McPHERSON COLLEGE, McPHERSON, KANSAS, TUESDAY, SEPT. 24, 1929

NUMBER 2

## COLLEGE "PEP" BAND BEST IN CONFERENCE

Band Is Under The Direction Of Max Conner

### TWENTY-FIVE PIECE BAND

Meets Every Tuesday Afternoon For Practice In Chapel

Monday, Sept. 23—The college "pep" band, under the personal direction of Max Conner, is making wonderful strides in producing a group of music makers that will be second to none in the Kansas conference this season.

The band will be composed of twenty-five pieces, experienced members and comparatively few inexperienced players.

Mr. Conner stated this morning that he is going to instruct the band in field marches and drills and will present them at the football games.

"If we can just get the members out to practice each week I am sure we can produce a band that the college will be proud to have", stated Mr. Conner.

The band meets every Tuesday afternoon at four-thirty in the chapel for practice.

At the close of each game the band will play "All Hail To Thee" and every loyal student is expected to remain and sing the closing song.

The "pep" band constitutes the following students: Harold Flisk, John Berkebile, Vernon Fleming, Dolores Kelly, Carroll Walker, Ernest Watkins, Francis Falkenrich, Posay Jamison, Lucille Crab, Clarence Nesley, Vernon Spillman, Milton Goring, Floyd Peterson, Raymond Peterson, John Waggoner, Max Conner (director), Herbert Hoffman, Elmer Fitch, Albert Hayer, Marvella Mandel, Olive Hall, Norris Nelson, Billy Grant, Edgar Brough, Hesse Holt.

## JUNIORS DECIDE FINANCIAL BUDGET

Budget Calls For Thirteen Dollar Dues

Fri., Sept. 20—The Junior class met for the second time this school year this morning and passed upon the financial budget proposed by the class treasurer, Vernon Gustafson. The budget calls for \$13.00 dues from each member for the coming year.

A committee was appointed to make arrangements for a social entertainment of some nature to be employed in the near future.

## MEN'S BIBLE CLASS TO GIVE BANQUET

The Men's Bible Class of the Church of the Brethren will be hosts to the college freshmen and sophomore men's Sunday School class Thursday evening, September 26, 6:45, in the parlors of the Brethren Church.

## VESPER SERVICE THURSDAY EVENING

Prof. Heckman Leads The Discussion

Thurs., Sept. 19—A very impressive vesper and worship service was held Thursday evening in the Y. W. C. A. room. The meeting was held in preparation for the coming of "Dad" Elliott on Friday.

Professor Heckman, head of the religious education department, led the devotion and gave a short talk on prayer, its meaning and value. Prayer is a good part of Christian religion, yet its meaning is vague. We need to follow the example of prayer which our Master set before His disciples, according to Mr. Heckman.

There was a good attendance at this service which shows that the students on the campus are vitally interested in the better things of life.

## FIRST "PEP" MEETING IS HELD IN GYMNASIUM

The Resurrection Of "Pep" Is Theme Of Lively Roster

Gym., Thurs., Sept. 19—"Pep" died and on the third month he arose. "Pep" had been in the tomb since last spring when he died of neglect, but his resurrection here this morning was complete.

A motley array of pall-bearers carrying the casket escorted Reverend Lehman into the gymnasium. They were in tears. Reverend Lehman read the obituary and was just wishing that "Pep" could be alive to see the Bulldogs triumph over the "Beesies" when the professional mourners let out such a wail as to actually arouse the dead "Pep".

"Pep", in the person of Guy Hayes and "Casey" Vornan, arose from the dead, jumped out of the casket, and led the blinking congregation in a few yells and songs.

## DR. HERSHEY SPEAKS TO WICHITA SOCIETY

Explains His Experiments With Artificial Diamonds

Lectures To Wichita Division American Chemical Society

Wichita, Wed., Sept. 18—Dr. J. Willard Hershey spoke before the Wichita division of the American Chemical Society at their monthly meeting in the Inman Tea Room this evening describing his recent experiments in the production of synthetic diamonds.

The latter part of the program was given over to Dr. Hershey. Lustrous slides were shown picturing the diamond that is the largest artificially made diamond in the world. Films, made during the summer in the McPherson laboratories, were shown that gave a vivid picture of his experiments.

After Dr. Hershey had completed his lecture the members of the society, numbering about one hundred, were given the opportunity to see the diamond through a microscope.

Robert E. Packer, '29, who helped Dr. Hershey in his experiments with diamonds, and Howard Sauer, '27, were present at the meeting. Both Packer and Sauer are former students of Dr. Hershey and are now chemists in Wichita.

Dr. Hershey was accompanied by two of his assistants, Daniel P. Johnson and Ross Curtis.

## YE YO YO

The Ye-Yo is a queer animal. It makes its habitat in various and sundry places such as thorn cacti, or thistles, or zeology, or house plants, or manual training, to say nothing of the library. Everyone carries a Ye-Yo—from the freshman to the senior. It takes about a day before the manipulation can be made expertly. But then, everything takes time, you know.

The dear little toy has its good qualities. It helps while away many a life hour which would hang heavily on one's hands otherwise while he is waiting for a class to convene. It develops dexterity in the movement of the hand. One may become quite graceful at times. In cases if you don't know the answer in a question, just gently manipulate the Ye-Yo out into empty space once or twice and let where there was once an empty space is now filled.

## NOTICE

The next issue of the SPECTATOR will be a six page Annual Edition and will be issued October first.

## NOTED SPEAKER COMING TO McPHERSON CAMPUS

Monday, Sept. 23—It was made known today at the office of the Dean that Dr. L. Lincoln Witt, Western Secretary of the National Council for the Prevention of War, would speak to the student body in chapel on the morning of October 21.

Dean R. E. Moller became acquainted with Dr. Witt this summer while in Mexico and recommends him very highly. Dr. Witt was a member of the group of people with whom Dean Moller was contacted.

Positions held by Dr. Witt in the past few years distinguish him as a man of note. He has been United States director of Education in Mexico; Captain of the American Red Cross in France during the recent war, and International Commissioner of the Near East Relief. He worked with William J. Bryan several years on the platform.

"He is a powerful orator," stated Dean Moller, who bears him lecture a number of times this summer in Mexico. Just what the nature of his talk will be is not known but it will probably be some phase of the Peace question.

## FORMER STUDENT ON K. U. DAILY STAFF

Mr. Lawrence Mann of Hutchinson, a former student of McPherson College and a member of the Executive staff of 1927-28 is managing editor of the University Daily Kansan of the University of Kansas. This position is one of responsibility on the University daily.

## "M" CLUB INITIATES TWO NEW MEMBERS

Wed., Sept. 18—The "M" Club met soon after dinner today and voted to initiate two members who had not taken the pledge of one "opal" from each old member. "Red" King and Ernest Bell are now full pledged members.

## COMING EVENTS

Thursday, September 26—K. U. Banquet for all open at 6:45  
Friday, September 27—Faculty picnic 4 P. M.  
Saturday, September 28—Freshman-Senior Kid party.

## SENIORS MEET AND DISCUSS "KID" PARTY

Plans To Be Given In The Gymnasium

Friday, Sept. 20—Next Saturday evening will mark the beginning of social events for the senior class when it acts as host to the freshmen at a "kid" party in the Alumni Gymnasium, according to plans made at the first class meeting held last Friday morning.

Other business attended to consisted principally of the appointment of committees by the president, Rush Holloway, for selecting commencement invitations, making a class budget, securing a commencement sponsor, and selecting the class play.

## "DAD" ELLIOTT HEAVES CHALLENGE TO STUDENTS

The Problem Of Youth Today Is That Of Their Elders, He Stated

### GRIDIRON ILLUSTRATIONS

If Youth Is In A Bad Way It Is Because The Elders Are More In Love With A Bad Way

Friday, Sept. 20—"Dad" Elliott, eminent Y. M. worker and speaker, struck a vital note when he chose to discuss the problem of properly adjusted loyalty which is facing the youth of today. In his afternoon address he pointed out ways by which the student may come into a "full-fledged life".

"Dad" says, "The problem of youth of today is that of their elders, for youth is the product of the environment created by its elders; and if youth is in a bad way it is because the elders are more or less in a bad way".

College youth, he declared, for the last two generations have received just enough education to upset them but not enough to enable them to think their way through to realities.

But now, according to the speaker, the moral and spiritual tide is in and the burning question before the college student is, "What implications are there for me in the fact that God is like Jesus and that Christ's life exemplifies the ideal relationship between man and his fellow man?"

In his afternoon address "Dad" used football terms and football analogy to point students toward the Jesus way of living. In the first place, one must join the squad, then he must accept his position to get first thought first. He must then put himself, without reserve, under the direction of the Coach. He must learn the rules of the game from the Book, the Coach and from older players. And finally, he must play the game.

## "M" CLUB SPONSORS NEW YELL CONTEST

Three McPherson College Emblems Offered As Prizes

NONKEN STRESSES NEED

BU-1-8738

Tuesday Sept. 24—Officials of the "M" Club, stated early this morning that to claim only a few new yells have been entered. They further stated that more were expected.

Gym., Thurs., Sept. 19—Ray Nonken, president of the "M" Club, announced at the close of the "pep" meeting this morning that his organization was offering three emblems to represent first, second, and third prizes for the best "pep" yell or song offered by students.

Mr. Nonken stressed the need of new yells and songs to stimulate a greater intensity of the Bulldog "spirit". The emblem that is to represent first prize is a Bull-dog emblem of red and white with the college seal in leather. It is about sixteen inches wide and three feet long and made of felt. The other two emblems are in the form of pennants.

The yells and songs that are selected will be published in the SPECTATOR as soon as they are known.

## FRESHMEN-SENIOR "KID" PARTY SATURDAY EVENING

Monday, Sept. 23—Rush Holloway, president of the senior class, announced this morning that the annual Freshmen-Senior Kid party would be held in the gymnasium Saturday evening, September 28.

Both seniors and freshmen are to be dressed in an apparel that will suggest a sense of modern youth in its youngest stages of development. The freshmen are urged to attend for it promises to be a gala affair.

## NEW STUDENTS INFORMED OF PURPOSE OF Y. W.

A Varied Program Is Offered At First Weekly Meeting Of Y. W.

Tues., Sept. 17—For the purpose of informing new students of the mission of the Young Women's Christian Association the theme of the first weekly program this morning centered about the purpose of the organization.

A talk, music, and readings were featured in the program. As the girls gathered in the Y. W. C. A. room, Harriet Hopkins played an organ piece after which the group sang "I Would Be True".

Harriet Peterson, acting as leader, read for devotions "There are Two Seas", by Bruce Barton. Miss Della Lehman, one of the organization's address, then gave a group of poems, "A Little For My Way", by Gilliam, "What I Live For", by Banks, and "To Know All Is to Forgive All".

Ruth Blakenhoff, president of the Y. W. C. A., then spoke of the purpose and place of the association in the life of the college student.

This was followed by a vocal solo, "I Heard You Ho Ho", by Sylvia Edgerworth, after which the group was dismissed with the benediction.

## DR. HARNLY BREAKS HIS CUSTOMARY CHAPEL SPEECH

Monday, Sept. 23—Dr. Harnly, vice-president of the college, addressed the students in chapel this morning.

Contrary to his established custom he did not read someone else's, but spoke on "Abiding, Enduring, Satisfaction". Among those mentioned were kindness, sacrifice, motherhood, cheer. An abiding satisfaction can be experienced in thoughtfulness for our parents during our absence.

### NINETY-ONE PER CENT OF GRADUATES TEACHING

This Is A Distinct Compliment To McPherson College

FEW CAN BOAST SUCH RECORD

Some Are Teaching In The Largest School Systems In The Country

According to records of the college registrar, J. A. Blair, 91 per cent of students graduated here last year hold responsible positions in public schools throughout the middle west this season. This fact is a distinct compliment to McPherson College.

Many of these alumni are teaching in some of the largest school systems in the country. Mr. Leo Duke holds a responsible position in the largest high school in Cincinnati, Ohio. Others who are teaching in some of the larger systems are located in McPherson, Kansas, Marion, Kansas, Hays, Kansas, Ellsworth, Kansas, Pueblo, Colorado and Phillipsburg, Kansas.

It is said that few Kansas colleges can boast of such a record as this. Statistics of the state board of education show that only a small per cent of college graduates actually receive the teaching position to which they aspire.

A list of last years graduates who hold teaching positions, and where these students are teaching is given below:

- Lena Beaver, Cedar Rapids, Iowa;
- Ruth Bish, Pueblo, Colorado; Chester Bishop, La Harp, Kansas; Archie Bickenstaff, Little River, Kansas;
- Ralph Bowers, Phillipsburg, Kansas;
- Arjan Brigham, Sylvia Grove, Kansas;
- Floy Brown, Ellinwood, Kansas;
- Theima Budge, Gypsum, Kansas;
- Vera Cade, Abvville, Kansas; Elsie Cressman, Sylvia, Kansas; Iva Crumacker, Windom, Kansas; Lois Dell, Windom, Kansas; Margaret Devillias, Lost Springs, Kansas; Leo Duke Cincinnati, Ohio; Kathryn Egan, Hays, Kansas; Esther Freeborn, Camden Point, Missouri; Fern Galle, Leudon, Kansas; Clara Graebner, Macksville, Kansas; G. Galle, Mount ridge, Kansas; Ruth Heibert, Kanapolls, Kansas; Ruth Hoffman, McPherson, Kansas; Lela Hultquist, McPherson, Kansas; Ida Kingsley, Roxbury, Kansas; Merna Knuffman, Nashville, Kansas; Melda Mohler, Roxbury, Kansas; Norma Miller, Lehigh, Kansas; Ariene Ostlund, McPherson, Kansas; Marie Reimer, Canton, Kansas; Merida Mae Shatto, Langdon, Kansas; Fern Shoemaker, Little River, Kansas; M. O. Steffen, Otis, Kansas; Ernest Toland, Durham, Kansas; Phillip Spohn, Quinter, Kansas; D. L. Miller, Windom, Kansas; Eunice Longsdorf, Ellsworth, Kansas; Mildred Libby, Geneseo, Kansas; Ralph Landis, Jameson, Kansas; Frances Berkeley, Marion, Kansas; E. E. Geeslin, Cement, Kansas.

Of this group 27 are women and 13 are men. Thus far these teachers are meeting with success in their work. Although the percentage of successful applicants for school positions has increased each year, it is probable that this year's list is larger than any before.

### "DAD" ELLIOTT MEETS WITH "Y" CABINETS

Campus Problems Are Talked Over

Friday, Sept. 20—Challenging hearers to think more deeply and act. "Dad" Elliott led a discussion group this evening composed of the cabinet members of the two "Y" organizations. During the course of the evening a luncheon was served.

Pithy questions which called forth the expression of individual thoughts challenged each one present.

"Why are you in college? What are the situations here in school that determine the attitudes of students?" he asked.

Answers indicating the student opinion of the constructive and destructive forces on the campus aroused thought and discussion and each member of the group contributed his and her ideas.

The characteristics of a leader were then considered and offered as

a criterion for good leadership. During a brief intermission each cabinet member was asked to formulate the points of a purpose for a Christian student organization. After these were read and discussed the instruments or methods used in attaining the desired goals were considered.

Among the most important mentioned were: the discovery of Jesus' way of living, a search for truth, taking time to know God, prayer, formulating a basis for morals, and not only the discovery of truth but the adaptation.

"Anything which is injurious to the species is immoral whether the community has disapproved of it or not," according to Elliott.

During the course of the evening a luncheon consisting of vegetable sandwiches, tomato salad, sliced ham, sweet pickles, potato chips, fruit cake, and hot chocolate was served.

### PLANS FOR YEAR ARE DISCUSSED IN W. A. A.

Twenty-five Full Pledged Members Constitute The W. A. A. This Fall

Tues. Sept. 17—General plans for the program of activities to be sponsored by the Women's Athletic Association during the coming year were discussed last evening at that organization's first meeting.

Athletic events, social functions, and offices were briefly considered.

A revised set of health rules was presented to the members for their approval. By this new plan, which was adopted by the group, it will be possible for any girl to receive credit for each rule she keeps regardless of the others.

As there was a vacancy in the office of stunt manager, Florence Weaver was elected to that position. After some discussion regarding the adoption of a standard W. A. A. cap the group decided negatively. Short talks on "Training Rules"

# SPORTS

## BULLDOGS PLAY KEARNEY FRIDAY. PROSPECTS GOOD

Coch Gardner will leave Thursday noon, with a squad of Bulldog grid stars for Kearney, Nebraska, where they will open their 1929 football season against the State Teachers at that place on Friday afternoon.

The Bulldog grid machine is working fine this year. Scrimmage started early last week and each evening finds the team working more smoothly. The Nebraska game is being played for the purpose of detecting the weak places in the team when it is under fire and in determining the best working combinations of players as well as to more nearly perfect the performance of the players before the opening conference game at Lincoln next Friday (October 1).

The Bulldog football team this year seems to be a great improvement over that of previous years. The line is much better, both for weight and speed, and the backfield is going to be much better than it at first promised to be.

While prospects for the Bulldogs seem bright in the light that competitive schools have reported gloomy prospects, it is naive to predict a winning season for the Cadets.

### AND SO—GOOD-BYE!

A little work, a little play  
To keep us going—and so, good-bye!

A little warmth, a little light  
Of love's bestowing—and so, good-bye!

A little fun, to match the sorrow  
Of each day's growing—and so, good-bye!

A little trust that when we die  
We reap our sowing—and so, good-bye!

—George du Maurier.

"I am very slow at using the typewriter."

"Do you use the Hunt and Peck method?"

"No, I type by a slower method than that. I use the Columbus system."

"What is that? I never heard of it before."

"It is a method by which, after you have decided what letter you want to use, you discover it and land on it."

Freshmen stood on the burning deck,  
But as far as I could hear,  
They stood in perfect safety,  
They were too green to burn.

A hairy man has four-wheel brakes.  
A billy goat has bumpers.  
The rabbit has just what it takes  
To make those piddle jumpers.  
The camel never have tired feet,  
And always carry what they eat.  
But I don't think anything can beat  
The kangaroo with his rumbie seat.

## MEN MAKE RULES FOR DORMITORY

Thurs., Sept. 18—At a mass meeting of all the dormitory men in the chapel this evening rules were made governing study hours and privileges with musical instruments.

The study hours agreed upon were from 8:00 to 12:30 in the morning; from 1:30 to 5:30 in the afternoon, and from 7:30 to 10:00 in the evening.

Musical instruments and portables may be played in the afternoon but in the evening from 10:00 till 10:30 only portables may be played. After ten-thirty in the evening musical instruments are not to be heard.

## SOCIAL WORKER SPEAKS IN CHAPEL

Monday, Sept. 16.—Miss Marie Youngberg, a postgraduate student at Columbia University, addressed the students in chapel this morning. She spoke on "Modern Social Work". She will receive her Master's degree this spring. During the past summer she has been studying rural work in McPherson County.

Miss Youngberg stated that "so-

cial welfare is a profession and cannot be properly handled through volunteer work. A great deal of scientific knowledge is necessary, for preventing social ills is more economical but more difficult."

Several interesting accounts of incidents in which Miss Youngberg helped were given. The girls were especially interested in the information given concerning the Polish girls' love letters.

## THE VALUE OF THE 'Y' ON THE COLLEGE CAMPUS

Large Group Of Men Attend First Meeting Of Y. M.

Thurs., Sept. 17—The first weekly Y. M. C. A. meeting of the year was held in chapel at ten o'clock this morning.

Deviations were in charge of Mr. Ha Hoover and were concerned with the necessity for making right choices.

Mr. Heckman spoke to the group telling something of what the "Y" organization means on the campus. He offered the support of the faculty is helping to make the organization effective. He offered the new men and the old as well a fellowship in an organization whose aim is to develop the individual for Christian service.

The first meeting was attended by a large number of men. Their continued interest should make possible a very effective organization during the coming months.
