who evaded so many shots, was none other than William Riddleberger.

One of the main features of the evening was the discovery of "who's who." Some quite cleverly-wrought costumes were visible, almost entirely concealing the identity of the individual, making it difficult at times to discover one's best friend. After considerable parading and guessing the masks were removed.

Clever Program Given.

After the unmasking, a clever program was given. First was a song by the famous Northwestern Trio, composed of Barton, Riddleberger, and Holloway. Many tearful melodies were given. In the scene "Taking His Picture" Harry Nickel and Isaac Dirks played their parts well. Although difficult for the man from the "auld country" to understand directions, especially when told to watch a fly, the photographer kept even-tempered about it all. How feet can move faster than in the stage dancing and how some of the barnyard chorus ejected those fearful sounds is somewhat of a mystery. These were staged by the J. Olsson Company.

Society Circle Attracts Attention.

That there are so many beautiful ladies in the Galva Society Circle speaks well for that city. These charming ladies were induced to come out where the audience could see each member with the most critical inspection. Descriptive words for them are beautiful, graceful, and charming. Those who delighted the vision were: Harry Bowers, Samuel Kurtz, Myrl Curtis, Sumner Eshelman, and Ralph Lehman.

The "Ford" Act, under the supervision of Selma Engstrom, was a real stunt. It was interesting how the engine wheezed and coughed, how quickly the tires were raised after a blow-out or puncture, and how frustrated the passengers became when the chicken was killed. The on-lookers were moved to sympathy when the fatal train scattered passengers and Ford.

The final number of the evening was the eats. Good, indeed, were the sandwiches, cider, doughnuts, and apples. For the evening of real fun the Student Council should be credited under whose auspices the successful event was staged.

First Boy (as he shows his friend over the house): "See that picture there? It's hand painted."

Second Boy: "Well, what about it. So's our chicken house."

"Batter up," said the chef as he stirred the pancakes.

LADIES' CHEER LEADER CHOSEN

Since the ladies' cheer leader who was elected last spring could not be in school this year, the Student Council elected Maude Gish temporary leader until a student election could be held. In the balloting held last Tuesday for nominations Maude Gish, Hazel Vogt, and Irene Hawley received the greatest number of votes. The final election was held Friday and resulted in the selection of Miss Hawley as permanent ladies' cheer leader. It takes pop to win athletic games so it goes without saying that every loyal M. C. rooster will back the cheer leaders and thereby boost our teams.

DOTY TO REPRESENT M. C. AT CONVENTION

MEETING WILL BE HELD AT
ATLANTIC CITY FROM
NOV. 14-19

LeRoy Doty, a member of the Junior Class, has been elected delegate to the Forty-First International Y. M. C. A. Convention of North America to be held November 14 to 19 at Atlantic City, New Jersey. The election took place at the regular Y. M. meeting Wednesday morning. This was the result of a reconsideration from the previous week when it was decided not to send a delegate because of a lack of funds. Seeing the need, four loyal Y. M. C. A. men each offered to bear one-half of the expense if he were elected. The other volunteers besides LeRoy Doty were: Roy Brammell, Paul Kurtz, and William Riddleberger.

Many Advantages To Be Gained.

The advantages to the local Y. M. C. A. in being represented at this International Convention will be of ineffable worth. The best methods of carrying on local work in terms of world thinking will be learned. There is something vital, besides something which inspires one to greater service in having social contact with men who are the religious leaders of this continent. The outlook of the local Y. M. C. A. will be broadened and at the same time McPherson College will be recognized as a Christian center. The representative will be benefited personally in innumerable ways. The trip itself will be very educational. The stimulus coming from meeting and enjoying the friendship of all the other local leaders will be a source of spiritual strength.

May Represent District.

There is a possibility that Mr. Doty will represent the Rocky Mountain Y. M. C. A. District in addition to the local organization. If this is done there will be the advantage of our representative reporting to the various Y. M. C. A. organizations throughout the district.

CHINESE STUDENT TO SPEAK

Thursday evening at 6:30 M. C. students will have an opportunity to hear a Chinese student who is attending Washburn College speak concerning his native land. This same speaker will quite likely talk during the chapel period Friday morning. No student can afford to miss these chances for getting a new vision of the on-coming tide of opportunity.

HILL RESIDENT PASSES AWAY

Joseph Andes, one of McPherson's time-honored and best respected citizens, passed to the Great Beyond early Saturday morning after a long period of illness. Mr. Andes, a native of Virginia, moved to McPherson in 1856 and since that time has been actively engaged in civic and church affairs in the city. Funeral services were held in the college chapel yesterday afternoon at 2:30 o'clock.

Help hang the crepe on Bethany.

PASTOR H. F. RICHARDS TO OPEN EVANGELISTIC SERVICES NEXT SUNDAY

Mrs. C. S. Morris Will Have Charge Of The Singing During The Meetings.

WILL CONTINUE TWO WEEKS

Cordial Invitation Is Extended To All To Come And Hear Each Evening's Message.

Rev. H. F. Richards, pastor of the First Church of the Brethren on College Hill, will begin a series of revival meetings at the college next Sunday morning, November 12, which will continue for two weeks. Mrs. C. S. Morris will have charge of the song service. The Communion Meeting will be held Sunday evening December 2.

Rev. Richards began a revival meeting October 22 at the Brethren Church at Monitor which is a flourishing rural congregation southwest of McPherson. Much interest has been manifested there.

A cordial invitation is extended to everyone to attend the meetings here. All who attend will be greatly benefited by Rev. Richards is a man of ability, experience, and conviction. McPherson College extends a spirit of hearty co-operation for a most successful evangelical harvest.

CONCERT SERIES TO OPEN FRIDAY NIGHT

Famous Criterion Quartet Will Give Program At McPherson Opera House

The first number of the McPherson Concert Series will be given at the Opera House Friday evening at eight thirty by the famous Criterion Quartet. No male quartet has ever occupied a position in America comparable to the Criterion whose services each season are so greatly in demand that it is only possible for its management to accommodate a small number of the many requests for their concerts.

The personnel consists of Messrs. Young, Mellor, Reardon, and Chalmers. Perfect ensemble is one of the delightful features of their programs which are composed of quartets, trios, duets, and solos. Everywhere this company goes there comes an almost unlimited amount of unstinted praise and tribute for their pleasing numbers. Every person who loves good music will find the program by the Criterion well worth the time and cost.

Tandy Mackenzie, the young Hawaiian tenor, will appear as the second number on December 1. The last number of the Series will be given on January 26, by Thurlow Learuare, who has collected a great number of Indian songs.

COLLEGE DEBATE TRYOUT TO BE HELD NOVEMBER 29

The debate tryout for the selection of the members of the College Debate Teams will be held in the chapel during the afternoon of November 29. The following day can well be a day of thanksgiving for those persons who make the teams for there are already eighteen contestants in the race. M. C.'s debate record last year was the very best and the contestants this year are entering the fray with the determination to make history repeat itself.

Ruth King (meeting Lola Miller and Everett Brummell on the walk): "I noticed you weren't at prayer meeting this evening. You missed something good."

Lola Miller: "How do you know but what we've already had our devotions?"

DR. BRADLEY TO GIVE LECTURE

Dr. Preston Bradley, pastor of the Peoples Church, Chicago, will give his lecture "The United States of Tomorrow" at the Opera House tonight as the second number of the Lyceum Course. Dr. Bradley is a born orator. He has a wonderful command of language, a great personal magnetism, and a keen sense of humor. Some of the great problems confronting the people of America today will be discussed in the lecture. The program begins at 8:30 o'clock.

Come to the Fairgrounds Saturday and see the biggest football game of the year.

OFFICERS ELECTED TO HEAD WORK OF A-T. A.

EVERETT BRUBAKER IS CHOICE FOR PRESIDENT AND ALTA MOHLER FOR SECRETARY

The election of officers to direct the work of the Anti-Tobacco Association at M. C. this year, which was held at the close of the chapel period last Monday morning, resulted in the selection of Everett Brubaker for president, Altmohler for vice-president, Alta Mohler for secretary, and Robert Blough for treasurer. This election was to have been held October 12, but had to be delayed several times for various reasons.

Plan To Send Out Teams.

The Association plans to send out a number of teams during the year to give programs in the surrounding communities. This is an undertaking that the organization has not emphasized very strongly in the past. It is a work, however, that will have much influence in arousing public sentiment against the tobacco evil.

Oratorical Contest in February.

An oratorical contest in which any member of the Association may enter will be held in February. Prizes will be offered to those contestants having the best orations while the winner will go to the State contest which will be held sometime in March. For four consecutive years now M. C. orators have captured first place in the State contest. Several persons have consented to write orations already and from all prospects M. C. will strive hard to repeat the performance of former years.

THESPIAN CLUB WILL PRESENT THREE PLAYS

The Thespian Club will present on the Student Activity Ticket, a public production of three one-act plays. These plays will form a whole evening's entertainment and there will be enough diversity of themes so that the program will be well varied.

Of late years the Little Theatre Movement has swept the country and as a consequence many dramatic clubs have been started. These plays that will be given are some of the many dramas that have been fostered by the movement.

The plays that have been chosen for this program are "Lonesome Like" by Harold Brighthouse, "Sham," a comedy by Frank Thompson, and "The Slave with Two Faces," by Mary Carolyn Davies. Those students taking parts in the plays are Jessica Carter, Rowena Vaniman, Ruth Cripe, Magie Cullen, Marguerite Muse, Kay Clark, David Brubaker, and Harry Bowers.

A short time after the public production the time for the tryout for new members will be set. Any one interested in dramatics, see any member of the club for information. Watch for further announcements.

It is the Unknown that makes life worth living. The moment you know a thing, you have lost its interest-bearing power.—Frank Crane.

Learn the dictionary habit.

BULLDOGS HAND 14-12 DEFEAT TO CATHOLIC ELEVEN AT ST. MARYS

Lomborg's Squad Retains Advantage Throughout the Larger Part Of The Battle

GAME PLAYED ON WET FIELD

Line Plunges, End Runs and Forward Passes Used by McPherson to Great Advantage

The McPherson College Bulldogs won their fourth consecutive game when they defeated the heavy St. Mary's eleven 14-12 in a fast and desperately fought football game on the Catholics' wet field last Friday. The Bulldogs retained the advantage throughout the larger part of the battle, fumbles and penalties being partly responsible for the Saints' score.

Carter Makes Sensational Run

Although outweighed twenty pounds to a man, Lomborg's favorites presented a fierce attack, varied by line plunges, drives off-tackle, end runs, and aerial passes. Captain Carter showed the best work in the Canine back-field and won the admiration of all the spectators. In the third quarter this player with his shifting and elusive style, tore through fifty yards of the Saints' best defense after intercepting an enemy pass. The remaining two yards were won through right tackle.

The Bulldogs' first touchdown came at the beginning of the second quarter after R. Keim had blocked a punt by throwing the Saints' quarterback into the ball. Two passes, Carter to Barton, brought the Lomborg crew to the one yard line and Carter carried the oval for a counter, going around right end.

Catholics Score Due to Fumble

The Saints' first score came in the second quarter following the Bulldogs' touchdown at which time they presented their heaviest attack. At the kick-off Carter came running up and received the ball safely, but on being hit, simultaneously by three of the massive opponents the ball shot into the open and a St. Mary's player threw himself upon the coveted pig skin. The Catholics then started an attack which resulted in McDonnell driving through the center of the McPherson line for a touchdown. Attempt at placement kick was unsuccessful.

No Gains Through M. C. Line

In the last period the "Fighting Irishmen" carried the ball from their own part of the gridiron for a touchdown. No gains, however, were made through the Bulldog line. Three passes totaling 27 yards and three penalties received by the Bulldogs were responsible for the touchdown.

Clark was perhaps the most consistent ground gainer for the Canines, using his powerful attack on the St. Mary's line. Barton played his usual hard game at defense and excelled the St. Mary's toe artist in this department. Batson, McAllister, Mahoney, and McDonnell played well for the Saints.

Saints' Best Attack Fails

The Saints' favorite attack—the criss-cross buck was decidedly unsuccessful. In the last period with the ball on St. Mary's three yard line the Bulldogs lacked the punch to go over and lost the ball on downs. Weather conditions were ideal for the game and a large crowd saw the Catholics take their second defeat of the season. The "Fighting Irish" warriors as well as the crowd lost hard, although penalties for fouling were few. The game proceeded rapidly, few time-outs were called and few substitutions were necessary. A dozen loyal adherents of the Bulldogs

(Continued on Page 4.)

LET'S STAY TOGETHER

"United we stand, divided we fall." While this adage was first quoted many years ago, it still has a very direct application to the cheering at M. C. Every person who participated in the "glorious celebration" last Friday night will agree that the yelling and cheering was superb. But do you know why? Just because we all stayed together in one group and yelled with the leader. We can do just as well and even better at the game Saturday if we all stay in one group in the grandstand. The gridiron can be seen very well from the grandstand and when we are all there we can follow the leader so much better. It's co-operation in our cheering that counts and this very thing will play an important part in the game with the Swedes. The best way we can do this is by staying in one group in the grandstand.

AN APPRECIATION

The students of M. C. owe a great deal of gratitude to Maude Gish who has served as temporary ladies' cheer leader thus far during the school year. To follow in the footsteps of one of the very best cheer leaders in the history of M. C. is by no means an easy task, and especially difficult is it for a person with no previous experience in cheer leading. Miss Gish, in co-operation with Earl Morris the men's leader, has worked hard during the past two months to direct the pep at M. C. Now since a permanent leader has been elected we owe our appreciation to Miss Gish for the services she has rendered.

WATCH YOUR WORDS

Beware! This is Good Speech Week and there are 105 Rhetoric students carefully watching your speech to detect any errors that you may commit. If you happen to be reprimanded by one of these students take the advice good naturedly and profit by the experience by never committing the error again.

Good Speech Week lasts only seven days but the habit of using correct English should be cultivated during every day in the year. The distinguishing mark of a cultured man or woman is the power to express one's self in clear and simple words and to speak with ease and precision. Let's start the habit of using correct English.

Remember this is Good Speech Week.

THE ENGLISH LANGUAGE

The English language is by far the most valuable means of communication that we have, yet few of us use more of it than is absolutely essential to existence. And that which we do use is often used haphazardly. To be without the words to express our ideas clearly is to be handicapped.

This is Good Speech Week. All over the nation we are striving to better our verbal expression. We are doing it in two ways: Correcting our grammatical errors, and enlarging our vocabularies. Many of us are to learn that "where we stop at

is before the last word, that "height" does not end in "th", and that "is there any one that I have not called their name?" can be expressed more gracefully.

Some vocabularies are large, others are merely stretched. The person with the elastic vocabulary readily allows slang expressions to take the place of the words that are lacking in his vocabulary, thus expressing his emotions, his wants, and his ideas with a few elementary sounds, for example, the words, "keen," "fix," "dope," and "swell." On the other hand, how refreshing it is to listen to the person who has the English language at his command, who expresses himself graphically, who has the right word in the right place. Reiterations of "Some one has said," and "Did you ever stop to think?" are tiresome. Let us get the dictionary habit, learn the meaning and pronunciation of new words, then use them when the opportunity is afforded. L. B. M.

BOYS, WRITE A LETTER

Next week is Father and Sons Week. Some of the boys at M. C. will attend the Fathers and Sons Banquet but many will not. There is one thing that everyone of us boys can do even if we attend the banquet or not. We can write a letter to father and tell him how much we appreciate what he has done so that we can be in school. Let's show our gratitude by writing a letter.

Help hang the crepe on Bethany.

SOMNILOQUIES

All students do not attend chapel. As per usual, "There's a reason." They enter the chapel, get to the back part of the room before they remember to count the rows of seats, return to the front and go through that ceremony, until they arrive at the right row, stumble in past a half dozen fellow sufferers, lean back on a seat meant to incline backward on a floor higher in the rear, but which places one in a reclining position with the floor elevated in front, go through the usual devotional exercises, facing the ceiling, and shivering if the weather is cold, recover from the reclining position, and be outside, all in about fifteen minutes. Even announcements are interesting if there is no special program, but a little displayed home talent would be welcome.

Life would be worth living if there were no quizzes, and if people knew how great we really are.

It occurs to us that "Dutch" Lomborg's speech in chapel some time ago was like the proverbial apples of gold.

Gall and Wormwood.

Watch your words.

Exchanges

The staff of the Eaker Wildcat for 1923 consists of thirty-five members.

The Fairmount Sunflower has been increased from six pages to eight.

Kansas University is planning an elaborate program for Armistice Day.

A box supper will be held at Kansas Wesleyan University on the evening of November 11. The proceeds will go to the 1923 Annual.

The Cambrea Concert Company which gave a program at the Opera House October 20, gave the second lyceum number at Oklahoma State College October 28.

Rabbi Stephen S. Wise of Free Synagogue, New York City, was one of the speakers at the Kansas State Teachers' Association at Hays.

The Student Council of the State Manual Training School at Pittsburg is contemplating changing the name of the institution.

Debaters and orators from Ottawa University have been invited to participate in an inter-state forensic tournament which will be held at Southwestern College in March to decide the champion orators and debate teams. Teams from Kansas, Oklahoma, and Texas will be represented.

LITERARY PROGRAM GIVEN

A literary program that was well worth hearing was given in the chapel Friday evening. The first number was a piano solo by Harry Bowers. Some of the other numbers were: A reading by Esther Hawkins, a talk on the Toas Indians of New Mexico by Margaret Mikesell, a talk on selfishness by Roy Brummell, and a reading by Gertrude Witmore. Then followed three political speeches. The Republican party was upheld by Oscar Lankford, the Democrats by Lester Ogden, and the Socialists by Charles Lengel. After the reading of a humorous paper by Arno Rodes the new college song was sung several times.

At the close of the program a meeting was called of those persons interested in organizing a new literary organization. Prof. C. Ray Kelm was chosen president pro tem and Ada Correll, secretary. A program committee and a committee to draw up a constitution were then selected. On the evening of November 17, the organization will render another program after which definite steps will be taken to create a permanent Society of some sort. All persons interested in the new movement are cordially invited to be present at the meeting a week from Friday evening.

Learn the dictionary habit.

Y. W. C. A.

Some of the freshmen girls gave their impressions of college life in Y. W. Wednesday morning. Devotionals were led by Cordelia Anderson. Following this there was a piano solo by Florence Cline. The speakers were: Rosella White, Edna Dunham, Margaret Mikesell, Mrs. Birkin, and Thelma Neuschwander. Each in her own way told of her impressions of McPherson College. Some of the favorable impressions are the fine Christian atmosphere, the friendliness of both students and teachers who after all are common people, and the splendid place here to make lasting friendships. Also the Y. W. C. A. and its work here is generally appreciated.

For next week the girls have an invitation to attend a musical program which the Y. M. will render.

May every girl attend the lectures in the chapel on Monday, Tuesday, and Wednesday of this week at 4:30 P. M. by Dr. Harnly.

Swat the Swedes.

"IMAGINE THE REST"

Editor Dobbs of the Aurora Republican is a preacher on Sundays. He thinks we are a little swift in advancing an American language made up of slang. "Imagine" he insists, "starting a funeral something like this: This old guy has gone west. He was some scout. He had some faults but he tried to do his level best to cut them out. Gee, but he went some in his career. He mopped the earth, he paved the air, he jazzed along in the line of doing the good to his pals. Imagine the rest." We don't want to imagine any more. We return in haste to the queen's English.—York Republican.

"HITTING RASTUS"

By Rastus Himself.

Whether or not it took science to hit Rastus Tuesday night, I will not argue. But there was a noticeable change in the speed of those balls. One could never guess whether they were going to be ~~slow~~ hard or reach the net in a slow, lax curve.

When persons dressed in gentlemen's attire would step up to the booth, naturally the victim behind the net would expect a swift, Walter Johnson curve or a Christy Matthewson fade-away. But to the surprise of all interested, the ball would cut a beautiful curve in shape of a rainbow from the hand of the thrower to the net, several inches from Rastus, proving that you don't know what folks can do by the way they dress.

Then the Dude from the East would throw, but his energies were powerless. The little Jap threw a wicked ball; so did the Ku Klux Klan. But when the little old woman (seemingly so) crept timidly up and secured ammunition, Rastus would dose a little but not long, however. For the little old woman would prove to be an Arthur Nehf, a

Hippo Vaughn, or a Jess Barnes. Again this proved that you can never tell what people are by the way they dress.

But the most amusing of all were the "little" girls who were allowed to throw without charge. If they missed they turned quickly and ran away, much embarrassed. But if by chance they hit Rastus, they clapped their hands and exclaimed, "Oh, I hit him, I hit him, I hit him," and would throw again.

The best of all was when the "common fellows" came down from the balcony and tried their skill. They made it interesting for the spectators, for themselves, and for Rastus. They possessed real baseball "wings" and when once their arms were uncorked, Rastus received the benefit, which was what he wanted.

McPHERSON HIGH SCHOOL DEFEATS ABILENE ELEVEN

McPherson High School staged a final come-back at the Fairgrounds last Friday and won a hard fought game from Abilene High with a score of 13-7. With a re-arranged lineup the locals presented a much better style of football than has been seen so far this year. Captain Carson and Crumpacker were changed from the line to the back field. These two "backs" and Harrison played well, the latter also showed much improvement in the punting over former games. Both teams played remarkably clean and Abilene, putting up a hard fight twice held the locals on their own one-yard line for downs. Morine, covering a punt which was blocked by Miller, added the necessary points for victory although the McPherson eleven had a decided advantage in yards gained. This week Uhlraub will take his team to Newton to decide honors with the Higgs of that city.

The Inquisitive Inquirer

How do you like bobbed hair? Hervey McClelland—It's darned foolishness, but permissible if a girl's hair is falling out. Everett Brummell—Few girls look well with bobbed hair. Clyde Rupp—Most of it looks horrid and very little looks much better. Dr. Craik—It ain't the order of nature.

O. T. Finkhouser—A girl loses all her dignity and modesty when she bobs her hair.

Marathon High—Well, I guess it's all right. It's their business if they want to cut it off, but it don't improve their looks any.

M. C. ROOTERS STAGE GLORIOUS CELEBRATION

When the news of the Bulldogs' victory at St. Mary's reached the anxious students at M. C. Friday evening, their pep and joy could no longer be controlled. Raids were at once made through Arnold and Fahnstock Halls and almost everywhere on the Hill yelling and shouting could be heard. Even the supper hour was generously interspersed with peppy yells. As soon as supper was over cars assembled in front of the Administration building and soon Main Street was literally ringing with yells as the long winding snake dance wended its way down and back through the business section of the city.

The heroes returned Saturday morning and as they marched into the dining hall the M. C. rooters gave them a joyous reception. This is one way the home folks have of saying to the coach and members of the team, "Men we're proud of you."

Remember this is Good Speech Week.

"WORD MONGERS" and "CHATTERING BARBERS"

"Word mongers" and "chattering barbers," Gilbert called those of his predecessors who asserted that a wound made by a magnetized needle was painless, that a magnet will attract silver, that the diamond will draw iron, that the magnet thirsts and dies in the absence of iron, that a magnet, pulverized and taken with sweetened water, will cure headaches and prevent fat.

Before Gilbert died in 1603, he had done much to explain magnetism and electricity through experiment. He found that by hammering iron held in a magnetic meridian it can be magnetized. He discovered that the compass needle is controlled by the earth's magnetism and that one magnet can remagnetize another that has lost its power. He noted the common electrical attraction of rubbed bodies, among them diamonds, as well as glass, crystals, and stones, and was the first to study electricity as a distinct force.

"Not in books, but in things themselves, look for knowledge," he shouted. This man helped to revolutionize methods of thinking—helped to make electricity what it has become. His fellow men were little concerned with him and his experiments. "Will Queen Elizabeth marry—and whom?" they were asking.

Elizabeth's flirtations mean little to us. Gilbert's method means much. It is the method that has made modern electricity what it has become, the method which enabled the Research Laboratories of the General Electric Company to discover new electrical principles now applied in transmitting power for hundreds of miles, in lighting homes electrically, in aiding physicians with the X-rays, in freeing civilization from drudgery.

General Electric
General Office Company Schenectady, N.Y.

Personal Paragraphs

Miss Rosa Miller of Abilene has been visiting the Correll and Bowser girls this week.

Mr. Bert Witters from California is visiting Mrs. Brunk, his sister-in-law and Mrs. Frank Forney, his niece.

Dr. and Mrs. Kurtz were guests at the dining hall Thursday evening. Each gave a very interesting after-dinner speech.

Addie Yoder of Cordell, Oklahoma visited her niece, Pearl Wilifong, Sunday.

Mrs. Brunk was surprised by a visit from her sister and family Mr. and Mrs. Harlow Brown of Wichita.

Mabel Griffin entertained Miriam Wenrick, Rose Mohler, Doris Plum, Irene Miller, Clara Anderson, Ruth Martin, and Jessie Ball at her home Friday evening. Part of the evening was spent in making candy and popping corn. A pleasant time was enjoyed by all.

Thursday being the event of Miss Minnie Walters birthday, ten of the girls majoring in her department planned and successfully surprised her. At 8:30 in the evening a gentle rap on her door admitted one of the girls, who began to inquire about one of the lessons but before the answer came the other girls had filled the room. A jolly evening was spent eating candy and telling stories. Before the girls departed they presented Miss Walters with a remembrance.

Lloyd Crumacker, A. B. '22, has accepted a position at Englewood, Kansas, where he will teach several subjects in English and History and coach athletics.

On October 28, one of the most successful community fairs in McPherson County was staged at Windom. Much of the success of the affair depended on Mr. and Mrs. Galen Tice and Mr. and Mrs. Leonard Crumacker, all alumni of M. C. who are teaching at Windom.

Eunice Almen spent the week-end at St. John, Kansas, visiting Mr. and Mrs. Paul M. Pair.

SEEN FROM THE SIDELINES

The soft field at St. Marys kept the Bulldogs from making a touchdown in the last quarter. With the ball on the three-yard line the Catholics held the Bulldogs for downs, Carter slipping on the third attempt.

The most sensational play of the game was the 50-yard run by Carter after he had intercepted a pass. He brought the ball from the middle of the field to the two-yard line, through almost all of the Saints' team.

Mudra continued his habits of breaking through the line and downing the man receiving Barton's punts.

Clark's consistent pounding netted many yards through the St. Mary's line. He was giving his best the whole game.

The McPherson line, although considerably outweighed, is to be commended for its work against the heavy Catholics. In the last period the Saints had the ball on the 20-yard line. Three times they made

first downs—not through the Canine defense but by a Bulldog penalty on each last attempt.

Hal Barton backed up the line in splendid fashion until he was forced out in the last few minutes. Thornton, scrappy Bulldog pilot, varied the attack in a heady fashion.

"Fat" Colburn shared honors with Carter when he intercepted an enemy pass in the second quarter.

The Bulldogs heartily welcomed the nine followers of the team who "traveled" to the Catholic city. They even rivaled the home rooters in their efforts to support the Bulldogs.

Watch your words.

ALUMNUS MAKES PHONOGRAPH

George N. Boone, A. B. '21, instructor in manual training and printing at the McPherson High School for the past two years, has recently completed a phonograph of his own making. The cabinet, designed like the console type of machine, is made of walnut and shows the results of a great deal of skill and technic. Most of the wood work was done during the first two weeks of September in the McPherson College shops. A high grade "Serenade" motor which is famous for its quietness has been installed.

While the market price for phonographs of this type is about two hundred and fifty dollars, Mr. Boone was able to save almost one hundred and fifty dollars by doing the work himself. The phonograph is a very beautiful instrument and makes an added improvement to the home.

Boost the Bulldogs.

REV. WAGONER SPEAKS AT MEETING OF MISSION BAND

Rev. Ray S. Wagoner, Field Secretary of McPherson College, spoke of the needs in the College territory at the meeting of the Mission Band Sunday evening. He stated that the College territory is equal to about one-third of the area of the United States and contains nearly one-fifth of its population. There are 12,000,000 non-Christian people in this section and only 9,000 members of the Brethren Church. Many country communities are sadly in need of leaders; over one-third of the rural churches in the Middle West have closed their doors in the past twenty years. The impression which is sometimes given that this section is over-churched is erroneous. In some sections there is no church in a radius of eight miles. Unless McPherson College sends leaders to this field, it shall be necessary to call for leaders from other schools.

PROF. NININGER ATTENDS ORNITHOLOGISTS' MEETING

Hears Lectures From Most Prominent Authorities In United States And Canada.

Prof. H. H. Nininger returned last Tuesday night from Chicago, where he attended the annual session of the American Ornithologists Union which was held in the Field Museum. Approximately two hundred representatives attended the meeting most of whom were from the eastern part of the United States and Canada. Prof. Nininger was the only representative from Kansas. Some of the best ornithologists of the country were present such as, Frank M. Chapman, Dr. Forbush, Louis Agassiz Fues, the great painter of animal life, Dr. Palmer, secretary of the Ornithologist Union, Dr. Arthur A. Allen, Dr. Ganier of Tennessee, Dr. Oberholser and Dr. McAtee of Washington, Miss Althea R. Sherman, Dr. W. I. Lyon of Waukegan, Illinois, and Dr. R. C. Murphy of the American Museum.

All sessions were held in the Field Museum which is in itself a very wonderful place. Prof. Nininger spent some time looking at the interesting things of the museum. One of the most outstanding features of the entire three days' meeting was the motion pictures of wild life in its natural haunts.

On his return Prof. Nininger stopped at Elgin, Illinois, where he gave a lecture. Here he met our old friend, Dr. Edward Frantz, former president of McPherson College. At the Central Teachers' College of Warrensburg, Missouri, Prof. Nininger gave another lecture. At this place he met his former teacher, Dr. G. W. Stevens. Dr. Stevens, it will be remembered, presented a fine collection of birds' eggs to the museum last spring.

ATHENIANS HOLD SOCIAL

The Athenian Literary Society held one of the most enjoyable socials of the year Saturday evening. Gathering at the chapel at eight o'clock, the members were divided into three groups—the Republicans, Democrats, and Socialists. Games, stunts, and contests of all sorts reigned supreme for the next two hours. The Republican group, having won the most points during the evening, was awarded a cleverly camouflaged all-day sucker as a prize. After refreshments had been served the members of the Society departed, everyone thankful for the happy evening spent together.

Boost the Bulldogs.

Y. M. C. A.

At the Y. M. meeting Wednesday morning it was unanimously decided to reverse the decision of the previous week about sending a delegate to the International Convention at Atlantic City provided the delegate elected would pay half his expenses. LeRoy Doty was chosen to represent M. C. Following the business transactions Harry Bowers gave a very good critical discussion of modern literature dealing particularly with the novel, poetry, and the drama. Mr. Bowers is well-read and he speaks from experience on these subjects. The many persons who read haphazardly can well take his advice about reading discriminatingly.

Beat the Swedes.

INTERESTING CURIO DONATED TO MUSEUM

A block of diatomaceous rock about thirty-six inches long, twenty-eight inches wide, and three inches thick, containing approximately one hundred fossils of a fish closely related to the herring, was received last week from Dr. J. Z. Gilbert, of Los Angeles, California.

Diatomaceous rock is formed from the shells of microscopic plants which sink to the bottom of the sea and in this particular deposit the rock is from 900 to 1400 feet thick. The layer in which this specimen was found is exceptionally rich in fossils of about the same nature. This particular block was found at Lompoc, California. Besides being intensely interesting it makes a very valuable addition to the curios of the museum.

BIGGEST BATTLE OF YEAR TO BE STAGED SATURDAY

Lonborg's Favorites Will Clash With "Terrible Swedes"—Dope Favors McPherson Eleven.

It is nearly here. To McPherson College Armistice Day means the most significant football battle of the year—the annual clash with the "Terrible Swedes." Coach Lonborg and the Bulldogs, as well as their adherents, are continually thinking of football games as relating to the rivalry between these two schools. Since last Armistice Day the famous clash between these two competitive factions has been anticipated. As each game is played the strength of the teams is compared in the light of the available dope, and as the hour approaches all concerned are possessed with a restless uncertainty. When "Dutch" Lonborg's pupils face the northern team next Saturday at the Fairgrounds the vast throngs of spectators are going to witness a game long to be remembered in the history of the two schools. Each team will be instilled with the frenzied interest of the rooters and will put every atom of strength into the battle.

As far as dope goes the Bulldogs should carry off the spoils, the victory over the St. Mary's eleven placing the Canines in second place in the conference, while the Swedes at present have a percentage of .600. Last week the Swedes decisively outplayed the Hays Normal aggregation with a score of 7-0 while the Bulldogs came out with the large end of a 16 to 14 score with that team. If

the men can continue the strong pace they have been going McPherson should secure revenge for the 7-6 defeat handed them by Bethany College last season. Let's have some more of the pep displayed next Saturday that was in evidence last Friday. **IT MUST BE DONE—BEAT THE SWEDES!**

ON OTHER GRIDIRONS

The big surprise of the season happened at Emporia Thursday when Sterling defeated the C. of E. eleven 6-0. This is the first defeat the Emporia school has suffered this year. Sterling used a forward passing offensive.

Kansas State Normal retained the lead in the conference by winning from Washburn 34-0 for the first time in six years. It looks as if the Teachers were headed for a championship.

Bethany outplayed Hays Normal at Lindsborg and won 7-0 by completing a pass over the line. The Swedes played a brilliant game while Hays did not show up so well, carrying the ball but four times.

Southwestern defeated Pittsburg, each fighting for a .500 standing, at Winfield by a score of 13-6. A touchdown and two field goals won for the Builders. Their schedule at present includes Friends, Bethany, and McPherson, the latter on Turkey Day.

Friends University won from Kansas Wesleyan at Wichita by two touchdowns and a field goal. The game was raggedly played but spectacular, each team showing better offense than defense. Friends with McPherson, Baker and C. of E. has lost but a single game this year.

Baker snapped the conference record this season by piling up a 114-0 score against Bethel at Baldwin. Seven touchdowns were made in the last quarter. The up-state Methodists are certainly making a brilliant showing since their defeat by the Bulldogs.

Ottawa and Fairmount took a much needed rest after hard games last week.

Kansas Conference Standing.

Team.	W.	L.	T.	Pct.
Kansas Normal	5	0	0	1.000
McPherson	5	1	0	.833
Baker	4	1	0	.800
C. of E.	3	1	1	.750

BULLDOGS HAND 14-12 DEFEAT TO CATHOLIC ELEVEN AT ST. MARYS

"Journeyed" to St. Mary's and freely gave their support.

First Quarter

St. Mary's began the game by kicking-off over the goal line. McPherson lined on the twenty yard mark and Barton punted into St. Mary's territory after the Saints' line had held. The Catholics completed two passes for a total of 15 yards and here made their only gain of the game (20 yards) while using their favorite cross-buck. McPherson recovered a St. Mary's fumble and again punted. An attempted punt by the Catholics was blocked when R. Keim pushed the St. Mary's quarter-back into the ball, the latter receiving a penalty besides losing the ball. The quarter ended with the ball in McPherson's possession on St. Mary's 40 yard line.

Second Quarter

The second period opened with the Bulldogs going strong. An aerial attack proved successful when two passes were completed netting 25 yards. Carter covered the remaining yard for a touchdown when he went around right end, Barton added another point when he toed the ball over the cross-bar with a place kick. St. Mary's kicked off. Carter received the oval but lost when he was tackled by three St. Mary's players. St. Mary's took the ball in M. C.'s 30 yard line. McDonnell, quarter-back for St. Mary's went through the Bulldogs' line and scored the first touchdown for the Catholics. An attempt for place kick was blocked by Crofoot. St. Mary's kicked off. M. C. punted and the Saints completed two passes for fifteen yards. Colburn intercepted the third attempt and the half ended with the score standing 7-6.

Third Quarter

McPherson kicked off. St. Mary's attempted a forward pass which Carter intercepted in the middle of the field and with his elusive plunging smashed through the Catholic defense to the two yard line. The Bulldog captain again carried the ball over the line with an off-tackle play. Barton again toed the ball for an additional point. McPherson kicked-off. St. Mary's lost the ball on a fumble. McPherson punted and a pass, Carter to Barton, gained twelve yards. The Saints received the ball when an attempted pass on the fourth down was grounded and the quarter ended with St. Mary's in possession of the ball in their own territory. Score 14-6.

Fourth Quarter

St. Mary's completed three passes for a gain of 27 yards and with the aid of M. C. penalties totaling 25 yards, Mahoney carried the ball over on the last down, but an attempt to kick goal failed. McPherson received the kick-off and with the aid of a Catholic penalty made first downs. The Bulldogs again threatened the Saints' goal with a pass, Carter to Sargent, winning 35 yards and line bucks gaining 35 yards. The Bulldogs however failed to put the pigskin over on the heavy field and lost the ball when a pass grounded. The game ended with the ball in the center of the field. Score McPherson 14, St. Mary's 12.

Lineup—
St. Mary's. McPherson.
McEvoy L.E. Ellwood
Batson L.T. Mudra

BULLDOGS TO CLASH WITH MARION AMERICAN LEGION

The open date on the Bulldogs' schedule for November 16 will be filled with a contest with the Marion American Legion. This Legion team has the reputation of having lots of speed and the Canines can expect a strong battle. The game will be played on the McPherson gridiron.

GREAT!
