

TALK BY DR. HOLTZ ON EUROPE ENDS EVENTS OF FRIENDSHIP WEEK

Lecture Was A Part Of A Week Of
Events In Connection With
Friendship Drive

PAGEANT FOLLOWED LECTURE

Pledges For The European Student
Relief Totaled A Hundred
And Sixty Dollars

Dr. A. A. Holtz, secretary for the Y. M. C. A. of Manhattan Agricultural College, lectured in chapel Tuesday morning and also in the evening to large audiences. He is a member of the American Seminar and has traveled in Europe last summer in company with many noted men, including Bernard Shaw, Lloyd George and H. G. Wells. Dr. Holtz has a frank, forceful way of speaking and he gave many new facts concerning European conditions.

English Students Are Depressed

The only hope of England, according to Dr. Holtz is for 40 per cent of the English speaking people to migrate for they only produce 60 per cent of their food. At present the students of Great Britain are depressed. Ten million people are dependent upon the government for support. England crushed her best customer when she conquered Germany. England's colonies are becoming more independent, especially India which has built many cotton factories recently. England has allowed liquor to contaminate her women as well as her men. However a prohibition movement is working for better conditions there at present.

France Is Dominating Europe

"France is dominating Europe today and she is just as militaristic as Germany was in 1914," stated Dr. Holtz. As much as 90 per cent of the devastated territory has been rebuilt and fields are being cultivated. France has 700,000 troops of which 350,000 are colored.

Germany Is Not Prosperous

"Germany is not as prosperous as France would have people believe. The Germans are starving. When Dr. Holtz arrived in Germany an American dollar was worth three million marks. Eight days later the same dollar was worth eight billion marks. Germany has been deprived of 60 per cent of her coal and iron. The people have resorted to bartering since their money has so little value. The Federation of Labor in England, France, and Germany declares that it could settle the countries' differences within one month if given the opportunity. Religiously the people in Germany are turning their back upon the Church as well as those in England and France because the Church has favored the wealthy classes.

"The only bright spot in Europe," stated Dr. Holtz, "is Czechoslovakia." This little country dreams of a 'United States of Europe.' Their policy is studying social affairs instead of military affairs.

Pageant Followed the Lecture

At the evening program a special number of music by a male quartet and prayer preceded the lecture. A most impressive pageant followed Dr. Holtz's lecture. Eight girls close by the stage sang at intervals throughout.

(Continued on Page 4.)

DR. J. S. NOFFSINGER SPEAKS

Dr. John S. Noffsinger, secretary of the General Educational Board of the Church of the Brethren spoke to an interested audience at a special chapel Wednesday morning on "What McPherson College Has to Offer." Those things enumerated by Dr. Noffsinger were: friendship with kindred minds in college friends and in books, an appreciation of that which is worth while, ideals of service, and finally, a realization of the presence of God in daily life. "These," he said, "are the essence of life."

DR. AKED WILL DELIVER COMMENCEMENT ADDRESS

Dr. Charles F. Aked, D. D., of Kansas City will deliver the commencement address at graduation next spring. He is, at present, pastor of the First Congregational Church in the city of his residence. Born at Nottingham, England, in 1864, he received his education in that city. He was then apprenticed to a firm of auctioneers. His first pastorate was in Leicestershire in 1886. He made several annual trips to this country beginning in 1893. He was Rockefeller's pastor at the Fifth Avenue Baptist Church in New York City from 1907 to 1911. He received his degree of Doctor of Divinity from Temple University and Doctor of Laws from Nevada University in 1901 and 1914 respectively. In 1915 and 1916 he visited several countries in Europe on a peace mission. He is the author of several books on religion and his sermons are published every week in pamphlet form. Dr. Aked will no doubt bring a message worth while and M. C. is fortunate in being able to procure him for the occasion.

LECTURE BY DR. RADER SECURED BY S. COUNCIL

NOTED AUTHOR AND JOURNALIST
TO TALK NEXT FRIDAY
EVENING

The Student Council, in completing plans for the numbers to be given on the Student Activity Ticket, has been fortunate in securing Dr. William Rader, noted author and journalist to lecture in the College chapel Friday at 8:00 P. M., as the next number on the ticket. The committee in charge is arranging also for other special talent.

A Great Orator and Reformer

Dr. Rader was pastor of the Third Congregational Church of San Francisco for ten years, and was then called to the Calvary Presbyterian Church. During this period Peter Clarke McFarland called him one of the ten great orators of the country. As a reformer he has worked with the graft prosecution committee, consisting of Senator Hiram Johnson and Detective Burns. More recently he has been associated with the editorial staff of the Philadelphia Public Ledger. With twenty years' experience on the Pacific Coast, a thorough training in the best schools, enriched by travel and experience, he is fitted to give the best to the lyceum platform. He will give one of the following lectures: Makers of the Nation I Have Known, The Making of a Man, National Delusions, or Uncle Sam and American Ideals.

Other Numbers to Follow

Among the following numbers to be given is a lecture by Charles A. Payne, and a program by each of the departments under the direction of Professors Gaw, Lauer and Anderson.

M. C. SCIENTISTS GET PUBLICITY

The Wichita Eagle of December 3rd contains a rather lengthy and interesting article that will be read with pleasure by many M. C. people. The article is entitled "Rare Scenery and Rare Bugs Found On Trip" and the reference is to the trip taken to the Rockies summer before last by Professor Nininger, Warren Knaus, and Foster Hoover. The article contains a prediction that Cedar Breaks in Utah will in the future be the Mecca of American tourists who love scenery. Along with the article referred to there are pictures of Professor Nininger, Mr. Knaus, and Mr. Hoover.

Knocking in an individual is just as much evidence of lack of power as in an automobile.

Hear Dr. Ott at the Opera House, Thursday evening.

EXCELLENT PROGRAM IS BEING COMPLETED FOR BIBLE INSTITUTE

General Plans Have Been Made For
Week Of Lectures And Events
For January

DR. EDWARD FRANTZ TO TALK

Musical Numbers, Athletic Contests,
And Other Features Will Be
Added Attractions

General plans have been completed for what is expected to be the most successful annual Bible Institute of McPherson College to be held here during the week January 20-27. They include lectures by prominent men and women, both in McPherson College and from a distance. Outside talent includes Dr. Edward Frantz of Elgin, Illinois, president of McPherson College, 1902-1910, present editor of "The Gospel Messenger" who will give a series of nine lectures on The General Interpretation of the Spirit of the Scriptures. Reverend and Mrs. Homer Blough of Wiley, Colorado will assist in the Institute. Rev. Blough discussing Rural Problems in five lectures and Mrs. Blough giving lectures on various phases of religious education.

Faculty Members Will Assist

The remainder of the program will be ably taken care of by M. C. faculty members. Dr. Kurtz will deliver one of his popular lectures, Dr. Craik is scheduled for two hours on some phase of history, Prof. Mohler on agricultural problems, and Miss Minnie Walters on domestic art and science. Dr. Harby is to lecture on "God's Method of Universal Control," Prof. Deeter will give six addresses, and Prof. Morris and Prof. Boone are each on the program for a lecture. Special features of the week will include an evening devoted to Education in our Local Community, a musical, a basketball game, and possibly a play from the expression department. The plans are not worked out in detail and those made so far are subject to change. The excellence of the program is evident and a large attendance is anticipated.

Edmonds Gives Keim and Sargent Honors

CARTER, HILL, HEASTON AND
MUDRA ALSO RECEIVE
MENTION

Leslie Edmonds selects Sargent as second team all-state end, and Dick Keim captain and guard of the same team. Omitting the Kansas Aggie, K. U. and Haskell players in the consideration and choosing only from the Kansas conference, both men would rank higher on Edmonds' teams, for the non-conference teams placed two men out of a possible four in both guard and end positions of the first and second teams.

Of Dick Keim Edmonds says: "A great open handed fighter who smacks them around as hard as anyone I have seen. Militant, but never failing to acknowledge the authority of officials."

Of Sargent Edmonds says: "By far the best end I have seen, both on offense and defense; a sure tackler and a great pass grabber with a fighting spirit all the way."

Cleo Hill, having played in only three and one-half games, received honorable mention for his first year of Kansas conference play. Gordon Heaston, also playing his first year as a regular, received honorable mention for his work at quarterback. "Tok" Carter was also given mention for his fine playing at half. Mudra, at tackle, was given recognition as being a player of mention.

Mrs. Mary Keplinger, of Kansas City, Kansas, an alumna of M. C., spent the week-end on College Hill with her sister, Mrs. Theodore Sharp.

STUDENTS ARE BACK OF M. C. ENDOWMENT FUND

The McPherson College Endowment Fund Campaign is being carried on successfully. Rev. Sargent has done his work and has returned to his home in Chicago. This leaves Rev. Wagoner to carry on the field work by himself. However he is not alone in the work. The students of McPherson College are helping. The outlook is very encouraging here for to-date, the senior class has raised between five and six thousand dollars. This is remarkable considering that this is from less than half of the class of '24. So far the junior class has raised twelve pledges averaging one hundred dollars each. If the rest of the class does as well a good round sum can be expected from the class of '25. The class of '26 has raised \$750 from half of the class. The Freshmen pledges vary from \$25 to \$50 each. The Academy seniors have raised \$350. The work is coming along splendidly but it is far from complete. The students must raise their quota of \$25,000. It remains for students of M. C. to get back of the college as they have been by giving high pledges.

LECTURER IS A LEADER OF AMERICAN THOUGHT

DR. OTT WILL APPEAR AT THE
OPERA HOUSE NEXT
THURSDAY

Mr. Edward Amherst Ott, popular lecturer and entertainer, will speak at the McPherson Opera House, Thursday evening, December 6. Though it is undecided what his subject will be, his best lectures are: Our Grapes, The Haunted House, The Spenders, Community Building, and Victory.

Is a Noted Lecturer

Mr. Ott has been speaking and giving public entertainments since he was eighteen years old. He served on the faculty of Drake University, where he was Dean of the College of Oratory for eleven years. He was then made president of the Lyceum and Chautauqua Association on three successive occasions. In this work of lecturing he reaches about two hundred thousand people each year. In addition to his public work, he has written several high school and college text books.

Talks Are Well Prepared

Mr. Ott is one of the few leaders of American thought today. His lectures can be retained and recalled because he organizes his material by careful subordination and emphasis. He delivers his lecture with technical skill making his thought clear by distinct and colorful inflection. He will be much worth while, and everyone should plan to hear him.

McPHERSON BULLDOGS DOWN SOUTHWESTERN MOUNDBUILDERS 6-0

Bulldogs Secured Touchdown in
First Three Minutes of
Play By Carter

TEN MINUTE QUARTERS
Bulldogs' Skill Shown In Spite
Of Muddy Field and

Cold Weather

The McPherson College Bulldogs, playing on a water-soaked field, defeated the Southwestern Moundbuilders 6-0 in their annual grid tilt. The Bulldogs scored in the first three minutes of play when Carter shook off a couple of Moundbuilder tacklers and raced 35 yards across the goal line, after having raked a blocked pass with one hand. The ball remained in the possession of the Bulldogs from the time of the kick-off until the touchdown was scored.

Bulldog Defense Featured

The game was played with 10 minute quarters, because of the condition of the field. Considering the muddy field and coolness of the atmosphere, the skill of the players in handling the pigskin was exceptional. The Bulldog defense was working in its usual smooth way, especially against all attempts to carry the ball. The pass was the only method in which the Moundbuilders could successfully advance the ball.

Hal Barton Was Chief-Lugger

The names of the outstanding back-field performers include the whole roster of back-field men. Heaston's work at quarter was as strategic as usual. "Tok" Carter's touchdown coupled with his excellent manner of handling punts tells part of the story of Carter's performance. Hahn worked well in getting punts off under disadvantageous conditions. H. Barton played the role of chief ground-gainer thru line plugging.

Kurtz Staged Spectacular Run

The forward wall held their Southwestern opponents to a stand-still, permitting not one first down thru ball carrying. S. Keim featured in blocking two punts, while Kurtz staged a spectacular 25 yard run on an intercepted pass. Sargent and F. Barton got down well under punts, often downing the safety in his tracks.

First Half

Southwestern kicked off, using a trick play. Mudra covered the ball near the center of the field. A screened pass, H. Barton to Sargent was completed. A moment later when a pass was blocked, Carter made a spectacular one-handed catch, shook off two tacklers and raced 35 yards to a touchdown. Goal kick failed and the score remained at 6-0. Southwestern again kicked off deep in M. C. territory. For the remainder of the period punting was the chief tactics used. The Moundbuilders were unable to penetrate the Bulldog line, making the pass their only chance for victory. Near the close of the first half a place kick by the Moundbuilders went wide of the mark. By virtue

(Continued on Page 4.)

DR. A. H. HARNLY SPEAKS

Dr. Andrew H. Harnly, pastor of the First Baptist Church at Saginaw, Michigan, gave a forceful chapel address Monday morning which will not be soon forgotten. Rev. Harnly is a brother of Dr. H. J. Harnly of the McPherson faculty. In his speech Rev. Harnly contrasted the egoistic philosophy of selfishness and materialism whose end is man, with the altruistic philosophy of service and philanthropy whose end is God. The aim of life is not to make a living but to make a life. There are plenty of people to make money but few to serve the needs of humanity. Those who heard Dr. Harnly were greatly enriched.

A WORTHY CHALLENGE

Ten millions of the nations' best men killed in the last war! But that is not all we are told.

Two or three times as many more humans who would be living were sacrificed.

A maddened Europe; England suffering from the economic downfall of Europe, with ten million people dependent on the government for their food.

Germany actually starving; their currency worthless, their people turning toward communism.

A militaristic France threatening the peace of the world by stirring up national hatreds.

World problems more serious than at any time before in the history of mankind. No visible good coming out of the world struggle.

Are not these facts sufficient cause for the students the world over to start a movement to outlaw the monster slayer and destroyer WAR? Begin now to prepare yourself with the facts concerning the results of the late war and the significance of a future war. Read Will Irwin's "The Next War" and also "The Riddle Of The Rhine", books which can be found in the library stacks. Keep in touch with world problems and prepare to DO SOMETHING FOR PEACE.

IDIOTICALS

Don't tell all you know. You may be asked for an encore.

Love doesn't make the world go round. It just makes a man so dizzy he thinks it's going 'round.

Speaking of problems, here's one for original research: Is a woman as seldom where she says she will be as a man is where he says he was?

"All the world's a stage," and with Leap Year approaching it is time for every prudent young woman in the east to be picking out a leading young man to "support" her.

Smoking is not a new accomplishment with the ladies. Far from it. Nor are the popular brands of today so very new. Look in your Bible, under Genesis 24:64 and you will find this statement: "And Rebekah lifted her eyes, and when she saw Isaac she lighted off the Camel."

MISSION BAND

Miss Frances Davidson, a former member of the M. C. faculty, who has lately returned on a furlough from the mission field in Africa will speak at the regular Mission Band meeting Thursday evening. Everybody is invited.

Dr. Leon Jones, tenor soloist of the New First Congregational Church of Chicago, gave a recital recently at Manchester College.

Do something for the cause of peace this week.

I've Been Reading

W. E. Bishop

THE MASTERY OF BOOKS by Harry Lyman Kooman who was at the time of the writing, librarian of Brown University. I find it to be outrageously punk. All of which gives me a chance to express my own thoughts on the use and mastery of books.

We suffer not so much from our sins as from our stupidities, or in other words I consider ignorance to be sin. Read fundamentally for the information that will in the end be of most benefit to your life. Give your religion or philosophy of life such a foundation that it shall stand the test of both faith and reasoning. If you are to be your own boss you must have depth and breadth to your reading. I take it for granted that most of our education comes from reading plus the added observation, and mean to say that reading must therefore be simultaneously both expansive and intensive. You must know a little of everything and everything of something. You must have a point of contact and a general understanding in every field and must at the same time be an absolute master of some one field. You must go to the very bottom of some field in order that you might be efficient enough to be self sustaining and at the same time be of some value to humanity. If you hope to be a boss or a power, thru mastery and directing of others, you must have an almost illimitable breadth of reading and understanding.

The day of a set culture is past; there are no prescribed requirements as to what is or what is not learning. A man is judged either by his value or his power; by his value if an expert, by his power if a leader or boss. This is a day of machines and efficiency; it takes a powerful personality to stand alone against this system, but those who find it possible do so thru the power of expansive understanding and illimitable knowledge.

When you sit down to read do not forget the encyclopedia and the dictionary and when you transcribe your gained knowledge remember your book of synonyms. At least look over every magazine in the library,—cartoons, poetry, jokes, advertisements, announcements and all. Read intensively at least three of those magazines. Follow the newspaper headlines comparing them later with your better magazine reports. Do not be afraid to loaf in the stack room, dreaming over the titles and glancing thru the interesting books. Think while reading how, where, and when the information might best be used, and practice using it. Make at least one research each semester, for your own benefit and satisfaction of curiosity. If you will do this you will be saved from being anywhere a stranger.

And my last admonition I put in a paragraph alone, knowing well that you will disagree, altho you cannot uphold your contention. Do not waste your time reading new novels, they are not true to your surrounding life, they are not uplifting and they will be trash in five years from now. Do you ask how much to read? Read at least a book a month. Beginning at the age of eighteen and reading thus till the age of seventy-five one would have read six hundred sixty four books. Before such a record any college student should stand ashamed yet it would make most of us blush with guilt. Read a book a week and in the same time you will have acquired the substance and bearing of two thousand six hundred fifty books.

Many Thanks

Those who ate Thanksgiving dinner in the dormitory will certainly join me in thanking the cooks for the wonderful meal they gave us. They put their utmost into the work and achieved a splendid success. All who partook of the delicious viands served are invited back and those who want to stop kicking against dormitory food are also invited for next Thanksgiving. Fifteen RAHS twice over for the cooks.

The Satisfied One

SCRAPS

I wonder what is the matter with my friend I Spec Soc. No longer does she seem to heed the call of the public, and she is deaf to the utterings of the progressive tongues. So be it, I shall reveal public opinion. Let's see.

There's a photograph on the second floor of one dorm and a pile of tin cans behind the other. There are girls in one dorm and rats in the other, not to mention the boys.

Some say there is a dearth of true thinking around this institution. I can't quite believe that, so some Bolshevik will have to convince me with "statistics."

Didn't you like the fried mush you had in the dorm the other day? It reminded me so much of the general makeup of this school, our student body. Hard-boiled people are interesting because of their thin shell. Bad men always have one good trait, they do not talk too much. Bad women are now in absentia. The purely nice people are borsessome but can be tolerated. The staid conventional type—when they vote they carry the day electing the nice, good looking, kind, but unfit candidate. And I like flappers! But save me from the general mushy type so prevalent this year.

I had thought to write a book vs. spooning but feared the thing would be used as a text instead of an admonition. Mush is good for the stomach. But it will soften the brain and harden the heart. It will remove the depth of Love, breadth from mind and the fragrance from the soul. Some day you will sicken of mush; to find that there is nothing else left in life.

—ITZA FAET.

CONFERENCE GAMES

Fairmount defeated Friends, 6 to 0 in their annual gridiron struggle. As a result Friends championship went glimmering. It was the first win of the Shockers over the Quakers in seven years.

C. of E. repeated history and again marred the Emporia Teachers record, blocking their championship

hopes. The score was 14 to 7. Sterling finishing with the highest percentage in the conference was held to a scoreless tie by the Hays Teachers.

Baker played a scoreless tie game with the Washburn Teachers. The Wildcats hold the record of four tie games for the season.

Ottawa and Pittsburgh Teachers fought a scoreless contest in the snow. The Swedes taking advantage of the breaks, defeated Wesleyan Coyotes 14 to 0.

The seniors of Ottawa University Academy will present three one act plays, "The Florist Shop," "Turtle Dove," and "The Playgoers."

Be in chapel every day this week.

DEBATE SCHEDULE

College

Sterling, Friday, Feb. 8.
Kansas Wesleyan, Friday, Feb. 29.
Bethany, Friday, March 21.

Academy

Taber Neg. Thursday, Feb. 21.
Taber Aff. Friday March 7.
The Academy debate tryout will be held December 11. Contestants will draw for sides about a week before this date.

Students of the law school at K. U. attended the State Bar Association Meet at Kansas City.

The Ottawa University Mixed Quartet recently returned from a concert tour which included three very successful programs in the southern part of the state.

ANTOINE LAURENT LAVOISIER
1743-1794

Born in Paris, son of a wealthy tradesman. As a student won a prize for an essay on lighting the streets of Paris. Held various Government posts. A martyr of the Reign of Terror. Founder of modern chemistry.

They couldn't destroy the work he did

"The Republic has no need for savants," sneered a tool of Robespierre as he sent Lavoisier, founder of modern chemistry, to the guillotine. A century later the French Government collected all the scientific studies of this great citizen of Paris and published them, that the record of his researches might be preserved for all time.

Lavoisier showed the errors of the theory of phlogiston—that hypothetical, material substance which was believed to be an element of all combustible compounds and to produce fire when liberated. He proved fire to be the union of other elements with a gas which he named oxygen.

Lavoisier's work goes on. In the Research Laboratories of the General Electric Company the determination of the effects of atmospheric air on lamp filaments, on metals and on delicate instruments is possible because of the discoveries of Lavoisier and his contemporaries.

This is the mark of the General Electric Company, an organization of 100,000 men and women engaged in producing the tools by which electricity—man's great servant—is making the world a better place to live in.

GENERAL ELECTRIC

By The Way

Winona McGaffey, Bernice Hoover and John and Rufus Daggett spent Thanksgiving at the Daggett home in Independence.

Pauline and Elva Shirk, Harriet and Naomi Mohler spent their vacation at Ramona.

Lorinda Leatherman visited Ida Johnson at Wichita and also went to the game at Winfield.

Ursula Flory returned to M. C. Sunday to take up school work. She will room in Arnold Hall.

Ruth and Elizabeth Mohler, Leta Mae Early, and Jewell Newton from the dormitories and the Elche family from the Monitor community took Thanksgiving dinner at the home of Professor Yoder.

Miss Minnie Walters, head of the Home Economics department of M. C., went to Topeka last Friday to attend a meeting of the Council of the State Home Economics Association which was held Saturday.

An offering of over \$76 was taken in the chapel Thanksgiving morning. This amount was divided between the general mission fund and that of the church district.

Professor and Mrs. Hess have been enjoying a week-end visit from Mrs. Hess's brother, Mr. Oyer and family of Garnett, Kansas.

Dennis Kester and family had as a week-end visitor Mr. Kester's father from Quinter, Kansas.

Miss Mattie Spitz from Kinsley, Kansas, spent vacation with Wava Long.

Mr. and Mrs. Melvin Teeter and little son, and Misses Wava Long, Mattie Spitz, Doris Plum and Miriam Wenrick ate Thanksgiving dinner at the home of Professor Blair.

Maude, Ida and George Merkey, Ruth Lerew and Clifton Dutton spent Thanksgiving at Portia.

Floye Rhodes was a dinner guest of Loretta Zongker and Bonnie Huston Thursday.

The following people spent Thanksgiving vacation at home: Ethel Metzker at Lawrence, Edna Neher at McCune, Ralph and Addie Himes at Hope, and Leonard Timmons at Geneseo. Fay Bailey accompanied Leonard Timmons.

Grace Crumacker and Ethel Bouse spent Thursday night with the Sherry sisters at the dormitory. A slumber party with the usual amount of slumbering was the outcome.

Sylvia Deardorf, Mildred Pike, Wilma Yoder, and Alberta Flory visited Orall Crilly at Canton, Friday.

Minnie Edgcomb, Margaret Mikell, Mary B. Swope, Elberta Vaniman, Dick Keim, Dale Strickler, and Harold and Frank Barton attended a Thanksgiving house-party at the Barton home in Chilocco, Oklahoma.

Reetha Studebaker, Gertrude Witmore, Edith Watkins, Harold and Hoyt Strickler, and Frank Howell visited at the E. E. Yoder home near Monitor, Sunday.

Lester Ogden was an M. C. visitor Sunday.

Professor J. W. Deeter went to Bloom, Kansas, Saturday to fill the pulpit in the Brethren church at that place.

Mr. and Mrs. E. E. John, Mr. Olen John and little Miss Lavin, and Mr. and Mrs. J. D. Reish and family ate Thanksgiving dinner at the dormitory with Mrs. Elsie John and Mrs. Elia Shatto.

Floyd Cotton was a campus visitor Saturday.

Mrs. R. A. Lehman of Carlton, Kansas, visited on the hill Wednesday.

Edith Early spent Thanksgiving at Nickerson.

Maurine Stutzman and Fidella Frantz spent part of their vacation at Monitor.

Dale Strickler's mother, sister and brother visited here Wednesday. The latter also went to the game at Winfield.

Dorance Jordan went to his home at Hope with his mother who was here Wednesday.

Eugene Kistner of Sabetha was visiting here during Thanksgiving.

Truman Grogan spent the vacation near Hope.

Howard Trentman went to the game at Winfield and then to his home at Zenda.

Welcome Sondergard visited at M. C. Sunday.

Marie Brubaker spent the vacation with Florence Lehman at her home near Carlton.

Ruth Martin, who was in school last year, visited friends at M. C. over the week-end.

Thanksgiving Entertainment

About eighteen guests were entertained in the Brubaker home in a delightful manner on Thanksgiving evening by Gladys Brubaker and Ruth Betts. The evening was spent in playing games, pulling taffey, and popping corn. All who were present enjoyed the evening to the fullest extent and will not soon forget the hospitality of the hostesses.

On Friday evening Mrs. Breon and Mrs. Birkin entertained a number of young married women at the home of Mrs. Breon.

A very interesting program was given consisting of readings, music and a biography of Francis E. Willard.

A number of interesting games were played after which a dainty lunch was served by the hostess. Mrs. L. Crumacker and Mrs. J. Reish will entertain on December 21st at the home of Mrs. Crumacker at which time the husbands will be invited as guests.

Alumni Items

Emery C. Wine, A. B. 1922, a teacher in the Preston schools, was on the Hill for Thanksgiving day.

Orville Pote, of the class of 1923, and editor of the Spectator for the last two years, was a guest at dinner in the dormitory Saturday. Mr. Pote is teaching at Halstead this year.

Mr. and Mrs. Paul Pair of Lewis, Kansas, spent the week-end visiting with relatives on the Hill. They are both teaching in the Lewis schools. Miss Lola Miller, of Sabetha, Kansas, a former student of M. C., visited on the Hill during Thanksgiving holidays. Miss Miller is teaching in Sabetha.

Miss Jessie Hall, former student, was a week-end visitor at M. C. Miss Hall is teaching in the Belleville, Kansas, schools, her home town.

Miss Ruth Miller, A. B. 1922, at present teaching at Cedarvale, Kansas, visited friends on the Hill Thanksgiving.

The following members of the class of 1923 spent Thanksgiving vacation in McPherson: Willa Davenport, Gladys Brubaker, Grace Crumacker, Florence Mohler, Carl Dell, Elmer Brunk, Robert Blough, and Everett Brammell.

Misses Mayme King and Marietta Byerly visited Professor and Mrs. Morris during vacation.

Mark Neher and his mother drove to McPherson Thursday from Quinter where Mr. Neher teaches.

Fahney Silfer was a campus visitor Friday.

Thirteen members of the class of '23 had a special table decorated in their class colors in the dining room Saturday evening.

Class of '22 Get Together

On Friday evening members of the class of '22 were delightfully entertained in the home of Miss Nellie Cullen on the occasion of their second homecoming. Unique contests were enjoyed during the evening, which were followed by refreshments and reminiscences. On adjournment mutual good wishes were expressed by every one for the next twelve months until they may meet on the same occasion. The absent members of the class will never know just what they missed. Those taking part in the evening's good time were: Prof. and Mrs. Mohler, Prof. and Mrs. Morris, Mr. and Mrs. Paul Pair, Mayme King, Ruth Miller, Nellie Cullen, Marguerite Muse, Irma Witmore, Edith Muse, Ethel Hill, Henry Stover and Fahney Silfer.

Social Events

Dr. and Mrs. Craik Entertain

Dr. and Mrs. Craik proved their excellence as host and hostess at a delightful dinner party last Friday evening at their home on East Euclid in honor of Miss Ada Kurtz, M. C.'s fellow to Kansas University.

A three course dinner was served consisting of fruit cocktail; chicken pie, mashed potato hearis, chicken gravy, sweet potatoes, jellied cranberry sauce; buttered buns, relishes of celery and sweet pickle, salad and coffee; custard whipped cream pie, and fruit cake followed by candied corn and salted peanuts.

The evening was spent in a lively round of jokes and reminiscences from K. U. Master Warren entertained the guests with a violin solo which was followed by several selections on the victrola. The guests enjoying this splendid hospitality were Ada Kurtz, Ocie McAvoy, Reetha Studebaker, W. E. Bishop, Sam Kurtz and Paul Kurtz.

BAZAAR! BAZAAR!

The Ladies Aid Society of the Church of the Brethren will hold their Christmas sale on December 6th in room 6 of the college building beginning at 10 o'clock. They have a fine assortment of hand painted articles that cannot help but please, also pretty aprons, house dresses, fancy towels, toilet articles, rugs, home made candy, and in connection a food sale, also will serve lunch. You know you will spend money for Xmas—why not spend some with the Aid Society and help a good cause, and in turn the Aid Society will help the church and the endowment. They solicit your patronage and your cooperation. Remember the date—Dec. 6th.—Adv.

MISHLER WILL START COURT PRACTICE SOON

MATERIAL FOR NEW POSITIONS IS PLentiful—OUTLOOK IS OPTIMISTIC

With the football season over the Bulldogs are turning their attention to basketball, and prospects for a winning team are very promising this year. Coach Mishler is optimistic; he will start the season with two of last year's regulars missing, yet he has four of the last 1922-23 aggregation around which to build his machine, and practically all of last year's squad are back. A big collection of former high school stars will also be available.

Three of Last Year's Team Back
Dale Strickler, last year's all-conference guard and captain-elect for the coming season, will be back in his old position. "R" Sargent, a two letter man, who last year made the second all-conference center position will undoubtedly be back with one ambition—to make the pivot position on the first all-conference team. He will be a hard man to hold and his scoring will bear watching. Cleo

McPHERSON COLLEGE

A Standard Accredited School
School of Fine Arts
SPECIAL ANNOUNCEMENT

Miss Fern Linenfelder has been secured as Assistant in Piano and will make a specialty of class work for children from four to twelve. She will use Towsley's System of Musical Kindergarten which will require only a small amount of home work, is very efficient in teaching Piano to children, and is becoming very popular.

Statistics show that 85% of all students entering the Universities and Conservatories for higher education in Music have to go back to the very beginning because of faulty instruction in their starting. See that your child begins properly.

Six students will be enrolled in a class, and one hour each week of class work and one private lesson each week will be given for eighteen weeks for \$18.00.

Enrollment for these classes will be at the down town studio on Monday, Sept. 17 from 2 until 5 P. M., and at the College from three until five on Tuesday. Classes will be given at both places, and time arranged after enrollment.

McPHERSON COLLEGE, McPHERSON, KANSAS.

Hill, last year's whirlwind forward, will be back with a deadly eye for the basket. Daggett, a 1921-22 letter man, will be a strong contender for the forward position left open by S. Crumpacker. "Crummy" has given his allotted time to M. C. and it will be hard to find a player to take his place. With bottomless lungs and a never-say-die spirit, Sanger has been a big factor in the Bulldogs' court record.

Contenders Are Very Plentiful
Other contenders of last year's squad are: Tipton, H. Barton, and Hahn for the guard position, and Holloway and Betts for the center position. Along with these there will be available much new material in the form of freshmen. Among these are Frank Barton of Redmond, Oregon, M. Eakes and "Peanuts" Morine from the city high. Virgil Ellwood from Windom, Nichols from Zenda, Istock from Enterprise, and Lo Mar Alast from Galva—last year all county High School man. With such material at his disposal Coach Mishler should build up one of the strongest quintets that has ever represented the Red and White on the conference courts.

Charles Crawford Gorst, naturalist and bird imitator gave the fourth number of the Baker lecture course. John Philip Sousa and his celebrated band gave a concert in the Robinson gymnasium of K. U. Monday evening.
Manchester College is hard at work on "Aurora" their 1924 Annual.

McPHERSON BULLDOGS DOWN SOUTHWESTERN MOUND BUILDERS 6-0 (Continued from Page 1.)

of the superior kicking coupled with opportune fumbles, the ball was kept in Bulldog territory the larger share of the second quarter.

Second Half

Mudra kicked off to the Southwestern safety, who punted back immediately. Then a Southwestern man fell on the ball. A Southwestern pass was completed. The Moundbuilders were forced to kick. Hahn immediately punted and F. Barton downed the safety in his tracks. After trying an unsuccessful pass, the Moundbuilders lost ground on a blocked punt, recovered by S. Kelm. The Moundbuilders gained the ball on Hahn's punt. The Bulldogs blocked a punt which the Moundbuilders recovered on the second yard line. When Southwestern kicked from behind the goal line an offside penalty on the Bulldogs advanced the ball to the seven yard line. A second try from behind the goal line put the Bulldogs in possession of the ball on the 40 yard line. After a series of punts H. Barton made first downs in two plunges thru the line. Two more downs advanced the ball eight yards by H. Barton's line plunging, but Hahn was forced to punt. The quarter ended with the ball near the center of the field. A series of passes brought the pig-skin to the Bulldog's 10 yard line, here the advance was checked by a 15 yard penalty suffered by the Moundbuilders. More passes were attempted by Southwestern but ceased after Kurtz intercepted one for a 25 yard gain. Only one man stood between Kurtz and the goal line. The remainder of the game was a punting duel. Brickey of Southwestern was forced to leave the field just before the close of the game. The game ended with Southwestern in possession of the ball on her own 7 yard line. The Bulldogs carried the heavier end of a 6-0 score with them.

The line-up follows:
Southwestern McPherson
Clay L.E. F. Barton
Brickey L.T. Mudra
Roderlick L.G. Lengel
C. Smith C. Kurtz
Cheatum R.G. D. Kelm
Ogasky R.T. S. Kelm
Kinney R.E. Sargent
McAlester Q. Heaston
Brown L.H. Hahn
Hammond R.H. Carter
Wall F. H. Barton
Officials: Ream, Washburn, referee, Harper, Notre Dame umpire, Altman, Emporia head linesman.

TALK BY DR. HOLTZ ON EUROPE ENDS EVENTS OF FRIENDSHIP WEEK (Continued from Page 1)

out the performance, accompanied by Estella Engle at the piano. Dortha Peters, representing the Church deserves special mention. The Church knelt at the foot of the Holy Cross with its burning candles. The Spirit of Motherhood with her two helpers, Praise and Prayer, after ministering to the Church welcomed the Spirit of World Fellowship who brought in all the various countries of the world. At the bidding of the Church each country in turn responded with messages of love. They became one common family and were blessed by the Church.

Following the pageant, pledges were passed out for the Student Friendship Fund which resulted in a collection of \$160. Dr. Holtz had indeed portrayed the need of Europe and every student was given an opportunity to help.

HIGH SCHOOL WARRIORS VICTORIOUS OVER LYONS

Last Thursday the local H. S. football team succeeded in overcoming the tie-score epidemic that has pervaded in their annual Turkey Day games with Lyons for the last two years. Showalter carried the ball for 30 yards around end in the second quarter for a touchdown which spelled a 6-2 victory for McPherson. His return of punts also featured and proved to be the star of the game. McPherson defense completely broke-down Lyons' aerial attacks and only two short passes were completed. Lyons' attempt threatening McPherson's goal line twice during the game succeeded in scoring only a safety. It was a hard fought game and the locals are justly proud of their victory.
