McPherson College, McPherson, Kansas, October 27, 1966

No. 8

## Arnold Will Open Doors to Friends

**OPEN HOUSE HERE**—Arnold Hall men will host an open house Sunday, and refreshments and decorations on a Halloween theme will set the pace at the event. Rooms will be open for visiting.

Arnold Hall's men will welcome faculty, students and friends to their open house next Sunday, Oct. 30, from 2-4 p.m. Tom Crago, jr., La Verne, Calif., president, and Mrs. Viola Wilson, housemother, will serve as the host and hostess at the open house.

According to Mrs. Wilson, Arnold Hall is the oldest dormitory on McPherson campus. It was constructed in 1916 and has served for both men and women as a dorm.

The theme has been set for Halloween purposes with decorations consisting of pumpkins, corn stalks, squash and hedge apples.

Officers of Arnold Hall include Tom Crago, and Stan Bucher,

fr, Lebanon, Pa., secretary-treasurer.

Proctors for the 21 men in Arnold are Tom Crago and Allan LaGalle, fr, Newark, Del.

Mrs. Wilson said this is her first year at Arnold Hall. She also said, "The men have been working very hard planning, along with myself hoping that many of the students and faculty will attend the open house."

Calvin Moffitt, fr, Washington, and Ron Kent, fr, Saddle Brook, N. J., will serve refreshments consisting of cider, root beer, cookies, brownies and pop-corn. Mrs. Wilson indicated that five of the 21 residents are upperclassmen. She stated, "I enjoy being housemother to such a fine group of men. They are always very helpful to me."

## Faculty, Administration Attend Off-Campus Meets

Several McPherson College faculty members and administrative officials have attended off-campus meetings during the past weeks.

R. Gordon Yoder, business manager and treasurer, went to the National Association of Educational Buyers at St. Louis Oct. 18-20.

Alvin E. Willems, associate professor in industrial arts and mechanics; S. M. Dell, profes-

sor of industrial arts; and Arlie J. Regier, associate professor of industrial arts, attended the state conference at Pittsburgh for industrial arts on Sept. 30 and Oct. 1.

Doris E. Coppock, professor of physical education for women, went to Excelsior Springs, Mo., for the Central Association of Physical Education for college women on Oct. 7 and 8.

Vernon E. Friesen, assistant professor of mathematics, heard a lecture at Tabor College by Dr. Richard Andree, chairman of the department of mathematics at the University of Oklahoma, in Hillsboro on Oct. 14.

Robert L. Edwards, assistant professor of piano and organ, Sept. 29, 30 and Oct. 1 attended the Kansas Cultural Arts Commission, the first state conference on arts, in Wichita.

Dr. John H. Burkholder, professor of biology, attended the dedication of the new science center at Sacred Heart College in Wichita on Oct. 16.

Dr. Dayton G. Rothrock, professor of education and psychology, was at the meeting for the Kansas Association of Teacher Placement Officers held Oct. 14 in Salina.

Many of the faculty attended the College Conference on Teacher Education at Marymount College, Salina, Oct. 14. Dr. Merlin L. Frantz, dean of academic affairs, and E. Dean Reynolds, registrar, are attending the Oct. 27-28 meeting of the deans, registrars and admissions officers at Sterling College. This is the annual state meeting of that organization.

Dr. Frantz has just returned from the Oct. 25-26 conference of the Brethren Colleges Abroad program in Elgin, Ill. Through cooperation of six Brethren Colleges and several others, this program provides opportunities for students to spend their junior year abroad.

Two McPherson College students, Marilyn Wood, Panorama, Iowa, and Ron Adkins, Long Beach, Calif., are in Germany this year under this program.

## Two Women Join Staff

New employees at McPherson College are Miss Joyce Shobe, assistant in the admissions office, and Mrs. Alice R. Winiinger, assistant in the business office.

Miss Shobe, who joined the staff on Oct. 15, is from Conway Springs and has attended McPherson College. She was recently employed by Continental Trailways and traveled throughout the United States.

Since leaving McPherson, Miss Shobe has lived in Denver and Oklahoma City.

Mrs. Winiinger who is from Arkansas, came to McPherson from Bartlesville, Okla., where she had lived for three years. Mrs. Winiinger and her husband C.E., a federal bank examiner, have three children.

Mrs. Winiinger joined the staff on Oct. 3.

## Homecoming Attractions Give Alums New Look at College

By KEN STROMQUIST

The A Cappella Choir anniversary, the dedication of Bittinger Hall and the Queen's Ball served as the main attractions of Homecoming 1966.

Homecoming activities officially started on Thursday, Oct. 29 when the Alumni Association presented the Student Convocation. Ted Washburn, president-elect of the association, introduced Dr. J. W. Van Blairicum, Pratt dentist and director of the Kansas Miss America Pageant.

Dr. Van Blairicum spoke on the experiences he encountered while working as director. Also on the program was the Faculty Alumni Quartet.

On Friday and Saturday morning the A Cappella Choir rehearsed for their Saturday evening performance. Over 100 past choir members and 43 present members exhibited their talents for an audience numbering around 800.

Also on Saturday, the Alumni Board conducted their regular meeting in the private dining room at the Student Union.

Pre-game ceremonies were held at the college stadium and featured the crowning of Judy Monke, jr., Pierson, Iowa, as

Homecoming Queen, and the recognition of her attendants: Nancy Brown, soph, Concord, Mass., and Paula Sissel, fr, Davenport, Neb.

At the Homecoming game the fans soon realized that Gene Czaplinski's prediction of McPherson's 20-6 win over Baker would not hold true, and McPherson lost by a score of 38-6.

At 4:30 p.m. Dr. Desmond W. Bittinger, former McPherson College president, spoke at the Dedication of Bittinger Hall.

He extended remarks of appreciation and related some of his impressions of the University of the Seven Seas. Dr. Bittinger is now chancellor of Chapman College, Orange, Calif.

Class reunion dinners were conducted at 5 p.m. The class of 1951 met in the East Room of the Warren Hotel with 18 members present. The class of 1956 claimed the largest turnout of alumni with 32 members at the reunion dinner which was held at Friends Kitchen. Second in the number of alumni returning to the college campus was the class of 1961; 30 members conveyed in the Blue Room of the Warren Hotel.

After a long day, faculty,

alumni and students retired to the palace setting of the Queen's Ball in the Student Union basement. There they met friends, intermingled, chatted at candlelit tables, and danced or sampled refreshments.

## Coeds Will Pay For Dates WPA Week

Women Pay All Week has been scheduled for Oct. 30 through Nov. 5, by the Women's Council.

This will be a turn-about week when women will ask men for dates and foot the bill.

Date suggestions for WPA week according to Mary Nell Albright, soph, Ft. Wayne, Ind., are the football game here on Friday, Nov. 5 and the dance following; and the movie in Brown Auditorium at 9 p.m., Saturday.

A special activity, sponsored by the Women's Council, will precede the movie. The plans will be announced soon, stated Miss Albright.

## Classification Is Revamped

Classification requirements formerly required for a sophomore for McPherson College students have been changed, and all students will be reclassified at the end of this semester.

"This system of classification is a more realistic indication of how near you are to a degree," said E. Dean Reynolds, registrar, in explanation of the change.

Instead of the 24 completed hours and 48 grade points form-

classification, a student now will have 30 hours toward a degree to attain that classification.

Juniors must have passed 60 hours and have a 1.80 grade point average, while the requirement for senior classification is 90 hours passed and a 1.90 grade point average.

"Since we're on IBM, and have almost one month between semesters, we will have the information necessary for reclassification," continued Reynolds, "and students will be reclassified each semester."

The new system of classification was accepted by the Educational Policies Committee at their Oct. 5 meeting and will become effective Jan. 1.

To figure grade point average under the new system, four grade points will be allowed for each hour of A credit; three for each hour of B credit; two for each hour of C credit, and one for each hour of D credit. No credit is allowed for hours failed.

Educational Policies Committee includes the dean of academic affairs, registrar, librarian and all heads of divisions of the College.

## Faculty Plans For Future

McPherson College faculty members have been discussing projection ideas in their faculty meetings. They are also studying the report made by the Cummerford Corporation last spring concerning the future, size and development of McPherson College.

Departments are meeting separately to study and discuss their curriculum changes. Later the entire faculty group will study all the changes made.

The new second semester schedule should be coming out soon, according to E. Dean Reynolds, registrar.

## Melhorn, Committee Study Student Aid

Dr. J. Jack Melhorn, president of the College, met Oct. 20 at McPherson with the newly-formed committee to study financial aids for Kansas students.

Appointed by the Kansas Association of Colleges and Universities, the committee will make recommendations relative to a proposed new program of financial assistance through state appropriations. Their first duty will be to estimate the number of young Kansans needing assistance which is not now available.

If the number is substantial, study and evaluation of plans in effect or under consideration in other states will follow. Should the committee deem a new or expanded plan necessary in Kansas, they will estimate the cost of such a program and

submit their information with their recommendation.

The committee is requesting cooperation of the State Department of Education in collection of necessary information, and a questionnaire is being constructed.

The chairman of the committee is Dr. A. H. Elland, president of Community Junior College, Hutchinson. Other members are Dr. Melhorn; Dr. William McCreery, president of Sterling College; Sister Mary Faith, Dean of Donnelly College, Kansas City; Robert Billings, director of aids and awards, University of Kansas; and Harold Kennedy, director of aids, Kansas State University.

The next meeting of the committee is scheduled for 10 a.m., Nov. 7, at McPherson College.

## Student Teachers Begin Class Work

Forty-one McPherson College seniors will begin their regular student teaching next Monday, Oct. 31. They will student teach until the schools to which they are assigned are dismissed for Christmas vacation.

For the past nine weeks, the students have spent every Tuesday observing and helping in their actual student teaching situation.

At the elementary level, eight students have been assigned to the McPherson City Schools. Dorothy Hibbett and Jane Funk are student teaching at Lincoln School and Frances Johnson and Tim Matthei are at Park School.

Wickersham School is hosting Carolyn Leighner and Anna Marie Bryant, while Maurine

Arnold and Mary Steele go to Washington School.

Jeanette Hall and Donna Dilling are student teaching at Buhler Grade School, whereas Bertha Selzer and Paula Goering are at Moundridge.

Ten students are at McPherson Junior High School. They are Daniel Heffner, Karen Johnson, Rose Marie Loveless, Tim Matthei, Jerry Persons, Janet Rhinehart, Dennis Sebes, Bob Snider, Granville, Taylor and Bryce York.

Going to Buhler High School are Frederic Goering, Junior Hendricks, John Lade, Carolyn Pieratt and Harvey Werner, Pearl Fruth Miller is the only student teacher at Derby High School.

At Hillsboro High School are

Jeanette Bartel and Judy Janzen. John Shea and Gerald Riemann are at Hutchinson High School.

McPherson High School is playing host to Richard Eastman, Gaye Hinkle, Charles Horner, Carol Klotz, Jim Lambert, Tim Matthei, Jerry Persons, Janet Rhinehart, Dennis Sebes, Bob Snider, Sandra Troge, Tom Worthing and Bryce York.

Student teachers at Moundridge High School are Eileen Claassen, Arnold Groff and Leon

Travis. The annual Kansas State Teachers Association meetings will be Thursday and Friday, Nov. 3 and 4 in eight locations. Student teachers are required to attend at least one day of sessions at any location.

# Bonus Issue Draws Reply

As Treasurer of the Student Council and Chairman of the Board of Publications, I wish to acquaint the Student Body with the motion brought before the Student Council on Oct. 12.

The motion was presented as follows: "Linda Kurtz moved that we recommend that Student Council approve a gift of \$84.67 from the Publications Reserve Fund to the two editors-in-chief of the 1965-66 Spectator for work above and beyond the call of duty."

Thirty minutes of discussion followed the presentation of the motion.

The editors-in-chief of The Spectator are hired by the Board of Publications on a contract basis which stipulates a predetermined salary.

Art. IV, Sec. 6-C of the Constitution states: "Salaries shall be paid to the various publication personnel. Current figures subject to change are: (1966-67) Spectator: editor-in-chief, \$100 per semester; managing editor, \$150 per semester; business manager, \$200 per year."

Included in the contract is a bonus agreement stated under Art. IV, Sec. 6-C-1: "Profits of The Spectator up to and including a designated amount (currently \$300 per year) shall be divided equally among the two editors-in-chief and the business manager each year. Any Spectator profits above this amount shall be placed in the Publications Reserve Fund."

Notice that bonuses are paid out of profits made by The Spectator, not out of the Board of Publications Reserve Fund. The Reserve Fund was established for the purpose of providing an emergency source of funds during possible publication lean years, and to purchase the necessary equipment for the continued efficient operation of the Board of Publications.

It can now be seen that the motion under consideration is of questionable constitutionality. The constitution nowhere states that the Student Council has the power to grant monetary gifts.

Such action could establish a very dangerous precedent. Furthermore, the wording of

the motion, "work above and beyond the call of duty," renders it of very questionable definiteness. No objective norm for the evaluation of "work above and beyond the call of duty" has yet been established.

All leaders should be expected to do whatever "work above and beyond the call of duty" means.

I recognize my error in leaving the meeting before it was adjourned.

I now suggest that this motion be presented before the Student Body for serious consideration.

I propose that formal recognition for outstanding work be given to the 1965-66 Spectator editors-in-chief.

I further propose that the Student Council initiate a program for formal recognition of outstanding campus personalities and achievements through the selection of a student of the Month. The selection, to be made by a permanent Student Council committee appointed for this purpose, shall be followed by a Student Council citation of merit with an accompanying article in The Spectator.

George Jones

## Advisers Help Students Choose Academic Plans

Each student at McPherson College is required to have an academic adviser, who helps him with program planning, academic choices and, sometimes, vocational choices. Every student is given complete freedom to choose his own adviser.

Enrolling freshmen are given a card with the name of a counselor, who is suggested by the registrar on the basis of a study of the records of that student.

The suggested adviser is usually in the field of interest of the student, but the adviser may be changed by the student if he changes his field or if, for any other reason, he would prefer a different adviser.

## 'Dr. Zhivago' To Be Shown On Field Trip

McPherson College students will have the opportunity to see Boris Pasternak's "Doctor Zhivago" in Wichita Saturday, Nov. 5.

Commonwealth Theatres of Wichita are sponsoring the University Performance for students at McPherson, Bethel, Bethany and Sterling colleges.

Chartered buses will leave McPherson at 7 a.m. and arrive at the Sunset Theater at 8:30 a.m. where a complimentary Continental breakfast will be served.

The production of "Doctor Zhivago" will begin at 9 a.m. and run until 12:45 p.m. The buses are scheduled to leave Wichita at 1 p.m. and arrive back in McPherson at 2:30 p.m.

Total cost for the university performance is \$4.50 per person. The price includes a round trip fare and theater admission.

A limited number of tickets are available on a first come, first serve basis in the Information Office, Mohler 104.

## To Observe Patriotism

Americanism Week will be observed in McPherson during the week of Nov. 6-12. The theme to be carried out, is "I'm Proud to Be an American."

The McPherson Advertising Council is promoting the observance as a non-commercial event.

Each day during the week will be designed as recognition of some special event. Sunday, Nov. 6, will be God's Day; Monday, Nov. 7, is to be American Education Day; and Tuesday, Nov. 8, is Vote Day, at which time elections are scheduled.

# Grid Queries Raised Each Defeat Lowers School Spirit into Cellar

By JANE NEWTON  
Our football record is demoralizing McPherson's school spirit.

Every season the football team wins about two games, and every year the student body faithfully yells out its lungs in support. With a student body of 800, the College always comes out in full force along with the faculty and interested towns' people to boost the team.

How long is the College community expected to uplift a bunch of losers? Not only does losing cast a blue shadow over the student body, but it also wrecks the team's desire to

## Doris Day Comedy Set for Saturday

"Please Don't Eat the Daisies," starring Doris Day, David Niven and Janis Paige, will be shown Saturday Oct. 29, in Brown Auditorium at 7:30 p.m.

This movie is an amusing account of an obscure university professor's rise to fame as one of the top Broadway critics.

He pans a musical written by his best friend, gets his face slapped by the show's temperamental star, and interferes with his wife's dream of finding a home in the country for their four lively boys and a dog.

# Dell Commences 35th Year Teaching Industrial Arts

Prof. S. M. Dell

By MARGE KECK

"I have really enjoyed the people. I only hope that I have helped someone." This is the way that S. M. Dell, professor of industrial arts education, summed up his 35 years at McPherson College.

Returning to his alma mater in the fall of 1931, Prof. Dell was head of the industrial arts department. At this time the department was located in the basement of old Fahnestock Hall and included only woodworking and drawing.

The department has since expanded to include welding, metal work, electrical works, arts and crafts, and auto mechanics.

In addition to heading the industrial arts department, Prof. Dell was dean of men for 27 years. As such he started the Men's Council, which was patterned after the already-existing Women's Council.

The annual Men's Dinner, held in honor of new men students, was started during World War II. Since there were not many men at that time, Prof. and Mrs. Dell fed the men in

their back yard.

After the war, so many men came to the campus that a back-yard dinner was not feasible. The dinner was moved to the campus and included all the men students instead of only the new men.

As director of National Youth Administration, which was organized during the depression years, Prof. Dell helped students find government-paying jobs on campus.

The first Student Union, which was simply one big room in the basement of Sharp Hall, was another of Prof. Dell's projects. Students helped with the tearing down of wall partitions and cleaning up afterwards, and Henry Peel built it.

The fireplace in the Student Union Room was unique in that it contained rocks brought by students from their home towns.

One activity which Stuco sponsored under Prof. Dell was the distribution of funds to the various organizations, especially extracurricular activities.

During this time, students representing the various organizations simply made a request for funds. Now the organization must represent the entire student body to be entitled to Stuco funds.

Prof. Dell retired as head of the industrial arts department in 1965 to devote more time to another of his activities, that of the Rotary Club. He was Governor of District 5-67 from 1965 to 1966.

A native of Beatrice, Neb., Prof. Dell graduated from McPherson College with a BS in 1926. He taught five years at Marion High School before returning to McPherson in 1931. Prof. Dell attended Cen-

tral Missouri State College, Warrensburg, Mo.; the University of Chicago; and received his MS from Iowa State University in 1934.

Mrs. Dell, also a McPherson College graduate, is secretary to Dr. J. Jack Melhorn, president of the College. The Dells have three children, all of whom graduated from McPherson.

## What Is Man?

## Art Aids Man To Find Self

By JERRY LASATER

In the whole world, one man is by comparison nothing; to himself, everything. Because of this it is important for man to know who he is. To become what he is, an individual begins with himself and looks inward.

Inwardness begins with questioning his position as an existing human being with a social, animal and rational nature. Our lives are bounded by birth and death. The individual man hangs between these extremes, these inevitable limits.

One man may observe a lack of self-sufficiency and rationalize about it, while another may be swept from his strongest goals by other men's theories, simply to avoid the effort of thinking for himself.

By becoming intelligible to himself, man can command the motivation and the courage to face the facts of concrete existence.

The artist finds the greatest need to expand his freedom and spontaneity prodigiously. The structure of his inward vision, or his expression, is inherent and unique in each art form.

Art, then, is the mirror and mold—the visible self—of an artist's progress in the fundamental project of his self-formation. Art is music, painting and all the things a person does which express his inner self.

## LITTLE MAN ON CAMPUS

"I TAKE IT THAT PASSING THIS COURSE  
IS VERY IMPORTANT TO YOU."

# Ottawa Hosts Grid Clash

McPherson College Bulldogs will travel to Ottawa to participate in their homecoming game Saturday, Oct. 29 at 2 p.m.

Ottawa is currently tied for first place in the Kansas Collegiate Athletic Conference with Southwestern and C of E. Each team has a record of five victories and one defeat.

The Ottawa Braves defeated Friends, Bethel, Sterling, C of E and Kansas Wesleyan while losing to Southwestern.

The Bulldogs are seventh in the standings with victories over Southwestern and KWU and losses to C of E, Friends, Bethel and Baker.

According to Coach Sid Smith, the Braves are leading the KCAC in total offense with an average of 404 yards per game, while McPherson is averaging 226 yards.

"Ottawa is a tough ballclub, and they are going to be out for revenge after their loss to Southwestern last week," stated Coach Smith.

Smith also indicated that the

Braves' quarterback, Bannon is leading the conference in total offense, passing.

Because Ottawa is a very strong team, Smith stated that the pass defense would have to improve a great deal to be ready for Ottawa.

Smith said that the Braves run out of a pro formation with flankers and have a varied amount of defenses with a 6-2, 5-4, 6-3 and a 7 diamond.

Finally Coach Smith asserted, "We are going to be up for the game, although they are going to be tough, we are going on the field to win."

## Sportscope

# Fundamentals Unlock Key to Football Victory

By GENE CZAPLINSKI  
Fundamentals are the keys to victory in football. There is no secret involved, no quickie course in learning Fundamentals are simple stress on the fundamental movements of the game.

Look at a good team sometime.

They tackle low and hard. They block crisply and effectively. Every man does his job, and the team wins — every man executes his fundamentals properly.

Vince Lombardi once noted, "It's not the play, it's the execution of fundamentals in it!"

Furthermore, a poor or erratic team either has atrocious personnel or is poorly trained in fundamentals.

A ball team with fine personnel has the capacity for an outstanding game — largely on natural ability. But to play a consistently good brand of football, or any other sport, a team must be properly trained in fundamentals.

Watch a game sometime and take your eyes off of the ball. How does the line react? Watch the tackling on defense. Are there the high lunges at the ball carrier's shoulders?

Another factor in team play is substitution. There are three reasons for it:

1. It gives many men a chance to play and accomplishes the main purpose of the program.

2. It keeps the pressure on the better players to produce because they know they can be replaced with an eager substitute.

# Three Teammates Rank In KCAC Standings

According to statistics released Oct. 19 by the College of Emporia, three McPherson College football players have earned places in Kansas Collegiate Athletic Conference standings.

Junior Smith, fr. Oakley, and Tom Worthing, sr. Wamego, have retained positions in the top five men in total offense and pass receiving categories, respectively.

Bob DeTour, jr. McPherson, has gained positions in the individual standings in punting and scoring. In punting, he ranks third with an average of 35.8 yards for 25 punts.

DeTour holds fifth place in total scoring with 26 points, gaining 24 by touchdowns and

two by kicking extra points.

Smith maintained the second slot in total offense with a total of 340 yards rushing and 429 yards passing for an average of 153.8 yards in the Bulldogs' five games.

In passing, Smith dropped from second to third place, with an average of 85.8 yards a game. He has completed 35 of 71 attempted.

Worthing has retained fifth place in pass receiving, with an average of 41.2 yards per game.

As a team, McPherson ranks fourth in total offense with an average of 293.4 yards per game; fourth in total defense, allowing opponents an average of 226.6 yards;

Fourth in rushing with an average of 112.4 yards; and third in passing defense, allowing competitors an average of 96.5 yards per game.

# Crushing Tackles Snag Award for Fred Teeter

For his bone-crushing tackling and defensive and offensive play, Fred Teeter, fr. Oakley, was voted player of the week for his part in the Homecoming game with Baker Oct. 22.

Fred is a graduate of Oakley High School. While there he lettered four years in football, and was captain in his senior year. He also lettered three years in basketball and four years in track. Fred was president of the O Club, an athletic organization. "Teet", to his fellow players, is a man of many talents. In the game with Baker he played defensive halfback, offensive halfback and fullback when he quick-kicked.

Concerning the Homecoming game, Fred stated, "We had men injured and they just out played us."

When asked about the game with the Ottawa Braves on Saturday, Fred commented, "They are a powerful ball team. Most likely they will come out passing. It ought to be interesting."

## KING'S DRUG

207 N. Main

# Wildcats Claw Bulldogs 38-6

The Baker University Wildcats spoiled the Bulldogs' bid for a homecoming victory Oct. 22 at the College stadium 38-6.

The victory over the Bulldogs tied Baker with Friends University for second place in the Kansas Collegiate Athletic Conference with a record of four wins and two defeats.

McPherson is in sole possession of seventh place in the KCAC with two victories and four losses.

McPherson's single touchdown came in the first quarter when quarterback Junior Smith connected on a 63 yard pass to end Gene Nilson. The extra point attempt failed.

The Wildcats tallied twice in the first period, once on a one yard smash by halfback Perry, and the other touchdown came on a pass from quarterback Jarrett to Wyrich.

Baker scored in the second quarter on a pass of 20 yards

from Jarrett to halfback Chase. A good defensive battle occurred in the third period of play with neither team managing to score.

The Wildcats scored two touchdowns and a field goal in the final period of play. The first score came on a pass from Jarrett to Bowerman, then line-man Frew picked up a McPherson fumble and raced 40 yards for a score.

McPherson's defense held Baker's final drive, and the Wildcats had to settle for a field goal by Barnett.

The Bulldogs staged a last minute rally when reserve quarterback Hal Wright passed to Tom Worthing inches short of Baker's goal line when time ran out.

Concerning the game Coach Sid Smith stated, "Baker was ready because the previous week C of E beat them 35-0, and we just caught them on the rebound."

Smith also indicated that Baker had a strong team because they are leading the KCAC in defense.

The Bulldogs' mentor said, "If Fred Teeter had gone all the way on the intercepted pass, it could have been a turning point in the game. We were in scoring territory twice and couldn't take advantage of it."

## Bowling

# Pin Boost Marks Teams In Bowling

"Improvement" was the key word during the week of Oct. 16-22 for the intramural bowling teams.

The Townies continue to lead the pack with a total count of 7247 pins, over last week's total of 5409 pins. The Red Bonnets are holding on to second place with a total of 6890 pins.

Close behind, in third place, are the Super Balls, whose total is 6891 pins. They are in the third slot because their percentage was .500, compared to the Red Bonnets percentage of .688.

The Turn Onns took over fourth place, knocking the Jokers into fifth place. In the last position are the No Shows, who have been showing improvement.

Team high series goes to the Red Bonnets, who had a total of 1876 pins. They were followed by the Townies and Jokers, who had 1839 and 1767 pins, respectively.

Terry Wokaty had the high individual series with a total of 510 pins. Butch Duske followed with a 509 and Pete Kaiser had a 506 series.

# Choir to Lend Light Touch

"Baubles, Bangles, and Bombs," a dramatic recital directed by Loren Reyher, assistant professor in English and theater, will be presented to-morrow night at 8:15 p.m. in Brown Auditorium.

"A new and unique experience in interpretive reading," according to Prof. Reyher, the recital utilizes a speech choir in alternate selections with soloists, duets and trios.

Somewhat different from offerings in years past, this recital will place emphasis on the lighter humorous poetry, the ballad and the limerick.

Another tentative portion of the program will be devoted to recall as the choir presents, "The Wall Street Ballet," an interpretive sequence based upon the 1920's. It includes not only a rhythmic pattern, but also will revive dances popular during that period such as the Charleston and the Blackbottom.

Admission to the recital is free, and the public is invited to attend. Prof. Reyher expresses the purpose of the recital when he says, "It is hoped that interest in projects of this nature will stimulate further projects utilizing interpretive reading and the enlargement of speech choir."

Participants in the speech choir are Marge Keck, sr., McPherson; Marilyn Smith, soph, Cedaridge, Colo.; Peggy Slater,

soph, Denver; Julie Standifer, sr, Worthington, Minn.;

Carole Mullendore, jr, Hagarstown, Md.; Pat Greenway, jr, Indianapolis; Linda Kurtz, sr, McLouth; Dale Neal, sr, Panorama, Iowa; Neal Lundquist, soph, Denver; Merv Penner, sr, McPherson; Marlin Hoover, soph, Rocky Ford, Colo.;

Ron Cassidente, sr, Denver; Mike Loveless, fr, Hyattsville, Md.; Rusty Birchard, soph, McPherson; Art Campbell, jr, Green Mountain, Iowa; and Alan Cable, sr, Syracuse, Ind.

## Coffee House Opens Following Recital

Following the dramatic recital, a coffee house will open from 9-11 in Arnold Hall basement. The theme is "Why?"

MCY is sponsoring the event, expected to include folk singing. The committee in charge will announce further details later.

## Cheerleaders To Be Selected For Contest

One of the five A-String cheerleaders will be selected by local judges to represent McPherson College in the Miss Cheerleader USA Contest, at Cypress Garden, Fla.

A black and white photo of the winning cheerleader will be sent to national judges where it will be compared with photos of cheerleaders from colleges throughout the country.

Five finalists will be selected Dec. 3 and the final contest will be held Dec. 29.

The five sophomore cheerleaders are Connie Dale, Auburn, Wash.; Linda Smith, Concordia; Lynda Beavers, Carleton, Neb.; Jody Duffy, Abilene; and Priscilla Zigler, Brookville, Ohio.

The representative will be selected Thursday morning in lieu of convocations. The five young women will cheer individually and together before the local judges and students who wish to attend the tryouts.

Judges will announce the results afterwards.

# Ghost Haunts Businessman In Lab Play

An ineffectual ghost joins

forces with a hen-pecked husband in "A Ghost Named Henry," scheduled for laboratory theater production on Nov. 1 in Brown Auditorium.

"It's a typical ghost story, about an American family, in a Scottish castle, written by a man named Howard Wang," commented Merv Penner, jr, Olathe, director of the production.

"I chose a comedy," he continued, "because theater should be varied, and Cassidente's 'Gideon' was a very serious production."

Set design plans include illusory walls, through which Henry can move freely, and special attention will be given to make blood stains visible in four directions.

Other laboratory theater productions are planned for Nov. 13, 29 and Dec. 13. All lab theater plays are given "in the round" in Brown Auditorium.

# Debate Bursts Into Action

By Ken Van Blaricum  
McPherson College debaters will burst into their first competitive rounds this year at Kearney, Neb., Nov. 4-5, according to Mrs. Leland Moore, assistant professor in speech and English and debate coach.

Besides working on individual speeches, the debaters have already held practice debates on the question, which deals with the thorny problems of U. S. foreign aid commitments.

"The topic really deals with the possibilities of changing the scope and emphasis of any or all government aid programs," explained one debater, "so arguments are most endless, considering the area encompassed by the question."

New debaters donating their

# History of College Reveals Change in Students, Campus

McPherson College history began Aug. 23, 1887, when it was announced that McPherson had been selected for the site of a Church of the Brethren College in Kansas.

Four years of planning had preceded that decision. Fourteen proposed locations were visited, but the five-man committee discovered six reasons to vote for McPherson.

McPherson offered to donate a 10 acre campus and sell lots to raise \$56,000 for the college. In addition, a good water supply, central location, good railroads and a group of Brethren nearby were assets to this area.

The name selected for the institution was McPherson College and Industrial Institute. Ground was broken for the first building, Fahnestock Hall, Oct. 19, 1887. Fahnestock was to accommodate both men and women students and contained classrooms, chapel and recreation parlors.

Until Jan. 1, 1888, a free railroad pass from any point west of Chicago was offered to any donor of \$300 in order to attract attention and sell lots. A \$500 donation brought a ticket

from any U. S. location, and double these amounts provided a return ticket.

The first term at M. C. & I. I. began Sept. 5, 1888, with 70 students and 7 faculty. The first president was S. Z. Sharp.

These first students were required to obtain special presidential permission before they could "ride, walk or play together"; "visit the cemetery"; have visitors, or go to the city.

In addition, Brethren students were to conform to the orders of the Church in dress and hair

style. Non-members of the Church were to dress plainly and display no jewelry.

The name McPherson College was adopted on Feb. 12, 1888, and Sharp Administration Hall was completed that year.

Carnegie Library was added in 1906, an auditorium-gymnasium in 1911, and Arnold Hall in 1917.

Growth was rapid after that time. The college now has 21 buildings, serves a 15 - state Church territory, and has students from all over the world.

## Edwards Will Open Three Day Convention

Robert Edwards, assistant professor of piano and organ, and Paule Feeney, duo pianists, will present the opening concert when music students and instructors from most Kansas colleges gather in Wichita Oct. 30 for the annual convention of the Kansas Music Teachers Association.

The three-day convention will be held on the campus of Friends University in the new fine arts building.

The featured composition of the Edwards - Feeney performance will be the "Aria and Toccata" for two pianos by Norman Dello Joio.

Also appearing in this concert will be the winners of the student piano competition, the Friends University Singing Quakers and the Wichita State University Symphony Orchestra. There will be an admission charge of \$1 for the concert. Featured attraction at the convention will be guest lecturer, Norman Dello Joio, noted Pul-

itzer Prize winning composer from New York.

Dello Joio is perhaps best known as the composer of the soundtrack for "Air Power," a recent television series about the role of aircraft in World War II.

In 1957, Joio was awarded the Pulitzer Prize in music for the composition "Meditations on Ecclesiastes." Much of the composer's newer music will be performed during the KMTA meeting.

The general theme of the convocation will be the evaluation and performance of contemporary music.

All meetings and concerts during the three-day session are open to any Kansas college student. The student registration fee is \$2.

## Wall Exhibits Oil Paintings

Oil Paintings by Eloise Wall, a former student at McPherson public schools, will be on exhibit in Friendship Hall through Oct. 30.

Miss Wall graduated from Kansas State Teachers College, Emporia, in 1964. From 1964-1966, she taught Girls Physical Education in the Clay County Community High School, where she introduced and trained a gymnastics group which gave several exhibitions.

Most of Miss Wall's painting was done in connection with an evening art class taught by Gary Ball of the Clay County Community High School faculty.

A glass paper weight collection, loaned by Mr. and Mrs. C. P. Greenough of Lindsborg, will be on exhibit in Friendship Hall until Nov. 8.
