

MISHLER'S BULLDOGS TO MEET CHAMPIONS ON BALDWIN GRIDIRON

M. C. Gridiron Warriors Will Face
the Baker Eleven Friday,
September 28th.

CLOSE CONTEST IS EXPECTED

Last Year McPherson Was the Only
Team Which Handed Baker
a Defeat.

The McPherson College Bulldogs will be prepared to engage the Baker pig-skin warriors in a real battle Friday afternoon at Baldwin. The students of M. C. are creating a football atmosphere that cannot fail to produce results on the grid-iron this season.

Coach Mishler, ably assisted by Harry Colburn of this city as line coach, is fast developing the foot-ball material into a fighting machine worthy of any foe.

Most Letter Men Back

As a foundation for this year's team Coach Mishler has most of last year's letter men. The back-field is built around ex-captain "Tok" Carter, all state half-back, Hal Barton, one year letter man, Heino Hahn, one year letter man, and Gordon Heaston, last year's utility quarter-back. Others making strong bids for positions in the back-field are Sanger Crumpacker, Glade Fisher, Samuel Kurtz, and Theodore Robb. Of the new material showing up, as ball-luggers, are Trentman; Kuns, of Philadelphia, Penn; Rufus Daggett; Mast of Galva, Kansas. Cleo Hill a promising half-back, met with an injury to his ankle, which will bar him from the early season games.

New Material in Line

The line material is being built around such veterans as Captain Dick Kelm, Guard and two-letter man, Stanley Kelm, two-letter man, John Lengie one letter man and Si Sargent one letter man. To fill up the vacancies, the men fighting for line positions are, Moffet Eakes and Leon Morine both of McPherson High School, Paul Kurtz, Jay Eller, Elmer Brubaker, Earl Morris, Vivian Long, Frank Barton, of Redmond, Ore., and Virgil Ellwood, Windom, Kan. The new men trying out on the forward wall are Chester Long, Quinter, Kansas; Sid Sondergard, Ramona; George Merkey; Willis Neff of Red-field, Kansas; Huber Yancy, Stet, Missouri and Harlan Yoder. This year's squad is composed of a wealth of material, which foot-ball critics say should develop into a combination that will win games, but is the support of the whole student body is supposed to make the foot-ball season of 1923 a successful one.

REPORT OF FACULTY COMMITTEE ON EXCUSES

In securing an excuse for absence from class the students shall fill in an excuse blank and present same to the teacher. If the teacher deems the reason for absence legitimate he shall sign same. The student, if he is of college rank, then presents the excuse to the Dean, if of academy rank, to the Principal of the Academy. If this official considers the absence justifiable he shall tear off and file portion of the blank containing the teacher's name and sign the remaining portion, which last shall be returned to the teacher by the student. The teacher shall then regard the absence as excused.

2. An absence even when properly excused does not relieve the student of the necessity of satisfactory making up the class work that was missed.

3. The Dean (or Principal) may grant an excuse without the signature of the teacher if conditions in his opinion justify such action.

4. Excuses must be obtained within one week after the student has returned to class. If possible it is

(Continued on Page 2.)

TO JUDGE STOCK EXHIBITS

Prof. Mohler, head of the agriculture department and manager of athletics, will judge the live stock and crop exhibits at the Sylvia and Salem fair on October 4, 5, and 6th. The offer came from the head of the extension department of Kansas State Agriculture College who was asked by the Reno County officials to choose the judge. This recognition of Prof. Mohler as an expert judge of stock is no doubt due to the championship stock judging teams which he has coached in recent years.

INVITE OUTSIDE SPEAKER

At a recent meeting of the faculty it was unanimously voted to invite Dr. Edward Frantz of Elgin, Illinois, to be one of the chief lecturers at the next Bible Institute which will occur next January. Dr. Frantz is a former president of McPherson College and is well known to the college constituency. He was the speaker at the dedication of the Science Hall last December and his address excited widespread comment because of its scholarly character. Dr. Frantz is editor of the Gospel Messenger.

YODER TO RELATE HIS SUMMER EXPERIENCES

TRAVELED IN EUROPE WITH A PARTY OF Y. M. C. A. LEADERS

The students of McPherson College will have a chance to hear Harlan Yoder describe some of the interesting experiences of his summer tour next Thursday evening at 6.30, when he will talk at the weekly Mission Band meeting.

The party of Y. M. C. A. students and leaders which Mr. Yoder joined, traveled through England, France, Germany, Switzerland, Austria, Hungary, Poland, and Belgium. In these countries the party visited Oxford and the universities of London, Vienna, Prague, Berlin, Leipzig and Munich. At these places the party met many English speaking foreign students with whom religious, economic, social, and political problems were discussed. After this personal meeting with foreign students Mr. Yoder will be prepared to tell of the condition in Europe as an American student sees it.

A description of the battle fields and other places of interest in Europe will also be interesting to the student body.

Come out and hear Mr. Yoder next Thursday at 6:30.

ENROLLMENT NEARS 400 MARK

With the second week of school completed the students are beginning to feel a sense of stability after the hurry and rush that always comes with the opening of school. As we set down and look over the inventory both students and patrons feel unusually optimistic and hopeful for the year's work.

The enrollment has increased until it now reaches a total of 386.

An approximate of the classes is as follows: College: seniors, 64; Juniors, 57, sophomores, 73, freshmen, 94; specials, 23.

Academy: seniors, 26, juniors, 15, sophomores, 15, freshmen, 14, specials, 15.

ATTENDS CELEBRATION

Professor J. W. Hershey head of the chemistry department went to Lawrence last Friday upon invitation to attend the celebration of the fortieth year of service in the University of Kansas of Dr. E. H. S. Bailey of the department of Chemistry. The University of Kansas, the Kansas Academy of Science and the Kansas City section of the American Chemical Society, in conjunction with the department of chemistry of the University, arranged the celebration. Dr. Bailey is one of the oldest members of the University faculty.

SENIORS ELECT DAVID BRUBAKER PRESIDENT OF THE CLASS OF '24

Jay Eller, Abram Hostetter and Kenneth Rock Head Other Organizations.

FRESHMEN PRESIDENT PRO TEM

Seniors Place Fine Upon Members Who Absent Themselves From Regular Meetings.

New pilots for the school year were elected Friday morning during the first period, when all of the College classes met to plan their work for the coming year. Officers were elected and plans of action were thoroughly discussed. Election returns show that the following persons have been chosen to carry on the work.

DAVID BRUBAKER

Seniors

David Brubaker who piloted the class during the past year was the popular choice to lead the class of '24. The re-election of Mr. Brubaker, while there are many who are capable of holding the position, shows that he is most popular with the class and worthy of the honor.

The most unique business of the morning was that effected by the seniors, who placed a fine upon those who absent themselves from the regular class meetings.

FORCED TO RESIGN POSITION

Dayton Yoder, B. S. '22, has resigned his position as professor of Chemistry and physics at Ottawa High school due to failing health. He is now at home, at McPherson, and will spend the winter trying to regain his lost health. Mr. Yoder studied at Nebraska University after leaving M. C. and there spent long and tedious hours in laboratory work. Last year he taught at Michigan Agriculture College. This summer he began to notice that his nerves were not in good condition and at Ottawa after a few days' work he decided that it would not be possible for him to retain his position. Since his resignation Mr. Yoder has received an alluring offer of a position as head chemist in a large soils experimental station which he will not be able to accept.

DR. KURTZ GOES TO ELGIN

Dr. Kurtz left McPherson late last week. He gave a lecture at Astoria Illinois, on his way to Elgin, where he is attending the Educational Board Meeting today and tomorrow. Wednesday and Friday he will lecture at Goshen, Indiana. He will lecture Thursday at South Bend, Saturday at Milford, and Sunday at Elkhart, Indiana, and he plans to return home Tuesday, October 2.

COLBURN ASSISTANT COACH

Mr. Harry Leon Colburn has accepted the position of assistant football coach at McPherson College and has been serving in his new capacity since last Tuesday. Colburn is a thorough student of the game of football having had a great deal of experience as a player, both in the local high school and with the McPherson City team. He should prove a valuable asset to the work of Coach Mishler on the grid-iron. The selection of Colburn for this job seems to have been a happy one as he is very popular with both players and fans.

ENDOWMENT DRIVE TO BEGIN OCTOBER FIRST

MARGRET OF BETHANY BIBLE SCHOOL WILL ASSIST COMMITTEE

Frank Sargent, financial secretary of Bethany Bible School, and one of the best finance men in the Brethren Church will arrive at McPherson College next week to help launch the \$350,000 endowment campaign. He will work with Ray Waggoner, field secretary for the college, Dr. Kurtz and Prof. Yoder, and all will devote several months of their time to this campaign.

To meet the raised standards and maintain our standing in the North Central Association of Colleges, McPherson College must, by 1927, raise the sum of \$350,000. Of this amount \$300,000 is for endowment, and the balance will be used to enlarge the chapel and pay the cost of the campaign and take care of the shrinkage. The plan is to take subscriptions to be paid in five annual payments, the first payment not later than January 1st, 1924.

This test, according to Dr. Kurtz, means that McPherson College is facing a crisis. "If the college should cease to be accredited we would lose our student body, and would eventually have to close the institution. Our graduates could not get positions in standard high schools if the college should lose its standing and that would empty the college."

The campaign will be well organized and the field workers will make a united effort throughout the church districts. Mr. Waggoner, who spent the summer in field work among the students, is chairman of the committee which is launching the campaign. Mr. Sargent, who is the head of a finance organization, appeared before the student body last year and should need no introduction to the old students.

REPORTS CHICAGO CONCERT

A recent number of "The Music News", a Chicago publication, carries an interesting full column report of one of the famous Monday evening concerts at Ravinia Park, written by Harry Bowers, A. B., 1923. Mr. Bowers studied orchestration, composition, and piano in Chicago this summer and while there was asked to do this reportorial work.

Remember it's the night before the game. Next Thursday evening at eight o'clock in chapel. Every student be there to see just what you have been looking for. It's absolutely free, but bring your school spirit along with you.

ANNUAL RECEPTION BY THE COLLEGE FACULTY ENJOYED BY STUDENTS

The Receiving Line Was Extended
By the Students With Much
Handshaking

MANY ACQUAINTANCES MADE

Dr. Kurtz, Dr. Harnly, and Prof. Hess Extend Welcome To the Students

The annual reception given by the faculty to the students was held Monday evening, September 17, in the college chapel. As the students filed in a single line into the south door of the chapel they beheld an almost never ending receiving line headed by the smiling members of the faculty and continued by the students. A hearty handshake, a broad smile, and the name of each individual worn in a prominent place, soon spread the ring of acquaintances and made each student feel very much at home. The red and white color scheme which symbolizes McPherson College, also added to the warmth of the reception.

Prof. Ebel in his most pleasing manner, had charge of the evening program which was opened with a piano solo by Miss Hill. The main address of the evening, a welcome to the new as well as the old students, was given by the President Dr. D. W. Kurtz, who made each one present feel proud to be a part of the institution. Miss Anderson, accompanied by Mrs. Vilas Betts, gave two short pianologues after which Dr. Harnly, as Dean of the college, welcomed the students to its halls and described the school as it was in its first stages of development. A violin solo by Prof. Lauer was followed by a welcome to the Academy students by Prof. M. A. Hess, Principal of that department. Archie San Romual concluded the program with the rendition of a cornet solo. A part of the symphony orchestra, conducted by Prof. Lauer, assisted greatly in the enjoyment of the social hour by giving a number of very fine selections. Light refreshments consisting of punch and wafers were served by Miss Lora Trostle and Mrs. H. J. Harnly, assisted by Edith McGaffey and Margaret and Minnie Walters.

The student body sincerely appreciates the efforts of the faculty in its behalf and the greater bond established thereby.

ALUMNUS IS DONOR OF GIFT TO M.C. MUSEUM

The McPherson College museum, which is located on the fourth floor of Harnly Hall, was the recipient, last summer, of the skin of a wild boar presented by Frank Crumpacker, a missionary in China and an alumnus of McPherson College.

The gift, which was presented to Dr. Harnly for the college was mounted by Professor Nüniger, curator of the museum, during the summer months and now occupies a place in the room of curios and fossils.

Mr. Crumpacker has quite a reputation as a hunter, and often brings down such game as well as larger species. The wild boar, which belongs to the Sus scrofa species is a ferocious looking animal and is hunted for sport and food. This gift is considered a valuable addition to the ever growing museum and is well worth the inspection and attention of the students and faculty.

SAGER AN ASSISTANT

Mr. De Witt Sager, who graduated with the class of 1922, received an assistantship in chemistry in Michigan State College at Lansing. At the same time he is working on his master's degree. While in college here he assisted for two years in the chemistry department.

Published every week at McPherson College by the Student Council.

Entered as second class matter November 29, 1917, at the postoffice at McPherson, Kansas, under the act of March 3, 1897.

Subscription \$1.25 per year in advance.

Address all correspondence to The Spectator, McPherson, Kansas.

DON'T HESITATE

By the beginning of the third week of school our college life has adjusted itself into a certain routine of living. The new students, however, have had to fit into conditions to which they are unaccustomed, while the old students have taken their places with greater ease.

Two organizations on the campus with the sole purpose of caring for students needs are the Y. M. C. A. and the Y. W. C. A. They have played a large part in alleviating the problems of readjustment which the students have had to face. For a full week the "Y" cabinets met all trains and not only transported the students to their destination but their baggage as well, and all free of charge. Then the Y. W. C. A. girls invited the entire student body to their rest room for refreshments.

At the "Y" mixer everyone had a good time. Nearly every student went away feeling that the function had been a success. It was the first all-school party and it realized the purpose intended, that of welcoming the new students and getting them acquainted with each other.

If the "Y" organizations are able to successfully stage an all-school party and otherwise help students in their adjustments at the beginning and all through the college course, they must be worthy of support.

Plans are materializing and all students will be given the opportunity to join or renew their membership in the association. Don't hesitate; join the "Y" and be of service in whatever department you desire.

Y. W. C. A.

A large attendance and an interesting program marked a very good beginning for the opening of the Y. W. C. A. Wednesday morning. The song "America" served as an opening hymn after which Mrs. D. W. Kurtz read a portion of the twelfth chapter of Hebrews for devotionals. Mrs. Gaw rendered a vocal solo entitled, "O Becca Dolorosa," by Gabrielle Sibella. Following this Winona McGaffey, the president of the association, welcomed the new girls to the Y. W. C. A. She emphasized the fact that the new girls would soon drop their title as such and would become a part of the organization as active members along with the girls of last year. Fern Lingenfelter played a beautiful piano solo entitled, "Valse Arabesque," by Theodore Lach, after which Laura Hammon read "Mr. Brown Has a Hair Cut," in a very delightful manner. The girls joined hands and sang the association hymn as a conclusion to the program.

I SPEC SOO

I've been wondering if the entire faculty is going to co-operate with the students in making 1923-24 a whole good-English year in McPherson College! Do I doubt it?
I Spec Soo, Sr.

students are going to make the Spectator a success this year instead of crabbing all the time?

I Hope Soo.

I've been wondering why people do not take their free adds from the bulletin board when the thing they announce is three days past! Wonder who is still enrolling? Am I like that too?

I Spec Soo, Jr.

I've been wondering if some College Classes elect their president on precedent or on merit? "I don't know! Are you in doubt too?"

I Spec Soo, Family.

Wonder if you will hear from us again?

I Spec Soo.

WHAT IS OUR MOTIVE?

Another vacation has passed rapidly and McPherson College has again opened her doors to some of America's best youth. They have come from far and wide. Their presence represents, in many instances, personal and home sacrifices. Surely there must be some deep motive for such endeavor.

Some students are here because their friends came, or just because it is the thing to do. Some think it will help them make a living. Some are looking for information, others for discipline and still others for culture. With their parents, some believe that this is the surest way to secure a real enrichment of life. Some are determined to prepare themselves in the best way for the largest social service.

We sincerely hope it is this last motive above all that has given the incentive to parents and children to make any sacrifice to secure the coveted prize—a college diploma.

If not, we hope that while here we may become imbued with the ideals for which the college stands. Let us appreciate our enormous opportunities before, not after, we leave the college campus. The one great need of the world today is enlightenment and the truly educated college man or woman may be a real power for right and justice and happiness.

Y. M. C. A.

The first Y. M. C. A. program, held in Harnly Hall Wednesday morning was well attended and a decided success. The program was of such a nature that demanded the presence of every man on the campus. Frank Barton delighted the audience with a vocal solo and Professor Blair offered prayer.

The speaker, Coach Mishler, gave a talk in which he discussed the relation of athletics to college life, its place on the campus, and its purpose in the college. The general theme of the discourse was a plea for wholesome and worth while athletics and a discussion of the meaning of sportsmanship.

Coach Mishler stated that the athletic director could have a big part in the general purpose of the college to build character and personality. The evils of inter-collegiate athletics were described and their results depicted so that the men might know what tendencies to avoid.

It was quite evident from the talk that Coach Mishler believes in the work which he is following, and that he has a worth while purpose. He believes that he can help and influence men in their problems by the training given on the athletic field, and there is no doubt but that he will be successful.

CHINESE STUDENT SPOKE ON CHAUTAUQUA PLATFORM

Paul Fung, a Chinese student at Washburn College who talked in the chapel last November, spoke to 50,000 persons in sixteen states the last summer on the subject, "China of Today." He appeared as a lecturer for the Cidmean Chautauqua bureau. Fung appeared before his audiences with a Manchu Mandarin official robe and hat. He also appeared in a modern gown of silk, and again in the Chinese military uniform which he wore as an officer in the World war.

Speaking of the difference between western and eastern audiences, he said, "A joke which I would tell to a western audience, I would not tell in the East, unless it was on Saturday so they could have Sunday to think it over and get the point."

I've Been Reading

"The Culture of Personality," by John Herman Randall and find it to be one of the few inspirational works appealing to the grown-up philosophically-minded student. The purpose of the book is to bring before the reader the meaning, value, and the possibilities of the goal and end of all evolution—The perfecting of human personality.

This development comes thru the training and control of the feeling intellect and will. "If you would become a great personality, master yourself back there in the hidden forces, whence all emotions spring." "Remember, you are not responsible for the presence of natural tendencies but you certainly are responsible for controlling and regulating them."

This advice given on the mastery of the intellect cannot be stated here even briefly but as to the value of such—"If we could but realize that the time is coming to each one of us when the physical body will be laid aside and forgotten, and the only thing that we shall take into that great Eternity will be Ourselves and what our thinking has made us! If we can be so interested in the efficiency of the transitory body, how much more concerned should we be to increase our mental efficiency and develop to the full our mental powers, when we know that this is the only essential part of our lives that we shall carry with us across the Great Divide!"

Regarding the will his most startling remark is "We will sleep ourselves stupid!"—the least we can do (in developing the will) is to test the utility and practical value of the principles that make for the education of the will as determination, directing the will, deliberation consideration and after thought.

Personality means true self control in every one of life activities—it means the discovery of self and the surrender of self; Egotism and otherism; uniqueness and universality; self-assertion and self surrender; it is Christ's Eternal paradox of sacrifice, suffering and death-not with out a purpose—but in order that the developed personality might be most God like.

"Philosophy has long since demonstrated immortality, Science has never proven it untrue, and today is finding it more and more reasonable. It only remains for the individual to demonstrate within himself his worthiness of immortality."

It remains for us to develop and control our intellect, feeling and will, that our life may be one of knowledge, faith and action—and in the end our personality shall be a part of the infinite manifold of the True, Beautiful and Good!—for the developed Personality is one in whom the Divine and humane are blended in conscious unity.

Dear Sympathetic

I don't know much of myself so I think that I will disclose that fact by a few dry remarks in the Spectator. I have passed the verdant stage and also learned what it has meant to be a sophomore. No doubt my dear you were crowded out of your seat by a freshman who was smarter than yourself. Perhaps after the announcement the innocent ones will find their places but please let them have a chance and let them find out how wise you are.

No doubt you have been supervising the cleaning up of the tennis courts and are possibly a fan or other wise you would not be so Optimistic about the future.

Of course your Senior Pride would not allow you to mingle with Fresh and others in Flying Dutchman, etc. It would be proper for all new students to look you up and make themselves known to you. We also noticed that you my dear observer, were bubbling over with suggestions and methods of inaugurating the newcomers.

This is a democratic institution and lets not start to croak before it begins to rain.

Yours till the ice cracks
Barney Google.

Last week's Spectator published an error in the statement, that Lloyd Whitmer was married to Mae Vanscoyoc. Instead, Mr. Whitmer chose as his bride Marie Hope, a former M. C. student, while Miss Vanscoyoc is now Mrs. Clinton Sheaffer.

CUPID CLAIMS ANOTHER

A whispering of the breezes brings a report of the marriage of Bernice John, an alumna of McPherson College to Mr. Banks of Springdale, Arkansas. We wish them unbounded success and happiness.

Rev. Isley Talks in Chapel.

Rev. C. T. Isley, pastor of the Baptist Church of McPherson, lead devotions and spoke in chapel Thursday morning. Rev. Isley emphasized the development of the highest character possible thru service and that while in college the latent possibilities within each student are developed. These unfoldings of character promote a wholesome self-respect which is vital to the best effort. In his conclusion Rev. Isley advocated the motto: "Know Then Thyself."

COMMITTEE ON EXCUSES

(Continued from Page 1.)

preferred that excuses be obtained before absences occur.

5. Absences immediately before and after vacation will be excused by Dean (or Principal) only.

6. If one unexcused absence remains in a semester in any course the student must take a special examination for which a fee of one dollar must be paid at the Treasurer's office. The students must present the Treasurer's receipt for this fee to the teacher before credit is given for the course. (This examination fee is added to the Library fund.)

7. No excused absences whatever the number will in themselves subject the student to a special examination fee.

Respectfully submitted and passed by the faculty.

Be sure that you are in chapel at 8:00 P. M., day after tomorrow.

See that your picture gets in the Quadrangle this year. Use your kodak now.

GUARANTEE

By The Way

Perry Williams from Plattsburg, Mo., stopped here on his way home from the western part of the state.

Cecil Durst was here visiting Thursday evening.

Mrs. Scott from Moundridge came Friday and took her daughter, Hazel home to spend the week-end.

Dale Strickler's mother and sister, Anna Mae and Miss Emma Smith, were visiting here Saturday.

Elva Shirk came from Hutchinson Saturday morning to attend school.

A number of students spent a day attending the fair at Hutchinson. Some of them were Milton Dell, Earl Marchand, Herman Jones, Chester Long, Harry Riffel and Sidney Sondergard.

Galen Tice, who is superintendent of schools at Windom, visited on the hill Saturday.

Cecil Holloway, who has been in Kansas City the past summer, returned Monday to enroll with the Sophomores.

Marletta Byerly, Enlah Crum-packer and Jake Yoder of the class of '23 spent the week end visiting friends on College Hill.

"Babe" Saylor spent several days of last week with friends at the dormitory. He spent the summer in Idaho with Paul Sargent.

Miss Edith McGaffey accompanied Mr. Henry Stover to Wichita, Thursday, to hear Gypsy Smith.

Rev. W. A. Kinzie now resides at Ottawa, Kansas where he is pastor of the Brethren Church.

Kenneth Krehbiel, who is attending K. U., has been pledged to the Phi Gamma Delta fraternity.

Alumni who visited in McPherson over the week-end, are Stella Bowman and Forney Slier.

Prof. and Mrs. Hess and Dr. Crank motored to Wichita last Sunday.

Prof. R. E. Mohler, wife and Miss Winona McGaffey motored to Little River, Friday, where Prof. Mohler

referred to a foot ball game.

Lorinda Leatherman came Sunday morning to start her school work.

MISSION BAND MEETS

The first meeting of the Mission Band for this year was held last Thursday at 6:30 P. M. Mr. Frank Howell was elected corresponding secretary to fill the vacancy in that office. A desire was also expressed by the Band to have a Mission Study Class and a committee is now working to make this possible.

Exchanges

Thirty men have reported for football practice at Bethany. Ten tennis men are back.

The total enrollment at Washburn has increased more than fifty this year. Three hundred and two Freshmen have enrolled. Sixty-one students have enrolled in law.

There are five Chinese students at Washburn this year. Paul Fung has persuaded three new men to enroll.

Chapel exercises three days a week but compulsory on these days is the plan for Southwestern. Attendance is compulsory Tuesday, Thursday and Saturday while Wednesday and Friday are open for small clubs.

The Male Quartette of Ottawa University toured the towns and cities of Kansas and part of Colorado.

DR. BANKS GIVES STIRRING LECTURE ON PROHIBITION

"The Saloon must not come back," said Dr. Albert Banks, famous Chautauqua lecturer, and world-renowned author-evangelist who spoke at the M. E. Church Friday on the subject, "Uncle Sam's World Adventure." A number of the college students took advantage of this privilege to hear Dr. Banks who has been fighting the liquor traffic for many years, having lectured for the Anti-Saloon League of America for ten years. He strongly urged the united support of all Christian people to keep up the fight so that our nation may continue its prosperity without alcohol. According to Dr. Banks, the combined liquor forces of the world are trying to make the United States wet. This age is a critical one in our history. Prohibition has saved our nation from a serious panic following the war and prohibition saved Europe from bankruptcy. A prohibition movement is succeeding in many foreign countries including Japan, Austria, Germany, Chile and other South American republics. After the lecture an offering was taken and the following films were shown: The Fatal Raid of Sheriff Kendall, The Raiding of a Moonshiner's Still, The Many Captured Stills, and A Prominent Citizen Patronizing a Bootlegger.

Five M. C. Girls Make Trip to Estes Park to Attend Y. W. C. A. Convention

For those girls who attended the Rocky Mountain Student Conference at Estes Park this summer, the month of August was an important one. On Monday evening the 13th, Hazel Vogt, Elsie Forney, and Gertrude Witmore left McPherson for the Conference.

Arriving at the Conference grounds they were joined by Margaret Wall and Elberta Vaniman who completed the delegation from McPherson. Then came the assigning of cabins, which resulted in that of No. 10 being assigned to the M. C. girls, with Kansas University and Kearney College as neighbors.

During the entire conference interest and enthusiasm ran high. Every morning at 8:40 o'clock worship was observed previous to the address. Then followed the technical groups, at which time the girls discussed those problems which are related to their particular work in the Y. W.

One of the most enjoyable speakers of the conference was Miss Juliette Dericotte, a colored student who is a national secretary of the Student Department. Her talks included for the most part the "Race Problems of To-day". Professor Edmund Soper of Evanston, Illinois, also gave several splendid lectures on the "Problems of Nationality and Internationalism," in which he stressed the fact that this problem does not depend entirely upon a common racial background but that people

Social Events

A Dinner At Central Park.

A very pleasant social gathering was held in Central Park last Sunday in honor of Mr. and Mrs. Isaac Rothrock of Chicago, Illinois. The event had been carefully planned and at the dinner hour a group of twenty-five people had gathered to help partake of a delicious basket dinner. The afternoon was spent by the older people in lively conversation and memories of days that used to be; while the young folks interested themselves with stunts, games, and various other amusements. All enjoyed the afternoon very much and hope that Mr. and Mrs. Rothrock may live to experience another such reunion. Those present were: Mr. and Mrs. E. E. Yoder and family, of Monitor; Mr. and Mrs. James Rothrock; Mr. and Mrs. Ira Witmore and family; Dr. and Mrs. H. J. Harnly and family; Miss Reetha Studobaker, and Messrs. Harold and Hoyt Strickler and Paul Kartz.

KLINE HALL GIRLS HERE

The girls in Kline Hall decided that they might be inmates or any other names that people choose to call them, but nevertheless they could enjoy life. They planned to go out for breakfast early Saturday morning, so the delivery man brought out the groceries but the girls discovered to their sorrow that there were several young married men, who are as full of mischief as most boys. After the culprits had been discovered and the lost articles recovered the girls started out for their good time with light hearts.

The girls left the dormitory about five-thirty Saturday morning and went directly to the sandpit. There they built their fire and prepared a delicious camp fire breakfast. After the breakfast they spent the time in various ways, some performing feats in climbing for the entertainment of those who watched. All returned to the dormitory about seven-thirty fully refreshed for a day of hard study.

ACADEMY DEBATE CLUB MEETS

The Academy Debate Club held its first meeting Thursday. John Lehman, vice-president of the club, gave reasons why one should join the organization. Jesse Carney and Ted Dell were appointed as a committee to collaborate with the president in working out the programs of the seasons. Prof. Hess gave a splendid talk on mental benefit derived from the debate. There is some very good material and Prof. Hess expects to put out a winning team.

BEAM WINS TWO TROPHIES

Maurice Beam, a member of the Sophomore class and runner-up in the Kansas Conference golf tournament last spring, won honors in the local golf club several weeks ago when he won the club championship pin. Beam made the course in 2 below par with a score of 70, going out in 36 and coming in in 34.

Par for the local course for 18 holes is 72, and a record of 70 is one which any one in the local club would be proud to claim.

The championship pin is a beautiful solid gold symbol, which was made for the club by Dr. Hodges and Dr. Gregory, local dentists. On the pin is the figure of a mashie club, surmounted by a four leaf clover.

McPherson College is proud of Mr. Beam's record and will feel fortunate to be represented by him in the state contest next spring. Last year playing on a course new to him and familiar to his opponent he lost by a small margin. As runner up in the tourney he received a silver cup, presented by Arthur Capper. The trophy has been placed in the case on the second floor of Harnly Hall.

Carl Smalley of Kansas City, who owns the local art shop, was in the city recently perfecting arrangements for the annual high school art exhibit which will open October 29.

Prof. Nininger took the Entomology class on an insect hunt last Saturday.

Thursday evening at 8:00 P. M., in chapel. Be there!

Carl "Tok" Carter, all-conference half-back, has won two letters in football at M. C. Last year, as captain, he led the Bulldogs through a successful season. "Tok" was perhaps the best ground gainer for McPherson, and is always dangerous with the ball in his possession. He is especially effective in returning punts and in the open field is fast and elusive.

TO TALK ON LIFE WORK

The Student Council has secured in connection with several other organizations of the city, consent of Dr. Chas. Sanford, noted Chautauqua lecturer, to give several addresses on vocational guidance. Dr. Sanford will be in McPherson October 31 and November 1. He plans to give one lecture in the college chapel and two talks at the M. E. Church.

The speaker was secured by the combined efforts of the Student Council, the Commercial Club of the city, Central College and Academy, the city and county schools, and the Elk's Lodge. All lectures will be free and should be well attended by the students.

First Attorney—"You know unfortunately I am opposed by an unmitigated scoundrel."

Second Attorney—My learned friend is such a notorious liar.

Judge (sharply)—The counsel will confine their remarks to such matters as are in dispute.

FOR SALE—200 year old W. Leghorn hens. 75c each.

Don't miss it. The program in chapel Thursday evening at 8:00 P. M.

See that your picture gets in the Quadrangle this year. Use your kodak now.

**WITH OTHER SCHOOLS OF
THE KANSAS CONFERENCE**

By Leslie E. Edmonds.

Baker University, Baldwin, director of athletics and head coach of football, Emil Severance Liston; assistant, G. S. Brettnall; captain, Charles Hill. Baker's massive line, behind which an able backfield defended the team's claim to championship, is weakened by star-loss, but given a few games for experience and by the middle of the season the Methodist group will be formidable. Homecoming game, Ottawa University, October 20, at Ottawa. The two rivals will stage a joint home-coming.

St. Mary's college, St. Mary's director of athletics, A. J. Gallagher; head coach of football, the old master, Stephen Gregory O'Rourke, lately returned from adventures among the Philistines; assistant, Joe McGinsley, St. Mary's. Schedule, heavy enough, with a majority of the games on foreign fields. Captain, Carlton King Bergman, half. Homecoming game, Thanksgiving game, Kansas City university.

Hays Teachers college, Hays; Frank P. Mandeville, Kansas, now director; William P. Weideln, head football coach. Captain, Floris Shade, half. Eight letter men returning, including Hays Fight, a well known western Kansan. No comment on prospects from the authorities. Schedule heavy, including all the teams whose coaches thought they could have beaten Hays during the 1921 championship spring under George Woodward. Homecoming game, College of Emporia, November 15.

Washburn college, Topeka, director and head football coach, George Jabez Woodward, assistant and head coach of basketball Arthur Christopher Lomborg, Captain, Maurice SeEVERS, full back. No desire to comment on prospects shown. Heavy schedule. Outsiders predict a whirlwind backfield but a line with a problem. Homecoming game, Emporia State Teachers, November 10.

RELIGIOUS EXTENSION DEPARTMENT

Professor Deeter, head of the Religious Extension Department of McPherson College, went to Bloom last Sunday to arrange a schedule for the entire school year. He is cooperating with the pastor, J. H. Garvey, who will be the chief support of the pulpit. In addition to Rev. Garvey, the congregation will have the privilege of hearing various student ministers throughout the year. In the absence of a pastor at Nickerson the pulpit is being filled by student ministers through the Religious Extension Department until a regular pastor is secured. Sept. 9 the discourse was delivered by Jas. Elrod and Sept. 16 by J. D. Reish.

NEW BOOKS IN THE LIBRARY

Many new books have been added to the library this fall and more are to be added from time to time during the winter. The following is a list of some of the books that are of general interest.

- Archer -- Old Drama and the New Board
 - Board -- Cross Currents in Europe Today.
 - Bell -- American Petroleum Refining.
 - Burdick -- What Shall We Have To Eat.
 - Chapin -- Heredity and Child Culture.
 - Dixon -- Racial History of Man (very recent)
 - Hornaday -- Taxidermy and Zoological Collecting.
 - Haughton -- Football and How to Watch It.
 - Morely -- Modern Essays.
 - Peyer -- Cheating the Junkpile (on household economics)
 - Richardsons -- Literature of the World.
 - Rogers -- English and American Philosophy Since 1800 (very new)
 - Sinclair -- The Brass Check.
 - Smith -- What Can Literature Do For Me.
 - Teasdale -- Flame and Shadow (poetry)
 - Bennett -- The Marador of Five Towns (short stories in essay forms)
 - White -- Bungalow Book.
- The other books are mainly ordered for outside reference.
