## "Welcome Alumni"

By Bob Mays

I have been asked to say, "Welcome Alumni" and it has just occurred to me again that this is the real purpose of Homecoming. The real purpose often gets lost in all the details of preparation.

Homecoming began last December with the setting of the game and since then has been gathering momentum each month until now we have over 100 students working on floats and decorations, 32 alumni on committees, 25 church women planning a meal, about 75 different men and businesses arranging for the parade and additional stands at the stadium, and ad infinitum.

Countless hours and countless people all for a few hours of pomp and glory.

When you get right down to it the Alumni must be welcome or nobody would go to so much effort to make this a big day. This is a "Big Day" for it is a time when students, faculty, alumni, and town all work together on one concerted effort to display what is felt by all to be the warm, friendly, and exciting spirit of MC.

WELCOME HOME, ALUMNI, IT'S GOOD TO SEE YOU ONCE AGAIN!

## Let's Go To Victory

Our football team has been winning. The coaching staff is doing a great job. The boys are really working at having a winning team. The cheerleaders, students and faculty have been giving their best at the games.

However, we were informed that the best cheering this year was done at the Baker game, where a minimum of fans had collected.

We feel that tomorrow night there will need to be a lot of enthusiasm, both from the cheerleaders and from the fans. The boys will do their part and it is our privilege to work alongside them and go on to victory. Let all of us help beat College of Emporia.

## Let's Clean Up

When this weekend is over the campus will or should take on a new look—a general face lifting. We are referring to the cleanup of the campus which will take place today.

If you have noticed, as you walked from one building to another, there is paper along each walk, candy papers, chewing gum wrappers, kleenex and other bits of paper. This clutters up the campus and makes it look bad.

We think it would improve the looks of the campus, if everyone would keep their wrappers and tissues until they can put them in a container.

If we all would cooperate in beautifying the campus, we all would appreciate its beauty.

Student Jobs Statistics have been compiled by Mrs. Kaye Yoder. During the first 10 days (September 4-14) 54 students applied for work, forty-four work opportunities were received, and 37 placements were made. Of these placements 15 were of a rather steady nature.

During the next 18 days (September 15 to October 3) 49 original enrollees were seeking work; 19 additional applications for work were received, making a total of 68 students wanting work. Sixty-six new job opportunities were received. Some others were left over from the period above; 54 placements were made, 14 of these being fairly steady.

Several students have busy schedules which have not permitted their accepting any of the jobs available. This leaves a good number of permanent jobs unfilled.

# Official Statistics Say Enrollment Down At Mac

Official enrollment statistics released Sept. 20 from the office of President D. W. Bittinger show a six percent decrease in the number of regularly enrolled students of the college, and a seven percent drop among special and pre-college students.

Despite the decrease in the number of students, the enrollment of freshmen men and women enrolled in the college has increased from a 1950-51 high of 57 percent of the total number, to a record 63 percent.

Last year the enrollment figures tabulated to Oct. 1 showed a six percent increase in the student body. This year's drop is attributed to the drafting of fellows into the armed services, and contributing factors.

McPherson College has 111 freshmen, 84 sophomores, 70 juniors, and 57 seniors. There are 43 special students, and 61 pre-college. Both the junior and senior classes show some increase over the total number enrolled in those classes last year, while the two lower classes show a decrease.

Statistics show that of the 322 students who are regularly enrolled (12 semester hours or more), 166 are from the State of Kansas, which enrolls the highest number, Iowa is second with 40, Missouri and Colorado rank third and fourth on the list with 17 and 15 students, respectively.

Nebraska and Texas have eight students each, Idaho has seven, Illinois has six, and California, Oklahoma and Ohio all have five. There are three students each from Minnesota, Nevada, New Mexico, and Indiana. Montana, Pennsylvania, Virginia, Washington, and Maryland are represented by two students each; and North Dakota, South Dakota, Mississippi, and Oregon by one student each.

Eight other countries besides the United States are represented by members of the student body. There are four from Samoa, two from Iran, and one each from the Honduras, Hawaii, Japan, Puerto Rico, Israel, and India.

By religious affiliation there are 198 members of the Church of the Brethren, 29 Methodist, 17 Presbyterian, 10 Christian, 10 Baptist, eight Lutheran, seven Mennonite, four Catholic, four Congregational, three Evangelical United Brethren, three Nazarene, two Free Methodist, two Church of Christ, and one student, each, affiliated with the Church of God, Latter Day Saints, Mennonite Brethren, Old German Baptist, and Zion Evangelical churches. Thirteen students claim no religious affiliation.

## "Memories Of '23" Published By Pote

"Memories of '23" appeared in its twenty-fifth issue this September.

"Memories of '23" is the newspaper of the Macollege graduating class of 1923. Orville D. Pote, editor of the paper, was editor of the Spectator while in Macollege.

Members of the class contribute news of their jobs, families, trips, and their interests for the paper.

The class of '23 is the only Macollege graduating class that has maintained a regular yearly newspaper.

In 1948, the twenty-fifth anniversary of the class, a picture edition of "Memories" was published. The edition included recent photographs of the members of the class and their families.

The present issue is the first that has been published since the picture edition.

Tolerance consists of seeing certain things with your heart instead of with your eyes.—O. A. Battista.

An ideal is the only thing that has any real force. We have lost sight of our own ideal and its tremendous force and vigor. Something that must be recaptured. It must be passed on to generations to come, to make them believe in it; so that the energy in man which has its source in the ideal will not be lost.—Homer Ferguson.

## Mexico Bullfights

Bullfights were introduced into Mexico by the Spaniards shortly after the conquest with such splendor that they appealed to the Mexican people and thus have continued through the years.

Best of all, I think are the Mexican people. They are very noisy and enthusiastic and fear the bullfighters with insults and seat cushions if they show any signs of fear or are clumsy in their performance.

Each bullfighter wears a little braid on the back of his head. This is to protect the base of his skull and is a trade mark of a bull fighter. Before going into the ring, the bullfighter prays at the chapel at the bull ring.

The bullfights follow a very old ritual. Everything has to be done according to exact rules and custom. First the man representing the old Spanish Constable mounted on a spirited black horse crosses the arena to the judge's box to ask permission for the fight to begin. He then backs the horse across the arena to the door which he had entered. After the Constable has reached the door, the procession begins.

Second in line are the Matadors who walk abreast, each followed by his own helpers. Then come the four picadors that are mounted on padded horses. Following them are the ring attendants dressed in red and white. They are called Wise Monkeys. Their job being to remove the dead bulls from the ring.

As the bull rushes in, he is excited by the helpers from opposite sides of the ring to give the Matador the opportunity to judge his speed and method of attack. After a few minutes the Matador begins a series of graceful passes with his big cape. Then come the Picadors on horses with their long pikes to stick in the bull's shoulders.

Each bull has to charge the horses three times, and each Matador in turn takes the bull away with a series of passes called quites. It is in the quites that the Matadors do their fanciest cap work with each Matador trying to out do the other.

If a bull is unsound for cowardly, or for any reason refuses to fight, the crowd demands that he be taken out and another bull brought in. To remove the bull from the ring, trained oxen are brought in to surround the bull and he is led out.

Following the quites, the bugle is sounded for the banderillas to be placed. They are short gaily adorned sticks with small hooks to pierce the skin and hang on to the bull's hide. Banderillas are the men who do this work, they each have six sticks to be placed. Then the bugle announces the end and most dramatic phase of the fight. The Matador enters the arena alone, holding a sword in his right hand covered with a small red cape. Each "end" of the bullfight reveals the calibre of the Matador because this is the most dangerous and difficult part of all.

As the bull charges, the Matador leaps to meet him, his body poised between the horns for the thrust which sends the sword into the small area between the shoulder blade and the heart. The moment the bull falls, a helper cuts the back of the bull's head with a dagger. After the bull has been taken from the ring, it is cut up and sold to restaurants.

## Faithful Beast Dies At Mac

By Bryce Miller  
Born June 5, 1948—Died Sept. 29, 1951. Thus reads the obituary of a very valiant but doomed motorcycle. Acquired by its present owner on Aug. 15, 1951, it had seen many far-flung places including Colorado Springs and Pike's Peak.

The faithful old beast of burden had carried over forty people upon its back since arriving on the Macollege campus. Thru rain or mud it had taken and splattered its best friends.

Although burdened by a colt, the cycle had often reached top speed in a violent burst of smoke. The familiar pop-snap-crackle of the purring motor will long ring in the ears of Macollege students. The fatal error in the life of this creature was committed the day it ran over the curb east of Fahnestock Hall and forgot to dodge the tree looming ahead. Result—many bruises and two injured feet.

## Hayes Elected To Office In Kiwanis

Prof. Guy Hayes, associate professor of rural life, was elected lieutenant-governor at the First Annual Kiwanis Convention of the Kansas District.

The convention was held in the Broadview, Lassen, and Allis hotels of Wichita Sunday through Wednesday of last week.

There are ten divisions in the Kansas District, and Guy Hayes will serve Division Five.

Rev. Harry K. Zeller, Jr. spoke at the Tuesday noon session. His topic was, "That We May Live."

Other persons attending the convention were: J. H. Fries and Gordon Yoder.

## Vancil Pays Taxes With Korean Money

Charles Vancil, former Macollege student and brother to Miss Sarah May Vancil, sent from Korea 6,000 Korean won to cover a 1950 personal property tax.

A few weeks ago the county treasurer's office checked over the tax rolls and found that Mr. Vancil had not paid his 1950 personal property tax so it mailed him a notice.

Later the office got a letter from Corporal Vancil reading thus: "Enclosed is 6,000 Korean won-Korean monetary unit—to meet the personal property tax of \$1.83 which I notice I owe for 1950. There also is 100 Japanese yen to take care of interest or penalty."

Six thousand won is worth \$2 in American money in Korea. The money is to be sent to New York for exchange.

McPherson Daily Republican carried a feature article on the incident on Oct. 2, and the Associated Press papers of this area had AP releases on the story on Oct. 4.

Corporal Vancil is with the 437th Engineer Construction Battalion which left from McPherson a year ago in August. He has been in Korea since the first of this year.

## Bittinger Speaks At Bethel College

Dr. D. W. Bittinger participated in a panel discussion Sunday evening Oct. 7 on the topic "Why Does the World Need Church Colleges?" This was part of a program celebrating the 53rd anniversary of the founding of Bethel College, Newton, Kansas.

The panel was made up of four college presidents representing Methodist, Quaker, Brethren and Mennonite churches. Besides Dr. Bittinger, President N. P. Horn, Baker University; President S. A. Watson, Friends University; and President Ed G. Kaufman, Bethel College, were participants.

The meeting was held in Memorial Hall at 8 p. m. on the Bethel Campus. Dr. and Mrs. R. E. Mohler and Mrs. D. W. Bittinger were also present.

Dr. and Mrs. Bittinger and Dr. and Mrs. Mohler were returning from a weekend business trip to Pampa, Texas, Oct. 5-7.

The college museum will be open for public inspection between the hours of 1 and 3 on Saturday afternoon.

## Macollege Has Excellent Museum

The museum of Macollege is located on fourth floor of Harnly Hall. The creator of the museum was E. Z. Sharp, who was also the founder of McPherson College. He was one of the states leading geologists, and picked up articles from over the state. Some of the articles that he collected can still be found in the museum.

Following E. Z. Sharp, Dr. Harnly worked on the museum for a period of forty-three years. Also Dr. H. H. Nittinger worked for several years on the museum and started the first systematic work.

About ten years ago Dr. Mohler took over the museum, and during this time has catalogued the museum which contains thousands of articles. Dr. Mohler has also added many valuable specimens to the museum.

There are two outstanding collections in our museum which are not known to most people. The museum contains one of the most complete fossil collections of any college museum.

Mounted specimens which are outstanding are those of the saber-tooth tiger, the giant sloth, and the dire wolf. These specimens were obtained from the LaBrea tar pits near Los Angeles, Calif. Another outstanding piece is a slab of agouti from the Agouti quarries in Nebraska.

There are also outstanding missionary collections from Africa and China. Another article which draws attention is the synthetic diamond made by Dr. Hershey.

## Contribute To Freedom Crusade

Contributions are now being taken on McPherson College Campus for the Crusade for Freedom Program. The program is sponsored by the National Committee for a Free Europe, which is composed of a group of private citizens united to spread freedom to Soviet Russia.

The committee operates Radio Free Europe in western Germany. Their transmitters broadcast messages daily behind the Iron Curtain. It identifies quislings and informers for its listeners. It reports on disappeared persons. It sends messages from escapees. It spikes Red propaganda and spreads news the Soviets would rather not have known.

This committee also sends exiles from oppressed countries throughout the United States on lecture tours, to let America hear the first hand story of Kremlin oppression.

Money collected in this drive will be used to establish two more powerful transmitters for Radio Free Europe and to establish a freedom station in Asia to stop the spread of Communism in the Far East.

Contributions should be made in the Central Office before Oct. 13.

## SCA Begins Active Year

# Robison, Ball Score To Win Conference Game Over Baker

Robison and Ball

Mac Bulldogs defeated Baker as a result of John Robison's and Eddie Ball's superb ball handling. In the early minutes of the mud-battle the Wildcats punted to the McPherson one-yard line, from here the Bulldogs started a march that did not end till Robison splashed over from the Baker two.

The men figuring in this 99-yard drive were: Robison, Bob Kerr, Wayne Blickenstaff, and Gene Smith. The Canines were off-sides when they tried for the extra point and the attempt failed. The first quarter ended with the now wet and muddy Bulldogs on top 6-0.

With the rain coming down in blankets in the second period the Bulldogs started another drive on the Baker 35 that was to give them another 6-point.

With Wayne Blickenstaff and Co-Captain Bob Kerr carrying the ball the Bulldogs moved the pigskin to the Baker 12 yard marker in two plays. Then the former McPherson High School footballer, Eddie Ball swivelled-hipped and dogged across the final yard marker from the 12 to put the Bulldogs ahead 12 big points. Ball again got in the act and carried the slimy ball over for the extra point.

The Bulldogs scored their final tally in the third quarter, taking over on their own 49-yard line. With Ball and Smith juggling, the pigskin the Canines steamed rolled to the Baker 3 yard marker; on the next play Ball plowed over for the tally. Hoch carried the ball over for the extra point.

In the final period the Baker offensive began to move, and the Wildcats climaxed a 64 yard drive with Jay Steele, the Baker quarterback, hitting paydirt on a quarter back sneak from the McPherson 6-3 yard line. Everett Williams attempted to kick the extra point but failed.

Playing conditions were miserable throughout the game with both teams fumbling many times. Several long runs were cut short when the ball carriers slipped and fell in the slippery mud and the cold, cold water.

The Bulldogs outplayed Baker in nearly all phases of the game. The Canines racked up 15 first downs to six for the Wildcats. McPherson piled up 271 yards to Baker's 100 yards.

## Various Jobs Held By 47 Students

Records from the Business Office, and the Office of the President show that 47 students are employed in the services of MacCollege this semester. Jobs include janitorial, secretarial, library, and cafeteria work.

Janitors in Harnly are Gilford Ikonberry, Joseph Johns, and Dale Royer. Those performing the same function in Sharp Hall are Gerald Neher, Elmer Fike, Wilbur Bastin, Ralph Royer, and David Webster.

Don Hoch, Marlo Oltman, and Bob Mikesell keep the Industrial Arts building clean; while Don Ford and Shirley Wine take care of Kline Hall.

"Chief cleaners" in Arnold are Mary Caster, Carole Huffman, and Marilyn Roe. The men's dormitory, Fahnestock Hall, is cleaned by Beryn Ottman, Don Fike, and Don Wagener.

Maurice Richards is responsible for the cleaning in Beeghly Library. Don Ford hauls paper, and Bob Boyer is the building lock-up man.

The cafeteria employs 13 students. They are: Bob Bechtel, Walter Blough, Vinay Likhite, Eldon Coffman, Bob Wilson, Alice Flory, Elsie Kindley, Phyllis Johnson, Dolores Sigle, Pauline Adams, June Blough, Mary Caster, and Barbara Berry.

Betty Jo Baker, Lorene Clark, Clara Domann, Jerry McConkey, Veva Wagner, and Margaret Yost work in the library, checking books, filing material, and making records.

## Champs In 1923

(Ed. Note: This is an excerpt taken from the Quad of 1924.)

"Playing its third year of conference football M. C.'s Bulldog football team fought its way to the Kansas Conference Championship. The excellency of the Bulldog's play is shown by their record. They made twice the yardage that opponents made; they made 73 first downs to their opponents 32; they completed 54 percent of their passes for an average of 18 and five-tenths yards, while only 20 percent of their opponents' aerial attempts were successful—for an average of 8 and five tenths yards.

The Bulldog defense was famous throughout the conference. Only once did the opponents break through the line for more than four yards.

M. C.'s Bulldogs are widely known for their fairness and sportsmanship. McPherson is proud of her football team and the honor it brought to her."

The 1923 Kansas Champs were coached by Floyd Mishler. The conference standing was 8-3. Richard V. Keim was chosen captain of the championship team.

Other players contributing to the conference championship were: "Heinie" Hahn, who played fullback and became captain of the 1923 squad; "Doc" Heaston, quarterback; "Si" Sargent, end; "Doc" Kurtz, center; "Johnnie" Lengel, guard; "Stan" Keim, tackle; "Tok" Carter, halfback; "Frank" Barton, end; "Dick" Hill, halfback; "Bill" Madra, tackle; "Pete" Morine, guard; and Captain "Dick" Keim, guard.

## What In 1951?

The 1951 Bulldog team is well on its way to Kansas Conference Championship. If the Bulldogs pull tomorrow night's game out of the fire, there seems to be clear sailing from then on.

However, the 1951 team will have tough going even up to the last, as did the team of 1923. There is never a time when a team should feel that they can let their hair down and take it easy. Only through hard work does a team win such an honor. We can do it only if there is sufficient backing.

## Library Boasts Six Assistants

For perhaps the first time in MacCollege history, the library has six assistants, all of whom are veterans.

The library is also operating on a smaller staff although it is open two hours longer during the week and is doing heavy business.

The two seniors on the staff are Lorene Clark and Miss Jerry McConkey, who was a student librarian at Emporia State last year.

Juniors are Clara Domann and Betty Jo Baker. Veva Wagner and Margaret Yost are the two sophomore librarians.

Maurice Richards is again library janitor.

Head librarian Virginia Harris is beginning her eighth year in MacCollege library with Sarah May Vancil, starting her fifth year, as assistant.

# C. of E. Bulldogs In Homecoming Game

The McPherson College "Bulldogs" will meet the College of Emporia "Presbies" in their Homecoming game here Saturday.

Coach Wayne J. McConnell of C of E will bring a squad of 32 men to McPherson for tomorrow night's game. Fueled by fullback Lem Harkey, the Presbies will be out to give the Canines a run for their money.

The Presbies, well at the bottom of state college football last year, have rolled to a couple of impressive conference victories this season.

They slaughtered Baker 42-7 in a league skirmish two weeks ago, and last week they took the Bethany Swedes to the cleaners by whitewashing them 33-0.

The starting line-up will probably find Howard Wilkins and John Makrazak at the terminal positions. Holding down the tackle spots will be Jack Cracraft, a six-foot, 190-lb. junior, and Rodger Blanchard, a sophomore from Kansas City, Ka.

Melvin Geier, a 5-foot 8-inch senior, and Willie Chal, also a 5-foot 8-inch senior from Honolulu, will be given the job of handling the guard positions for the Presbies. Snapping the ball for C of E will be John Moreland, a senior from Topeka.

In the backfield for C of E tomorrow will be Walter Myers, a 6-foot sophomore from Hamilton, Pa., and Jim Naughton, a 170-pound senior from Long Beach, Calif. These two laddies will be assigned the two half-back positions.

Barking the signals from the quarterback slot will be a freshman, Kenny Lott, who hails from Manhattan.

In the fullback position at game time will be Lemuel Harkey, who comes from Lawton, Okla. Harkey has been a mainstay in the Presbies' line-up and has had a lot to do with the success of the C of E team this year.

Coach "Woody" Woodard will probably start Bob Peel and Dave Metzler at offensive ends tomorrow night. Peel has played a great deal of defensive end this year for the Canines and will get the nod for the left end position on defense.

Metzler, the red-haired distance man on the Bulldog track squad last year has been doing a great job of blocking this season although he has not had too many opportunities for catching passes, which he is very capable of handling.

Other ends that will probably see action are Bob Bechtel, who has been held back by an injury, and Clive Sharpe, the glue-fingered end from Scott City.

Big wheels in the Bulldog line, George Keim and "Steve" Stevens, who have been holding the Canines' offensive line together for the best part this season, will start at the tackle positions tomorrow night.

Keim, the man mountain from Idaho, will also draw the defensive tackle assignment from Coach Woodard.

Marvin Ferguson and Ken Pritchett will be in the guard slots come game time tomorrow night. Ferguson is a letterman from last year and has been playing good ball, although he was slowed up at the beginning of the season by the flu.

Pritchett is playing his last year for MacCollege and is seeking his fourth monogram in football.

Don Cole will be hovering over the ball tomorrow night for Coach Woodard's offensive team. Don is a freshman, having graduated from McPherson High last year. He is the strong silent type; but when it comes to playing the offensive center spot, Don is hard to

beat. The offensive backfield that will take the field tomorrow night will include Wayne Blickenstaff, the cool-headed sophomore from Idaho, who will be calling signals, Captain Bob Kerr, MacCollege running ace from last year, and Gene Smith, the hard-driving regular from last year's squad will be on the half-back positions.

The fullback position will be filled by either John Robison or Eddie Ball. These two boys have been doing some outstanding running for Coach Woodard this year.

Robison has a little more drive than Ball but Ball is a little more shifty in open field running than Robison. It will not make much difference which one of these boys starts. The fullback position will be in good hands.

Coach Woodard's defensive team will find Robison and Richardson at the line backing positions. Richardson is a freshman from Little River. He has been plenty rugged on defensive and will see a lot of action Saturday night.

"Digger" O'Dell and Dwight McSpadden will probably be holding down the defensive half back spots. In safety will be Co-Captain Charles Petefish, a great pass defender. Charles is also seeking his fourth monogram in football.

Defensive changes that will be made by Coach Woodard in the line include Loren "Red" Blickenstaff at the tackle spot. Loren did not play football until this year but is handling the defensive tackle spot like a veteran.

Roland Delay, the converted backfield man from last year's squad, will take over the defensive guard position.

The game tomorrow night is considered a toss-up because the Bulldogs have not played opponents strong enough to tell what they can do against a strong team like C of E.

C of E blanketed Baker 42-6, but the Bulldogs beat them only 20-5; however, the playing conditions for the two games were so different that not much comparison can be made.

The team that comes out on top tomorrow night will be greatly favored to come out on top of the scramble for the conference title at the end of this year.

## Six Teams Are In Early Lead

Six teams have taken an early lead in the intramural volleyball running so far this year.

As of Monday night, there were four teams that were still undefeated. All of them had a record of five wins without a blemish. There are 24 teams registered with Coach Dick Wareham for the tri-weekly contests.

The records of the six top teams are as follows: Sharpe 5-0; Metzker, 5-0; Shaeffer 5-0; Petefish 5-0; W. Blickenstaff 4-1; and Faculty 4-1.

Coach "Woody" Woodard and his "Bulldogs" in practice for the Homecoming game with Coach Wayne J. McConnell's "Presbies" from College of Emporia tomorrow night at 8:30.

The "Bulldogs" have won three out of three games this year. They won over Bethel, Concordia (Neb.) Teachers and Baker. Two of these games were conference games.
