# GOD'S Living Letters

By Kirby Page

It has been said that "music owes as great a debt to Bach as a religion does to its founder."

Johann Sebastian Bach was born in Germany in 1685 and lived to the age of sixty-five. For seven generations the Bach family produced great musicians. Johann Sebastian was the father of twenty children three of whom became famous. He was an accomplished violinist and organist, but his genius is revealed in his compositions. Sixty volumes of his works have been published. It has been said of his organ compositions that they are "unpassed and unsurpassable." Mendelssohn once remarked that if all the music written since Bach's day should be destroyed, it could be recreated on the foundation of these works alone.

Bach was a deeply religious man, a devout Lutheran. He thought of music as "making an agreeable harmony for the glory of God and the justifiable gratification of the soul." Albert Schweitzer writes: "Music is an act of worship with Bach. His artistic activity and his personality are both based on his piety. For him art was religion, and so had no concern with the world or with worldly success. It was an end in itself. All great art, even secular, is in itself religious in his eyes; for him the tones do not perish, but ascend to God like praises too deep for utterance."

It is exhilarating to reflect upon the inconceivable contribution that Johann Sebastian Bach has made to the human race. For more than two centuries in home and church, cathedral and concert hall, countless multitudes have been exalted and impassioned by his music. And in the primeval forest of Africa, Albert Schweitzer plays on his equator-proof pedal-piano and feeds his soul on Bach.

## Choir Trips Aren't Entirely Concerts

### By Dolores Sigle

On Friday afternoon, April 4, the Chapel Choir in six cars rolled from MacCloskey and headed toward a weekend loaded with excitement, thrills, and romances. (We also gave four concerts.) The first memorable incident occurred when John Nettleton's left rear tire went flat, a sign and went on a sit-down strike. At this time a distress call went out to find the owner of a green earring found in Nettleton's car. A frantic search was made and finally the driver of another car claimed ownership.

The choir members finally arrived at their destination for the evening and the riser committee, composed of Bob Powell, Tumu Laualus, Fred Goerner, and Don Thralls with the aid of others quickly set up the risers. The librarian, Glendon Turner, distributed the programs which Mary Caster and Bertha Landis had prepared and printed.

After a few bursts of song in a short warm-up session, the group descended to the kitchen where we were served a very delicious meal.

When the concert was concluded, the lodging committee got busy distributing choir members in all directions as far as 10-15 miles from the church. Velva Wagner and Mildred Beck were on their knees begging for bedsites as the church people hadn't expected that large a group. The other members of the lodgings committee were Mac Slagle and Alvin Fishburn.

Arrangements were made to meet at 8 the next morning, but the designated time came and not one car had arrived. The first members who arrived played softball until they froze out. After a long period of time? Bob Powell decided to go hunting for John. While Bob was gone, John arrived so Freddie left to hunt for Bob. While he was gone, Bob came back and the nervous group managed to live through the next five minutes by playing catch, running up and down the road, etc. until Freddie again joined our little band!

Four of the girls reported an incident which had taken place the night before. In attempting to keep warm in a cold room, Carol Davis, Phyllis Hanson, Lorene Marshall, and Velva Wagner crawled into one bed. Down went the bed! The girls were forced to step out on the cold floor to put the bed slats back into place and to sleep in two separate places.

Back to the journey, we arrived at a prearranged meeting place exactly one hour late to find Dale Royer and his passengers impatiently waiting. We later learned that Alvin Fishburn and his passengers had hunted in Lawrence for us and returned to their "corner" where we arrived also one hour late.

The journey continued without further incident (except for the brief loss of Freddie's car) until we reached Kansas City. Here, we viewed the flood damage in Armordale. Shirley Alexander was our guide through Kansas City.

We continued to Excelsior Springs and remained there until 4 p.m.

## Kansas University Players Present "Twelfth Night"

Shakespeare's comedy, "Twelfth Night," was presented last night by the University of Kansas Players at the McPherson High School.

The comedy evolves around the mistaken identities of a brother and sister, love, and comical mixups. The play was presented in complete costume with appropriate scenery and lighting.

The title of the play has no bearing on the plot of the comedy. It was thus named because it was presented to Queen Elizabeth for the celebration of Twelfth Night.

Most of the group went swimming in the big indoor pool. Some of the other members viewed the "Hall of Waters" and still others just looked over the town.

Saturday night the choir sang at Rockingham, Mo., where we stayed overnight. At the evening meal, the group presented Miss Copcock with a corsage of red roses.

Sunday morning we traveled to Plattsburgh, Mo. After a delicious dinner we completed our concert by singing our secular numbers. With the aid of Tumu and his good timing, we ended each of these numbers with the gentle clank of silverware falling on the cement.

Sunday afternoon we continued our journey to Washington Creek. At 7:45—lights out! Promptly at 8 the concert began, by the light of four candles. But during the program candles arrived by twos, threes, and fours so that eventually we could see the director. In spite of circumstances, this proved to be the best concert of the weekend.

At 10 p.m. the gang began the weary journey home. Thanks to fact that the two lead cars "got lost" and the others tried to catch up, we made good time. Everyone arrived back at Mac safe, sane, and either silly or sick.

Bob Powell gave the booster speeches for the college at each evening performances.

The soloists were as follows: LaFawn Hubbard, "Hymn to the Last Supper"; Don Thralls, "Art Thou, the Christ?" and "Jerusalem"; and John Nettleton, "Let Us Break Bread Together."

Miss Doris Copcock reports that she is very pleased with the tour and feels the group did very well. She also wishes to thank the group for their cooperation and a special "thank" to the drivers who were, other than herself, Fred Goerner, Dale Royer, Alvin Fishburn, Bob Powell, John Nettleton.

Remember Play Day—May 8th.

## Thinking With The President

**High Jump, 23 Feet; Broad Jump, 81 Feet**

Recently I found on my desk a summary of an athletic meet. As I glanced down over it to see where McPherson College placed, I noticed figures about like the above.

I knew that McPherson was outstanding this year in track events. I knew that Dale Carpenter was doing a wide broad jump and that Metzler and Powell were pushing the high jump further and further toward the clouds; yet a high jump of 23 feet, or a broad jump of 70 or 80 feet seemed slightly more than I had anticipated even from these super men.

I was sorry I had not gone to the track meet indicated for I would have liked to witness that kind of jumping.

When I inquired further about it I discovered that these were team records, not individual records. I was told that in certain track meets only teams are allowed to compete; that teams are matched against teams. If a school is to win it must win, not on the performance of one individual, but of many individuals in cooperation.

The more I thought about this the more I liked it.

I got to thinking about the things which a church college stands for and more particularly what McPherson College stands for. As I thought of these things I felt certain that no one individual, even a few individuals at the college, whether students or faculty, could bring these purposes into full flower.

The only way McPherson College can make an impression in the community upon its community is for all of its faculty and students to become members of the team. Then the height or the breadth of the

## Politics Class Visits Republican Convention

Several members of the American Politics Class attended the Kansas State Republican Convention Thursday, April 10. The remaining members of the class will be returning to attend the Democrat Convention which will be held in Hutchinson at the latter part of this month.

Adrian Smith, local businessman, and L. H. Ruppenthal, state senator from this district, represented this district at the Republican Convention.

Those who attended the Republican Convention at Topeka were John Stucky, Jake Sheffer, Duane Jamison, Harold Fulkerson, Howard Mehlinger, and Prof. Raymond Flory.

record we shall make will figure out a total which will seem almost impossible when we stand back and look at it individually.

I judge that there is no impossible thing when a team of consecrated and trained people work together to achieve it. The impossible may take a little longer, they say, but in the end it can be done, when people work at it together.

I believe McPherson College is working as a team this year. We have accomplished some things, let us accomplish some more.

High jump, 23 feet; broad jump, 81.

# A Cappella Choir Completes Tour Through Four States

By a Member of the Choir

"Twas the last day of choir trip And all through the bus, Every creature was stirring in games or discuss.

The luggage was hoisted and stored with care.

Many enjoy visions of McPherson, and soon being there.

Myron, with his pillow, and his little red cap;

Has finally settled down to a short cat-nap.

And thus, are conditions at present. Tonight we will sing in the Holmesville, Nebraska church. This will be our 16th concert in a church; we have also presented programs in three high schools, appeared over radio station KXEL in Waterloo, Iowa, and KFJB in Marshalltown, Iowa.

Just before our April 9th concert in Prairie City, Iowa, we were informed of the earthquake which occurred in McPherson. Some refused to believe it, chiefly because of the wild tales that accompanied the story. For instance, it was rather difficult to fathom crevices swallowing the safes in Peoples State Bank and those involved losing their entire fortunes. We wondered whether we didn't feel the tremors of the earthquake since we were outside from K. C. to Des Moines at the time, but decided it was impossible because of the many tremors of the bus.

Thursday morning we spent some time in Des Moines; then on to Fernand, in which we spent the afternoon at their school. Several with eyes toward their own future teaching experiences, visited classrooms. Others played softball with grade school youngsters, or exerted themselves in basketball and round-robin ping pong. Al Zunkel conscientiously donned his track warm-ups and dashed over the countryside. Prof.'s stole proved to be a major item in an amusing incident.

After using his guitar in one of our numbers, he attempted to take it off, but found it tangled with his stole. He spent a hectic three minutes, much to the enjoyment and amusement of the audience and the choir.

We journeyed to Minnesota, Saturday morning, and discovered there was another state that could have undesirable weather besides Iowa. We spent three hours in Rochester, visiting the Mayo Clinic there.

Monday, April 14, we were in Fredericksburg, Iowa. In the afternoon we sang at the Fredericksburg school. After school was dismissed, the gym was turned over to the choir who used the opportunity for much-needed physical exercise. Four choir members were especially thrilled with the home in

which they stayed in Fredericksburg. It happened to be, originally, the abode of Dr. Pitts, composer of the song, "Little Brown Church in the Vale."

Our tour is not officially over; Sunday evening, April 27, we will present a concert in Wichita, Kansas, home of Max McAuley.

# Mac Trackmen Sweep Wichita Meet

McPherson College swept a five team invitational track meet at Wichita U. last Tuesday, taking first in 15 of the 16 events. The final score was McPherson 108½ points, Bethel 41 points, Wichita U. "B" squad 36 points, Friends U. 29 points, and College of Emporia 21½ points.

The Bulldogs also broke four meet records. Dale Carpenter led the assault on the records when he broke two of them. He ran the 220 yard low hurdles in :24.7 seconds to break the record by two tenths of a second. The other record he broke was the broad jump with a jump of 21' 2 ½" to break the old record by 11 inches. Dale held both of the old records.

Bob Bechtel ran the two mile run in 10:26 to beat the old record that he set last year. The Discus record was broken by John Robison with a throw of 120' 10 ½".

Carpenter and Robison also each broke a McPherson College track record. Carpenter's 24.7 in the 220 yd. low hurdles broke the college record by one tenth of a second and Robison's 41' 8 ¼" throw in the shot put broke a 12 year old Bulldog record that was previously held by Tony Voshell.

Carpenter was again McPherson's top point getter. He won firsts in the 100 yd. dash, 120 yd. high hurdles, 220 yd. low hurdles, broad jump, and was a member of the winning 440 yd. relay team. This gave him a total of 21 pts.

Robinson and Bechtel each picked up another 10 points for Mac. Robison won the discus and shot put. Bechtel had firsts in the two mile and mile run.

## Bulldogs Suffer First Loss Of Season To Emporia

The McPherson College baseball team lost its first game of the season here April 15 to Emporia State College, 3-2. McPherson had previously won its first 3 games.

Kipp was Emporia's winning pitcher and he went the distance. He gave up 5 hits, walked 4 and struck out 10 McPherson batters. Bill Moore started on the mound for the Bulldogs and pitched the first 5 innings. He was relieved by Jack Richardson in the seventh, who held Emporia scoreless for the remainder of the game. Glenn Gayer got the only extra base blow of the day, a double, in the fifth inning. He then scored on Eddie Ball's single.

McPherson's other run came in the ninth. Don Hoch got to first when he was hit by a pitched ball and McSpadden ran for him and finally scored on a single by Tom O'Dell.

Four errors were costly for McPherson, and one of them in the third inning helped Emporia score their two runs in that inning. The Box score:
