

THE SPECTATOR

VOL. XII

McPHERSON COLLEGE, McPHERSON, KANSAS, TUESDAY, MAY 7, 1929

NUMBER 32

SENIORS ENTERTAINED BY THE JUNIOR CLASS

**Banquet Was Held In The
Basement Of The Brethren
Church**

KEITH HAYES, TOASTMASTER

**Tables Radiated From The Garden
In The Center Of The Room**

The basement auditorium of the Brethren Church was transformed into a beautiful garden in which the tables for the Junior-Senior banquet were set Friday evening at seven o'clock. The entire room was enclosed in lattice work which was spaced with small trees and in which green vines were interwoven. In the center of the room was a garden set off from the tables by a white picket fence. A cobbler stone walk led from a gate in the fence around a tulip-bordered pool containing gold fish and into which water from a rock fountain was continually running. Lights were so arranged around the edge of the pool that they were reflected in the water, thus making the pool the center of attraction. Ferns were placed at various points around the edge of the garden. The most unique and beautiful features of the garden were the enormous bouquets of Madonna lilies which some members of the Junior class received from their homes in Louisiana. Large baskets of lilies were placed at each end of the garden and other bouquets were arranged along the side fences. The tables, which radiated from the central garden, were decorated with baskets of roses, sweet peas, and rose candles in silver colored holders. Small bouquets of rose sweet peas tied with silver paper were placed at each table as favors.

The guests assembled in an upstairs room of the church and at a little after seven were escorted down to the banquet room by Mr. Keith Hayes, Junior class president, and Miss Della Lehman, class sponsor. During the time that the guests were finding their places Miss Helen Eberly played softly on the piano which was almost hidden behind the lattice work.

The serving was done by fourteen waitresses and waiters picked from the Freshman and Sophomore classes. The seven girls wore simple organza dresses in pastel colors and their partners were dressed in white trousers and black jackets.

Keith Hayes, as toast master cleverly introduced each person on the program. Velma Wine, vice-president, extended the welcome to the Seniors and Elmer McGonigle, class president, responded. The program consisted of readings by the Misses Della Lehman and Mildred Swenson, a flute solo by Lawrence Turner, and two numbers by the college male quartette. Toasts were given by Bernice McClellan, Harold Melchert and Doris Ballard. The garden theme was carried out in the entire program.

The dinner was prepared under the direction of the social committee of the college Y. W. C. A. Following is the menu which they served:

Coupe de Fruit, Cannelon Ham, Pommes de Terre du Gus, Cauliflower Beurre, Radish Hors d' Oeuvre, Bow-knot Rolls, Cherry Sherbet, Salad Ambrosia, Saitines, Ice Cream a la Tarte, Cafe Noir, oBn Bons.

MRS. HOFF ENTERTAINS SENIORS

Mrs. John Luke Hoff was hostess at a tea Sunday afternoon from four till five thirty in honor of the second birthday of her daughter, Miss Mary Jo. The guests were the senior girls of the college. By way of entertainment Miss Mercie Shatto gave a reading and Miss Ruth Hiebert read two dialogues.

Rev. Kinzie of Navarre and Rev. Nickodemus of Ohio were McPherson visitors last Thursday.

NEW OFFICERS OF W. A. A. ELECTED

Officers for the coming year were elected by the Women's Athletic Association at their meeting last night. Doris Ballard was elected president; Edna Hoover, vice-president; Nellie Collins, secretary; and Velma Wine, treasurer.

Other business included plans for a delegation to the College Play Day which is to be held at Kansas Wesleyan University at Salina on Friday, May 10. According to plans adopted at the state W. A. A. convention last fall the colleges of the state have been divided into four divisions, each division sponsoring a play day, the purpose of which is to create interest in play and women's sports and to afford an opportunity for the exchange of ideas. Sterling, Hays, McPherson and Kansas Wesleyan are in this division. Tennis, volley ball, base ball, and swimming will be the sports stressed at the meet in Salina. The local organization expects to have the allotted number of representatives, twelve.

OTHO WHITENECK ELECTED PRESIDENT OF FORENSIC

Deputation Team Gives Program At Meeting

The Forensic Club met on Thursday evening. The program was given by the deputation quartette, Helen Eberly, Velma Eldridge, Leta Wine, and Ethel Sherfy. The program consisted of a musical reading, "Chums," by Miss Eldridge, two quartette numbers, "Carry Me Back to Old Virginy," and "Last Night," and a trio, "Dear Cupid, What Troubles the Men?" The program seemed to be appreciated by all.

Election of officers for next year followed. The election resulted in Otho Whiteneck being made president, Gay Hayes vice-president, and Bernadene Van Blaricum secretary-treasurer.

ETHEL SHERFY ELECTED VICE-PRES. WORLD SERVICE

The World Service Group held a meeting on Thursday evening. This was the first meeting since the election of officers for the following year. Since no vice-president was elected before, Ethel Sherfy was elected to this position. Ways and means of giving publicity to the Group and accomplishing its purpose as an organization were discussed.

CALENDAR

Wednesday, May 8, 3:00—Chemistry Lecture on Radium.
Thursday, May 9—Graduation Recital.
Friday, May 10—Party, School Administration Class.
Saturday, May 11—State Track Meet at Ottawa.
Monday, May 13—Graduation Recital.

FOODS CLASS SERVES A FORMAL DINNER

Besides the invited guests present at the dinner in the home economics department given by the foods class last Tuesday afternoon at five o'clock, curiosity lurked about throughout the whole affair. A program somewhat suggestive of secrets was given after the three course dinner. Miss Lila Fields acted as toastmistress and introduced the following numbers:

"Two Halves in Every Nut"—John Lehman.

"Natty News"—Harold Crist.

"Courtship Advice"—Ruth Blicke-staff.

"'Twas Here That I Dreamed Dear of You"—Arlene Saylor and Eugenia Dawson.

"The Last Chance"—Warren Sisler.

Then the nutshells tied with ribbon, which had caused much conjecturing on the part of the guests, were opened and found to contain a slip of paper which read, "Announcing—It's time to Adjourn." The announcement was fulfilled after the exchange of various speculations which had grown out of the nature of the program.

A color scheme of orchid and yellow were delightfully carried out in the table decorations and menu. The menu included: golden apple cocktail, breaded veal cutlets, baked potatoes in half shell, wax beans, cheese in lemon rings, grape leaf, grape fruit salad, hot knot roll, lemon pudding, cake, coffee and hot buns. Those present were the Misses Marietta Byerly, Melda Mohler, Irene Gibson, Eugenia Dawson, Arlene Saylor, Lois Dell, Lila Fields, Lila Eberly, Jessie Churchill, Ruth Blicke-staff and Doris Ballard and Lloyd Johnson, Wray Whiteneck, John Lehman, Keith Hayes, Warren Sisler, and Harold Crist.

Lloyd Johnson and Dwight Stutzman, and Melba Mohler and Ruth Hofman motored to Wichita Sunday afternoon.

BANQUETS

Banquets are great affairs in that they influence gossip in numerous quantities pro and con. Everyone wants to know if everyone else has a date and if so who it is. "Sure you tell me who yours is and I'll tell you who mine is. Now be sure not to tell because not everyone needs to know our business."

The dresses are sure to be the main topic of conversation weeks before of speculation and days after of thoughtful (?) criticism. "Huh! I didn't think she had such a hot dress. It certainly looked cheap to me. I'll bet she got it in Sears and Roebuck. It probably didn't cost half she said it did. But didn't so-and-so have the sweetest dress? It just looked darling on her!" Such are byproducts of the first water.

The pains that girls take with their appearance is quite pathetic at times because lots of beauty parlors can only work with material at hand and even they cannot make something out of nothing. You can get flattery from them but it costs you. It is necessary to admit that facials, massages, shampoos, manicures, and finger waves all help but you can't fool Nature so why try? But it is gratifying to know that if you did your best to look pretty and if your make-up runs, slips and slides it is only be-

cause you are excited. It is easy to get excited over banquets, they come so seldom.

Really you must not get scared at the silver wear because the only damage it can do is to tarnish your fingers most likely. A half hour session with Emily Post should remove all trials and tribulations. She explicitly outlines in detail the proper implements to use in the manipulation of the food. However eating should not be such a serious offense so why don't such a melancholy expression when ready to excavate the cocktail? It is such an innocent little cocktail and means no harm. It is better to don a bathing suit if you have to dive after the cherry at the bottom of the glass. Be sure to use the spoon gently as it was not meant for a shovel.

Then again why sit so tensely erect and talk so militantly to your partner? He won't bite anything except the pressed chicken and probably is as scared as you so put him at ease and he will bless you and your posterity forever. Amen! The popular person at a banquet is one who can forget himself and his date and who can be funny and entertaining.

Banquets are really trials at times especially when a meat is served that is difficult to cut gracefully. You

ROCKY MOUNTAIN SUMMER SCHOOL

For the eighth time McPherson College will conduct a school for study in the midst of recreational opportunities during the coming summer months. Plans have already been made for the Rocky Mountain Summer School at Palmer Lake, Colorado.

Last year there were eighty in attendance the first term and sixty-eight the last. The present outlook indicates a larger attendance this year than usual.

The second building on the campus, known as Pioneer Hall, has been remodelled and made available for school work. There are now four classrooms and an auditorium. In addition, the public school building is available.

The new department of music is to be added this year. Professor and Mrs. G. Lewis Doll will supervise this department.

Other departments in which work is offered include education, nature study and biological science, history, English and expression, and mathematics.

"WHAT PRICE GLORY" PRIVATE PEAT'S LECTURE

Peat Is A Canadian World War Veteran

That the hope for future peace lies in the education of the youth of today concerning the reasons for hatred of war was vividly brought before the public mind last Tuesday night when Private Peat lectured on "What Price Glory" at the city auditorium. This lecturer, a participant in the World War in a Canadian regiment and now a resident of Florida, graphically illustrated the horrors experienced in the world combat which involved the wholesale slaughter of men, women and children.

Private Peat stated that economic situations were the basic causes of the recent war and pointed out its inevitability. His reasons for advocating future peace included not only the physical conditions which must necessarily be endured by its participants, but also its lasting effects upon the civilizations of the earth and its utter unreasonableness. He further stated that if another World War could be prevented in the coming twenty-five years, there

(Continued on Page Four)

M. C. TRACKSTERS WIN PENTANGULAR MEET

**Kansas Wesleyan, Second With
Forty-Five Points**

MEET AT SALINA

**Pocket and Hochstrasser Are High
Point Men Of The Meet,
Each 13 Points**

McPherson's fleet-footed Bulldogs scored in everyone of the 15 events on the program at the Pentangular track and field meet held in Salina last Thursday, and won the meet with a total of 60 1/2 points. The other teams ranked: Kansas Wesleyan, second with 45 points; Sterling, third with 22 points; Bethany, fourth with 17 points; and Bethel, fifth with 14 1/2 points. "Bob" Pucket and Herbert Hochstrasser, Canine dash men, each scored 13 points to tie for high honors.

One Mile Run—Holington, Wesleyan, first; Bourgain, Sterling, second; Crowley, Sterling, third; Crist, McPherson, fourth. Time, 4' 47.3".
440 yard dash—Hochstrasser, McPherson, first; Powell, Wesleyan, second; Ohmart, McPherson, third; McIntyre, Wesleyan, fourth. Time, 52.3".

100 yard dash—Pucket, McPherson, first; Mallar, Wesleyan, second; Penner, Bethel, third; Carlson, Bethany, fourth. Time, 10.4".

Shot Put—Reinhardt—Wesleyan, first; Rock, McPherson, second; Lonk, Bethany, third; Cunningham, Wesleyan, fourth. Distance, 41' 4 1/2".

120 yard high hurdles—Sargent, McPherson, first; Schmidt, Bethel, second; Parks, Wesleyan, third; Burnison, McPherson, fourth. Time, 16.6".

Half-Mile Run—Holington, Wesleyan, first; Barton, Sterling, second; Neufeldt, Bethel, third; Vogt, McPherson, fourth. Time, 1' 58.9".
320 yard dash—Pucket, McPherson, first; Hochstrasser, McPherson, second; Powell, Wesleyan, third; Mallar, Wesleyan, fourth. Time, 55.6".

Pole Vault—Bargrover, McPherson, first; Kliever, Bethel and Bradley, McPherson, and Hardy of Sterling tied for second. Height, 11' 3".

Discus—Reinhardt, Wesleyan, first; Perkins, Wesleyan, second; Rock, McPherson, third; Vanek, Bethany, fourth. Distance, 124' 8".

Two Mile Run—McCraight, Sterling, first; Regler, Bethel, second; Bourgain, Sterling, third; Crist, McPherson, fourth. Time, 10' 26".

High Jump—Larson, Bethany, first; Schmidt, Bethel and Miller, McPherson, tied for second with Parks and Popper of Wesleyan. Height, 5' 10 1/2".

220 yard low hurdles—Hochstrasser, McPherson, first; Carlson, Bethany, second; Sargent, McPherson, third; Jilka, Wesleyan, fourth. Time, 26.6".

Broad Jump—Ballr, Wesleyan, first; Pucket, McPherson, second; Carlson, Bethany, third; Ewert, Bethel, fourth. Distance, 21'.

Javelin—Clay, Sterling, first; Vanek, Bethany, second; Rock, McPherson, third; Bargrover, McPherson, fourth. Distance, 185' 4".

One Mile Relay—McPherson, first; (Pucket, Ohmart, Sargent, Hochstrasser); Sterling, second; Wesleyan, third. Time, 3' 24".

SPOHN WINS CHEMISTRY SPELLING CONTEST

Phillip Spohn received \$2.50 for first place and Prof Perry received \$1.00 for second place in the advanced chemistry students spelling match held last Thursday afternoon. At a similar contest two years ago Mr. Spohn also won first place.

Clyde Sheaks, Herbert Michael, and Virgil Weaver of Garden City visited the Misses Orpha and Florence Weaver at Arnold Hall Sunday and Monday.

THE SPECTATOR

The Student Newspaper of McPherson College, purposing to recount accurately past activity—to stimulate continually further achievement—and to live and cherish our one code—"The School of Quality".

Entered as second class matter November 29, 1917, at the post-office at McPherson, Kansas, under the act of March 3, 1879.

LIBRARY USES OLD MAGAZINES

When old magazines are discarded little thought is given the fact that they may be of some use. The library appreciates the gift of magazines for its file, including any worthwhile reading material either on the library subscription list or not. Extra files are convenient for users of a library and often the library files of any magazine become incomplete for various reasons. Little trouble it is to turn to the librarian any old magazines which are no longer of use to the owner in comparison to the worth which such material may be. Incidentally, careful and discreet use of library magazines and their prompt return make for complete files and useful and dependable source of material.

OBSERVE MOTHER'S DAY

To attempt to say anything here that is new concerning Mother's Day would be futile, however a reminder to students that Mother's Day comes again next Sunday might not be so futile. Some little remembrance that lets Mother know that you remember her especially on the day set aside for her honor will bring immeasurable joy to her heart. Although the debts we owe our Mothers can never be paid, by constant attention and observance of such days for Mother we may tell her of our desire to repay that debt and express our gratitude for her sacrifices that have become our blessings. The means used to let Mother know she is in our thoughts may vary from a sincere letter of appreciation to an expensive bouquet of rare flowers, but whatever the means let there be an expression of gratitude and appreciation.

Bulldogmas

Help! Help! Help! A Hutchinsonian firm about Miss Heckethorn a letter asking if her husband could use some shirts next summer. Oh! The beans are spilled but who's the lucky man? Maybe he needs some socks. Eh? Miss Heckethorn.

A man is judged by the company he keeps, and a girl is judged by how long she keeps them.

"Is Windy a loud dresser?" Miller—"Is he? You should hear him hunting for his collar button".

It is better to be broke than never to have loved at all.

Spring Is Here Tra-la, tra-la and say you fishermen when you go fishing eat bran in the dining hall and save wear and tear on the spade.

A Time Saver I suggest that chapel speakers be handed a card on which is printed the following:

- Hear Speaker We are aware: 1. That it thrills you when you look into our eager faces. 2. That our student body is the best looking in the U. S. A. and western civilized Europe. 3. That we want a short speech so that we may rush to after-chapel classes. 4. That we are the leaders of the next generation. 5. That a future president is among us. 6. That there were three two freshmen—Pat and Mike.

Misses Jessie Churchill and Lila Mae Eberly were week end guests at the home of the latter at Octavia, Nebraska.

Miss Roberts, 24, of Hutchinson was a dormitory visitor last week end.

LET'S GO TO ESTES PARK CONFERENCE

Registration blanks have been received by the college Y. W. C. A. and Y. M. C. A. for those students who wish to go to the Student Conference at Estes Park, Colorado, June 7 to June 17. The Y. W. C. A. has also reserved a housekeeping cottage which will accommodate six girls. Several students have already made definite plans for attending the conference and it is hoped that others will do so.

The ten days spent in the conference at Estes would be a milestone in any student's life. There students can live in a spirit of good-fellowship among magnificent scenery and be brought face to face with vital problems. The object of the conference is to lead students into a fuller life and to help them settle questions which they meet in their search for life, such as the following: What are the criteria of a successful life on the campus? "How can I find peace and power for my life?" "What place has Jesus in a twentieth century student's life?" "Does it make any difference whether I believe in and find God real?"

These and many similar questions will be discussed by students from all nations in an atmosphere of informality and freedom. There are pleasant entertainments in the main building, horseback riding, tennis, hiking, volleyball and other recreations all carried on in the grandeur of the mountains and making for the finest kind of comradeship which is fast removed from the superficialities of many college relationships. Probably the most dynamic force of the conference comes from the great leaders who are present and who mingle with the students.

One of the most outstanding persons who is to be at Estes is Powers Hapgood, to whom Sherwood Eddy often referred in his recent visit to our campus. This young man, a Harvard graduate, has given up wealth, social position, and economic security in order to identify himself with mine workers. Dr. Mendenhall, with whom we are acquainted through our association with the Friends'

College at Wichita, is to be the leader of the morning worship hour at Estes. Any one who has met him can vouch for the strength of his spiritual influence. Other persons who will be at the conference are T. Z. Koo, leader of the Chinese Student Movement and an authority on international questions; A. Bruce Curry, who is widely known for his understanding of students and his ability to make Jesus real in life today; and Winifred Wyzal, who has just returned from a year's study of life in Oriental and European countries.

MOTHER

Each day you live Means one day more of life to her. Each thought you give Means more than honors can confer. Each letter sent Brings her a joy that floods her heart With sweet content. And makes her proud to do her part; But oh! the skies Are bleak if death should claim you, son For mother dies Ten thousand deaths when you die one.—Percy Waxman.

ESTES PARK CONFERENCE

The 1929 Estes Park Conference opens Friday evening, June 7th and closes after breakfast June 17th. The program fees are due to be sent to the conference registrar by May 10th, this Friday. The Estes conference belongs to the students of the Rocky Mountain Region and the needs, emphasis, program and leaders are determined by student opinion throughout the area. Certain valuable means of getting at new ideas such as the following will be included in the program: addresses by nationally and internationally known men and women, early morning worship, student quest groups under expert leadership, informal hours during which time the speakers are questioned regarding their points of view as expressed from the platform, association hours where students exchange ideas as to ways and means of making their Associations more effective, and delegation meetings in which a local group comes to know more intimately the leaders of the conference and to think of the conference experience in terms of its own campus situations.

The leadership this summer will be outstanding. Among the leaders there will be: T. Z. Koo of China, a leader of the Chinese Student Movement and authority on international questions; Bruce Curry, a Professor in the Union Theological Seminary of New York City; Miss Winifred Wyzal also of New York City, who has recently returned from a year's study of life in European and Oriental countries; W. O. Mendenhall, president and J. H. Langswalter of Friends University at Wichita, Kansas; Powers Hapgood of Lafayette, Colorado; David R. Porter, New York City and Executive Secretary of the Student Y. M. C. A.; Ben Cherington, of Denver University Social Sciences department; Col. O. M. Dickerson, of Colorado State Teacher's College history department at Greeley, Colo.; Paul C. Johnston, Westminister Presbyterian Church at Lincoln, Nebraska; and R. G. Gustavson, of Denver and Dr. J. R. Karp of Boulder, Colorado.

HONOR BESTOWED UPON ATHLETES

Basketball Awards and Presentation Of Cups Won At Salina Meet

Part of two chapel services last week were given over to the service in recognition of the achievements of the Bulldog athletic teams. Monday Dr. J. J. Yoder, representing the Board of Trustees of McPherson College, after calling each of the Basketball men to the chapel platform, expressed the appreciation of the Board he represented for the splendid work these boys had done in their advertising the school during the past season. The Bulldogs have done a thing which has put the name of McPherson College in the big Dailys all over the country as well as on the air and in the hearts and minds of youthful athletes throughout this section. After a short talk Dr. Yoder presented the boys with a small token of appreciation. Archie Hickenstaf, Bush Holloway, Loren Buck, Emory Windmill, received miniature gold

basketballs while Ray Nonken, Irvin Rump, Elmer Crampacker and Melvin Miller, who received the basketball rings instead. After the boys had retired from the stage Dr. Yoder, after a few remarks, presented Coach Gardner with a gold ring of the same kind in appreciation of the work he has done in polishing the team and keeping it in shape for the busy Friday morning fourteen of the track and field men who made the trip to Salina the day before were called to the platform by the coach to be introduced individually to the school and mention was made of the fact that these fellows had won the meet in competition with the other four schools. The large silver loving cup awarded to the winners of the Pentangular meet and the smaller cup for the winners of the relay, both of which the Bulldogs brought to McPherson, were displayed. It was mentioned that this was a bunch of hard fighting men and that they were going to enter the State Meet at Ottawa Saturday with a determination to add further laurels.

Y. W. C. A.

The Y. W. program last Tuesday was presented by one of the deputization teams; Naomi Whitmore, Margaret Devlin; Hazel Falls, Willard Peck, and Lawrence Turner are members of the team. Their varied program seemed to be much appreciated.

On Wednesday the Men's Glee Club sang the Hunting Chorus from the opera Robin Hood. Mrs. Anna Tate is director of the Glee Club which is doing splendid work.

FROM OTHER HILLS

Definite evidence of corruption in student voting at the University of Wisconsin has been uncovered by a law firm which is probing the vote at the request of a defeated candidate.

Freshman caps at Purdue university have been abolished for the year as the annual meeting of the freshman was held and the caps were burned. The sophomore class organized to delay the event but they were too late as the caps had been destroyed.

A cruise to the Orient is being sponsored by the University of Washington for freshman at the university.

Delta Gamma sorority at the University of Oregon raised and donated \$1000 to the university for a new risk arts building which is under construction there.

A new \$2,225,000 Y. M. C. A. building is to be built soon at Northwestern university.

Students are using horses and bugles regularly at the University of Indiana. Women students are forbidden to ride in automobiles at night unless their parents are with them or they are granted special permission by the dean of women. Carriages, surreys and bugles are now being used each evening.

A new \$250,000 pharmacy and bacteriology building is to be erected at Ohio State University this summer.

The University of Washington has the country's two tallest athletes, Paul Jensen, 6 feet, 7 1/2 inches, who is captain of the football team, and Harold McClary, 6 feet 6 1/2 inches, center on the basketball team.

Students at Northwestern have been dealt with severity by the student council on cases of cribbing. Students found guilty have been suspended from the course and thereby receiving an "F" in the course.

NEW APPARATUS FOR CHEMISTRY DEPARTMENT

The chemistry department has purchased an automatic hydrogen sulphide generator and installed it in the stock roof of the department. The gas is piped to the hoods in the first laboratory.

This furnishes the hydrogen sulphide gas for the students from a central generator making it much more convenient than the Kipp generators which were formerly used. The automatic generator is much more satisfactory and will accommodate a larger number of students.

Mr. Dwight Stutzman, senior and chemistry major, accepted a position with one of the flour mills in Newton, Kansas. Mr. Stutzman left school last week but made arrangements to complete his school work by correspondence and will be graduated this spring with the class of '29.

CHAPEL ECHOES

Professor B. F. Jamison reminded the students in chapel Monday at the value of thoughts. "As a man thinketh in his heart, so is he". He said that a man becomes like the thoughts he ponders in his heart. Men are good in certain lines because they think such lines. A man's attitudes and thoughts determine what he is. If we desire beautiful lives we must think the beautiful.

BALDWIN MUSIC STORE

Specials on PORTABLE PHONOGRAPHS

ACCOMPLISHMENTS OF THE CHEMISTRY SOCIETY

The last meeting of the Chemistry Society, Thursday, May 2, closed the series of meetings for the school year. In looking back over the activities of the society a very marked advance is realized. The following statistics prove very interesting.

During the school year thirteen meetings have been held with an average attendance of 65.6. In 1926 the average attendance was 18 1/11, in 1927 it was 48 5/9, and in 1928, 35.7. The above shows a decided increase in attendance over former years.

During the school year twenty-nine talks were given on different phases of chemistry. Six demonstrations of a varied nature were presented. One of the most interesting features was the seven burton-picture reels, referring directly to chemistry, that were shown.

The achievements of the society this year have been increased over former years. More interest and enthusiasm has been apparent and the steady advance in future years seems assured.

SPECIAL PROGRAM IN CHURCH FOR STUDENTS

A special service for the student body was held at the church on Sunday night. Students' Night has been observed in preceding years near the close of the term. Inspiration was received from special numbers given by the student body and from the address given by Rev. Richards, especially for the student body. An unusually large number of students was present.

The special numbers given were: readings, Comfort, and The White Rose, by Miss Ruth Bickenstaff; piano duet, Overture Kazampa, by Miss Naomi Wittmore and Mr. Lawrence Turner; song, An Evening Prayer, by Misses Helen Eberly, Velma Eldridge, Leta Wine, and Ethel Sherfy. Miss Hazel Falls led the opening hymns. Mr. Glenn Harris conducted the devotionals.

The theme of the address was "The Fulfillment of Life". "The theme," said Rev. Richards, "is a pleasant one to discuss because of its positive, constructive aspect, its universal appeal and application, and because it is not 'musty' with 'musts' and 'must not's,' nor 'shallow' with 'shalls' and 'shall not's'". The criteria for the complete, lasting, and satisfying fulfillment of life, he pointed out, are as follows: We must know ourselves; we must develop helpful

relationships with our fellow men; we must learn to draw upon the resources of the soul. He admits that we find ourselves by the "trial and error" method, but insists that it should not be erroneous for long.

Y. W. C. A.

"Art" and its contribution to the life beautiful was the topic for discussion in Y. W., Tuesday, under the leadership of Miss Ruth Hiebert.

Miss Hiebert read the first chapter of Genesis, which showed how beautifully God created the world and those things within it.

The topic "Art in Everyday Life" was discussed by Miss Mildred Ide. The decoration of one's home as a means of expressing one's individuality and its artistic possibilities were pointed out.

Miss Haven Hutchinson gave a chalk talk, "Crossing the Bar," accompanied at the organ by Miss Aflene Saylor.

Miss Nina Stull of Arlington was a week end guest at the dormitory.

Mr. and Mrs. Chester Murray were dinner guests at the dormitory Saturday.

What's in a Name?

BRAIN FODDER

To be successful, we must be right most of the time—and to be right most of the time we must strive to be right all of the time.

The world is constantly weighing and measuring each individual, according to his words and deeds, and by this cold and impartial calculation a man's reputation is steadily determined.

A good reputation is the pass key which admits one to better opportunities and no better asset can be acquired than a good name.

Without it, the most expert and skilled worker is greatly handicapped and can never realize his full value to himself or others.

ELECTRICITY

the modern prospector

ASTOUT heart; a burro laden with pick, shovel, and the bare necessities of life; and the prospector was ready for the gold rush—Sutter's Mill, the Pike's Peak country, Cripple Creek, Klondyke. A scattered trail of half-worked claims marked his sacrifices.

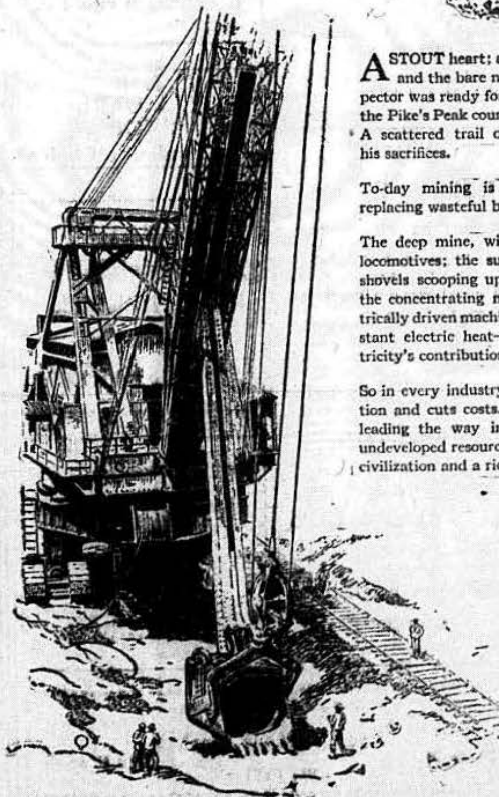

To-day mining is a business, with electricity replacing wasteful brawn in mine and mill.

The deep mine, with electric lights, hoists, and locomotives; the surface mine with huge electric shovels scooping up tons of ore in a single bite; the concentrating mill with its batteries of electrically driven machines; the steel mill with its constant electric heat—here are but a few of electricity's contributions to the mineral industries.

So in every industry, electricity increases production and cuts costs. It is the modern prospector, leading the way into wider fields and tapping undeveloped resources—that we may enjoy a finer civilization and a richer, fuller life.

You will find this monogram on powerful motors that drive heavy mining machinery and on tiny motors that drive sewing machines. Both in industry and in the home it is the mark of an organization that is dedicated to electrical progress.

BULLDOGS TROUCE SWEDES

Yesterday afternoon the Bulldogs gave the Swedes a thorough trouncing on the local athletic field. The McPherson track and field team made 101 points out of a possible 127 in the meet; in fact the Swedes were no match at all for the strong Bulldog aggregation and it was a run-away from start to finish.

Captain Hochstrasser was high point man of the meet with 14 points, three seconds and one first place. "Boh" Pucket was second with two firsts.

100 yard dash—Pucket, McPherson, first; Hochstrasser, McPherson, second; Carlson, Bethany, third. Time, 9.8".

1/4 mile run—Crist and D. Bowers of McPherson tied for first, Wheeler of Bethany, second. Time, 5' 4.7".

440 yard dash—Ralph Bowers, McPherson, first; Hochstrasser, McPherson, second; Carlson, Bethany, third. Time, 55".

120 yard high hurdles—Sargent, McPherson, first; Burnison, McPherson, second; Ecklund, Bethany, third. Time, 15.4".

220 yard dash—Pucket, McPherson, first; Hochstrasser, McPherson, second; Foss, Bethany, third. Time, 21.4".

Half mile run—Vogt, McPherson, first; D. Bowers, McPherson, second; Campbell, McPherson, third. Time, 2' 18.5".

220 yard low hurdles—Hochstrasser, McPherson, first; Carlson, Bethany, second; Sargent, McPherson, third. Time, 26".

Shot Put—Long, Bethany, first; Rock, McPherson, second; Vanek, Bethany, third. Distance, 36' 1".

Pole Vault—Barngrover and Bradley of McPherson tied for first; Miller of McPherson tied with Nelson and Foss of Bethany for third. Height, 10' 6".

Discus—Miller, McPherson, first; Nelson, Bethany, second; Rock, McPherson, third. Distance, 418' 9".

Broad Jump—Carlson, Bethany, first; Vorau, McPherson, second; Barngrover, McPherson, third. Distance, 29' 9 3/4".

Two mile run—Crist, McPherson, first; Buskirk, McPherson, second; E. Carlson, Bethany, third. Time, 11' 19.5".

Half mile relay—McPherson (Ralph Bowers, Nonken, Pucket, Hochstrasser), first; Bethany, second. Time, 1' 22.9".

High Jump—Miller of McPherson and Larson of Bethany tied for first; Vanek of Bethany and Bradley of McPherson tied for third. Height, 5' 8 3/4".

Javelin—Barngrover, McPherson, first; Rock, McPherson, second; Vanek, Bethany, third. Distance, 169'.

Misses Alberta Yoder and Margaret Devillins and Kenneth Rock motored to Navarre Saturday.

Miss Edna Nyquist spent Saturday night at the dormitory with Miss Merle Shatto.

LYCEUM COURSE

(Continued from Page One)

would never be another. To do this Private Peat urged the importance of educating school children to know and to hate war as it actually is instead of inspiring them to respond to its militaristic appeal.

By his informal delivery, his light sarcasm upon present situations, and his presentation of truths by illustrative examples Private Peat secured the attention and hearty response of the audience. This was the concluding number on the community lyceum course and was the only lecture number on that program.

Y. W. GIRLS DO WELL AT SENIOR FESTIVAL

Practically Seventy-Five Dollars Are Cleared On Cafeteria And Booth

The Y. W. C. A. girls made their work bring in material returns at the Senior Festival. The net proceeds from both the cafeteria and the booth were approximately seventy-five dollars. This sum will greatly aid the organization, and speaks eloquently of the culinary skill and business ability of the girls on the campus.

Four hundred people were served at the cafeteria during the noon hour. The corridors of science hall were literally jammed. The meals were served in the foods laboratory. The customers ate in near-by recreation rooms. The menu was: roast pork, potatoes and gravy, creamed peas, baked beans, vegetable salad, banana salad, cake, pie, coffee, rolls, and ice cream. For track men a special menu of eggs, toast, milk, and tea was served. Misses Beth Hess, Lila Eberly, and Ruth Blickenstaff were in charge of the cafeteria with many of the other girls assisting.

The booth near the track field was open from nine until six. Misses Bernice McClellan, Helen Flory, and Eugenia Dawson were in charge. Something of the amount of business done may be judged by the report that nineteen cases of pop and thirty-five dozen Eskimo Pies were sold.

DEPUTATION TEAMS HAVE BEEN IN THE FIELD

A Warmer Feeling Of Fellowship Is Being Established

During the past weeks, several deputation teams have made tours of parts of the college territory. The teams report a warm welcome and splendid response in nearly every church. They feel that the college

has been benefitted in many ways. A warmer feeling of fellowship has been established; also many prospective students were urged to come to McPherson.

One team visited communities in northeast Kansas near Morrill and Sabetha. Five programs were given which were well received. The team which visited in Missouri encountered mud, but were not seriously hindered by it. They were greatly appreciated. Fourteen church programs and seven high school programs were given. Many good reports of the work done by this team have been received. The team which went into Nebraska was hindered considerably by mud and bad weather. Seven church programs and one high school program were rendered. Since returning, this team has taken another trip into the churches near Overbrook, Kansas, where a splendid response was met among the members. Four church programs and one high school program were given here. A second girls quartette has made week-end trips to the churches near Wichita, and also near Lawrence and Topeka. A total of seven church programs and one high school program were given.

Other trips are being planned for week-ends into many of the nearer churches. These are eagerly anticipated by the teams and by the churches expecting them.
