VOL. XXI McPHERSON COLLEGE, McPHERSON, KANSAS, FRIDAY, OCTOBER 15, 1937 NUMBER FIVE

Student Council Adopts Budget

Plan Distribution Of Activity Money For Coming Semester Approved

Will Spend \$650

Athletics and Spectator Allotted Highest Expenditures

The Student Council met a few nights ago and adopted a budget for the first semester. You the regularly enrolled students of McPherson College have each paid an activity fee of \$2.50 at the Business Office, the proceeds of which are administered by your elected representatives in the Student Council. It is only right that you should be aware of the use to which this fund is put.

The budget as adopted follows:
Spectator 20 per cent \$130.00,
Athletics 35 per cent \$227.50, Debate 11.54 per cent \$75.00, Dramatics 4.62 per cent \$30.60, Tennis 2.30 per cent \$15.00, Music 3.08 per cent \$20.00 Women's Council 2.30 per cent \$15.00, Student Christian Move. 3.85 per cent \$25.00, Student Union room Depreciation Reserve 5.38 per cent \$35.00, General Expenses 11.93 per cent \$77.50, Totals 100 per cent \$650.00.

To restate these same figures in a more understandable way, 50 cents of your \$2.50 goes to the Spectator, 87 cents assures you admission to athletic events, 28 1/2 cents is your interest in the debate program of the school, 11 cents allows you to attend the Dramatic events sponsored by the Play Production Class, 5 1/2 cents maintains the tennis courts for your use, 7 1/2 cents permits you to hear certain musical recitals on the campus, 5 1/2 cents indicates your support of the work of the Women's Council, 10 cents helps defray the expense of the social program sponsored by the S. C. M. for the entire student body, 13 cents will be reserved to cover depreciation of the furniture in the student union room and 32 cents covers other expenses of the Council. Let us now consider these separate items in detail.

The Spectator receives 50 cents from each regularly enrolled student as a sort of subscription fee. Last year this publication closed the year with a deficit of \$309.00. The constitution requires that the Student Council assume this debt. It is obviously impossible for the Council to include this matter in the budget at the regular program. An agreement has been reached that any profit of the Spectator this year will apply on the debt, and any surplus in the Council treasury will also be used to help defray this obligation. In this connection it may be stated that the financial conditions of the Spectator is very satisfactory to date and if present conditions continue, some surplus will accrue.

Athletics takes the largest portion of the Student Council Funds. Both the 20 per cent of the Spectator and this 35 per cent item of the Athletic Board carry over into the second semester and apply to the funds then to be distributed also. We trust that you support athletics just as actively by your attendance and participation as you do financially through the activity fee.

The Forensic program this year includes application for membership in Pi Kappa Delta, national forensic fraternity. It therefore demands a somewhat increased budget figure. You will notice that it receives \$75.00 the first semester; it will receive \$175.00 the second semester, making a total of \$250.00. The Student Council encourages you to get your moneys worth out of the forensic program of the school. Attend debates and oratorical contests, participate in them if able, show interest comparable with your financial support.

Dramatics, receiving \$30.00 the first semester, will receive \$20.00 in all probability the second semester.

(Continued on Page Three)

Change Discussion

In place of the announced subject of personal appearance for the Women's Council discussion group, Tuesday evening, October 19, a discussion on boy and girl relations has been arranged. The general theme of the discussion will be "A Case for Chastity." The meeting will be opened to all girls and it is hoped that a large number will avail themselves of this opportunity to benefit from a discussion of a subject of vital importance to everyone in school.

The topic announced, personal appearance, will be discussed at a future meeting.

Fisher, Schwalm, Breon in Chapels

Programs Include Haydn Music And Speeches By Instructors

McPherson College programs for the past week consisted of a musical program in charge of Prof. N. W. Fisher, and chapel talks by Mr. Earl Breon and President V. F. Schwalm.

Last Friday the musical program consisted of works by Franz Joseph Haydn, and explanatory material on his life. Prof. Fisher presented before each member the facts concerning Haydn's life at the time this number was composed. To illustrate Haydn's sonatas, Miss Ann Janet Allison played the "Allegro Movement from the First Sonata in E Flat." Miss Vera Flory, pianist, and Miss Verna Flory, violinist, played the "Minuetto from Sonata Five in G Major," for piano and violin. To illustrate the works of Haydn in his old age, Miss Margaret Fry sang the soprano aria "On Mighty Pens" from the oratorio "The Creation."

Monday morning Mr. Breon spoke on "Influence." He told of men who are now unknown to the average person but who greatly influence men whose lives have changed the world. He said that it was the students of McPherson College who gave it its reputation. Mr. Breon said that students should endeavor to act so that not only people of this community but of other communities would look up to McPherson College.

President Schwalm spoke Wednesday morning on "Fulfillment of Life," using as a scriptural reference Matt. 19: 16-22. He said that everyone who was not searching for something was in a sad state. Dr. Schwalm urged that each student meet the condition required to get what he wants; He emphasized that one must meet a condition to satisfy one's desires.

Organize Night Extension School

McPherson college is planning to establish several extension courses for teachers and other interested persons to be started soon. The plan is to hold classes late in the afternoons, or evenings and probably on Saturdays.

A class in industrial arts education, taught by Prof. S. M. Dell; will hold its second session tomorrow morning. Eight or nine school men who are county teachers, are meeting in this class every Saturday morning from 9 until 12 o'clock.

Prof. Nevin W. Fisher, head of the voice department at the college, will start an extension course in music appreciation. The course might be entitled "From Song to Symphony" or "From Palaestrina to Gershwin." This course will be given during the late afternoon one day a week, and the course may be taken with or without college credit.

Other extension courses in which five or more students ask for a class are possible. Spanish, psychology, commerce, social science and English courses will be offered.

Billy Carter spent the week end at his home in Pratt.

The public school system was adopted in Japan in 1872.

Brethren Conf. Here Oct. 15-18

District Delegates Meet Here Over Week-End; Funderburg Principal Speaker

Delegates of Brethren churches throughout the Southwest Kansas district conference will meet in McPherson for a four-day conference beginning Friday evening. The local First Church of the Brethren and the committee on arrangements is now ready to entertain a large gathering of men and women.

Rev. C. Ernest Davis, pastor of the local Brethren church, is district moderator and he will preside at the business meeting to be held Monday morning at 8:15 o'clock, in the church.

The business session will include the election of district officers of the church and also elect delegates to the general conference of the church to be held next June. Educational conference will also be held in which McPherson college will be taken into consideration.

Next Sunday will be missionary Sunday at the district conference and a special missionary offering will be taken. The entire offering will be to Rev. Frank Crumacker for his missionary work in China.

Several speakers from over the state and one from the general headquarters of the church at Elgin, Ill., will be present for the four-day conference. The Illinois speaker will be Dr. D. D. Funderburg, who is a member of the national Brethren missionary board. Dr. Funderburg will speak twice during the conference, once during the Saturday morning session and then Sunday morning.

Delegates and guests numbering between 150 and 200 are expected from outside of McPherson for the four-day conference. The local church is making arrangements to handle the large attendance and an interesting program has been outlined.

This evening at seven o'clock, members of the Monitor church in Conway will present a play, "Lost Church" to delegates attending the conference and college students.

This dramatic production is the same one which was used during the fiftieth anniversary celebration at the Monitor. It was then so successful that Prof. Schwalm invited them here for a performance.

In addition to the play, special musical numbers are included on the program. The event will be finished in time for the football game between Baker University and McPherson College Bulldogs.

Intramurals Begin Next Week; 8 Leaders Selected

Coach Astle has announced that the boys' intramural program will begin next week. Probably touch football will be the first sport organized, although basketball may be played if the weather does not permit touch football.

In addition to these sports, athletic recreation of various sorts will be included on the program, in the spring. Coach Astle will make a definite announcement concerning further plans which he may have for intramurals. He is anxious for every boy who does not participate in varsity athletics to play in some type of intramural sport.

Harold Burgeover, Chet Johnston, Harold Mohler, David McGill, Curtis Naylor, Bob Weiland, Dan Zook, and Tony Voshell have been selected as intramural leaders and will direct individual teams.

Some degree of protection against the virus of sleeping sickness is afforded by the blood serum of an individual who had the disease in 1931. Dr. G. O. Brown, of the St. Louis University School of Medicine has found.

Close Local Concert Drive

McPherson Group Has Largest \$3 Series In U. S.; Great Artists Included

Begin In November

Membership Card Also Admits Bearer To Five Newton Programs

McPherson has scored once more and gained a new type of fame this time with its McPherson Cooperative Concert Association.

It was announced Saturday that this organization, with its 282 membership, was the largest cooperative concert association of its kind in the entire United States. This statement was made by Mr. Eastman Boomer, New York City, representative of the Columbia Concert Corporation under whose sponsorship the first organization held its membership campaign last week.

Saturday afternoon the artists' committee of the local Association met with Mr. Boomer, and Mr. Joel Kay, also a Columbia Concert Corporation representative, and chose the artists who will appear on the concert series in McPherson this winter. The artists selected include: Miss Rose Hampton mezzo soprano of the Metropolitan Opera Company. She is an American singer of unusual artistry and charm; Santo Le Prino, a dramatic tenor, for whom it is predicted he will become one of the world's greatest tenors of that type; Malcolm and Goddin, a duo-piano team, whose success at the Indianapolis musical meeting this spring speaks for their skill and popularity. These two men are of Toronto, Canada; and a harp-cello concert, with Miss Mildred Dilling, the world's foremost woman harpist, appearing with Marcel Hubert, noted cellist.

In addition to this program, McPherson Cooperative Concert Association membership cards will admit their bearer to the programs at Newton this winter. The Newton series will open Oct. 25 when Joseph Beatonelli, lyric tenor of the Metropolitan Opera Co. appears there. Other Newton numbers will be the Russian Imperial singers, Gitania, dancer, who appears in concert with Stephen Hero, violinist, Dalies Frantz, well-known pianist, and Paulini and Mayo, an operatic duo.

The McPherson concerts will begin about the middle of November. Prof. Nevin Fisher, Prof. Loren Crawford, Miss Della Lehman, Miss Fern Lingenfelter, Miss Frances Campbell, Miss Margaret Fry, Wayne Albright, and Dan Zook were college representatives who aided in the membership campaign.

Swedes' Spirit High

The Bethany Swedes were anxiously awaiting the annual grid clash with their neighboring school, Kansas Wesleyan University of Salina. After an inspiring 32-12 victory over Bethel college last Thursday night, now hopes have arisen in the Swede camp.

With no injuries and their fiery quarterback, Ireland again in the lineup, echoes will resound far and wide when these two enemies clash. The game begins tonight at 8 o'clock on the Bethany gridiron.

Eastern grid officials will have to go into training if they expect to work any eastern college games this fall. They must produce a physician's certificate attesting perfection of sight, hearing and general condition. A civil engineer, 39 years old, who decided he should have been a doctor, has enrolled at Tulane University for the six-year medical course, including a year of premedicine four of medicine and one year as interne. He entered the school as a junior in the arts and sciences.

Known oil reserves of the United States will last only 40 years at the present rate of consumption.

Lindgren Ranks High

Alvin Lindgren, recent McPherson College debater, now a student at Garrett Biblical Institute, Northwestern University, recently ranked first in the entrance examination in English composition. One hundred first year students, graduates of ninety colleges, took the test. Of the other tests taken in other subjects, Mr. Lindgren was in the upper group in all of them. Congratulations are due to Mr. Lindgren for his recent achievement in upholding the traditions for scholarship of McPherson College.

Rev. Kaiser Speaks To S.C.M. Members

Recommends Bible Reading, Prayer, Stewardship For Christian Youth

Rev. Kaiser, pastor of the McPherson Christian church, spoke on "What Christ would tell the youth of today", in a general meeting of the S. C. M. Tuesday morning.

One of the first things Christ would tell youth of today would be to search the scriptures for therein is eternal life. "Youth", said Rev. Kaiser, "needs a textbook of life as much as for any school subject." Christ recommended the scriptures of the Old Testament scriptures for their record of laws and historical value. But in addition he would recommend the New Testament for it is the story of the trials and triumphs of Christ's life so like the doubts of modern youth in regard to life and religion.

Rev. Kaiser suggested that a second message from Christ would be to find a language in which to pray. Praying is a Christ given language and must be spoken so that God will understand. One should be alone while praying and trivial thoughts be put out of the mind. There is an art in talking to God and a distinct value to be gained.

Youth needs a friend, someone to be a companion, to be confided in, someone stampped than any physical friend. Youth can trust Christ to be that friend. The lessons he taught have been proved and can be depended upon.

Another message from Christ would be to "Go ye into all the world". Modern youth is in need of a task. This message which Christ gave to the youth of his day might well be carried out in peace, equality of men, and social problems.

In closing Rev. Kaiser suggested that these four messages be bound together, a textbook of the Bible, a language to pray, Christ as a personal friend, and a task to perform. Make these the program of your life. This is Christ's message to youth.

Astles In Accident

Coach and Mr. Pierce Astle and family were cut and bruised last Friday morning when their car turned over on US909, four miles east of Strong City. They were enroute to Ottawa with the McPherson college football team when the accident happened.

Mrs. Astle suffered a laceration on her forehead and one of their two sons, Dickie, had a cut on his jaw. The other son and Coach Astle were shaken up and bruised but none of them suffered any serious injuries.

Coach Astle said he was going east when a car ahead of him pulling a trailer, turned north off the highway. Astle's car collided into the side of the other auto and turned over. The car was damaged.

The injured people were taken to Emporia where they joined the members of the McPherson football team. The team was in a large bus. Mrs. Astle continued to Ottawa in the bus with the team.

The British gallon is approximately 20 per cent larger than the corresponding United States gallon.

Canine-Baker Battle Here

McPherson Clashes With Conference Opponent Tonight At 8:30

Tonight, on the gleit-lighted greenward of the College field, the Bulldogs will clash with the Baker Wildcats in an important conference battle. Pre-game comparisons indicate a close, evenly fought game.

Coach Astle observed the Baker-C. of E. game and has prepared the squad for Coach Liston's style of offense and defense. The Methodist aggregation has a slight weight advantage, but only eight veterans are included on the squad.

Again McPherson is plagued by a few minor injuries. L. York, M. Seidel, and Robertson have been favoring injuries in leg muscles and hips. However, Robertson and Seidel will probably start the encounter tonight and York may play before the final whistle is blown.

"Tennessee Terrier" McGill and "Tooy" Voshell were back in practice and will add strength to their respective positions, end and full-back. Both were injured in previous games and were unable to practice before.

Baker dropped games to Rockhurst and Southwestern early in the season, then recovered to eke out a victory over College of Emporia-3-0. The Canines, of course, will attempt to snap their losing streak and make the Wildcats their first victim.

The probable starting lineups as announced by Coaches, Astle and Liston are:

McPherson Baker
168 McGill LE Dreyer 168
189 H'grover LT Taylor 198
170 Goering LG Wallace 160
170 Wiegand C Davison 172
175 M. Seidel, RG K. Brown 192
163 L. Kraus RT Ciesvinger 173
160 Robertson RE Clock 180
168 Van Brunt QB Johnson 175
155 Mathiol HB Sherry 196
165 Funk HB M. Smith 170
182 Myers FB Stice 150
Officials: Steve O'Rourke, referee, St. Marys; Gus Fish, umpire, Emporia Teachers; and Ben Wood, head linesman, Salina.

Chaperones Strict In Texas

Austin, Texas—(ACP)—"Prim" was the adjective applied to coeds back in the 1890's—at least by the masculine contingent at the University of Texas.

Coeds now, with their impatience with the 11 p.m. curfew in force on the campus, are a far cry from earlier sisters who were held even to attend a coeducational school.

Here are a few of the regulations concerning that incredible creature, the "prim" coed:

1. It was extremely improper to be seen walking, on an afternoon, in the park with a masculine fellow-student.

2. The height if refined entertainment consisted in getting together a few guitars and mandolins, some members of the girls glee-club, a few—very few—sterling young men, plenty of chaperones including the dean of women, chartering a boat and going for an afternoon cruise up the river. And it meant home by sunset!

3. Girls who were invited to eat at the "ladies table" in the men's dining hall were accompanied by the dean of women.

4. Young men and women were kept apart except on a few gala occasions, when the chaperones took their duties seriously.

Student Council Budget

(Continued from Page One)

The Council need not encourage you to attend plays, you will do that without encouragement. Tennis receives a probable total of \$50.00 for the entire year. This budget figure includes upkeep only and is based upon recent past experience. The proposal that the tennis courts should be resurfaced has received the attention of the Council, but we feel you will recognize the impracticality of attempting to accomplish this through the regular budget channels. Some special effort will be necessary if anything definite is done in this direction.

The Music budget of \$20.00 for the entire year is used to defray the expenses of certain recitals on the campus to which all students are invited. Here again we urge you to avail yourselves of the opportunities which you have made possible through your triennial assistance.

The Women's Council is filling an unique place on the campus and receives a grant of \$15.00 for the entire year.

The Student Christian Movement reaches all students on the campus through the social events sponsored by that organization. Because of this general value, the Council has this year allotted them \$25.00 for their social program for the year. Again we feel that you will no doubt avail yourself of these privileges. In fact we have seen you do so at the watermelon feed and more recent parties.

The furniture in the Student Union Room is subject to wear and tear every day of the year. In a few years, at most, the furniture will be worn out and obsolete. The council is this year establishing a Depreciation Reserve to which \$70.00 will probably be contributed this year. This amount will be placed in a separate savings account at the bank so that these funds will remain intact until some disposition is made of them. Although we realize that this amount is insufficient, the Council considers it a step in the direction of sane administration.

The General Expense item for the first semester is necessarily large because the expense of publication of the Student Handbooks falls due in this period. Other expenses included in this classification are: stationery, printing ballots, flowers for shut-ins and funerals, and the purchasing of awards to be given at the end of the year. This budget item allows for the day to day running expenses of the Student Council.

You will notice that the items for Music, the Women's Council, and the S. C. M. are allotments for the entire year but included in whole in the budget for the first semester. The other items will have allotments in the budget of the second semester. The estimated total income of \$650. is a very conservative figure. Any excess received above this amount will be distributed among the Spectator, Athletics, and a Surplus account on the basis of 20 per cent 35 per cent, and 45 per cent respectively.

We hope you now understand where your money goes. Any Student Council member will be glad to discuss the budget with you in greater detail.

"All freshmen must ask permission of a member of the Student Court for every date." This new ruling elicited groans of despair from freshmen at Midland College, Fremont, Nebraska.

Personal

Charles Sheller has gone to his home in Eldora, Iowa, to help with corn husking for a month.

Miss Shockey leaves Friday morning to attend a Dean of Women's conference at Hays, Kansas.

Leona and Marcelle Sellers were at their home in Canton for the week end.

Mr. Earl Breen was at Conway Springs Sunday where he preached in the Brethra church.

Quarterbacks Recall Former Games

Thirty-five members of the Quarterback Club heard football tales of the past Monday noon when they gathered around the banquet tables at the Town Tavern to discuss the grid season pro and con.

To start with, Cleo Hill, former McPherson college football and basketball star, took the floor to tell about his most exciting game of football. It was way back in 1923, he said, and the Bulldogs were playing Bethany college Sweden. The game was fast and furious and each team fighting bitterly. "Toke" Carter was knocked out and remained "out" for several hours afterwards. McPherson won the game but a comparison of the statistics of the game revealed the contest was a close affair.

Two guests of the club were members of this year's Bulldog team, Martin Seidel, guard, and Don Barnover, tackle. Seidel discussed "Why I like football," and Barnover "What I expect from football after I get out of school."

Coach Jack Handle of the high school team and Coach Pierce "Buck" Astle of the college discussed their respective teams and past and future games on schedule this week.

THIS COLLEGIATE WORLD

(By Associated Collegiate Press) Charter members of a unique club at the University of West Virginia are still amacking their lips. The eleven boys, embryo foresters, are snake eaters.

It all came about in this case. At the university forestry camp, one of the boys brought back a six foot black snake. They didn't want the meat to go to waste, so the camp cook wrestled with it for a while and at dinner produced black snake roast as the main course.

The eleven charter members who had agreed each to eat an equal portion of the meat sat around the table, a little doubtful, but anxious to prove their sportsmanship.

To everyone's surprise the dish proved extremely popular—in fact the cook dashed in and recovered a large piece for himself.

At the Syracuse University they have—or rather had—a real fraternity man. In his enthusiasm for the life of a "Greek" he pledged and was initiated into two different organizations.

Apparently the dual affiliation met with complications, for both Alpha Sigma Phi and Sigma Phi Epsilon, the victims, found that he had brought them probation with the Interfraternity Council. Now the enthusiast, a tackle on the football squad, is concentrating his efforts on the gridiron again—minus two pins.

They have clever frosh at Indiana University.

The tough lieutenant was addressing his men after the first long grid around the parade ground. "All those who feel unable to march around again step forward."

All the lads except one frashie stepped ahead. The "loole" looked at him and commented, "Well I'm glad I have one man that likes to march."

"Say, lieutenant, I'm so plum tuckered I can't even take that step forward," came the weak voice from the rear.

Wellesley, Mass.—(ACP)—Socrates' classic admonition, "Know thyself" is being taken seriously by Wellesley College. Young women who entered the school for the first time this fall were given four tests arranged to make them review their own attributes and consult their own experience.

Two of the tests have been used since 1932; two were given for the first time this fall. Following are some of the controversial statements and questions, from the alternatives of which the students are asked to indicate a personal preference, included in one of the tests:

"Because of the aggressive and self-assertive nature of man the abolition of war is an illusory ideal. Yes. No.

"If you were a university professor and had the necessary ability, would you prefer to teach (a) poetry; (b) chemistry and physics?"

The test is designed to show the relative emphasis the students place on theoretical, economic, aesthetic, social, political and religious values. The other test is a "Personality

Inventory" which asks the student if she blushes easily, makes new friends easily, finds it difficult to get rid of sadness, is troubled with the idea that people on the street are watching her. The resulting answers indicate any tendencies toward developed neuroses and psychoses.

Albuquerque, N. M.—(ACP)—"Good risks" among the students at the University of New Mexico may continue their education by borrowing money from local banks at low rates of interest.

Tom Popejoy, executive assistant to the president said, "Students are receiving the maximum of credit at the lowest rate from all the local banks. Approximately a hundred students have already taken advantage of these student loans."

The plan of allowing students to borrow from the local banks is now in its second year here and, according to university officials, it is working satisfactorily. The University of New Mexico is one of the few universities in the United States whose students are receiving help from commercial bankers.

Evanson, Ill.—(ACP)—development of a mechanical "inner ear" to help deaf and deaf-blind persons to learn to speak was announced recently at Northwestern University.

Dr. Louis D. Goodfellow of the psychology department devised the new "ear" and named it the Gault multiplier, for Dr. Robert H. Gault, professor of psychology at Northwestern and director-general of the American institute for the deaf-blind.

The device translates sound into vibrations, so the subject, unable to hear, can get the "feeling" of sounds and, by association, learn to produce them.

The machine contains thousands of strings which, its developer said, "analyse the human voice into its component tones, and this makes sound intelligible to the human mind."

Campus Chatter

by BETTY GAY

Larsen was certainly not on the spot at the party Saturday night. Philip Myers, who already knew the "catch" of "H," approached Larsen and said, "Is it a girl?" "Fraid so," quickly retorted Harold. "Do you like 'H'?" the persistent Phil asked. "Yes, I guess," was the answer. Vera sat on his right.

"The Gathering of the Nuts" was an excellent portrayal of the intended play. The Grandmother Clock did exceedingly well in hiding her face and Olive, the picture, said she tried to look pretty since she was to be a beautiful adornment. Remember what Lyle said to her when she leaned against the wall?—"You make a nice wall flower, Olive."

Some one ought to tell those misinformed grocery clerks at the Atlantic and Pacific store that they are laboring under a false delusion—the customer who buys from Ira Milton almost every Saturday is not his sister.

At last we changed tables! I'd like to become better acquainted with everyone and a re-arrangement of the dining hall seating more frequently would facilitate this wide friendship.

Would it have been wise to have sent a secret service agent with Nace, Kingsley and Bower? The question was merely raised.

I like—Lucile Cole's haircut; Marian Kreuger's soothing voice; the new coiffure of Esther Metz; that sleek, black hair of Verda Grove; that ruddy complexion of "Snowshoes"; Phil Myers' life at a party; Mr. and Mrs. Breen's upholstered armchair; the dripping atmosphere of last Friday night; and the sound of a train these crisp mornings.

The novel class thinks the rest of us would be missing some of the

spicy things of life if Miss Smyth's conjectures were not retold. Lenore Shirk commented on the method of giving book reports. After the criticism Miss Smyth took a big sigh and uttered, "Oh, you crush me." Fore reading a bit from one of the old novels, Miss Smyth explained, "This is almost too sentimental to read aloud." Indeed, it was! Luckily, the actual proposal was cut from the book she was reading.

Old Man Winter is certainly puffing his cold better in us these last few days.

Oh, for a camera! Miss Warner and Miss Lehman decided they needed a diversion from work so two bicycles were obtained. Soon Miss Lehman began to puff and puff, and to add to the difficulty the chain kept slipping. Finally it came off and both stopped. Miss Warner, while fixing the chain, noticed that the tires had both been flat. Now, picture Miss Lehman bicycling three miles back to town with two flat tires. Is it any wonder she puffed?

"Foxy," you ought to change your betting policy. You'd better bet on the one you think will win, not the one you'd like to see come out ahead. Discomfort must have been experienced as you sat on that cold ground, a chain around your neck and leg, padlocked to that cement bench.

Such popularity can't be denied! Jean Meyer, a freshie girl, had four boys go through the belt line on her birthday—and the year has just begun. Diehl, it looks as if your "tops" now.

What are we going to do tonight? Boat Baker, of course! Learn those yells, freshies; brush up on them, upperclassmen—and let's make the heavens resound with the glories of our football team.

Add new ways of gate-crashing: Sophomores at Purdue rode down the Union dumbwaiter in order to gain admittance to the freshman mixer in the Union ballroom. And then were ejected.

Forward Passes

Odds and Week Ends—
Coach "Buck" Astle had a strenuous time last Friday because he and his family were involved in an accident in the morning and his team was trampled by the Ottawa Braves Friday night. . . . Grant Van Brunt, "Slim Rediger, and "Fire Horse" Mathiot did not return to McPherson Saturday but went to their respective homes in Kansas City, Olathe, and Peabody. . . . Mathiot blushed whenever his teammates sighted a white horse, for he knew some wisecracks about his nickname were forthcoming.

Ottawa Oozing—
Cottonwood Falls merchants did a flourishing business while the McPherson team stopped there for a few minutes. . . . Dale Stucky, Lee Kraus, and "King" Robertson attempted to raid "Chet Johnson, Phil Myers, Glen Funk, and Bob Seidel for some fruit and delicacies which they had purchased. . . . A large 23-passenger Santa Fe Trails bus conveyed the squad on the 205 mile journey. . . . Again "Bill" Cody was our driver. . . . Most popular magazines were those containing many pictures such as Look, Foto, Life, and Screen Guide. . . . Four rolls of adhesive were required to tape up the players before the game. . . . After ten minutes of the fray on the muddy field, few of the players could be distinguished. . . . Only substitutes with clean jerseys were easily recognized. . . . Ottawa freely changed jerseys throughout the game and even took time out for a distracting act on the field. . . . Barngrover literally "knocked off the laces" when he booted the pigskin far down the field. . . . Ottawa's best offense was faulty Canine tackling. . . . Nomination for two all-conference gridsters: Don Meek, halfback and Bob Harrop, tackle, of Ottawa. . . . Myers, Mathiot, Burrous, Seidel, L. Kraus, and Robertson played "hang-up" ball for the Bulldogs. . . . "Bud Selves and his Emporia aggregation ate dinner at the Nelson Hotel, headquarters for McPherson. . . .

Conference Chatter—
The Bulldogs clash with Bethel at Newton on Thursday, October 21 instead of Friday, October 22 as previously scheduled. Bethel is a "pain in the neck" to conference teams who don't prepare sufficiently for the Mennonites. . . . Bethany's Swedes, traditional rivals of McPherson will come to McPherson on October 29 with a group of scrappy, tricky hustlers, Warren, fullback; Giannangelo, halfback; Kephart, tackle; Killfoll and Altenborg, ends are carrying the neighbors to well-earned victories. . . . They encounter their first conference foe, Kansas Wesleyan, on the home gridiron tonight. Other games tonight are Ottawa vs. William Jewell at Liberty, Missouri, and Pitts-

burg Teachers vs. College of Emporia at Emporia.
Pigskin Personalities—
"Carl Smucker, tackle from Orvill, Ohio, has returned to practice after dropping out for a few weeks. . . . Kenny Martin, end from Kansas City who broke his hand early in the season, has returned to his home. . . . "King" Robertson, Capt. Barngrover, and "Fire Horse" Mathiot have each played in all quarters of the games thus far in the season. . . . **COME ON BULLDOGS, LET'S BEAT BAKER!**

A Baker Wildcat

KENNETH BROWN

Kenneth Brown, 192-pound Baker university guard, will be on the Wildcat starting lineup when his team meets McPherson college here Friday night in a Kansas conference game. Brown is fast, excellent in leading interference, a sure tackler, a good drop-kicker, and is used by Baker to boot the ball in the initial kickoff. Brown is an all-conference guard and unless a slight injury to his shoulder prevents, will be one of the mainstays in the Baker team Friday night.

Verifies 30-0 Score

Ottawa's Extra Point Attempt Held Legal By Thomas

E. A. Thomas of Topeka, chairman of the Kansas Conference, publicly verified the assumption of the Ottawa Herald that one attempt for extra point in the Ottawa-McPherson game was legal and made the final score: Ottawa, 20; McPherson 0.

The extra point decision in question concerned the time when the kick by an Ottawa player was blocked by Earl Mathiot's helmet and tipped through the crossbars. It was apparently legal, but Mr. Thomas, who was referee, made no indication to count it.

Sheer irony—freshman at the University of Michigan are no longer required to wear "pots." But the class of '41 has donned them again in an effort to unify the class in order to win the class games from the sophomores.

TEAM NICKNAMES

Baker Wildcats

By the middle of the 1915 football season, fighting spirit had developed so much in the Methodist institution that the team crushed Southwestern 13-0 (Which is a noble feat, today, also)

Because of the unusual showing, the entire student body marched to the depot, loaded the team into a lumber wagon, and pulled them one mile back to the campus.

A victory rally was arranged at which Coach Sheppard referred to his team as "a bunch of fighting wildcats". Publicity men immediately dubbed the team "Wildcats" and the name is an established trade mark for the Baker team.

Ottawa Braves
The land on which Ottawa University is now situated formerly was the property of the Ottawa Indians who roamed the Eastern Kansas prairies in the yesteryears. When the Indians deeded this land to the white men, the "palefaces" agreed to carry on the Indian tradition in the new school.

Now the Ottawa Indians have become rich on oil land in Oklahoma and the habit school's football team preserved this memory by becoming "Braves".

"Tennessee Terrier"

Dave "Tennessee Terrier" McGill will start as an end in the Baker game tonight. McGill weighs 168 pounds and he is one of the team's fine veterans. Dave is noted for his offensive ability, especially pass snatching. He hails from Soddy, Tennessee, by which he received his nickname.

Sorority pledges at the University of New Hampshire are convinced that the quickest way of losing five pounds in ten days, is to go through "rushing."
