

College To Present Concert By World-Famous Organist

Carl Weinrich, ranked by Time Magazine with Marcel Dupre and Albert Schweitzer as one of the three greatest living players of Bach's organ music, will give an organ concert at the McPherson Methodist Church Thursday evening, Jan. 12, 1956, at 8:15.

McPherson College is sponsoring Weinrich's appearance. Admission is one dollar, but MacCollage students who buy their tickets from the Business Office in advance may get them for fifty cents.

The Methodist Church organ is only a year old, having been dedicated on Nov. 28, 1954.

The organ was specially designed and voiced for the musical requirements of the Methodist Church, but it contains 26 ranks, a total of 1,620 pipes and has the usual couplers and accessories found in a modern three-manual instrument.

Dr. Samuel R. Burkholder, of Chicago, gave the dedicatory concert which included one of the numbers Weinrich will play, "Toccata and Fugue in D Minor" by Bach.

Since 1943, Weinrich has been university organist and choirmaster at Princeton University. In 1950 he was invited by Harvard University to give eight recitals as Lamb Visiting Lecturer—the first time this lectureship had been awarded to a performer.

For many years he was one of the artists on the Arts Program of the Association of American Colleges. Music critics have given acclaim to the perfection and to the imaginative and dramatic quality of Weinrich's playing.

He has recorded and given many recitals of the great music of the pre-Bach period.

Weinrich was born in Paterson, N. J., in 1894. He graduated from New York University with a major in English literature and was awarded a scholarship at the Curtis Institute, where he studied under Lynnwood Farnam.

After Farnam's death in 1930, Weinrich was appointed to succeed him at the Church of the Holy Communion in New York. Here Weinrich continued the series of recitals which had made the church a center for music lovers in the metropolitan district.

In 1934, Weinrich transferred his activities to Princeton, where he became head of the Organ Department of the Westminster Choir College and where he remained until 1940.

During this period he made many concert tours and began the series of recordings of the music of Bach and his forerunners which brought the acclaim of record critics everywhere.

In addition to his other appointments, he has taught organ at Wellesley College, Vassar College, the University of Michigan, and Columbia University.

Weinrich is also interested in the design and construction of pipe organs. He was one of the first to design organs in the early 20th century that the new sounds have been added to organs of the 17th and 18th centuries.

He was engaged as one of the advisors in the reconstruction of the old Boston Music Hall organ. This large instrument came to the United States during the Civil War and was recently rebuilt for the town of Methuen, Mass., and is now one of the outstanding organs in the country.

Recently Weinrich supervised the rebuilding of the organ in the

Students To Direct Three One-Act Plays

Tryouts for the one-act plays for this year will be Wednesday night, Jan. 4, 1956, in the SAR at 6:45 p.m. There will be three one-act plays, and any student may try-out for a part.

Those directing the plays are Max Paetzke, Peg Hofer, and Norma Goering. These three are all members of Alpha Psi Omega, national honorary dramatic society, and have had play production. The plays will be under the supervision of Mrs. Una Yoder.

Not all the plays have been definitely decided upon, but two of them are "Pot-boilers" and "In the Suds."

Ladies' Trio Sings On TV

The Ladies' Trio presented the MacCollage television program on station KTVH from Hutchinson, Kans., yesterday on the 4 p.m. show of Helen Gard.

Those in the trio are Jo Eva Jones, Marlene Jamison, and Alima Goodfellow with Burdene Jamison as accompanist.

Princeton University Chapel—one of the largest organs of the 1920's.

Organist
Carl Weinrich

Although Weinrich is considered a master of Bach's organ music, he is an ardent champion of modern music and plays and conducts many new works. As conductor of the 36-voice male Choir and Glee Club at Princeton University, he has conducted many concerts of music from the 16th to the 20th century.

The Choir specializes in music of the 16th century but has sung contemporary works such as Schubert's "Summer of Warm" with the New York Philharmonic Orchestra under Dimitri Mitropoulos at Carnegie Hall.

Recently at Princeton Weinrich conducted the Princeton Glee Club and the Bryn Mawr Chorus in performances of Stravinsky's "Russian Wedding" with ballet, and the Choir gave a first performance in this country of Petrasil's "Coro di Morti."

Weinrich is considered both a scholar and a virtuoso on the organ. He has given concerts in both United States and Europe and recently recorded in Sweden.

His program includes a variety of numbers from 16th century European numbers to contemporary numbers.

"Toccata and Fugue in F Major" by Buxtehude, a 17th century composer of northern Germany, will be his opening number. Also in the first part will be numbers by Couperin a French composer; Sweelinck, a Dutch composer; Byrd an Elizabethan English composer; and Scarlatti, an Italian composer.

"Two Chorales—Preludes" and "Toccata and Fugue in D Minor" by Bach will comprise the second part of the program.

The last part will include Haydn's "Three Pieces for Mechanical Clock," "Fugue" on "Ad Nos Salutarem" by Liszt, "Benedictus."

Debaters Entered Elimination Meet

McCollage Debaters returned Saturday evening from a two-day elimination debate tournament at Southwestern College in Winfield, Kans. MacCollage was represented by five men's teams who were debating both sides of the question.

Three of the teams came home with three out of five decisions in their favor. The teams were: Don Faules and Don Ullom in the senior division; and Gary Pamberg and Lyall Sherrard, and Norris Harms and Dwight Oltman in the junior division.

MacCollage won 10 out of the 25 debates in which they were entered. Other teams debating were Richard Bittinger and Larry Hayes, and Leroy Buskirk and Roy Stern.

Dr. Kenneth C. Bechtel traveled with the team and Prof. Guy Hayes went down on Saturday and judged through the semi-final round. The debaters found experience in the tournament.

The question debated was the PKD question. Resolved: That the non-agricultural industries of the United States should guarantee their employees an annual wage.

Una Yoder To Teach Class In Speech Defects

Mrs. Una Yoder will be teaching the class "Speech Defects," next semester. This class has formerly been called Speech Correction.

Mrs. Yoder has taught this class for the past three years, and the instructor was given incorrectly in the Spectator last week.

Debaters Meet Tabor

Wednesday morning, Dec. 14, Don Faules and Don Ullom, MacCollage senior debaters, went to Hillsboro, Kans., to debate a Tabor College team in their morning chapel hour.

Ponder With The President Christmas Is The Peak Of The Year

Recently I have made a little survey to discover what most people acclaim to be the peak of the year.

My survey began with business people, particularly shop owners and store keepers.

They had little hesitancy in acclaiming Christmas as the peak of the year. In fact, with them this year is becoming higher and the base broader. They extend new beyond Thanksgiving, and are beginning to touch even October with the Christmas emphasis.

Next, I asked parents. Most of them said, "Christmas is the peak of the year. Then the children come home. Then the grandchildren are here. Then the family is back together again for awhile."

Then I turned to children. Almost without exception, they said, "Christmas is the peak of the year. Then we give presents. Then we get presents. Then Santa Claus is in the store."

Christmas is the peak of the year, why is it so?

It is because God gave to the world a Christmas gift.

Mac Family Eats Turkey Dinner

Sunday, Dec. 11, all students on campus, students from town, the faculty and their families, and friends of the college participated in eating a turkey dinner served by the College cafeteria and provided by the Mark Neher family, the People's State Bank, and the college.

This was one of the few social opportunities when our "Family" was all together and doing the same thing. It also really seemed more like a family with older people and children mingling together.

It really seemed like the family was of one spirit and of one mind. The opportunity to be together informally was good for all who were there.

Maccollege needs and enjoys times like these. May it be that we can feel more like our family, and more like friends to each other. During this Christmas season, may we think about our Maccollege family and anticipate coming together again.

The Editor

Note Of Thanks

The cafeteria management wishes to say "thank you" for everything about the dinner Sunday. Thanks go to the cafeteria helpers who decorated the cafeteria and worked long and hard on Sunday to help serve the Christmas dinner.

Thanks also go to the Buskirk's for flowers, to the cooks in the kitchen for cooking the meal, and to the Mark Neher's, the People's State Bank, and the college for providing the food.

Student Speaks . . . Bare Gifts?

Christmas vacation begins today, and all of us will be going home; others will be visiting friends and relatives. We wish you all a safe trip home and may you have a Merry Christmas and a Happy New Year.

During all the hurry over the Christmas season, let's not forget what Christmas is really for. Christ was here to save humanity, and died for it on the cross that we might see the righteous way.

We show an appreciation for this by seeing who can buy the most expensive gifts or saying I have a better gift than you did.

There are too many people that have the wrong idea of Christmas if they take this attitude. I will buy this person a gift because I will probably receive one from him!

"It's not what we give, but what we share."

For the gift without the giver is bare." — (By Lowell)

All of us give gifts at Christmas time. Not one of us, however, would think of giving a gift so large that it would seem to be lifted out of our very hearts and lives. None of us would give a son for a Christmas gift. This would be too much to expect.

Particularly would we not give a gift of this magnitude if the one to whom we gave the gift were not friendly to the gift, eagerly receiving it and appreciating it.

But God gave to the world His own Son as a gift and the first thing He heard when He gave it was that there was no room available in which he could place His gift. It had to be given in a stable. Over and over, following that, the gift was unappreciated and rejected. Yet Christmas is the peak of the year because God, in His love, gave this gift.

Christmas is the peak of the year because God's gift had two purposes as outlined in the angel's song which heralded the Babe.

It was to the men to God, "Glory to God in the highest."

It was to tie men together. "And on earth, peace and good will among men."

Christmas is the peak of the year because this first Christmas gift, even though rejected at the time, and rejected since then by many more, has reached around the year.

Skating Creates Casualty List

Not too many of the days of the last few weeks have been above freezing. Consequently, the lagoon and other icy points of interest have been a great attraction for skaters among Maccollege students.

In the interest of the student body, the following casualty list has been compiled.

While trying trick skating, Peg Hoefler did the final act of the evening by landing on her nose. Results were two black eyes, a very sore nose, and no band practice for a week.

Not believing that Peg's two black eyes were enough, both Evelyn Taylor and Leon Neher banged an eye each during their skating maneuvers.

From eyes, the casualty list moved on to knees. Minnie Monk was confined to resting in bed while all students partook of the turkey dinner in the cafeteria. Royce Roesch and Eva Navarro also sprained a knee each while skating.

Vern Scott changed tactics a little by cracking his chin on the ice.

Although the casualties are evident and painful, most of the students still believe that skating can be done upright and with forward motion, and skating fun continues.

There has been floating around campus a notable piece of gossip to the effect that there are 92 married men on campus.

However, upon more thorough observation, one may find that there are 53 married and 15 engaged fellows on campus which totals to 68 boys out of dating circulation.

The engaged girls are 18 in number, and there are 11 married girls which makes a total of 29 girls out of circulation, so to speak, or total of 97 fellows and girls.

Looking at the number of dateable boys and girls in view of these new facts, there are 154 boys to 106 girls. The ratio is less than one and a half to every girl.

Of course, the "going steady" could be considered, but their permanent status is not quite so definite.

We have not been tied closely together. Brotherhood still prevails.

But Christmas is the peak of the year because God gave from His own home and heart, the greatest gift of all. And because since that time, man has been striving upward to fulfill the intent and hope of the Great Giver of the first gift.

Each year Christmas should become more the peak of the year in my life, and more the peak of the year in our world.

Men, Men, Everywhere

Yet Our Hearts Do Shrink

— by Joan Ford

At the beginning of school, it was stated in the Spec from the school files that there were 222 boys to 166 girls which is a ratio of about 1.36 boys to girls.

There has been floating around campus a notable piece of gossip to the effect that there are 92 married men on campus.

However, upon more thorough observation, one may find that there are 53 married and 15 engaged fellows on campus which totals to 68 boys out of dating circulation.

Dickie Jo Flies With Grandfather

Evi Joon Kim, one of two delegates to the United Nations from the Republic of Korea, recently left McPherson College campus laden with baby food, baby clothes, diapers, formula, and a baby. The baby was his three-month-old grandson whom he was taking nine thousand miles to Korea.

Parents of this infant are Mr. and Mrs. Gwan Jo who live on College Hill at McPherson College, where Gwan Jo is a junior.

Grandfather and grandson, Richard Choon Jo, nicknamed "Dickie," traveled by route of the Santa Fe to San Francisco where the elderly statesman and his charge transferred to the air. They flew by plane to Korea going by way of Hawaii and Japan.

Dickie Jo is an American citizen who was born in the Orient. Therefore, although his parents are both Korean, plans for his trip with his grandfather to Korea required that he secure a passport from the United States State Department in Washington, D. C.

In preparation for the trek by train and plane to Korea, during which he would be responsible for all of his grandson's comforts and discomforts, Evi Joon Kim received detailed instructions from the infant's parents. In keeping with the theory of learning by doing, as Evi Joon's son-in-law phrased it, "He practiced."

Mr. and Mrs. Gwan Jo turned their son over to Mrs. Jo's father to satisfy the desire of Dickie's two sets of grandparents. Mrs. Evi Joon Kim was especially anxious to have her first grandson living with her.

Particularly since Dickie is the first grandson, he will spend the next two years of his life with his grandparents in Korea. By that time his parents will have finished their education in the States, and his mother will be free to return to Korea. Further plans of the Jos include, Mrs. Chang Wong Jo's bringing Dickie back to the States for the period prior to the time the entire family will be returning to Korea to live.

Evi Joon Kim arrived in the States in October this year and represented the people of South Korea at the Assembly meetings held in New York City. A graduate from the University of Iowa, he first had his own private law practice before becoming District Court judge and later judge of the Korean Supreme Court. Since 1945 he has been a congressman to the National Assembly of that country.

Gwan Jo came to McPherson College in the fall of 1953. He is majoring in chemical engineering. Gwan's wife studied at Sterling College and will be enrolled at Maccollege next semester.

WAA Girls Take Outing

Eight girls participated in a WAA outing at 6 a.m. Thursday morning, Dec. 8. After walking about a half mile south of town, the group returned and went to the College Inn for breakfast.

Does Santa Dispossess Christ At This Christmas Season?

By KELLY M. DAY
Part I

I John 4:1, 6: Beloved, believe not every spirit, but try the spirits whether they are of God: because many false prophets are gone out into the world... Hereby know we the spirit of truth and the spirit of error.

At this time of the year much is being said about the Christmas spirit. The thought comes to me, just what is the Christmas spirit? John warns Christians in his general epistle to test the spirits to see whether or not they are from God.

My mind turned back to the time at which Caesar Augustus commanded all the world to be enrolled, and Joseph and Mary, his betrothed, who was with child, made the tedious, ninety-mile journey from Nazareth to Bethlehem.

Oh, how they must have longed for the end of the journey, for the miles of travel slowly passed. Oh, how they must have desired to be secure in a safe sheltered place, as the hour of the arrival of Christ drew near.

But, alas, when they arrived at the inn there was no room for them; Mary had to lodge in the stable, and there she gave birth to the world's first and dearest Child and laid Him in a manger.

The Innkeeper, no doubt, would have welcomed them in, but he was a busy man with many other guests, and he simply did not have room, he was filled up.

My mind turned again to Christmas 1953. I saw the noisy throngs of Christmas shoppers surging through the streets of our cities, and in and out of department stores, markets, and liquor stores.

In the streets were bright Christmas ornaments depicting scenes of Christmas celebrations; there were bright colored lights, cedar and other decorations. Santa Claus laughed and joked with the children and paid out gifts.

People were spending money madly, and some were showing the effects of alcohol. Why all this mad celebration? Is it Christ's birthday? Christ? Where is Christ?

I suppose any of the shoppers could have told me that it was Christ's birthday; surely no one could be ignorant of this; but, in the mad rush of celebration, the throng simply had no room, no time, and no occasion to think of the message of the angels and do something really constructive to the glory of God.

of Christ. Christ had been crowded out.

My brethren, consider the words of the Epistle of John. Do you think that the spirit of Santa Claus bears witness to the birth of Jesus Christ in the flesh? Do you think the feasting, lavish spending for trinkets, the pagan Christmas trees, and boozing glorify Christ?

If not, why do it? The world follows the Christmas spirit of Santa Claus and will not hear the admonition of Holy Writ. The Bible has nothing to say about a Santa Claus.

Santa Claus is only a device of the devil to draw us away from the whole-hearted worship of Christ, by infringing upon the stewardship of our time and our talents.

What kind of a reception will Christ receive in our homes this coming Christmas? Will He be received and given full attention, or will He have to spend another birthday in the barn or in the hog-lot until the antics of the character of a man-made fable have satisfied us and our families?

Perhaps we may say that we have time for both. When fellowship has light and darkness, or the temple of God with idols? Have we not heard that to whom the child and laid Him in a manger we are?

All who are called to be the salt of the earth and the light of the world must then overcome this innovation of the children of darkness. At this Christmas season, my brethren, take heed that you forget not God.

Part II

It is the purpose of the second part of this article, to deal with the very definite need of a positive action in the observance of Christmas. The angels, who announced the birth of Christ, proclaimed, "Glory to God in the highest and on earth, peace; good will toward men."

Later the Wise Men brought gifts to the Savior as an expression of their adoration for Him.

Singing Christmas carols and playing games of a suitable nature are good forms of recreation at our Christmas gatherings. Perhaps we might wish to take a "hint" from the message of the angels and do something really constructive to the glory of God.

Bone Pile

Cafeteria workers stayed overtime in the cafeteria on Saturday night and decorated for Christmas. Students are now enjoying a Christmas tree, snowy designs, and wrapped center posts as they go through the line.

Following the fun of decorating, the workers went to the home of Mrs. J. F. Slifer, cafeteria manager, for playing games and eating the cinnamon rolls, brownies, popcorn balls, and cocoa made by Mrs. Slifer.

Kline Hall girls celebrated with the Dotson Hall girls at a party held in Dotson on Tuesday evening. Before the gift exchange in the lounge, the girls serenaded the residents of Fahnestock and Arnold Halls with Christmas carols.

Mistiote in the college cafeteria has created wee bits of excitement when some young ladies were taken by surprise. The red faces were not all reflections from Christmas decorations.

Clara Zunkel, former Maccollege student, was scheduled to sail from New York for Europe last week. Clara, a member of the June 1955, B. V. S. unit will be serving an 18-month period in Germany.

Gordon Fishburn, Maccollege alumnus, is a member of the December B. V. S. unit now taking its training at New Windsor, Md.

Tuning of band instruments is quite a problem at times. Lee Dadisman, Maccollege drummer, makes quite a toodo about tuning up his base drum, but for all Lee's efforts, his musical instrument just goes "thunk."

Christmas activities increase around the campus as the holiday draws nearer. Caroling, Christmas parties, and gift exchanges all become a part of celebrating Christmas.

Last Sunday night after church the youth group went caroling on college hill. There were so many carolers that they strung out along two blocks and could be heard very well as they went from house to house.

The A Cappella choir caroled a little bit differently. They all got in a big truck and drove up and down Main Street and other parts of town.

After the girls finished their serenade, they returned to the dormitory for a gift exchange and refreshments. Roommates exchanged gifts, which were distributed by Sara Ann Coffman, who was a very convincing Santa Claus.

Another activity which seems to indicate that the Christmas season is here is ice skating. Lots of enthusiasm has been shown toward ice skating these past few weeks and the lagoon has been getting quite a work-out. Apparently, some of the students have, too, judging from all the skinned noses, black eyes, and sore knees.

Four more weddings will take place over the vacation. The marriage of Liz Swinger and Charles Petty will take place in Essex, Mo., and Dee Bowman and Don Faules' wedding will be in University Park, Md.

Evelyn Jarboe and Bill Mollhagen will be married tomorrow night, and Diane Bowers and Bill Youngs will be married in Louisville on Dec. 20.

There was a roller skating party last Tuesday in Lyons. Thirty-seven Mac students attended.

Last night was the SCASA hayride. Although the weather was a little chilly, there were quite a few hayride fans there.

Monday and Wednesday of this week the McPherson Bulldogs played basketball with Sterling and William Penn. Tonight they play St. Mary's in Dodge City. They have been making a fine showing and still need student support.

Liz Swinger was honored at a shower last Sunday at the home of Mr. and Mrs. Russell Yoder.

Activities at McPherson College will come to a halt today, but they will continue as the students go to their homes in various parts of the country.

Note Of Thanks

Members of the Social Committee wish to thank all committee chairmen, their assistants, and all students and members of the faculty who helped to make the Christmas Around the World Program a success.

Youth Seminar To Study Government, UN

Mrs. Betty Lou Hershberger, Western Region youth director, is receiving applications for the Brethren Youth Seminar to be held in Washington, D. C., and United Nations Jan. 30-Feb. 3, 1956.

The Brethren Youth Seminar is an opportunity for young people to study the federal government at its source. The visit to the United Nations gives a close-up world view of international relations and the present world organization.

Approximate costs include the registration fee of \$35.00, including three meals at \$1.50 and travel insurance; transportation in the city, \$2.50; lodging, in Washington \$2.50 per day and in New York \$3.25 per day; food \$3.50 per day.

Musical To Be Shown

After Christmas Vacation

The musical, "With a Song in My Heart," will be shown Saturday, Jan. 7. A cartoon will also be shown with this full length feature.

"With a Song in My Heart" is the story of courageous Jane Froman and her battle against crippling injuries. Miss Froman sings many of the songs that have made her famous.

Susan Hayward stars as Miss Froman. Other well known stars in this movie are Romy Calhoue and Thelma Ritter.

Vaniman Estate Holds Auction

The Vaniman estate household articles were sold at the Vaniman home at an auction several weeks ago.

Lee Dadisman bought a wall tapestry which was an open-house fixture for Fahnestock Hall. Kelly Day bought some books on the history of the Brethren Church.

The Vaniman family were pioneers in McPherson. Mr. F. A. Vaniman came to McPherson to attend McPherson College, which had been founded the year before he came. He later founded the People's State Bank in McPherson.

Mrs. Mary C. Vaniman died last spring.

Carolee Zunkle

Mr. and Mrs. Al Zunkel, Maccollege graduates now living in Chicago, became the parents of a daughter, Carolee, on Nov. 25.

Carolee is the niece of Clara Zunkel and Ida Zunkel Stinnett, who were students on Maccollege campus last year.

Bittinger Goes To Texas

During the Christmas vacation period, Dr. D. W. Bittinger will go to Corpus Christi, Texas, to help in the dedication of the new Church of the Brethren there.

Following the dedication of the Corpus Christi Church, Dr. Bittinger will go on to Falfurrias, Texas, to do survey work. While there, he will also visit with his son, Stanley Bittinger, and his family.

Mugler Plans To Circle Globe

Miss Minnie Mugler, piano instructor who is on a leave of absence, will leave Dec. 28 to begin the first part of her trip around the world.

Miss Mugler and her sister, Miss Carrie Mugler, who has retired from a position in the Hutchinson public schools, will go to California and fly to the Far East first.

Wagoner Attends Meeting On Teacher Placement

Paul Wagoner, alumni secretary, attended a meeting of teacher placement officers at Kansas State College in Manhattan, Monday, Dec. 12.

Foundation Offers Graduate Stipends

The Danforth Foundation, an educational trust fund in St. Louis, Mo., invites applications for the fifth class (1956) of Danforth Graduate Fellowships from sophomore men and recent graduates who are preparing themselves for a career of college teaching, and are planning to enter graduate school in September, 1956, for their first year of graduate study. The Foundation welcomes applicants from the areas of Natural and Biological Sciences, Social Sciences, Humanities and all fields of specialization to be found in the undergraduate college.

President D. W. Bittinger has named Prof. Merlin Frantz as the Liaison Officer to nominate to the Danforth Foundation two or not to exceed three candidates for these fellowships. These appointments are fundamentally "a relationship of encouragement" throughout the years of graduate study, carrying a promise of financial aid within prescribed conditions as there may be need. The maximum annual grant for single Fellows is \$1800; for married Fellows, \$2400 with an additional stipend for children. Students with or without financial means are invited to apply.

A Danforth Fellow is allowed to carry other scholarship appointments, such as Rhodes, Fulbright, Woodrow Wilson, Marshall, etc. Fellowship, and applicants for these appointments are cordially invited to apply at the same time for a Danforth Fellowship. If a man receives the Danforth Appointment, together with a Rhodes Scholarship, Fulbright Scholarship, or Woodrow Wilson Fellowship, he becomes a Danforth Fellow without stipend, until these other relationships are completed.

All Danforth Fellows will participate in the annual Danforth Foundation Conference on Teaching, to be held at Camp Minwauka in Michigan next September.

The qualifications of the candidates as listed in the announcement from the Foundation are: men of outstanding academic ability, personality congenial to the classroom, and integrity and character, including faith and commitment within the Christian tradition.

All applications, including the recommendations, must be completed by February 15, 1956. Any student wishing further information should get in touch with Prof. Merlin Frantz, Liaison Officer.

Speckled Paint? No Joke

Those who have laughed up their sleeves at the idea of speckled paint, or perhaps it was striped paint, can now see the results of using speckled paint on the outside walls of the new spray room being built in the shop of Frantz Industrial Arts Building.

Paint with black, green, and white flecks is being sprayed on the outside walls of the square room in the corner of the shop. A kind of base is used in the paint which keeps the colors from mixing together.

The purpose of the new room is to have a safe place for doing spray work. A ventilating fan has been installed in the center of the small room to carry fumes to the outside. The walls on the inside are fire-proof.

Romero-Kolstad

Mrs. Lillie Romero, Rocky Ford, Colo., announces the engagement of her daughter, Mary, to Ole Kolstad, son of Mrs. Anna L. Kolstad of Viroqua, Wis.

Both Ole and Mary are sophomores at McPherson College. A summer wedding is being planned.

The bride, a Maccollege junior majoring in history, is the daughter of Mr. and Mrs. Virgil Jarboe of Nevada, Iowa. The groom is the son of Mrs. Irene Mollhagen and the late William W. Mollhagen of Lorraine, Iowa.

The bride and groom are the parents of D. W. Bittinger, whose birthday was Dec. 14.

The McPherson College family sang "Happy Birthday" to Dr. Bitingger on Dec. 17, in the First Baptist Church at Lorraine. Miss Evelyn Jarboe will become the bride of Bill Mollhagen.

McPherson College students participating in the wedding ceremony include: Barbara Maul, as maid of honor; Marilyn Metsker as bridesmaid; Connie Brooks as wedding soloist; and Lee Dadisman and Bob Wise as ushers. Assisting at the reception will be Joyce Miller, Janet White, Ann Taylor, Mrs. Ronald Freed, Mary Lou Wise, and Mrs. Bittinger.

Mrs. Bittinger served the birthday cake to all those going through the cafeteria line, and everyone had an opportunity to congratulate Dr. Bittinger personally.

The trustees, faculty members, and students contributed for gift certificate and also signed a birthday card to him.

Approximately 375 persons were present for the turkey dinner provided by the Mark Neher Family of Quinter, Kan., the People's State Bank of McPherson, and McPherson College.

Faculty Women, Guests Honor Departing Members

Quantity Cookery Class girls and their instructor, Miss Mildred Siek served twenty-three faculty women and their guests on Monday evening, Dec. 12.

The dinner was held in the home economics classroom, and the group traveled around the world mentally with the travel folders and pictures.

The dinner was in honor of Miss Minnie Mugler's departure on her world trip and in honor of Miss Betty Lou Hershberger, who will be leaving to teach in the regional office for a position in the LaVerne, Calif., Church of the Brethren; but Miss Mugler was ill and could not be present.

Charles "Chuck" attended McPherson College in 1954 and 1955.

Mary Elizabeth will graduate in absentia with an A. B. in Education and Psychology this spring.

The couple will make their home in Englewood, Calif., where Charles is employed as a mechanical draftsman.

Only a world society can insure lasting peace.

Man's temper is tested by his response to the new.

Students Wed Tomorrow Evening

Tomorrow evening, Saturday, Dec. 17, in the First Baptist Church at Lorraine, Miss Evelyn Jarboe will become the bride of Bill Mollhagen.

The bride, a Maccollege junior majoring in history, is the daughter of Mr. and Mrs. Virgil Jarboe of Nevada, Iowa.

Both Ole and Mary are sophomores at McPherson College. A summer wedding is being planned.

The bride and groom are the parents of D. W. Bittinger, whose birthday was Dec. 14.

The McPherson College family sang "Happy Birthday" to Dr. Bitingger on Dec. 17, in the First Baptist Church at Lorraine. Miss Evelyn Jarboe will become the bride of Bill Mollhagen.

McPherson College students participating in the wedding ceremony include: Barbara Maul, as maid of honor; Marilyn Metsker as bridesmaid; Connie Brooks as wedding soloist; and Lee Dadisman and Bob Wise as ushers. Assisting at the reception will be Joyce Miller, Janet White, Ann Taylor, Mrs. Ronald Freed, Mary Lou Wise, and Mrs. Bittinger.

The bride will be wearing a gown of white gardenia velvet and nylon tulle, with a chapel train. Her attendants will be gowned in similarly styled ensembles of romance blue.

The bride will be wearing a gown of white gardenia velvet and nylon tulle, with a chapel train. Her attendants will be gowned in similarly styled ensembles of romance blue.

Following a ten-day honeymoon, the couple will be at home in unit 22 of the McPherson College courts. Bill will graduate this spring with a degree in rural life.

Swing-Petty

Mary Elizabeth Swinger and Charles Lee Petty will exchange vows in the Essex, Mo., Church of the Brethren on Dec. 27. Mary Elizabeth is the daughter of Mr. and Mrs. Hubert Swinger, Essex, Mo., and Charles is the nephew of Mr. and Mrs. Ernest Burriss, Dexter, Mo.

Rev. Glenn Swinger will conduct the ceremony. Others included in the wedding party are Dorothy (Swinger) Nicholson, '54 and Mrs. Glenn Swinger. Students of Maccollege participating are Gene Myers, June McDaniel, and Marian Siford.

Charles "Chuck" attended McPherson College in 1954 and 1955. Mary Elizabeth will graduate in absentia with an A. B. in Education and Psychology this spring.

The couple will make their home in Englewood, Calif., where Charles is employed as a mechanical draftsman.

Man's temper is tested by his response to the new.

University Of Ceylon Offers '56-'57 Fellowships

The University of Ceylon, Peradeniya, offers two fellowships to American graduate students for the 1956-'57 academic year; it has been announced by Kenneth Holland, president of the Institute of International Education, 1 East 67th Street, New York City.

Awards cover room, board, and tuition. Grantees should have funds to pay their own travel and incidental expenses, although their applications will be considered for Fulbright travel and supplementary maintenance grants.

The Ceylon fellowships offer Americans an opportunity to study a variety of subjects: sociology; the economics, geography and history of Ceylon; Pali, the language of the early Buddhist Scriptures, and Buddhist doctrines, history, art and architecture; Indian philosophy history; and Indo-Aryan linguistics. All lectures, except a few in oriental languages, are given in English. For field work in the villages some knowledge of Sinhalese or Tamil is required.

Unmarried candidates under 33 years of age are preferred. Other eligibility requirements are: United States citizenship; good academic record and good professional record if the applicant is not a recent graduate; good moral character; broad adaptability; broad knowledge of the culture of the U. S.; and good health.

Candidates should apply to the United States Student Department of the Institute of International Education.

Conservationist Speaks To Soils Class Friday

The Soil Conservation Service representative in charge of soil conservation districts in this area, Verne Bathurst, talked to the Soils Class on Friday, Dec. 9.

Slides on terracing and strip cropping for land utilization were shown as well as the effects of wind and water erosion.

Student Ministers Hear Dr. Bittinger On Vocations

On Monday evening, Dec. 12, Dr. D. W. Bittinger spoke to the Student Ministers on "Preparation For Christian Vocation."

The group met in the basement of the Bitingger home.

Bulldogs Take Third Place In Moundridge Tournament

McPherson Bulldogs won third place in the Moundridge Tournament Saturday, Dec. 10. Bethel won the tournament for the second consecutive year by defeating Taber College.

In the first game of the Moundridge Tournament, the Maccollege Bulldogs lost to an accurate Bethel crew 89-84.

Bethel displayed shooting accuracy from the field by sinking better than 50 per cent of their shots. The Bulldogs hit only 26 per cent. At the free throw line, the Bulldogs hit 64 per cent and the Graymaroons hit 61 per cent.

Bill Smith was the high individual scorer for Mac with 13 points. Box scores were:

Bethel	FG	FT	F
Harms	3	0	1
C. Goering	0	0	1
Eck	4	4	1
P. Goering	5	2	2
J. Goering	5	2	2

Smith	2	9	3
Rolfs	1	0	1
Wolf	5	2	3
Totals	17	20	18

In final-round action, the Bulldogs tripped the Bethany College Swedes 54-52 for third place.

The Bulldogs played a much better game in winning third place than they did in the previous first-round game. Due to Bethel, Bethany never did hold a lead over Mac, but had the score tied with one minute left in the game.

A close-in by Ed Wolf broke the tie and gave McPherson the 54-52 victory.

Bulldogs took an early lead of 5-1, and by halftime were out in front 26-14. Early in the second half Bethany cut the margin 31-25 and finally 50-43. The Swedes made five free throws and cut Mac's margin to 50-48.

McPherson made two free throws; then Gil Dick tossed in a fielder and Hammer scored to tie the score at 52-52.

Hammer had a chance at the free throw line but missed, and with just 15 seconds left, Wolf scored from under the basket.

The first half Mac had 36 per cent of its field goals and Bethany hit only 17. In the second half, Bethany got 50 per cent and the Bulldogs connected with only 26

per cent.

Game average was 29 per cent for McPherson and 33 for Bethany. Ed Wolf was high scorer for McPherson with 15 points.

Box scores were:

McPherson	FG	FT	F

Bulldogs Defeat Sterling 78-52

McPherson College Bulldogs defeated Sterling College 78-52 on Tuesday evening in a non-conference basketball game at Sterling.

The Bulldogs took an early lead and maintained it all the way, leading 36 to 28 at halftime. In the last half, with all of Mac's team playing at different times, the margin widened.

Eleven McPherson players saw action on the varsity team, and Gaylen Rodgers was the high individual scorer with a total of 22 points to his credit.

High scorer for Sterling was Bennett with 17 points. The Sterling B team won the preliminary game 74-60. Box scores were:

McPherson	FG	FT	F
Wolf	5	1	0
Nelson	3	4	1
Rolfs	0	2	0
McPherson	0	0	2

Rec Council Has Party To Celebrate Christmas

Members and guests of the Rec Council held a Christmas party at the Prof. J. L. Bowman home on Tuesday evening, Dec. 13, at 7 p.m. Evening activities began by dividing the group into four smaller groups. Each group decorated one of its members to represent a Christmas tree.

Refreshments were served and the evening meeting closed with the singing of Christmas carols.

Soils Class Visits Institute

Fellows in the Soils class attended a session of the annual two-day McPherson County Farmers' Institute during their class period on Wednesday, Dec. 14.

Glen Hardy, soils specialist at Kansas State College spoke on making fertilizer recommendations by the use of soil tests.

The two-day institute was held on Tuesday and Wednesday in the 4-H Club Building.

Fourteen fellows are in the Soils class.

How Are Costs Paid?

Alumni Help Support Liberal Arts Colleges

No student or his family ever pays the full cost of his college education.

If he attends a state university, for example, the taxpayers of the state foot a good part of the bill. If he attends an independent, privately supported liberal arts college or a university, its friends past and present pay a good part of his expenses, by way of accumulated gifts for capital or current operating use.

These facts, long known to presidents and boards of trustees responsible for the conduct of colleges and universities, underscored by the results of a survey conducted during 1954 by the Council for Financial Aid to Education, an objective, non-profit, advisory group founded by leading business men.

In analyzing all data from the survey, including operating costs and student fees, the Council divided the 753 responding colleges and universities into nine logical categories.

Three games will be played on Tuesday and Wednesday nights and two games on Thursday night. The first game starts at 6:30, and each game is scheduled to last an hour. A pre-game conference of the captains and a five-minute warm-up period are allowed to each team.

Each team must have at least four players ready to play and a 15-minute waiting period is observed before a forfeit is declared. The games will be officiated by the officiating class with the aid of the intra-mural committee.

In Tuesday night's games Colberg won over Olmton 39 to 40, Blough beat Atkinson 37-22, and the game between Jefferies and Roberts was cancelled.

This same trend holds among the other eight groups of colleges and universities which took part in the CFAE survey last year. In each category tuition and fees were increased, but the cost of operations per student outran these increases; and, in all except one category, the cost per student, above his payments, went up by a still higher percentage.

The highest average cost of operations per student was \$1,065, among these groups increased their average charges for student tuition and fees. Among 184 non-denominational, independent, liberal arts colleges the average rise was 24 per cent, from \$441 to \$540.

On the other hand, between 1947-48 and 1952-53 the average cost, among this group, of operations per full-time student rose by 46 per cent, from \$726 to \$1,060. The cost per student to the institution, above his tuition payments, rose by an even steeper 98 per cent, from \$201 to \$397.

This same trend holds among the other eight groups of colleges and universities which took part in the CFAE survey last year. In each category tuition and fees were increased, but the cost of operations per student outran these increases; and, in all except one category, the cost per student, above his payments, went up by a still higher percentage.

The highest average cost of operations per student was \$1,065, among these groups increased their average charges for student tuition and fees. Among 184 non-denominational, independent, liberal arts colleges the average rise was 24 per cent, from \$441 to \$540.

It must be noted in mind that between 1947 and 1953 nearly all colleges and universities experienced decreases in enrollment. These course are reflected in the operating costs per student.

The foregoing facts explain why several leading corporations are now reimbursing selected institutions for college personnel recruited from these institutions.

FTA Presented Christmas Program

The local FTA chapter had its Christmas meeting Thursday evening in Sharp Hall. Joyce Flory led the group in singing some of the familiar Christmas carols. Glenna Hawbaker read "Joyce's Poem for Christmas," a poem by Eugene Field.

Some of the FTA members presented a skit about teachers entering heaven. Each of the teachers was asked what part he had contributed to the school in addition to being just a teacher. Each of the five teachers portrayed gave a different attitude to the profession of teaching.

Ralph Royer portrayed Saint Peter, and Nancy Keim was his angel. The teachers were Grumbling Gordon, Willis Hoch, Self-satisfied Sam, Cliff Reeves; Classmate Clara, Marilyn Meteker; Simple-track Sally, Joan Ford; and Humble Harriet, Elizabeth Swinger.

Carol Hintz had charge of the program.

asked increasingly to help support the nation's colleges and universities, have a clearly stated preference for those whose alumni are already helping in a substantial way. They regard their gifts as a supplement to, not a substitute for, alumni giving.

Several companies, led by General Electric, are now offering to match (up to \$1,000) annual gifts to the respective Alumni Funds by college graduates in the company's employ.

One of the first tests of a good alumnus is his recognition of an opportunity to help the college that helped him, and also to make certain it will be able to serve future generations of students as well as it served him.

Church Meets

Members of the Church of the Brethren are having a dessert party this evening at 7:30 in the church parlor. This is a final celebration of the canvas for \$90,000 for a new educational building.
