### **America Gives Thanks**

"Make a joyful noise unto the Lord, all ye lands.

Serve the Lord with gladness; come before his presence with singing.

Know ye that the Lord he is God; it is he that hath made ing out Christ as our example, Presius, and not we ourselves; we are his people, and the sheep of dent Peters mentioned guides to his pasture.

Enter into His gates with thanksgiving, and into his courts with praise; be thankful unto him, and bless his name.

For the Lord is good; his mercy is everlasting; and his truth endureth to all generations."

For thousands of years these words, simple and easily by believing that life is more than understood, have lived in the hearts and minds of the thinkers and sages of the world.

Three hundred and twenty years ago the sentiments expressed therein were perpetuated to live forever in the minds of Americans by the thankful people whom God had blessed in the new worlds. Three hundred and twenty years ago the people of America gave thanks to God for the good which they had received. They gave thanks for the prosperity which was theirs; for the abundance which they had received.

Today, three hundred and twenty years later, America, virile, strong, and opulent, retains her early thankful spiritfaded, perhaps, and sometimes not as sincere, but present.

America today is thankful for plenty, for prosperity, and most especially for peace. America is thankful for the joy of living.

Let us hope that after another three hundred and twenty years America will still be thankful.

**Poesy And Prose** By Kathryn McRae Thanksgiving Day is the one na tional festival which turns on home life. It is not a day of ecclesiastical saints. It is not a national anniversary. It is not a day celebrating a religious event. It is a day of thanks-

The Sooners have had an exceptionally strong aggregation this year and will undoubtedly provide plenty of opposition for McPherson tonight. The game will be in the local stadium.

Early in the season the Teachers met another Kansas conference team, the Bethel Graymaroons, who were perhaps the strongest grid squad in the conference by the close of the season after getting off to a slow start. In this game the Kansans were victors by a 6 to 0 count.

The Teachers have had an outstanding record as far as injuries received during the season are conto alter their starting line-up because of injured players. Barring injuries received during their encounter with Riley and Camp Funston. Winfield, the Teachers will probably use their usual lineup.

McPherson on the other hand, has past two weeks have had to continue without their star back, Jack Vetter. In last week's encounter with Kansas Wesleyan, Vetter entered the Coyote threats. He will probably not see much action tonight, and will see the closing fame of his brilliant college career from the sidelines.

### **Gridiron** Gleanings

The Spectator

By Bob Burkholder

Glancing over last week's game with Kansas Wesleyan, one notices many should check up on their number of encouraging features as well as bad points.

The defense of the Bulldogs inside their own ten yard line was beautiful to behold the first quarter. Eighteen times the Coyotes had the ball inside the Bulldogs ten yard line and yet they couldn't push it across.

And then midway in the second quarter an enviable record was brought to an end. Junior French had to be taken out of the ball game with an injury. "Frenchie" had played every minute of every conference game and had played every minute of every ball game except about five minutes of the opening game against Midland.

Among the unfortunate incidents was a blocking of a McPherson punt midway in the second quarter. This was the first punt the Bulldogs had had blocked all year.

And then the most regrettable incident of all was the deliberate kneeing of Dee Miller by Paul Dupree of the Coyotes in front of the Bulldog bench and the Salina Journal's defense of Dupree's action. This has not been the only regrettable action of one of Gene Johnson's boys. The actions of Gene Johnson and of many of his athletes have not been to the credit of the conference the past couple of years.
