## W. S. S. F. DRIVE BEGINS NEXT WEEK

### Dem Bones Are Still Nameless

Professor Mohler still has a skeleton in his Biology closet and we're making no bones about it. Mounted, it is standing there "big as life and twice as natural."

The skeleton, which arrived on the campus during the second semester of last year, is one that Prof. Mohler acquired from Asia via the Clay-Adams Co. of Chicago. "Jake" had been ordered nearly two years before.

The sad fact of the story is that den bones have no official name. A plea for appropriate appellations for the skeleton was printed in the Spectator last spring and copied by the Associated Collegiate Press. In due time, names arrived from the college vicinity and from various other parts of the country, including John, Dale, Biology Bones, Mihidelsad, (pronounced My hide is bad), Don, Dry Bones, Meatless (Friday), and Silent Sam. None of these were quite suitable.

Consequently, Maccollege's skeleton has been here nigh unto a year and is still nameless. If you have any suggestions for a title contact Prof. Mohler. The Biology Majors will have the final word in selecting a name.

### Mac May Change Specifications For A. B. Degree

A change in the requirements for a Bachelor of Arts degree at McPherson College appears to be more than a possibility before the regular 1950 term is ended.

Dean Luther E. Warren has recently released a questionnaire sounding-out faculty members' ideas concerning graduation requirements. The faculty curriculum committee now has the idea before it after professor of sociology and psychology Kenneth C. Bechtel had asked that a B. S. be granted in his department.

If the curriculum committee is able to formulate a plan, the faculty will vote on probably one of two things this spring:

1-Elimination of 12 hours of foreign language as a requirement for the B. A. degree, or

2-Extending the B. S. into more major fields.

At present McPherson College offers two degrees—the Bachelor of Arts and the Bachelor of Science. The principal difference between the two is a 12 hour foreign language requirement for the A. B.

The science degree is now presented in only seven major fields—biology, economics, mathematics, industrial arts, chemistry, business administration, and home economics.

In the past 10 years there has arisen a trend toward erasing the so-called classical concept of education toward eliminating the foreign language requirement.

Some schools still recognize the A. B. as the cultured degree and the B. S. as the practical one. Feeling that there should be some differentiation between the two most colleges and universities still retain foreign language as an arts requirement, but many have started giving both degrees in more major fields.

Baker University and Ottawa University of the Kansas conference, of which McPherson College is a member, and Southwestern University have recently changed their requirements to this concept.

### Pittsburg College Opens Spring Concert Series

### Affection Is Shown During Valentines Day

Students and faculty members were making up for lost time in showing their affection last Tuesday, Valentine Day. And if a person was bashfully hesitant about sending a Valentine token, he had plenty of friends who were willing to do it for him.

Hazel Sanger, instigator of the Valentine party, states that the S. C. A. took in \$23 less expenses.

Forty-six songs, fifty valentines, and fifty corsages were requested and delivered. A dozen stories and poems, plus one column from the dictionary to Miss Lehman was delivered.

Nearly 23 ice cream cones and bars were sold by the S. C. A. and several packages and valentines were delivered by special request.

The classical records of Spike Jones and another favorite, "Ragg Mopp," were introduced to the language and literature classes. Also, "Looking Over a Four Leaf Clover" was dedicated to the faculty during faculty meeting.

### Maccollege Donates \$36.92

During the month of January the sum of \$36.92 was contributed all over the nation. Here on McPherson Campus the goal was \$50.

Dr. W. W. Peters reported to faculty members that \$36.92 was contributed to the cause.

The mystery and wonderment of "who is my Heart Sister" was solved last Monday night amid crumpled wrapping paper and strings of ribbon.

The party was held in the S. U. R. The girls were grouped in pairs and each pair made up a rhyme pertaining to Valentine's Day. The La-Dies Quarteette sang "My Ideal," "Ten Little Indians," and "Three Blind Mice." Miss Edna Neher gave the following readings, "Watchin' The Moonkin" and "I Will Tell You of A Fellow."

Refreshments of ice cream were served after the program. The party was planned by Women's Council.

## We Are All Brothers

National Brotherhood Week is being observed all over the United States Feb. 19-26. But we should not confine our Christian Fellowship to one week in the year. Instead we should be brothers to all men at all times.

National Brotherhood no longer means that we should be loyal to our town or our country but to our world. Our fellowship must include people of all nationalities and creeds.

But like any other movement, brotherhood begins in the hearts of men. Let us think of what might happen if someone in this town felt the love of his fellow man in his heart. He might take his negro friend along with others into a hotel and ask for rooms. On an impulse and with gentle persuasion the desk clerk consents.

After he has assigned rooms he wonders if he were mad to do such a thing. He worries about what the manager will say.

The next day the Daily News carries the issue a step further by big headlines "Hotel Ends Discrimination." Congratulations to the hotel and its manager John Henry.

The manager is swamped with telephone calls. Businessmen of the community, preachers, and ordinary people thank him for taking a stand in brotherhood.

**Barriers were broken down in our fictional illustration because such things have happened when someone is willing to stick his neck out. Are we willing to stick our necks out to promote good will among all men? What a revolution we could create with but little effort!**

This college cannot be a Christian brotherhood if only a few people make it so; but it will continue in the laws of Jesus as each of us decides whether or not we believe in world-wide Christian brotherhood.

## Open Letter

Last week the Spectator carried a complaint about the lack of publicity for a certain school function. It is the duty of every student and faculty member to read the bulletin board at least once daily.

A large poster publicizing this event was posted on the main bulletin board in Sharp Hall. This poster was placed there early Thursday morning. Other posters were on the bulletin boards around the campus. This event was also publicized on the front page of the "Spec."

Considering the facts, it seems that the person making the complaint was negligent in his duties to observe, and, therefore, missed a good party.

Sincerely,

## Old Custom Is In Vogue

ACP—Watching waistlines was an American custom long before the present "easy living" conditions says Dr. Walter Goldschmidt, anthropologist on the Los Angeles campus of the University of California. The American Indian, traditionally lean and lithe of figure, was compelled by social custom to watch his waistline. At least this was true of certain Indians says Dr. Goldschmidt.

Big eaters of the tribe were considered to be vulgar. A person of good manners, according to tribal tradition, always ate in moderation and left food in his basket to show self-control. In case he did sneak in some in-between-meal snacks he sloughed off avoidopolis by the "Sweathouse," a sort of aboriginal Turkish bath.

## Correction

Last week I sent to you an account of the plans for Occupations Day which is to be held February 24 here at MacCollege. The article was printed with a large headline at the top of the page which is all very well, but the headline is misleading and I had not expected it to read as it does.

Classes are not going to be dismissed en masse on that day. Rather, students will be excused from their classes to attend the various meetings if they are interested. Some teachers are going to require students of certain classes to attend certain meetings.

This is not to be a vacation, but which is expected to be more helpful to the student that his classes would be.

It is too bad that the management of the paper could not see farther than the surface as to what is happening. There are things more important than getting out of classes despite the opinion that many students seem to have.

It should be expected that the Spectator would be interested in this matter in such a way that it would be most beneficial to both students and the college. Such an attitude as inferred in the headline cannot be thought of as such to either.

Sincerely,  
Lester Messamer  
Student Chairman — Occupations Day Committee

## Thank You

The editorial staff of the Spectator is sorry for the mistake concerning the story on Occupations Day which was printed last week.

We wish to thank Mr. Messamer for correcting us.

# FROSTY HARDACRE RESIGNS

## Tiegreen And Braves Here Tonight To Battle Bulldogs

After having their infant two game Kansas Conference winning streak broken by Wally Forsberg's razor sharp Kansas Wesleyan Coyotes Tuesday, the McPherson College Bulldogs will have to face the conference number two team tonight at the McPherson High School Gym as they engage Don Meek's defending champion Ottawa Braves.

The Braves have an 11-6 seasonal record with last night's encounter with Bethany unreported. Meek's men have a 6 won, 2 lost conference record with five of the wins in consecutive order.

Meek has six lettermen on his squad including Chanute's own incomparable Bill Tiegreen, all-conference choice and currently leading the K. C. conference with a torrid 20.6 average.

Meek's other monogram winners are Bob Musgrave, and all-conference football quarterback and a starter on last season's co-champions; Jim Keal, Bob Watkiss, Bob Hosler, and Orville Gilkison.

However, of that letter winning bunch only Tiegreen, Keal and Musgrave usually start with Don Simons, six foot two inch freshman from Eudora, Ks.; Neal Wywick, a six foot three inch south-paw sophomore with no previous varsity experience; or Dudley Giese, a six foot five inch freshman from Kansas City, Mo., drawing the other two berths.

Ottawa's two conference defeats came early in the season when Baker surprised them 54-51 at Baldwin, and Kansas Wesleyan took their measure 54-46 at Salina after the Braves had led most of the half.

Comparing the two team's records and noticing the 60-41 defeat hung on the Bulldogs when the teams met at Ottawa's Wilson Field House Jan. 21, the Braves have to take the pre-game advantage tonight.

But coach Frosty Hardacre's red and white crew have at least finally seemed to snap from their doldrums. They racked Baker and College of Emporia and suffered no loss of prestige in the lowly Kansas Wesleyan.

The Coyotes are one of the top conference teams of all time, and they were playing peak basketball Tuesday night. The Bulldogs played as steady ball as they have played all year in the first half but were still trailing 40-29 at intermission.

Hardacre has been rotating Lyle Goering, Bob Odle, Loran Blickenstaff, Glenn Pyle, Dale Carpenter, and Earl Grindie in the lineup with considerable success. At Salina he also substituted frequently as underclassmen Bill Moore, Roland Delay, Bob Bechtel, and Paul Heidebrecht saw plenty of duty.

The thin pinch playing of Bechtel augurs well for next season. The slim freshman from McPherson High School has been seeing action in some of the hot moments of the last four or five games and performing well.

Next to Wesleyan's leaping Earl Engle or Ottawa's Simons and Geise, Bechtel has been performing as well or better than any freshman player in the loop.

## Canines Unveil New Warmups Tonight

Tonight against the Ottawa Braves the Bulldogs will give the home floor baptismal to their new warmups.

The Bulldogs who rechristened in white T-shirts through most of the season first wore the new uniforms in the College of Emporia game last week.

Manufactured by the Lowe and Campbell Sporting Goods Co., Kansas City, Mo., and designed especially for the Bulldogs by coach Forrest M. (Frosty) Hardacre, the uniforms are cardinal red satin slacks and jackets with white trim and white sleeves.

## Coyotes Hot As Bulldogs Fall 68-46

Tuesday night the McPherson College Bulldogs ran into a hot championship minded bunch of Coyotes from Kansas Wesleyan, and came out on the short end of a 68-46 count.

The Bulldogs kept pace with the fast stepping Coyotes for the first five minutes, but then the height of the Wesleyanites began to tell. The Bulldogs found it increasingly hard to get more than one shot at a time as the Coyotes controlled the rebounds at both baskets.

The Bulldogs experienced one of their colder nights, as they hit on only 17 of 61 tries from the field.

Big Charley Fliffe set the pace for the Coyotes as he pocketed 20 points. The Nampa flash, Loren Blickenstaff followed with 17 points. Bliffe had trouble at the free throw line, or he would probably have led the scoring.

He failed to connect on seven straight tries from the charity line.

Three players scored 50 of Wesleyan's total of 68 points, with 20 and Hal Pounds and Gene Anderson with 15 apiece.

## Twenty Bulldogs Football Lettermen

Ten new sweaters were issued and Co-captains Carroll C. Tillman received his fourth football stripe at McPherson College as coach Forrest M. (Frosty) Hardacre announced the 1949 Bulldog football lettermen Monday.

Those receiving sweaters for their varsity M were freshmen ends Bob Bechtel and Bill Seidel, backs Lester Finger, Melvin Fishburn, George Holloway, Howard Mehlinger, and Kenneth Newport.

On the team all-conference tackle Joe Pace, guard Paul Hudson, and center Melvin Swinger.

Backs Charlie Petefish and Dean Schmidt also won their first football letter as each had lettered previously. Petefish in baseball and Schmidt in track.

Four of the team's best trust received their second monogram in football—Don Stevens, Harry Heckethorn, Galen Webb and Kenneth Pritchett.

Backs Gene Arnold and Ron Sullivan plus co-captain Vernon Blickenstaff lettered for the third time as Tillman joined the elite group of four-letters-in-one-sport at Macollege.

Grain-about the only thing left in this world that can still be shocked.

Probably the most unusual football game ever seen in World Series history was the ten-hit job Yankee Spud Chandler turned in against the 1943 Cards.

## To Retire From Coaching Will Go Into Recreation

For the fourth time in five years McPherson College will have a new head coach and athletic director with the announcement Tuesday that Forrest M. (Frosty) Hardacre, coach of the Bulldogs for two seasons, had tendered his resignation and that it had been accepted.

Hardacre is abandoning the coaching field in which he has served since his graduation from the University of Kansas in 1938. He said he felt that the college athletic game had grown too commercialized and uncertain to stay in the field, and he now has preliminary plans to go into the recreation business.

Frosty's background as a coach and physical education major should prove excellent talking points in securing a job in either municipal or industrial recreation.

If he is unable to secure a satisfactory position in his chosen branch or he does not turn to another profession before next autumn, Hardacre said that he might enroll at the University of Minnesota for advanced work in physical and recreation. The Minneapolis school is one of two in the country which grants a major in recreation.

Hardacre came to McPherson College in Sept. 1948, after successful coaching tenures at Ness City, Smith Center, and Junction City high schools.

Operating at a school that does not financially support athletics as the other conference schools do, Hardacre's football and basketball were never successful from a percentage angle.

His two years of football showed one win—a 14-6 defeat to Sterling this past season—and a continuation of an overripe Kansas Conference losing streak. However, both seasons his teams were struck unusually hard by injuries without competent reserves.

Last year's basketball team won seven and lost 15, finishing in a three way tie for fifth in the league. This season's team after a slow start, upset top ranking Baker and College of Emporia.

During Hardacre's tenure at MC probably more work was done on the track than has ever been done. His efforts in rejuvenating the old cinder path greatly strengthened the athletic program. Frosty also personally designed the basketball warmups this year.
