VOL. XXV. Z-223

McPHERSON COLLEGE, McPHERSON, KANSAS

FRIDAY, MAY 15, 1942

NUMBER 81

Commencement May 25 Closes School Examinations Scheduled For Four Days Next Week

On next Tuesday afternoon, from 2:20 to 5:20, the first of the final examinations will be held. They will continue on Wednesday, Thursday and Friday.

The schedule as announced by Dr. J. W. Boltz, dean of the college, runs as follows:

Tuesday, May 19, 3:20-5:20, all 7:50 classes, except freshman English.

Wednesday, May 20, 8:00-10:00, all freshman English classes 10:00-12:00, all 8:45 M. W. F. classes, 10:10-3:20, all 8:45 T. Th. classes, except freshman English. 3:20-5:20, all 10:15 W. F. classes.

Thursday, May 21, 8:00-10:00, all 11:10 T. Th. F. classes, except freshman English. 10:00-12:00, all 10:15 M. T. Th. classes, except freshman English. 1:20-3:20, all 2:15 M. W. F. classes. 3:20-5:20, all 2:15 T. Th. classes.

Friday, May 22, 8:00-10:00, all 1:20 M. W. F. classes. 10:00-12:00, final chapel. 1:20-3:20, all 3:10 M. W. F. classes. 3:20-5:20, all 11:10 M. W. classes.

Picnic Year's Last All-School Function

Picnic Saturday Is Planned By SCM Social Committee

Saturday afternoon and evening will see the last all-school social function of the year. At 4:00 P. M. the students and faculty will meet in front of the Administration Building and hike to the picnic spot—the city park.

The plans of this function are in the hands of the S. C. M. social committee. S. C. M. officers have expressed the fact that although the picnic is being sponsored by the above group, the entire student body is invited.

The all-school picnic has proved, in the past, one of the social highlights of the year. It is at this function that students see the faculty members with their hair down.

It has been requested that all who attend bring 10c to help in the expense of the refreshments.

Naumann Entertains

Wednesday evening May, 13, Dr. and Mrs. Naumann entertained a number of language students in their home. Guests present were Virginia Kerlin, Betty Burger, Mildred Fries, Art Schubert, Alvin Klotz, and Austin Williams. After an interesting conversation, Dr. Naumann was finally persuaded to give a sample of his piano playing. He played a Beethoven selection. Mrs. Naumann served tea, doughnuts, and candy.

Tune In

on our Social Calendar

Friday May 15—Dorm Theater Party, 7:00 P. M.

Saturday May 16—All School picnic 4:00 Lakeside Park.

Sunday May 17—B. Y. P. D. Vesper 8:30.

Friday May 22—Pine Arts Recital 8:00 Chapel.

Saturday May 23—Senior Class Day 10:00 A. M.

Sunday May 24—Baccalaureate 10:45 A. M.

Monday May 25—Commencement 10:00 A. M.

Saturday May 30—Alumni Banquet 6:30 Church.

Rowe Speaks To FOR Group Sunday

W. Harold Rowe, executive secretary of the C. P. S. of the Church of the Brethren, spoke to the Fellowship of Reconciliation last Sunday evening on various phases of Civilian Public Service.

Last Wednesday morning the group met for the purpose of considering projects and also to elect a chairman to see that the work of the F. O. R. is carried on during the summer in order that work can begin immediately this fall.

College Represented At District Conference

McPherson College will be well represented at the annual district conference that will take place over United States during the summer months.

Dr. Peters and Rev. King will represent the district and the local church, respectively, at the conference in Asheville, North Carolina, from June 10 to 16. Dr. Peters is a member of the standing committee for this annual church meeting. Dr. J. J. Yoder, Dr. Metzler, and Dr. Mohler, will probably represent the church and the college at this conference also.

The Brethren districts of North Dakota and Eastern Montana will convene at Poplar, Montana, during June 24-28. Dr. Peters again will be present at this conference. He will be present for the Texas and Louisiana Conference at Rose Pine, Louisiana, July 24-26.

Seniors Breakfast At President's Home

Pres. and Mrs. W. W. Peters are inaugurating a new plan this year when they entertain the graduating seniors at a breakfast on Saturday morning, May 23, at 8:00. The breakfast will be given at the President's home at 1223 East Euclid.

Mrs. Peters will be assisted in the serving of her three course breakfast by her son, Dale, and her daughter, Lina Catherine, both of whom will be home from school.

This is the first occasion of this sort to be given in honor of the graduating class.

Quadrangle Makes Debut Next Tuesday Morning

Students on Tuesday morning will have an opportunity to view the present child of Ray Silfer and Dean Stucky, the new 1942 Quadrangle, and will also have the opportunity of buying copies of it by the organizations succeed in paying bills owed to the Annual.

A book with slightly more square inches of engraving than that of last year's and consequently a few more pictures, the 1942 Quadrangle is this year adorned with an attractive maroon and blue leather cover. Featured in the new book will be several pages of "crazy-quilt" shots, and also a section dedicated to this year's students who have been drafted or enlisted in branches of service to Uncle Sam.

The group pictures of organizations in this year's book have been especially clear, and the engraving made by the Burger-Baird Engraving Co., were also very clear. Printing has been done by the McPherson Re-

Ten-Week Term Summer Session Opens May 27

"Prospects Are Very Encouraging For Summer Session" Says Boltz

"Prospects for the summer session are very encouraging, and plans are taking on final shape rapidly" was the comment of Dr. J. W. Boltz, director of the summer session, this week.

Beginning May 27 and closing August 25, the ten-week session has been arranged so as to enable a student to earn ten hours credit this summer. Especially are high school graduates of this spring urged to avail themselves of this opportunity to complete the normal four-year college course in three calendar years, by taking summer school three successive terms as well as six regular terms.

Admission requirements for the summer session are the same as for the regular terms, and the work done is of the same general quality as that of the regular sessions.

A special feature of this year's summer school is the course of eight hours in library science being offered. This course will qualify students to become librarians in class "A" and "B" high schools in Kansas.

Faculty members will include Hittinger, Bowman, Brown, Collins, Hershey, Hoover, Martin, Metzler, Olson, Wayland, and Winkler. Mamie C. Watson, of Central College here in McPherson, had been hired to teach English this summer, but she has resigned. The vacancy has not yet been filled. Also on hand will be President Peters, Dr. J. W. Boltz, J. H. Fries, and Clayton Rock.

The Vermorels, dining hall, laboratories, Student Union Room, and all other necessary college equipment will be available this summer.

Orchestrals Class Performs For May Day

Members of the McPherson College orchestra class, under the direction of Miss Staehling, presented a dance at the May Fete given down town Wednesday. The dance was built around a waltz pattern using rhythmic movements studied by the class. Features of the dance were the patriotic costumes and conclusion, carrying out the theme of the day.

Dear Friends:

Often, in the course of human events, unavoidable circumstances necessitate a parting of the ways. Facing the irrevocable truth we must realize that, with the cessation of the present term of school there must also be a parting of friends and associates. To remind you that you are going back to the old companions at home, or that you are going out into new environments and find new friends and that many of you will never return to old M. C., and all that sort of tripe would be vain and trite.

Speaking collectively for the entire Spectator staff, it behooves ye scribe to proclaim, dear readers, that your conscientious cooperation, your enthusiastic support, and your generous good will, as well as your tolerance for our shortcomings and errors, have made it possible for us to present you a newspaper that we are proud of and that we hope is becoming to the school and student body which it represents.

We shall not say "Good-bye" for, though many of our paths may not cross again, we shall meet many times in unforgettable memories. Instead, we say, "So-long guys and gals, it's been a swell year, we've had a great time, no sorrows, no regrets; keep your chin up, and don't lose that indomitable Bulldog Spirit! Keep 'em smiling!"

—Clancy Bunyan

Baccalaureate To Be Held Sunday May 24

Service Held At Church Of Brethren 10:45 Sunday Morning

This coming Sunday May 24, 1942, McPherson College will hold its annual Baccalaureate Services in the McPherson College Church of the Brethren. The services will open promptly at 10:45 Sunday morning.

The Baccalaureate sermon will be delivered this year by President W. W. Peters of McPherson College. The subject of his address as announced is "The Open Door."

The occasion will begin with the organ prelude played by Prof. Ralph Stutzman. Following this will be presented the regular Sunday morning worship services. Special music will be offered by the McPherson College male quartette and the College a cappella choir. The quartette will sing "Open Our Eyes" and the choir will sing "O Gladsome Light." The program will terminate with the benediction and organ recital.

Schubert Accepted V-7 Training

Final Exams At Kansas City Soon

Art Schubert, prominent junior of Moroneize, enlisted Tuesday, May 12, in the V-7 class of the Naval Reserve in Salina.

Soon after school is out Schubert will go to Kansas City to take his final examinations prior to definite acceptance into the service. If he passes these examinations he will probably be placed on inactive duty until a year from this fall. By this arrangement he will be permitted to complete his senior year at McPherson College next year.

Schubert, as well as making an excellent academic record, has been outstanding in sports, especially in basketball, during his college career.

Dr. Desmond W. Bittinger, professor of sociology and education at McPherson College, delivered the commencement address at the high school at Hanston, Kansas, near Dodge City, last night. This evening he will give the commencement address at Kipp High School.

Fager President Of IRC Next Year

The International Relations Club held their final meeting of the year last Friday for the purpose of electing officers for the coming school year. Elected as president was Melvin Fager; Eunice Swank was chosen to fill the position of vice-president and program chairman; and Russell Jarboe will take the office of secretary-treasurer.

Lucile Horner, president of the club during the past year, made several remarks concerning the work and purpose of the club and also announced the Institute of International Relations which is being held at Wichita from June 9 to the 19.

Vocal Repertoire Class Gives Broadcast

Members of the vocal repertoire class went to Salina Wednesday afternoon to broadcast over K. S. A. L. Those who went were Prof. Nevin Fisher, director and accompanist for the group, Lucile Harris, Ann Witmore, Jean McNeil, Betty Kimmig, Wayne Crist, Joe Goughnour, and Kenneth Wampler. Four soloists performed during the 15 minute program.

The program consisted of "American Lullaby" and "The Brownies," sung by Jean McNeil; "Tommy Lad" by Lucile Harris; "When Big Profundo Sang Low C" by Wayne Crist; and "Requiescat," by Ann Witmore. After the broadcast, Al Thompson, director of the programs at the K. S. A. L. Station, told the class about the various aspects of broadcasting and the technical side of radio as a profession.

Peters Fills Numerous Speaking Engagements

Pres. W. W. Peters has been much in demand during the past weeks as a speaker for baccalaureate and commencement services in the high schools of Kansas and Missouri.

During the past week Dr. Peters has addressed the high schools of Adrian, Missouri, Green, Kansas, and Leonardville, Kansas. This evening he will speak at Cunningham, Kansas, and this week end he will fill two speaking engagements at Burr Oak.

Next week Dr. Peters will again be journeying, these times to Moundridge, Bushton, and Inman, on May 18, 19, and 20, respectively. He will

Terminating its 54th year of service to youth, McPherson College holds its commencement exercises Monday, May 25, at 10:00 A. M. in the Church of the Brethren.

Delivering the commencement address will be the reverend A. E. Henry, D. D., district superintendent of the Wichita district of the Methodist Church. Dr. Henry, whose home is in Wichita, is a prominent figure in religious circles and a well-known speaker. A number of his books have been used not only by Methodist churches but also by other denominations in connection with religious education.

Dressed in the traditional gown and mortar board attire, 37 seniors will participate in the pompous academic procession to the church.

On the musical part of the program will be a vocal solo, "Blow, Blow, Thou Winter Wind," by Lyle Albright; a piano solo, James "Rhapsody in B Minor," by Anne Janet Allison; and "Chorus of Seraphim," by the college ladies' quartet with soprano solo by Virginia Kerlin. The processional and recessional marches will be played by Prof. Ralph Stutzman at the organ.

Following the presentation of candidates for graduation by Dean J. W. Boltz, Dr. W. W. Peters, president of McPherson College, will confer degrees on the 37 graduates. The invocation will be given by Rev. B. N. King, pastor of the college church, and the benediction pronounced by Dr. Peters.

McNicol, Crist In Joint Recital

Program Includes O'Hara, Bohm, Tchaikovski, Knapp, and Botsford.

On May 9 Joan McNicol, contralto, and Wayne Crist, bass, were presented in a joint recital in the chapel auditorium. The program included compositions by O'Hara, Bohm, Tchaikovski, Sanderson, Speaks, D'Harlelot, and Knapp. Among the more popular numbers were "Calm as the Night" by Bohm, "How Beautiful Upon the Mountains" by Harker, and "Danny Boy" by Weatherly, sung by Miss McNicol and "Open the Gates of the Temple" by Knapp, "Sylvia" by Speaks, "Trees" by Rasbach, and "When Big Profundo Sang Low C" by Botsford sung by Crist. The recital was concluded with a duet, "Sing! Sing! Birds on the Wing!" by Godfrey Nutting. Prof. Fisher was the accompanist.

Miss McNicol is a sophomore and has been prominent in music activities. She is a member of the capella choir and of the women's quartette. She is a member of the double quartette which recently took an extended tour.

Mr. Crist is a junior and also is a member of the capella choir. He possesses a voice of wide range and good volume.

Seniors, We Honor You—

Commencement exercises Monday, May 25 officially close the fifty-fourth year for McPherson College. Looking backward briefly over this last year's work, we find that it is a great deal like the many preceding years, but is outstanding in several respects—the initiation of a new president, W. W. Peters; a bigger and better homecoming than ever before; a large regional conference; completion of a new men's dormitory; a successful basketball team; plans started for an industrial arts building; installation of Pi Kappa Delta—all of which adds up to a successful and worthwhile year for both the institution and the individuals attending college here.

To many, particularly the seniors, next Monday means farewell to many friends and associates, and consequently, farewell to this institution. Next week spells thirty to their college education. To others it means a parting for the summer to return next fall for the next session.

In either case, whether we are back here in school or not, we can still pledge ourselves to go "forward with McPherson."

"Forward With McPherson"

Within the next two weeks, students all over the nation will be leaving school for vacation. Seniors especially will be faced with a new problem—that of orientation into a different and perhaps more complicated world than formerly. Many will, for the first time, be "on their own." From a world of education, idealism, and creative thinking they are going into a world of hardship, turmoil, and bitter disappointments. The method of meeting these new problems will be determined to a large extent by their training for the last four years.

To you, seniors, we can say, "Congratulations, for having completed your college training. Yours is a hard and bitter looking road ahead of you. You have one of the gloomiest roads "staring you in the face" that any class has had for a number of years.

We are sorry to see you graduate. For some, your graduation means a final farewell, a last goodbye. You have been helpful to us in many ways. We cannot repay you for your help in assisting us with our work. Many of you are close friends by this time; all of you are good sports and members of a select group of liberally educated people. We are truly sorry to see you leave.

Next year another class will fill your shoes, yes, there will be a definite place left unfilled—a place in our hearts which can be filled only by your presence.

We, the juniors and underclassmen, wish success and happiness to you in whatever be your undertaking.

America Needs Physicists

Closing of school again brings up the question, "Should I continue to attend school until called into service, and if so, what shall I study?" The answer to the first part of this question is obvious. You should stay in school. But to the latter, some seem a bit undecided. It is common knowledge that the chemist is needed and that any number of chemical research experts can be used in that field.

Up to date, it has not been emphasized, but there is a very great need for physicists also. From 1500 to 200 physicists could be placed with no great amount of difficulty, and at the present time, only 600 are being turned out from schools.

Moreover, the physicist will have a position after this war is over. The need does not concern only a warring nation, but is also the concern of a peacetime nation. A great deal of thought could be given to the possibility of a student's taking courses which lead to a physicist's classification.

Albright Heads Freshman Class Again Next Year

Hedges Vice President, Sanger, Ickes, Witmore, Swinger Other Officers

David Albright, that popular freshman singer from Iowa, will head the class of '45 a second year it was determined by the freshman class election held yesterday.

Chosen to fill the office of vice-president for the year '42-'43 was Geraldine Hedges, cheerleader for the past two years.

Elected to the offices of secretary and treasurer were Ruth Ickes and Merrill Sanger respectively.

Anno Witmore, prominent for her scholastic record and oratorical ability, has been selected as girl representative to the Student Council.

Glenn Swinger, now on the Student Council, was chosen to retain that position for a second year.

Three Participate In ... Conference Golf Meet

Reeves And Brunton and Brother To Two-Day Tourney

Max Brunton, Harry Reeves, and Delbert Brunton will play in the Kansas Conference Golf Tournament to be held at Ottawa, W. May 14 and 15.

Chester Nordling, Harry Reeves, and Max Brunton represented M. C. last year and came home with first in both the individual and team competition. This is the third and last year that Max Brunton will have played in the Kansas Conference Meet for M. C.

The boys will leave Wednesday afternoon with the coach and the truck team. The golf team will not return until Friday evening because the tournament is for 54 holes, taking two days to play it.

Gleaned From The Teeming Brain

Bunyan, Burkholder, and Runk have gone the way of all young men in the spring, as was demonstrated by their willingness to help sell goodies to the yokels in the Methodist May Day stand. Than which there is no greater "emotion." Runk is less to be pitied, however, for all he was drafted into doing was freezing the ice cream. The reason for these other worthless working is plain to be seen, but how they got E. Dale, Spec editor, to work is a mystery which has been puzzling me to these many hours since. Perhaps Ernie wanted to make the stand one hundred percent Spectator staff operated.

Proving that it is always darkest before the dawn, one of our managing editors was informed Thursday morning of her election as extra-curricular representative to the student council. This disclosure doubtless followed close on the departure of column editor Bunyan for service with Uncle Sam. Bunyan said he would leave town sometime after ten o'clock Wednesday night.

May Day came and went with no serious mishaps befalling any of Macollege's own. To date, no heavy eyes have been reported, praises be! However, many folders looking pocket books testified to the power of the concessions to draw to themselves all well-fed college boys. Doc Williams, Wayne Geisert, and Cap Miller were observed seeing the sights as well as they could after drinking root beer at the Methodist stand. Once more this past week the cam-

Callen Promoted

Richard Wimper Callen, son of Mrs. Dora Callen of 309 South Maple street, McPherson, Kan., and former student of McPherson college was recently appointed a Naval Aviation Cadet and was transferred of the Naval Air Station, Pensacola, Fla., for flight training, according to an announcement made by the public relations office of that station.

Callen was sent to the Naval Reserve Aviation Base in Kansas City, Kan., the middle of January. There he successfully passed the elimination training course the first of March.

Upon completion of the intensive seven-month course at "The Annapolis of the Air," Callen will receive his designation as a Naval Aviator with a commission as Ensign in the Naval Reserve or as 2nd Lieutenant in the Marine Corps Reserve and will go on active duty.

City Grade Pupils In Chapel Program Fri.

Miss Naomi Witmore, music instructor in the city schools, presented some of her classes in a musical program in chapel Friday morning.

The Wickersham first grade rhythm band under the direction of Miss Gladys Barnes opened the program with "The Whistler and His Dog" and "Warblings at Eve." They also jumped rope and bounced balls to music.

Kleith Allison represented Roosevelt school by singing "Mother Machree."

The violin class from the junior high school furnished an instrumental part of the program as they played "Reverie."

Washington school's sixth grade sang two numbers, "The Nightingale" and "Now the Day Is Over." A girls octette then sang "God Be Our Guide."

A piano solo, "The Skaters' Waltz," was played by Miss Anderson.

Concluding the program was the third grade from Wickersham school as they narrated the story of "The Little Red Hen" in song.

The President's Corner

Since this is the last issue of the Spectator for the academic year 1941-1942 and since this is my first year at "our college" I feel moved to express my heartiest appreciation for the very fine constructive service the paper has rendered. It has been good to me and very helpful in getting started in my new field of service at McPherson. I have read each issue of the paper with pleasure and profit. I have learned many things about "our college" and about individuals connected with the college that otherwise I would not have learned. Many interesting traditions and customs have been revealed.

I should like especially to pay my respects to the two editors for the past year, Mr. Paul Dannelley and Mr. Ernest Dale. They have been loyally supported by efficient staffs and the Spectator has been a genuine credit to the college. I should like also to express my sincere thanks for the gracious consideration the Daily Republican has given me and the college.

With thanks and appreciation for the past year, we hope and plan for the next.

The best advertising a college has is its students and the greatest service a student can render his or her college is to recommend the college to prospective students. McPherson College has faith in young people and in the future. She solicits your interest in and support of her slogan, "Forward with McPherson."

We look forward to a splendid student body next fall and shall welcome back the old and most heartily greet the new students.

W. W. Peters.

Ruehlen, Geisert On Student Council

Elected By Extra Curricular Organizations.

Maxine Ruehlen and Wayne Geisert were elected to the Student Council, it was announced by Virginia Kerlin, president of the Student Council. The election closed yesterday in a close race between the candidates with Maxine Ruehlen and Wayne Geisert receiving the majority of votes. These two will represent the extra-curricular activities in the council next year.

Last week the presidents of the organizations met and nominated Maxine Ruehlen, Wayne Geisert, Jean Oberst and Glenn Swinger.

Each extra-curricular activity was entitled to two votes, one for a man and one for a woman. Each of these votes shall be cast in favor of the respective candidate receiving the votes of a majority of the members of that organization. The candidates receiving a majority of the votes of organizations shall be the representatives.

Senior Swansong

With the closing of another school year and the graduation of another senior class at McPherson College, the Spectator gives congratulatory writeups about each senior individually.

Doris Voshell

"—and when this Macoeed goes down the street, she looks a hundred per from head to feet—all American girl!"; yes, truly an all American girl is Doris Voshell, local McPhersonite, who is a home ec. major and physical ed. minor.

Doris has been in practically every club on Macampus some time during her college career.

In her freshman year "Fossil" was treasurer of the class, sports manager in W. A. A., and rated the Thesplan club.

When Doris was a sophomore she was treasurer of the W. A. A., and was one of the active members of the girls' athletic club. She was the class representative to student council and was one of Macollege's peppy cheerleaders.

Active in every possible sport in the W. A. A., last year Doris was elected to lead the athletic girls as president of the group. Again she was elected to the student council, representing the extra-curricular organizations. It was also in her junior year that Doris, poised and talented, was football attendant to the queen.

Regardless of all the many activities of a senior, Doris still remains the cool, calm, and collected girl as usual, and again was "prexy" of the Women's Athletic association. This year she is secretary of the student council and the board of publications. She holds two vice-presidency positions, one in the Thesplan club and the other of the senior class. She is also one of the few to be included on the honored list of Who's Who members.

Next year Doris plans to teach in the physical education and the home economics field. This summer she will be a camp counselor at Scott City, where she will either lead the sports or dramatic groups.

Doris admits that the most valuable thing she has gained from her college life is the association of friends she has made.

Virginia Kerlin

Virginia Kerlin, upon whose able shoulders the weighty problems of the Student Council have rested this year, is an English major from Twin Falls, Idaho.

Her outstanding achievement during her college career was her election as president of the Student Council during her senior year. She has been active in all phases of student government on Macampus. As a freshman she was a representative to the Student Council, served on the recreational council for two years, and was a member of the Women's Council this year.

Virginia chalked up another unusual achievement as a junior when she served as editor of the Quadrangle. This versatile lassie has been a Thesplan for four years, was a varsity debater as a sophomore, was an attendant to the Football Queen when a freshman, and has been a member of the Pep Club for three years.

Virginia has starred not only as a leader, an actress, a journalist, a debater, and a beauty, but also as a musician. As a three year member of the A Cappella Choir, she was this year included in the Women's Varsity Quartette. She has delighted many McPherson, and neighboring musical circles as a soprano soloist.

It is not difficult to see why this talented senior admits that she has had no time for hobbies.

Virginia has been employed by the Brethren Publishing House in Elgin, Illinois, for next year. It is her ambition to become a writer in the literary and journalistic fields.

Twila Peck

Twila Peck, the dark-haired senior who is really a "peck" of fun, hails from Morrill, Kansas, and is an English major.

After attending Highland Junior College for one year, and taking the equivalent of one year's work at Bethany Biblical Seminary, Twila came to Macollege for her final two years.

During her sojourn on Macampus, she has been especially interested in music. She has been a member of the A Cappella Choir during her senior

Spectator Staff Exeunt

The Spectator staff, both business and editorial, in considering the success of the Spectator for the past year as phenomenal, takes little credit for any such accomplishments of this weekly news organ. All credit is due to the reporters and special writers of the Spectator who have faithfully turned in copy regardless of lessons, work and outside activities. This, along with the untiring efforts of the business staff members, has made the "Spec" the student publication that it has been.

Realizing that this publication is self sufficient only to a limited degree, and that it is dependent to a very great extent upon its constituency, the advertiser, the Spectator wishes to express its gratitude for the splendid spirit of cooperation that the advertisers have shown.

We wish to thank the faculty for the aid and cooperation that it has shown, and especially Dr. W. W. Peters who has contributed weekly with his President's Corner as well as with an immeasurable amount of material vital to the Spectator reading students.

This issue, for the present staff spells finis. Again, to all who have helped in any way to make this paper a success, we say, "Thank you."

The Spectator Staff.

year and has been one of the busiest of the piano accompanists to be found hereabouts.

"Twila," as she is known to her friends, has also been active in the S. C. M., the Pep Club, and as a junior, was a member of the Women's Athletic Association.

The pursuer of an interesting and varied hobby, Twila has collections of big cats, little cats, middle-sized cats, all over her room! She especially caters to pictures of the feline race, but she also possesses her little pets in all its inanimate forms.

Next year she plans to teach in the English and music fields, and it is her ambition to study music more intensively sometime.

Robert Frantz

Robert Frantz, that home-loving fellow from Holmesville, Nebraska, is a major in mathematics. Bob and his petite brunette wife, Alice, are head residents of Kline Hall this year, but, Alice contends, "Bob doesn't have much to do, except ring the quiet bell occasionally and act as disciplinarian."—"May be good experience, eh Bob?"

This dignified senior has also found time to be active in extra-curriculars. As a freshman, he was vice-president of his class; he has been active in the S. C. M. for four years and this year served as a commission head; that year he is co-chairman of the recreational council after serving on this committee for three years.

As a two year member of the a-cappella choir, Frantz was elected to treasurer last year. He has also served as secretary treasurer of the Men's Council this year and has been active in the F. O. R. Bob has been an assistant in the physics laboratory during his senior year.

He plans to farm this summer until he is called to go into camp, which will be soon. For relaxation, or as a means of spending his leisure time, Bob likes to fish, hunt and participate in outdoor sports, which confession Alice emphatically verified.

Jack Bowker

Jack Bowker, the fuzzy-haired Romeo from McPherson, will be remembered for his adeptness as having a good time wherever he was and for his good-natured loquaciousness. And, as an expert photographer, Jack cannot be excelled.

As an economics and business major, Bowker is attempting to gain a position in the finance division of the

United States Army, for he is subject to draft as soon as he graduates. It is his intention to go to law school where he will specialize in corporation law after he has served his country.

Completing his college career in three years, Jack has acted in the capacity of Quadrangle photographer for three years. As a freshman he was on the college debate squad, and was also a member of the chemistry club for two years.

Bowker is an experienced photographer, having been recognized for his ability in several national contests. He is interested in golf as a hobby and also wields a wicked piig-pone paddle.

Although Jack doesn't exactly look nor act like a rabbit, he admits that his most favorite of favorites is—carrots!

Don McCoy

Don McCoy, sometimes called "Moo-cow" or still other times called "Killer" is a local McPherson lad, who delights in giving the public the idea he isn't what he is.

Don is a chemistry major and spends the greater part of his school time in the familiar chemistry laboratory with a friendly smile and helpful hint to all quantitative analytical students. He has been one of the main chemistry assistants for two school terms and for two summer school sessions.

McCoy practiced teaching chemistry this last year in high school. Also athletic minded, McCoy plays

a good game of table-tennis, and enjoys watching the varsity teams. Don's own athletic ability was demonstrated this year when Coach Hayden and Don met to challenge each other with their physical strength.

Don is to be commended because not only does he take his loaded school schedule, but he also works at his father's filling station.

With Don's remaining spare time, he usually spends it with that cute, brunette high school maiden, envy of several of the Macoeeds.

Although Don expects to be drafted soon, he would like to go into chemistry work as a laboratory research chemist.

With his easy-going attitude, McCoy has made many friends here at Macollege, especially with chemistry students.

Joy Smith

Wedding bells will sound and Joy Smith will march down the aisle to the strains of "Here Comes the Bride" this coming May 28 at her home town at Whitten, Iowa, at the Ivestor Church—the lucky fellow being Wilbur Lewellan, who is a last year's graduate of Macollege.

Joy, whose major is home economics, admitted from now on will put her culinary knowledge into practice, after the 28th, at Larned, where Lewellan will preach and teach.

During her four years here at Macollege, Joy "Frances" has been an active member of the Student Christian Movement, serving as co-social

chairman and co-publicity chairman. Also musically inclined Joy has been a member of the choral club for two years and also has been a two year member of the a cappella choir. This year she has officiously served on the Recreation Council.

As a freshman, Joy was on the varsity debate squad and for three years was a Forensic club member.

This efficient senior lassie, is also an outstanding student in art. This year Joy has made several types of basketry objects, and is also talented in giving chalk talks.

In her spare time, Joy discloses that she likes to read non-fiction books, do fancy work (which matter of factly, might come in handy soon!) and make scrapbooks.

Joy's sweetness, thoughtfulness, and capabilities will long be remembered and greatly missed next year. Macollege joins us in wishing Joy luck and happiness in her married life.

note-giver of the Men's Varsity quartette, hails from Quinter, Kansas. This curly-haired, brown-eyed, likeable senior acquired the name of "Ethel Mirt Ikerbellie" on the depuration trip recently, and 'tis rumored he takes a real delight in being called that.

Talented in music, "Ikey" as he is used to be called before the newly acquired name, is in choral club; has been a member of the a cappella choir

Senior Swansong

(Continued from Page Three)

for his four years here, and the past two years has sung in the male quartette. "Ikey" is prexy of the choral club this year.

During his college career, he has also been a member of the Student Christian Movement and was also president of the junior class last year.

Not only is "Ikey" a leader of his class, but he has been chemistry assistant for several years, and this year is senior assistant.

If he is not called into service, Ethel plans to enter Dental School in Kansas City this fall.

"Ikey's" hobby is music, and he will be greatly missed in the music department next year; for he has been a great asset and leader in this department.

Luck be with you "Ike" whether it be either in dental school or in the armed forces.

Crist Speaks In Home Town

This last Sunday night, May 10, in his old home town, Wayne Crist gave the baccalaureate address to his alma mater high school, at Quinter, Kansas. Crist spoke on the subject "Orderly Living in a Disorderly World." He spoke to a graduating class of about 35 members. This is quite an honor for a college junior, that he should be invited to speak on such an occasion at his home school.

Poesy And Prose

Do you remember learning this one a-way-back-when? It seems especially appropriate today, when the red, white, and blue of our flag is in peril.

The Flag Goes By
—by Henry Holcomb Bennett

Hats off!
Along the street there comes
A blare of bugles, a ruffle of drums,
A flash of color beneath the sky:
Hats off!
The flag is passing by!
Blue and crimson and white it shines,
Over the steel tipped, ordered lines.
Hats off!
The colors before us fly;
But more than the flag is passing by.

Sea-fights and land-fights grim and great
Fought to make and save the State;
Weary marches and sinking ships;
Cheers of victory on dying lips
Days of plenty and years of peace,
March of a strong land's swift increase:
Equal justice right and law,
Stately honor and reverent awe;

Sign of a nation great and strong
To ward her people from foreign wrong;

Pride and glory and honor, all
Live in the colors to stand or fall.
Hats off!
Along the street there comes
A blare of bugles, a ruffle of drums;
And loyal hearts are beating high:
Hats off!
The flag is passing by!

One of the truly great patriots,
who had the good of our "Old Glory"
imbedded deep in his heart, was that
typical American, "Teddy" Roosevelt.
His characteristics are expressed
aptly in this poem.

Theodore Roosevelt
—By Leon Huhner

Gigantic figure of a mighty age!
How shall I chant the tribute of thy
praise,
As statesman, soldier, scientist, or
sage?
Thou wert so great in many different
ways!
And yet in all there was a single
aim—
To fight for truth with sword and
tongue and pen!

In wilderness, as in the halls of fame,
Thy courage made thee master over
men.

Like some great magnet, that from
distant poles
Attracts the particles and holds them
fast,

So thou didst draw all men, and fill
their souls
With thy ideals,—naught caring for
their past.

Their race or creed. There was one
only test:
To love our country and to serve it
best!

Southeast Missouri State Teachers
college (Cape Girardeau) has reduced
freshman failures in chemistry 75
per cent since organization of a drill
class in chemistry three years ago.

Heard On The Party Line

Ah, blessed May Day! pop, parades, people, pageantry, all go together to make it a joyous occasion. It makes me feel old though. Not too long ago when I marched with the first graders, I got to wear my new white shoes in the parade. I can remember when I helped wind the May Pole, too. But "the old order changeth yielding place to new." And this year Dutchy, Lillian, Maurine, and Anna Mae were among the lucky girls who danced interpretatively before the queen and her party. Didn't the Maccoeds look sweet—yum, yum!

May Day morning dawned fresh, clear, and sunny, and as it dawned, about two-score Fahnstockites were found holding ropes all over the city. They wouldn't let anybody go anywhere without their special permissions. "Proxy-elect" Burkholder even attempted coercion at the rate of ten cents a "go-by." And this party heard that the fellows were plenty burned up about the city's swindling them out of four bits. They should have organized a union!

Kerlin and Paul E. Danalley were seen together on May Day, too. Once during the course of the afternoon's events, Paul Edward couldn't decide whether he wanted ice cream on his pie or not, but after Kerlin convinced him that it cost the same with or without, Paul decided in favor. Congrats, Virginia, on your job in Illinois.—she thinks she will make many interesting contacts through her new position—she will do secretarial work, you know.

It's about time for the Brethren to have a revival—judging from the Methodist League stand, it would seem that a goodly number of erstwhile Brethren need to be revived their childhood teachings.

Did you see former Maccollegian Ardy Metz on the Campus? This

Bowker boy just really gets around. According to rumor the Metz-Bowker duo collaborated with Ikenberry and Kerlin one night while Metz was here. Just for old time's sake, of course. But, Violet, why don't you find out how Kerlin gets by with it?

These precocious freshmen!! Really, it's a good thing that the summer vacation will soon be here. Carrying fire escapes up to Prof. Hess' room and putting measles signs on the President's office door can be tolerated, but when they start building stone walls in the chapel hall, that seems like too much exertion for the poor dears. Besides, haven't they heard that "stone walls do not a prison make"?

Dr. and Mrs. Burton Metzler along with a number of student ministers visited the Eden Mennonite church, southwest of McPherson, Sunday, May 10.

A Student's Lament

Next week we take examinations, a fact lamentable enough in itself; but to make matters seem even worse, at least to some of us, school also closes next week, perhaps for the last time for many of our number. That one should lament the closing of school may seem a matter of lunacy to some, but only to those unfortunate souls who have not as yet learned to appreciate the values of "higher learning."

Going home has its advantages of course—home cooking, decent hours of sleep, a rest for the brain, a chance once more to balance the difficult budget, etc. It will be a relief to look at books without a guilty conscience or a feeling of repulsion, depending upon whether or not they were studied this past school year.

But even taking into account all the good points of going home, it is not without a pang of regret that we leave Macampus this spring. The fel-

lowship of friends, midnight "ball sessions," the professors' dry jokes, and yes, even the dorm messes, will be missed for one reason or another.

But enough of such melancholy thoughts. Let's look forward to another year at Macolegic beginning next September. Let's profit by the mistakes of these past semesters and make our future days in the school of "life and light" even happier and more worthwhile than those which now are ending.

Dr. Bittinger and Dr. Metzler attended a meeting of the Civilian Public Service held at Bethel College in Newton last Saturday. Representatives from all of the mid-western states and Washington, D. C. were present.

Elmer Ratzlaff, '41, is teaching and coaching at Alexander, Kansas.

"My country 'tis of thee, Sweet land of liberty—" ¶Thousands of young men and women are graduating today in colleges all over the country. A few look forward to more education—others will start careers and professions but most of them will have to give up that profession that they had counted on and enter national defense. Each is turning a page in the book of life. . . what will be written on the new page?

"We, the people of the United States in order to form a more perfect union," . . . ¶George Washington was a well educated man—but students of today are presented with vaster fields of learning than were available to anyone in Washington's time. But Washington was great then—and would be great today—because he could think, perceive, evaluate and act! He learned more from life than he did from books. So did Abraham Lincoln . . . a great man without formal education. So can today's graduates . . . that from which they graduate—a school—is intended to prepare them for learning from life.

World conditions necessitate and produce action and reaction, defense and offense, war and peace, prosperity and depression. . . ¶Great problems lie before the graduates of 1942. To some, further preparation is necessary before tackling them . . . others find themselves on the long road that leads to future responsibility . . . in the armed forces . . . in government . . . in social activities. There's a challenge for every student . . . a problem to be solved . . . mistakes to be corrected . . . errors to be avoided. There's something that needs licking . . . something that only one person can lick. It may be a personal problem . . . but each personal problem affects a national problem—this is a big country.

" . . . testing whether this nation, or any nation, so conceived and so dedicated can long endure . . . so that government of the people, by the people and for the people shall not perish from the earth . . ." ¶Graduates—the book of life is open before you. May it become a history of continued success for you, for McPherson, for the United States of America which is you!

Bulldogs Win 8 to 3 over Bethel In Softball Tilt

Vetter Leads Attack With Home Run And Single.

The Bulldogs did it again. Yes, the Bulldogs won a battle over the Gray Maroons in a softball game Tuesday at McPherson. The Canines showed power in collecting 13 hits off the Bethel pitcher. The score finally came out with McPherson 8 and Bethel 3.

Vetter, McPherson left fielder was the power horse of the game, collecting two hits including a home run in the first inning and he also drove in five runs before the game was over. Finbrock and A. Meyer also collected two hits apiece in three times at bat. The Mac men won the game in the first inning when they got off to a flying start by piling up three runs.

Heffebower and E. Bartel each collected two hits in three times at bat for the Bethelites.

The game was well played with but very few errors. Albright, Bulldog pitcher did not issue a walk in the seven innings he pitched. The game was interesting until the fatal fifth inning when the Canines exploded and made five runs which sewed the game up for the McPherson crew.

McPherson will meet the Bethelites next Monday at Newton for a return game.

As a friendly gesture the McPherson Bulldogs invited the Bethel ball players to dine with them at 5:30 in McPherson's dining hall. Next Monday evening Bethel will return the favor by inviting McPherson to their own dining hall for dinner at 5:30.

A large crowd of students attended the game.

The Box Score:

McPherson	AB	H	R
Finbrock	3	2	2
Miller	4	1	2
Schubert	3	1	1
Vetter*	3	2	1
A. Meyer	3	2	1
Bullinger	1	1	0
Grant	2	1	0
C. Hill	3	0	0

McPherson College Approved For V1 Commencement

The McPherson College curriculum has been approved by the bureau of navigation of the U. S. navy department under the V-1 accredited college program and young men 17 through 19 years who volunteer to become commissioned officers in the navy may get the necessary college work here.

Men in this group are assured two years of college and may continue to graduation. The consent of parents or guardians must be obtained before a student is accepted in this course. No change in the college curriculum will be necessary under the new setup.

The only difference between the courses to meet the above requirements and the regular college program is the fact that each man must take six hours of English composition and rhetoric, six hours of American history and government, three hours of algebra, three hours of trigonometry, eight hours of physics and an intensive program of health and physical education.

Youths falling in this age classification are asked to get in touch with Dr. J. W. Boltz, dean and registrar of the college, for additional information concerning the navy program.

Double Quartet Gives Chapel Program Mon.

McPherson College's double quartette staged a "Comeback" program in chapel Monday morning after a trip during which they gave programs in five different states.

The group, composed of Lois Stambaugh, Virginia Kerlin, Jean McNicol, Lucy Blough, David Albright, Ethel Ikenberry, Ronald Orr, and Lyle Albright, accompanied by Lucilla Polster, sang "The Heavens Are Telling," by Beethoven, and "Rock of Ages."

Professor Fisher interspersed the various parts of the program with bits of information concerning the trip.

The ladies' quartet presented "The Snowstorm" and "I Can't Do the Sum" while the men's quartet retailed by singing "A Roving," "The Animals Are Coming," and "The Sophomore's Philosophy."

Alumni Banquet Saturday May 23

Occasion Honors Classes Of 1892 And 1932

Old graduates of McPherson College will gather Saturday, May 23, for their annual alumni banquet. The Brethren Church basement will be the scene of this year's festivity which is scheduled for 6:30.

Honored guests will be the graduates of fifty years ago, of ten years ago, and of this year. The results of the election for the alumni officers will be revealed during the banquet. John Wall, McPherson, has been chairman of the planning and preparation for the banquet. Guy Hayes, Chapman, will be toastmaster for the evening's program.

F. A. Vaniman, who graduated from M. C. in 1892, will represent the fifty years ago class in a short speech. Prof. S. M. Dell, retiring president of the Alumni Association, will also speak to the banquet guests.

Gahn Elected As President of BYPD

Installation Service To Be Held Next Sunday

As a result of the B. Y. P. D. election on May 10, William Gahn will take his position as president for the next year. Ann Witmore was elected as vice-president and Mary Spessard as secretary-treasurer. The new program committee, consisting of four members will be chosen by this group.

These new officers will be installed Sunday evening, May 17, at the vesper service to be held at the north side of the park. The service will consist of quartet music, choral reading, and the installation message given by Dr. Bittlinger.

The entire B. Y. P. D. will meet in front of Sharp Hall at 7:45 Sunday evening and go to the park as a group. This being the last meeting of the school year, may it be one of the biggest and best.

"Clancy" Bunyan Goes To Camp This Week

"Clancy" Bunyan, that likeable, good-natured junior from Wichita, left Macampus this week for Camp Lagro, Lagro, Indiana, where he will be stationed on civilian service duty.

Having completed his examinations ahead of schedule, Bunyan left Wichita Thursday morning after a brief visit with his parents.

He was prominent in McPherson College, both as cheerleader for the past school year and as a writer for the Spectator and Quadrangle. During the past three semesters, he served as column editor for the Spectator.

Miss Joan Staehling, director of physical education for women at Macollege, plans to attend summer school at Wisconsin University or at Northwestern University this summer.

The McPherson College float won first prize in the college division of the May Day parade last Wednesday. A prize of \$20 is given with this award.

The float was constructed of white crinkly-crepe paper, and a large reproduction of the college emblem appeared on each side of the float.

SCM Cabinet Chosen For Next Year

Chosen To Obtain A Representative Student Cabinet

The executive committee of the Student Christian Movement has completed the selection of the cabinet for the 1942-'43 school year. In the choosing of this cabinet the committee has attempted to select those who are the most representative of the student body and at the same time include those interested in the highest ideals of the Student Christian Movement.

Four commissions have been included in the S. C. M. program for next year as well as the general meeting once a week. The student volunteer commission is to be continued with Lenora Shoemaker and Merin Frantz acting as co-chairmen. Included in the activities of this commission are deputation teams and inspirational religious programs.

The ethnic minorities commission has been a part of the regional program in the last year and will be included with the commissions for next year. This group will take up the most democratic method of meeting the problem. Acting as co-chairmen of this commission will be Jean Oberst and Carl Kasey.

Ann Witmore and Raymond Slifer have been chosen to be co-chairmen of the consumers education commission. More careful buying, cooperatives, and various problems of the buying public will be studied in this group.

The fourth commission, recreational leadership, is to be headed by Lucile Harris and Kenneth Wampler. There is a possibility that this commission

mission will be changed to H-Y and Girls' Reserve Leadership Training during the second semester.

In addition to the four commissions, three permanent committees are included to make up the total S. C. M. cabinet. These committees are social, composed of Maxine Ruehlen and Dave Albright; publicity, made up of Eunice Swank and John Trostle; and program, with Ruth Shoemaker and Joe Dell acting as chairmen.

Wedding Bells Ring For Naylor, Shank

Kurtis Naylor '39 and Gladys Shank '40 were married last Sunday, May 10, in the Church of the Brethren in Navarre, Kansas. They left Sunday evening for Mexico City where they will spend two weeks before going on to South America on business for the church.

Hayden Writes Article

Coch Thomas C. Hayden, head of the physical education department at McPherson College, is writing an article to be published in the "Paletaria," the monthly magazine of the graduate school of the University of Iowa. The article has to do with the physical education program at McPherson College.

Dr. D. W. Bittlinger will give the commencement address at Mountain Grove, Missouri, on May 31.

Ramblings

With the conference track meet at Ottawa this week "Flin" was written to the 1941-1942 athletic season at McPherson College. And with its completion it's hard to keep this sportswriter from getting a bit reflective. Although we didn't win as many games as we might have, this past year has been a good one of fun and hard work for all those boys that participated as well as being an interesting year from the spectators point of view.

Gone from the ranks next year will be "Squeak" Meyer, Wilbur Bullinger, Dick Burger and Jack Vetter, senior athletes this year. "Squeak" and Wilbur have already enlisted in the Naval Reserve while Jack plans to play professional football with the Brooklyn Dodgers. Dick will enroll at Bethany Biblical Seminary next September. Here's wishing you lots of luck, boys—we're going to miss you next year.

Besides these four boys the Bulldogs may lose many more to the armed forces this summer. Here's wishing you luck, too, whether you are giving your all for the red and white or the red, white and blue.
