

Cantaurus

Journal of McPherson College Science

Volume 5 May 1997

Dwight Abbey		A Field Scale Evaluation of a Genetically Engineered Corn Hybrid Resistant to European Corn Borer	2-5
Hubert Freeman		The Difference Between Heat and CO ₂ Measurements of Metabolic Rates in Mice	6-8
Jackie Huen		The Effects of Vitamin E on the Longevity of <i>Drosophila melanogaster</i>	9-11
Kerri Kobbeman	☺	The Effects of Mycorrhizal Suppression on Tallgrass Prairie Forbs	12-17
Chris Kunz		Bayesian Inversion of Gamma Spectra	18-27
Eli Makings		Factors Influencing Meadowlark Nest Site Selection	28-30
Shawn McGowan		The Effect of Hydrocarbons on the Growth and Germination Patterns of the Plant <i>Brassica rapa</i>	31-35
Rod Samuelson	☺	Heterotrophic Dominance Observed Among the Microorganisms Of the Schermerhorn Park Cave In Cherokee County, Kansas	36-40
Tye Spillum		Detection and Concentration of Gasoline and Diesel 1 Hazardous Air Pollutants in Some Typical Refining Products	41-42
Shelley Ware		The Effects of NaCl on the Germination of <i>Brassica rapa</i> and <i>Atriplex patula</i>	43-46
	☺	Research Awards in the Natural Sciences	47
		Cumulative Index, Volumes 1-5	48-49

Cover: The artwork on the cover is an original pen and ink drawing by Lisa Lloyd, a senior biology major at McPherson College. The quotation is taken from Wendell Berry's essay, *The Loss of the University*, (p. 82 in *Home Economics*, North Point Press, 1987) in which he references the book *Samuel Johnson*, by W. Jackson Bate (Harcourt Brace Jovanovich, 1977, p. 51) as follows: "Dr. Johnson told Mrs. Thrale that his cousin, Cornelius Ford, 'advised him to study the Principles of every thing, that a general Acquaintance with Life might be the Consequence of his Enquiries - Learn said he the leading Precognita of all things ... grasp the Trunk hard only, and you will shake all the Branches.'"

Cantaurus is an official publication of the Division of Science and Technology, McPherson College, McPherson, KS. The purpose of this journal is to publish the results of original research conducted by students majoring in the biological and physical sciences at McPherson College. The research published herein represents partial fulfillment of the requirements for the B.S. degree at McPherson College.

The **Southwestern Bell Foundation** is gratefully recognized for its support of excellence in higher education, and specifically for a grant to McPherson College for the purchase of the computer hardware and software which made this publication possible.

Midwest Oilseeds, of Adel, Iowa is gratefully recognized for its generous financial support of student research at McPherson College. Harry H. Stine, class of '63, is President and CEO of Midwest Oilseeds.
