

COLLEGE TEAM LOSES TO BETHEL AND HAYS IN EXCITING CONTESTS

Menonites Defeat Bulldogs By
Brilliant Offense, and Win
By 27-22 Score

GYM PACKED AT BETHEL GAME

Hays Teachers Overcome Lead and
Win in Three-Extra-Period
Contest, 31-20

The powerful Bethel team defeated the Bulldogs 27-22, last Tuesday evening, thereby ending their season with only one defeat to mar a perfect record. The Bulldogs offered keen competition, the brilliant precision in goal shooting of the Menonites being offset by the superior defense and team play of the McPherson quintet. The great crowd of basketball fans were unable to make up their minds as to which team to pick for the final winner. It looked like a tossup.

Game Close from Start

The first period was a neck-to-neck race, with the Bethel quintet taking a shade the advantage, leading 16-11 at the halfway mark. The Bulldogs started the scoring with a ringer off of the tipoff. The Bethel forwards then commenced hitting, thus taking the lead which they maintained throughout the game.

Bulldogs Come Back Strong

Soon after the start of the second period the Canines made a game effort to overcome the Bethel collegians, and by consistent playing and determined goal shooting they succeeded at one time in cutting the lead to a one point margin. Bethel, by staging occasional scoring spurts, managed to remain just out of reach of the Bulldogs. The Bulldogs' defense was so successful that the Bethel quintet was forced to shoot from the basket from out in the central precinct of the court. On the other hand the Bulldogs reached the basket by short and quick passing.

Bulldogs Fought All the Way

Even at the finish, with the results clearly defined as a Bethel victory, the teams played hard and fast. The Bulldogs fighting with a determination that did credit to their names. So closely were the Bethel forwards watched that their scoring was un-

(Continued on Page 4)

Students Unearth Remains of Reno County King Tut

What was predicted to be a wild goose chase proved to be a profitable expedition into Reno County last Friday. Professor Nininger, accompanied by Roy Kinzie, S. P. Crum-packer, Sanger Crum-packer and Albert Unruh, dug up the fossil bones of what the papers choose to term the Reno County King Tut. The bones were dug up from a dry creek bed on the farm of Jesse Kegarice, 13 1/2 miles southwest of Hutchinson. The bones were first discovered by Mr. Kegarice about four years ago, when a freshet had washed away the sand and thus exposed it. At this time a tooth was obtained which had been in good preservation.

The bones were found to be that of an *Elephas primigenius*, a species of elephant which had roamed in Kansas about 50,000 years ago. The specie became extinct in the last glacial period.

The prehistoric elephant, whose head was found, was estimated to be about the same size as a mature modern elephant which he closely resembled. The tusks of this animal were estimated to have been about 15 feet in length.

Very little of the specimen could be obtained for permanent preservation. However, a piece of the forehead about 16 inches square and a part of the tusks were obtained.

HEAR RADIO CONCERT BY BETHANY BIBLE SCHOOL

About one hundred people enjoyed a radio concert in the physics room of Harnly Hall, Wednesday evening, the concert being given by Bethany Bible School of Chicago, broadcasted from the K Y W Westinghouse station, Chicago. The concert was especially appreciated because of M. C.'s interest in Bethany, and because of the excellent quality of the program. The program consisted of readings by Professor O. G. Davis, head of the public speaking department, solos by Miss Mable Pence, and selections by the Ladies' Harmony Quartet, a male quartet, and an octet. These present sent a message of appreciation to Bethany.

The people of Rome awoke recently to the rare spectacle of their city covered with snow which lasted until noon.

CHARLES F. HORNER TO APPEAR FRIDAY EVENING

HEAD OF LYCEUM BUREAU WILL GIVE LECTURE ON "HAS AMERICA FAILED?"

To the patrons of the lyceum course, a rare opportunity will be given Friday evening, March 7, when Mr. Charles F. Horner, head of the Redpath-Horner Lyceum and Chautauqua Bureau will appear in person on the sixth number of this season's lyceum program. Mr. Horner has the reputation of being a fine Christian gentleman. His aim is to give, through the lyceum and chautauqua programs, constructive thought to the public for the purpose of building a democracy and a clean civilization. He, therefore, intends to include in the program only the best that can be obtained.

Speaker Has Traveled Widely

Mr. Horner is president of the Horner Institute in Kansas City for the training of musicians that are included in his program. Mr. Horner has traveled widely and studied seriously the human problems encountered during his travels. The purpose for which Mr. Horner intends his lyceum course could not possibly be adequately fulfilled without his personal representation on the circuit. Those who hear his lecture will undoubtedly be pleasantly surprised by this unique and remarkable old man.

TO INVESTIGATE DIVORCES AMONG COLLEGE WOMEN

Investigations to determine the percentage of divorces among women who are college graduates will be conducted by the National Association for University and College Women this spring as a result of the challenging by Miss Margaret Walters of a statement made in a late magazine.

The statement that the percentage of women who obtain divorces is greater among college graduates than among any other class of women, not excluding actresses, found in a recent popular magazine, was challenged by Miss Walters, who wrote to the National Association for University and College Women at Washington, D. C. for its verification or denial. The reply was that no statistics are available, but that the question caused such a discussion that a plan for conducting an investigation of the graduates of twenty-five schools and colleges in the United States was formulated, to ascertain the facts.

These schools, it is promised, will be both co-educational and non-educational, will not be limited to the East, and will not be limited to the "four hundred." M. C. may possibly be one of the schools investigated, and those familiar with her history predict that an extremely small number of divorced women, if any, will be found among her graduates.

PLANS ARE UNDERWAY TO HOLD ANNUAL HIGH SCHOOL SENIOR FETE

Event Begun Two Years Ago Will
Be Held April 12, If The
Weather Permits

INVITATIONS HAVE BEEN SENT

Purpose of The Festival Is To In-
troduce Prospective Students To
The College Life.

Plans have been made for the third annual High School Senior festival Saturday, April 12. This event has been a success each of the two previous years and it is expected that this event will be the largest and most entertaining of its kind. Invitations have been sent to the seniors of all McPherson county schools, with the single exception of Lindsay, as well as to Hutchinson, Newton, Marlon, Lyons and Lorain. The list includes several schools which were not represented last year. Until Wednesday morning there were no replies to invitations but a large number are sure to answer in a few days.

To Furnish Entertainment

The purpose of this festival is to introduce prospective new students to college life and reveal many opportunities which are not apparent on casual observation of McPherson College. The program is similar to that of the previous years but is more full in content. Previously the seniors furnished much of their own amusement, but this year the college will provide this item. Track and field events, and tennis, will be followed by an evening of fun and entertainment.

Mishler in Charge of Athletics

Coach Mishler will have charge of the athletics which will start proceedings at 1:30 P. M. It will consist of a demonstration by the physical training department and followed by contests in the 100 and 200 yard dashes, low hurdles, half mile run, discus, and broad jump. Harlan Yoder will superintend the tennis tournament at the same time. Gold and silver medals are to be awarded to winners of first and second places in these events.

"M" Club Will Entertain

A "Fun House" by the "M" Club under the direction of William Mudra will take the time from 2:30 to 4:00. This is to be followed by a tour of the campus and buildings under the direction of Professor Ebel and the Y. M. C. A. and Y. W. C. A. members. Every effort will be made to gain the cooperation of all college organizations and students to provide a real jolly time. Further plans are not being made public at this time.

Banquet in The Evening

A banquet, in Arnold Hall dining rooms, at 6:00 will be followed by a dramatic and musical recital by students in the fine arts department of the College at 8:00 in the chapel. Every senior is cordially invited to be a guest of McPherson College Saturday April 12 and help spend an afternoon and evening of entertainment entirely worth while.

SELECTS NEW CABINET MEMBERS FOR Y. M. C. A.

Frank Howell, president-elect, has completed his selection of the Y. M. C. A. cabinet with the help of Harold Barton, outgoing president, and Professor Morris, the faculty advisor.

As chairman of his committees Mr. Howell will have Roy Crist, devotional; Herman Jones, program; Stanley Keim, social; Gordon Hill, extension; Milton Dell, labor; Harold Barton, athletic; and Kenneth Rock, advertising.

These men together with the elected members of the cabinet are sure to head a live program for next year. The athletic committee is a new one, and is intended to work with the "M" Club in quite an extensive program.

Joint installation services will be held tomorrow in which both the Y. W. C. A. and Y. M. C. A. cabinet members will take office.

ACADEMY TEAMS WILL DEBATE NEXT THURSDAY

McPHERSON NEGATIVE TO MEET THE TABOR AFFIRMATIVE IN THE CHAPEL

The second round of the Academy triangular debate league will be run Thursday, March 6, at eight o'clock when Miss Brubaker and Mr. Spohn, the negative, debate with Tabor affirmative in the Chapel, and Mr. Baker and Mr. Lehman, the affirmative, with the Bethel negative at Bethel on the question, Resolved, That the United States should grant the Philippines complete independence within three years.

Team Needs Student Support

The team is showing decided improvement since the last debate, and all members are in better condition. Prospects continue bright for McPherson's winning the championship, which this debate decides. The team has a carefully worked out and most excellent presentation of the Philippine question, and the debate is emphatically worth hearing. Although McPherson leads the league at present, support is needed, and one will lose by missing the debate. Admission, student activity ticket or thirty-five cents.

ALUMNI BOARD HOLDS IMPORTANT MEETING

Last Thursday evening the Board of Directors of the McPherson College Alumni Association met in the Library in order to consider plans for various phases of the work of the organization. The officers are R. E. Mohler, president; H. R. Stover, vice-president; and E. L. Craik, secretary-treasurer. In addition to these there were present the following Board members: Mrs. Fahnestock, Grace Brubaker, Lola Hill, G. N. Boone, W. F. Vaniman, R. C. Strohm, and Alma Anderson.

Aside from certain matters of detail, committees were appointed for the occasion of the Alumni banquet which is held annually on the Thursday night of Commencement week. Committees were appointed as follows, the first named in each instance being the chairman.

Nominations: H. R. Stover, E. L. Craik, Alma Anderson.

Program: R. E. Mohler, Mrs. Fahnestock, David Brubaker.

Banquet: Lola Hill, Grace Brubaker, Minnie Walters, G. N. Boone, W. F. Vaniman.

Reception: Mrs. Fahnestock, R. C. Strohm, Marguerite Muse, Mrs. E. L. Craik, J. J. Yoder.

Tickets: E. L. Craik, F. E. Mishler.

Each Commencement a number of visitors are present for the banquet and it is hoped that this season will see a larger number than usual. It was voted to have the banquet at 6:30, on May 22. Thursday is the customary day for this affair.

McPHERSON DEBATERS TAKE FOUR DECISIONS IN SECOND DUAL MEET

Negative Team Wins Three Votes
While the Affirmative Takes
One Decision

CONTEST AT SALINA IS CLOSE

McPherson and Bethany Are Tied for
First Place in the Northern
Division

The McPherson College debate team won 2-2 from Kansas Wesleyan University last Thursday night, the McPherson negative, Jones and Was, winning 3-0 at home from Mead and Harris, of Wesleyan, the affirmative losing 2-1 at Salina to Holmes and Godwin, the question debated being; Resolved, that the United States should enter the World Court as proposed by Harding, February 24, 1923.

Superior Speeches and Rebuttal

In the home debate, Jones and Was gained substantial advantage through superior first speeches, and increased this lead in rebuttal, always McPherson's forte. Timmons and Rock at Salina gave a forceful and logical presentation of the arguments which won for them before, but lost a close contest. The Salina judges manifested a rather striking difference in opinion concerning the relative ranking of the teams. One gave McPherson the decision by eight per cent, a second voted Wesleyan by eight per cent, and the third Wesleyan by one per cent.

Judges For The Debate

Professor Paul Erb, of Hesston; Professor V. A. Davis, of Emporia; and Superintendent Alvin Gora, of Enterprise, judged the home debate, and the judges at Wesleyan were Professor James Stark, of Hays; Professor H. B. Summers, of Manhattan; and Professor L. D. Whittemore, of Washburn.

Bethany, whose team gained five judges' decisions from Sterling Friday night, is tied with McPherson for the lead in the northern division. The two teams meet March 21, in the last debate in the league.

Ghosts of Caesar and Shakespeare Trouble Students

Of late, the campus has taken the appearance of ye olden days of romance. Ghosts of famous historical characters have made their appearance. What is the explanation?

As everyone knows, an ancient and honorable game has been revived at McPherson. The game alluded to is, of course, chess. Wonderful proficiency is being attained by some in storming and overwhelming castles with despised pawns. Kings are being continually annoyed by forward queens. And more than once, as the smoke of battle cleared, the defeated one, gazing sorrowfully at his lonely king bereft of all support, remorsefully indorsed King Richard's old complaint, "My kingdom for a horse."

But what has this chess revival to do with ghosts? This, for all this time, at McPherson College, the world's future leaders have been developing without the advantages offered by chess. Old Caesar, Kubla Khan, Bill Shakespeare, Napoleon, and Cleopatra have long lamented it. "The world which gave us so much trouble in being conquered, is now being ruled by upstarts who haven't even learned the intricacies of chess," they said. But one day the McPherson College Chess Club was organized. The ghosts of these old chess masters were overjoyed at the revival of their favorite game. Every time a tournament game is held, they gather on the McPherson campus once more to enjoy their favorite sport.

A MATTER OF CHOICE

One of the most important questions that the college student must solve is that of deciding to which of the many activities he will attend. It is uttering a mere platitude to say that no student can find time for the endless array of things that seem to demand attention, and at the same time take advantage of the real opportunities offered with a college course.

To be a part of the college life, to take one's full share in athletic and social events, is a duty. Yet what a multitude of vital interests claim attention—class meetings and activities, all-school socials, debates, athletic contests, college publications, dramatics, musical programs, religious organizations, and ad infinitum. Then there is a severe penalty to be paid by one who does not exercise at least one hour every day—and make high rank in all his studies.

Since one may not be, a social lion, a politician, an athlete, a "good fellow," an "A" student, a chess shark, a Bernhard, and a Rip Van Winkle—all at once, it would seem that it is all a mere matter of choice.

Y. W. C. A.

The Y. W. C. A. program Wednesday morning presented the life and works of Edward McDowell, one of America's greatest composers, as well as a poet and artist. Edward McDowell was shown to be a man of flawless character and sincerity in his work, a lover of nature and solitude, and a composer of music with melody and feeling.

The program consisted of:

Devotions Harriet Mohler
 Life of Mac Dowell Wileta Durst
 To a Wild Rose Mildred Fisher, accompanied by Beasle Bremen
 To a Water Lily Ruth Betts

Y. M. C. A.

The program last Wednesday morning was another of those old fashioned song services which the men have enjoyed so much this year. After devotions led by Abram Hottel all the men joined in singing their favorite selections. The enthusiasm with which the men joined in the songs showed their approval of the program.

CROAKERS

There are many frogs
 On the banks of lakes and streams,
 Croaking and croaking!
 These tailless, leaping amphibians
 Make low, hoarse noises in their
 throats
 Which sound thunder to the bottom
 of the bog.
 The best known American species
 are bullfrogs—
 Croaking and croaking!
 Complaining habitually
 Foreboding evil and calamity—
 Fatalists and pessimists,
 But they are only frogs after all.
 Tadpole.

John W. Harnly.

The New Decalogue of Science, by Albert Edward Wiggam. Mr. Wiggam has had a varied career. He seems to have at least an above average education in chemistry, genetics and philosophy. He has been a politician, journalist and lecturer.

The book is pointedly written to the modern statesman. He is informed of the alarming trend of affairs, of the biological drift towards destruction, and is warned of the fate ensuing. The first part of the book consists of five warnings. They are:

1. The advanced races are going backward;
2. Heredity is the chief maker of men;
3. The Golden Rule without Science will wreck the race that tries it;
4. Medicine, Hygiene, and Sanitation will weaken the human race;
5. Morals, education, art, and religion will not improve the human race.

Man's brain is not growing, his diseases are. He is breeding sparingly at the top and profusely at the bottom. The happiness and misery in the world are due to heredity, not environment. Men are made by heredity. The Golden Rule is filling our poor houses, penitentiaries, and insane asylums. Help the degenerates but do not let them breed. Medicine is weakening the race. The campaign against tuberculosis has made more susceptible. Nature instead of killing the weaklings is circumvented, we save them to populate the world. Righteousness, educability, artistic and religious capacities are inherited. Variation and selection, and not environment, are the means of race improvement.

The second part of the book gives the new decalogue of science. The ten commandments of Science are the duty of:

1. Eugenics
2. Scientific Research
3. The Socialization of Science
4. Measuring Men
5. Humanizing Industry
6. Preferential Reproduction
7. Trusting Intelligence
8. Art
9. Internationalism
10. Philosophical Reconstruction

Science and its use of the laboratory is the greatest weapon and tool man has, but it must be devoted to practical use in our regulation of life. Not only must we propagate our future generations from our best stock but we must also give them the respect and power due their intelligence. Pure democracy is a failure, the only solution is aristo-democracy. We must learn to measure men. Imbeciles should not run our government. But science is not all. Art has been a determining factor in evolution. We must never forget the beautiful. The author does not believe in a world state but in internationalism, that is, national cooperation. The masses still cling to false dogma, superstition, and defunct theory. When the awakening comes they must have something to turn to or there will be chaos. We must work out a new philosophy in accordance with the facts. With the teachings of Jesus as the basis of a new philosophy, with our knowledge of biological and other sciences applied, with a new set of values, the race will not revert to barbarism but will go on to ever increasing achievements.

Campus Atrocities

Oh, this world! More and more it seems as if it were made up of "small" people. Just as I Spec Soe and Itza Fact had left the stage it was immediately usurped by another critic—this time a materialist who would ram ice cream down the throats of our nature lovers. Not only must we go to church but to be chivalrous we must also go to the movies. Moreover, instead of deploring the condition at which Observe huris anathema we should rather feel fortunate that we have in our midst a few rare souls pure enough to be happy on the meager fare of sunsets and fresh air. Observed.

STUDENT OPINION

There is very little social life connected with this college. It has been boasted that rare advantages for development in a social way are to be obtained here. This is false in a very vital sense. There is a huge excess of activities, but no real social life among the students as a whole. The boys and girls are on distant terms. There are a few "cases" in this college. Outside of these, very few of the students even talk at length with members of the opposite sex. One must become either nominally "married," or stay a "stag." Because of environment, the boy and girl students have ceased to carry on intimate relations. When a boy is once or twice seen with a girl, he is branded as married by almost all others of the student body. That is the fatal custom that has grown to be so common at McPherson College. Doctor Kurtz has strongly voiced his opinion against this evil many times and realizes the danger to be a serious defeat of college life. The couples continue to keep company because of the fear of the adverse reactions of the students, which would brand the boy as a traitor and a criminal if he stopped going with that girl. If a boy keeps company with a girl and soon again is seen in the company of another girl he is thought of as a traitor, a criminal and an immortal creature. It has been said that couples continue to keep company just because of that binding force and not because they adore each other more than others of the students. Many of these couples will become married and this evil will invariably deprive many homes of a happy married life that would have been theirs otherwise. Most of the students are not of the age to think about marriage so they refrain from companionship with others and thus lose a vital part of their youthful lives. But, when a boy goes with a girl he is considered to have joined himself for life. Since he realizes this is the strong opinion of his fellows, and since he realizes that to go with a girl and soon drop her he

is branded as a criminal and as out-cast, he keeps no company with the members of the opposite sex. This student reaction has become custom and environment. Consequently, there is very little social life about McPherson College.

Why not change the evil custom and environment?

The Hays District Conference of the Hi-Y was held at Kansas State College February 8, 9, and 10.

A historical pageant depicting Kansas from early soldiers and traders to the present time was a unique feature of Anniversary Day at Kansas State College February 14.

MICHAEL FARADAY
 1791-1867
 Apprentice to an English book-binder. Attracted the attention of Sir Humphrey Davy, becoming his assistant. "The greatest experimentalist of all times," says one biographer. The electrical unit Farad was named for him.

"What's the use of it?"

Michael Faraday saw the real beginning of the age of electricity nearly a century ago when he thrust a bar magnet into a coil of wire connected with a galvanometer and made the needle swing.

Gladstone, watching Faraday at work in his laboratory, asked, "What's the use of it?" The experimenter jestingly replied, "There is every probability that you will soon be able to tax it." The world-wide use of electricity that has followed the Faraday discovery abundantly justifies the retort to Gladstone.

Faraday's theory of lines of force is constantly applied in the Research Laboratories of the General Electric Company in devising new electrical apparatus of which Faraday never dreamed. Every generator and motor is an elaboration of the simple instruments with which he first discovered and explained induction.

In 1880 the Edison Electric Illuminating Company, of New York City, installed a generator of 1200 lamps capacity, then considered a giant. By continuous experimentation and research the General Electric Company has developed generators 900 times as powerful as this wonder of forty years ago.

GENERAL ELECTRIC

By The Way

Ruth Greene was shopping in Salina Friday.

Naomi Mohler went to Ramona, Friday, to visit her sister, Mrs. Homer Poutz.

Miss Anderson, Ocie McAvoy, Bernice Hoover, Leland Moore, Samuel Kurtz, and Rufus Daggett saw "The Fool" in Salina Friday evening.

Emma Smith, of Ramona, stopped here Friday evening.

Mrs. George Seltz and Mrs. John Blackwell, from Larned, visited Thelma Seltz Saturday and Sunday.

Anna Mae Strickler visited Margaret Mikese last week-end.

W. E. Breen made a business trip to Ellis, Thursday.

Mr. and Mrs. Carl Scott, of Moundridge, visited their daughter, Hazel,

and saw the game here Tuesday night. Ita Lauer moved into Arnold Hall this week. Her parents are moving to Overbrook, Kansas.

Elberta Vaniman, Pauline Shirk, and Harold Lundeen were in Hutchinson Friday.

H. A. Brandt, of California, who was here to attend the McGaffey-Daggett wedding, left Wednesday night for Elgin, Illinois. Mrs. Brandt is visiting her parents, Mrs. and Mrs. A. C. Daggett, in Independence.

Anna Mae Edgecomb, Floye Rhodes, Bonnie Huston, Mildred Mast, Loretta Zongker, Goldie Vickers, Edna Dunham, Naomi Mohler, Mattie Ring, Harold Barton, Myrl Curtis, Sumner Eshelman, Ted Kolzow, Dick Keim, and Albert Unruh saw the girls' game at Tampa Monday night.

John Metzker, of Lawrence, came in last Saturday night to visit his daughter, Ethel Mae. Mr. Metzker is a real estate agent, and was on his way home from a trip to Norton county.

Mabel Griffin spent the week-end at her home at Nickerson.

Wava Long and Doris Plum went to Hutchinson, Saturday.

Mary Mohler and Florence Bort, who teach at Zenda, visited here Saturday and Sunday.

Among the former students who attended the game here Saturday were Valley Stovall, Ruth Cripe, Stella Bowman, Florence Kittell, Mr. and Mrs. Foster Hoover, Elvis Prater, and August Rump.

Welcome Sondergard, who is teaching in Herington, visited friends on the Hill Saturday and Sunday.

Social Events

Miss Mast Entertains

Miss Mildred Mast was the charming hostess at a six o'clock dinner party Tuesday evening at her home at 724 East Euclid. The guests assembled in answer to the clever invitations:

"Come dressed in red and white. To go and help the Bulldogs fight." Covers were laid at the beautiful table where each guest found hers designated by a red hatchet. The lovely four-course dinner was served by Sylvia Edgecomb and Clara Fern Mast. After dinner the guests were taken to the College gymnasium where they witnessed the Bethel-McPherson game. Those enjoying the splendid hospitality of Miss Mast were the Misses Bonnie Huston, Floye Rhodes, Lillie Crumpacker, Mattie Ring, and Lorretta Zongker. Regrets were received from the Misses Anna Mae Edgecomb and Laura Hammann.

McGaffey-Daggett

The Monitor Church was the scene of a pretty wedding Wednesday afternoon, February 27, at two-thirty o'clock, when Miss Winona McGaffey became the bride of Mr. John W. Daggett. Preceding the ceremony Miss Minnie Edgecomb sang "Oh Promise Me," by De Koven, which was followed by Mendelssohn's wedding march played by Miss Gertrude Witmore. The groom, attended by Mr. Rufus Daggett, met his bride, who was attended by Miss Nellie McGaffey, at an altar of palms and ferns where the impressive ceremony was read by the Reverend A. C. Daggett, father of the groom, while Miss Witmore played softly "Simple Aven," by Thome. The bride was attired in a lovely gown of white satin, her full length veil was held in place by a coronet of lilies of the valley, and she carried a shower bouquet of Ophelia roses, lilies of the valley, and fresas. The maid of honor wore a dress of pale green taffeta and Spanish lace. Following congratulations, a reception was held at the H. R. Stover home, with Mr. and Mrs. F. G. McGaffey and Mr. and Mrs. H. R. Stover receiving. Assisting throughout the rooms were Mr. and Mrs. Foster Hoover, Misses Edith McGaffey and Eunice Almen, and Mr. Earl Morris. The dining room, from which a delicious collation was served by the Misses Laura McGaffey, Helen Elliott, and Grace Ebaugh, was centered with a large wedding cake, fresas, and California orange blossoms. Amid showers of rice and confetti, Mr. and Mrs. Daggett left by motor for McLouth, Kansas, where they will make their home. The young couple received a number of beautiful and useful gifts from their many friends. The guest list, which was confined to the members of the immediate families and a few intimate friends, included Mr. and Mrs. F. G. McGaffey, the Reverend and Mrs. A. C. Daggett, of Independence; Mr. and Mrs. H. R. Stover, and son Wilbur; Mr. and Mrs. Foster S. Hoover, of Little River; Mr. and Mrs. H. A. Brandt, and Ruth, Lowell, and Royce, of La Verne, California; Dr. and Mrs. E. L. Craik, Professor and Mrs. R. E. Mohler, Misses Edith McGaffey, Laura McGaffey, Nellie McGaffey, Margaret Wall, Helen Elliott, Grace Ebaugh, Elberta Vaniman, Ocie McAvoy, Reetta Studebaker, Minnie Edgecomb, Gertrude Witmore, Elsie Porney, Wava Long, Hazel Vogt, Bernice Hoover, Eunice Almen, Messrs. Walter McGaffey, Rufus Daggett, and Earl Morris.

Students Give Pianologues

A pleasing deviation from the usual Chapel program was enjoyed Friday morning when Eunice Almen gave a pianologue, "That Old Sweetheart of Mine," by Riley, and Lillian Andrews gave "Comfort," by Robert W. Service. Both numbers were accompanied by Hazel Scott at the piano. Student talent in the Chapel program is always appreciated, and the demonstration Friday was exceptionally good.

High School Seniors Present Clever Comedy

The Seniors of McPherson High School staged their class play, "Mrs. Temple's Telegram" last Thursday evening. It ranked high with the plays given in the past, all of the cast showing ability and careful direction. Miss Grace Brubaker, assisted by Miss Marguerite Muse, deserve much credit for the fine showing made.

The play was a comedy, and held many amusing situations. The leading characters handled their parts exceedingly well. The plot centered around four characters, Mrs. Temple, played by Velma Criner; Jack Temple, by Marion Krehbiel; Mrs. Fuller, by Margaret Bowles; and Frank Fuller, by Chet Robb. Those who took minor roles, Clarence Hill, Carl Freeburg, Elveta Hawley, Glenn Kilmer, and Louise Potter added to the humor of the play.

Between acts the audience enjoyed solos by Johanna Curtis and songs by the Girls' Glee Club. Before the play and between acts the orchestra under the direction of Mrs. Washburn played several selections.

The new professor of history at Sterling is a native of Persia and graduate of Chicago University with a doctor's degree.

"BEAT THE SWEDES" IS THE BULLDOGS' SLOGAN

McPHERSON-BETHANY GAME TONIGHT IS THE LAST HOME GAME THIS SEASON

"Beat the Swedes", the old slogan of the M. C. students, is again heard at every corner of the campus. The proper sequence to this slogan is the phrase, "It must be done." That is the way that the M. C. basketballers feel about it. That is the thing which Coach Mishler is trying to tell his men. "It must be done." "It can be done," and surely "It will be done."

A big chapel pep meeting, a band, lots of color, an abundance of pep and the old Bulldog fight, are the things that will bring victory to M. C.'s Bulldogs tonight. Old Adrian, Swede coach, is figuring strong on this game, let's disappoint him.

Friday night the whole process will be repeated, only the tangle will take place in the Swedes' gymnasium. This is the Bulldog's last home game. The Bulldogs are in fine shape for the two annual scraps. The dope is slightly against them, but dope never counts with a Bulldog. When the Bulldogs and the Swedes tangle, the Swedes invariably come out at the worst end. Come on, let's let history repeat itself!

Tomorrow night the Canine quintet journeys to Salina and again battles with the Coyote five. Earlier in the season the McPherson crew decisively defeated the Wesleyan team. The Coyotes have a strong team but should be no match for the fast Bulldog aggregation. McPherson is again expected to take the long end of the tally.

Harry is about 50 per cent nervousness and 25 per cent bluff.

Moffat Eakes, a member of the class of '27, is showing much promise of developing into an all around athlete. He played in several football games last fall, and has played in enough basketball games to win a letter. He fills a guard position well, and given a little more fight, should develop into a valuable player. Eakes will probably start in the game against the Swedes tonight.

INMAN RURAL HIGH TAKES THE COUNTY CHAMPIONSHIP

The McPherson county high school basketball tournament was held in the College gymnasium last Friday and Saturday, Inman Rural High taking the honors with three victories.

The first game Friday afternoon was an easy victory for Roxbury, who defeating the Canton five 26-2. Then followed the Lindsborg-Galva game, which proved to be a runaway, Lindsborg leading 13-6. The last game Friday afternoon was a tangle between the Marquette and Moundridge fives, Marquette succeeding in obtaining the long end of a 13-5 tally. Friday evening the McPherson Seconds easily defeated the Windom team 24-9, and Roxbury went down before Inman 15-10.

Four teams now remained undefeated and these met in the semi-finals Saturday morning. In the first game, Lindsborg overwhelmed the Marquette quintet 14-5. The flashy Swedes completely outpaced the Marquette five. The final game of the semi-finals produced one of the most interesting contests of the entire tournament, the Inman five outmaneuvering the McPherson Seconds 14-7.

The finals were played Saturday afternoon and only the importance of the game saved its interest. Both teams were tired from their previous games and the going was consequently slow. Inman outplayed the Lindsborg team 10-5.

SECONDS LOSE TO WINDOM GAGERS BY CLOSE SCORE

The McPherson College Pups met with a 16-14 defeat at the hands of the Windom Athletic Club last Thursday. The game was hard fought throughout. The Pups seemed to be lost on the small court. Six of the Pups scored in the game.

COLLEGE TEAM LOSES TO BETHEL AND HAYS IN EXCITING CONTESTS

(Continued from Page 1)
usually low.

Hill, by scoring 14 points, was high point man in the game. His work both on the offense and defense was commendable. The guard work of Strickler and Tipton was featured excellently. Not a setup were the opposing forwards able to obtain. Sargent and Daggett also played a fine game. Si seemed to find considerable difficulty in breaking away from his guard and obtained only five shots during the entire game.

McPherson-Hays

Hays Teachers defeated the Bulldog five in a closely contested game 31-29, last Saturday night. Three extra five minute periods of play were needed to play **OT** the tie, McPherson at the end of the half, led by eight points, the score being 18-10. In the last half both of the McPherson guards received several injuries, Tipton being forced to leave the game, and Strickler being greatly handicapped in floor and guard work.

McPherson outplayed the Teachers in every department of the game, even to the last when it became a rough and tumble match. No fouls were called in the last fifteen minutes of play, although enough were committed to disqualify several players. The score at the end of the regular period of play was 27-27. Both teams scored in the first extra period but in the second period neither was able to score, and in the last, Hays insured their victory by making a field goal, leading by two points.

The line up follows:

	FG	FT	PF
HAYS (31)			
Hinkhouse, f.	-	6	0
H. Larber, f.	-	1	0

Holloway, f.	-	0	0
Sargent, c.	-	3	2
Strickler, g.	-	1	0
Tipton, g.	-	2	1
Daggett, f.	-	0	0
Eakes, g.	-	0	0

Referee, Frazer, C. of E.

In a curtain raiser, the McPherson high school team tangled with the McPherson College reserves, the youngsters winning a 27 to 11 decision.

GIRL CAGERS SHOW FAST STYLE AND WIN AT WINDOM

The College girls' basketball team proved its superiority by easily defeating the Windom Girls' Athletic Club 23-6 last Thursday evening. The McPherson girls or "Chics" were in front during the entire game. It was not only an easy victory, but a romp for the Chics. They play a fast style of ball, using long passes, from guards to forwards. This speeds up the game considerably and at the same time gives the forwards an advantage. The forwards have acquired an accuracy of hitting goals which may well be the envy of any boy. The work of the guards and centers is also fine, making it possible to hold the opposing team to a low score.
