Rev. Bob Richards To Speak For 1958 Youth Conference

Rev. Bob Richards, known as the "pole-vaulting parson," has been secured as the guest speaker for the 1958 Regional Youth Conference and the Spiritual Emphasis Week.

Once when Rev. Richards was trying for the 15 feet mark, he thought he had made it for sure; then an announcement came that an error in the measuring had been made.

The official measure was 14 feet 11 1/2 inches. When the news reached Bob, he is quoted as saying, "Fifteen feet became a thing I had to do."

The "vaulting parson" is the second man in history to vault 15 feet or more. In January, 1957, Bob was one of ten men between the ages of 21-35 to receive an award from the Junior Chamber of Commerce for outstanding contributions to their professions and dedication to the general welfare.

Students Circulate Petitions For Annual Campus Elections

All prospective candidates for the student body elections may obtain their petitions from Mrs. Dell's office. The petitions will be circulating around campus until April 2 when they are to be handed to the present student body president, Don Colberg.

At the top of the petition must appear the signature of the petitioner running for office and the position for which he is running. To be in the final stretch of the election, the signatures of 50 regularly enrolled students (those with twelve or more hours) must appear on the petition.

A nominee must also carry at least twelve hours at McPherson College.

Elections in April
Elections for the president and the treasurer of Student Council, MCA steering committee, cheerleaders, and Student Court representatives will be held during the chapel period on Tuesday, April 9.

Candidates for president of the Student Council and of the student body must be a member of next year's senior class. The treasurer must be selected from next year's junior class.

One student council member carries over each year from each class, which decides whether the boy or the girl representative will remain on the council, then elects another boy or girl, as the case may be.

For Student Court, each class nominates two more than their present number, who remain on the court. The number allowed on the court are five seniors, four juniors, three sophomores, and one faculty representative.

Chairman for the Student Court must be a senior with at least one year's experience on the court. He and the secretary are elected by the members, who have been elected by the student body.

Anyone other than nominees may run for Student Court by securing a petition with the signatures of fifty regularly enrolled McPherson College students.

MCA Committee
A nominating committee was set up for MCA and will present its nominees for next year's MCA steering committee to be voted upon by the entire student body.

Cheerleaders must have positions similar to the ones that are used by Student Council president and Treasurer nominees. Try-outs will be held prior to the voting. Students should feel that the positions to be filled have definite responsibilities. Serious thought should be given to nominees and

their qualifications for these responsibilities carefully studied.

Student Council Duties

Student Council directly administers the Spec., the Quad, and the student handbook, the Growl. It directs income from the student activity fee; awards recognition of achievements in extra-curricular participation; determines and relays student opinion to faculty, administrators and the Board of Trustees when it is necessary.

Prior to the 1953 election of a Student Council president and a treasurer, an entire day was taken for the election and students voted at polls which the election committee had set up. In 1955, the election was held during the chapel period.

Extra - Curricular

That is for the extra curricular activities' representatives to the Student Council.

Sometime between April 15 and May 1, the presidents of all extra curricular organizations will meet with the Student Council president and they will nominate two boys and two girls from the student body.

Between May 1 and May 15, each extra curricular organization will vote on these four. Each organization gets two votes, one for one boy, and one for a girl.

Rev. Bob Richards, member having heard Rev. Richards at the National Youth Conference in Anderson, Ind., in 1954. Bob also gave a pole-vaulting exhibition at Anderson.

All during the time which he spent in sports, Rev. Richards gave much of his energy to evangelistic meetings. "He is a deeply consecrated Christian who believes that Christianity can work on the field of sports as well as on the playing field of life."

Macollege feels fortunate in having secured Rev. Richards as a 1958 speaker on campus.

College Invites Local Parents

Parents of McPherson College students will come to campus next Wednesday evening, March 27, to become better acquainted with the campus and with the teachers.

Beginning at 7:30 in the chapel, there will be a brief entertainment program. This will be followed by tours around the campus in which students will take their parents to visit various departments and professors.

Miss Mildred Sieck, head of the Home Economics Department will serve refreshments later in Vaniman Hall with the help of students majoring in home economics. While at Vaniman Hall, parents may visit the Art Department rooms.

Parents' Night grew out of a suggestion made by the civic college committee, which is composed of McPherson businessmen and members of the college Public Relations Department.

The over-all committee for Parents' Night is Merlin Frantz, chairman, Dr. Kenneth Bechtel, Robert Wise, Miss Mildred Sieck, and Prof. Paul Sollenberger.

College Boosters To Hold Kick-Off Supper Thursday

A kick-off supper meeting of the Booster Banquet boosters will be held in the college cafeteria on March 28. The Boosters are the 60 men spearheading the drive for the Booster Banquet, which will be held in Convention Hall on April 6.

Merwin Haggood, president of the McPherson Chamber of Commerce has been named chairman of the McPherson College Annual Booster Banquet Drive.

Ernest Peace, manager of Duckwall's Store and John Sheets, McPherson College Public Relations Department, are the other committee members.

Booster Banquet originated in 1931 when V. F. Schwalm was president of McPherson College. Nearly 600 people attended this first Booster Banquet.

Kansas Governor Harry H. Woodring was the featured speaker. Because of weather conditions, he was stranded in Larned. In order to get Gov. Woodring here, the college chartered a special train - the caboose of a freight train.

During the war years, Booster Banquet dwindled to a reception. For the twenty-fifth annual Booster Banquet, held in 1955, Julian Gromer, world traveler, photographer, and lecturer from Elgin, Ill., presented a film called "Jewels of the Pacific."

In 1956, the A Cappella Choir, under the direction of Prof. Donald Frederick, presented the Booster Banquet program. This year's program will be presented by the McPherson College Chapel Choir under the direction of Miss Doris Coppock.

Quad Signs 1958 Contract

A contract for the 1958 Quad-rangle was signed Tuesday afternoon, March 19.

Although the last deadline for the 1957 yearbook was only March 12, next year's staff is already making plans for its book.

Eck Bittling is the editor of the 1958 book, and Donna Davidson is the business manager.

Delk Lands On First Team Of Kansas Conference All-Stars

Ed Delk, McPherson's smooth playing basketball star, was picked for a berth on the Kansas All-Conference team by a vote of the coaches of the eight teams in the conference.

Delk, a married veteran, has an average scoring of 18.3 points per game.

Others making up the first all-star team are Bob McChene, Ottawa; Arley Loeffler, Bethel; Don Kukuk, Baker; and Steve Muck, College of Emporia.

Bernard Whorley, a junior, made the second all-star team. Others on this selection were Larry Dick, Bethel; Don Laswell Friends, Charlie Taylor, Friends; and Harry Houdek, Kansas Wesleyan.

Honorable mention went to Jim Keen, Baker; Gib Dyck, Deo Saunders, and Bill Thomas, Bethany; Cot Graber and Dwayne Reuser, Bethel; Webster Gaylord and Floyd Reichardt, College of Emporia; Dean Engel, Kansas Wesleyan; Roger Keltner and B. O. Knight, Ottawa.

McGhee of Ottawa had a 24.9 average for the season. He played in 24 games, scored 221 field goals and 155 free throws for 597 points.

Mac Exchangee Attends Seminar; Visits Bonn, Paris

(Editor's Note: Elsie Lucore, Macollege student who is an exchangee to Germany, has written another letter to the college.)
Dear gang,

The first of February we took a two-day trip to Bonn for a sort of political seminar and visited their Senate and Congress and talked with various important people. We received a general overall picture of the government and how it works.

One weekend I attended a professional and academical conference at which I had to give a speech again.

Spiritual Retreat

We had our mid-Winter Spiritual Retreat in Kassel Feb. 15-20. It was good to see all the kids from Mac again and especially good to speak English again.

The first day was a heifer distribution at which the 3000th heifer Miss Hope, was distributed.

Clara Zunkel, Vernon Scott, Kelly Day, and all send their greetings. Kelly showed us his slides which he had taken and it was good to see what good old Mac looks like.

I visited recently at the Pamborg home. Gary is at Swarthmore College, Swarthmore, Pa.

Trip to Paris

March 2, after the official end of the semester, we took a trip to Paris. We were a group of 47 students and were there for six days. I think we shortened our legs. Two inches running all over trying to see everything, but it was worth it.

We began with a tour of the city in order that we would have an idea of where everything was.

Then we went to Notre Dame, Sainte Chapelle, the Bird Market, which is on weekdays a flower market, and the famous Flea Market. Everything possible is for sale there.

The Monmartre was a fascinating place with all the artists standing around drawing. If you felt extravagant, you could have one of them paint your picture

for anywhere from 300 - 1000 francs.

Versailles

One day we spent in Versailles and Chartres. We went through the castle of Louis XIV in Versailles. It is really a fabulous thing, with all its tapestries and its myths painted on the ceiling. We went through the gardens and saw the toy village of the queen.

The stained glass windows of the cathedral in Chartres are really awesome. There are the three huge windows of roses and the color is fabulous.

I have never in my life seen such colors. The blue is terrific! The secret for the color is lost. This loss seems too bad, but perhaps it is good; otherwise it would become a common sight instead of a rarity.

In Louvre

We spent two days in the Louvre, where one could spend months. It is really a paradise with everything conceivable. We also spent some time in Palais Chailott in the Museum of Man which was also fascinating.

Sincerely,
Elsie

CBYF Plans To Buy Bus For Falfurrias, Texas, Work

By Juanita Fike

The CBYF has set as its goal \$300 to help purchase a bus for the Church of the Brethren in Falfurrias, Texas. Sunday evening offerings have been taken to help reach this goal.

Earlier in the year Dr. Bittinger met with the CBYF and told them of several projects which they might like to adopt. He told of the tremendous need of buses at the Falfurrias project where his son, Stanley, is now living and preaching.

Several old school buses, which have been condemned, are being used to transport people to and from the church. Dr. Bittinger recalled having seen over 100 people unload from a 49-passenger bus.

On Sunday, March 24, the Chapel Choir will appear in the Bethel Church, near Carlton, Neb., and the South Beatrice Church in Beatrice, Neb. It will also appear on the Booster Banquet program on April 6.

Pondering With The President . . .

Parents' Night

A new experiment is being tried at McPherson College.

The suggestion for it came from parents of some of you who are in school.

The time of the experiment is 7:30 Wednesday, March 27.

It is called "Parents' Night."

Some parents of our college students who live in McPherson County, McPherson City, and nearby towns told us that you come home and speak of Dr. Hess, the Chemistry Lecture Room, Miss Stiek, Raymond Flory, the SUR, the Dog House, the Chapel, Miss Lehman.

They do not know where these people work or where these places are. They feel they could be more understanding of what is going on at the college if they actually knew these people and these places.

Accordingly, the college faculty discussed this and decided that it would be good to have a parents' night and to invite your parents to come to the college, see the faculty, visit their offices, and look over the areas where college work is done.

When a count was made of the parents and students near at hand, behold, it was discovered that more than 200 parents and students could be involved in a Parents' Night.

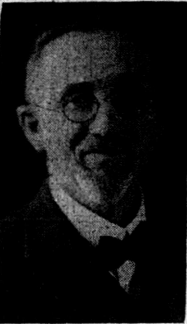

A letter was sent inviting them, and plans have been made to have them here at the college next week.

There will be a brief program in the chapel, setting forth something of the college and its work. Then the students will be free to take their parents around the campus, showing them the work areas and introducing them to the people.

The evening will conclude with refreshments at Vaniman Hall. Here they will be able to see our new fine-arts building.

We urge the cooperation of every student who lives in McPherson or nearby, in order to make Parents' Night a great success.

If some of your parents who live farther away would like to come, we invite them too.
