

## CORNERSTONE TO NEW CHURCH IS LAID WITH FITTING CEREMONIES

Occasion an Important Date in Local Church History.

### LARGE CROWD PRESENT

President D. W. Kurtz Delivers Address — City Pastors Assist on Program.

Those people who have the welfare of the McPherson Church and College at heart had much occasion for rejoicing Saturday when the cornerstone of the new church building was laid with fitting ceremonies. A well planned program was enjoyed by a large crowd, many of whom came from Brethren churches some miles distant. This occasion marked an important date in the history of the Church of the Brethren at this place.

The Rev. H. F. Richards in Charge.

The Rev. H. F. Richards, pastor of the local congregation, was in charge of the morning services. After a hymn by the audience the Rev. L. S. Ashley, pastor of the McPherson Christian Church, led the devotions, reading from the third chapter of Ezra. The College quartet rendered a number in song. Elder J. J. Yoder, present elder of the local church, one time pastor, actively connected with the local church almost from the beginning, had charge of the cornerstone laying exercises. Elder Yoder read a paper prepared by Mrs. J. N. Drescher entitled "The History of the Church of the Brethren in McPherson since its Organization in 1885." This together with a copy of "History of the Church of the Brethren in Kansas" by Dr. E. L. Craik, a history of McPherson College, a program of Saturday's event and a copy of the McPherson Daily Republican containing considerable information about the church under construction were all duly deposited in the customary manner in a copper box. This box, after being sealed air-tight, was placed in a niche behind the cornerstone. The cornerstone itself was then laid in its proper position.

### Kurtz Speaks Impressively.

The program committee, in securing a speaker for the hour, decided to be content with only the best. Only one man filled the bill. President D. W. Kurtz in his impressive man-

(Continued on Page 4.)

## MRS. POLLOCK TALKS ON LIFE OF CHINESE WOMEN

Returned Missionary Gives Insight into Domestic Life in China.

The Mission Band met in the Chapel Thursday evening for the regular meeting. Following devotions, Mrs. Myrtle Pollock, a returned missionary from China, now enrolled as a student in McPherson College, gave an interesting insight into the life of the Chinese women. The lives of the women are for the most part spent in loneliness and misery. Their education is extremely slight, even in the domestic life. They cook very little, and the food which is used chiefly in northern China is millet instead of rice, which Americans are inclined to believe is the chief food. On the other hand rice happens to be a rare treat. The women become bitterly disposed toward life many times since they are not allowed in some places to go out upon the streets without coverings over their faces and are expected to stay in the home except on rare occasions. The specimens of embroidery which Mrs. Pollock displayed showed the appreciation for beauty which these women must surely have.

The Mission Band is planning to start a Mission Study Club, and is anticipating a large class.

## CHAPEL ROLL IS TAKEN ATTENDANCE COMPULSORY

It will behoove each student hereafter to seek out and occupy his or her own Chapel parking stall each morning at the hour of ten. It is being constantly rumored, and with good authority, that dire consequences are in store for those who fail to heed the oft mentioned announcement to the effect that Chapel attendance is required.

Perhaps each one could occupy this half-hour period that has been set aside for Chapel in some other profitable line of pursuit, but the authorities think that the prescribed manner of spending that period is the most profitable. They feel that Chapel attendance should be contained in the daily program of every student.

## ENROLMENT REACHES HIGHEST PEAK AT 470

Late Students Increase Numbers — More Special Students, Academy Decreases.

As the third week of school closes with a steady increase in enrolment each day, prospects indicate a record enrolment for the year. Office records show a total of 470 which is a decided increase over last year, the enrolment last year being less than 400.

In the College classes the Freshmen lead with 154, the largest Freshman Class in the history of the school. Sophomores are next with the Seniors close rivals, while the Juniors are the fewest in numbers.

The Academy enrolment shows a marked decrease from former years, and the number of special students has greatly increased.

### MINISTERS ELECT OFFICERS

The Student Ministers' Association met Wednesday evening to select officers for the year. The following officers were elected: President, J. D. Reish; vice-president, W. T. Luckett; secretary-treasurer, Pearl Rhine; program committee chairman, Roy Crist; social committee chairman, Frank Howell; faculty, Prof. J. W. Deeter.

## BLAIR TO MAKE BUSINESS TRIP TO EASTERN KANSAS

Prof. J. A. Blair is leaving McPherson Friday to be gone all of next week giving lectures at the teacher's meeting and at the District Conference of the Church of the Brethren.

Prof. Blair goes first to Lawrence where he meets with the Advanced Standing Committee of the Universities and Colleges of Kansas. Sunday he will give an educational address at the District Conference of the Church, held this year at St. Johns, Kan. and will give another address on Tuesday. From there he will go either to Topeka or to Hutchinson to a State Teachers' Meeting.

## WORK ON QUADRANGLE PROGRESSING RAPIDLY UNDER CAPABLE STAFF

Dummy Completed—Pictures Being Taken.

### DRIVE BEGINS THIS WEEK

Plans for Book Based on Record Sale—Result of Drive Determines Quality.

"If they don't laugh at that feature book it won't be our fault" and "Say, Rock has some dandy sub-division pages" are some of the remarks Paul Kurtz, editor-in-chief of the 1925 Quadrangle made in telling of the plans for this year's annual. The Quadrangle work is progressing rapidly. Several of the staff members were selected last spring and preliminary work was started. During the summer months a number of campus scenes were taken by the photographer, Leonard Walker. Squad and letter men of the spring athletics had their pictures taken before school closed. The editor, Paul Kurtz, sketched the dummy and made a tentative budget during the summer.

### Fisher Is New Business Manager.

Since the beginning of school this fall, the position of business manager, left vacant by Merle Travis, was filled by Glade Fisher, who is busy preparing a staff of assistants which can promote the financial drive, and sale of the annual. Students will be given the opportunity to buy their 1925 Quadrangle in the near future.

### Will Be Superior Book.

It is the desire of the now completed editing staff to make this annual representative of the school year as nearly as it is possible, which means that it will have to grow in proportion to the growth of McPherson College itself. Each year a stride has been made toward a better annual and this will be no exception.

Present plans give a number of entirely new features which will place the publication on a plane with other school activities. But it is not to be an exclusive staff affair, and it is hoped that the entire student body will co-operate to make this Quadrangle the best.

### To Have Novel Features.

A flexible cover, tinted campus scenes, individual pages for faculty members, double panels for seniors, and individual panelled junior pictures, large athletic pictures, a report of every game, tint blocked cartoons as sub-division pages, and a feature section par excellence are to be a few of the novel features of the 1925 Quadrangle.

Kenneth Rock, associate editor, has been busy with the sub-division page cartoons. A number of suggestions have been made and drawn of the division and opening pages. Next week individual pictures are to be

(Continued on Page 3)

## SPECTATOR SUBSCRIPTION LIST CONTAINS 238 NAMES

Each week the Spectator is sent to 238 addresses outside of M. C. 125 going to subscribers, and 113 being exchanged for other school publications.

Kansas heads the list with 87 subscriptions. Subscriptions from other states are: Missouri, 6; Illinois, 4; Nebraska, 4; New Mexico, 4; Washington, 3; California, 2; Idaho, 2; Arkansas, 1; Colorado, 1; Indiana, 1; Iowa, 1; Minnesota, 1; North Carolina, 1; Oklahoma, 1; Oregon, 1; Pennsylvania, 1. One copy also goes to India.

The exchange list includes 70 high schools of the surrounding territory and 43 colleges, most of which are colleges in Kansas and Colleges of the Church of the Brethren.

## SOPHOMORES INITIATE GREEN CAP MEASURE

Rules To Be Submitted to Student Council and Faculty for Approval.

The wearing of freshman caps by the freshmen of McPherson College was the subject discussed by the sophomores at their class meeting Tuesday. The committee appointed at a previous meeting presented its report in the form of a resolution which would become law when passed upon by the Sophomore Class, the faculty and the Student Council.

Specific details are being withheld, however, a few general statements can be made for those interested. The matters of style of the caps was brought up, and the consensus of opinion in the Sophomore class indicated the standard green cap. Cap etiquette was also discussed and approved.

Laws are made by legislation, but a good law always provides an executive clause, authorizing its enforcement and providing adequate penalties for its violators. This resolution provides also for this phase.

The Sophomore Class hopes that this resolution will be passed by the faculty and the Student Council. This thing done, there will be but one thing lacking, namely, the whole hearty co-operation of the freshmen and the loyal support of the upper classmen.

### ORGANIZING CHORAL SOCIETY

All students wishing to join the Choral Society are requested to inform Miss Katherine Penner immediately in order that she may order the music. No tryouts are necessary to join the society. The first meeting will probably be held Monday evening in the Society Room of Harnly Hall. The society meets every week on Monday evening. A miscellaneous program will be given during the week of the Bible Institute in January. One hour's credit may be secured in the work.

## BULLDOGS WIN 17-0 IN SEASON'S SECOND WITH SAINT ELEVEN

Weakening of St. Marys Line Gives Bulldogs Victory

### SCORE IN SECOND HALF

Canines on Offensive Go on Rampage — S. Kurtz and Barton Make Points.

It was with a feeling of no little discomfort and chagrin that the St. Marys Catholics were forced to take a 17-0 defeat at the hands of the McPherson College Bulldogs in a hotly contested battle on the St. Marys gridiron Friday.

### Saints Threaten to Score.

In the early stages of the game the outcome was uncertain as the Catholics threatened to score, once after a costly Bulldog fumble and again when Brungardt's steady gains brought them within one foot of the goal line. But that impregnable line for which the Bulldogs are famous held as a stone wall and St. Marys lost the ball on downs. The Bulldogs kicked out of danger and never again during the entire game were the Catholics within a scoring distance. The half ended 0-0.

### Canines on Offensive.

The second half was a Bulldog rampage from whistle to whistle. The Canines played a strictly offensive game of straight football "crossing up" their opponents with line plunges, end runs and passes which gained ground consistently throughout the game.

### Bulldog Teamwork Shows

Good teamwork figured in the splendid showing which was made by the Bulldogs in the second half. There were no stars; each was responsible for the team's success, however, the splendid work of Ellwood and Kolzow, ends, and Hal Barton, fullback, was outstanding since the aerial attack of the Bulldogs was responsible for most yardage. There were no stars; each was responsible for the team's success, however, the splendid work of Ellwood and Kolzow, ends, and Hal Barton, fullback, was outstanding since the aerial attack of the Bulldogs was responsible for most yardage. Captain Hahn and S. Kurtz played a good game, featuring on long runs around the right and left wings and by constant gains through center and off-tackle smashes.

### S. Kurtz Scores Touchdown.

The scoring came early in the second half after a completed pass from Barton to Ellwood brought the ball to the 5-yard line. S. Kurtz soon converted this into a touchdown. Barton added the point by a drop-

(Continued on Page 4.)

## MALE QUARTET PLANS BUSY WINTER PROGRAM

S. Kurtz, Barton, Wampler, and Haldeman Chosen — Cassler Is Accompanist.

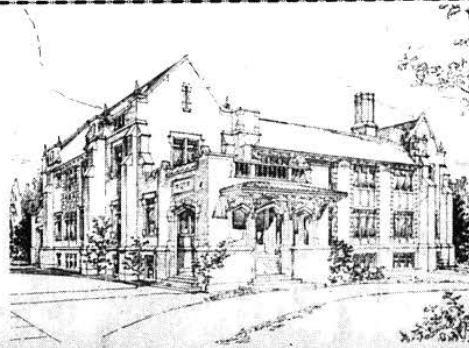

Placements on the male quartet have been announced. Samuel Kurtz secured first tenor; Harold Barton, second tenor; Herkie Wampler, baritone; and Clement Haldeman, bass. Winston Cassler will be the accompanist. The quartet gave its first number at the laying of the cornerstone of the new Church of the Brethren Saturday, Sunday they will sing at the District Conference of the Church of the Brethren, held at St. Johns, Kan. They are also scheduled to sing at the State Teachers' meeting at Hutchinson October 17. Rehearsals are held every day. Several programs are being planned, and during Christmas vacation the quartet will make a tour giving a number of programs.

### VALUABLE BOOK IN LIBRARY

A new book entitled "A Biography of International Relations" has been added to the library by Prof. J. W. Deeter. This book is of special interest to the students of history and is a guide to all the different literature regarding international affairs.

## McPherson Church of the Brethren Now Under Construction

Cost of structure is now approximated at \$75,000

Edifice will probably be ready for occupancy next spring.

# The Spectator

Published every week at McPherson College by the Student Council.

Entered as second class matter November 20, 1917, at the postoffice at McPherson, Kansas, under the act of March 3, 1897.

Subscription \$1.25 per year in advance.

There seems to be some disagreement as to whether it was E.H. Jah or the gentlemen in Amerongen who originated the song, "Ain't Goin' To Rain No More."

## THE 1925 QUADRANGLE

The Quadrangle drive begins this week. Every student should be a subscriber before the drive is over. It is his duty to back the annual because it is a school enterprise and not a staff affair. There is no consistency in electing a Quadrangle editor and business manager to spend months in putting out a creditable work without financial backing. It is a school affair and the school must be back of it. It is impossible to put out an annual without money, a great deal of it and immediately. Those responsible must know how much money they will have in order to make even preliminary plans.

It is probably only a question of time until the subscription for the Quadrangle will be included in the incidental fee as is the Spectator and the activity ticket. Many schools make subscription compulsory now, but loyal students do not need compulsion. Now the Quadrangle needs money, now it needs snapshots, now is the time that suggestions will be welcomed.

Much work has been done and many plans have been made, but they are based on an every-student-subscription-at-the-first-of-the-year. The editor is an artist, a humorist, a photographer, and a writer of ability. He knows every department of the work, he has ideas and the ability to use them. The staff is a talented one, each member being peculiarly fitted for his work. The only thing lacking is financial backing, and that must come this week.

Dormitory students are living in hopes of another feed. Existence on syrup, biscuits and gravy has become monotonous.

## THE LIBRARY HABIT

The southernmost building on our campus happens to be the College Library. Any hour of the day one may find therein a large number of students engaged in the familiar pursuit of study. In fact, so many go there to prepare their daily lessons that it serves as a study hall on our campus. This is all as it should be, no doubt. Although the majority of us visit the Library at least once a day how many appreciate and make adequate use of the opportunity of gaining information that this storehouse of knowledge affords. Do we frequent the Library merely to have a quiet place to study and to read only those books that have been re-

quired by our professors? Certainly there is danger in restricting our reading to such a narrow range. Every college student owes it to himself and to the world which will soon look to him for ideas and ideals, to keep well informed on the issues of today. Each student should have a definite time set aside in his weekly program for a general period. Such time should be spent in investigating some of the best articles in current periodicals or new books on the shelves. Many times we forget that college life has important phases other than textbook study. The library habit is a splendid one. If you have not formed such a habit do so at once. Francis Bacon said, "Reading maketh a full man."

—V. A. L.

A freshman has learned through painful experience that the mustache is considered by some upperclassmen to be an ornament which only the more mature of his species are eligible to display.

## Student Opinion

**WANTS H. S. LETTERS TABOOED**  
School ideals and traditions must be kept alive and idolized in order to have real pep and school spirit. When one enters M. C. as a student he comes to be one of the group. Other schools with their spirit are relegated to the past and become a part of history to each individual. Students of every sort, type, and experience are thrown together in the melting pot of higher education. All are striving toward the crystallization into future leaders. Each one will look back to his Alma Mater and give her his thanks. He will remember her as his school. Let every loyal student of M. C. put his high school letters and numerals in his trunk and go out to win new laurels in his college.

Stanley B. Kehm

Y. M. C. A.

The great purpose of the Y. M. C. A. was stressed by Prof. C. S. Morris and President LeRoy Doty Wednesday morning in Haraly Hall. Professor Morris led devotions by prayer and discussion of the fourfold purpose of the "Y" as given in the constitution of the organization. This organization gives religion to your young men and challenges the best in them. Its prime purpose is "to lead men through faith in God to Jesus Christ."

President Doty then outlined the program for the year, speaking of discussion groups, which are to be started soon, in order to serve the students better. He told how the various departments of the "Y" serve the college men in such ways as carrying trunks to and from the dormitory, watermelon feeds, sending out gospel teams, providing work for those who wish it, and so forth. These discussions were given as a starter for the membership drive to be launched immediately.

## Y. W. C. A. HAS VESPERS

The girls of the College attended a vesper service Monday evening, September 29, in Brubaker's pasture. Under the Direction of the Y. W. C. A. leaders the girls enjoyed the beautiful service around the bon fire just as night came on. Mrs. Amanda Fahnestock and Mrs. D. W. Kurtz, members of the advisory board, gave talks suitable to the occasion on the value and power of prayer. Ruth Sollenberger led the devotions. The out-of-doors and the nature of the program produced a feeling of reverence and awe seldom experienced. The girls plan to continue these meetings in the form of discussion groups.

## PROFESSOR DOLL IS COMPOSER

Students of M. C. will be interested to know that A. G. Ogren and Company of Rockford, Ill., are publishing for Prof. J. Lewis Doll, professor of violin, a teaching composition for violin and piano entitled "Melody." They are to publish soon another volume entitled "Moods."

The fact that A. G. Ogren and Company publish compositions for many of the world's greatest composers speaks well for the work of Professor Doll. Professor Doll's composition is selling rapidly.

Beat the Tigers!

## Travels Convert Tourists to Universal Language

They didn't want sausages; they were not trying to attract attention; they simple asking a simple question in the simplest manner they knew.

The place was the Hague, Holland. The characters were the sedate Y. W. C. A. president, the instructor in German and others. The time was last summer. The problem was this; to learn where one Voss, a storekeeper, had his store.

Not knowing the location of the store, the group approached a policeman who happened this time not to be Irish, and asked him in German to direct them. He shook his head uncomprehendingly. Having instantly become the center of attraction for a crowd which had drawn up anticipating some excitement, the group withdrew to a butcher shop and besought the proprietor at whom they flung every language short of Esperanto, but who replied with an onslaught of sausage, ham, and almost every other edible part of the bovine and porker while his visitors helplessly, hopelessly, irrelevantly — laughed.

Fleeing from the onslaught and the puzzled butcher, to satisfy the reader's curiosity, they finally found a man who secured another man who spoke English, who gave them the desired information, and they went on their way rejoicing.

Lady—Tobe, I'm sorry to hear that your wife has got a divorce from you. I don't know who I can get to do my washing, now.

Tobe—Well, missus, doan' you all worry 'bout dat. Ah's co'tin' in—and Ah co's rapid.

—The Prism

"Bill," the poet gasped to his friend, "I wrote a poem about my little boy and began the first verse with these words: 'My son, my pigmy counterpart.'"

"Yes, yes."

The poet drew a newspaper from his pocket. "Read," he blazed; "see what that compositor did to my opening line."

The friend read aloud: "My son, my Pig, my counterpart."

## Beacons of the sky

Between Cleveland and Rock Springs, Wyo., along the night route of the air mail service, tall beacons have been placed every twenty-five miles.

Revolving on great steel towers, General Electric searchlights, totaling 1,992,000,000 candle-power, blaze a path of light for the airplane pilot.

What the lighthouse is to the ocean navigator, these beacons are to the conquerors of the air.

This achievement has been made possible by engineers of the Illuminating Engineering Laboratories of the General Electric Company, working with officials of the Post Office Department. A startling achievement now will be a commonplace of life in the new America which you will inherit.

If you are interested to learn more about what electricity is doing, write for Reprint No. AR391 containing a complete set of these advertisements.

**Social Events**

**Sophomores Hike.**  
 "Resolved, that women are of more value to the College than men" was heatedly debated at the close of the Sophomore hike Friday evening to Anderson's grove north of the city. The affirmative was taken by Naomi Mohler, and Leon Morino upheld the negative, both proclaiming an accelerating crescendo at once. Around the huge camp fire following a feed of hamburgers and fruit the sophomores listened to impromptu songs, readings, and talks by Sophomore entertainers. "It was one more good time," pronounced by every sophomore.

**Juniors Go on Hike.**

The Juniors opened class activities with a hike two miles north of McPherson to Anderson's grove Friday evening. Seventeen represented the class and gave short shrift to the wienies, buns, pickles, marshmallows and apples. Miss Celosta Wine chaperoned the class in the absence of Miss Mercedes Chapman, and led in the ghost stories and other activities around the fire. Compliments were exchanged with the Sophomores, encamped northwest of the grove, via songs and yells. The circle broke up early, and for the trip home, cars were available to all except those "twoing from choice to walk."

A farewell breakfast was given Tuesday at the Country Club in honor of Harvey Anderson who left Wednesday to attend the Kansas City Dental College. Those who enjoyed the good time were: Naomi Mohler, Harriett Mohler, Mary B. Swope, Maurine Stutzman, Harvey Anderson, Sidney Sondergard, Henry Hahn and Russell Jones.

**The Dames Meet.**

An official meeting of the Dames Club was held Friday evening for the purpose of electing new officers for this year. The new officers elected were: President, Mrs. H. C. Long; vice-president, Mrs. W. T. Luckett; secretary, Mrs. Leonard Crumpacker; advisory member, Mrs. J. W. Deeter. A "Welcome In" social for the new members will be given at the home of Mrs. Leonard Crumpacker Friday evening.

## SECOND HOME GAME TO BE PLAYED FRIDAY

**Bulldogs To Meet Hays Teachers—  
M. C. Has Been Winner  
for Two Years.**

The Bulldogs will play their second home game with the Hays Tigers Friday. McPherson has beaten Hays by small, but decisive scores for the last two years, yet the Teachers' College enrolment always makes the Tigers dangerous.

Rated as one of the strongest teams this season, the Tigers have this fall taken an easy 31-6 victory from St. Johns at Winfield, played a scoreless tie with Sterling, and suffered a 20-2 defeat at the hands of the Emporia Teachers.

"The Tigers have a god team," said "Dick" Keim, who saw them play the Emporia Teachers last week, "they are more experienced than last year, and several new men are showing up well in the backfield. I counted forty-seven men in suits at the game." The Leader reports that there are four squads working out every evening, one seemingly as good as the other. Evidently there is an abundance of material for substitutions.

### FOOTBALL TERMS DEFINED

For the benefit of the many students who are not familiar with football and whose ignorance of the technical terms involved prevents them from enjoying the game to the fullest extent, an extract from the Stockton (Cal.) Record is herewith printed:

**Star**—Anyone who is a candidate for any football team.

**Sprained Ankle**—Any scratch on any toe.

**Sprained Wrist**—A hangnail.

**Broken Collar Bone**—Stiff neck.

**College Spirit**—Anything taken from a half-pint bottle with no chaser.

**Freshman Team**—A team that outplays the variety every afternoon by advancing the ball six yards in 55 downs.

**Captain**—Member of the team who is letter perfect in his instructions from the coach to take the north goal when there is a north wind.

**Pony Backfield**—A set of backs one of whom is under six feet tall.

**Light Line**—The forwards of a defeated team.

**Head Linesman**—Any owner of a sweater who can get off Saturdays.

### CORNERSTONE TO NEW CHURCH IS LAID WITH FITTING CEREMONIES

(Continued from Page 1.)

ner said just the right things in the right way. "This church has been looking forward for years to this event of today. But the task is merely begun. In laying the cornerstones we are dedicating ourselves to the unfinished task of building this church. Building is fundamental in all life. It is achieving, accomplishing or improving something. This unfinished task is a part of the great world co-operative plan of winning men for Jesus Christ. This cornerstone symbolically represents Jesus Christ as the foundation of our plans. It should challenge us to go ahead and finish the task. This day should be a day of new inspiration, new endeavor, new consecration and enthusiasm. This church will enrich the community, the town, the world at large. We are going to finish and then use this church to the glory of God."

Basket Dinner Served.  
A benediction by the Rev. John R. Pennington, pastor of the McPherson Baptist Church, concluded the morning's program. Following came a bounteous basket dinner which was served in the gymnasium.

## BULLDOGS WIN 17-0 IN SEASON'S SECOND WITH SAINT ELEVEN

(Continued from Page 1.)

kick. In the last quarter the Bulldogs brought the ball to the 10-yard line and again Barton successfully added three points by a field dropkick.

**Barton Makes Touchdown**  
Within a short time the line was again crossed by the Bulldogs, following a center plunge by Barton and the score stood 17-0, after another dropkick by the toe artist. From then on the Bulldogs played conservative ball, whereas the Catholics mustered all their forces and tactics for a final rally in a desperate attempt to score but to no avail. It was a fight from start to finish and when the final whistle sounded both teams straggled off the field exhausted.

**Summary:**  
First downs—St. Marys 4, McPherson 15.  
First downs for penalty — McPherson 2.

Yards from scrimmages — St. Marys 65, McPherson 216.  
Forward passes — St. Marys completed 4 for 32 yards, 7 incomplete. McPherson completed 8 for 158, 3 incomplete.

**HAROLD BARTON**  
Harold "Hal" Barton, half, triple threat man and consistent ground gainer. In the St. Marys game, Barton to Ellwood for 23 yards laid the way to the first touchdown; Barton dropkicked, carried the second touchdown over, and twice kicked goal after touchdown. "Hal" received honorable mention in the all-conference team two years ago.

**CONFERENCE RESULTS**
