Quadrangle  
1994-95

McPherson College  
1600 East Euclid  
McPherson, Kansas 67460  
Enrollment: 490

**I** didn't know what to expect when I first came to visit MAC college. It didn't look quite like other small colleges I had visited, but there was something different about the college that made me feel I wanted to be a part of it. When I learned the school mascot was a bulldog—then I was hooked, and I couldn't see myself anywhere else. A few months later I found myself standing in my dorm room saying, "How am I going to get all my stuff in here?" It felt great to get away from home. Yeah, getting away from Leoti, Kansas. For the first time in my life I would get to live in a town that had more than five trees. I could drive down Main Street and pass more than two cars all day. If I wanted to go to Wal-Mart, I didn't have to drive sixty miles. McPherson was looking better and better all the time.

My first week here was nerve racking. To start off, it was so humid I could hardly breathe, my clothes stuck to me like glue, and the bugs were always in my hair. I couldn't figure out the phone because I had to dial a million different numbers that I couldn't remember. On top of that I was supposed to go to all of these meetings for freshmen. I had to go to the gym with all the freshmen, and I had to meet my orientation group, and I had to enroll in all my classes, and I had to get a physical. It just went on and on until finally, I got to eat at the CAFETERIA. I have to say, the food was pretty good, for about a week. After that pizza and cereal were on my top ten list of favorite foods. Dorm life was a little better than the cafeteria food. I didn't have to worry about keeping my room clean because my mom wasn't here to tell me to clean it up. Although, I do wish she would have been here sometimes when the air conditioners didn't work so she could yell at maintenance to turn them back on. Besides that, the rooms are big, we have carpet (sorry, girls), and more Nintendo's than you can poke a stick at. I told myself it was going to be a fun year, and it was.

On a serious note, I really like it here at McPherson College. The college is great, the town is great, and you can be yourself. I came here last year not having a clue what I wanted to do. I was encouraged to try the business aspect of McPherson College and so far I think I will pursue that route. What I love so well about this college is that everyone is so willing to help you when you need it most. The professors usually bend over backwards to help you. I love the small classes because you can ask questions if you don't understand.

My freshman year here was definitely an interesting one. I made some great friends and I really became involved with the college. I learned a lot about life away from home, and I realized that my parents won't always be there—so I have to do the best I can.

## WELCOME WEEK

**E**ven though sleep was lost and shyness was abandoned, this year's Welcome Week was a great experience for all those involved.

Stress has always been a part of going back to school. The many nights of packing seem endless and by the time you arrive you're ready to relax. Relaxation is a foreign word around here. The first week is filled with so many activities that you might as well forget sleeping. The week started off with the Snow-Ball Dance. Don't even think that you could be a wall flower at this dance. Everyone was expected to draw a shoe and dance with the owner. So much for trying to avoid people if

you're the shy type. As the week continued you were entertained by an ice cream social, bowling night and movie night. These three nights were filled with meeting new people and many laughs. Welcome Week shut down with a cook-out. The volleyball net and Frisbee golf course were set up for anyone willing to test their ability. All in all, Welcome Week '94 was a hit. You gained new friends and started the year off with some great memories. The only thing you lost was your sleep.

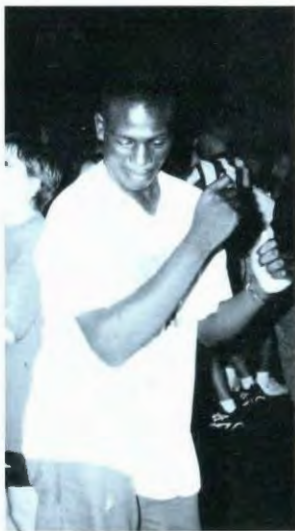

- Shelly Knopp

Left: A group of freshmen take part in male bonding as Rick Coleman and Ryan Wenzel devour their ice cream.

Left: Pete Petrovski, and Tate Hepler hang out at (where else but) Dotzour after a soccer game.

Below: Amita Huber, Patricia Triana, Beth Kiester, and Stephanie Loeur enjoy eating real food in one of Dotzour's beautifully furnished lobbies.

## RESIDENCE LIFE

**A**t McPherson College, campus life includes both the mundane and the remarkable.

Whether it's a Christmas celebration, a birthday party, a toga party, or a dorm run in paper sacks and briefs, there is always something happening in the dorms of McPherson.

It's not uncommon to walk through the halls of Metzler and stumble upon a room, or series of rooms, with a large group of friends catching a flick, listening to good music, or just talkin' of whatever's resting on their minds. There's also the face of the person who's just been surprised by a group of friends who have, for the past few minutes, been trying desperately to remain quiet in a dark room until the moment when Happy Birthday rings out.

Holidays at Dotzour Hall are always an event as its inhabitants go all out with decorations. Valentine's Day means getting together to decorate homemade cookies and at Christmas, Secret Santas are chosen, hall Christmas parties are held and gifts are handed out from home.

Fanny, on the other hand, is noted for its lack of shame, love of a good time, and a special togetherness. At the annual Toga Party, people from all over campus get dressed up in their sheets and dance to the wee hours of the morning. The most daring of all the Fanny exploits, though, is the annual Fanny Run. Dotzour Hall is the final destination of Fanny residents running in little or nothing at all.

-Nathan Reinhold

Below: Trees for Life President Balbir S. Mathur visits with Professor Herb Smith.

## MAC & THE COMMUNITY

**M**AC college and the McPherson community were brought together in various events throughout the year.

A service fair initiated these activities at the start of the year, lending out information on numerous volunteer opportunities in the area, while hall residents were lending out candy to local trick-or-treaters at Halloween. Christmas brought the campus together in a Toys for Tots campaign, and Easter marked the deadline for Dotzour's canned food drive, giving the residents of the hall contributing the most goods a chance to pie their RA - ah, sweet revenge!

The Blood Mobile hosted by MAC in the fall and spring were both successful, as students and faculty alike gave "the gift of life." All community members were invited to attend Monday morning convocations at McPherson College, with speakers such as Balbir S. Mathur, President of Trees for Life, to local artists, such as guitarist Bret Boyer. Overall, the year provided many chances for fellow Bulldogs and community members to serve and support one another.

Below: Members of the Chamber Singers perform in Renaissance attire at the Homecoming Activities Fair.

## HOMECOMING '94

**T**his year's Homecoming focused on getting students involved with the catchy theme, "Get a Clue."

The first thing to spark interest in this year's mysterious theme was the late night mystery movie shown at the local movie theater Tuesday night. Continuing the theme throughout the week was Dotzour's campus-wide "Clue Game." Students were given clues and competed to discover who (Miss Scarlet), in which room (the Ballroom), and with which deadly weapon (the chew toy) the dastardly deed was done. The Powder Puff game on Wednesday gave the ladies on campus an opportunity to participate in the ever masculine game of football, as well

as have a great time showing that needed Homecoming spirit. On Friday night students showed the spirit they had built throughout the week at the Spirit Fest in the gymnasium and went to the college's production of "Our Town." The activity fair on Saturday gave many groups on campus the chance to show their stuff as well as make some money selling to the crowd who had come out to watch the football game against Bethel College. The week ended with the traditional Homecoming dance in the Student Union. Homecoming '94 was truly a success.

- Sarah Wagoner

Below: What a happy couple! Sue Werner and Dennis Kingery at the winter semi-formal.

## Winter Activities 1995

# WINTER WONDERLAND

All were able to enjoy the fall semester, as McPherson College created its own "Winter Wonderland," with plenty of good times along the way.

Coffee and friends: the perfect things to warm you up on a cold winter's night. Students were once again invited to an evening of hot drinks, music, poetry, and self expression at this winter's Coffee House. Whether dining on steak or rice, the Hunger Banquet also brought friends together in awareness of the vast differences between classes worldwide. As the clock struck twelve, students and faculty joined in support of their fellow Bulldogs at Midnight Madness as the basketball season officially began.

"Hit me!" Faculty and students also gathered for a round of gambling at Casino Night. Players were given "money" to play poker, craps, or twenty-one, in hopes of winning it big. The highlight of the winter's activities was the winter semi-formal. From the YMCA to the Boot Scoot Boogie, the Electric Slide to the Chicken Dance, everyone had a great time at this year's "Winter Wonderland." Groups of friends and couples alike forgot their winter blues and upcoming finals for a night of music and dancing.

- Amy Luebbers

Left: Strumming her guitar, Jesse Miller entertains at the Coffee House.

Below: "Say cheese!" Kristin Grimes and Marcus Nielsen smile for the camera at Dotzour's winter semi-formal party.

Above: Jim Garrison demonstrates his lip syncing talent at the Coffee House.

Left: MiRan Smith and JD Bowman get down and funky at the winter semi-formal!

Right: Kandeé Krien, Michael P. Schneider, Nathan Brubaker and Amy Diaz '94 seem to be enjoying their dinner.

Below: "Hold on, let me make a good smile," Tammie Wilson said.

Above: Sandra Strode is getting into the groove of things at the Junior & Senior Banquet.

Right: "Hi! guys. Come join us," Marcus Nielsen and Kristin Grimes said.

Left: Amta Huber is having fun at the Junior & Senior Banquet.

Below: No one dares to interfere with such a dancing duo—Robb Mitchell and Michelle Homer.

## JR./SR. BANQUET

**T**he Junior & Senior Banquet is an honor for juniors and seniors.

For juniors, they have only one more year to go. For seniors, they are finally going to graduate in few weeks. This banquet might be the last party in a senior's student life, if he or she doesn't go further in his or her studies. Participants have a delicious and romantic dinner at the Holiday Manor. After dinner, the juniors and seniors are joined by the underclassmates for a hot dance. At this moment, we would like to say congratulations to everyone and wish the seniors good luck. We wish all of you a happy life whether you join the work force or continue your education.

-Tzu Ying (Justine) Ho

Below: Student Activities Board sponsored a Luau in May, complete with beach volleyball. Too bad the weather wasn't very "beachy."

Right: In another fabulous luau activity, this masked MAC man takes a stab at the pimana and almost takes out a few by-standers.

Left: As the weather warmed a bit, Jennifer Williams, Jessica Boothe and Kelly Thaxton found time to do a little in-line skating.

## Spring Activities 1995

# SPRING + FINALS = C R A M M I N G

As part of Bruce Clary's creative writing class, students were given the opportunity to write about the photo at left. The following poem was submitted by Chris Amundson. (photo by Laurel Kenney)

Breather

Beat, beat, beat the body  
feed the mind . . .  
late into the night.

Crack the window.  
Lungs fill with pure Kansas air  
blowing from the west,  
from the Rockies, maybe Canada, maybe beyond.

Sands trapped from Arabia.  
Scents from the Orient.  
Simple ions from Ethiopia.

Across America . . . families asleep.  
United Germany . . . stores opening.  
Hungry C.I.S. . . . bread lines.  
Down in Australia . . . back woods barbi.  
Scorching Zimbabwe . . . big game hunt.  
Globally . . . societies clicking and functioning,  
operating at their own paces.

Here, words to read.  
Close the window and load  
the mind with the knowledge of life.

Left: Kevin Saffer plays a part in the staged explosion at McPherson College. The city fire department and safety officials used the college facilities and students to practice emergency rescue techniques.

Right: Graduates Adabel Garza, Anna Johnson, Michelle Lohrenz, and Dan Marchewka were thankful for the break in the rain as they gathered outside Miller Library to do some last-minute straightening-up.

# moving TOO fast

Below: Members of the Class of 1995 gather together at the Senior Recognition Banquet, hosted by the Alumni & Development Offices.

## GRADUATION 1995

**T**he Class of 1995 was treated to a festive week of activity as part of Graduation 1995.

The festivities begin with honors convocation where students are recognized for their achievements over the past four years. Then, Thursday night, grads are "wined & dined" at the Senior Recognition banquet. Held at the Pear Tree Restaurant, the banquet offers the Alumni Office to welcome the Class of 1995 into the world of "Alumni Relations" and to warn them about the phon-a-thon calls they'll be receiving for the next 80 years! Finally, graduates arrive at Miller Library with caps, gowns, tassels and smiles ready.

This year's commencement featured Dr. Leland Lengel, professor of history and politics, as the speaker. Shelley Gibbens sang, as did members of the concert choir and a special ensemble of graduates.

# Class of ... 95

Left: Patricia Unruh and Steve Weed make their way toward the auditorium.

## Graduation 1995

Above: Adam Clark and Jonathan Coachman hope they don't trip on their way into Brown Auditorium.

Left: After the ceremony, it is customary to wander out by the Houston Gazebo to find your friends and congratulate them. Here, Holly Sachler finds a colleague.

*The following is an excerpt from the welcome address given by Jonathan Coachman.*

For just a moment I would like to address my classmates. Most of us came in together and are leaving the same way. We've all done different things in a million different ways. But regardless of all the different directions we all have gone, we will end it here today, together. We have accomplished the same goal that we started off, not four years ago to accomplish, but I like to think of it as 17, 18, 19 years in the making. We should all be very proud of what we have done.

I have just one challenge for you as you leave this wonderful place. Try to enjoy your life. In every situation in life I believe there is something to smile about. And a simple smile can change your outlook on life.

I would like to end my message with two quotes that have stayed with me for a long time, and I hope that they will stay with you. The first is from Confucious, and he said this: "If you find a job that you love, you will never work a day in your life." And finally, I would like to quote a person who has become a great friend and taught me more about life than he ever did about basketball: Roger Trimmell. Before every game, right after his pre-game speech, he'd stop for a moment and look at all of us and say, "Guys, it's time to show what we're made of. Let's go out there and get after it."

Well, my friends, it's time to show what we're made of. Let's get after it.

Jonathan Coachman  
Welcome Address  
Commencement 1995

# WORLD VIEW

S  
III

Sometimes it's necessary to consider the positive side of world news. In spite of all the injustice and fighting, some good things are happening.

When asked to write about a current world event, I was a little worried on which topic would be most suited for this year's Quadrangle. There has been no end of distressing news this year: continued unrest in Bosnia, Rwanda, the Sudan, and even terrorist attacks as close as Oklahoma City, not to mention the disproportional amount of time the media has spent on the O.J. Simpson murder trial. But then a good friend suggested I should write about a **positive** world event. After much thinking and pondering, I have decided to write about the work of two Brethren ministers in their quest for peace.

Phil and Terri Reiman are members of Brethren Volunteer Service (BVS) who are currently working in Sudan to help this third world nation deal with civil war and unrest. I had the chance to hear them speak at this year's National Youth Conference (NYC), and their speech was electrifying. They live each day in danger and fear, but they continue their work, with the hope that someday all their hard work will pay off.

They are not alone in the work for peace. McPherson College alumnus Vic Ullom is currently working in Bosnia for BVS, and he sends letters home telling of his experiences. He speaks of violence and danger, but he wants everyone to know that he is dedicated to seeking peace and making sure peace is achieved through him. I met Vic at Camp Colorado many years ago, and to read about his experiences in Bosnia excites me and moves me to enter BVS to help other as he and the Reimans are helping others.

BVS offers everyone the opportunity to be of service to others. It is not only for Church of the Brethren members. Through BVS there are many options for people to dedicate themselves to seeking peace or helping those who are unable to help themselves. I am planning to enter BVS when I graduate from McPherson, and I would only hope that I can achieve the same things that Vic and the Reimans have achieved.

*Clubs are a lot of fun,  
especially when you  
need to release the  
pressure the professors  
put on us.*

## Spectator, Quadrangle Keep Presses Running

Student publications involved nearly 50 students during the 1994-95 school year. Volunteers and paid editors worked together to produce the "Spectator" and "Quadrangle."

The "Spectator" received the Gold Award at the Kansas Associated Collegiate Press competition in April. In addition, 10 staff members won 20 individual awards in 13 individual categories.

The "Quadrangle" reorganized operations and worked diligently throughout the year. "Our main goal was to involve as many people as possible, and I think we succeeded," commented co-editor Kristin Falen.

The woodwind section  
(Crystal O'Dell, Stacey  
Hoover, Jayme Brown, and  
Shelley Ware) belts out the  
melody.

G-Clef 1995: Amber Switzer,  
Crystal O'Dell, Shelley Ware,  
Jeremy Bernhardt, and sponsor  
Larry Kitzel.

## A WORLD OF MUSIC

Concert Choir—Row 1: Melissa Martens, Wendi Dilley, Kristin Gingerich, Teresa Boness, Jeremy Bernhardt, Amber Switzer, Stacey Hoover, Amy Norsworthy, Tammy Kerkove, Laura Luett. Row 2: Gilbert Moore, Zuzana Stramenova, Alison Flory, Jeremy Bernhardt, Christy Meiers, Joey House, Trisha Hall, Ilocki Dilley. Row 3: Alan Gimm, Erin Cassidente, Annette Fennessey, Jayme Brown, Michelle Horner, Shelley Ware. Row 5: Pat Crowdis, Jenny Stover, Kelly Phillips, Erin Swenson. Row 6: Mindy Wilson, Danny Ramsey, Nathan Reinhold

Chamber Singers—Row 1: Amber Switzer, Wendi Dilley, LyChelle Gibbs, Gina Railsback, Kristin Falen, Erin Swenson, Jenny Stover, Crystal O'Dell, Carolyn Martin. Row 2: Kelly Phillips, Mitch Maestas, Sean Dell, Nathan Reinhold, Mike Epps, Jeremy Bernhardt.

## G-Clef Promotes Love of Music

G-Clef is a club for anybody who enjoys music. We learn about many of the local music happenings and go to them. We also invite persons in to the college to perform for us. This is a great way to find out what all is going on around the area in the way of music.

An annual trip to the Kansas Music Educators' Association state convention is planned each year. There we learn about what is going on in school music programs.

-Shelley Ware

Members of the Business Club traveled to Dallas in the fall where they visited J.C. Penney's headquarters, the trade market, Boston Chicken, and Texas Stadium (pictured at right). Posing on the green are Bryce Brewer, Pascal Reber, Erik Vogel, Darren Hendricks, Dave O'Dell, Sandra Manas, Adam Clark, Justine Ho, Mitch Maestas, Shannon Martin, and Ryan Schmid.

Today's Educators was thrilled to be able to bring in Jaime Escalante to speak at Brown Auditorium. Escalante was featured in the movie "Stand and Deliver."

## BUSINESS CLUB & TODAY'S EDUCATORS

Business Club—Row 1: Elizabeth Snell, Luwell Flory, Dennis Kingery, Shannon Martin. Row 2: David O'Dell, Kandee Krien, Shelley Gibbens, Sandra Manas, Bridget Marrs, Jacque Schmidt. Row 3: Glen Snell, Nathan Brubaker, Michael P. Schneider, Erik Vogel, Zuzana Strmenova, Bryce Brewer.

Today's Educators—Row 1: Jeanne Smith, Michelle Horner, Shawna Warren, Amy Hollinger, Chris Hauschildt, Tammy Kerkove, Stacey Hoover, Christy Meiers. Row 2: Jeremy Bernhard, Michael Hunter, Brad Baska, Cullen Crosthwaite, Donna Richey, James Cook, Jayme Brown.

Crepes aren't foreign food to her! International student Catherine Blache from France tops off a home-made crepe for her clients at the crepe sale sponsored by ISO.

# I. S. O.

International Student Organization

International Student Organization is for anybody who is interested in different cultures. The group takes trips to local points of interest to help the international students become more familiar with what there is to do in Kansas. They also sponsor a booth during homecoming weekend to share their ideas with people.

International Students. Justine Ho (Taiwan), Heiko Scholz (Germany), Sandra Manas (Spain), Pascal Reber (Switzerland)

Cars Club members—Left to Right: Tim Bowers, David Lopez, Jim Edwards, Chris Paulsen, Peter Woyen, Michael Carnahan, Paul Flynn, Tim Schoepfelin, Heidi Reichenborn, Greg Donkle, Steven Riley, Timothy Garner, Donnie Bartlett, Jason Long

# CARS CLUB

Keeps Rollin' On.

Master Jim Willems discusses the necessary steps for restoring a Model T with Tim Garner. Willems retired from the faculty this year, but his work is legendary in auto restoration shops and personnel around the country.

Here's a "word picture" of Cars Club activities for 1994-95: restoration shops, flea markets, open shops, car show judging, auction assisting, and displays. In a word: FUN!

.....

Hula Queen Tammy Kerkove shows everyone at the Alpha Psi dance how it's done.

One of the activities that APO assists with is the dinner theatre. Here, Jerry Bowen and Heather Healy prepare prior to "Beau Jest."

Jeremy Bernhardt gets into the act at the Alpha Psi Omega costume dance, which took place on the stage in Brown Auditorium.

## ALPHA PSI OMEGA & HABITAT FOR HUMANITY

Alpha Psi Omega (Drama Fraternity)—Row 1: Erin Cassidente. Row 2: Heather Healy, J.D. Bowman, Kandee Krien, Tammy Kerkove. Row 3: John Hulco, Thomas Suter, Jerry Bowen, Jeremy Bernhardt, Jessie Miller.

Habitat for Humanity: Shelley Ware and Michelle Saffer. (Not pictured: Cameron Mahler)

## Habitat for Humanity Continues Work

The 1994-95 school year has proven to be one of rebuilding for Habitat. We did a lot of fundraising and helped work on a house in Salina.

The goal for Habitat for Humanity is to eliminate poverty housing everywhere. Homes built through this organization are done so with volunteer work as well as donated money and materials. The future home owners help with construction of the house and purchase it at no profit.

Habitat is purely a service oriented organization and is present at both the local and campus level in McPherson.

-Shelley Ware

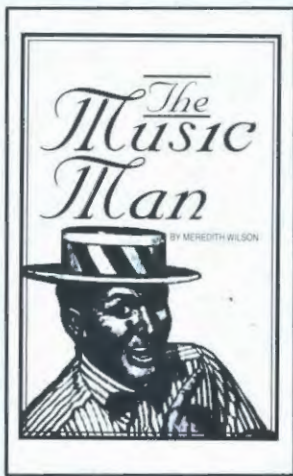

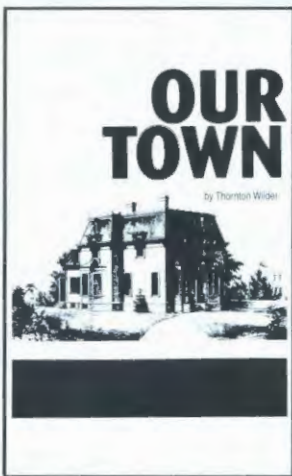

Fall productions involved campus and community in song, laughter and drama

## "OUR TOWN" "MUSIC MAN"

Thornton Wilder's classic production took place September 30 - October 8 and involved the following people: Jim Huskins, Thomas Suter, Alex Tyler, Jerry Bowen, Erin Cassidente, Tammy Kerkove, Chris Amundson, Emily Trimmell, Dale Snell, Heather Healy, Wendi Dilley, J.D. Bowman, Teresa Boness, Stacey Hoover, Jeremy Bernhardt, Valerie Huber, John Hulce, Jonathan Rothrock, Becky Rausch, Gary Lewis, Lanesa Ness, Anita Huber, Michelle Saffer, Catherine Blache, Jurahce Shriver, Rick Tyler, Kyoko Nagava, Beriny Rice, Donna Burns, Connie Beals, Jeff Avery, Maria Saenz, Selena Askew, Quincy Walters, Yolonda Mowery, Jessica Decker, Jill Brax, Amy Gaumer, Mindy Wilson, Eugene Grimes, Jessie Miller, and lenny Stover

During the middle of November, the stage of Brown Auditorium became River City, Iowa for the famed musical by Meredith Wilson. "The Music Man" involved the following people: Bruce Grose, Chris Amundson, Anna Johnson, Jerry Bowen, Roger Burlon, Stasi Zirkel, Ryan Groff, Glen Snell, Joey House, Jeff Frazier, Luis Wahl, Jeremy Bernhardt, Michelle Lohrenz, LaMonte Rothrock, Heather Healy, Chuck Vetter, Mary Ann Dutrow, Lee Lengel, Susan Newton, Pattie Grose, Sharon Knechel, Ingrid Gustafson, Dale Snell, Amanda Snell, Thomas Suter, Valerie Huber, Mike Epps, Stacey Hoover, J.D. Bowman, and Mindy Wilson, among others from the McPherson College and city community.

"George" (Chris Amundson) and "Emily" (Heather Healy) rehearse the soda fountain scene.

Left: The stage manager (Jim Huskins) ponders the words of Professor Willard (Wendi Dilley).

Below: Mrs. Paroo (Sharon Knechtel) pauses in the midst of a jig.

Left: The Del Sarte Ladies do their "Ode to a Grecian Urn."

Mistaken identity results in near disaster and many laughs for theatre-goers.

## LEND ME A TENOR

A case of mistaken identity results in hilarious confusion when the famed Italian tenor is scheduled to perform, becomes inebriated, is thought to be dead, and replaced by the assistant stage director and aspiring singer.

Cast members Chris Amundson, Becky Rausch, Melissa Martens, Tammy Kerkove, Thomas Suiter, Michael Schneider, Kandie Krien, and J.D. Bowman kept the audience second guessing themselves as the plot unfolded on the Brown Auditorium stage.

Performances were held just after Interterm in early February.

The production was the stage debut for Michael Schneider who commented, "It was a great experience getting to be in the play. Just to see everything that goes in to the production and how everyone pitches in to help—that's what really impressed me."

Parent's weekend also occurred at the same time, so many of the cast members' families had the opportunity to see the show.

Confessing his undying devotion after the chaos settles, Michael Schneider and Kandie Krien embrace.

Maybe they're really big "Othello" fans, but J.D. Bowman, Tammy Kerkove, and Thomas Suiter collapse after chasing each other around the couch in pursuit of Chris Amundson.

Cast members—back row: Chris Amundson, Becky Rausch, Melissa Martens, Tammy Kerkove. Front row: Thomas Sutter, Michael Schneider, Kande Krien, J.D. Bowman

The bellhop who can't buy a break, J.D. Bowman struggles with a load of luggage.

Everybody wants a piece of the action, J.D. Bowman, Kande Krien and Tammy Kerkove listen in on the plans of Michael Schneider and Thomas Sutter.

Powerful, poetic & sensitive

## TO GILLIAN ON HER 37TH BIRTHDAY

Written by Michael Brady, this dramatic production takes place at a beach house on the New England coast as a grieving man remembers his wife, who died in a sailing accident two years prior to the events of the play.

The cast and crew for the production included James Garrison, Heather Healy, Melissa Martens, Tammy Kerkove, J.D. Bowman, Erin

Cassidente, Annette Fennessey, Kyoko Nagaya, Chris Whitacre, Barbi Harris, Rick Tyler, Sean Dell, Kevin Thrift, Sarah Wagoner, Teresa Boness, Kandee Krien, Betty Guffey, and Jenny Stover.

The production was directed by Jessie Miller.

Cindy (Melissa Martens) and Paul (J.D. Bowman) explore their "inner children."

Esther and Kevin (Erin Cassidente and Tammy Kerkove) try to find solace in the sunshine of the New England shoreline.

Prop queen Kyoko Nagaya proves she can juggle props and pose at the same time.

David (Jim Garrison) struggles with his feelings and tries to explain them to Esther (Erin Cassidente).

Falling in love was never as complicated as it seems to be in

## BEAU JEST

Sarah knows she's in trouble by the time dinner starts. She's dating a non-Jewish man, whom she knows her parents will hate. So to get them off her back, she's hired an escort to play the Jewish boyfriend her parents always wanted her to have, and in the meantime, she's falling in love fast.

Cast members included Sarah Adams, Jerry Bowen, Jonathan Coachman, Patrick Crowdis, Kelly

Thaxton, Jeremy Bernhardt, and crew members Rick Tyler, Annette Fennessey, Ed Acosta, Sean Dell, Emily Tyler, Heather Healy, Wendi Dilley, Melissa Martens, Teresa Boness, Amy Norsworthy, Tammy Kerkove, Jessie Miller, and Jenny Stover.

The production was directed by J.D. Bowman.

The two boyfriends, Chris and Bob (Jerry Bowen and Jonathan Coachman) vie for Sarah's affection.

Sarah (Sarah Adams) explains her frustration that her parents are always interfering in her life to her brother Joel (Pat Crowdis).

Much of the action in "Beau Jest" takes place around the dinner table.

Bob ([Jonathan Coachman]) tries to convince Sarah (Sarah Adams) that he's perfect for her.

"Beau Jest" cast members: Pat Crowdis, Jeremy Bernhardt, Kelly Thaxton, Sarah Adams, Jonathan Coachman, Annette Fennessey, Jerry Bowen.

People are  
different. If everyone  
was the same,  
this world would be  
a boring place.

## Religious Faith and Scientific Education: Is There a Common Ground?

In the midst of my second year on the faculty at McPherson College, teaching courses in biology and environmental science, I search daily for a common ground between my religious faith and my role as a science educator. McPherson College provides me an ideal place in which to address the issues raised by science and religion, and in which to encourage students to do the same.

Science is based on the belief that the world operates according to some underlying order, and that this orderliness can be discovered and can be expressed mathematically. As Galileo Galilei (who died in 1642) stated: "Mathematics is the alphabet with which God wrote the universe." Isaac Newton (who, coincidentally, was born in 1642) translated observations of the world into the language of mathematics in such a thoroughly convincing way that, to this day,

# Dr. Jonathan Frye

Newton's Laws of Physics are used to describe and predict the way the world works.

I believe that God created the universe. Science, however, offers no opinion about the ultimate source of the universe, only theories of how it works. The Law of Inertia, as formulated by Galileo and affirmed by Newton, seems to imply that once the Universe exists and is in motion, God is not needed to sustain it. It was on this point that Galileo had his falling out with the church. The rift between science and religion has only grown over the past three centuries, as some have extended this line of reasoning to claim either that God does not exist or that God is irrelevant, since God finished being involved when the universe came into being long ago.

I believe that God sustains the creation, and for all I know may be creating still. I bring to the classroom an admission of my own ignorance, and a challenge to students to recognize that ignorance is a fundamental part of the human condition. As we use our reason and the approach of science to better understand the world, this reminder of our basic ignorance can both prevent us from committing the sin of hubris, and provide space in our world view for a sense of wonder, joy and delight in the beautiful mysteries of creation.

-Jonathan Frye

McPherson College offers many opportunities for January term. I was lucky enough to go to New Windsor, Maryland, and work with a Church of the Brethren affiliated organization called On Earth Peace Assembly (OEP/A). I worked at the Peace Place, a Christian bookstore run by the OEP/A; helped lead a peace academy for senior high youth; travelled to Pennsylvania, Virginia, and Washington D.C. In Washington D.C. I visited a soup kitchen. This wasn't my first time working in a soup kitchen, but it's always a great experience getting to know the homeless that eat there everyday.

What made my experience so special

# FRESHMEN

My experience as a sports broadcaster came about in an accidental fashion. I had never done any radio work prior to this fall, when I started announcing the local college and high school football games. Due to one of the sportscasters moving, a position was open and I was able to get the job through Jonathon Coachman. I only thought I would be announcing a few games, and ended up doing around a dozen, including a couple McPherson High School basketball games. The job of a radio announcer differs from that of television commentators in that the listener cannot see the action. So, as a color commentator, my job was to describe the play in as detailed a manner as possible, in only a few seconds, so as to not miss the next play. Prior to the start of the game, I'd check the roster and starting line-up, read about the team's record and history, and talk to the coach. I

I left for my trip on December 19 and returned on January 25. It was interesting to experience Christmas in another culture as well as the everyday occurrences of life. Although Europe is often thought of as being very similar to the United States, it is really quite different. I had to deal with a different way of life and language. My favorite part of my trip was visiting Vienna, Austria. It is a beautiful city with so much history. The children occupied most of my

**J.D. BOWMAN  
&  
JESSIE MILLER**

Student directing as a sophomore is really an honor. I am glad to be able to bring *Benji Ised* to Brown Auditorium. I am looking forward to spending time with the cast and getting to know them on a more personal level. Being a Jewish comedy, *Benji Ised* has taught me a lot about culture and actions that have greatly enhanced how I look at theatre.

-JD Bowman

*To Gilliam On Her 57th Birthday* was my first role as a director. It turned out to be a lot more than I originally imagined, both in terms of challenges faced and rewards gained, but the rewards definitely outweighed the challenges. I think I had an excellent cast to work with and a beautiful show to work with them on. I hope they had as much fun with it and learned as much from it as I did.

-Jessie Miller

# JUNIORS

During the summer of 1994, I worked in a laboratory at Iowa State University as part of an undergraduate research program. I worked in the lab of Dr. Joan Cunnick, a McPherson College graduate, who is now an Immunology professor at ISU. She offered me the use of her lab for my senior research and I therefore went to Iowa over interterm to do the experiment. I had accumulated a great deal of research showing that alpha-tocopherol (a form of vitamin E) was able to enhance the immune system in several ways. The purpose of my project was to examine its effect on a subpopulation of lymphocytes called Natural Killer (NK) cells, which are capable of killing tumor cells. I looked at the NK activity in cells from the spleen and the liver,

## PROFILE: MIA MILLER

Ministry is an active part of my life. It has led me to many different places and experiences. I participated in a workcamp in Honduras that taught me the value in simple living. Summer gives me opportunity to connect God and nature in campground ministries.

It is true that these are all ministry, but some of the greatest opportunities are right around us in everyday life. How we live our lives can make a difference.

-Mia Miller

# SENIORS

## JIM HUSKINS

College bound, or so I was stereotyped by the well-intended faculty and staff of Pleasant Gardens Elementary School. Had I known that their callous label would later force me out of the fun stuff like wood shop and auto mechanics and home economics, I would have been less kindly disposed toward Miss, Tipton, Mr. Roach, and their ilk.

After nearly two and a half decades since my first matriculation, I'm glad I was in this neighborhood when the time came to make the last push for a degree. McPherson has been big enough to take in an eccentric without breaking stride, and deep enough to stretch my mental tissue, small enough to feel like family.

## BETH KIESTER

This year, Brethren Colleges Abroad (BCA) implemented a new program in Xalapa, Veracruz, Mexico. I was the first and only participant in the program and I had a great time. The natives are very friendly and the director of the program in Mexico, along with her staff, go out of their way to help students with whatever they need. I would recommend to anyone that they take advantage of the opportunity to experience a new culture in any of the BCA programs. -Beth Kiester

# FOOTBALL

*True champions stick it out*

The McPherson College football team struggled through another rebuilding season. Second-year head coach Bruce Crose faced the task of trying to win with a predominantly freshmen squad. Only thirteen players returned from last year and several key players were lost to injuries early in the season. The Bulldogs never lost their desire to win or their love of the game, and they are looking forward to next year.

(right) Roderick Hornbuckle carries the ball for the Bulldogs.

Back row: Wallace Moore, Clinton Yester, Damian Harris, Joe Young, Quincy Walters, Phillip Bennett, Bradley Cavers, Chris Kuntz, Roderick Hornbuckle, Barry Kingery, Greg Donkle, Spetker Taylor, David Rose, Dennis Kingery, Kerry Lucek, Donald Hardin, Erik Waschman, Jonathan Capps, Hubert Freeman, Curtis Banks, Middle row: Bruce Crose, Tom Ferguson, Paul Hudzick, Roger Burton, Travis Slack, Tim Schepflin, Tim Cossens, Mike Stone, Danny Ramsey, Chad Clark, Bruce Lulling, Brian Ward, Mike Smith, Jonathan Niemetz, Donald Murray, Jaime Lavanor, Nathan Brubaker, Brad Boska, Dan Grizzell, Rob Vaughn, Mike Volz, Harold Chaney, front row: Chris Saunders, Nathan Hernandez, Tim Armbruster, Shane Grizzell, Leo Davall, Eugene Girmes, Mike Hunter, Trevor Carney, Audrey Myers, Scott Noland, Jaseen Bara, Danny Brubaker, Bill Brugger, Bradley Adams, Mark Frazier

(below) Kerry Liscock runs behind the blocking of Mike Stone and Danny Ramsey.

photos by Jon Henkman

"When I think of the 1994 season I am reminded of one of my favorite quotes. It says 'A champion is not measured in how many times he is knocked down, but in how many times he gets up.' I am proud to say I am a member of a Bulldog team that always got up. I will always remember the great bunch of guys who stuck it out til the end and never laid down. We had guys who didn't get a lot of credit, but went out and played hard every Saturday. To me, that is what football is all about."

- Nathan Brubaker

# VOLLEYBALL

## *Young team shows potential*

The 1994 MAC volleyball team can look back on a season with victories and losses, a season with ups and downs, but especially to a season full of great matches, marked by excitement and determination. Sixteen players went out for volleyball, 7 of whom were returning players.

The season started out with the Bethel tournament where the team had the chance to pull itself together. The peak was right before fall break when the team won three games in a row, triumphing over the first place team and final conference winner, Bethel College, and also against the third place team from Tabor College.

Coach Deb Moore says, "The team showed a lot of improvement during the season, especially in the defense." This season showed that the team has a lot of potential, and next season's returning and new players can continue the success of an overall exciting year.

(left) Jennifer Williams goes up for a huge hit.

(below) Amy Ross spikes it on the competition.

(middle) Sarah Adams, Sandra Strode, Tiffany Hall, and Jennifer Williams play hard for the Bulldogs.

"This past season, although rocky, proved that we were a team with a lot of talent. In the past I have never played with a group of people who were more of a team than this year's group. We had fun and played hard, and the season's experience will contribute to the years to come."

- Sandra Strode

# SOCCER

## Men contend in conference

In fall 1994 the MAC college soccer team came out with eight returning players from the previous year. With the new year came a lot of new faces on the field. Transfers from other colleges and freshmen proved themselves to be nothing less than experienced players when it came to soccer.

This season was a huge turn-around from the disappointing previous season, and MAC wanted to prove that they could contend with any opponent. With a 9-12 record this season, freshman player Brandon Smith commented, "As the season progressed, we started becoming a team and playing with a team concept."

For the 1994 season, Pete Petrovski, Jaime Cisneros, and Latsamy Sakounlaphoum received KCAC second team honors. That makes two years in a row that MAC has had three players with conference honors. This was a rebuilding year for MAC, and the anticipation for next year's season is already building!

group photo by Amy Staumer, all others by Jon Hankinson

Back row: Coach Jerry Malone, Jason Sumpster, Latsamy Sakounlaphoum, Brandon Johnson, Jaime Cisneros, Gilbert Moore, Jeremy Savage, Nic Nixon, Pete Petrovski, Miguel Mendez. (left) Mario Rodriguez, Nic Nixon, and Matt Hepler push the ball toward the goal.

(below) Jose Lawrence celebrates a great soccer season.

(middle) somebody beat it!

"We accomplished a lot this year. Even though we had a slump towards the end of our season, we have a great team of returning players for next year's season."

- Dan Marchewka

# SOCCER

## *Ladies get first win*

After the 1994 season, the Lady Bulldog soccer team is perceived in a different light by fans. Why? Because they captured their first win since the program began four years ago. After the victory over Bartlesville College, Stasi Zirkel was voted the KCAC player of the week due to her achievements in the game.

Coach Barrett said that the victory for the ladies will definitely be the most memorable moment of the season. Barrett remarked, "I really saw a difference from the beginning to the finish of the season in how the team approached the attitude of playing soccer together."

The women's soccer team is excited about the advancements they have made this season, not only as individuals, but as a team. The women have already set high goals for the 1995 season. They know it will be a challenge to achieve their goals, but with a lot of hard work and discipline, anything is possible.

(below) The intensity of this year's team is evident on the faces of Staci Zirkel, Heather Hughbanks, and Sylvia Hayes.

"The team has grown so much over the years. I remember when we only played with eight girls who hardly knew anything about this sport. Spending these last four years playing soccer is one of my greatest accomplishments."

- Heather Hughbanks

# TENNIS

## *Women hit the courts*

Barbi Harris, coach of the McPherson College women's tennis team, understood when the season began that this was not going to be a team win year. "I knew that numerically not a lot of matches were going to be won," Harris said.

Harris had two goals for the team. The first was to simply have fun. When they did hit the courts, they had a great time, which ties in with Harris' second goal. "I wanted them to develop a real self-awareness on the court, such that they could understand where their mistakes were and why, and how to fix them."

The players each made vast improvements from the beginning of the season to its end.

"Tennis holds other satisfactions, rather than winning or losing. It's about playing hard, doing the best you can, and having fun while you do it!

- Holly Sechler

# CROSS COUNTRY

This year the cross country team began their first year under the coaching skills of Dan Hoffman. The Bulldogs were led by Gentry Swartz, Becky Standafer and Kelly Box, coming in seventh in the conference. With the help of Jessica Boothe and Amy Norsworthy the team had some extra legs to run on. Brett Johnson, Mitch Maestas, Patrick Crowdis, Pascal Reber and Michael Schneider rounded out the men's team for the conference meet in Hillsboro.

The Bulldogs are building for the future, and with new recruits coming in next year, they will put the bite on the competition. "This year we learned some new things and became a lot stronger for the next season," says Hoffman. If the team is anything like the coach says, they are going to be a force to be reckoned with in the upcoming season.

(below) On your mark. Get set. Go!

"The season was fun and I made friends with my teammates. Hopefully next year we will have enough runners for a full team."

- Becky Standafer

# BASKETBALL

## *Bulldogs continue success*

Our Bulldog basketball team completed another successful season finishing 15-13 overall, with an 8-8 conference record. It was bombs away this season for the Bulldogs as they shot 41% from three-point range, to rank fifth in the nation in the NAIA. With only three varsity players returning from last year, three seniors, Jonathan Coachman, Jarrod Miller, and Adam Clark, the squad pulled together and worked hard. The Bulldogs made it to the semifinals of the post season tournament where they were defeated on a late basket by Tabor College.

Three players were honored for their efforts this season. Chris Owens and Matt Richardson were named honorable mention to the all-conference team, while Jonathan Coachman finished his brilliant career with the Bulldogs as a unanimous all-conference player. For the second year in a row, Coachman was named the conference M.V.P. He finished his career as McPherson College's all time leading scorer with 1,772 points, leading rebounder with 685 rebounds, and leader in assists with 401.

The junior varsity squad was a young group who showed great improvement as the season progressed. They finished with a 12-8 record, and there are high expectations for this year's freshmen to contribute on the varsity level next year.

(above) Back row: Coach Trimmell, Jonathan Coachman, Brandon Rice, Jarrod Miller, Matt Richardson, Mike Walker, Jason Snodgrass, Ryan Schmid  
Front row: Erik Vogel, Michael Drees, Adam Clark, Doug Delay, Anthony Minor, Chris Owens

(below) Jarrod Miller reaches for the tip to begin the game for the Bulldogs.

"Even though we were not as successful as we would have liked to have been, I ended my career here with a great group of guys."

-Jarrod Miller

# BASKETBALL

## *Young team works hard*

The volleyball season was barely over when the basketball season started. Eleven of the team's fifteen players simply exchanged the white ball for an orange ball, the volleyball net with some baskets, and expanded the court a little. With eight freshmen, three sophomores, four juniors, and no seniors, the team was one of the youngest teams in the conference. Six players returned from last year's team, and the process of integrating the other nine did not last long, since most of the players knew each other from volleyball. Second-year head coach Marlys Gwaltney was assisted by Rob Vaughn in November and December, and George Stover took over as assistant coach in January.

The season was long for the young team. Several games were added to the schedule, among them a tournament at Panhandle State, Oklahoma near the beginning of the season, and a larger squad enabled the Bulldogs to play a junior varsity schedule. The players and coaches went through valleys and over hills, showing a lot of potential, but unfortunately not enough luck.

Many games had promising starts, but the size and experience of other teams was too much for the Bulldogs, despite their determination. They were able to win more games than in the previous year, and the 15 members of the team became friends who helped each other on and off the court.

Photos by Jon Hennrikson

(above) Back row: Coach Gwaltney, Trisha Young, Nikki Adler, Amy Ross, Andrea Bess, Jennifer Williams, Kelly Thaxton, Kerri Kobbeman

Not pictured: Merri Greene

(Far left) Andrea Bess, Jamie Smalley, and Amber Spillum show the tight defense of the Bulldogs.

(left) Jenni Buschhorn and Jennifer Williams look on as Trisha Young goes up for the shot.

(below) Kelly Thaxton shoots the three-footer with strength.

"Our record this year wasn't an accurate assessment of our team or our talent. We've worked very hard and if you compare our records from this year and last year, we've more than doubled our numbers in the win column. If this continues, we will have great success in the future."

-Kelly Thaxton

## GOLF

### *Battling on the links*

This year's golf team was larger in numbers than in past years, but lacked the experience necessary to successfully compete with the stronger programs in the state. Despite their youth and inclimate weather for most of the season, the Bulldog golfers came away from every meet knowing they had played their hardest and had enjoyed the challenge.

After the early season departure of last year's top golfer Michael Schneider, Bryce Brewer took over as the Bulldog's number one player. Brewer, along with Shawn McGowen and Jonathan Coachman, carried the team through the season. A three team dual between McPherson, Hesston College, and Central College, ended in victory for the Bulldogs. Coachman, Brewer, McGowan, Chris Saunders, and Trevor Carney brought home a fourth-place finish at the KCAC meet in Hesston.

Several other golfers played throughout the season, including Jesse Van Norden, Scott Plummer, John Wahl, and Ryan Schmid, gaining experience that will benefit their individual scores and help the team improve next year. Most of the golfers who played this season will be returning next year with the exception of senior Jonathan Coachman.

Photos by Ken Drentkham

(far left) Bryce Brewer takes a beautiful swing.

(left) Chris Saunders prepares for a shot down the fairway.

(below) Shawn McGowen blasts the ball out of the sand trap.

"This year I got to play on a lot of nice courses and I am looking forward to next season when we will be more experienced and ready to play. I also liked the meals that Coach Trimmell bought us when we went on the road."

-Jesse Van Norden

# TRACK

*Run it, Jump it, Throw it*

This year the track team was led by many dedicated and strong individuals. Teria Taylor, a veteran runner, was an instrumental part of the team as she lead the Bulldogs in points scored, and broke the school record for the 4 meter hurdles. The lady Bulldogs managed an impressive fourth place finish at the KCAC meet. Rod Hornbuckle was successful in his events, leading the men in points scored. The four seniors on the team, Jarrod Miller, Joe Marable, Teria Taylor, and Ali Stufflebean, provided commitment and leadership that will be missed next year.

Head coach Deb Moore reflects on the season with these words, "This year we had a lot of new incoming freshmen and they were all very good competitors. I expect even more improvement from the returning athletes for next year."

Photo: by Jan Henriksen

(above) LyChelle Gibbs and Matt Heidebrecht take off from the starting blocks.

(right) Willie Williams works on his hurdles during practice.

(left) Teria Taylor warms up on the hurdles before a meet.

(below) Matt Heidebrecht, Pat Crowdis, Joe Marable, and Hubert Freeman practice coming out of the starting blocks.

"I enjoyed this track season more than ever before. It was the best. Everyone was very supportive of one another. Not only did I get the opportunity to be the best that I could, but I also had the chance to make lots of new friends."

- Teria Taylor

# TENNIS

*A year of success*

The men's tennis team improved significantly this year. For the first time since 1990, a member of the team qualified for the third-place match of the KCAC. This was freshman Joey House who, along with Mark Boyer and David Wiens, led the team in conference wins with two apiece. Mark Frazier, Dan Marchewka, and Michael Drees rounded out the top six netters. This year's team had equal strengths, and Mark Frazier remembers the year as one in which, "everybody improved a whole lot. People showed more team commitment than ever with a lot of individual accomplishment and serious personal dedication."

This year's success was in the growth of the team. Individuals gained experience and the team became a unified, hard-working group. Expectations for next year are high as most of the team will be returning and several recruits will add their skills to the already well-seasoned team.

Photos by Jim Henrikson

(above) David Wiens hits a blistering return during practice.

(right) Mark Frazier works on his game in the sun.

(left) Joey House practices a serve in the Sport Center

"The team came a long way this season. The experience of winning our first meet against Friends was the turning point for the team. We became more competitive and aggressive. I am looking forward to next year when we will play in the fall as well as the spring.

- Joey House

# CHEERLEADING

*Girls keep spirit high*

Clad in matching shirts for the first time in many seasons, the cheerleaders blended experience with new ideas to create an enthusiastic atmosphere for the Bulldogs.

The year began with an exciting football season. Although the times occasionally seemed tough and the weather became less cooperative, the cheerleaders remained energetic and eager to support the team. They even spent an afternoon in Harnley Hall, attempting to bake several batches of cookies for the team members and coaches.

The basketball season began with a gasp as eleven proud women filed on to the court in brand new uniforms made possible by their new sponsor, Ken Queen. He also arranged for seven squad members to travel to Colorado Springs for an exciting game between the Bulldogs and the Colorado College Wildcats. Although the weather and the Wildcat crowd proved to be less than inviting, the mini-squad maintained an optimistic outlook as the team broke the Wildcats' home-court advantage into bits.

The squad finished the season strong and many of the cheerleaders are making plans to return next year for more excitement.

*Photos courtesy of cheerleaders*

(far below) Smile cheerleaders!

(below) Melissa Martens and Shelby Cruise lead the Bulldog crowd in a cheer.

Photo by Jon Henrikson

Photo by Jon Henrikson

"I really enjoyed cheering this year. We had a larger squad and people who had more experience with cheerleading. I missed being able to do stunts, but hopefully we'll be able to add some in the future. This year's leadership was well organized and I really liked our new uniforms."

- Melissa Martens

### *Adam B. Clark*

Congratulations Adam,  
our joy in you is equaled  
only by our love. May  
God bless you and may  
his wisdom and grace be  
deeply rooted in all you  
do. We love you!  
Mom & Dad

### *Jonathan Coachman*

It has been a full-time job  
keeping you humble these  
past four years, but we  
decided you were worth the  
effort! Our very best  
wishes.

The Development  
Staff Gang

## CONGRATULATIONS CLASS OF 1995!

### *Shelley Gibbens*

Our continued love to you as you begin another adventure. And our best wishes to your friends who were your family away from home.

Dad & Mom,  
Angie & Allen

### *Daniel R. Grizzell*

We are very proud of you and your accomplishments these past school years. You'll always be #1.

Fritz, Ann, Shane,

## Christine Hauschildt

May your future be bright,  
and may you reach your  
goals.

We all love you,  
From your father  
and Linda,  
Grandfather, Aunt  
Karen, Jim, Mark,  
Denise, and Jay

## Christine M. Hauschildt

We are so proud of your  
steadfast determination  
to pursue your goal and  
reach it. May your future  
be exciting, prosperous  
and rewarding. We love  
you.

Mom, Roy,  
Cathleen,  
Deborah, Karen  
and the whole  
clan

## CONGRATULATIONS CLASS OF 1995!

### *Anita Lora Huber*

"Skeeters,"  
Your educational goal has  
been attained. Now fly!  
What the world needs now  
is to see the fruits of your  
labor. Congratulations,  
we're proud of you.  
Continue to set high goals!  
Love,  
Mom, Dad, Brian,  
Julie, and Valene

### *Heather Lea Hughtanks*

# Professor of the Year: A Tribute to an Artist

1994-95 Students Selected for Who's Who Among American College and University Students—(Left to Right): Eric Dodson, Erin Swenson, Heather Hughbanks, Rhonda Kochin, Kandee Krien, Heidi Stone Dodson, Jenny Burger, and Rahila Miller

## Who's Who Students Select Wayne Conyers Professor of the Year

Professor Wayne Conyers earned a bachelor's degree from Bethany College, a master of arts degree from the University of Missouri at Kansas City, and is currently working on a master of fine arts degree at Fort Hays State University. He has been a member of the McPherson College faculty for the past 12 years. His own works in painting, printmaking and pottery have been selected for local, regional and national exhibitions. Rahila Miller, art major, comments, "[Conyers] encourages creativity in his classes and through his classes. He makes himself very available to students, and students from all majors enjoy taking classes from him."

## MAC IS...

For many of us, McPherson College is the only college or university we have ever attended. Having nothing to compare it to, MAC may be the best college in the nation to us. For others who have had other university experiences, MAC will be remembered for its familiarity and uniqueness. This beautiful campus is sometimes a haven from the outside world, and many other times, a prison. It is hard to get a view of real life while living on a college campus. Outside, no one will care whether or not our car broke down and that is why we were late, or we were up too late with family the night before to finish a proposal. We'll just put ourselves back on the job market. Yet, here we have our parents to pay the phone bill that we don't have the money for, the professor to coddle us and give us another week for a paper, and "Residence Life" that treats us like children, yet tells us to act like adults.

I would never exchange these years for any other experience, for this is where I learned a great deal about who I am, and to be true to myself even when the costs are high. This was a time when I questioned God on my own terms and in my own time, and learned that until I questioned God on his terms, no amount of time would give the answers. In hard times, I questioned the rules, limitations, and authority, and often argued just to hear my own voice. Though it was difficult, I learned it was acceptable to know more than your professor, just as long as you weren't a freshman. My parents became some of my best friends, and my most devoted support system. It is where I was confronted with my weaknesses, and learned that they could make me strong.

Of course, if I hadn't loved this place, I never would have devoted four years of my life and education to this place. There will always be those little idiosyncrasies that drive you crazy, like the fact that the lawn is more important than, well, ...most everything else. May I suggest that you never take it to the extreme of getting married just to get off campus. There will always be the skills we have learned here at the college that will be useful in later life. For example, writing a ten-page paper in less than four hours, creating believable excuses about why you got locked out of the dorm at 3 a.m., or why you shouldn't be punished for being found in the opposite sex's dorm room during an early morning fire drill.

MAC is and always will be an experience that gave me the confidence to pursue my dreams.

—Heather Hughbanks, senior

1994-95 Quadrangle Staff:
