

## Class Pictures To Be Taken Next Monday

### Quadrangle Has Its Sales Campaign Already Well Underway

Photographing students for their class pictures in the Quadrangle will be started next Monday, it was announced by Virginia Kerlin, editor of the Quadrangle. Photographer Phillips from the Ralph-Atkins Studios of Kansas City, Missouri, will take two poses of each student in the student union room. All students are urged to watch the bulletin board for the definite and detailed schedule of taking the pictures.

The Quadrangle began its book sales campaign last Monday, under the direction of S. G. Hoover, circulation manager. Other salesmen of the Quadrangle are Ruth Smith, Lena Belle Olwin, Lena Beckner, Ruth Stump, Ted Washburn, Don Davidson, Paul Dannelley, and Ernest Peterson, business manager of the annual publication.

Concerning the sales campaign, Hoover stated, "We wanted to get good start, and we will continue this drive for the next two or three weeks. I would advise students to order their annuals now, because they probably have more money now than they will later on. There will be no rise in price, and the annual will be bigger and better this year."

## Chapel Program Describes Work Of S. C. M.

### Student Should Use His Talent, Gain Practical Experience

Geraldine Spohn and Lee Nelson, co-presidents of the Student Christian Movement, presided at last Friday's chapel which was designed to describe the work of this organization. The Student Christian Movement has a program that can reach every student in college. Co-chairman of the various commissions gave brief outlines of the work of each commission. The study of many specific problems is taken up by the S. C. M., Marianne Krueger and Donald Newkirk, co-chairmen of the World Affairs Commission, stated that their commission will discuss such topics as the Burke-Wadsworth Conscription Bill, America's position in regard to foreign trade, and how foreign trade affects the United States.

The Student Relations Commission, of which Sara Jane Olwin and Kirk Naylor are the co-chairmen, was created to help students in their social life on the campus.

Shirley Spohn and Russell Eisenble, co-chairmen of the Recreational Leadership Commission, try to interest students in hobbies, such as leather work. They also plan the parties sponsored by the S. C. M.

Read the bulletin board carefully for news items pertaining to the S. C. M., was the advice given by Roy Smith and Dale Stucky, publicity co-chairmen of the S. C. M.

During 1940 and 1941, the general meetings of the Student Christian Movement will strive to present to students the various aspects of student activities and attitudes in their highest worth in an effort to help in the formulating and developing of a keener sense of values.

The utilization of student talent, both individually and through the medium of S. C. M. commissions and their school organizations, as well as local, state, and national speakers, will be the source of both practical and inspirational experiences for the student.

## ENMC Co-Eds Thicker

Eastern New Mexico College's public information bureau sent out a story saying there was a large increase in number of freshman girls.

A New Mexico newspaper carried the story under this headline:

CO-EDS THICKER ON ENMC CAMPUS  
Freshman girls weighing under 110 pounds are considering forming a Society for the Encouragement of Thinner Co-eds.—(ACP).

## Klotz To Head Freshman Class

### Freshman Representatives To Student Council Are Pratt, Trostle

The members of the freshman class met in the chapel Monday morning to elect their officers for this school year. Dale Stucky, president of the student council, acted as chairman of the meeting. Most of the officers were elected by a close vote.

Alvin Klotz, of Fredericksburg, Iowa, was selected to become president of the freshman class. Richard Prentice, of Alva, Oklahoma, was elected to aid him as vice-president. Thornton McDaniels, of Morrill, Kansas, was elected to be class treasurer. The class secretary is Dean Stucky, a brother to Dale Stucky, of Elyria, Kansas.

The representatives to the student council are Harriet Pratt, of Klagsley, Iowa, and John Trostle, of Nickerson, Kansas.

## Sophomores Meet, Approve Budget

The sophomore class held a class meeting Tuesday afternoon to discuss and approve the budget for the present year. The budget as approved sets the dues for the year at two dollars and fifty cents, which is the same amount as last year.

All four class officers are authorized to collect the dues from the sophomores, it was announced by Ernest Peterson, treasurer of the class. Russell Eisenble, president, Flora Mae Brockus, vice-president, and Jean Oberst secretary are the other sophomore class officers.

## Republicans Have Large Rally

### County Attorney Speaks At Rally Held Last Tuesday Evening

Seventy-five young Republicans heard County Attorney John Brandon speak at the first meeting of the collegiate young Republican club last Tuesday evening. The meeting was opened with a novelty number by the girl's trio composed of Gladys Wiggins, Virginia Kerlin, and Lucille Wade. Appearing in patriotic dress of red, white, and blue, the girls made a hit with the Republican big-wigs.

Brandon spoke on the necessity for government of law rather than government of man, emphasizing issues and not discussing personalities.

Announcements were made concerning future political activity of the club, and emphasis was made of the fact that every Republican student is an automatic member of the club and should not wait for a personal invitation to take part in its activities.

The meeting was closed by a patriotic medley by the trio accompanied by Vena Flory.

## Pep Rally Tomorrow

The football team will leave from the Physical Education Building for their game with Hays State Tigers shortly before noon tomorrow. A pep rally is to be held before the embarkation and will begin at the gymnasium at 11:30. Every student is urged to come to the rally if it is at all possible for him to be there.

## Should Use Power Of God On Earth

### Dr. D. W. Bittinger Tells Chapel Audience Of Power Of Nature

"Power will flow back upon itself," said Dr. Desmond W. Bittinger, in a speech to the chapel audience Wednesday morning. Prof. Bittinger told of the powers of nature as he had witnessed them on the different continents.

"In Africa the Nile flows back upon itself," he stated. "In England the Thames flows back upon itself. In France the Rhone flows back upon itself. In Germany the Rhine flows back upon itself. In America the Hudson River flows back upon itself.

Rivers everywhere show forth the power of God.

There are many other miracles in everyday life that show forth the power of God.

"We should use the power of nature," said Dr. Bittinger, "to make our world safe for democracy, instead of trying to destroy human lives. We can use this power to establish a democratic brotherhood throughout the world."

## Forensic Club Meets Wednesday

The Forensic Club will hold its regular meeting next Wednesday evening at 6:45 in the student union room as was previously announced by Donald B. Davidson, vice-president and program chairman of the club.

The program will consist of a debate between the president of the Freshman class, Alvin Klotz, and that versatile newcomer to the Sophomore class, Raymond Siffer Jr. The question to be discussed is "Resolved, that the freshman boys be permitted to have dates to the football games."

## Radio Programs Of Interest

Sunday, 1:30 p. m. University of Chicago Round Table Discussion, NBC.

Thursday, 6:15 p. m. Noel Sargent, of the National Association of Manufacturers, will talk on "How England and Germany Are Financing the War." NBC.

## Goobers Pay Education

Sam A. Coppins of Nettleton, Miss., wanted to go to college, so he peddled peanuts.

Sam paid his \$120 fees at Mississippi State with 2,400 nickels—the cashier counted them—earned by selling goobers.—(ACP)

Edward L. Saylor, M. D., c'22, died at his home in Akron, Ohio, in August.

## Author - Missionary - Professor Coached Football In Africa

Dr. Desmond W. Bittinger, professor of sociology and education at McPherson college, was born in Eglon, West Virginia. He attended the local high school and then went to the University of West Virginia. He then attended school at Elizabethtown, and received his A. B. degree there.

Following his schooling, he engaged in pastoral work, taught grade school, and taught later in high school.

In 1930 Dr. Bittinger went to Africa. He spent four years there in charge of the educational work of the Brethren church. There were approximately 350 students in the elementary school and sixty in the normal training schools. He was also in charge of the church work there.

In connection with this work, he was superintendent of a leper colony consisting of about eight-hundred lepers. Since leprosy is found frequently there, an attempt is being made to isolate all lepers in the colony, educating them so that they may lead a normal, happy life.

After a trip back to the United States, Bittinger spent four more

## Eureka Singers Give Concert Here Wednesday

### S. C. M. To Sponsor Popular Mixed Chorus Of Negro Minstrels

Next Wednesday evening at 8:00 the Eureka Singers, a mixed negro chorus, will give a concert in the chapel, it was announced yesterday by Lee Nelson, co-president of the Student Christian Movement. The S. C. M. is sponsoring the concert.

Four years ago this group of minstrels were in a lyceum number here on the campus. At that time they were well received, and many students stated that they hoped the singers would return to the campus some day. Last year the S. C. M. tried to arrange a concert by them, but they were too much in demand and no suitable time could be found. The Eureka Singers make a nationwide tour every year.

The admission charge to college and high school students next Wednesday will be twenty-five cents. Faculty members and adults will pay thirty cents and grade school children will be admitted for fifteen cents each.

## Live For Cause Not Die For It

### Prof. Maurice A. Hess Speaks On Subject Of Living Sacrifice

"In Christ we can live for our cause, not die for it," Prof. Maurice A. Hess told the chapel audience last Monday morning. "A Living Sacrifice" was the subject he chose for his speech.

"In Germany the soldiers are made to believe that only one-fifth of them will return from the war," Prof. Hess stated. "They are taught to die for the cause. Here in America we can live for our cause and should do so."

"Every person's gifts differ one from another. It is our duty to find that for which we are best fitted. Idlers are not wanted in business. If I find enemy hunger, feed him, for by so doing, thou heap coals of fire upon his head. We should live lives acceptable unto God, and thereby be a living sacrifice, not a dead one."

Progressive Methods make it possible for Spectator advertisers to sell good quality at lower prices.

A wind tunnel with air speeds up to 100 miles an hour is being built at the University of Santa Clara.

## Professor Is Outdone

A certain professor at Ohio State walked into the classroom 15 minutes late to find the class gone. The next day the students were apprised. The professor said his hat had been on the desk, and that had been a sign of his presence. Next day the professor again found an empty classroom. On each desk was a hat.—(ACP).

## Men Hold Open House

### Fahnestock Hall Is Open To Public Tonight From 7:30 To 9:30

This evening at 7:30 the men of Fahnestock Hall hold their annual Open House affair. The public is invited to come and visit the rooms and get a first-hand view of how college boys live.

The event is not one that requires prompt arrival or late staying. Guests are at liberty to come or leave at any time during the course of the evening—7:30 to 9:30.

The boys already have plans afoot to make their rooms as charming as they can in their ineffective masculine way. Even though the rooms will remain essentially bachelors' quarters, the public will find them furnished in good, though masculine taste.

The order of procedure is to visit any or all the rooms, chat as long as you feel like in any one or all rooms, and to respect the family skeletons in the closets. The boys are convinced that you will have a good time. Refreshments will be served.

## College Social Committee Is Chosen

### Miss Shockley Announces Personnel Of Active Group

Miss Ida Shockley, McPherson college social director, has chosen Donna Jean Johnson, Vena Flory, Don Newkirk, and Robert Brust to serve on the student social committee for this year. This committee, under the leadership of Miss Shockley, will arrange school entertainments and socials for week-end nights. Such events as formal parties, moving picture shows, all-school parties, one-act plays, and college sings will be under the supervision of this group.

Already many entertaining events have been planned and the student body should look forward to each of these social gatherings." The first event the committee will supervise will be the college sing, which will be held tomorrow night.

## Discuss Time, Money

The Brethren Y. P. D. will have a discussion of time and money Sunday evening at 6:30, as Eugene Lichly, Wayne Paris, James Crill, Elizabeth Mohler, Edith Spengler and Eunice Swank meet together and lead a round-table discussion over the topic, entitled "Stewardship of Time and Money."

## Song Soiree To Be Tomorrow Night

### Novel Affair Under Direction Of College Social Committee

Tomorrow evening at 8:00 o'clock in the student union room, there is to be a "Song Soiree." A "Song Soiree" is taken from an old French custom in which the people that attend engage in group singing and mixed-games. "Soiree" is from the French word meaning a delightful evening. From the meaning itself students can expect to have an enjoyable time.

Lucille Wade, Gladys Wiggins, Pascal Davis, and Dick Burger are in charge of the program and a good program is to be the result. This type of social affair is just getting a start and it is the hopes of the committee that a large number of the student body will be out to make this "Soiree" a success.

## Only Four Actors Survive Stiff Tryouts

### Thespian Club Elects Unanimously Candidates Recommended By Judges

Only four applicants survived the rigorous elimination in the tryouts for the Thespian Club held last Tuesday afternoon, it was announced by John Detrick, president of the Thespian Club. The successful actors were one sophomore, Jean Oberst, and three freshmen, JeanMcNichol, Raymond Siffer, and Wayne Geisert.

To be admitted to the Thespian Club, each prospect had to memorize a character selection three minutes in length, give it before the judges, and present a card outlining past experience in plays that would recommend the candidate for membership in the local club. Then the judges recommended four candidates to the Thespian Club.

In a specially called meeting of the Thespian Club last Wednesday afternoon, all four candidates recommended by the judges were unanimously elected into the Thespian Club. According to the rules, the new members are chosen by the whole Thespian Club.

Membership in the Alpha Phi Omega, national dramatics fraternity, is open to members of the local dramatics club. The requirements for entrance are strict, and those seeking membership must be recommended by the sponsor of the Thespian Club, Prof. Della Lehman.

Last year seven Thespians qualified for the national fraternity. The judges for the tryouts this year were Miss Lehman, Prof. Ralph Stutzman, John Detrick, club president, and Virginia Kerlin, secretary of the club.

## College Of Emporia Has New President

### Leslie George Whitcomb Was Formerly Evangelistic Singer

College of Emporia, a conference rival of McPherson, has a new president in Leslie G. Whitcomb, former singer-evangelist. He succeeds Dudley Doollittle, temporary president during the last year.

Until recently Whitcomb was pastor of a large church in Topeka, Kansas. Last June 1 he was called by the board of trustees to become permanent president of C. of E.

He will be formally inaugurated October 11, when a list of dignitaries will be present. Governor Payne Ratner will represent the state, Moderator William Young the church, and the Rev. R. V. Kearns, the president of the board of trustees, will represent the college.

Governor Ratner will officiate at the flag-raising ceremonies, which precede the dedication of the Alumni Memorial Altar. The new altar, from which C. of E. has drawn the name, "The Altar College," will become a symbol of Christian education and living for the college. President Whitcomb will deliver an inaugural address.

Whitcomb is a member of Phi Gamma Delta and Phi Beta Kappa, honorary scholastic fraternity. His education was obtained at Hanover and Wash colleges, with religious studying later at McCormick Theological Seminary. The new president is a Kiwanian and Scottish Rite Mason.

## McPherson College Has Best Pep Band It's Had Years

This year, pep such as was only known to M. C. in the old days, has returned and with a bang! The pep rallies prior to the first football game were the start of all the enthusiasm. The pajama parade was the biggest success for several years, and the pep chapel the same day had a large crowd present.

A large portion of this success is due to the newly organized pep band. Thanks should go to the college for acquiring the services of Pascal Davis, who has taken charge of the band. Davis has had quite a musical career as a cornetist, having won numerous state and county contests and taken second prize in a national contest. Prof. Davis has also had considerable experience in band conducting, and profiting by this experience he has picked some good music and has put the band in excellent condition.

College musicians have turned out better this year than last and thus the quality and power of the band has increased and will probably continue to grow as more students join. In the opinion of many the present college band sounds much better than any the college has ever had.

## At The End Of Euclid

By Isabel "Crummie" Crumppacker

Hiya, folks! Well, everything on Macampus seems to be settling down after almost three weeks of schooling. Mary Josephine Holzemer settled down so hard (not from schooling, we presume) that she supported a nifty pair of crutches—or did they support her?

Miss Colline seems to be having her troubles, too. She fell and broke her arm by slipping on her waxed floors. Now her famous car, "Primrose, Number One," must stay in the garage at home, and her cat, "Tag," must go without his three-minute egg for breakfast every morning. Tak, tak.

It has become well-known that ye old Fahnestock Hall is still holding its booster clubs; Professor can elink a mighty mean fly swatter; and first-year French class sounds like a bee-hive in the attempt to secure correct pronunciation.

Arnold Hall may have its potentialities, too. Who knows but what there might be some future Tom Edisons or Sam B. Mosess in its midst? Juanita Weaver, head mischief

## Kline Chimes In—With A Klinite Reporting

Kline girls have a new brother, Lorel Alvin Nelson, born last Friday morning at the McPherson County Hospital. Lorel is likely to have plenty of nursemaids this school year.

Maurine Anderson spent Sunday in Manhattan visiting Lots Piorman and Autumn Fields, both former students at McPherson College.

H. P. Flory of Wichita, made his appearance at Kline last weekend visiting Avis Elliott.

Kline was the scene of a birthday party last Saturday night. V. Ritchie was the honoree. The girls swept out on the balcony and the rains came—which caused the lassies to move their mattresses inside and sleep the remainder of the night in

## WHEN I OPE MY MOUTH, Let No Dog Bark—

By the Sage of Fahnestock Hall

When, what a headache. Just the time to write a column. A headache is really bad, I am told, when the headache objects to the cat's stomping his foot. That person must have written radio plays or chapel speeches.

This is a day of perplexing problems with the international situation growing worse every day. The girl's having to use American perfume certainly brings the war uncomfortably close.

Speaking of girls and problems (some may argue that the two are synonymous) brings us to our next dilemma. Alas, why is it that the girls must be beautiful and dumb, or smart but homely. Some of the girls are pleasing conversationalists, but a man has to have a sack over her head before he can stop wincing every time she looks at her. And beautiful girls often are stultifying ad nauseam.

I think that the difficulty is not that the smart girls are much less lacking in bilateral physiognomic symmetry, but that their intelligence will not permit them to stoop to tricks that seem legitimate to their more obtuse sisters. As one bull session sage put it: "When you find a girl that you can both talk to and kiss, then you've got something." A man has to balance his diet, so to speak, but the girls inform me that if a man casts about too widely, he is likely to get the reputation of being unpredictable.

The girls also inform me of a good many other things, and about some of which they were exceedingly wrathful. They inform me that the boys of Maccollege are sadly in need of better manners. Ease of bearing, without being a stuffed shirt, kindness without being patronizing, hilarity without assiduity, and sobriety without being a clabberpuss would seem to be their idea of Macampus' boys' greatest needs. These however, they indicated were goals to be achieved with the passage of time. But great were the gnashing of

## Henry Speaks For I.R.C.

By Thomas Doepfner

Today the International Relations Club will have its first discussion of this year's program. The topic will be "How did the economic life of the European nations influence the present conflict?" Don Newkirk, vice-president of the club, will lead the discussion.

The meeting will be held in the Student Union room at 4:00, as was the meeting last week. Study material for this discussion has been available on the "I" shelf of the library all through the week. For every discussion study material can be found there.

Anyone not able to join the regular meetings Fridays at 4:00 yet interested in the club should see Edith Spengler and tell her his predicament, so that a suitable meeting time can be arranged for the whole I. R. C.

Through the kindness of the student council, the student union room will be used every Friday for the meetings. The large number of members has already reached thirty-nine. Anyone else interested in international affairs and willing to study with the I. R. C. should join the club.

The World At Large By Robert Nance

The bombing of London, Berlin, French and Belgian coasts continue, and each side makes its claims of damage done to military objectives and its accusations of damage done to civilian residences by the bombs of the other side. But this is nothing new and has no immediate effect on us, only as it adds up to who will last the longest.

It seems to me that the things that most concern us are such incidents as the sinking of the British refugee ship which caused the death of eighty-three children, and which the British press cried, "Murder!" and the shelling of the French West African capital of Dakar, at which the German papers called, "Massacre." We must think clearly on these things and remember that both sides are actually at war and that such incidents are only a part of the war.

Another incident of national importance is the fight between Japan and France over French Indo-China. Evidently there has been some nego-

ing Congress to adjourn, who knows?

**Large Crowd Sees Movies Of Africa**

I. R. C. Begins First With Talk By Its Sponsor, Dr. Wayland  
Last Friday afternoon the International Relations Club viewed two reels of motion picture film that were taken in Africa by Dr. Desmond Bittiger. The films were shown and were accompanied by interesting explanations from Dr. Bittiger.

The first meeting of the I. R. C. was well attended, being estimated at between sixty and seventy. Tom Doepner, president of the club, presided at the meeting and introduced Dr. Francis F. Wayland, sponsor of the club.

Dr. Wayland told of the structure of the club, its functioning in the past year, and its purposes. He told a little about the conference at Winfield last year and mentioned that the conference is to be held at Warrensburg, Missouri, this year.

**Choral Club Began Season Last Monday**

Club Will Correlate With A Cappella In Double Quartette

Only seven of the sixty members failed to come to the first choral club practice Monday evening. It was reported. The choral club under the direction of Miss Gulah Hoover, rehearsed only a little in its first meeting.

Miss Hoover announced the possible program for the coming year. The choral club began working on two numbers which will be a part of the concert to be given in the church next spring.

A new move to correlate the choral club with the A Cappella choir will be installed this year in the form of double quartets selected from the two groups to give programs throughout the year. Also the choral club will assist in the Oratorio that is given each spring in the community building.

A committee was selected to nominate officers of the club for the coming year. Those selected were Dick Burger, chairman, Russell Eissenheit, Wilbur Bullinger.

**Hess To Speak Tuesday Morning**

Next Tuesday morning Prof. Maurice A. Hess will speak in the World Affairs Commission meeting on "The Burke-Wadsworth bill" as related to conscientious objectors. It will be the second meeting of the Commission a study group of the Student Christian Movement and any one interested in this timely subject is invited to attend the meeting and to come prepared to ask any questions which he desires, it was announced by Marianne Krueger, co-chairman of the World Affairs Commission.

Last Tuesday the group met in its first meeting with a preliminary discussion of the Burke-Wadsworth bill led by Dr. Burton Meztler, official college advisor for conscientious objectors.

**Off-Campus Off-Beat**

Now that the despairing day is over this can be told. Dean Stucky, freshman, spent one long day close to his teachers for fear an upper classman would catch him alone. The reason was he forgot his cap and—well, you know these upper classmen!

After classes are over one can usually find Chester Nordling at the golf course practicing up on his strokes. Of course, "Chet" says this is done only after his assignments are finished.

Wouldn't you like to have Mildred Fries' cute, white moccasins; skirts as plentiful as Virginia Kerlin's; Lenora Shoemaker's dark hair; hands as dainty as Doris Voshell's? Or maybe, if you are a boy, you'd rather have hair as wavy as La Rie Owen, Gene Wilbur's pearly white teeth, or a physique like Eddie Leonard's.

Robert Arnold, "Lefty" to most students, a Macampus gridster, has been seen wearing two class rings. He didn't graduate twice did he? Maybe "Lefty" is keeping something secret. Could be!

Have you gotten acquainted with these student's nicknames yet?

**Introducing --**

This column is intended to introduce to Spectator readers a few of the colorful freshmen of McPherson college. It is impossible for Spectator reporters to interview more than a few of the prominent freshmen this week.

The selection of one-minute sketches is not necessarily on ability or prominence but is made wholly on the basis of how well known the member of the class of 1944 is to Spectator reporters. Thus the method of selection is haphazard. The Spectator is sorry that it can't interview all of the truly prominent freshmen enrolled at McPherson college this year.—The editor.

**Marilyn Sandy**  
The attractive freshman girl with the cheerful disposition, who is known to all as "Sandy", is Marilyn Sandy. She graduated from McPherson high school last year with many of the high honors to her credit. "Sandy" was president of the senior class, president of the Girl Reserve, member of Quill and Scroll, an honor society for high school journalists, and received the American Legion School Award.  
Her talents are many and diversified. She is an excellent whistler and played cymbals for four years in the high school band. She likes people, and her personality makes her an interesting leader.

**Dean Stucky**  
The secretary of the freshman class is Dean Stucky, brother of the illustrious Date. Both hale from Elyria, that famous suburb of McPherson. Dean attended junior high and senior high at McPherson and sang in choruses in high school.  
He was quite active in Hi-Y affairs, at one time being secretary, president, and regional congressman of the Hi-Y. He ranked third this year during freshmen days. Dean's favorite food is burrogg, and Macolegians will find him a friendly freshman who wears his green cap regularly.

**Wayne Geisert**  
The freshman who ranked highest in the English placement test this year was Wayne Geisert, who lives at Elmo, Kansas. Geisert is a friendly, scholarly chap who takes most things seriously.  
He attended high school at Chapman, Kansas, and participated in debate, dramatics, and journalism while there. He ranked on the high honor roll at Chapman high school. To do that he had to average over 93 in all his grades made during high school.

**Thornton McDaniels**  
Thornton McDaniels, that tall, blushing blond from Morrill, ought to make the freshman class an efficient treasurer, since he has had experience. In his senior year in high school he was treasurer of the student council and also president of his senior class.

Although basketball was his long suit in athletics, having lettered three years and acted as captain for two years in high school, he was also a star at high jumping on the track team and first-baseman on the baseball team. He has another ability but this one has been discovered by very few on the campus—he played a flute for two years in the high school band!

Thornton is one of these rare fellows who does his own cooking and likes it. His most important hobby is the collecting of foreign stamps. He intends to teach, with commerce and coaching as his major.

**John Trostle**  
John Trostle, a social lion from Nickerson high school, is the man representative of the freshman class to the student council. Trostle is a sociable chap, quite friendly to all. He was president of his senior class.

"Arky" Lois Lawson, "Frenchie" Barbara Holderman, "Tiny" Max Morse, "Pinkie" Madelyn Carlson, "Mose" Wallace Lindberg.

If one didn't know otherwise, he would think Betty Schwalm owned the Model A Ford that sits in front of her house most of the time.

Jack Bowker, Macampus cameraman, has already started shooting for this year's Quadrangle. Look your prettiest girls, you may be next!

at Nickerson and is a member of the National Honor Society.

**Kenneth Nordling**  
Kenneth Nordling graduated from McPherson high school last spring. At present he still lives in the house of his babyhood. The tall, blond, and handsome freshman plays a bass horn in the pep band. He is a good basketball player, although he never played interscholastic basketball after his sophomore year in high school.

In each of his last three years in high school he won the Central Kansas League tennis tournament. In his junior year, he also placed third in the state high school tennis tournament. He quite often plays tennis with ye editor (and wins).

Last spring at the May Fete of the All Schools Day celebration, Nordling was chosen May King (most handsome senior boy), being popular as well as handsome.

**Richard Prentice**  
The vice-president of the freshman class comes from Aline, a small community near Alva, Oklahoma. He attended Coo Springs high school. This tall, looe-tongued freshman was quite active in school athletics, playing basketball, baseball, and tennis. He participated in some school plays and was the sports editor of the little school paper, called the "Papoose". He was president of his class in his freshman and junior years in high school.

**Vincent Allison**  
Another McPherson High School graduate to make his appearance on the Macollege campus is Vincent Allison, who was easily recognized by a bandaged hand the first few weeks of school. He is a brother to Anne Janet Allison, and like her, is interested in music.  
Last year he played solo cornet in August San Romani's McPherson High School Band. He was also a member of the journalism class. When he is not busy at his work, he is usually found playing his horn or in the midst of a checker game.

**Maxine Ruehlin**  
One freshman girl who remains unflustered by the hazings of upper classmen, the increased length of college assignments, and the learned scowls of the professors is Maxine Ruehlin. A graduate of McPherson high school, Maxine found time aside from her lessons to act as editor of the high school paper, in addition to gaining a place in the National Honor Society and the Quill and Scroll.  
This tall, dark-haired girl likes especially the friendly atmosphere of the campus. Her extra-curricular interests are journalism and sports. She expects to emerge from four years of college as a full-fledged English teacher. Much will be seen of Maxine here.

**Alvin Klotz**  
Prexy Alvin Klotz of the freshman class hails from Fredricksburg, Iowa, with an impressive high school record behind him. He was salutatorian of his senior class, played a baritone in the band, was "in every glee club and quartette the school ever had," and entered the state contests for vocal and instrumental solos.  
Alvin made the A Cappella Choir here and plans to major in music. This tall, dark, freshman is a resident of Fahnestock Hall, the girls probably already know.

**Harriet Pratt**  
One representative of the freshman class to the student council is Harriet Pratt from Kingsley, Iowa. In high school she also served on the student council.

She is a tall, pretty red-head, who claims Scotch in her blood. For three years she led cheers in high school. She was in the junior and senior plays given by her high school. An honor student, she graduated third in her class.

**Purloined Star Remains Purloined**

Bill Mapes, the purloined back-field star of Bethany—Kansas Wesleyan notoriety, is playing for Bethany at last reports. Late last week there was held a meeting of some of the officials of the Kansas conference.

Dr. V. F. Schwalm, president of McPherson college, presided at the meeting, which did not change the status quo of the "Mapes case" despite the vehement objections of Gene Johnson, Kansas Wesleyan coach.

Mapes played no important part in Bethany's 25-0 loss to Kearney last week, it was reported here. Mapes, despite his stellar ability in high school, will probably be hampered greatly in conference play by the publicity he unwisely brought upon himself by changing schools at the last minute.

**Alumni News**

Harvey Lehman, c'27, a former associate editor of the "Spectator," was elected president of the Northwestern Ohio Scholastic Press Association at a meeting held at Kent State University last May. Mr. Lehman is advisor for the Salem High School paper at Salem, Ohio, at which place he is entering his eighth year of teaching. He is also president of Tri-County Journalism Association and has served on several committees for state journalism conventions.

Everett Fasnacht, c'34, and Mrs.

# Bulldogs Play Hays Tigers Tomorrow Nite

## Central Conference Team Is Rated Gridiron Edge Over McPherson

McPherson faces her second Central Conference opponent in succession when she meets the strong Fort Hays State Tigers at Hays tomorrow night. Still smarting from a 7-0 defeat handed them by the Southwestern Moundbuilders last week, the Bulldogs will seek to even the account with Southwestern's conference sister.

This is the first meeting between the football teams of the two colleges for many seasons. According to pre-season dope Fort Hays is given a decided edge, but the Bulldogs have a reputation for scoring upsets. No reports have come from the Tiger's camp as to the probable starters for the game.

Coach Hayden is expected to make several changes in the starting lineup for tomorrow's game. There will probably be a toss-up for the left end position between Junior French and Rollin Wanamaker while the other end will probably be Dick Callen. The return of Arlos Tarn to the squad will strengthen the tackle position, and if starters for tackle will probably be chosen among him, Merrill "Slug" Myers, and Russell Reinecker. Raymond "Dutch" Goering, a guard who starred in last week's game, and Bob Cook will probably begin the game on each side of Raymond "Squeak" Meyer, who will be pivot man.

Several changes are expected in the backfield, with several injuries necessitating rearrangement. There has been some talk of shifting Gene Wilber, freshman from Iowa, into the backfield. Milo Unruh, another freshman who showed up well in the first football game of his career, will also be depended on for backfield duty in the near future. Bob Brust and Glen Funk will probably be on the sidelines with injuries received last Friday night. Calvin Jones, Jack Vetter, Sylvan Hoover, and Irvin Keck, all of whom saw a lot of action in the backfield will be available. However, Coach Hayden will probably not announce definitely until game time who his starters will be.

A game captain is chosen preceding each game of the season for duty during the game, and tomorrow night Irvin Keck will captain the Bulldogs in their contest with the Tigers.

# KCAC Gridiron Guns Sound This Weekend

## Ottawa Plays Bethel Tonite; C. of E. At Lindsborg Tomorrow

Tonight will find the opening guns sounding in the Kansas Conference as Bethel plays Ottawa at Newton. Tomorrow night College of Emporia plays Bethany at Lindsborg.

The game at Lindsborg should be the feature game of the two. Both teams were beaten decisively in their opening games last week, and neither team has been picked to be a serious contender for the championship. A decisive victory for either team might alter this opinion. From statistics on last week's game it would appear that Bethany should have the best chance of annexing this game.

At Newton Bethel faces the tough task of trying to whip the Ottawa Braves, who didn't give a whoop about third-term tradition as they annexed the conference championship for the third consecutive time last year. Ottawa should be able to win this game even though they opened the season with a loss, and Bethel opened with a win. If Bethel should upset the dope and win this game, it might mean the end of Ottawa's football supremacy.

McPherson journeys to Hays to meet Fort Hays State Teachers. This will be McPherson's second Central Conference foe, Southwestern having

### Football Schedule

Southwestern 7, McPherson 0.  
Sept. 28—Hays Teachers, here.  
Oct. 4—Ottawa, here.  
Oct. 11—Baker, there.  
Oct. 18—Bethel, here.  
Oct. 25—Bethany, there.  
Nov. 1—C. of E., there.  
Nov. 9—Pittsburgh Teachers, there.  
Nov. 15—Kansas Wesleyan, here.

squeezed past her last week. This is the opening game for Hays. Hays will be the favorite to take this game. McPherson would be rated at about even odds if her squad was in top condition, but both Glen Funk and Bob Brust are out with knee injuries.

Baker journeys to Colorado to play Colorado college tonight. Although nothing much is known of the strength of Colorado, there will be considerable interest in the outcome of this game. Baker is one of the favorites to take the championship this year, and this will be her first game.

Kansas Wesleyan will play St. Benedict college at Atchison tomorrow afternoon in one of the feature non-conference games. This will be the first game for St. Benedict and the second for Wesleyan. Wesleyan beat Sterling 14 to 0 last week. On the basis of last week's performance against Sterling, we'll give the Coyotes the edge in this game.

# Two Conference Teams Win; Four Lose

## Scribe Says Ottawa's Reign As Conference Champ May End

Last Friday night marked the beginning of the football season for the Kansas Conference with six of the seven teams playing non-conference games. Baker was the only team that remained idle.

With one game behind them McPherson still remains the darkhorse of the conference. Although they lost to Southwestern 7 to 0, they showed much promise. The play of the line and the plunging of Vetter was especially noteworthy. The big question in the mind of all Bulldog fans is whether Glen "Flipper" Funk will be in there pitching strikes this fall and whether Bobby Brust's knee will allow him to be at his best. Although in the lineup but a few minutes against Southwestern, Funk showed clearly that he is one of the best passers if not the best in the conference. Brust reeled off several good gains while he was in the game.

Hebron Junior college invaded Newton to play the Bethel Graymaroons and took a 14 to 0 licking. However this is no great achievement: for Bethel because Hebron was playing a team out of their class. Bethel showed defensive strength, however, by holding Hebron to 40 yards from rushing.

Sterling invaded Kansas Wesleyan and was on the short end of a 14 to 0 score. In beating Sterling, Wesleyan gave notice that it is one of the teams to be in the Kansas Conference this year. They showed a very strong offense by gaining 294 yards from rushing.

Ottawa opened the season with a loss by giving up two touchdowns in the last period to a strong Chadron team. The score was 14 to 0. Although Chadron had a veteran team, this game may be an indication that Ottawa's three-year reign as conference champs may come to an end this year.

At Topeka the Washburn Ichabods overwhelmed College of Emporia 26 to 0. The score might have been even larger but the Ichabods fumbled twice within C. of E.'s ten-yard line.

Bethany journeyed to Kearney, Neb., to play the Kearney State Teachers, and received a 25 to 0 shellacking. This game would seem to indicate that Bethany will have to improve greatly if it expects to win many conference games this year, although not much can be learned from just one game.

At the end of the first week of the season there is not much change from the pre-season rating of the teams. It still appears that Kansas Wesleyan, Baker, and Ottawa are the teams to beat. But none of the other teams have conceded anything yet and any one of them can cause a lot of trouble.

# Builders Win Opening Game Over McPherson

## Long Pass Accounts For Sole Scoring In Gridiron Contest

Although outgaining her opponents considerably in yards rushing, the Bulldogs lost their season's opener before a large crowd of local fans. The Southwestern Moundbuilders of Winfield eked out a 7-0 victory over the Bulldogs by virtue of a touchdown pass tossed to Swafford, Builder fullback. The play was good for a total gain of 46 yards.

Not at any other time during the game did the Southwestern team seriously threaten to score. Each time the ball was brought into the Bulldog territory, their defense tightened and held. Twice during the game McPherson was within 13 yards of a touchdown only to lose the ball on downs.

Fumbles were frequent during the game, as is typical of early-season contests. A total of seven fumbles were committed by the two teams. Winfield made most of their gains by passing, completing 10 out of 22 attempts for a total of 176 yards. Penalties did much to offset these gains, with a total of 50 yards being assessed against them.

Summaries for the game are as follows:

The strating lineup:	
Southwestern Pos.	McPherson
Layden .....	E .....
Bland .....	T .....
Rose .....	G .....
Dillman .....	C .....
Barham .....	G .....
Pranks .....	T .....
Painter .....	E .....
Manotawa .....	QB .....
Cantwell .....	LM .....
Shannon .....	RH .....
Seipp .....	FB .....
Jones .....	.....

The summary:	
Southwestern	M S
Yards from rushing	115 79
Yards lost from rushing	9 19
Punts	8 9
Yards from punting	284 356
Average punts	35.5 37.5
Passes attempted	13 22
Passes completed	4 10
Yards from passing	58 176
Penalties	2 8
Yards from penalties	10 50
First downs	9 14
Passes intercepted	1 4
Fumbles	2 4
Returned from punts	50 68

Sunday sounded by Lucy Blough when she hurried a hole in the back of her dress. That's all right, Lucy, Burger liked your black dress.

Notice Mrs. cleaning agent in girl's dorm, or is that business private, Denny? Isn't it nice, "Mickey" to have a boy friend who will pay you for going to Sunday School. . . . Old Arnold is really bulging at the sides—with swanky apartments; we even have a flower patch in Arnold—if you don't believe it, just visit Vesta's and Harriet's room.

Freshmen are busy writing autobiographies and even a senior girl is busy keeping hers up to date. Gerry sends hers to K. U. Did you hear about Betty Clark dashing out into the hall? Wiggle yells "Man on Second." Well, jackets will do in a pinch, Betty.

There is only one upper classman on third this year. . . . Poor Twila. We hear that homesickness is the main topic of the little "freshies". There was a birthday dinner given in the dining hall by about 16 girls for Lena Belle's birthday Friday. We all like our new house mother, Miss Neher, she certainly treats us swell. Listen, there's that buzzer buzzing again. Au revoir.

# Fahnestock Chaff—

## Blown Off From Fahnestock Hall

'Twas the nite before open house, And all through the dorm', Everybody was stirring,

At least everybody but Miller Blew, and he was probably in a certain Iowa car parked under the old pine tree with our beauty queen. Oh well, I can't blame him, I could go for Batty myself.

Fanny Stock, Dormitory and Hospital, that's me. Since our clash with Southwestern, Glenn "You catch-em-and-I'll-pass-em" Funk and Peg-leg Brust have been about one jump ahead of the wheel chair. That's OK fellows; my shingles are off to you! Bob Kingsley seeks to avoid conscription by clipping the end off a finger in the shaper. (A machine that puts the fancy edges on your dressers, etc., for the information of my feminine readers, if any, I hope!)

Ho! Ho! And did I snicker up my flue Sunday nite when Roy "Adam

Lasonga" McAuley discovered his bed full of assorted crushed moth balls, salt, talcum powder, and what-have-you. Oh Boy! Don't that stink pretty! I shudder to think of the calamity destined for the freshie, or freshies, responsible for this, "Scoundrelly deed," as Roy put it.

Ah, alas, what has befallen me? 'Pears as though all my inmates have turned out to be hep-cats and jitter-bugs. Oh, woe is me! I was infested with an honest-to-goodness jam session Monday nite. Klotz was tight in the grove with his vest pocket harmonica, Kingsley is really on the mellow side with a bugle, and McG Millan was in there solid with a hot Jew's harp and a sweet potato.

Yes, man! that was one evening of solid jive! Great heavens! Was that the Bay sounding off again? No, I guess it was only Keg-O-Rice tooting Taps on a trumpet. Taps—you lads and lasses all know what that means, don't you. So-long.
